

An understated Dominance – Dahlia and Dustin Chapter 1491

Chapter 1491

“Uncle, how to deal with this person, you decide.”

Abigail Robinson pointed to Owen Stratford, who was kneeling on the ground, with his chin, his eyes were looking like the dead.

At this time, Owen Stratford suddenly came back to his senses as if he had just woken up from a dream, and said in a panic: “Dustin...Dustin, don't kill me. I know I was wrong. I won't dare to do it anymore. I promise.” I will never be your enemy in the future, please spare my life!”

“Spare your life?”

Dustin snorted coldly: “You have plotted against me again and again, using all kinds of despicable methods. Now you still have the nerve to beg me for mercy? Do you think it is possible?”

Owen Stratford knelt on his knees, walked up to Dustin, grabbed Dustin's trousers with both hands, and cried: “Brother Rhys! Mr. Rhys! It's none of my business, I never thought of harming you, It's all Isabela's bitch, it's all her idea, I'm just following orders, please don't remember the villain's fault and treat me like a fart, right?”

“Isabela?”

Dustin narrowed his eyes slightly: “Tell me, did you assassinate me this time for revenge? Is there another purpose?”

Owen Stratford did not dare to hesitate and replied quickly: “Because of the Jade Dew Ointment incident, we suffered heavy losses, so Isabela proposed to kidnap you back and torture you to see if you can be forced to come up with other top-quality prescriptions, so that we can recover the losses and make a comeback. “

“This woman is really vicious. I helped her several times and even saved her life. However, she took revenge in various ways and drove me to the edge. If I were an ordinary person, I would have died without a burial place.” It is.”
Dustin said coldly.

“That’s right! This slut will repay her kindness with a heart of snakes and scorpions. I have long since disliked her!”

Owen Stratford nodded in agreement: “Mr. Rhys! As long as you let me live, I will be your dog from now on. I can help you deal with Isabela, and I will make this bitch pay the price she deserves!”

“Isabela is your fiancée, are you really willing to do it?” Dustin said meaningfully.

“What a bullshit fiancée! We are just a family marriage, there is no personal relationship at all. Besides, who would like such a femme fatale?” Owen Stratford complained.

If not for his father’s death order, he definitely would not be with Isabela.

“Since you are so sincere, I will give you a chance to make up for your mistakes.”

Dustin said calmly: “When I go back, send a message to the Torby Family from me. They must hand over the top-quality elixir I want within three days. Otherwise, I will destroy their family.”

“Okay, okay...I’ll definitely bring your message to them!” Owen Stratford nodded like garlic.

“Also, I don’t want anyone else to know what happened today, understand?” Dustin said condescendingly.

“Understood!” Owen Stratford nodded repeatedly.

“Okay, you can go now.” Dustin waved his hand.

“Thank you, Mr. Rhys!”

As if Owen Stratford had been pardoned, he Bow down and rubbing head on the ground a few times and ran out of the old house rolling and crawling.

With that appearance, he was obviously frightened.

“Uncle, he’s going to kill you, so you just let him go?” Abigail Robinson was a little surprised.

“It’s useful to keep this guy, let him live for a few more days first.” Dustin said lightly.

It was easy for him to kill Owen Stratford.

But after killing him, he will definitely receive crazy revenge from the Torby and Stratford families.

Although he is not afraid, it will be a little troublesome after all, and it will even affect the overall situation.

Therefore, he chose to deter.

Through Owen Stratford’s mouth, he spread fear, causing the Stratford Family to retreat and break with the Torby Family at the same time.

In this way, the Torby Family is isolated and helpless, and it is easier to deal with it.

“Okay, uncle, as long as you’re happy.” Abigail Robinson smiled sweetly.

An ant-like character, it doesn’t matter if he dies or not.

“Abigail, how long have you been in Stonia?” Dustin changed the subject.

“Just arrived.”

Abigail Robinson did not hide anything: “Recently, the mystical order has taken on a big business, and my grandma asked me to lead the team myself. Firstly, I can practice, and secondly, I can go out to have some fun and relax.”

Chapter 1492

“Oh? you need so many masters of the mystical order, it seems that this business is not easy.” Dustin was a little surprised.

Behind Abigail Robinson, there are several martial arts masters.

The rest are half-step masters.

Such a tyrannical force is extremely rare, enough to compete with the four royal families.

“It’s really not easy, because the person who ordered this order is...”

Abigail Robinson was about to speak, but was interrupted by an old man behind her: “Sorceress! This is an important secret of the Witchcraft Cult, and it must not be told to outsiders!”

