Read I Am A Quadrillionarire Chapter 2546

I am a quadrillionarire chapter 2546-Once covered by the Black Tortoise Shield, Lufian would not be able to do anything.

Sylvio was afraid that Lufian would escape early. If he did, a big battle would be inevitable if Sylvio wanted to subdue him at that time.

Sylvio did not want to fight Lufian right now.

He wanted to save his energy for the Robotias and the Soul Devourers!

"Lufian, I won't refine you for the time being. You should reflect while you're there. I will release you when you realize your mistake. Don't blame me for refining your soul if you are still stubborn." Sylvio faced the Black Tortoise Shield and said loudly.

"Sylvio, will you tell me about Elora if I can break out of here?" Lufian's voice came from the Black Tortoise Shield.

The Black Tortoise Shield was one of Sylvio's most powerful weapons and, of course, Lufian knew about it.

The reason why he did not hide was that he wanted to crush Sylvio's confidence head-on and get Elora's whereabouts.

At the end of the day, Lufian did not want to hurt Sylvio as he was his guide after all.

However, if he had to choose between Sylvio and Elora, Lufian would choose Elora without hesitation.

There was nothing more important than Elora in his heart.

"You still want to come out? Don't even think about it! I have shown you this shield before. No enemy trapped by it can escape. Even the Stark's master, the previous Soul Devourer Overlord, could not escape after he was trapped by me."

"Just because others can't, it doesn't mean I can't. Sylvio, I just want to hear from you. Will you tell me where Elora is if I come out?"

Upon hearing how confident Lufian was, Sylvio suddenly felt that maybe this Black Tortoise Shield could not trap Lufian.

Was this possible?

Maybe!

After all, even Stark could avoid Zwei Arithmetics which could see through everything in the universe.

Was there anything impossible anymore?

"No! I can't tell you where she is. It's for her and your good!" Sylvio shook his head and rejected Lufian.

"You don't agree?" Lufian asked through gritted teeth.

"Just give up! I won't tell you no matter what!"

After receiving Sylvio's affirmative answer, Lufian went berserk. He roared, "Why? What's the reason? Sylvio, tell me, is Elora dead? No! I can feel that she is still alive, but I can't sense where she is!"

"There is no reason! I can only say that Elora is safe. It won't be good for both of you if you go to see her now! So I can't tell you," Sylvio said helplessly.

Of course, he wanted the two of them to end up together.

If anyone in this universe could restrain Lufian, there was no doubt that it was Elora.

Unfortunately, humans were fortune's fools.

Lufian's companionship of countless years was nothing compared to a short few years with a predestined person.

This was life.

Sylvio really wanted to meet the person who gave him the backlash from his Zwei Arithmetics and captured Elora's heart in just a few years.

Lufian stood inside the Black Tortoise Shield, surrounded by countless mysterious runes.

Clenching his hands tightly, his eyes turned blood red.

A terrifying energy was brewing inside of him.

He had tried his best to resolve the matter peacefully. He did not want to show his Heavenly Overlord's strength and fight Sylvio.

However, Sylvio refused to tell him where Elora was.

If this was how it was going to be, he would just use his way.

Although he did not want to, it was all worth it if he could find Elora.

Lufian looked at the dense runes around him and said slowly, "Sylvio, you forced me to do this. I will kill anyone who dares to stop me from looking for Elora! From now on, I will be the ruler of Leila and all creatures will crouch at my feet. Those who obey me will prosper, and those who oppose me will perish!"

Terrifying energy flowed from Lufian's body.

The once invincible mysterious runes shrank away when encountering this energy. They did not dare to touch it.
