

## Chapter 391

Since Elaine had already admitted to her own mistake and guaranteed that she would never do something like this again, Claire became soft-hearted and she decided not to pursue the matter further.

When they were both alone, Claire told Charlie, "Charlie, my mom is always like this. Please don't blame her too much. As long as she realizes her own mistake and is willing to turn over a new leaf, we should give her a second chance."

What could Charlie say? After all, she was Claire's biological mother and his mother-in-law. Therefore, he could only smile as he said, "I understand, Claire. You don't have to worry about me. You can decide on this matter on your own. I'm your husband and she's my mother-in-law, so I won't blame her for anything she does."

Claire nodded before she hugged Charlie gently and said, "Dear husband, I'm really grateful to you. If it weren't because of you, Mom and I wouldn't have been able to leave that place alive..."

Charlie smiled before he said, "Okay, don't mention it. You don't have to keep thanking me!"

"Mm..." Claire nodded before she said, "We should postpone moving out then. What do you think?"

Even though Charlie really wanted to move out with Claire, he wanted to respect Claire's decision.

Therefore, he smiled before he said, "I don't mind moving out nor if we continue living here either. It doesn't matter that much to me."

After that, Charlie seemed to recall something and he said, "By the way, the renovation for the villa at Thompson First is almost done. After the renovation is completed, we can move into the villa as a family."

Claire was a little overwhelmed and she said, "That villa belongs to Mr. White after all. Wouldn't it be very troublesome for us if we've already moved in as a family and he decides that he wants to take back the villa one day?"

"It wouldn't be troublesome at all." Charlie smiled, "Zeke has already transferred the ownership of the villa to me. I'm now the legal owner of the villa and he won't be able to take the villa back from me anymore. Besides that, we'd be able to lead a quieter and more peaceful life in the future. After all, if we moved into the huge villa, there would be several floors in the villa. We can live on the third floor while our parents can live on the second floor. This way, we will be able to meet them less and we would have more freedom. What do you think?"

Claire thought about it and she felt that what Charlie said really made sense.

She had always wanted to escape from the troubles of this family but sometimes, she felt that she did not have the rights to do so. After all, she was still her parents' biological child, so how could she possibly move out just like that?

However, it was very difficult to deal with this kind of situation sometimes.

Therefore, if they really moved into the villa, life would definitely be a lot easier. Everyone's bedroom would not be located on the same floor and they could minimize any interference and have some free time to themselves.

Claire nodded before she said to Charlie, "If that's the case, then we should move into the villa as soon as the renovations are complete!"

\*\*\*

A villa was burning at the riverside villa at this time.

The fire truck arrived at the scene and it took them a long time to finally put out the fire. However, everything inside the villa had already been reduced to ashes.

The firemen entered the site and they noted that there were no human bodies or remains inside the villa, which proved that this fire did not cause any casualties at all.

A fire with no casualties was naturally not worth any mention, so no one paid much attention to the sudden fire that burned down the whole villa.

In fact, the reason why the firemen could not find any corpses or human remains was because Justin and Jason had already been reduced to ashes by Charlie's Thunder Order. Therefore, the remains of their ashes were fused with all the other objects in the room and since the ashes were so fine, it was completely impossible for it to contain any DNA components at all.

This was how both the father and son from the Grant family completely evaporated from this world.

Everyone in the Grant family was very anxious at this time.

They did not know where the father and son had gone and no one knew about the horrible and terrifying plan that they had come up with to retaliate against Charlie. The villa that was burned down was owned by their family but even though the villa was burned down to ashes, there were no casualties! Therefore, the Grant family thought that the father and son had gone missing!

After that, the Grant family offered a cash reward of five million dollars to anyone who had any information about Justin and Jason. They even posted photos of the two all around the city.

However, no one could find the two persons who had disappeared into thin air. They left no traces or clues of their existence back in this world.

## **Chapter 392**

At the same time, Kenneth, who had his manhood destroyed by Charlie, was waiting for Justin's phone call at home.