“Um?”

Abigail Robinson glanced back, and the old man’s pupils shrank in fright, and goosebumps appeared: “I’ll say it again, this is my master, not an outsider. You’d better reorganize your language.”

“I know my mistake.”

The old man immediately lowered his head in fear.

“Abigail, forget it.”

Dustin shook his head: “Since it’s a secret, I won’t listen to it. I’m afraid of trouble. The more I know, the heavier the burden. Fortunately, it’s better not to know.”

“Well...okay then.”

Abigail Robinson smiled without forcing it.

Telling this secret would indeed bring some danger to Dustin.

“Uncle, I’m a little hungry, can you take me to have supper?” Abigail Robinson said coquettishly.

“No problem! You are new to Stonia, and I will take care of you tonight as your master!”

...

The next day, early morning.

In a VIP ward of South City Hospital.

Owen Stratford, covered in bandages, was lying unconscious on the hospital bed.

After escaping from the tiger's mouth last night, he fled home as soon as possible. As soon as he entered the house, he fainted and fell to the ground, and was sent to the hospital overnight for rescue.

"Doctor, how is my son? Is he in danger?"

Looking at Owen Stratford who had just come out of the operating room, Harold Stratford couldn't help but feel worried.

"Mr. Stratford, please don't worry. Your young master's injuries are all superficial injuries. We have carefully cleaned them up and they are nothing serious." A doctor replied.

"That's good."

Harold Stratford breathed a sigh of relief, and then asked: "But it's been so long, why hasn't my son woke up yet?"

"Your young master was a little frightened last night and his mood was not stable. We gave him a shot of sedative and let him have a good sleep. This will help him recover. Counting the time, he will almost wake up." The doctor explained .

As soon as he finished speaking, Owen Stratford on the hospital bed finally slowly opened his eyes.

"Woke up! Sure enough, he is awake!"

Harold Stratford's face lit up, and he quickly walked to the hospital bed and asked with concern: "Owen, how do you feel? Is there anything uncomfortable in your body?"

"Dad...why am I here?"

Owen Stratford looked left and right, his head still a little blurry.

"You were covered in blood when you came home last night, which shocked me. Fortunately, you were rescued in time and your life is not in danger."

Harold Stratford said with a serious face: "Owen, what happened? Who hurt you like this? Tell dad, and dad will stand up for you!"

"last night?"

Owen Stratford was stunned at first, then seemed to remember something, his expression changed, and he exclaimed: "Dad! Please notify everyone immediately! All cooperation with the Torby Family will be canceled immediately, and all ties will be severed from now on!"

Chapter 1493

"ah?"

Looking at the emotional Owen Stratford, Harold Stratford looked confused.

Didn't this kid break his head? What nonsense are you talking about here?

"Dad! Don't waste time and give the order quickly, otherwise our Stratford Family will be in disaster!" Owen Stratford was very impatient.

He remembered clearly what Dustin said last night. Although he had a chance to escape, it did not mean he was truly safe.

If you continue to collude with the Torby Family, there is only one way to die!

You know, Dustin is not only a martial arts master, but also the master of the Holy Girl of the mystical order.

As long as the other party says a word, the Stratford Family can be easily destroyed.

In front of the number one evil sect in the world, not to mention the wealthy and aristocratic families, even the four major royal families have to bow their heads!

"Doctor, didn't you say that my son is fine? Why is he talking nonsense here as soon as he wake up?" Harold Stratford turned around with a bit of questioning.

"....."doctor.

“Dad! I’m not talking nonsense, I’m serious!”

Owen Stratford looked serious: “The Torby Family is a time bomb, we must stay away, otherwise the consequences will be disastrous!”

“Owen, are you being threatened?” Harold Stratford frowned slightly.

My son is quite famous, and he has never made such a fuss before.

“Dad! For some reasons, I can’t tell you this matter clearly, but please believe me, don’t have any contact with the Torby Family, let alone deal with Dustin, he is not someone we can provoke!” Owen Stratford said solemnly.

“Owen, we have been cooperating with the Torby Family for a long time and have close business relationships. We have been in the same boat for a long time. Besides, you and Isabela are still engaged, how can you let go of the relationship so easily?” Harold Stratford shook his head.

The price of breaking up with the Torby Family was too heavy. Without a good reason, he would naturally not do it.

“Dad, when life and death are at stake, we must cut off our arms. Even if we suffer heavy losses, we can no longer be involved with the Torby Family!” Owen Stratford looked solemn.

“Is it really that serious?”

