

Chapter 1853

At this moment, more than fifty Banks Family masters in the plane looked shocked!

The plane is about to take off, and everyone will be able to retreat, leave Japan, and return home to receive awards.

Xion had even received repeated compliments from Zayne on the phone. Who could have predicted that at this moment, things suddenly changed dramatically!

More than a dozen helicopters of the Japanese Self-Defense Forces, more than 30 ground-wheeled armored vehicles, and the planes that surrounded Xion and others!

The Japanese Self-Defense Force is actually the Japanese army. Only after Japan was defeated that year, according to regulations, the defeated country could not have an army, so it made some changes in the form of the Self-Defense Force.

Although it is called the Self-Defense Force, the equipment and training standards of the entire Self-Defense Force are completely in accordance with the regular army.

The masters of the Banks Family are certainly very strong, but no matter how strong they are, they are just martial arts masters. Their little punches and kicks, in front of the guns and guns of the regular army, are almost like children playing house.

What's more, the Japanese Self-Defense Forces dispatched this time are all specially trained anti-terrorist special forces, and the number is large, and the total number of air and ground forces is at least 600 or 700!

These six to seven hundred people are almost the top presence in the Japanese Self-Defense Forces!

In addition, their equipment is very sophisticated, and they have set up a net in advance, so the Banks Family masters are simply inevitable!

Xion, who had not been in the old well, couldn't help panicking now.

She blurted out and asked the people around: "What's the matter?! How did the Japanese Self-Defense Force find us?! Who leaked the wind?!"

Everyone was full of horror, and they didn't know who had leaked the news. However, they know that everyone is over this time! Originally, the movement they made in Tokyo this time was so surprising that the Tokyo Metropolitan Police Department and even the entire Japanese government hated them to their bones, so they would trace their whereabouts at all costs.

Tokyo and many surrounding cities have implemented exit controls in order to catch them early.

Now that they are in the hands of the Japanese Self-Defense Forces, you don't have to think about it, this is a big trouble!

At this time, Zayne's phone has not hung up.

Hearing the movement on the phone, he immediately blurted out and asked: "Xion, what's the matter?!"

Xion said with a trembling voice: "Patriarch...our plane is surrounded by the Japanese Self-Defense Force..."

"What?!" Zayne felt dizzy when he heard this!

He secretly said in his heart: "It's over! This is over! The Banks Family has sent nearly a hundred people to Japan this time. Except for some support and auxiliary personnel, the real core masters are all on that plane!"

"It can be said that the more than fifty people on that plane represent at least 80% of the combat effectiveness of the Banks Family!"

"Especially Xion, this is a general who can be one hundred!"

"If these people fall into the hands of the Japanese government, according to Japanese law, the principal offender should be properly sentenced to death, and the accessory should also be imprisoned for life..."

Thinking of this, Zayne almost ran away, and he tremblingly asked, "Xion, what is going on?! Did you leak the wind, or did a traitor appear inside?!"

Xion also said nervously, "Going home, I don't know this now..."

At this time, the broadcast outside the plane continued: "This is the Japanese Self-Defense Force. You are restricted to immediately turn off the aircraft engine and open the door for investigation. Otherwise, we will resort to aggressive attacks!"

The captain and deputy captain in the cockpit panicked first.

They can all see the gunship above the front, and the large-caliber cannon in front of the helicopter has been aimed at them.

In front of this kind of military weapon, the civil aviation airliner has absolutely no power to parry. If the engine is not turned off, the cannon on the helicopter can instantly turn the aircraft into a hornet's nest.

So they didn't care about asking Xion for instructions, and immediately turned off the aircraft engine.

Chapter 1854

At this time, the outside broadcast continued: "This is the Japanese Self-Defense Force. You are restricted to open all hatches immediately! Otherwise, our special forces will attack!"

The captain ran out of the cockpit at this time and said nervously: "The other party asked us to open the hatch. If we don't open it, we will attack!"

There was also chaos in the cabin.

These so-called super masters were completely panicked at this moment. Some people stood up in a panic, like a headless fly, pacing back and forth in the cabin, as if looking for a way to escape.

More than fifty people, like more than fifty cockroaches locked in a glass bottle, were so frightened that there was nothing to add! Xion also panicked. However, she knew very well in her heart that once the hatch was opened, it was tantamount to surrendering!

The massacre of the Matsumoto family angered the whole of Japan. If she takes everyone to surrender, the Japanese government will not let them go, and will punish them with the harshest means possible...

However, if you don't surrender, the end will probably be even worse!

Because special forces all over the world basically adopt the same approach when fighting terrorism.

They will use directional bombs to blow open the doors and windows of the cabin, and then throw flash bombs and tear gas into the cabin.

Flash bombs will release extremely strong light instantly, blinding people's eyes in a short period of time. Once they lose their vision, they can only be slaughtered.

And tear gas is a double blow.

It not only makes people cough and loses combat effectiveness, but also makes people's eyes irritated and secretes a lot of tears, further destroying the opponent's vision.

The flash bombs and tear gas came in turns so many times, before the special forces rushed in, the people inside might not be able to hold it, climb out and surrender...

In despair, Xion asked Zayne on the other end of the phone, "Patriarch...you...what do you think we should do..."

"How to do....."

Zayne whispered feebly, all the distressed are bleeding! The elite of the Banks Family's core are going to be wiped out! The blow and influence this brought to the Banks Family was too

great! Moreover, in the next few years, it is impossible for the Banks Family to re-assemble such a team! Even if it can, it will have to pay a huge cost!

The cost of attracting a top master is sometimes higher than attracting a hundred ordinary people! With so many top players, the cost behind them is also astronomical.

What is even more depressing is that if these fifty people fall into the hands of the Japanese government, whether they are sentenced to death or life imprisonment, the Banks Family will have to pay their relatives a lot of living allowances all the year round!

This is also the core method used by the Banks Family to win over these masters. The reason why they worked for the Banks Family was because the Banks Family promised their high salaries, and they also promised that in the event of an accident, the Banks Family would pay their family members a monthly subsidy of more than one million Dollar.

It was this kind of money spent at any cost that allowed the Banks Family to gather such a large number of top experts. But now, once these fifty-odd people are captured by the Japanese government, their families will immediately become the oil bottle of the Banks Family! Moreover, the Banks Family must not kick these oil bottles away, otherwise, no one will be devoted to the Banks Family in the future! So, this time I really have to lose to grandma's house!

Chapter 1855

At the time when the two sides were deadlocked, the head of Japan's homeland security department had already flown to Osaka Airport by special plane.

With him, there was the Director of the Tokyo Warning Agency.

Originally, they were under tremendous pressure and carried out a carpet investigation in Tokyo. They tried their best to catch a group of murderers, so that they could give the people an explanation and the high-level officials.

But what I didn't expect was that these murderers were more cunning than the foxes, and left no useful clues at all.

When they originally wanted to continue to expand their search range, they suddenly received a message from a mysterious man saying that the murderer had arrived in Osaka and would return to China by plane from Osaka. This shocked the people of the Department of Homeland Security!

If this group of people is really allowed to run away, this sensational massacre that caused a sensation across the country may not be broken for a lifetime.

At that time, the Japanese Metropolitan Police Department and the Homeland Security Department will be completely thrown into the face, and even be scolded by thousands of people.

Therefore, the Homeland Security Department immediately made a decision to directly take over the case from the Metropolitan Police Department, and then notify the Self-Defense Forces in Osaka to take over and prevent the plane from taking off at all costs.

The Japanese Self-Defense Force has tens of thousands of troops stationed in Osaka. Upon receiving instructions from the Homeland Security Bureau, they immediately dispatched the most powerful special forces to Osaka Airport.

Moreover, the Homeland Security Department even made an emergency plan to prepare a fighter squadron.

If the special forces fail to stop the private jet and allow it to take off, the Japanese Self-Defense Force's F35 fighter jet will immediately take off, trying to force it to return to Osaka Airport and land before it leaves Japan's airspace.

At this time, the special plane of the Department of Homeland Security just stopped, the person in charge immediately picked up the phone and asked: "How is the situation on the scene now? Is the other party's plane under control?!"

On the phone, the voice of the operational commander came immediately: "Now the opponent's aircraft is surrounded by our square-wheeled armored vehicles, and there is no possibility of breaking through, but the opponent has not yet been captured, we are already preparing for a storm!"

"Okay!" The head of the Department of Homeland Security gritted his teeth and said, "Give them one more minute. If they don't surrender obediently, immediately carry out a live ammunition attack! This time we must kill these cruel desperadoes in one fell swoop and give it to all of Japan. The people will explain!"

Following his order, four boarding vehicles with boarding ladders slowly drove towards Banks' plane from both sides.

Four combat squads with live ammunition have assembled under the plane. Once the boarding car is aimed at the cabin door, they will quickly rush up, blow up the cabin door, and use flash bombs and tear gas to conduct the first round of attack.

Their firearms have also been inspected. The all-American assault rifles have very powerful firepower. Once the fire is exchanged, these Banks Family's subordinates have no power to parry.

At this time, Xion, through the window, saw the boarding car approaching, she was already extremely nervous, but she still didn't think about what to do.

Someone around me panicked and proposed: "Let's open the hatch and surrender honestly. If they attack by force, the bullet will not be long-sighted!"

"Surrender?!" Someone immediately scolded angrily: "Damn! I killed four of the Matsumoto family alone. Isn't surrendering to death? He will definitely be sentenced to death by then!"

"The death penalty does not matter!" Another person blurted out: "The execution cycle of the death penalty in Japan is very long. Do you know the Shinrikyo who committed terrorist attacks at Tokyo subway stations before? Their leader Shoko Asahara used sand in 1995. Lin Duchi attacked the Tokyo subway and shocked the world, but he was not executed until 2018, and it has been delayed for more than 20 years! Even if we are sentenced to death, we can at least live in prison for more than ten or twenty years. It's better than being shot to death right now, right?"

"Yes!" Someone stood up, clenched a fist and said, "With our strength, even if we go to prison, we can definitely become a hegemon in the prison. No one wants to bully us. Then we can live even in prison. Very comfortable, why don't you think about it now?"

The conversation between these people immediately convinced most people. If you can live, no one is willing to give up the hope of survival. Even living in prison is much better than dying on the spot.

So everyone looked at Xion and blurted out: "Miss Xion, let's surrender!"

Chapter 1856

"Yes! Surrender!"

"Leave the green hills, I'm not afraid that there will be no firewood!"

Zayne on the phone also gave a long sigh and said to Xion: "Xion, surrender, I will do everything possible to mediate with the Japanese side, and I will rescue you anyway..."

The string in Xion's mind was finally loosened. Although he was still unwilling, he nodded and said, "Patriarch, I know... you take care, if you can't Serving you is in control..."

Zayne was heartbroken, but he could only speak, "Trust me, I will definitely save you!"

"Well! If you believe it!"

Xion said angrily, then hung up the phone and said to the flight attendant: "Okay, open the hatch!"

The flight attendant nodded immediately and opened the four front and rear hatches one after another.

Afterwards, I heard people shouting outside: "Everyone put their hands on top of their heads and lined up to walk down the spiral staircase. Anyone who dares to play tricks will be killed on the spot!"

Xion sighed, stood up, and said to everyone with a sad expression: "It is also fate for everyone to work together, I hope you can take care of yourself!"

After speaking, she raised her hands above her head, and stepped out of the hatch first.

Outside the cabin, the helicopter kept roaring overhead, and the huge wind blew Xion's long hair and clothes.

Countless guns were pointed at her below, and someone shouted: "Go down slowly, put your hands on your head and let us see!"

Xion could only do so.

The moment she stepped down the spiral staircase, she was also flustered for her unknown future.

Because she didn't know what the end of waiting for herself was.

After all, she is the principal culprit. After being arrested, others will definitely confess their identity as the principal culprit.

If nothing else, the death penalty must be waiting for her. Unless Zayne can really save her, she will undoubtedly die.

When she stepped down the spiral staircase, several heavily armed self-defense team members rushed up and pressed her to the ground, then put her hands behind her back, and handcuffed them in handcuffs.

Immediately afterwards, the remaining fifty or so people stepped off the plane one after another, all of them were handcuffed back and squatting on the ground, the heads of the assault rifles against the back of the head.

Even the crew members were not spared, they were all caught by their accomplices.

Charlie stood in the cockpit of the plane behind, sneer in his heart as he watched the Banks Family get swept away.

These fifty-odd people are the claws and fangs of the Banks Family.

Now that they are all in the hands of the Japanese government, the Banks Family's vitality is greatly injured.

Banks Family, I, Charlie, will definitely let you pay the price for the Anti-Leaf Alliance back then!

Chapter 1857

After all the members of the Banks Family plane were under control, the Japanese Self-Defense Forces began to clear the ground and gradually restore order at the airport.

They first drove over three buses with steel protective nets welded to their windows, so that everyone including Xion, under the watch of the self-defense team, boarded one by one.

In order to prevent these people from escaping as much as possible, the Japanese Self-Defense Forces put two sets of handcuffs on everyone, besides, they also handcuffed them.

Not only that, they also scattered these people and guarded them one-on-one.

The seat division on the bus has two seats on each side.

Therefore, every Banks Family in handcuffs and handcuffs was arranged to sit by the window, and then a self-defense team with live ammunition sat next to them to prevent them from having any chance to escape.

In addition, ten self-defense personnel armed with live ammunition were arranged in the corridor of the bus to guard all suspects in the vehicle. If there is any change, they will be shot and killed immediately.

Xion was leaning against the window with his face like ashes, looking out the window through the steel protective net. The airport at this time was brightly lit. For Xion, she should have taken off by plane and headed back home, but she never dreamed that she would become a prisoner. She still couldn't figure out which link went wrong. But she knew that she could not escape this time!

After a while, all of the Banks Family's men were escorted into the bus by the self-defense team. As a result, the three buses started slowly under the escort of ten wheeled armored vehicles, ready to leave the airport. In order to ensure that there are no accidents to the greatest extent, the Japanese Homeland Security Department plans to relocate all the more than 50 people from the Banks Family to the Japanese Self-Defense Forces station in Osaka.

There are tens of thousands of soldiers guarding them, and no one can rescue them from there. When the bus drove away from the scene, it happened to pass by the plane that Charlie was on behind. The Gulfstream plane Charlie took was a small plane with about ten seats, and the fuselage was not too high. And Xion was sitting in the bus, further shortening the height difference between the two.

When passing by this Gulfstream plane, Xion looked at the plane's cockpit, just like looking at the cab of an off-road vehicle from an ordinary car. Leaning against the window of the car, she was so desperate, she suddenly caught a glimpse of a man who was somewhat familiar standing in the cockpit of a Gulfstream plane passing by.

She glanced at it, angrily almost exploded on the spot! Because she recognized that on that plane, the man who was looking at her playfully was the man who sat next to her when he came to Osaka from Tokyo!

"Why is he also on a private jet?"

"And, it's still behind our plane?"

"Why does the look in his eyes seem to play with me?!"

"And, why would he pretend to be a squinting ordinary person on the plane?!"

Countless questions suddenly gathered in Xion's brain.

She suddenly realized that the person who leaked her whereabouts was most likely the Chinese who flew to Osaka with her!

Xion couldn't help asking herself: "Who is he?!"

Charlie was not afraid of being seen through by Xion at this time, he kept looking at Xion in the bus with a mocking look.

Chapter 1858

Seeing the other party getting closer and closer to him, Charlie had a frivolous smile on his mouth, looked at Xion, waved at her, and shouted: "Hi, beauty!"

Xion looked at him with cannibal eyes.

Although Charlie couldn't hear what Charlie said, she could still easily recognize the mouth shape of the words "Hi Beauty".

From Charlie's playful and ridiculous expressions, Xion realized that she was planted in the hands of this man. She stared at Charlie fiercely with resentful eyes, and her teeth were almost crushed by her! At the moment when the car and the plane interacted and the distance between the two was the shortest, Charlie made a decapitating gesture on his neck with his right hand. This gesture made Xion immediately furious!

Suddenly she jumped up from her seat and shouted hoarsely: "Bad son! I will kill you myself!"

Charlie's hearing is much more sensitive than ordinary people, so he heard the woman's angry shout clearly.

Immediately, he smiled at Xion, and said with a smile: "I'm waiting for you!"

Xion recognized this mouth shape clearly, and was even more sure that Charlie was the culprit who harmed her and more than fifty subordinates.

At this moment, she couldn't wait to eat Charlie alive! However, the reality does not give her any chance of revenge at all. The convoy had already begun to accelerate at this time, and soon passed by Charlie, and after leaving the airport, it drove towards the Self-Defense Force station.

At the same time, the airport staff had drove the plane towing the plane away, and at the same time the tower began to direct the airport to resume normal operations.

The captain beside Charlie said: "The tower has approved us to go to the runway and take off!"

"Okay!" Charlie smiled slightly, and said with satisfaction: "I have been out for so many days, it's time to go back!"

The plane quickly taxied to the end of the runway, then continued to accelerate on the runway, and finally took off and left Japan.

.....

Although Charlie left Japan, Japan was already boiling!

All TV stations across the country are broadcasting major news urgently at this time. During the news, the host excitedly introduced to the audience that the Tokyo Matsumoto family killing case that shocked the whole country, 57 suspects have been arrested!

The news also specifically broadcast real shots of the capture scene.

The shocking scene of multiple armed helicopters, wheeled armored vehicles, and self-defense team members encircling the entire aircraft is indeed jaw-dropping.

Soon, the news spread throughout Japan.

Zayne was in a hot spring hotel in Aomori Prefecture at this time. After reading this news, he angrily smashed everything that could be smashed in the hotel room, including the TV hanging on the wall!

This time, the Banks Family not only suffered heavy losses, but also disgraced!

The old Lord Banks, who was in Eastcliff, had received the news for the first time.

He called and blurted out and asked: "What's the matter?! What's the matter?! More than 50 people were taken by the Japanese Self-Defense Forces?! How did you lead the team?! If you didn't completely hand it over to you, you caused me such a disaster. You are trying to piss me off!"

Zayne suppressed the anger in his heart, and said in pain, "Dad! I don't know what is going on, I don't know how to leak the wind, but you should know that I don't want to see this scene more than you. occur!"

As he said, he firmly grasped his hair with one hand, gritted his teeth and said word by word: "Although Xion's identity is shameful, she is my flesh and blood after all, and now even her

has been arrested. It is very likely that I will be sentenced to death by the Japanese government. Do you understand what I feel when I am a father?"

Chapter 1859

Xion is only 21 years old this year.

Her actual age is one year younger than Zara.

However, from her birth until the age of eighteen, Zayne didn't know her existence.

