I am a quadrillionaire chapter 2574-There was a small gap in the egg's body.

The red beam that penetrated Lufian's chest came from the gap.

"So this is your true form?" Lufian gritted his teeth as he endured the intense pain and spoke.

"Lufian, I told you, you've destroyed everything I had accumulated, so today, I will make you pay the price. From now on, I won't stop until one of us is dead!" Mother's angry voice came from the egg.

"Haha! It's just an egg, but you shamelessly want me to pay the price? You won't stop until one of us is dead? You? How ridiculous! I will break your eggshell and see what the hell you are!"

Even though he said this, Lufian was still very wary.

The light was so fast that it penetrated his body in just an instant.

He did not even have time to react, let alone dodge it.

"Really? Lufian, listen, this is the treasure my master gave me when he left. Now that I have used it, let me show you its full power. I also want you to know the great Almighty's method! This is not something a Heavenly Overlord like you can fathom!"

Woosh!

Immediately, five more gaps appeared on the cracked egg.

Red rays shot out of each gap.

Before Lufian had time to dodge them, they wrapped tightly around his limbs and neck, immobilizing him.

So far, there were six gaps in the egg.

It shot out six red rays, firmly controlling Lufian.

Lufian tried to escape but found that he could not.

Even with all his Heavenly Overlord strength, he could only move slowly.

His speed was no different from that of a turtle.

'How is this possible?' Lufian wondered.

He started to panic a bit.

Restricted in movement during battle, he was a living target that was unable to put up any resistance.

He had no idea what these red rays were made of. They were extremely soft, yet full of penetrating power.

This was the first time he encountered this strange combat method, so Lufian could not find a way to fight against it.

Thinking back to what the other party said, he remembered that this thing was left behind by the great Almighty.

Therefore, he was suddenly shocked.

'Does Mother truly have a great Almighty master?' Lufian wondered.

"Lufian, how is my master's treasure?" Mother asked proudly.

"Just so-so! The great Almighty's treasure is just so-so!" Lufian replied forcefully.

However, he was horrified on the inside.

He was trying to think of a solution.

He could not let Mother control him like this, otherwise, he would be passive and would only be beaten.

"Really? Let's see how stubborn you can be!"

After saying that, another gap appeared in the egg.

Woosh!

A red light shot out.

Yet, this time, it did not attack Lufian immediately but stopped in front of his forehead.

If it moved slightly forward, it would pierce Lufian's head.

"How about now?" Mother asked, sounding very vengeful.

Realizing that Lufian had not exerted his full strength and was just teasing it, it decided to repay him in the same manner.

Instead of taking action right away, it would make Lufian feel what it was like to be dominated by fear.

Lufian looked at the red light in front of him. His eyes were wide open and cold sweat drenched his insides.

This red light was too fast and seemed to disregard both time and space.

Lufian didn't even have time to react.

Even without being bound, he wouldn't have been able to evade it, more so given that he was now tied.

Perhaps only the legendary great Almighty could possess such terrifying means.

Although being pierced through the head would not kill Lufian, it could still injure him.

Moreover, this red light had powerful destructive power.

Who could bear having many rays pierce their body countless times?

Faced with absolute disadvantage, Lufian was at a total loss in this unsolvable situation.