Harold Stratford frowned: “Owen, what happened? Can you explain it more clearly?”

“Dad, I have something unspeakable and I can’t say it openly, otherwise you and I will both be in bad luck. Now, I just ask you to believe in my decision.” Owen Stratford said.

“this…….”

Harold Stratford touched his chin and began to think deeply.

It can be seen that the son must have been hit by something.

Otherwise, the heir to a wealthy family would not be so panicked.

And all of this is related to that Dustin.

The question is, does an unknown junior have such a great ability?

Or is the other party hiding something?

“Brother Owen...”

At this moment, Isabela walked into the ward suddenly, holding a fruit basket in her hand.

“Isabela is here? Sit down.”

Harold Stratford greeted her with a smile, keeping his expression calm.

“Uncle Harold.”

Isabela said hello first, then looked at Owen Stratford, who was covered in bandages, and said in surprise, “Brother Owen! What happened? How did you get hurt like this?”

“Humph! It’s no thanks to you that I’m like this!” Owen Stratford said angrily.

“Me?” Isabela froze for a moment: “Brother Owen, are you kidding me? that’s none of my business?”

“I’m the one who wipes your butt when your Torby Family gets into trouble. No matter what happens, I’m the first one to do it. Now that I’m injured like this, do you dare to say that you have nothing to do with it?” Owen Stratford said with a cold face.

In the past, the overall situation was the most important thing. For the sake of the marriage between the two families, they tried to please Isabela in every way.

As for now, what the hell!

Chapter 1494

No matter what, let’s shrug it off!

“Brother Owen, I know you have worked hard, but what does it mean for a man to suffer a little bit? You won’t let me, a weak woman, show up outside, right?”

Isabela puffed her lips, somewhat dissatisfied with the attitude of the person in front of her.

“Okay, I’m too lazy to argue with you about the past. From now on, don’t come to me again. As for our marriage, I declare that it is now invalid!” Owen Stratford looked indifferent.

“The marriage is annulled?”

Isabela’s eyes widened and she couldn’t believe it: “Brother Owen, what are you talking about?”

“Don’t you understand? Then I’ll say it again, I want to break off the engagement!” Owen Stratford raised his voice.

“break off an engagement?”

Isabela was completely confused.

She never dreamed that the person in front of her would say such a thing.

Before, he had obeyed her advice and tried to please her in every way. Why did he seem to be a completely different person overnight?

“Owen! Don’t mess around!” Harold Stratford scolded.

Even if they want to break up with the Torby Family, they won’t break the engagement in public and turn each other into enemies.

“Uncle Harold, is Brother Owen sick?” Isabela asked tentatively.

“I’m not sick! I’m fine!”

Owen Stratford no longer tolerated it and exploded directly: “Isabela, I have tolerated you for a long time. Do you know that you are very annoying? You are unruly and willful, have a small belly, and are very jealous. Whenever you see anyone who is prettier or better than you Excellent women, you will try your best to destroy them, you are simply a poisonous woman!”

“You you you...you dare to scold me?” Isabela was shocked and angry.

No one has ever dared to humiliate her like this. The most important thing is that the person who said this was still her fiancé.

“What’s wrong with scolding you? Looking at a woman like you makes me sick! Get out!” Owen Stratford showed no mercy.

“You are brave!”

Isabela got angry, she raised her hand and slapped Owen Stratford hard on the face.

“Fuck! You dare to hit me?”

Owen Stratford wasn’t used to it either, and he slapped her back hard with his backhand.

Because of the excessive force, Isabela staggered and fell to the ground on the spot.

The originally white and tender face soon became red and swollen.

“You...you actually dare to attack me?”

Isabela covered her face, both shocked and resentful.

She has always been the only one to hit people, and no one has ever dared to hit her.

“I bother!”

Owen Stratford spat on the ground: “Do you think I will pamper you like before? I have awakened now, and I will no longer be a dog licker. If you dare to mess around, I will never be polite!”

“Owen Stratford! I order you to apologize to me immediately, or you will wait to start a war with our Torby Family!” Isabela threatened sharply.

The Torby Family is more powerful than the Stratford Family, so she has the confidence.

“Let’s start the war! Why do you think I’m afraid you won’t succeed? At worst, the fish will die and the net will be broken!” Owen Stratford roared.

“You, you, you...you go too far!” Isabela’s face was so angry that her face twisted.

She thought Owen Stratford would compromise if she threatened a little, but she didn’t expect the other party to be so stubborn, even going to war with the Torby Family.