Xion's biological mother, whose real name is Kairi Elms, is the eldest daughter of the Elms family of China's four major martial arts families and one of Zayne's personal bodyguards.

Kairi was not only beautiful, but also very capable. She was almost the leader of the Banks Family bodyguards at the time.

She was three years older than Zayne. When Zayne was fifteen years old, he went abroad to study. For his safety, Lord Banks asked the Elms family to come over and become Zayne's personal bodyguard.

That year, Kairi was eighteen years old and had just grown up.

Since that year, she has been with Zayne.

Accompany him to study, accompany him to study, accompany him to hone his family business, and accompany him to travel around the world.

Even when Zayne frantically pursued his current wife Deana, Kairi had been secretly guarding.

Kairi joined the world to protect Zayne when he was ignorant, and had been guarding him for more than ten years. She had no understanding of other men at all, so it was natural for her to have a secret love for Zayne, who she was most familiar with.

Kairi has always kept this love in her heart because of the differences in their identities, ages, and family background.

Until Zayne married Deana, Kairi, who was nearly 30 years old, still didn't reveal what she thought of him.

In the second year of Zara's birth, Zayne was 30 and Kairi was 33. Zayne encountered a plot overseas. Kairi tried her best to save him at the risk of her life, but Kairi himself was lost because of this. Lost an arm.

Kairi, who became a disabled person, had a sharp decline in combat capability, so Zayne had to let her retire and return to the Elm's home early.

When Kairi was leaving, Zayne was also upset.

After all, for the 30-year-old at the time, Kairi had been with him almost every step of his life.

Therefore, he asked Kairi if there was anything he could do for her.

Kairi hesitated again and again, expressing the feelings she had buried in her heart for many years.

Zayne, who is usually hard-hearted, was also moved by Kairi's confession.

That night, he had an excuse to go out and spent the night out with Kairi.

After that night, Kairi left Zayne and returned to her hometown in Northeast China.

After more than nine months, Xion was born.

Xion did not have the surname Banks at first, but followed her mother's surname. Xion Elms has been held in the palm of the hand by the Elms family since she was a child. She has never been to school. From the age of two to eighteen, she has been practicing ancient martial arts. Therefore, at the age of eighteen, she has surpassed her mother at the age of eighteen and became the strongest in the Elms family.

After becoming an adult at the age of eighteen, Kairi told her her life experience. In Kairi's description, Zayne is a good father who values love and justice. The reason why he never cared about Xion is because he never knew her existence. Therefore, Kairi gave Xion two choices. Stay and continue to practice martial arts in Elm's family; Or leave home to work for her biological father.

Chapter 1860

Xion considered the latter for a long time and chose the latter.

Because she can faintly realize that this is the path her mother hopes to choose.

Zayne didn't know Xion's life experience at the beginning, but felt that this girl was extraordinary in strength, a manufacturable, and very much like Kairi back then.

Xion also obeyed her mother's instructions, and didn't want Zayne to know this, but the old and cunning Lord Banks saw some clues from Xion.

He always felt that the look in Zayne's eyes was something wrong with this young girl.

This kind of wrong made him vigilant.

He was afraid that Xion was an undercover agent sent by his opponent, so he asked people to thoroughly investigate Xion's identity. Going up the source step by step, he finally found Kairi.

After learning that Xion might be Zayne's daughter, the father ordered someone to collect the hair of the two and quietly compare the DNA. After getting the definite result, he told Zayne all this. Zayne's first reaction was shock, and his second reaction was moved.

He is really why Kairi is moved by his feelings. After that night that year, she not only gave birth to her own daughter, but also cultivated her into a talent, and quietly sent her back to him to protect his safety.

However, he was also worried about Xion's identity. After all, Xion is the illegitimate daughter of his derailed marriage. If you let your wife, children, and others know Xion's identity, then your image in their minds will be greatly reduced.

Moreover, with the wife's character, she will definitely choose to divorce herself without hesitation. Even with this mistake, nearly two decades have passed. After the old man discussed with him, the two thought of a solution, pretending not to know.

Since Xion didn't want to disclose his identity and recognize him as the father, he didn't need to take the initiative to recognize this daughter. Everyone keeps secrets in their hearts, and everything in life will not be affected by this. In the past few years, Zayne took special care of Xion and even trained her as a leader of the Banks Family master team.

He felt that even if he couldn't show Xion's fatherly love, he must arrange Xion's future properly so that she could realize her own life value in Banks' house, and let her become a master in the future, and worry about food and clothing.

But he never expected that a trip to Japan would ruin all of Xion's future, even his life.

So, how can he not suffer at this moment! Lord Banks could understand his mood at this time. He was silent for a while, and sighed after a long while, saying: "The current situation is very unfavorable for the Banks Family. We have lost so many people at once. This matter will spread before dawn. All over the country, now we are like tigers with broken teeth. I am worried that the Wade family will be the first one to be unable to hold back! So you can't get too distracted by this matter, it's best to go back to China right away and discuss it together. Now, what should I do next!"

Zayne choked and said, "Dad, I have a request, and I hope you can agree to it!"

Lord Banks hummed, "Say it, I'll listen to it!"

Zayne stared at him and said, "At all costs, we must rescue Xion!"

Lord Banks said with emotion: "Zayne, this matter is really too ruthless! It is tantamount to slap the Japanese government in the face of the whole world. They will definitely deal with this kind of thing severely. If she is rescued, the cost may be too high for you to imagine!"

Zayne said seriously: "Xion's implementation is what I meant, so I am at my fault in this matter!"

He said, "The Japanese government just wanted to catch the murderer and bring it to justice, and give the people an account. They arrested more than fifty of us, and one of the fifty-something was released. The core purpose has no effect, is it always okay to sell face?"

Chapter 1861
"Selling face?"

When Lord Banks heard this, he said with some emotion: "In this world, everything can be clearly priced. People say that the enemy of killing his father is greater than the sky. Then you give him 100 million, ten 100 million or even 10 billion, 100 billion, there is always a price that can move him."

After that, he changed his words: "But! The key is how much money it costs to buy this face? If it really costs 10 billion, or even 100 billion, do you want to buy it too?"

Zayne fell silent all at once. He really wanted to save Xion.

She is his own flesh and blood. Tiger poison still doesn't eat her, how can he watch her die?

Xion, she is the top master of the Banks Family, and she is still young, if she can be rescued, then she can make a great contribution to the Banks Family in the future. However, no matter whether it is sentiment or reason, the cost must always be weighed before calculating the plan to be implemented.

If it is really necessary to pay a price of tens of billions or hundreds of billions, the Banks Family may not agree to it. After all, apart from him and the old man, no one in the Banks Family knew that Xion was his daughter, and they thought it was a subordinate of the Banks Family.

It's fair to spend tens of millions for a subordinate. A top expert like Xion spends a few hundred million, and he just bites his teeth and accepts it.

But if you really want to spend more money, this matter will be clearly out of balance in the eyes of outsiders. At that time, even if you barely accept it, you will definitely wonder if there is any hidden truth in it.

Seeing that he fell silent, Lord Banks said with comfort: "Zayne, if Xion is the flesh and blood of the Banks Family, your daughter, and my granddaughter, I certainly hope that she will be safe, but when doing business, we must weigh the pros and cons in everything. Disadvantages, or advantages equal disadvantages, can be done, but if the disadvantages outweigh the advantages, don't force it."

Zayne asked in anguish: "Dad, tell me, how much cost and price the Banks Family is willing to bear for Xion? We also paid a great price to rescue Fitz and Zara this time... ."

Lord Banks thought for a while, and said: "If Xion is a concubine after all, her identity is shameful, so I can't equate her with Zara. Let's do it, within one billion, so that the accounting can be hidden. High, it's troublesome for other people or your wife to ask."

Zayne hesitated for a moment and said, "Well, I will try it first, and I will fly to Osaka after a while to see if I can find the key person to mediate."

Lord Banks said: "Don't go. The Japanese government has long known that you are behind the scenes, but they don't want to get into trouble with Banks' family for the time being, so they won't go further after arresting those who did it. But if you still don't understand a little bit and leave Japan as soon as possible, in case there are changes in this matter, if someone among our people confessed you, I'm afraid the Japanese government will change your mind and take you!"

Zayne thought for a while, and felt that Dad's words made sense.

In this situation, the Japanese government has more or less sold the Banks Family for a little bit of face. As long as the murderer is brought to justice, they can not hold the Banks Family accountable.

But if you don't keep a low profile at this time, and instead go to Osaka and try every means to mediate and save people, then you might be a bit shameless in the eyes of the Japanese government.

When the time comes, the Japanese government's lack of security will turn its faces.

Thinking of this, he sighed and said, "I know Dad. I will fly back from Aomori early tomorrow morning."

Chapter 1862

"Yeah." Lord Banks said: "You have to adjust yourself, don't put all your thoughts on Xion. Now the Banks Family's trouble is even greater. After returning, we will have a meeting to discuss the feasible solutions at this stage. The plan, if we don't quickly fill up the lost power, some families will be ready to move!"

"Ok, I see!"

.....

At this moment. Eastcliff, Wade family.

The major news of the Banks Family in Japan has instantly detonated the entire Eastcliff public opinion. All the families were shocked by this news, because no one expected that the Banks Family, as the top family in China, would suffer such a big loss and encounter such a big failure in Japan. However, this news is a huge bad news for the Banks Family, but for other families, it is a good news that cannot be better!

The strength of the Banks Family in Eastcliff is indeed too strong. Except for the Wade Family's barely able to fight him, the gap between the other families and him can be described as heaven and earth.

Now the strength of the Banks Family has been severely damaged. For other families, the gap with the Banks Family has naturally narrowed, so everyone is naturally happy to watch the Banks Family's jokes.

Among them, the Wade Family was naturally the most excited one, not one of them.

Lord Wade was pacing back and forth in the living room of the villa with excitement, saying, "The masters of the Banks Family have always been a problem to my heart, especially that Xion, young and strong, scary, and capable of doing things. It is very strong, and the execution is outrageous. It has always been a thorn in my eye and a thorn in my flesh. I didn't expect that this time the full fold will be in Japan! It is great!"

"Yeah!" Corran on the side was also full of excitement: "The Banks Family is really losing money this time. The top masters have been swept up by Japan. For a long time in the future, they will all have their tails in their hands!"

Lord Wade nodded and asked him, "How is Jon talking with Yuhiko Ito?"

Corran shrugged: "Jon met Yuhiko Ito at the hospital, but Yuhiko Ito doesn't seem to be interested in continuing this business at this stage, so I don't seem to be too caring."

Lord Wade said: "It is also understandable. After all, even ordinary people may not accept this kind of thing after losing his legs. What's more, Yuhiko Ito, Japan's top rich man, is understandable for a period of depression."

Corran asked again: "Then should I let Jon come back, or let him stay in Tokyo to see?"

Lord Wade thought for a while and said, "Let's stay in Tokyo first, and then visit Yuhiko Ito in two days. Maybe his attitude will loosen. Now there are still a few days before the Chinese New Year. Let Jon stay in Tokyo until the twelfth lunar month. Nine come back again."

"Okay." Corran nodded and said, "I will go to Aurous Hill tomorrow morning. It would be great if Charlie was willing to come back for the New Year!"

Corran chuckled and said casually: "It is good if Charlie is willing to come back. If not, we can't force it..."

Lord Wade said very seriously: "The Wade family itself is not considered prosperous. If Charlie is willing to come back, it will not only give the Wade family a boost, but also lock us in a marriage partner in advance. I dare not say that he can do it. The Zara from the Banks Family, but at least the Stefanie from the Banksn family is within easy reach. Marriage with the Banksn family is not bad. At least the two can be combined to suppress the Banks Family!"

Chapter 1863

Charlie's plane landed safely at Aurous Hill Airport at around ten o'clock that night. In order to give Claire a surprise, Charlie didn't tell her to come back tonight. Isaac Cameron had already arranged the convoy to pick up the plane, so when everyone got off the plane, they shared several cars and went home.

Don Albert and Liam left separately, and Isaac Cameron took the initiative to drive Charlie back to Thompson First, but Charlie naturally did not refuse.

After getting in the car, Isaac Cameron smiled and said to Charlie as he drove, "Master, this time we made the Banks Family so miserable. If the Banks Family knows about it, I'm afraid it will be desperate with us..."

"It doesn't matter." Charlie said with a smile: "The Banks Family is now hard to protect itself. It has lost so many people. I am afraid that it will not be able to recover in a few years. It must be overwhelming in recent years.

"This is..." Isaac Cameron sighed: "Xion Banks, who was so distracted by the people of Eastcliff, was also brought in by you. The Banks Family really suffered a heavy loss this time."

"Xion?" Charlie frowned and asked, "Who is Xion?"

Isaac Cameron said: "This is the woman you greeted her on the plane. She is Xion, one of the strongest players in the Banks Family."

"Oh?" Charlie asked curiously: "Is she the heir of the Banks Family?"

"No." Isaac Cameron said: "It just happened to be Banks. She joined the Banks Family at the age of 18 and it has only been three years now. However, in the past three years, there has been a lot of noise, and the strength is really intolerable. Look down."

Charlie nodded lightly and smiled: "Unfortunately, I don't have a chance to discuss with her."

Isaac Cameron laughed and said, "Master, she is also a master among ordinary people. How can she be compared with you? If you just say a word of thunder, I think Xion will turn to ashes!"

Charlie said indifferently: "Thunderstorm this kind of thing can't be used too often, I have the opportunity in the future, I still hope to learn from real martial arts masters."

Isaac Cameron said: "The national martial arts masters are basically in Eastcliff. Some of them serve the Order and some serve the top families."

Charlie smiled slightly: "If you have the opportunity, you can go to Eastcliff again."

While talking, Isaac Cameron's cell phone rang suddenly.

He kept his cell phone on the cell phone holder in the car. He looked down and exclaimed: "Master, it is your aunt who is calling..."

"My aunt?" Charlie frowned, and the image of a young woman appeared in his mind.

He had an impression of his aunt. Aunt Corran was two years younger than his father. He was not close to his father before, and naturally he was not so close to a family of three.

In his memory, his aunt was a relatively snobby woman, because he felt that the uncle was the eldest son, so the aunt had been close to him since he was a child.

Moreover, because the uncle and dad were a little uncomfortable, the aunt stood in the uncle's camp. Before, she always tried every means to help the uncle run against her dad. This was what bored Charlie.

Isaac Cameron was also a little puzzled at this time, saying: "I have no contact with your aunt. I don't know why she called me suddenly, so I will answer it first."

"Good." Charlie exhorted: "Don't disclose any information about me."

"Good master!"

Isaac Cameron said, reaching out and pressing the answer button.

As soon as the phone call, he respectfully said: "Hello, Miss!"

Isaac Cameron was a subordinate of the Wade family, and the subordinates called the main family. Except for the old man, Corran, Bruce and Corran were all young masters and young ladies.

Chapter 1864

As for Charlie's generation, they are generally called Young Master and Young Miss.

On the phone, Corran spoke with a high-pitched tone, "Isaac, are you in Aurous Hill recently?"

Isaac Cameron hurriedly said respectfully: "Miss Im back, I'm in Aurous Hill."

Corran gave a hum, and said, "Tomorrow, vacate the presidential suite of Aurous Hill Shangri-La Hotel, and arrange for a convoy to pick me up at the airport. I will fly there in the morning."

Corran usually travels by private jet, so there is no specific departure time at all.

Get up early and go a little earlier; get up late and go a little later.

After listening, Isaac Cameron asked in surprise: "Miss, you are coming to Aurous Hill?! I don't know what else needs to be prepared next?"

Corran asked, "What has Charlie been up to lately?"

"Master Wade..." Isaac Cameron glanced at Charlie, who was expressionless in the back seat, through the rearview mirror of the car, and said: "Master Wade is not busy, he should be at home with his wife. Right."

Corran said in a somewhat contemptuous tone: "The dignified young master of the Wade family, it's fine to join a low-class family in a third-rate city. Give him an Emgrand Group. If he doesn't manage it well, he only knows how to stay home with his wife and do housework every day. System!"

Isaac Cameron was embarrassed and didn't know how to answer the conversation for a while. After thinking for a while, he asked, "Miss, are you here this time to see Master Wade?"

"Right." Corran said, "Tomorrow night, let Charlie come to Shangri-La to see me, so I will invite him to dinner."

Isaac Cameron hurriedly said, "Oh, well, I'll talk to Master Wade later."

"Yeah." Corran said: "By the way, I am a person who recognizes a bed when sleeping. What brand of bed does the master bedroom of your presidential suite use?"

Isaac Cameron thought for a while and said: "It seems to be the black label series of Simmons in the United States, all imported with original packaging."

Corran blurted out: "Replace it! Change to a bed from Swedish Heisteng, and ask for their high-end series."

Heisteng's bedding can be said to be the most expensive bed in the world. Any entry-level mattress costs hundreds of thousands, and a high-end series mattress costs millions.

If you add the bed frame, at least two million.

Even a five-star hotel would not use such an expensive bed.

But now that Corran has spoken, Isaac Cameron can only agree and say: "Miss, Aurous Hill should not have a Heisteng store. In this way, I will arrange someone to buy it at Highland Falls tomorrow morning, and then drive it back to you to replace it."

"Yeah." Corran's voice sounded satisfactory, and continued: "Yes, there are quilts. I want to cover the quilt made of Icelandic goose down. You bought it for me."

Iceland goose down is the world's top and most precious and rarest top down. It uses soft down on the breast and underarms of the Iceland goose duck. It is very precious and is made into a quilt, which costs at least one million. .

In other words, if Corran came to stay one night, just preparing the bed and quilt would cost at least three million Dollar.

Isaac Cameron did not dare to have any doubts, and immediately said: "Good eldest lady, I will do everything tomorrow."

Corran hummed: "Okay, so be it, hang up."

After speaking, he directly hung up the phone.

Charlie frowned at this moment and asked: "My aunt, suddenly coming to see me, what kind of medicine is sold in the gourd?"

Chapter 1865

Hearing Charlie's question, Isaac Cameron was also puzzled: "Master, to be honest, I don't know your aunt. In my capacity, it's actually difficult to have direct contact with the Wade family's direct members. Steward Thompson will have more daily contact with them. Why don't you call and ask him?"

Charlie waved his hand and said indifferently: "Forget it, it doesn't make sense to call and ask. Soldiers will stop you and the water will cover you. Let's see what she wants to do first."

Isaac Cameron asked again: "Then will you go to dinner with your aunt tomorrow?"

Charlie nodded: "Go, if you set a time, tell me directly when the time comes, and you won't use it to pick me up, I will go by myself."

"Ok!"

Charlie thought of her aunt's previous appearance. In her mind, she was a relatively mean woman. When she was five years old, she married a young master from a quasi-first-line family in Eastcliff, and later gave birth to a son. , I don't know.

So Charlie asked Isaac Cameron: "Isaac, what is the status of my aunt at Wade's house now? It stands to reason that she is married, so she should not be able to intervene in her family's affairs anymore?"

Isaac Cameron replied truthfully: "Master, your aunt has separated from her lover a long time ago, and since the separation, she moved back to the Wade family."

Charlie frowned and asked, "Separated? What's the matter?"

Isaac Cameron chuckled and said, "In fact, we shouldn't say such things, but since you asked, Master, I will tell you..."

Immediately, Isaac Cameron gave a slight pause and explained: "When your aunt married to the Bass family, although the Bass family was not as good as the Wade family, it is still a quasi-first-line family in the entire Eastcliff family. The overall strength is also very good. However. Six or seven years ago, the Bass family bet on the steel industry and invested a lot of money to build a steel group. It coincided with the continuous collapse of the steel industry, so the Bass family also lost a lot of money, and the family industry lost at least half."

Speaking of this, Isaac Cameron smiled helplessly: "Since the Bass family is gone, your aunt has always wanted to get a divorce, but the master felt that the divorce was detrimental, so he didn't let her leave. Fortunately, your aunt moved from the Bass family. Come out, go back to the Wade family, and then start working in the Wade family again."

Charlie nodded lightly and hummed: "It seems that my aunt is not a fuel-efficient lamp."

Isaac Cameron smiled and said: "Your aunt's temper is really bad, and she is also famous in Eastcliff, so when you meet with him tomorrow, if there is something wrong, don't be too impulsive."

"Okay, I see." Charlie smiled faintly and said: "In fact, you can guess without thinking, she probably wants me to return to Wade's house."

"Yes." Isaac Cameron agreed and said: "I think so, but Steward Thompson said that the master really wants you to go back. Considering that you may be more resistant at first, so I didn't make this matter clear."

Charlie smiled and said, "This time the Banks Family's accident, the Wade family should be very happy, right?"

Isaac Cameron also smiled and said, "You really did a great favor to the Wade family. The Banks Family has not suffered such a big loss in many years. Master should be very happy."

Charlie put away his smile, sighed, and his eyes became more determined and said: "These two families, whichever one is the only one, is cheaper than the other. One day, if you can step on them together, it will be considered a real success! "

.....

When Isaac Cameron drove to the door of Thompson First, it was already eleven o'clock at night. Charlie carried the suitcase, walked into Thompson First alone, came to the door of his villa, swiped his card directly into the yard.

The room was brightly lit. Charlie opened the door directly with fingerprints before his wife and father-in-law were asleep. At this time, Claire, Jacob and Elaine's family of three are sitting in front of the living room, watching TV intently.

Chapter 1866

Claire heard the door ring, turned his head and found that Charlie turned out to be back. She ran over to him in surprise, and exclaimed in excitement: "Husband, why are you back today? Yesterday's video was not. Say it might have to wait two days?"

Charlie smiled and said, "Didn't that want to surprise you!"

After speaking, Claire ran up to him and plunged into his arms. In the past few days that Charlie went to Japan, Claire missed him every night. Before that, she rarely felt this way. Charlie missed her when he went to Eastcliff, but he didn't think so much.

Therefore, when she saw Charlie suddenly come back, she ignored her all-time reservedness and hugged him directly. Charlie didn't expect that his wife would hug herself directly in front of the old wife and mother-in-law, and for a while, she was a little delighted and embarrassed.

So, he said to Claire: "Wife, if you want to hug, you have to wait until you return to the house. After all, your parents are still watching."

Claire also recovered and blushed all of a sudden.

She was a little shy and fearful and said: "We just watched TV. It turned out that there was a massacre that killed more than 30 people in Japan a few days ago. It was really scary!"

Charlie asked in surprise: "Has it been reported in China?"

"Yeah!" Claire nodded and said seriously: "Several TV stations are broadcasting, and it seems that they are still sending out troops to arrest suspects at the airport. The suspects alone arrested three buses. The law and order in Japan is also terrible. Now, I knew it was so messy over there, and I couldn't let you go if I said anything!"

Charlie smiled and said, "I don't know how messy there is, but it should be an accident."

Elaine had already ran over happily at this time and said excitedly: "Oh my dear son-in-law, you are finally back! You don't know how much your mom missed you when you went to Japan these days!"

Jacob immediately dismantled the platform from the side and hummed: "You don't miss Charlie, you are thinking about what they brought you!"

Elaine immediately glared at Jacob and cursed: "Jacob, you don't fart! The Lady said it from the bottom of my heart. Even if my good son-in-law doesn't bring me anything, I miss him!"

Elaine finished cursing in this voice, immediately turned to look at Charlie, and asked with a smile: "Good son-in-law, have you come back this time, have you brought a gift for mom?"

Charlie nodded: "Take it, take it all."

With that, he took out the gift he bought.

He first took out the ring that was given to Claire, handed it to his wife's hand, and said, "My wife, this is for you. Open it!"

Claire asked in surprise, "What is it?"

Charlie smiled and said, "You'll know by unpacking and taking a look."

Elaine also hurriedly urged: "Claire, you quickly open it, and let Mom open her eyes to see what gift the good son-in-law has prepared for you!"

Chapter 1867

Seeing that Elaine was already full of eagerness, Charlie put the suitcase on the ground and was about to open it.

Elaine, who was on the side, could no longer hold it back, squatted down and said flatteringly: "Oh, my son-in-law, how can this kind of thing be bothering you? Mom will help you get it!"

Charlie smiled helplessly and did not object.

Elaine opened the box and saw a huge boss bag on the top. He couldn't help but said, "Hey, this boss should be men's clothing, right?"

Charlie nodded and said, "This is the suit I picked for my dad. He is the standing director of the Painting and Calligraphy Association now. He always has social activities and so on. He is also a leader, and he is a little dignified to go out!"

Jacob was excited on the side: "Oh, Charlie, you are really a good son-in-law of Dad! Dad has always wanted to buy a suit that can be worn out to drink tea, but he has been reluctant to start, but I did not expect you to do it for Dad! Dad! Thank you so much!"

Elaine curled his lips, took out the suit bag and threw it at Jacob's feet in disdain, and said contemptuously: "Your old thing is also worthy of such a good suit? Don't look at your old face, are you worthy?"

Jacob angrily said, "Why am I not worthy? I am in my early 50s and I haven't gotten blessed yet. Unlike you, my body is not out of shape!"

"What are you talking about?!" Elaine suddenly exploded, and blurted out: "You dare to say that my Lady is out of shape?! Isn't she tired of life and crooked?"

Jacob hurriedly shrank his neck and said angrily, "I was just kidding..."

Elaine glared at him fiercely, and then said to Charlie: "Good son-in-law, what boss suit do you buy for him? Just his old thing, wearing a fake is worthy of him. I saw you last time. The fake Rolex I found for him is not bad, and it's good enough to match his bad old man!"

Charlie smiled and said, "Mom, Dad's suit doesn't have much money. It's a discount. The gift I bought for you is much more expensive than this."

When Elaine heard this, she immediately smiled and said happily: "Really? Ouch! My good son-in-law loves me! What gift did you buy for mom, show it to mom!"

Charlie took out the two Tiffany boxes, and handed the larger one to Elaine.

"Mom, this is for you."

Elaine looked at the Tiffany logo on the package and immediately danced with excitement: "Oh! Tiffany! This...this is a big international brand!"

Having said that, she immediately opened the package and couldn't wait.

After that, she opened the exquisite Tiffany jewelry box again, and when she glanced at it, she found a golden bracelet full of diamonds lying inside, and she was suddenly surprised!

"Damn! I know this bracelet! It sells for hundreds of thousands in China! It's certainly not cheap to buy in Japan?"

Charlie smiled and said: "Mom likes it, it doesn't matter if you have more money or less."

Elaine smiled: "Why don't I say that my son-in-law is the best!"

After finishing speaking, hurry up and put the bracelet on your hand, and watch carefully from all angles under the light. While observing, he exclaimed: "This Tiffany thing is done well! The workmanship is fine, and there is no fault at all! Wear! It's so good with my temperament in my hands."

Although Jacob secretly curled his lips on the side, he did not dare to say anything ironic.

At this time, Charlie took out another smaller gift box from the box and handed it to his wife Claire.

Chapter 1868

"My wife, this is for you, open it and see if you like it!"

Claire was surprised and said: "Bought it for me too? Husband, it is not easy for you to make money. You usually don't see you spend money for yourself, and you always buy things for me when you go out..."

Elaine hurriedly said: "Silly girl, Charlie is an absolute model of a good man who loves you, loves you, and spoils you! Look at your dad, this old stingy man. When did you give me any valuable things? "

Jacob said angrily: "You used to control the financial power of the family. I don't even have pocket money. What can I give you something?"

Elaine sipped: "I'm pooh! Even if my husband has no money, he will do everything possible to give things to his wife. How about you? You will make excuses for having no money. Haven't you hidden private money yourself for so many years? "

Jacob picked up the suit Charlie gave him and hummed: "I won't tell you about these useless ones. I will go back to my room and try the suit my good son-in-law bought me! It will happen that the Calligraphy and Painting Association will have activities tomorrow. I will wear this new suit then?!"

Claire had already carefully unpacked the gift box.

When she saw a brilliant diamond ring lying in the jewelry box, she was shocked and covered her mouth!

Elaine's eyes widened several times and exclaimed: "My mother! Such a big diamond?! Why should there be a three carat?!"

Charlie smiled and said: "Then you really know the goods, the main diamond on this ring is 3.2 carats!"

"Oh!!!"

Elaine felt his scalp numb, and exclaimed: "So big?! This is not a million dollars?!"

Charlie smiled and said, "Renminbi is only eight hundred thousand Dollar!"

"It's only eight hundred thousand?!" Elaine touched his chest, and said with emotion: "My dear! My son-in-law is really good at it! Eight hundred thousand diamond ring, only eight hundred thousand, really. Great wealth! Great! Great!"

Claire beside him couldn't help being shocked, and said, "Charlie, you are busy running around every day, and it is not easy to make money. Why buy me such expensive things... The ring is so expensive, I can't wear it out, isn't it a waste of money..."

Charlie said seriously: "My wife, we have been married for so long and haven't bought you a ring. Just treat this ring as my belated wedding ring for you!"

Claire's eyes were moved with tears.

She looked at Charlie and choked: "If you really want to buy a wedding ring, then you can buy one for 20,000 or 30,000. Don't buy such an expensive one..."

As she said, she wiped her tears and continued: "And look at you...every time you just buy things for me and parents, but never buy things for yourself, how can I live in my heart? Go willingly..."

Charlie smiled slightly, took out the ring, and took his wife's right hand, and said seriously: "Claire, it is my blessing to marry you. Thank you for your persistence for so many years. This ring is what I do Husband owes you what you owe, now I will make up for you, you must accept it!"

"Yeah!" Elaine also helped to echo: "Daughter, look at how good Charlie is and take you so much! You must have a good time with Charlie. The most important thing is to have a baby quickly. !"

Claire was still moved by Charlie's affectionate confession, but when he heard this, he blushed immediately.

At this time, Charlie carefully put the ring on her right ring finger and said with a smile: "Wife, company is the most affectionate confession, thank you for being with me all these years!"

Chapter 1869

At this time, Claire was already moved to tears. Looking back on the years of marrying Charlie, she was also filled with emotion deep in her heart. Back then, grandpa insisted on letting himself marry Charlie, he didn't understand, and the whole family strongly opposed it, but grandpa still used his majesty to make himself compromise.

However, forced marriage made her misunderstand marriage from the beginning. After marrying Charlie, the marriage she thought was to follow her grandfather's request and be Charlie's wife. The two would live together like that. It doesn't matter whether it is suitable or not, it doesn't matter whether they like it or not.

Therefore, the two have respected each other for a long period of time. Although they are nominally husband and wife, they are actually just strangers living under the same roof.

Especially when he first got married, Claire also suffered strong pressure from all sides because of Charlie's identity.

At that time, everyone was in her ears and kept telling her: Charlie is a trash, a d*ck, and a rubbish. She shouldn't be with Charlie, and divorce Charlie quickly. But for her at that time, since she chose to marry him, no matter whether she was willing or not, she didn't want to embark on the road to divorce.

After all, Charlie has never done anything to miss. Later, in her post-marriage life with Charlie, she gradually saw the shining points on Charlie's body, and gradually developed a little affection. However, she has never understood what it is like to like and love. After all, Claire had never been in a relationship before, and she was relatively ignorant and stupid about feelings, so that the two of them had been so confused to this day.

And now, facing Charlie's affectionate confession, she suddenly felt a feeling of extreme acceleration in her heartbeat, which made her short of breath and dizzy. Of course, she was moved to tears. Elaine on the side saw this scene with joy in his heart. She really felt that Charlie was indeed a good son-in-law who could stand the test.

In the past, those rich second generations who liked Claire, although they were extremely flattering to themselves, there were few who could really do Charlie's step. Looking back on the past, she treated Charlie so much and insulted Charlie so much. Charlie still took his son-in-law's respect for his mother-in-law and always called her a mother. From this point of view, Charlie is a good young man who repays his grievances with virtue.

What's more, she has repeatedly caused serious disasters, and in the end it was Charlie who helped her settle, and even saved her life more than once. These are classic models for repaying morality!

The most important thing is that Charlie is finally promising now. A Thompson First villa worth more than 100 million Dollar and two BMW cars were all earned by Charlie. Every time he went out to show others Feng Shui, he would buy many expensive gifts.

Such a son-in-law, to be honest, is really hard to find with a lantern. Moreover, he is really good and caring for his daughter, which is even more rare.

So she hurriedly said to Claire: "Claire, Charlie must be tired after flying back so late. You two should go back to the room and take a shower together and go to bed early!"

"Ah?" Claire was startled, his face flushed immediately, and said at a loss: "Mom...you...what are you talking about...what together Take a bath..."

Elaine said solemnly: "Isn't it normal for a couple to take a bath together? It just so happens that the bathroom in our big villa also has a luxurious bathtub. That bathtub is suitable for two people. You can also wipe Charlie's back or something. , How great..."

Claire was so embarrassed that she couldn't wait to get away. Although she is now more than 20 years old, in fact, she is still a little girl who has never been in a relationship before. Elaine suddenly asked her to take a bath with Charlie and asked her to wipe Charlie's back. She couldn't adapt at all at all, she was ashamed and embarrassed.

Chapter 1870

Charlie knew that his wife was a shy woman, and she had no experience in that aspect. How could she be able to hold Elaine's ridicule.

So he hurriedly said: "Mom, at first I feel thin-skinned, so don't shame her."

Elaine smiled and said, "Claire, have you seen it? Charlie thinks more of you!"

As she said, she stretched her waist and said, "I won't talk to you anymore. I have to go back to my room and take pictures of my bracelet. You guys should rest early!"

While talking, Jacob walked out of the elevator wearing a brand-new boss suit.

As soon as I saw the three of them, I walked around the elevator entrance with a smug look, and smiled: "Look, we old Wilson still has some foundation, this suit is almost tailor-made, you just say I have this figure. It's rare in the world to be blessed in the fifties!"

At this time, Jacob, wearing a high-end and decent suit, did look very stylish. In addition, he did a good job in body management. At first glance, he really did not look like a person in his 50s.

But Charlie knew very well in his heart that Jacob was actually a lazy man, and he didn't exercise much at all. The reason why he could keep his figure so good was completely tortured by Elaine for so many years.

Although Elaine has converged a lot now, the former Elaine is simply a female devil. Whoever puts on a wife like this will be awful and dying. She is bored and bored every day. She doesn't even have any appetite for eating, and she doesn't want to gain weight. It's too possible.

So Charlie praised: "Dad, you are dressed like this, and you look like you are forty years old. You really have a very good temperament!"

"Yeah! Hehehe!" Jacob smiled triumphantly, and said: "I was in college back then. It was also a famous school grass, not much worse than those little fresh meats now!"

Claire shook his head helplessly: "Dad, when can you be a little humble? If you say this, it will make people laugh!"

Jacob curled his lips and said, "What are you afraid of? Your father, I put it in the pile of old men. That is definitely one of the best. To use an idiom to describe it, it's called a triumphant crowd!"

Elaine looked at Jacob, who was young and style, and felt really uncomfortable.

She couldn't help thinking in her heart: "Jacob's dog stuff, it's really like that to clean up! It's my figure, I've been getting blessed all these years, and I'm getting a little out of control! During this period of time at home, my legs have been injured. , And even a serious lack of exercise, which leads to continuous weight gain! No! I must lose weight and get back to my body! Nothing can make her compare Jacob!"

So Elaine gave Jacob unconvinced a glance, did not speak to him, but said to Charlie and Claire: "I'm back to the room, and you two will go back to rest soon."

Claire blushed and responded, "Okay mom, let's go back to the room and rest!"

Jacob also said: "Charlie, you go back to your room early to rest. You must be tired after running around for so many days. Let Claire put some hot water for you and take a good bath!"

Claire couldn't help but feel ashamed when she thought of what his mother said just now, but when she thought about it, her husband was really working hard. Taking a bath can relax a lot, and the feeling of exhaustion will definitely be greatly improved.

So she said to Charlie: "Charlie, you can chat with your dad for a while, I'll go up and give you some water, and you can take a bath in ten minutes."

Charlie nodded.

After Claire and Elaine took the elevator upstairs together, Jacob pulled Charlie to make him a cup of tea to relieve his fatigue.

As soon as Charlie sat down, the phone buzzed.

Looking down, it was an unfamiliar number from Eastcliff, so he stood up and said to Jacob, "Dad, I'll answer the phone."

Jacob said: "I'll answer the phone right here, go out?"

Charlie nodded: "The customer is calling."

After speaking, he stepped out of the door.

When he came to the yard, Charlie pressed the answer button and said, "Hello, who is it?"

On the phone, a woman's enthusiastic voice came: "Oh, Charlie, I am your aunt! For so many years, aunt really misses you so much!"

Chapter 1871

If it weren't for the phone call between his aunt and Isaac Cameron on the way home, Charlie at this moment would really believe that the enthusiasm of the woman on the phone really came from the heart.

So, he simply pretended to be very surprised, and said with a smile: "Auntie, it's really you? Why would you remember to call me?"

Corran actually didn't want to call Charlie either.

She had already passed the order to Isaac Cameron, so that Isaac Cameron would directly inform Charlie to go to Shangri-La for dinner tomorrow.