“Isabela! Go back and tell your parents to return what they owed to Dustin, otherwise your Torby Family will be in disaster! Now, get out!” Owen Stratford shouted.

“Owen! Remember this, I will make you regret it!”

Isabela said a harsh word, slammed the door and left.

From this moment on, the Torby and Stratford families completely broke apart.

Chapter 1495

Torby Family, in the meeting hall.

Isabela, who had just returned home, confided all the grievances she had suffered in the hospital in front of her parents.

“Dad! Mom! That Owen Stratford is really disgusting!”

“He not only wants to divorce, but also breaks with our Torby Family. I just asked a few words, but he actually hit me.”

“Look at my face, how has it been beaten by him? I don’t care, you must stand up for me this time!”

Isabela vented the anger in her heart, and she looked out of breath.

She is the daughter of a wealthy family, and now she is being divorced and slapped in the face, so she can’t bear it anymore.

“Isabela, calm down first.”

Kevin raised his hand and pressed it down, and asked doubtfully: "This child Owen has always been mature and steady, how could he do such a thing? Did you two have a quarrel?"

"How would I know?"

Isabela puffed her lips: "I heard that he was injured last night, so I went to the hospital this morning to express condolences. But when he saw me, he went crazy, scolding me, and beating me. It's really bullying." Too much!"

"That's weird."

Kevin rubbed his chin: "Owen doesn't seem like such a careless person, why did he suddenly become like this? What happened?"

The relationship between the two has always been good. Normally speaking, even if it is a small fight between lovers, it will not reach this level.

"Brother Kevin, call Harold Stratford and ask what's going on?"

Sophia said coldly: "The two of them dare to touch each other before they are married. What will happen after they get married? Our daughter cannot be bullied for no reason."

"Let me check what's going on."

Kevin nodded, took out his mobile phone, and dialed Harold Stratford's private number.

As a result, he called several times in a row but no one picked call.

Kevin frowned slightly, a little disbelieving: "We, Torby and Stratford, have cooperated for many years and have a close relationship in various businesses. If we break up, both of us will suffer heavy losses. I believe Harold Stratford is not so stupid."

"If it's a normal situation, of course it won't happen. I'm afraid that the Stratford Family was threatened and have to cut off their tails to survive." Sophia was very calm.

"Threat? In the entire South City. Who can threaten the Stratford Family?" Kevin was even more surprised.

Sophia didn't answer directly, but looked at her daughter and asked, "Isabela, did Owen Stratford explain the reason to you? Or, what did he reveal?"

"He did say some unintelligible things."

Isabela said thoughtfully: "Before leaving, Owen Stratford warned me that we should return the things owed to Dustin, otherwise disaster will happen soon!"

"Wait! Dustin? Is it this guy who is causing trouble?" Kevin asked suspiciously.

"I guess it's the pressure from the Thompson and Lancaster families, right? Otherwise, how would Dustin be able to do this?" Isabela added.

"It makes sense." Kevin touched his chin.

The Thompson family and the Lancaster Family jointly exerted pressure, coupled with the temptation of large sums of money from Jade Dew Ointment.

Under coercion and inducement, the Stratford Family chose to betray and break with the Torby Family.

It all made sense.

"No matter what the reason is, the Stratford Family can no longer be trusted. We must find another ally." Sophia said.

"Mom, I am best friends with Victoria Sterling of the Sterling family, and we have always had a good relationship. If the Sterling family helps, our Torby Family will still be as stable as Mount Tai!" Isabela said.

"The Sterling family? It's indeed a good choice."

With that left only one question, why the Harold Stratford never answered call.

"I guess he is busy and don't have time to answer the phone." Kevin tried to explain.

"Busy! What can the father and son doing in the hospital? In my opinion, they just didn't answer the phone on purpose!" Isabela exposed it mercilessly.

"Sophia, what do you think?" Kevin asked with his head turned.

“This matter is weird. If what Isabela said is true, then the Stratford Family may break with our Torby Family.” Sophia analyzed.

“Break? How is it possible?”

Chapter 1496

Sophia nodded: “Isabela, you go and make arrangements, I want to meet with Mrs. Sterling’s family to find out.”

“No problem!” Isabela agreed.

“Wait... what about Dustin? Should we do something to him?” Kevin asked suddenly.

“of course yes!”

Isabela snorted coldly: “This guy is a dog, looking for trouble, causing us to turn against the Stratford Family. His heart is terrible, and I must make him pay the price!”

“In order to avoid suspicion, you can’t do it yourself, you have to ask someone to do it.” Sophia reminded.

“Don’t worry, I know what to do.”