However, Mr. Cameron came to her specifically just now and asked her to call Charlie herself.

But it can also appear that she is more sincere, and, after all, she and Charlie have not seen each other for so many years. A call ahead of time to get in touch with each other is tantamount to warming up in advance. For the next plan to persuade Charlie to go home, also Will help.

So she smiled and said: "Charlie, I haven't seen you for so many years, aunt has always been thinking about you. I wanted to see you in Aurous Hill a long time ago, but I heard Stephen Thompson say that you don't want to come back temporarily, so I just I didn't bother you..."

With that said, she asked with great concern: "Charlie, how have you been all these years?"

Charlie felt a little nauseous in his heart, but he kept politely saying, "Everything is fine for me, thank you aunt for your concern."

Corran breathed a sigh of relief and said with a smile: "You have a good time, auntie can't be more pleased!"

After that, she said again: "By the way, Charlie, aunt called you, mainly because I want to go to Aurous Hill to see you tomorrow and ask you out for a meal. I wonder if you have time?"

Charlie asked in surprise, "You are coming to Aurous Hill tomorrow?"

"Yes!" Corran said: "Actually, aunt wanted Isaac Cameron to notify you, but I thought about it, our aunts and nephews have not seen each other for so many years, so we still call you personally."

Charlie smiled and said, "Okay, when will you arrive tomorrow, I will invite you to dinner!"

Corran smiled and said, "Let's have dinner in Shangri-La tomorrow night. I have already made Isaac Cameron ready."

"Okay." Charlie did not hesitate, and agreed without thinking, "Then see you in Shangri-La tomorrow night."

Corran smiled and said, "Well, well, then we'll see you tomorrow!"

Charlie hung up Corran's phone, the smile on his expression gradually disappeared. He has no affection for all the people surnamed Wade, whether it is his grandfather, his uncle, or his aunt. Before investigating the cause of his parents' death, the Wade family was the biggest suspect in his eyes.

Back in the room, Claire had already set a bath water for him. After taking a bath, Charlie went back to bed to sleep with Claire. Claire, like a child waiting to hear the story, asked him if he had encountered any interesting things in Japan. Charlie told Claire what had happened between the three big families in Tokyo.

However, he deliberately picked himself out of this series of events, not daring to let Claire know that he was deeply involved in it. He just told Claire that his clients in Japan happened to have some relationship with these families, so he got some first-hand inside information. Claire was shocked to hear Charlie talk about these incredible things.

The elements of big family, ninja, and assassination sound not only incredible, but also new. Therefore, Claire was very happy to listen to it, and entangled Charlie to talk about it very late.

Chapter 1872

The next day, Claire got up early to go to work at the company.

Charlie had eaten breakfast made by Elaine, and spent the whole day thinking about Corran's affairs.

Since Stephen Thompson found himself, until now, the Wade family has never directly appeared in his life.

For Charlie, he also liked this situation where he didn't have to deal with the Wade family.

However, Corran broke the silence between himself and the Wade family this time, which also means that the Wade family has begun to want to win over themselves, and for whatever purpose they do not want to stay in Aurous Hill.

Even if I saw my aunt today and refused her request, the Wade family would definitely not give up.

It seems that the Wade Family will become a long-term trouble for himself in the future.

.....

At 5:30 in the afternoon, Charlie said hello to his mother-in-law Elaine, telling her that she would have something tonight and not eat at home.

Later, he went out alone and took a taxi to Shangri-La.

Isaac Cameron wanted to pick him up by car, but Charlie refused.

The Wade family always thought that Isaac Cameron was theirs. If Isaac Cameron behaved too diligently to him, the Wade family might be aware of the abnormality.

When Charlie arrived at the Shangri-La catering department, Isaac Cameron was already waiting here in person.

Seeing Charlie arrived, Isaac Cameron immediately stepped forward and said respectfully: "Master, you are here."

Charlie nodded and asked him, "Where is my aunt? Is she here?"

"Here." Isaac Cameron wiped the sweat from his forehead and whispered: "Your aunt said that she was a little tired. I arranged for a spa technician to go to her room to serve her. It will take more than half an hour to finish the work. ."

Charlie smiled faintly: "All right, then take me to the box first."

Isaac Cameron hurriedly said, "You two will have dinner in the sky garden tonight."

Charlie couldn't help but frowned. He remembered the Sky Garden, where the wedding he had made up for Claire was held there.

The Sky Garden is a huge banquet hall with no boxes and translucent glass around it. It is usually a dining place for top Shangri-La members. Choosing to eat there will inevitably be seen by other guests.

So Charlie asked him, "Are there many guests tonight? In case many people see me having dinner with her, and then recognize her, it might expose my identity."

Isaac Cameron shrugged and said, "Don't worry, Shangri-La tonight has completely cleared the entire catering department. Whether it is the outside box or the sky garden, there are no other guests tonight."

Charlie asked in surprise: "It's not enough to clear a sky garden? The boxes, Chinese restaurant and western restaurant outside are also cleared?"

"Yes." Isaac Cameron said: "The catering department will only entertain you and your aunt tonight."

Charlie said awkwardly: "There is no need to toss like this, just find a higher-grade box?"

Isaac Cameron lowered his voice and said in Charlie's ear: "Master, you may not know your aunt, she has always been like this."

After speaking, Isaac Cameron said again: "Your aunt usually has eyes above the top, and she has always sneered at a third-tier city like Aurous Hill, and asked her to eat with locals in a third-tier city like this. In her eyes, An insult to her..."

"What score?" Charlie said with a bit of disgust: "No matter how big the shelf is, don't you still have to eat, drink and sleep like ordinary people? What's the point of doing this kind of specialization everywhere?"

Chapter 1873

Charlie stepped into the restaurant department of Shangri-La. The huge food and beverage department is indeed empty today. The waiters also evacuated a lot. According to Isaac Cameron, he was afraid that there would be too many waiters, which made Corran upset.

Charlie walked through the outer restaurant of the catering department and came directly to the Sky Garden in the center. In the Sky Garden Banquet Hall at this time, the eighty-eight banquet tables have been completely removed, and only one is left in the center. Well-made Western-style dining table.

Charlie didn't need to think about it. The removal of the eighty-eight banquet tables and chairs must have been instructed by his aunt. Therefore, he felt a little upset in his heart. Although Charlie hadn't met this aunt until now, Charlie felt very disgusted in his aunt's style of being a relative of the ancient emperor. Even if Charlie now has nearly 60 billion Dollar in cash in his bank card, Charlie still has no intention of showing off.

Not to mention that eating a meal is a waste of time and money, even if he is allowed to eat a bowl of beef noodles for ten Dollar at a roadside ramen restaurant, he will not feel anything wrong. Moreover, in order to have a meal, the entire Shangri-La field and the entire Sky Garden were emptied, and it was really impossible for Charlie to experience any superiority.

On the contrary, this will make him very repulsive and resistant. Accompanied by Isaac Cameron, Charlie came to the only table. The dining table is about two meters long and one meter wide, with two seats placed at both ends.

Isaac Cameron personally opened one of the seats for Charlie and said, "Master, I have to apologize for waiting here for a while."

Charlie nodded lightly and said, "Okay, go ahead and wait for her on my mobile phone."

Isaac Cameron asked hurriedly, "Master, would you like to drink something first, I'll let someone help you prepare it."

Charlie said, "Just give me a glass of boiled water."

"Good young master."

Charlie sat at the dining table alone, fiddling with her cell phone, just in time to receive a message from Nanako Ito: "What is Charlie doing?"

Charlie smiled knowingly when he saw her message, and replied, "Preparing to eat outside, how about you?"

Nanako Ito replied: "I just came back from the hospital and accompanied my father in the hospital."

Later, Nanako Ito sent another message: "Charlie, does your wife like the ring you gave? Is the size of the ring still appropriate?"

Charlie replied: "I like it, thank you for helping me try the ring, the size of the ring is also very suitable."

Nanako Ito sent a smiling face and said, "That would be great! It will be the Chinese Lunar New Year in four days. Nanako wishes Charlie a Happy New Year in advance!"

With a smile on his face, Charlie typed his fingertips and replied: "Thank you! How is Mr. Ito's body recovered?"

Nanako Ito replied: "The doctor said that after a few days of training, he can be discharged from the hospital."

"That's good." Charlie just sent these three words, and at the entrance of the Sky Garden, a woman dressed in luxurious and splendid walked in.

This woman looked at her age about forty years old, wearing a limited edition Chanel costume, with short and medium hair dyed in yellow. Her face was not beautiful, except for her indifferent appearance. Kind of very mean feeling.

This woman is Charlie's aunt, Corran.

Chapter 1874

Corran walked very fast, the stride meteor came in and went straight to the dining table where Charlie was.

And Isaac Cameron followed her step by step with a respectful attitude.

When Charlie was still a few meters away, Corran smiled and said, "Oh, Charlie, I haven't seen you for so many years, and he has grown into a handsome young man!"

Charlie looked at Corran and found some childhood memories on her face.

So he laughed at himself and said, "I will be 27 years old soon, and I am not a big or small guy anymore."

Corran looked very intimate, and said with a smile: "Oh, you look so much like your dad! It's like a mold!"

Charlie nodded and smiled: "Compared with the previous years, Auntie seems to have not changed much."

Corran laughed and said: "A dozen or twenty years have passed in a blink of an eye, and I am almost 50 years old. How could it be the same as before."

At this time, Isaac Cameron had already taken Corran's seat away carefully.

When Corran sat down, he glanced at Charlie's side, and saw that Charlie had always been sitting on the chair, but he hadn't stood up before he took a seat. She couldn't help feeling a little dissatisfied.

According to the rules, the younger generation at the dinner table should stand up and wait respectfully when the elders arrive. If the elders speak, the younger ones must bend over and lower their heads to listen carefully; If the elder is seated, the younger must wait until the elder is seated and when the elder indicates that he can sit.

But Charlie did well, his butt looked like he was on a chair all the way, not to mention standing up, he didn't even bother to move. Corran felt annoyed all at once.

She actually didn't have a good impression of Charlie. If Charlie keeps missing, never show up again, it is naturally best for her. But I didn't expect that this kid had been missing for so many years, and suddenly jumped out to divide the assets of the Wade Family. What made her even more unacceptable was that the old man gave him an Emgrand Group and 10 billion cash was not enough, and he wanted to return him to the Wade family.

She looked at Charlie, who was dressed in ordinary clothes, had an easy-going temperament, and had some ignorance of etiquette, and she said in her heart: "What qualifications does such a person have to return to the Wade family? Any direct member of the Wade family has received aristocratic education since childhood. Then he went abroad to receive advanced studies. Compared with Charlie, who only spent a year as a senior in Aurous Hill, it is almost heaven and earth. Letting such a semi-illiterate return to Wade Family will definitely lose Wade Family's face!"

However, although Corran didn't like Charlie very much in her heart, she did not dare to refuse the father's explanation. After all, after she and her husband were completely separated, her wishful thinking was to return to the Wade family, so that in the future, she would get a share of the Wade family's family.

But after all, she was a married woman, and she wanted to return to her natal family to separate the family property. She herself was very repelled by Corran and Myles her brothers.

In this case, if Corran still wants to get some of his assets, she must have her father's strong support. Therefore, she has always been the only one in the Wade family. She usually has eyes above the top, no one is in the eye, and everyone dared to contradict her, but she did not dare to disobey the old man.

Moreover, whenever the old man confessed to her, she always went all out to make the old man happy.

Therefore, she also warned herself in her heart: "This time, I have to do the things my father arranged for me beautifully! Let's not say that I can persuade Charlie to return to the Wade family, at least let Charlie agree. For the Lunar New Year, I have to go back to Wade's house to spend time with the old man!"

Thinking of this, she suppressed her dissatisfaction with Charlie, and said with a smile: "Charlie, you have really suffered in Aurous Hill these years. My family hasn't seen you for so many years, and all of them miss you very much. When do you want to go home and have a look?"

Chapter 1875

"Go home and see?"

Charlie couldn't help but smile when he heard these four words.

Corran saw that he had a fake smile on his face, so he said, "Charlie, people say that you are leaving home to be the boss. Now that you are no longer young, you should go back and have a look after you have been away for so many years."

Charlie nodded, agreeing: "You are right. After leaving for so long, I should take time to go back and have a look."

As he said, he smiled and said, "Well, I'll arrange a time later, and I will check it out if I have time."

Charlie seemed to have agreed to Corran's proposal, but in fact it was nothing more than a drag formula.

After a while, to arrange another time, it is basically tantamount to nowhere. Anyway, his only idea is to deal with today.

Of course, Corran also knew Charlie's plan, and immediately said, "Charlie, don't have any resistance to your family. Family has always cared about you very much. Don't forget, your grandfather heard that you were after Aurous Hill. , Immediately asked Stephen Thompson to send you the Emgrand Group and 10 billion in cash. It is reasonable and reasonable. You should also go back and see his old man, what do you think?"

Charlie asked back: "Aunty, is it true that I just have to go back and have a look, and this matter is even settled?"

Corran's dissatisfaction has grown stronger.

In her opinion, Charlie was indeed a little ignorant of good and bad.

Wade Family asked him to come all the way to ask him to go back. This is already a shame for him. If he knows a little bit, he should immediately agree to it, and then go directly with his plane back to celebrate the New Year.

Unexpectedly, he actually played Tai Chi with himself here, and he even said nothing.

So, she said to Charlie with a slightly displeased expression: "Charlie, your grandfather invested 110 billion Dollar in you. This amount of money is nothing to the Wade family, but it is purely from Quantitatively speaking, it is definitely a huge sum of money. Is it possible to invest so much in you so that you can only go back and take a look?"

Charlie looked at Corran and asked seriously: "Auntie, what exactly does the Wade family want from me? You don't have to hide it here. Let's open the skylight to speak up."

Corran hesitated for a moment, then nodded and said, "Well, since you said that, then I won't go around with you."

As he said, Corran sat up straight and said with a serious expression: "Your grandfather meant to let you go back to Wade's house to spend a reunion year together. Then, Aurous Hill, you must hurry up and stop."

Charlie raised his eyes and asked with interest, "Did it break? What happened?"

Corran said: "You are nothing more than an Emgrand Group in Aurous Hill, a family of your current wife."

Chapter 1876

As he said, Corran stretched out a finger and said arrogantly: "First of all, regarding the Emgrand Group, you can continue to ask Doris Young to help you take care of it at that time. We have investigated this person, and she has the ability, and during this period of time. The Emgrand Group has developed well in her hands, so you can rest assured to hand it over to her."

After that, Corran stretched out another finger: "Secondly, your current wife, Claire's family. We have investigated the situation of the Wilson family. To be honest, such a family can even count as a fart in front of the Wade family. No! How can their family be the Wade family's in-laws?"

Corran had already looked disgusted at this time, and said, "So, I advise you to leave that Claire as soon as possible and draw a clear line with their family. It is best to give them a sum of money directly and let them get away forever. Leave China so that no one will make a big fuss about them in the future and satirize our Wade family man who is hungry and does not choose food!"

Charlie's face immediately became a little ugly when he heard this, and his voice became colder and colder. He said, "Auntie, my marriage is my own business, and it has nothing to do with you or the Wade family. So, please also Don't interfere with the Wade Family!"

Corran sighed and persuaded: "Charlie, don't be so arrogant. Think about it yourself. You are a descendant of the Wade family! Choose ten of the richest second generations in the country with the highest status and you will definitely be there. For a seat, how could the girl with the surname Wilson be worthy of you? She wouldn't even be qualified to carry you shoes! In ancient times, she didn't even have the qualifications to be you as a housekeeper!"

Charlie said with a bit of sullen tone: "Auntie, she was my wife at first, and she married me when I was at the bottom of my life. I would never divorce her, so you don't need to divorce her. Moreover!"

Corran said with regret: "Charlie! Don't use emotions!"

Charlie said coldly: "Emotional matters, of course, must be emotional!"

Corran blurted out: "As a descendant of a wealthy family, feelings are not even a fart! Do you remember your uncle? He is also a kind of talent. He has treated me well for so many years, but what about it? Once his family strength can't match After I match, I must separate from him!"

Immediately afterwards, Corran said unwillingly: "If it weren't for your grandfather's opinion, my woman's initiative to divorce will affect her reputation, and if I am not allowed to go through the divorce formalities, I would have severed all relations with him! You are a man, at all Don't worry about the impact of divorce on your reputation, you just divorced the surname Wilson, and returned to Eastcliff to marry a well-known eldest lady. The future is boundless!"

Charlie sneered and said, "I'm sorry, I am more emotional. If you can do something like this, I can't do it!"

Seeing that Charlie did not accept his suggestion, Corran immediately said: "Charlie! You have to find out that Wade Family's hands are one of the best in the whole country! Any woman who wants to marry into our Wade family must have a family background that matches the Wade family! Otherwise, it will drag my Wade family back and shame my Wade family's face! The Wade family's face must not be ruined by you or ruined by the surname Wilson In the hands of the humble family!"

Charlie said coldly: "I'm sorry, although my surname is Wade, I am not someone you can control and control at will. I am in charge of my marriage. No one else has the right to interfere. The same is true for you!"

"you!"

Corran was furious at that moment. He slapped the table and stood up and shouted angrily: "Charlie! You thought I was talking to you in a good voice, and I was discussing it with you?!"

"What?" Charlie asked her coldly, "Are you going to force me to get a divorce?"

Corran scolded, "You are the heir of the Wade family! You must follow the arrangements of the Wade family. What's more, do you think the Emgrand Group and the 10 billion cash are given to you in vain?! If you are not obedient, the Wade family can support you, just I can step on you!"

Charlie was also immediately furious, and he said coldly: "You don't want to talk about the Emgrand Group and the 10 billion cash here! The reason why the Wade family was able to advance by leaps and bounds and stand at the top of the country was due to my father's dedication. Plowing, and strategizing decision-making! If the property is counted, my father owns at least a quarter of the Wade family's asset inheritance rights. If that is the case, let alone 110 billion, even 110 billion, I deserve it! "

Speaking of this, Charlie's tone became more severe, and he scolded: "My father did so much for the Wade family, but how did you return him? You forced our family of three out of Eastcliff! In the end, my parents died tragically. ! I haven't settled this account with you yet!"

Chapter 1877

Corran didn't expect Charlie to dare to talk to himself like this!

Moreover, when Charlie said that he should inherit a quarter of Wade Family's assets, she was immediately furious!

So, she shouted directly: "Asshole! You are too high on yourself! Why do you inherit a quarter of the assets of the Wade family?!"

Charlie said coldly: "Just because I am Charlie! Just because my father is Bruce!"

Corran scolded, "Your dad has been dead for so many years, so you still want to inherit the Wade family's assets?! I tell you, you are not worthy!"

Charlie looked at Corran and sneered: "My father flew for the Wade family back then. In my opinion, even the head of the Wade family is more than enough! It's you! I really have to follow the rules of the big family and get married. His daughter is the water that was poured out. Now that you are married, you are no longer a member of the Wade family! Why are you pointing fingers at me in front of me?!"

The sentence that the married daughter is the water poured out is the sentence that Corran hates most in her life.

Even if she married as a wife early on, she had been thinking about the Wade family's wealth.

Now, after separating from her husband and severing her kindness, she pinned her hopes for the future on the Wade family's fortune!

However, the elders of the Wade family, Corran, the old three Myles, and the old Four William have always been hostile to Corran. They often said this in front of Corran, and reminded her overtly and secretly not to worry about Wade family assets, because she was married. , Is no longer the Wade family, and is not worthy to inherit the Wade family's assets!

Corran naturally refused to accept it!

She felt that her husband's family was unreliable, the only thing she could rely on was Elder Wade!

Therefore, in any case, she must please the old man, and let the old man give herself a legacy that can make her life safe for her life before death. This is also the goal of her hard work now.

However, what she didn't expect was that Charlie, a kid who had been away from home for nearly twenty years, dared to say such things in front of her. It was like stepping on her tail and making her angry immediately!

So, she gritted her teeth and glared at Charlie, and said angrily: "Charlie! I tell you! If you are more acquainted and follow the instructions of the Wade Family, the Wade Family will naturally not treat you badly in the future, and will let you live a life of food and clothing!"

After all, she changed her conversation, her voice increased a little, and her eyes were cracked threatening: "But if you don't know each other! Then I tell you, the Wade family can hold you up, and naturally they can also throw you down. Go down! At that time, the Emgrand Group and the 10 billion will leave you! After all, you will be beaten back to your original shape and become the stinky hanging silk that is despised by everyone and the wife's family!"

Corran was out of control, her voice even screamed.

In the whole sky garden, her angrily voice echoed.

Isaac Cameron hurriedly evacuated all the service personnel, and walked out of the sky garden banquet hall and stood outside the door.

At this time, even if other people are slightly dissatisfied with Corran, it is possible that Corran's emotions will be further out of control.

Seeing that Corran's expression had already taken on a strong resentment, Charlie smiled playfully, and asked her: "So cruel? Then I would like to ask, if I'm acquainted, what would the Wade family command me? "

Chapter 1878

Corran thought that her threat had softened Charlie, so she immediately sneered: "First divorced your wife from a humble background, and then returned to the Wade family to wait for your grandfather's dispatch. Now Orrin of the Banksn family is unified. The Sun family's control over the entire Sun family has reached an unprecedented peak. His daughter has a marriage contract with you. If you marry his daughter, it will be of great help to the Wade family."

After all, Corran said again: "Or you can try the eldest granddaughter of the Banks Family, that is, the daughter of Zayne. She is very favored in the Banks Family. Her mother was one of your father's suitors back then. Maybe I will be willing to marry my daughter to you, and I will be even more helpful to the Wade family at that time!"

"So, after you divorced that woman, first try to develop with the eldest granddaughter of the Banks Family. If you can get her, you will get married with her. If you can't get it, you will fulfill the engagement with Orrin's daughter!"

Charlie chuckled, "So the Wade Family wants me to sell for the Wade Family!"

Corran said coldly: "This is not a sell-off. After all, marriage is very common in the upper class. This is not only good for the Wade family, but also good for you!"

Charlie sneered: "Auntie, since marriage has so many benefits, why don't you just divorce, and then try to get together with Orrin or Zayne? If you had this, it was with them. One of them hooked up, wouldn't it be a huge help to the Wade Family?!"

When Corran heard this, she felt like she had been slapped repeatedly by Charlie. Then she realized that Charlie seemed to be subdued, but it was actually to humiliate herself!

Thinking of this, she immediately became angered and gritted her teeth: "You beast! I am your aunt! How dare to insult me?!"

Charlie said coldly: "I insult you? I shame you. If you were a man, I would have beaten you eight times!"

Corran almost fainted, clutching her chest with a hideous face.

Charlie didn't bother to stay here at this time. He stood up and said to Corran disdainfully: "Go back and tell the old man, if he wants to return to the Emgrand Group and the 10 billion, I can return at any time!"

When he said this, his expression was stern and he shouted sharply: "But!"

"My parents' account, I will definitely settle it with him in the future!"

"At that time, all the people who are responsible for this matter will have to pay me back with profit! No one can escape! Even him! No exception!"

"You, you" Corran trembled angrily, and yelled at Charlie with his fingers: "You bastard! You dare to be so disrespectful to your grandfather because you are the heir of the Wade family! How outrageous!"

Charlie said coldly: "What if I disrespect him? If you are not satisfied, you can go back and complain to him!"

Corran gritted his teeth and said, "Okay! Every word you say today will be truthfully told to your grandpa. If you are beaten back to your original form, don't blame my aunt for not giving you a chance!"

"Give me a chance?" Charlie snorted: "You don't deserve any chance at all! However, if I find out in the future and find that you are also involved in the death of my parents, then you won't ask me to give you a chance. !"

"It turned you back! It turned you back!" Corran was already completely irritated by Charlie. She grabbed a beautiful empty wine glass on the table and slammed it on the ground, shouting hysterically: "I will definitely make you regret it. of!"

Charlie nodded and sneered contemptuously: "You can use whatever means you can, I'm waiting!"

After all, he walked toward the gate without looking back.

Chapter 1879

Seeing Charlie's departure, Corran behind him couldn't help shouting angrily: "Charlie! I haven't left yet, what qualifications do you have to leave first! I am your elder, your aunt! You dare to be so disrespectful to me, I must Make you pay!"

Charlie ignored it. In his opinion, his aunt is completely an idiot spoiled by the family halo. He never forgets to hold his airs and arrogantly at all times. It is obviously the order of the old man to do business, but he only cares about his own air and face, such a person, even in the Wade family, is difficult to achieve. Therefore, Charlie didn't bother to waste time with her.

After leaving the gate, Charlie left the Sky Garden directly.

Isaac Cameron hurriedly greeted him and said nervously, "Master, why are you doing this? If Miss Corran goes to the master to file a complaint, then your situation will be passive!"

"So what?" Charlie snorted: "Don't think she is from the Wade family, but in fact she is just a dog of the old man. She wants to bite me, but also depends on what the old man means! If the old man wants to really want to Start with me, then let him let him go!"

After that, Charlie said again: "The reason why I only scolded her now, instead of hitting her or killing her, is because I was thinking that they still have blood connection with me. If they do it themselves, then I will even have this point. The bloodline is ignored! No matter who belongs to the Wade family, if you dare to bark in front of me, I will directly destroy him! If anyone dares to do anything to me and the people around me, I will directly kill him!"

At this moment, Charlie's body was murderous!

Isaac Cameron sighed helplessly.

At this moment, what he was actually worried about was not what the Wade Family would do to Charlie in the future, but worried. Once the Wade Family became angry and angered Charlie, Charlie was afraid that he would not let the Wade Family go.

In case it really started, Wade Family might not be Charlie's opponent.

He sent Charlie all the way to the door of Shangri-La, and respectfully said: "Master, where are you going? I will drive you."

Charlie waved his hand: "No, you send me at this time, but the Wade family will be aware of the clues. Go and see Corran, and by the way, see what she has plans next."

Isaac Cameron nodded slightly: "Master, then I will go and see your aunt first."

Charlie reminded him: "Take a look at Corran's return plan to see when she leaves. Besides, I must be guarded against her going to see my wife, understand?"

Isaac Cameron suddenly shuddered and stood up straight and respectfully said: "Master, don't worry, I understand!"

Charlie did not put Corran in his eyes, but he also worried that Corran would think of other ways to save the country.

She wanted to divorce Claire on her own initiative, and then returned to Wade's house. She rejected her directly. Then, if she went to find her own wife, it would be a bit tricky for herself.

After all, Claire still doesn't know his identity. And he didn't plan to let her know.

At least, he didn't want his wife to know his identity before he found out the truth about his parents' death and successfully avenged his parents.

.....

After Charlie left, Isaac Cameron turned back to the Sky Garden.

At this time, Corran was already furious on the spot.

Chapter 1880

The prepared western dining table had already been lifted by her, and the ground was full of mess.

Because there were a lot of broken glass ballast on the ground, the female foreman of Sky Garden was afraid that Corran was accidentally injured by the glass ballast, so she hurried over with two waiters to clean it.

Corran was full of sorrow and anger and had nowhere to vent. Seeing that the foreman came with two waiters, she was immediately furious. She went up and grabbed one of the girls. She raised her hand and pulled her face, while beating, she cursed and said in her mouth: "Did I let you come? Did I let you come?!"

The girl was slapped several times, crying and begging: "Miss you, calm down, I am also afraid that you will be injured by the glass ballast, so I quickly clean the glass ballast..."

Corran's heart was still very angry, and even increased a bit of strength in her hands, and yelled: "Bastard thing! I let you out, you can come out, I don't let you out, you better not even your face Let me see!"

Seeing this, the foreman hurriedly stepped forward and begged: "Miss, don't be angry, this is my own opinion, so I ran into you..."

Corran stared angrily, kicked the foreman's stomach, and cursed coldly: "Things that don't have eyes! All three of you have been fired. Get out!"

The foreman was kicked by Corran and sat down on the ground.

The ground was full of glass ballast, so she immediately felt a few pieces of glass ballast pierced into the flesh.

However, at this moment, she did not care about the severe pain caused by the glass ballast. She was pale and clutching her belly, and said in pain: "My stomach hurts... Lily, please call me a rescuer. car....."

Lili was the other of the two waiters. She was not beaten by Corran because she was standing a little far away from Corran.

As soon as she saw the foreman holding her stomach and her face in pain, she immediately asked with concern, "Sister Nan, are you okay? Hold on, I'll call 120!"

Corran looked at the foreman contemptuously, and said disgustedly, "What kind of pity do you pretend to be in front of me? Do you want me to lose money to you?"

The girl who was dialing the phone suddenly rebuked, "Why are you like this! Sister Nan is three months pregnant! You are still kicking her belly. If the child has something long and two short, no matter how much money he has It can't solve the problem!"

Corran couldn't help frowning, and said coldly: "What are you, dare you talk to me with this attitude?!"

The girl blurted out without showing weakness: "We are human! Not a thing! Even if we are not as high as you, our body is given by our parents! Why are you hitting us?!"

Corran is almost furious!

She grew up so big, in addition to behaved like a good man with her tail clipped in front of her father, no one had ever dared to disobey her and talk to her in such a tone!

But here today, she has been confronted by Charlie and several waiters one after another, and she is naturally annoyed.

At this moment, she completely ignored the fact that the foreman was pregnant, and took a step forward, grabbed her mobile phone from the girl who had smashed her into the hands

of the girl who was waiting for the 120-sound station to answer, and slammed it directly on the ground.

Immediately afterwards, she immediately raised her hand and slapped her face, slapped her face fiercely, and gritted her teeth and cursed: "Shame on her face, and dare to yell at me here, don't you?!"

As he was talking, Isaac Cameron stepped forward, and when he saw this, he hurriedly stepped forward and asked: "Miss, what's the matter with you?"

Seeing Isaac Cameron's arrival, Corran said coldly: "Okay, you are here just right! I ask you, how do you manage this group of people under your hands? Even I dare to stand up! Is this going to shake the sky?!"

When Isaac Cameron saw that all three of his employees had been beaten, he didn't need to ask him to know that Corran must have vented his anger towards Charlie on them, so he immediately said respectfully, "Miss, don't worry, these three do not have long eyes. I must deal with the person seriously! Don't get angry, or I will send you back to your room to rest first?"

Corran was also suffocated with anger, and looked at Isaac Cameron and said coldly: "Completely block these three b*tches for me!"

After that, she stretched out her hand and slapped Lily's face again, before turning around and leaving...

Chapter 1881

As soon as Corran left, Isaac Cameron hurriedly asked the three employees: "What happened just now?"

The Lily choked and said: "Mr. Cameron, Miss Corran was angry and raised the table. Sister Nan took us over to clean the glass ballast. As a result, Miss Corran suddenly acted on us and kicked Sister Nan in the stomach. Sister Nan was still pregnant. I was pregnant, I wanted to call an ambulance, and the eldest smashed my phone..."

Sister Nan, who was sitting on the ground with a painful face, said: "Mr. Cameron, I am to blame for this. You must not anger them. If the company wants to punish, please punish me alone!"

Isaac Cameron sighed and said, "I blame me for this. I didn't protect everyone. I will arrange for someone to take you to the hospital immediately. In addition, I will give you at least one month's vacation and give you a compensation of 200,000 Dollar each. "

After finishing speaking, he looked at the foreman sitting on the ground and said seriously: "Sister Nan, I will contact the best gynecologist in Aurous Hill to help you with the baby, and make sure that the child is fine at all costs. If the child can be saved, I will I will make up for your 200,000 fetal expenses; if I can't keep it, I will make up for you 500,000, and then give

you one year of paid leave, and go back to take a good rest, and actively prepare for pregnancy!"

When Isaac Cameron said so, everyone was immediately relieved.

They also worried that Isaac Cameron would obey Corran's request and punish them severely.

Unexpectedly, it is really rare for Isaac Cameron to take care of everyone so much.

Seeing the three women crying and thanking them one after another, Isaac Cameron couldn't help persuading him, so he greeted the security team and rushed them to the hospital.

After all three of them were sent to the hospital, he sighed sadly in the office alone: "Hey, I really don't know when Corran, the aunt, will be tossing in Aurous Hill, let alone what she will do too much. It's a pity that I am a member of the Wade family after all. No matter what, I can't suppress her at all. If she really wants to cause trouble in Aurous Hill, I have nothing to do. It seems that I can only hope. Master Wade!"

.....

Charlie didn't pay attention to his aunt, let alone take it to heart. After returning home, he began to prepare for the New Year with his family.

Since it was the first Spring Festival in the Thompson First Villa, the family of four paid great attention to the sense of ceremony of the Spring Festival this year.

Claire bought a lot of decorative window grilles, stickers, red lanterns and other accessories, intending to make his home more festive.

Although Elaine is lazy, she has a strong vanity. She also wants to set out her home as soon as possible, and then take more photos to show off in her circle of friends, so she is busy with Claire.

After Charlie came back, he joined them.

Claire took out a bunch of beautifully made red lanterns from the big carton that he bought online, and said to Elaine: "Mom, I want to decorate both the third and second floor terraces. Hang this on the railings of the terrace. Plant red lanterns and turn them on after dark, the effect must be particularly good."

Elaine agreed without hesitation: "Okay! New Year, just have to be a little festive, I'll go hang up later!"

Claire hurriedly said, "Mom, I have another business, I want to discuss it with you."

Elaine smiled and said, "Okay! Just talk about it!"

Claire said embarrassingly: "You have been hanging a lot of green hats on the terrace on the third floor. This is a big Chinese New Year. It is really inappropriate to hang so many green hats, or let's remove the green hats. Right!"

When Elaine heard these words, she immediately blurted out without hesitation: "So how do you do it! Those green hats are all prepared for the old man Christopher, so that after he gets up every day, he opens his eyes and sees this. He piled up green hats, and then was gloomy all day. If I took them away, wouldn't it be a waste of money for him?"

Claire helplessly said, "Mom! Every family is full of lights and festivities for the celebration of the New Year. If we still have so many green hats, it will not look good at that time!"

Chapter 1882

"That won't work!" Elaine said stubbornly, "Those green hats are my magic weapon against the Wilson family. I just want them to forcibly remember that Hannah was pregnant outside with wild species every day!"

Elaine suddenly remembered something at this time, and said with a smile: "Hey! I will hang these lanterns and the green hats one by one in a while. When the lanterns are turned on, the red lanterns and the green hats are absolutely conspicuous! It will definitely anger the Wilson family!"

Claire persuaded: "Mom, those who celebrate the New Year, have to be forgiving and forgiving!"

Elaine snorted coldly: "You don't come to persuade me. It's useless to persuade me. Don't you know that your grandmother broke my leg? And my two front teeth are also given by her. I will never forgive her for something!"

Seeing his mother's face full of determination, Claire felt a burst of powerlessness.

It seems that there is no possibility to persuade mother to change her mind.

At this time, Elaine held a bunch of red lanterns by himself, and walked towards the elevator, and said as he walked: "I'm going to hang up the lanterns and hang them with the bunch of green hats!"

After half an hour.

Under the organization of Lady Wilson, the Wilson family was also lighting up the lights in their villa, so it was so lively.

The Wilson family is not what it used to be. The Wilson Group had previously received Donald's investment, and after repaying all the debts, it took another small project given by Donald. Now it has turned a profit.

Lady Wilson also took back the villa, antiques, and calligraphy and painting that had been seized by the bank before.

Because Donald promised to lend the Thompson First first-class luxury villa to their family for ten years, Lady Wilson simply rented out the old villa and could earn some rent back.

The company has survived enough again, and all the previous assets have returned to his own hands. The current Lady Wilson is very high-spirited.

Christopher's family knew that the happy life in the future depended almost entirely on the Lady, so they always treated her as the empress.

Christopher is also proud of the recent spring breeze. The Wilson Group has come back to life. He and Harold and Wendy and his sons and daughters are in important positions in the group.

Harold and Wendy have re-living the lives of the rich second generation, and of course they are also full of joy.

Hannah was the only one in the family who had the worst. No one gave her a good face all day long.

Christopher and Lady Wilson hated her deeply, but because of Donald, they couldn't drive her away, so they regarded her as a thorn in the eye.

Harold and Wendy also felt that their mother was too embarrassed to have been pregnant with wild species and contracted sexually transmitted diseases, so they always ignored her every day.

Being rejected by the whole family made Hannah very hurt.

Especially seeing the four people of their surname Wilson smiling every day, but she can only hold back at home, sweeping, cooking, and washing clothes, like a servant who doesn't need money, she feels even more uncomfortable.

At this moment, seeing that they were all preparing various decorations for the New Year, Hannah stepped forward, licking her face and said flatly, "Oh, mom, or I will help! You forgot that we lived in the past. When I was in the old villa, the decorations and decorations of the house were all made by me as soon as the Chinese New Year came!"

Lady Wilson glared at her, and said in disgust: "What's the matter with you? Hurry up and clean the windows! I tell you, as soon as today is over, there will be three days before the New Year. You must have all windows in the villa. Make me spotless!"