Isabela squinted her eyes, and said coldly: “I have plenty of ways to deal with these stinky men!”

...

At this moment, at the entrance of Lancaster’s Medicine.

A car stopped slowly, the door opened, Dustin and Abigail Robinson got off one after another.

“Uncle, is this your new company? It’s so exciting!”

Abigail Robinson followed Dustin to look left and right, looking innocent.

After yesterday's limelight, the popularity of Lancaster's medicine is still undiminished, and all forces have heard the news and started ordering large quantities of Jade Dew Ointment.

On the one hand, the price is affordable, and on the other hand, the medicine has excellent efficacy. After word of mouth is established, there will naturally be no shortage of business.

So as soon as the door opened in the morning, there was a queue at the door of Lancaster's Medicine.

Up to now, there is an endless stream of people who come to discuss business.

"This is a joint venture between me and two friends. It seems that the response is pretty good." Dustin said with a smile.

"When I first came to Stonia, I knew the reputation of Jade Dew Ointment. I didn't expect that it was your work, uncle."

Abigail Robinson smiled and said, "Our mystical order is often injured during missions, so we really need this healing medicine, so I want to order a batch here. As the boss, can you give me a discount?"

"You girl, let you take care of the business, you came to suck my blood, isn't it too much?" Dustin purposely put on a straight face.

"Hee hee, who told you that you are my master?" Abigail Robinson shook Dustin's arm and said coquettishly, "Are you okay with it?"

"Okay okay, I'm afraid of you. I'll give you a cost price without making any money from you. Is that okay?" Dustin was a little helpless.

"Great! Thank you, uncle!" Abigail Robinson smiled sweetly.

"The dignified mystical order Sorceressess is actually a money fanatic, and she is not afraid of being laughed at if it is spread." Dustin shook his head.

"What's wrong with the money fan? mystical order teachers have a great career, and there are too many places to spend money. If you can save it, you can save it." Abigail Robinson laughed.

What she said is not false at all, the mystical order lives in seclusion and rarely socializes with others, so in terms of money, they are not rich.

Coupled with the huge expenditure, it is now a little beyond the means.

So many times, the disciples of the mystical order had to go out to pick up some business to maintain their own food and clothing.

“Get out of the way! Get out of the way!”

At this time, there was a sudden noise at the door.

Dustin looked back and saw a group of tall and burly bodyguards rushing in aggressively.

Anyone who stood in the way was violently pushed away by these bodyguards, causing complaints from all around.

After the bodyguard entered the door, he immediately cleared a spacious passage, and then stood on the left and right to maintain order.

Immediately afterwards, a beautifully dressed woman, covered in jewels, walked in the door arrogantly.

“Um?”

After seeing the woman, Dustin couldn't help raising his eyebrows slightly, quite surprised.

Because he found out that the person who came was actually Ms. Dahlia Nicolson's cousin, Julie Amberson!

Chapter 1497

Under the spotlight, Julie Amberson walked in the door with a confident attitude, carrying a brand-name bag and expensive high-heeled shoes.

Behind her, there were two handsome male secretaries who were always waiting on her.

Coupled with the dozen or so bodyguards around her, it looked very grand, as if she was the daughter of a wealthy family.

“Why is she here?”

Dustin was a little strange.

We haven’t seen each other for a while, and Julie Amberson seems to have changed from a shotgun to a cannon. Her clothes before and clothes now are obviously different.

It’s just that she has more nobility but not enough temperament, like a nouveau riche -newly become rich- ‘.

“Uncle, do you know her?” Abigail Robinson was a little curious.

“An old acquaintance, but the relationship is not very good.” Dustin said.

“No wonder...I feel displeased when I see her face.” Abigail Robinson curled her lips.

“People from Lancaster’s Medicine, listen up, call your boss out, I want to negotiate a big deal with her!” Julie Amberson took off her sunglasses and said loudly.

“Hey! Who are you? Do you know what first-come, first-served means?”

At this time, a man in a suit complained: “There are so many people in front of me waiting to place orders. Can you please get in line?”

“queue?”

Julie Amberson snorted coldly, stepped forward in high heels, raised her hand and slapped the man in the suit, and shouted, “What are you? How dare you ask me to line up?”

“You dare to hit me? What the hell...”

Just as the man in the suit was about to have a fit, several bodyguards around him rushed forward and catch him and helped him to sit on the ground.

“You are so brave! How dare you touch me? Do you know who I am?” The man in the suit struggled and cursed angrily.

“Oh? Then I have to ask, who are you?” Julie Amberson was condescending.

“Put your ears up and listen! I am a member of the wealthy Palmer family. If you dare to touch me, you are provoking the majesty of the Palmer family. Can you afford the consequences?!” The man in the suit shouted.

“What? The wealthy Palmer family?”

As soon as these words came out, everyone couldn't help but talk about it.

“This woman is miserable. She actually dares to hit someone from the Palmer family. Let's see how she ends up!”

“Hmph! He's just a nouveau riche -newly become rich- '. He thinks he can show off his power here just by hiring a few bodyguards. He's really asking for trouble!”

The Palmer family is one of the eight wealthy families.

Although the power is not as powerful as the Langfords Family or Thompson family, it is still a high-ranking family.

If you offend the Palmer family, the ordinary nouveau riche -newly become rich- ' will only die.

“How? Are you scared? Let me go now, or I will let you die without a place to bury you!” The man in the suit sternly shouted.

“Afraid?”

Julie Amberson smiled, then raised her foot, stepped heavily on the man in the suit with her high heels, and said disdainfully, “So what about the Palmer family? Is it very powerful? In the eyes of this lady, it's not worth mentioning at all!”

“Fuck! How dare you underestimate the Palmer family? Who are you?!” The man in the suit shouted angrily.

“To tell you the truth, this lady is from the Montgomery Palace, How can you offend me with the little Palmer family?” Julie Amberson said proudly.

“What? Montgomery Palace?!”

Hearing this, the whole place was in an uproar.

No one expected that Julie Amberson's background was so big.

The Montgomery Palace, also known as the Montgomery Family, is one of the four royal families.

As the head of the patriarch, Lord Eugene Montgomery has made great military exploits and is powerful in the world.

He is one of the only three kings with different surnames in the Dragonmarsh Kingdom.

Its power is overwhelming, its reputation is unparalleled, and even the emperor treats him with courtesy when he sees it.

If they can have anything to do with Lord Eugene Montgomery, the entire family will raise their cocks and dogs to heaven!

"You, you, you... you are actually from the Montgomery Palace?" The man in the suit widened his eyes, both shocked and terrified.

Lord Eugene Montgomery's mansion is sparsely populated, most of them stay in the inner city, how could they appear here?

"Why? Don't believe me? Open your eyes and see, what is this?!"

As Julie Amberson spoke, she suddenly took out a golden token from her waist and displayed it in front of everyone.

On the front of the token is engraved a big, big character – Miss Montgomery

"My God! It's Lord Eugene Montgomery's warrant? She really is from the Montgomery Family!"

Chapter 1498

"Being able to obtain Lord Eugene Montgomery's warrant, it seems that her identity is not simple!"

“I heard that Lord Eugene Montgomery took in a adopted daughter some time ago, so it couldn’t be her?”

“ ... ”

After seeing Julie Amberson, everyone was talking and shocked.

You know, ordinary Montgomery Family children are not eligible to obtain warrants.

Only people whom Lord Eugene Montgomery values especially will give this golden token.

This shows how high the status of the woman in front of him is.

Miss Montgomery Miss Montgomery, I’m sorry, I was wrong!”

After the man in the suit came to his senses, he immediately knelt on the ground and said in panic: “I was blind just now and I offended many people with my words. Please forgive me this time, Ms. Miss Montgomery ”

As he spoke, he kept hitting his head on the ground, making a “dong-dong” sound.

“Hmph! Are you scared now? Why did you go so early?”

Julie Amberson held her head high, arrogantly.

She really enjoyed being looked up to and awed by.

What about the wealthy disciples? Don’t you have to kneel before yourself and bow your head?

This...is the real power!

“Miss Montgomery! I know I was wrong. I don’t dare to do it anymore. I have an elder and a younger one, so please be patient!” The man in the suit was frightened.

“Slap yourself ten times, and I won’t argue with you about what happened today.” Julie Amberson looked down at the people at her feet.

“Yes Yes Yes!”

The man in the suit didn't dare to hesitate, and immediately slapped his face crazily, dozens of times in a row without stopping.

"Okay, you can get out!" Julie Amberson waved her hand.

"Thank you Miss Montgomery for your kindness!"

The man in the suit Bow down and rubbing head on the ground a few more times before leaving as if he had been granted amnesty.

"Now, who of you would dare to ask me to line up?"

Julie Amberson crossed her arms and glanced threateningly around.

Everyone who met her eyes bowed their heads, not daring to make a sound.

Who would dare to offend a colossus like Miss Montgomery

Even the members of the wealthy Palmer family were so frightened that they knelt down and begged for mercy, let alone them?