Chapter 1883

When the Lady said that she asked herself to clean the windows of the entire villa, Hannah suddenly collapsed.

She couldn't help but blurt out: "Mom! Our villa is so large, with so many rooms, so many windows, I can't finish it even after the first month of the year!"

Lady Wilson said with a sneer: "You still want to delay the first month? I tell you! Before the New Year's Eve you have cleaned all the windows of the whole family, I will drive you to the yard for New Year's Eve dinner! "

As soon as Hannah heard this, how angry the whole person was!

If it weren't for Christopher, Harold, and Wendy still here, she would have liked to rush over now, kick the Lady to the ground with one foot, and then ride on her stomach and slam her old face.

It is a pity that he has no chance to start at all.

Hannah was extremely helpless, even if there were 10,000 dissatisfaction in her heart, she could only swallow it all in her stomach, and said with an annoyance, "Good mother...I know...I will try my best. To wipe..."

Lady Wilson coldly snorted: "Forget your acquaintance! She was originally a woman who corrupted her family style. If she is not honest and obedient, even Donald can't save you!"

Faced with the arrogance of the Lady Wilson, Hannah felt so annoyed.

But at this time, she didn't dare to say a rebuttal, she could only nod and humiliate said: "Mom, you are right, I must listen to you!"

Christopher said at this time: "Mom, I'll go upstairs and hang some decorations."

The Lady Wilson hummed and said to Hannah: "You go to clean the windows now, hurry up!"

Hannah had no choice but to do it.

Christopher went upstairs here and came to his room. He was about to put a few grilles on the window. He suddenly saw that a row of red lanterns lit up on Elaine's balcony opposite Charlie's house.

What is disgusting is that these glowing red lanterns are all next to all kinds of green hats, and the red light is set off on the green hats, emitting a strange color, which makes people feel annoyed to watch.

Christopher was furious immediately!

He couldn't help cursing: "Damn, this Elaine is too much, and he gave a green hat with a red lantern. Isn't this the fucking old saying, red and green race shit?! It's so fucking mad. I'm dead!"

Thinking of Elaine not letting himself live during the New Year, Christopher felt uncomfortable, and gritted his teeth downstairs, and said to Harold who was putting window grilles in the living room? "Harold, you come with me! Go find that Elaine. Afterwards!"

Lady Wilson frowned and asked, "What are you going to do to Elaine at this time?"

Christopher scolded angrily: "Mom, that stinky lady Elaine is really deceiving people. She hung so many green hats on the balcony, and it's fine after hanging them for so long. Now they have one next to each green hat. The big red lantern, this is the damn Chinese New Year and wants me to die! I have to find her to settle the accounts!"

The Lady Wilson shouted sharply: "You stop me! Go to Elaine to settle the account, have you two beat Charlie? Do you two want to spend the New Year in the hospital?"

Christopher, who was still aggressive just now, was immediately dumb.

Chapter 1884

Charlie's strength is very abnormal. If he is at home, finding the door with his son is equivalent to sending him to death.

Thinking of this, he couldn't help gritting his teeth: "Mom! I don't need to trouble her today, but in any case, I can't let Elaine wear those green hats for the New Year!"

Lady Wilson said disdainfully: "If she likes to hang on, let her hang on! Now for our family, what counts for face? Money is the most real thing!"

Christopher said angrily, "Then I can't bear Elaine's bastard forever, right? When is this the f*cking stop?"

Harold said with a black face at this time: "Dad! Didn't you always say that you want to find a chance to engage in a wave of Elaine? If you want me to say, we want to do it as soon as possible! It's best to do it before the New Year. Let the Charlie family have a miserable year. If this happens, Mr. Webb will also be able to explain it! Otherwise, we will never start with their family, Mr. Webb will soon lose patience with us!"

Christopher's expression froze, and he blurted out: "Yes! Elaine's stinky lady had a plaster on her leg before, and she stayed at home all day long and didn't go out. She didn't have a chance to fix her, but I think she seems to have the plaster removed now. Now, I have to prepare for the New Year in the past two days. In my opinion, Elaine will definitely go out. It is better to find a chance to provoke her and let her learn a lot!"

After that, he looked at Lady Wilson again and asked, "Mom, what do you think?"

Lady Wilson pondered for a moment, and nodded: "We really have to teach Elaine a lesson. At least we have to cause a little trouble for Charlie's family, otherwise Donald is not comfortable."

Later, Lady Wilson remembered something and said excitedly: "Donald will just come to Aurous Hill tomorrow to inspect a few projects. It is estimated that he will spend the night in Aurous Hill!"

When Christopher heard this, he quickly agreed: "Mom, isn't this a good opportunity to give back to Mr. Webb! Why did Mr. Webb let us live in this villa and return it to our Wilson Group to invest? To put it bluntly, not just for Let us be under the nose of the Charlie family and disgust them? If we take the money and never do anything, if Mr. Webb comes to blame someday, we'll be in luck!"

Lady Wilson hummed, and said: "If you do it often, let you figure out how to do this. I only ask for one thing. Don't kill anyone, otherwise Donald may not be able to. You can keep us."

Christopher nodded and sneered: "Don't worry, mom, I planned it a long time ago. I'm going to tie Elaine and take some unsightly photos of her. It's best to find someone to get her pregnant and let them The family is ashamed!"

Lady Wilson frowned, and said: "Christopher, I have no objection if you find someone to do it, but you should never do it yourself!"

Christopher nodded and said, "Don't worry, Mom, I know it!"

Harold on the side hurriedly asked, "Dad, are you planning to start tomorrow?"

"Yes!" Christopher grinned and said, "Tie her up tomorrow, and then wait for a show for Mr. Webb tonight!"

Harold said hurriedly, "Dad, I used to know some friends, they were pretty reliable, and I can ask them to help!"

Christopher smiled and said: "Okay! You go find a few young and strong people, and then find a van, I have a buddy who has a vacant warehouse in the suburbs, and then I will get Elaine there!"

Wendy on the side asked, "Dad, what if Elaine doesn't go out tomorrow?"

Harold also nodded and said, "Yes, Dad, what if Elaine doesn't go out?"

Christopher said: "If Elaine doesn't go out, let's create an opportunity for her to go out! I have been observing her daily trajectory these days. Don't worry, I have a way to get her out of home by herself!"

Chapter 1885

Early the next morning.

Claire and Jacob left home early and went to work on their own affairs.

Claire's studio is closed according to the national legal holidays. It will be closed on New Year's Eve and will be closed for a total of seven days until the sixth day of the new year.

As for Jacob's Calligraphy and Painting Association, it is a hobby group in itself, so there is no such thing as a holiday, it depends on everyone's mood.

And Jacob didn't deal with Elaine at home on weekdays, so he couldn't wait to be in the Calligraphy and Painting Association on the first day of the new year.

Elaine didn't have much entertainment, and prepared the ingredients for the New Year's Eve dinner alone at home.

As for Charlie, after getting up early in the morning, he checked the operation report of Oracle Pharmaceutical from Liam on his mobile phone.

At present, several production lines of Kobayashi Pharmaceutical in Japan have begun to smoothly switch to Oracle Nova Dias, and a large amount of inventory has been in place within a period of time.

Charlie plans to sell Oracle Nova Dias on the first day of the Lunar New Year in Japan. At that time, all major Japanese TV stations will also broadcast Stefanie's endorsement of Oracle Nova Dias ads.

As one of the most well-known actresses in Asia, Stefanie's influence in Japan cannot be underestimated.

In addition, the efficacy of Nova Dias is far ahead of similar competitors, so Charlie believes that Nova Dias will be a hit in Japan.

When Elaine downstairs was preparing the ingredients, the doorbell rang.

She stepped out of the yard, saw a courier guy standing outside the door, and opened the yard door directly.

The courier brother asked her: "Is this Ms. Elaine's house?"

Elaine nodded: "I am, what's the matter?"

The little brother handed a small package to her and said, "Hello Ms. Elaine, this is your city express, please sign for it."

"Sent to me?!"

At this time, Elaine was a little surprised. She didn't do much online shopping, and she didn't buy anything online recently. Why does she have her own city express delivery?

So, after she signed for the courier, she opened it suspiciously.

After unpacking, Elaine found that the express included it was a trial package of high-end body care essential oils, as well as a very beautifully made card and a printed letter.

She opened the letter and read all the words on the letter: "Hello, distinguished guest, congratulations on your acquisition of the whole body spa treatment package of Lizi high-end beauty and health club worth 8888 Dollar. With the package card, you can visit the store at any time. Enjoy free full spa services, no appointment required!"

After reading these, Elaine said with joy: "Oh, I'm going! Free body spa treatment?! Is there such a good thing?!"

The thought of lying on the beauty bed in the beauty salon and enjoying the meticulous massage by the technicians makes Elaine feel itchy all over!

She could not help but secretly said: "I have been raising legs at home some time ago. I haven't enjoyed a high-end spa for a long time. I didn't expect that a free high-end spa would suddenly hit me. Maybe someone made a mistake. It's sent to me. If I don't hurry to experience it, if someone catches it back, wouldn't I be a big loser?!"

Thinking of this, Elaine immediately put the package card into his pocket and ran into the house excitedly, went straight to his room on the third floor, changed clothes for going out, and planned to go out and make the spa immediately.

Thinking of Charlie before going downstairs, she went to the door of Charlie and Claire's room on the second floor, knocked gently on the door, and asked with a smile: "Good son-in-law, have you gotten up yet?"

Charlie got up and opened the door and asked, "Mom, are you okay?"

Elaine smiled embarrassedly: "Well, mom is going out for something. The breakfast is ready and it's in the kitchen. It's still hot. Go down and eat while it's hot!"

Chapter 1886

Charlie nodded and said, "Okay mom, go ahead if you have anything."

Elaine hurriedly smiled and said, "Good, good! Then mom will go out first, if you have anything to do, call mom!"

"it is good."

Charlie didn't think too much, after all, Elaine was also an adult, and it was normal to go out.

.....

Christopher had been on the terrace of his room at this time, staring closely at the door of Charlie's house.

Seeing Elaine went out in a hurry, a sneer was wiped from the corner of his mouth.

Afterwards, he walked downstairs quickly and said to Harold: "Harold, Elaine is out! How are your friends preparing?"

Harold smiled and said, "Dad, don't worry if I do the job, I'm all ready, and I'm sure that Elaine will never return!"

Christopher said hurriedly: "Come here, you will review the overall plan with me, and I will see if there are any omissions!"

Wendy and Lady Wilson also leaned in, waiting for Harold's text with a look of expectation.

Harold said triumphantly: "First of all, the beauty card sent to Elaine by the same city courier just now, isn't that beauty salon called Lizi Beauty Health Club? The owner of this beauty club is a former friend of mine. He is now having difficulties in business and has always wanted to sell the beauty salon, but the economic situation is not good recently, so he has not been able to sell."

Christopher waved his hand: "Talk about the important point!"

Harold said hurriedly, "Don't worry, Dad! I have to explain the whole plan to you!"

Christopher nodded: "Yes, you say."

Harold then continued: "My friend can't make it anymore now, so I just want to take advantage of the fact that the New Year's members have a lot of things at home and can't take care of them to do beauty, and take advantage of the opportunity to roll the money away. I told him, as long as he cooperates. Well, I gave him 200,000 Dollar for this scene. He wanted to run away anyway, so he was naturally willing to make more money before running away."

Wendy on the side hurriedly asked: "Brother, did you intend to tie Elaine to the beauty salon when you fudged Elaine?"

"Yes!" Harold nodded and said, "That beauty salon has a back door. When Elaine goes to the spa, I will arrange for a technician to put sleeping pills in her water. When she passes out, we drive to the beauty salon. At the back door of the courtyard, Elaine was directly tied up and taken away from the back door, absolutely unaware of it!"

Hannah heard this and hurriedly asked, "Harold, what do you plan to do with Elaine after torturing Elaine?"

Harold said, "I haven't thought about this yet, what do you think?"

Hannah immediately gritted her teeth and said, "Find a black coal mine and send her to dig coal too!"

Harold said embarrassingly: "I don't know anyone who runs a black coal kiln either!"

Wendy blurted out: "Then send her to Africa to grow sugarcane! I heard that there are many illegal immigrants there, and they can only bury their heads in the sugarcane fields and chop sugarcane for the rest of their lives, and they cannot live without the African continent!"

Harold coughed and said awkwardly: "Wendy, what you said is illegal immigration, how can I have that relationship!"

Hannah was anxious and blurted out: "Harold, are you planning to find someone to take Elaine after sleeping, take pictures, and then let her go?! This is too cheap for her, right?!"

Although Christopher was very disgusted with Hannah, but when he heard this, he couldn't help but nodded in agreement: "Yes! I just found someone to sleep with Elaine, maybe he even let Elaine take advantage!"

Lady Wilson thought for a moment, and said: "We are helping Mr. Webb with Elaine. Or else you call and ask Mr. Webb to see if he has any friends who run black coal kilns. Lan arranged to dig coal!"

Chapter 1887

Donald's life has been miserable recently.

The eldest son Sean is still recovering from his injuries at home, and the second son Kian's condition has not improved. He has basically given up treatment.

In addition, Donald's wife Xenia is also divorcing him recently. The main reason for the divorce was the death of Marcone and his wife Lily. Xenia felt that Donald didn't protect his brother, nor did he find out who killed his brother.

In Xenia's eyes, what was even more exaggerated was that instead of helping his younger brother avenge Donald, he was at home every day, scolding his dead brother bloody.

Of course Donald hates Marcone crazy.

In his opinion, it was the bastard who completely ruined the reputation of the Webb family, so that the market value of the Webb family was directly cut down because of its reputation.

It was originally the first family in Southaven, but now, it can't even make the top ten in Southaven.

What made him a little unacceptable was that his wife was so ignorant to praise!

I haven't blamed her for being too doting on her younger brother, causing the Webb family to be implicated, but she blamed herself on the contrary, it is really unreasonable!

Because of this, the two of them simply fell into a long cold war.

Originally, Donald spoiled his wife very much, but now he doesn't even bother to care about her, and put all his thoughts into his career.

Now Donald has only one thought in his mind, which is to do everything possible to make the Webb family rise again!

At just this time, he was following up on a real estate project in Aurous Hill, so early this morning, he came to Aurous Hill from Southaven for inspection.

Just when he first arrived at the project site, he received a call from Christopher.

On the phone, Christopher said flatly: "Hello, Mr. Webb! I'm Christopher, we haven't seen you in a long time!"

Donald said coldly: "Christopher, you call me, what's the matter?"

Christopher hurriedly smiled and said, "Mr. Webb, this is the case. Doesn't this mean that the New Year is coming? Our family wondered, saying that nothing will let Charlie's family have a stable year, so we plan to confront Wade first today. Charlie's mother-in-law, Elaine, decided to find someone to give her to her first, and then take some photos and videos and upload them to the Internet, so that Charlie's family will be disgraced!"

Donald suddenly became interested, and his voice improved a little, "Huh? Christopher, I heard that right, did your family finally dare to do something with Charlie?"

Christopher said embarrassingly: "Mr. Webb, I really didn't think of a plan before, so I haven't moved, but you can rest assured! This time we must do this thing beautifully!"

With that said, Christopher said with a bit of bitterness: Charlie is in Aurous Hill. I heard that there seems to be a nickname called Real Dragon in the world. I want to see if his mother-in-law lets people play, he is in this world. Can the true dragon's face hang on it? "

When Donald heard this, he smiled and said, "Not bad, not bad! Do this thing well, I will not treat you badly."

Christopher was overjoyed, and he was too busy to ask: "By the way, Mr. Webb, I called you. I actually wanted to ask you if you know the little boss who runs the black coal kiln. If you know him, that's really true. Great, after I find someone to take care of Elaine, I will send her directly to the black coal mine!"

Chapter 1888

Donald thought for a while and said, "There are not many coal mines in the South, so I really don't know anyone who runs black coal mines."

Speaking of this, he suddenly remembered something, and said with a smile: "But I do have a kid who runs a brick factory at home. The work in the brick factory is not easy compared to the black coal kiln. You can take Charlie His mother-in-law sent there as a coolie!"

Christopher immediately smiled and said, "Oh, Mr. Webb, this is really great. A b*tch woman like this should throw her into the black brick factory!"

After speaking, he hurriedly asked: "Mr. Webb, do you think it is convenient for you to tell me the address of your friend? After I have asked Elaine to take care of it, I will send it directly!"

"Don't worry!" Donald sneered: "I have a deep hatred with Charlie. Now I just arrived in Aurous Hill. There is no reason to miss such an enjoyable thing. You tie her up first, and then give me an address. I will go over. Witness it with my own eyes!"

Christopher hurriedly agreed, "Mr. Webb, don't worry, I must have done this properly, and I will call and let you witness it in person!"

Donald hummed, and said with a smile: "Okay, I have something to work on. Call me after you finish it."

"Good Mr. Webb!"

As soon as Christopher hung up the phone, he immediately couldn't help but said to the family excitedly: "Mr. Webb said, he has a friend who runs a brick factory. When we tie Elaine, we will let someone do it as planned. After that, she immediately sent to the brick factory to let her work hard in the brick factory for the rest of her life!"

When Hannah heard this, she felt very unbalanced in her heart. She said angrily, "I went to the black coal kiln at the time. How can Hannah go to the brick factory! This is too cheap for her!"

Christopher glared at her dryly, and blurted out: "You know what a shit! The brick factory is much more bitter than the black coal kiln. Although the black coal kiln is dirty and tired, it is warm in the winter and cool in the summer. The brick factory is different. The fire burns bricks in all seasons, and the heat alone can't stand the heat. Moreover, the work of moving bricks is no easier than digging coal. Generally speaking, brick factories suffer more than black coal kilns!"

Hannah felt a little more comfortable.

However, she still had one more question to ask, but she swallowed it again.

So I can only murmur in my heart: "Hey, I don't know if Elaine will meet a squinty supervisor after being sent to the brick factory. If I can meet, that would be great, and it's better to let her Get sick and get pregnant again!"

.....

At this moment.

The Presidential Suite of Shangri-La Hotel.

Corran was making a short report to Lord Wade over the phone.

On the phone, she described Charlie as a scumbag with perverted personality, hot temper, low quality, and unremarkable. She also always emphasized to Lord Wade: "Dad, Charlie, this kid has not received any education for so many years and has very low quality. , You can't let him go back to Wade's house, otherwise, our Wade's face will be lost by him!"

Lord Wade listened to her little report of adding fuel and jealousy, and said lightly: "Corran, I always thought you were very smart. I didn't expect to be so easily influenced by emotions. It really disappointed me!"