"Very well, since no one speaks, I will be at the front."

Julie Amberson smiled triumphantly, very satisfied with the result in front of her.

Just as she was about to jump in line, a discordant voice suddenly sounded: "Wait..."

"Huh? Who's talking?!"

Julie Amberson's complexion darkened, and she turned around to look around.

"it's me."

Dustin walked out of the crowd slowly, and said lightly: "Julie Amberson, you must follow the rules when doing business. You are so arrogant and unreasonable, isn't it appropriate?"

"Dustin? Why are you?"

Julie Amberson was stunned for a moment, looking a little surprised.

She didn't expect to see each other here.

"Why can't it be me?" Dustin looked indifferent.

"Hmph! What a lingering ghost!"

Julie Amberson's face immediately turned cold: "Your surname is Rhys! You didn't come to Stonia with my cousin, right? To tell you the truth, my cousin is now one of the best among people. She is not someone you can climb up to. You'd better die. This heart!"

"Don't be sentimental, I have nothing to do with Ms. Dahlia Nicolson when I come to Stonia," Dustin said.

"Hmph! It's better like this! If you dare to have any unreasonable thoughts, don't blame me for being rude to you!" Julie Amberson threatened.

"Okay, I'm not here to catch up with you. If you want to buy medicine here, you have to queue up first." Dustin was too lazy to talk nonsense.

"Queue? What a joke! Who do you think you are? You dare to teach me how to do things? Do you know what I am now?" Julie Amberson looked contemptuous.

"Of course I know who you are."

Dustin exposed it mercilessly: "He's just a fake who pretends to be powerful. Do you really think you are a rich lady?"

Chapter 1499

"You...you are arrogant!"

After being exposed, Julie Amberson's complexion changed, and she became angry and said: "My surname is Miss Montgomery I am now from Lord Eugene Montgomery's palace, how dare you disrespect me? Are you tired of living?!"

"Okay, stop pretending in front of me. It's not the first day we've met. I know all about your virtues." Dustin's expression did not change.

“fart!”

Julie Amberson glared and shouted: “You are such a scornful fellow, I am no longer what I used to be. My current status is something that a loser like you will never be able to reach in a lifetime! I order you to kneel on the ground immediately and say goodbye to me.” I apologize, otherwise you will be responsible for the consequences!”

“The villain succeeds.”

Dustin sneered: “Do you really think that by climbing to a high branch, you can be arrogant and domineering?”

“So what if I’m a domineering young lady? Do you still dare to go against Lord Eugene Montgomery’s Mansion?”

Julie Amberson took out the golden token again and said arrogantly: “The surname is Miss Montgomery Keep your eyes open and see, what is this thing?!”

“The token of Lord Eugene Montgomery’s Mansion?”

Dustin said meaningfully: “This treasure, couldn’t you have stolen it?”

As soon as these words came out, Julie Amberson couldn’t help but panic flashed in her eyes.

She had indeed stolen the golden order from Lord Eugene Montgomery’s house from Ms.Dahlia Nicolson’s room. She originally wanted to take this opportunity to show off her power, but she ended up meeting a stupid young man like Dustin.

It made her a little bit unable to get off the stage.

However, she naturally would not admit it in this situation, so she could only bite the bullet and shout: “You...you fart! This token is clearly mine!”

“Really? Then I would like to ask, what is your relationship with Lord Eugene Montgomery? Why did he give you the token?” Dustin continued to ask.

“It’s none of your business! What did Lord Eugene Montgomery do? Do I still need to explain it to a loser like you?” Julie Ambersonhng shouted inwardly.

“Hey, you’d better be respectful when you speak. If you dare to speak rudely to uncle again, be careful I tear your mouth apart.” Abigail Robinson said calmly.

Although her face was calm, the murderous intent in her eyes was not concealed at all.

Being stared at by her like this, Julie Amberson felt a chill on her back and was inexplicably afraid.

But when she thought of her identity, she immediately became hardened: “Humph! Are you scaring me? Do you know who I am? Do you know who is standing behind me? Do you believe that as long as I say a word, you can Let the two of you evaporate!”

“You can try.” Abigail Robinson suddenly laughed.

But his eyes became extremely fierce.

“Okay! You asked for this!”

Julie Amberson raised her hand and shouted: “Come here! Arrest these two guys who don’t know whether to live or die!”

“yes!”

After receiving the order, a group of strong bodyguards immediately surrounded him with eager eyes.

“This boy is so brave! He actually dares to challenge Lord Eugene Montgomery’s Mansion. Aren’t he afraid of death?”

“I guess he still doesn’t know how terrifying the energy of Lord Eugene Montgomery’s Mansion is. This means that newborn calves are not afraid of tigers!”

“ ... ”

Everyone in the lobby pointed and whispered.

In their opinion, Dustin’s behavior just now was undoubtedly jumping repeatedly on the edge of death.

Even the elites of the wealthy Palmer family had to kowtow and beg for mercy when they saw Julie Amberson, let alone a poor boy wearing shabby clothes?

“stop!”

Just when the bodyguards were about to take action, a loud shout resounded through the lobby.

Everyone followed the sound and saw Hazel Lancaster, dressed in sexy clothes and with a hot figure, walking in quickly with a few people.

Chapter 1500

“Who dares to cause trouble on my territory?”

Hazel Lancaster had a cold face and full of aura. Wherever she passed, even those fierce bodyguards stepped out of the way unconsciously.

“Who are you? Dare to interfere in this lady’s business?” Julie Amberson clasped her hands and raised her head.

She suddenly discovered that the woman in front of her was actually more beautiful, more elegant, and more elegant than herself.

This inevitably made her a little jealous.

“I am the chairman of Lancaster’s Medicine, and everything here is under my control.” Hazel Lancaster said calmly.

“Chairman, right? You came just in time.”

Julie Amberson pointed at Dustin and the two of them and said arrogantly: “I order you now to kick them out immediately and not do their business!”

“Boom out?”

Hazel Lancaster glanced at Dustin, then turned around and said, “Sorry, I can’t do it, because this Mr. Rhys is my partner and a shareholder of Lancaster’s Medicine.”

“What? This guy is actually a shareholder of Lancaster’s Medicine?!” Julie Amberson was surprised.

Jade Dew Ointment has become famous recently, and countless forces are flocking to it. She also followed Ms. Dahlia Nicolson’s order to come to discuss business with Lancaster’s Medicine.

As long as both parties cooperate for a long time, they will definitely make a lot of money.

But she didn’t expect that such a cornucopia would be climbed first by Dustin.

“What? Are you going to kick me out now?” Dustin smiled half-heartedly.

“Hmph! What’s so great about shareholders? Are they even more powerful than Lord Eugene Montgomery’s Mansion?”

Julie Amberson took out the token again and showed it in front of Hazel Lancaster: “Watch it! I have the golden token from Lord Eugene Montgomery’s Palace in my hand. I order you to cancel the cooperative relationship with Dustin immediately!”

“It can’t be canceled because Jade Dew Ointment is a product developed by Mr. Rhys.” Hazel Lancaster said expressionlessly.

“Ah?” Julie Amberson’s expression froze.

Jade Dew Ointment is Dustin’s product? How can it be?

“Julie Amberson, don’t waste your efforts. Put away your token and get out of here. We won’t do your business.” Dustin directly issued an eviction order.

“How dare you drive me away? I’m from Lord Eugene Montgomery’s Mansion! Do you know the consequences of doing this?!” Julie Amberson shouted sharply.

She was frustrated again and again, and at this moment, she couldn’t hold on to her face anymore.

“First of all, you cannot represent Lord Eugene Montgomery’s Mansion; secondly, if Lord Eugene Montgomery’s Mansion is as unreasonable as you, we will still refuse to cooperate.” Dustin was very straightforward.

“Bold! If you dare to refuse to cooperate with Lord Eugene Montgomery’s Mansion, I think your company doesn’t want to continue to operate!”

Julie Amberson threatened with a fierce face: “Now, apologize to me immediately, and then sign the contract honestly, otherwise, I will destroy your company today!”

“Julie Amberson, if you dare to mess around, don’t blame me for being rude to you!” Dustin’s face became colder.

He already has enough to give Julie Amberson face, if the person in front of him insists on being domineering, he will not be used to it.

“Hmph! I want to see how you fought with me today? You destroyed this place for me!” Julie Amberson roared.

“Smash!”

When the bodyguards heard this, they immediately started to attack.

“Take them all!”

Hazel Lancaster didn’t talk nonsense, and immediately directed the company’s security personnel to start a contest with Julie Amberson’s bodyguards.

Seeing this scene, Julie Amberson looked furious: “You are so brave! You dare to attack people from Lord Eugene Montgomery’s Mansion. I think you are tired of living! Get out of here!”

As soon as her voice fell, there was only a crisp sound of “pop”.

Dustin slapped Julie Amberson heavily, knocking her to the ground.