Corran suddenly became nervous when he heard this, and blurted out: "Dad, I...Where am I not doing well enough?"

Lord Wade said coldly: "You still don't understand, why do I want Charlie to come back?"

Corran said embarrassingly: "Dad...I really don't understand too much. If you want me to say that Charlie's quality is so low, not only can we not let him come back, but we have to draw a clear line with him!"

Lord Wade snorted and said: "What I want now is to let any of my grandsons marry Zara from the Banks Family, or to marry Stefanie from the Banksn family. Now it seems that only Charlie's Greatest chance!"

Chapter 1889

"how can that be possible!"

Corran blurted out: "Dad, you haven't seen Charlie for many years, so you think of him too well. Let me tell you the truth, Charlie is now a small gangster in a remote country! Whether it's Zara or Stefanie, They are all Eastcliff's famous lady of the sky, how can they be worthy of him?!"

Lord Wade said coldly: "I saw Orrin at the Chamber of Commerce yesterday, and I asked him if he still remembers Charlie's engagement with his daughter. He said to me on the spot, as long as he can find Charlie, he must not hesitate. Let your daughter marry him!"

"In addition, Orrin also said that no matter what Charlie is now, even if he is begging along the street, he is also the future son of the Banksn family. Their family has long reached a consensus on this matter!"

Corran was stunned: "What age is this, is Orrin crazy?"

Lord Wade said in a harsh tone: "I don't want to care if Orrin is crazy or not, don't worry about it. Your task now is to do everything possible to make Charlie promise to come back for the New Year!"

Corran was so helpless that he had no choice but to say angrily: "Dad, tell you the truth, Charlie was too much yesterday, so I didn't control my emotions yesterday. I had a big fight with him. He didn't eat anything, so he just waved away. Up..."

"Bastard!" Lord Wade yelled, "Don't think I don't know you. With your acting style, it's not good to say who is too much!"

After that, Lord Wade said again: "I don't care about anything else, I must bring Charlie back to me! If he doesn't want to return, then you can think of something else!"

Corran hurriedly asked: "Other methods? What method?"

Lord Wade said, "Doesn't he have a wife in Aurous Hill? Can you find a way to get in touch with his wife or his father-in-law?"

Corran said immediately: "Then I will go to see his wife, give her some money, and let her divorce Charlie!"

Lord Wade said: "Don't go to his wife, you can make a fuss from his mother-in-law first. I heard that his mother-in-law is very greedy for money and is a master who sees money!"

Corran quickly said, "Dad, then I will try to find a breakthrough from his mother-in-law!"

"Yeah!" Lord Wade reminded: "After you meet his mother-in-law, don't reveal your true identity, otherwise, if you let that kind of evil people know that Charlie is a member of our Eastcliff Wade family, you will be killed. She won't let her daughter divorce Charlie either."

"Good dad! I see!"

Corran quickly agreed, and then immediately took out the phone, called the bodyguard who brought Aurous Hill this time, and ordered: "Check me where Charlie's mother-in-law is, I want to see her!"

.....

Elaine rushed to take a taxi to the beauty club on the package card. When she came in and showed the package card, she was somewhat guilty, for fear that others might make a mistake, or the card itself could not be used.

But what she didn't expect was that the clerk said to her very politely: "Hello madam! Your package card can be used at any time and no appointment is required. Do you want to experience it now?"

When Elaine heard this, he said excitedly: "Of course! I've been taking a taxi from a long distance, can't I just come and ask you? Hurry up and arrange a technician for me, I will have a good experience now."

The clerk nodded and said respectfully: "Madam, our full-body spa here is for bathing first. I will take you to bathe and change clothes first, and then arrange a technician to do the spa for you!"

Elaine was very happy. When she had money in her hands, she did not go to beauty salons or beauty clubs to do facial or spa treatments.

Therefore, she knows the process of a high-end spa in a beauty salon. The first thing she must do is to soak in a flower petal milk bath, then put on the disposable underwear provided by the beauty club, and receive a full body massage from a technician.

Elaine happily followed the clerk to the bathroom and found that a tank of water had been placed here, with milk, flower petals and bath salt added to the water, and immediately smiled and said, "Oh, your service is really in place. Come on, put the water away first."

Chapter 1890

The clerk thought that Elaine had noticed the abnormality, and hurriedly said, "Uh...that...this is the case. We originally had a customer who made an appointment to come to the spa. The water for our bath is ready, and she said that we can't do anything temporarily, so you can just pick a ready-made one."

Elaine smiled and said, "Oh, what a coincidence, it seems that God just wants to make up for me and let me enjoy it!"

After speaking, she waved to the clerk and said, "Okay, you can go out. I will take a bath by myself and let the technician prepare to wait for me."

"it is good!"

After the clerk came out, he immediately ran to report to the boss.

When the boss heard that Elaine was coming, he quickly called Harold and said to him, "Harold, people have already come and are taking a bath. When will you come?"

Harold said excitedly: "Great! Old Ben, you must stabilize her for me, don't expose any flaws, I am ready to go over!"

The owner of the beauty salon laughed and said, "Harold, who is my brother, since I have promised you, I will definitely do this thing beautifully!"

"Good!" Harold smiled and said, "Wait for half an hour!"

After finishing speaking, Harold said again: "Ben, your shop will not do business with other customers in the morning, so as to avoid accidents."

"Don't worry, I won't do other business in the morning, just pick up your order!"

.....

Just as Elaine was lying in the bathtub soaking, a Rolls-Royce stopped at the door of this beauty salon.

A tall bodyguard walked out of the co-pilot. After getting out of the car, he immediately opened the rear door.

Immediately afterwards, Corran, dressed in gorgeous clothes, stepped down.

She looked at the door face of this beauty salon, and said contemptuously: "What a broken beauty salon, looking at it, it's not up to the standard!"

In fact, the decoration of this beauty salon is pretty good. Although it is not a top-notch, it is not affordable by ordinary housewives in Aurous Hill.

However, for the top rich second generation like Corran, it is really too much to be on the table.

The money she paid for a treatment at a top beauty salon is enough to buy this beauty salon.

The bodyguard whispered from the side: "Miss, the woman you are looking for is doing beauty treatment here, just came in ten minutes ago."

Corran nodded, and said in disgust, "Follow me in."

"it is good!"

The bodyguard took the lead and reached out and pushed open the door of this beauty salon.

The clerk rushed over and said apologetically: "I'm sorry, we won't receive guests in the morning."

Corran frowned: "I won't receive guests? A woman named Elaine, didn't she just come to your store for a spa? Why didn't she become unwelcome when she came to you?"

Chapter 1891

The clerk was questioned by Corran, and he didn't know how to reply.

She knew very well in her heart that the boss meant that she would never treat guests this morning, so she couldn't let anyone in.

So she hurriedly said: "I'm sorry, Ma'am, we really don't treat guests in the morning. Ms. Elaine made an appointment in advance, so I'm sorry."

Corran almost exploded in anger.

I condescended to come to this kind of shabby beauty salon. It is like a phoenix coming to the chicken coop. Didn't expect that this chicken coop would not let me enter? !

She immediately furiously said: "Don't let me in, right? Believe it or not, you won't have to do this in the future?!"

The clerk suddenly didn't know what to do.

She could also see that Corran's dressing was no ordinary person at first glance. If she really angered her, it might cause trouble.

So she could only say respectfully: "Sorry, ma'am, wait a moment, I will ask our boss for instructions."

Corran waved his hand in disgust: "Move faster, I have very limited patience!"

The clerk hurried to the boss's office. The boss was already in his office at this time, picking up valuable items.

He intends to help Harold this time. After earning Harold's 200,000 Dollar, he will immediately prepare to run away and vacate the shop tonight. If this is the case, when members of the shop arrive tomorrow, they will find beauty. The courtyard is empty.

This is also the usual routine for most gyms and beauty salons to run away, taking advantage of people's unprepared feet to apply oil, so that all members who have been fooled into applying for a stored-value card are caught off guard.

The clerk entered the office and hurriedly said: "Boss, there is another woman outside. She has to come in! I can't stop her, go and see!"

When the boss heard this, he frowned and asked, "What woman? Didn't you tell her not to treat guests in the morning?"

"Say it!" the clerk said aggrievedly: "I told her several times, but she insisted that the guest named Elaine came in, why can't she enter..."

The boss suddenly became nervous: "Couldn't you know the name Elaine?"

"I do not know either....."

The boss thought for a moment, and said: "Okay, I'll deal with her and see what she wants to do."

After speaking, he got up and came out of the office, all the way to the front desk.

Seeing Corran, the boss also saw that this woman should have a lot of background, and he was even more nervous.

So he hurriedly stepped forward and asked, "This lady, I don't know what your needs are?"

Corran said coldly: "Your store is open, why don't you let in? What do you mean by not serving guests in the morning?"

The boss chuckled and hurriedly said: "It's true that we have guests booked a full set of care in the morning, so it is not convenient to treat guests again. If you come in the afternoon or tomorrow, I will arrange the best technician to serve you!"

Corran said disdainfully: "Stop this set with me, I didn't come to your ruined place to consume!"

The boss frowned: "If you don't come to consume, what are you doing?"

Chapter 1892

Corran said, "I'm here to find Elaine, who just came to your place for nursing care. I have something to talk to her in private."

As soon as the boss heard that he was not for consumption, he darkened his face and said annoyed: "If you are not for consumption, then please go out. If you are looking for someone to discuss matters, you must divide the place. I don't provide such services. "

Corran winked at the bodyguard, and the bodyguard immediately took out 50,000 Dollar in cash from his small suitcase and patted it on the counter.

When the boss saw the money, his attitude became flattering again, and he smiled and asked, "This lady, what service do you want me to provide you with?"

Corran said coldly: "Take me to see Elaine. I want to chat with Elaine in private. It won't be too long, at most half an hour. During this half an hour, no one is allowed to bother and can do it. , This fifty thousand Dollar is your reward, do you understand?"

When the boss heard this, he thought to himself: "Harold asked me to give that Elaine some sleeping pills. After she was asleep, Harold would take her away secretly. Now he has killed the eldest sister halfway and has to talk to Elaine. It sounds like a good deal for an hour, and then give 50,000 Dollar. As long as you let Harold wait for half an hour, wait for the older sister to talk to Elaine and leave, then give Elaine sleeping pills? "

Thinking of this, he immediately agreed with a smile: "It's easy to talk about! Isn't it half an hour of private time, no problem, Ms. Elaine is taking a bath, you can wait in the spa room first."

Corran nodded and said to the bodyguard, "Come with me."

"Hey!" The boss said hurriedly, "We are a female-only club. Members wear very casually here, and sometimes they don't even wear clothes. Even my boss can't enter the private service area for members. You can't bring this gentleman inside!"

Corran didn't think that an ordinary beauty salon would be dangerous, so he said to the bodyguard, "You are waiting outside."

The bodyguard nodded slightly.

Today, Corran's whereabouts were made on a temporary basis, and there was no suspicious person following along the way, so in this case, there was basically no possibility of encountering danger, so he didn't care too much.

The bodyguard waited at the door, and Corran said to the boss: "Can you take me in now?"

The boss smiled and hurriedly said, "Let our clerk take you in. I can't get in either."

"Good." Corran nodded, and followed the clerk into the beauty salon.

The apartment of this beauty salon is relatively deep, with the front desk and lobby outside, and then the bathing place through the promenade, and then the spa room is going deeper.

The reason why the spa room is placed in the deepest part is mainly because the guests who come to the spa are for complete relaxation and are very resistant to noise. If it is too close to the outside and close to the road, the vibration and horn sound of passing cars will be very obvious.

After Corran followed the clerk through the deep corridor, he came to one of the spa rooms.

The clerk respectfully said to her: "Hello, madam, please wait here for a while, and I will bring her here after Ms. Elaine comes out."

Corran gave a hum, took out 10,000 Dollar in cash from her limited Hermes backpack, handed it to her, and exhorted: "Don't tell Elaine I'll wait for her here, just take her in, understand?"

The clerk happily accepted the ten thousand Dollar, and said excitedly: "Don't worry, I won't say it!"

"Yeah." Corran nodded: "You go out first."

"Good lady."

After the clerk went out, Corran frowned and looked at the environment in the room, frowning in disgust.

She took out a cheque written a long time ago from her bag. The amount on the cheque was one billion Dollar, which she planned to use to buy Elaine.

However, the more she looked at the low-end environment of this beauty salon, the more she sighed in her heart: "This Elaine would actually go to this place to do a spa. He must be a bun who has never seen money. Give her a billion Dollar. too much!"

Chapter 1893

Thinking of this, Corran stuffed the one billion check back into her wallet.

She felt that if she wanted to buy a cheap woman like Elaine, one billion would be taken advantage of, and one billion was enough.

As a result, she took out the checkbook again and temporarily wrote a check for 100 million Dollar.

She planned to take this one-billion-dollar check directly in a while to entice Elaine to go home and force her daughter to divorce Charlie. In this way, her mission to Aurous Hill this time would be half completed.

After writing a check for 100 million, she took out a Hermès silk scarf from her bag and placed it on the sofa before sitting down.

At this time, Elaine was still soaking in the bathtub.

In fact, she had washed it a long time ago, and the reason why she still didn't want to soak it out was mainly because she felt that the milk petal bath should have a good moisturizing effect on the skin, so it's better to soak for a while.

And Harold and Christopher, at this time, had already brought a few young men who were still alive and drove a large van to the back door of the beauty salon.

Harold took out the phone, called the boss, and asked, "Ben, how are things prepared? Have you fainted Elaine? I'm just waiting at the back door!"

The boss thought to himself: "I haven't made the extra 50,000 Dollar yet, so I have to wait for my 50,000 Dollar to be safe before doing it!"

So, he said to Harold: "Harold, wait a moment, that Elaine is taking a bath, there is a bit of ink, but don't worry, I will have the water with the added ingredients ready for her. After the bath, find a chance to let her drink it, and you will wait patiently for my notification. Once she faints, I will call you. Then you can just come in and bring someone!"

As soon as Harold heard this, he immediately smiled and said, "Ben, you are still reliable! Okay! In that case, I'll wait a while, and you will notify me immediately if it's done."

"Okay, just look at you!"

.....

Elaine soaked for another ten minutes, feeling that the skin on her body was a little pale because of the blisters, and then she came out of the bathtub reluctantly.

After she came out, she immediately rang the service bell, and the clerk who had received her hurried in with a clean bath towel in her hand.

She helped Elaine wrap the bath towel and asked diligently: "Madam, do you need to wear disposable underwear? I will open the package if necessary."

As she said, she added: "All our technicians and service staff are women. It doesn't matter if you don't wear them."

Elaine thought for a while and said, "I'd better put it on. After all, this is not a bathhouse. It's too awkward to be alone."

The clerk nodded and quickly took apart the disposable underwear for her to wear, and prepared another bathrobe for her. After Elaine put on the bathrobe, she was led to the spa room.

Opening the door, the service staff said to Elaine: "Ms. Elaine, please come in."

Elaine nodded, and when she stepped through the door, she found a beautifully dressed woman sitting on the sofa in the room, and asked the clerk with some dissatisfaction: "This is your technician? This fancy suit is too exaggerated. Right? There are so many decorations on my body, making it look like a mannequin in a jewellery shop. What if I accidentally scratched me?"

Corran must be angry at this.

Secretly cursed in my heart: "The f*cking bun, said I was wearing fancy clothes, said I was pompous?!"

Chapter 1894

The clerk was also embarrassed at this time. Looking at Corran, she didn't know how to introduce Elaine.

Corran frowned, and said in a very arrogant tone to the clerk: "Okay, you go out first, I'll talk to her."

The clerk immediately left the room as if he was amnesty, and took the door behind him.

Elaine looked at Corran warily, and asked coldly, "Hey, who are you?"

Corran said lightly: "You don't deserve to know who I am."

Elaine suddenly sipped: "I babble! The smelly Lady, what kind of big-tailed eagle is here with me? Dressed in colorful, damn United, and carrying a fake Hermes, it's not you who are awesome Up?"

Corran suddenly shouted angrily: "What are you talking about?! I am a catwalk coat customized by Chanel's top designer! My Hermes is also the top limited edition! The clothes I wear are worth at least 50 million! "

Elaine disdainfully said: "You f*cking pretend to be forced by me, when the Lady is a bunny who has never seen the world? Just your broken Hermes, and her mother dare to say that it is a limited edition. Tell you, the Lady is the real Hermes. people!"

As she said, she immediately took out the Hermès backpack she had placed in it before taking a shower from the locker, hung it on her arm and stretched it out in front of Corran, and said pretentiously: "Open your dog's eyes to the Lady , This is the real Hermes, simple and atmospheric, understand?"

Corran glanced at Elaine's Hermes, and suddenly she burst into laughter.

Seeing her smile, Elaine couldn't help but sneered: "What? I don't dare to pretend to be forced when I see the real Hermes, right?"

Corran sighed, and sneered: "I know what is poor, so you are called poor!"

As she said, her eyes were full of contempt and said: "Do you still dare to show off in front of me with the most basic entry-level Hermes?"

Immediately, Corran immediately picked up her Hermes, and sneered: "Open your dog's eyes and show me clearly, my Lady, this Hermes, can buy you more than 100!"

"fck your mother's old mule!" Elaine said in disgust: "You fcking boast that you won't be taxed. Listen to what you mean, do you pay 10 million for that Hermes?"

Corran sneered: "15 million!"

Elaine curled his lips: "I really don't know where the dead Lady came from. I chopped you up and sold you by a catty. You are not worth 15 million! Are you still here to pretend to be your grandma? Get out of here. Don't f*cking delay my spa!"

When Corran heard this, her whole body trembled with anger, and she wished to slap Elaine immediately to give a lesson to this unseen turtle.

But after another thought, I came here today, not because she is more expensive than her Hermes, there is still business to be done.

So she gritted her teeth and waved her hand: "Okay, Elaine, I won't talk nonsense with you anymore. It's meaningless. I came to you this time because I wanted to make a deal with you."

"Doing business?" Elaine frowned, "I have nothing to do with the fake Hermes like you, so get out of here!"

Corran pressed her anger and said coldly: "You might as well listen to me first. I am looking for you this time for one purpose. You go back and get your daughter to divorce Charlie. If you promise me, this check will be yours. ."

After that, she handed the 100 million dollar check to Elaine, and said proudly: "This check is worth 100 million. As long as you promise me, you can take the money first!"

Seeing Elaine's expression stunned, Corran sneered again, and said in a condescending tone: "But Elaine, listen to me. Since you have taken my money, you must do what I explain! Otherwise, I will not only Letting you spit out this money a lot, and it will cost you a huge price!"

Chapter 1895

Elaine looked at Corran dumbfounded, and blurted out unbelievably, "What are you talking about, this check is worth 100 million?!"

Seeing her surprised look, Corran sneered, and said sarcastically: "Look at the way you have never seen the world, Citibank cash check! Haven't you seen it? If you think of someone like you, you won't have the chance to see it in your life. Such a large cash check!"

Elaine's whole expression immediately became uncertain.

Corran thought she completely shocked Elaine, and smiled satisfied.

She held the check in her hand and slapped it a few times, and smiled arrogantly: "Do you want this check? If you want, just listen to me and persuade your daughter to leave Charlie!"

Elaine's expression suddenly became a little annoyed. Corran hasn't figured out how this woman's expression has become so fast. Elaine suddenly stretched out his hand and snatched the check over, took a close look in front of him, and then angrily tore the check into pieces!

Corran was dumbfounded. She saw Elaine tear her one hundred million check into shreds, and immediately said in her heart: "It seems that I have underestimated this stinky lady named Elaine! She tore the check even if she said it, it seems that her appetite is not small!"

At this moment, when Corran saw Elaine staring at him with an extremely angry look, he gritted his teeth and said: "Okay! One hundred million is too small for you, yes! As long as you obediently listen to me, let your daughter and Charlie divorce After the formalities are completed, I can give you 200 million!"

After all, she immediately took out the checkbook from Hermès' bag, took off the pen cap, and said coldly: "You think about it. If you want, I will write you a check now!"

When Corran said this, he thought to himself: "You Elaine is nothing but an old hat in a small city. Don't look at you in a villa of Thompson First, but you must be a stinky silk who has never seen a lot of money. A billion is in front of you, I don't believe you will refuse!"

Thinking of this, Corran suddenly saw a flower, and in the next second, a sharp pain came from her left cheek!

"Snapped!"

It turned out that Elaine directly raised his hand and slapped Corran severely!

Corran has never been beaten in her entire life, and never dreamed that she lived more than 40 years old. The first slap in his life was actually beaten by a scumbag!

She immediately felt a burst of anger rush to her head!

Staring at Elaine, she yelled hysterically: "The name is Elaine! Are you f*cking crazy? Dare to beat me?! Do you know who the Lady is?"

As soon as the voice fell, Elaine came up directly, kicked her chest, and kicked her directly from the back of the sofa!

Although Corran is not a good person, she is also an intellectual.

Although she was proud and bullied all her life, she basically did not bully herself by herself.

Therefore, Elaine suddenly moved her hands, and she suddenly had no resistance!

Seeing being knocked to the ground by Elaine, she struggled to get up and cursed with a disheveled hair: "Elaine! Are you fcking sick?! My mother gives you money, if you fcking don't, there is no need to do it with my mother." Don't you f*cking understand the truth that a gentleman speaks but doesn't use his hands?!"

Elaine gritted her teeth and cursed: "What a f*cking gentleman who talks but doesn't do anything? Since you dare to give the dead man the paper money to fool my Lady, why can't my Lady beat you like this! I will not only beat you today, I want to kill you!"

Corran was almost blinded at the moment.

She yelled hysterically, "What the hell are you doing?! The Lady gave you a cash check from Citibank! You can hear clearly, it's Citibank! Even if you f*cking have never seen the world, at least have some basic common sense. !"

Chapter 1896

"fck you!" Elaine rushed over in a rage, and rode directly on Corran's stomach. With her big mouth bowed from side to side, she flicked towards Corran's face and cursed as she slapped, "You fcking treat me as a fool. The Lady has been fooled like this once, you f*cking dare to cheat the Lady!"

At this moment, Elaine thought in her heart that Jacob was hospitalized in the hospital. She wanted a check for her daughter Claire's check-out rent. After Charlie handed the check to her, she took the check to pay for the hospitalization.

Unexpectedly, the denomination of that check turned out to be 100 million!

At that time, the hospital cashier ridiculed her and threatened her to call the police to catch her.

In the end, she went back to Charlie to settle the accounts in a rage, only to realize that Charlie had bought the check from the funeral store and planned to burn it to his deceased parents.

Therefore, Corran now also took out a 100 million check, which looks almost exactly the same as Charlie's 100 million check at that time.

In this case, of course she was furious!

What's more hateful is that this damn Corran has been repeatedly emphasizing Citibank in front of her!

In this life, Elaine hated Citibank the most! Because for her, the worst experience in her life was caused by the fake black gold card of Citibank. After that, she was put in a detention center, and was abused by the Lady Wilson, Wendy, and the big and rough Gena for several days. Those just a few days were definitely the black hole of Elaine's life.

Therefore, when she saw that Corran not only cheated herself with a cheque of 100 million Dollar from the dead, but also dared to use Citibank to chirp here, she was already angry!

Corran was dizzy and nauseous when Elaine was beaten at this time, and her cheeks that Elaine beat him back and forth were red and swollen, and the pain was unbearable. Although she screamed, her bodyguard was outside the gate at this time and couldn't hear the movement so deep inside, so she couldn't help her at all.

Even though Corran was beaten very dumbfounded, she knew very well in her heart that now it is idiotic to get her mobile phone and let the bodyguard come in to rescue her, so she can only fight with Elaine! ?

As a result, she suddenly stretched out her hand to grab Elaine's hair like crazy. After grabbing a lock of Elaine's hair, she yanked her desperately!

Elaine didn't expect this lady to be beaten by herself all the time, and as a result she attacked her hair!

Suddenly, she felt a sharp pain in her hair, which made her scream several times, and she was desperately trying to beat Corran with her hands.

While beating and cursing: "Silly idiot, you dare to pull my Lady's hair, my Lady fight with you!"

Naturally, Corran was not to be outdone. With that strand of hair in her hand, she desperately tore, and directly tore all that strand of hair from Elaine's head!

This time, Elaine covered her head in pain and yelled. Corran saw that this was an opportunity, and directly pushed Elaine to the ground, and then rushed up, riding on Elaine's stomach, facing her face for a while. f*ck!

"Even I dare to fight, I f*cking kill you shrew!"

Corran was mad at this moment. If she were to give her a knife, she would be able to kill Elaine on the spot.

At this moment, the waiter outside heard the movement and ran over in a hurry, opened the door to see, and was shocked immediately, so he hurried to the boss's room, opened the door and panted and said, "Boss, no... ..Not good! Then...the two women...in the room...fight...fight..."

Chapter 1897

As soon as the owner of the beauty salon heard that the two women were fighting, they became angry.

"Damn, aren't friends chatting? Why are you fighting again?!"

The clerk hurriedly said: "I don't know, it's a terrible beating. If you don't check it again, you will probably kill you!"

"f*ck!"

The beauty salon owner was nervous.

I haven't run away yet. If something goes wrong at this time and the police are brought in, it will be a big trouble.

So he hurried to check the situation. Before he got there, he heard that he had been beaten to the death.

Elaine was yelling through the door: "Damn, stinky girl, my Lady can't cure Gena's big fat pig, and he can't cure you?!"

Corran obviously took the advantage, gritted his teeth and cursed: "You wait! I'm definitely not going to make you feel better! I won't let you live to see the sun tomorrow!"

"Snapped!"

Elaine slapped Corran's face again: "That broken mouth, why the f*ck is forcing me to talk, see if I won't tear your mouth to you!"

The owner of the beauty salon opened the door and took a look, but was frightened by the two women with blood on their faces and quickly closed the door.

He muttered nervously in his mouth: "No way, no way! If you continue to do this, you must die!"

After speaking, he immediately ran to the back door, and when he pushed the door, he saw a van parked upside down at the door, with the trunk entrance facing the back door.

So he hurried to the co-pilot and took a picture. Harold put down the car window and asked excitedly: "Beni, has that stinky lady Elaine fainted?"

The owner of the beauty salon said anxiously: "Fat! I fought with a woman inside. If you continue to fight, you will kill people. Go in and take them away!"

Harold asked in surprise: "What's the situation?! Have you started fighting? With whom?"

The owner of the beauty salon was a little guilty, but didn't mention a word about the fact that he charged Corran in. He said hurriedly: "I don't know who the hell is, you quickly take the person away, otherwise it's all over if something happens! I'm going to die, and you are going to die!"

Upon hearing this, Harold hurriedly led a few young people out of the car.

A crowd of people, led by the owner of the beauty salon, swarmed to the door of the spa room. Before opening the door, they heard the mess inside.

Harold kicked the door open. Seeing Elaine was riding on a woman with a bloody face and beating her, he immediately said to a few people around him: "It's the woman above, grab her and take her into the car! "

Elaine turned to find Harold, and suddenly shouted in panic: "Harold! What do you want to do?!"

Harold grinned and said, "Second aunt, you spent so long with our family and sent my mother to the black coal kiln. Now is the time to pay a price!"

After speaking, he waved his hand, and several people around him immediately rushed over and tied Elaine up.

Corran didn't know what was going on, but when someone started to arrest the woman who had been beating him, he was finally relieved and angrily cursed: "The surname is Elaine, my mother is going to break you into pieces! Wait! "

As Corran spoke, she reached into Hermès' bag and fetched her phone.

Seeing this, Harold hurriedly scolded: "Damn, you still want to call?! Put the phone down for me! Otherwise, don't blame me for being polite!"

Corran looked at him and blurted out: "This matter is my personal grievance with Elaine, don't worry about it! Give Elaine to me, and I will give you a satisfactory reward!"

Harold exploded immediately.

Chapter 1898

He thought to himself: "Is this woman mindless? Give Elaine to you? How can our family explain to Mr. Webb? Besides, I don't care how you appeared here today, since you and Elaine When they got together, in order to avoid problems with my kidnapping Elaine, then I can only take you away!"

So he ignored Corran and said directly to the young people: "Tie up this Lady and take her away!"

When Corran heard this, he shouted angrily: "Tie me?! Do you know who I am?!"

Harold said in disgust: "I don't bother to know who you are. When you and Elaine go to the brick factory to burn bricks, tell Elaine who you are!"

After speaking, he said to the few people: "Give me both of them!"

Corran said hysterically: "You dare to move me, I'm Cyn...oo..."

Before Corran could say the rest, her mouth was tightly gagged with a towel.

The end of Elaine was the same. After being gagged, Harold immediately said to them: "Hurry up and get people in the car!"

Several people immediately took Elaine and Corran, walked out the back door quickly, and stuffed them into the carriage.

Harold said to the owner of the beauty salon at this time: "Ben, I advise you to withdraw as soon as possible and don't spend it here."

The owner of the beauty salon said: "No, I still have some second-hand equipment and furniture waiting to be processed!"

Harold asked him: "How much money can it be worth just such a little second-hand tatter?"

"It's worthless, but it's better than a lot of things. If you sell it, you can sell it for ten or twenty thousand."

Harold said hurriedly: "You quickly pull it down! How long do you have to spend for this 20,000 Dollar? In case it is for such a small amount of money, and you finally want to run away, then you will lose out. ! So I advise you to leave now! After I am gone, you should withdraw from the back door quickly!"

The beauty salon owner thought carefully: "Yes... the woman who came to Elaine just now has a companion, but that companion is waiting outside at this time, and now she is taken away by Harold. The other party can't wait for anyone, and it will take half an hour, and he will definitely come in to see what happens. Isn't it a bad thing?!"

Thinking of this, he lost his heart. Anyway, he earned 200,000 Dollar from Harold, and another 50,000 Dollar from Corran, which is already a lot of money. If he doesn't run away now, if he can't get away. , I regret no tears!

So he hurriedly said to the clerk: "Go and say hello to the technician, pack things up and leave in five minutes!"

The clerk nodded busy: "Good boss!"

Soon, the van that Harold found, carrying Elaine and Corran who were tied up by the five flowers, quickly left the back door of the beauty salon.

Within a few minutes, the owner of the beauty salon also took a clerk and a technician, with large and small bags of soft luggage, and sneaked away through the back door.

At this moment, Corran's bodyguard was still standing beside the Rolls-Royce on the roadside, waiting for Corran to come out.

How did he know that Corran was actually kidnapped in this ordinary beauty salon...

Twenty minutes passed, and Corran hadn't come out yet. The bodyguard took out his cell phone and planned to call Corran to ask.

At the same time, the van was driving outside the city.

Harold was sitting on the back seat with a smug look, while Elaine, who was heavily tied up, was lying at his feet.

He deliberately stepped on Elaine's face with his feet, and sneered: "Elaine, I didn't expect it, you will have a f*cking today!"

Elaine was speechless, so she could only whimper a few times.

At this moment, in Corran's bag next to him, the phone rang suddenly!

Chapter 1899

Corran's cell phone ringing shocked Harold.

He hurriedly reached out to Corran's bag and took out an Apple mobile phone.

Seeing someone calling her, he immediately turned off the phone without saying anything, and threw it back into Corran's bag.

Although Corran whimpered for a while, but there was nothing to do, and the intestines that she had regretted long ago were blue.

She thought to herself, "Isn't it the bad luck that I did? What am I doing with this Elaine? If it wasn't for her, I wouldn't be kidnapped by this group of people!"

However, regret at this time has no meaning. Although she is the eldest daughter of Elder Wade, at this moment, she is also called every day to refuse, and the ground is not working.

At the same time, at the entrance of Lizi Beauty Salon.

Corran's bodyguard found that his master refused to answer her phone.

He didn't think much about it at first thought. After all, he knew that Corran was here to talk to Elaine. Maybe it was inconvenient to answer his phone at the critical moment of negotiation.

However, in order to be sure that he was foolproof, he called Corran again. Unexpectedly, after the call was made, the phone turned off!

This moment made Corran's bodyguard nervous!

In today's society, mobile phones are very important to anyone. Therefore, Corran's mobile phone has hardly ever been turned off during the day.

He immediately noticed something abnormal, so he immediately said to the driver: "Follow me in and have a look!"

The driver was also one of Corran's bodyguards. He immediately got off the Rolls-Royce and rushed into the beauty salon along with the bodyguards who had been guarding the car.

As soon as they entered the beauty salon, the two realized that something was wrong!

The clerk was not there, and it was a bit messy inside, obviously showing signs of hastily turned over.

So they searched from room to room and found the spa room where Corran and Elaine had been fighting before.

When they saw the house full of mess, blood, and a lock of long hair on the ground, the two of them shook their hearts and looked at each other, and they could see the despair and collapse in each other's eyes!

On the sofa, there are silk scarves left by Corran!

From the scene, it can be easily seen that Corran was kidnapped!

The two bodyguards suddenly felt thunderous!

They were ordered to protect Corran's personal safety. They should have used their lives to defend Corran's safety, but they didn't expect Corran to be kidnapped right under their noses!

One of them desperately said: "It's over! This is over! The protector is not strong, this is a capital crime!"

The other person was equally desperate and collapsed and said, "This...this shouldn't be! Missy decided to come to see that Elaine temporarily today, so it is impossible to reveal any whereabouts in advance, and our way is not. Without being followed by anyone, who would take her against her, this is not logical!"

"Oh, you don't care about what is reasonable or unreasonable. The top priority now is to find the eldest lady! Let's call Isaac Cameron as soon as possible! Aurous Hill is his site, he must be better than us!"

"It makes sense!"

As the man said, he immediately took out his mobile phone and called Isaac Cameron.

Isaac Cameron was in the hospital at this time, visiting the employee who miscarried because of Corran.

Corran's kick not only kicked the female employee's child, but also caused the female employee to cause a severe bleeding. Fortunately, the rescue was timely and he was temporarily out of danger.

Isaac Cameron hated and angered at the thought of Corran's arrogance and domineering, but as a servant of the Wade family, he had no right to point fingers at Corran anyway.

Chapter 1900

Therefore, he can only comfort his female employee and let her cultivate her body at ease.

After coming out of the ward, Isaac Cameron sighed, wondering when the grandmother Corran could leave when the phone suddenly rang.

The person who called was Corran's bodyguard.

Isaac Cameron answered the phone: "Hey, this is Isaac Cameron."

The nervous people on the other end of the phone almost cried, and choked up: "Mr. Cameron, something has happened, Mr. Cameron!"

Isaac Cameron frowned and asked, "What's the matter? It's such a fuss."

There was a shivering voice and said: "Isaac...Mr. Cameron, the eldest lady...she...she was kidnapped!"

There was a buzz in Isaac Cameron's mind!

What do you mean?

Corran was kidnapped in Aurous Hill?

Who is so bold that even the Wade family dare to tie them?

So, he hurriedly said, "Don't worry, let me know the matter clearly after the first five to ten!"

The other party hurriedly said, "Today the eldest lady is looking for a woman named Elaine to talk about something, so we accompanied the eldest lady to a beauty salon and met with that Elaine..."

"Unexpectedly...the two of them disappeared in the beauty salon together, and even the clerk and boss of the beauty salon were missing..."

In the next moment, he immediately thought of Charlie.

He knew that Charlie had a big quarrel with Corran in the Sky Garden, and the two sides must have been very uncomfortable, so it might really be Charlie's hand.

So he hurriedly called Charlie and asked as soon as he came up, "Master, where are you?"

Charlie said lightly: "I'm at home, what's the matter?"

Isaac Cameron said nervously, "Master, did you tie up your aunt?"

Charlie frowned: "No, I don't even bother to see her, why did I tie her up? Why, she was kidnapped?"

Isaac Cameron was surprised: "Ah? You didn't do this thing?! That's bad! This is really going to happen!"

Charlie asked, "What the hell is going on?"

Isaac Cameron blurted out: "Your aunt went to the beauty salon to see your mother-in-law, and said she was going to talk to your mother-in-law in person, but she suddenly disappeared and disappeared in the beauty salon!"

Charlie was shocked, and hurriedly asked him: "What about my mother-in-law? Missing too?! Do you know what she said to my mother-in-law?!"

What Charlie feared most at this time was that Corran would reveal his identity in front of Elaine.

Now, the Banks Family is the enemy he must get rid of, and the Wade family does not know whether it is an enemy or a friend. It is very likely that the two top Eastcliff families are their enemies. If their identity is revealed, they will be exposed to those around them. Brings a lot of danger.

Before these things were resolved, he was not going to tell Claire his identity.

However, if Corran and Elaine show up, then he won't be able to hide...

Isaac Cameron also heard that Charlie was a little nervous about this matter, and hurriedly said: "Master, I don't know the specific situation now. I don't know what your aunt and your mother-in-law said. Now they are both kidnapped. You have to find them first!"

Charlie nodded, and said, "You call Don Albert. His subordinates are scattered all over Aurous Hill and have many eyes and ears. This kind of thing should be able to find a clue!"