Last night, he saw the pair of father and son pacing up and down the entrance of Anthony's Serene World Clinic. It seemed as though the both of them were trying to light up Serene World

Clinic with gasoline. It was then that Kenneth realized that he would be able to use these fools to his own advantage.

He originally thought that he could fool both of them into getting rid of Anthony. After that, he would swap out Anthony's real medicine with the fake ones he had already prepared.

As soon as he got his hands on Anthony's real medicine, he would be able to restore his manhood to its former glory.

However, even though Justin said that he would call him today, he did not call him at all. This made Kenneth a little anxious.

He did not know Justin's name and he could only keep dialing the phone number that had been given to him. No matter how many times he called, the call could not be connected because it was not in the service area.

The more he could not reach Justin, the more irritated Kenneth was.

Lady Wilson, Christopher, Hannah, their daughter, Wendy, and son, Harold, were all standing at the side as they looked carefully at Kenneth who was sitting on the sofa at this time.

"Damn it! This dog! He's really pissing me off! He isn't trustworthy at all!"

After that, Kenneth dialed Justin's phone number again and he found that the call was still not going through. At this time, Kenneth had a really gloomy expression on his face.

He felt that he was on the verge of collapse. Without his manhood, he was nothing more than a living eunuch, so he could not wait to get his hands on Anthony's miraculous medicine.

However, he knew all about Anthony and his abilities. Therefore, he did not dare to provoke him directly.

When Wendy saw that Kenneth was getting more and more irritated, she hurriedly stepped forward before she said, "My dear, what's wrong with you? Who are you trying to call? Why are you so irritated right now?"

At this time, Kenneth replied with a black face, "I'm calling a bastard but I don't know his name!"

Everyone in the living room exchanged glances with one another. They could not help but wonder why Kenneth would want to make a phone call to someone whose name he did not even know.

At this time, Harold suddenly received a text message from an Aurous Hill group chat. The owner of the group chat posted a message stating: "Jason and his father, Justin, are both missing. The Grant family is offering a cash reward of five million dollars to anyone who has any clues or information about them. If anyone has any information about the father and son, please go and get the money so that you can buy everyone a drink!"

Immediately afterwards, the owner of the group sent a photograph of the father and son to the group chat.

Harold muttered in surprise, "Wow. How could Jason and Justin suddenly disappear?"

Wendy also asked in surprise, "Brother, isn't Jason the same guy that became a cripple because Charlie threw him out of the hospital window two days ago?"

"Yes." Harold continued speaking, "Both of them went missing today..."

After hearing their conversation, Kenneth immediately thought of the father and son who were carrying gasoline in their hands last night. He quickly asked, "Who is this Jason that you've just mentioned? Do you have a picture of him?"

"Yes." Harold hurriedly handed his cell phone over to Kenneth as he said, "Look, Chairman Wilson. These are the two who have disappeared mysteriously today."

When Kenneth saw the picture of the father and son, he suddenly exclaimed, "Damn it!"

Damn it!

What happened?

They were going to get rid of Anthony today but the mentally retarded father and son suddenly disappeared today?

Could it be...could Charlie be the mastermind behind their disappearance?

### **Chapter 393**

When Kenneth thought about the fact that the disappearance of the father and son of the Grant family might have something to do with Charlie, Kenneth could not help but feel very nervous.

If Charlie could really let the father and son evaporate from the face of this world, then he was afraid that Charlie would also get rid of him...

Moreover, since the father and son had already disappeared, he would not be able to get his hands on Anthony's magic medicine.

After all, there would not be any substitute for a dead man and he should not do anything to provoke Anthony at this time.

As everyone was keeping silent, Lady Wilson suddenly looked at Kenneth in a flattering manner as she said in a humble manner, "Mr. Wilson, should we head to one of the big hospitals in Eastcliff instead? Perhaps you'd be able to find a cure for your illness then."

Kenneth was the final life-saving straw for the entire Wilson family and Lady Wilson felt even more anxious than him at this time. If Kenneth could not restore his manhood, the Wilson family would definitely miss out on the remaining seventy million dollars that he had already promised to invest in the Wilson Group.

"Yes, Mr. Wilson. Even though Dr. Simmons is a reputable and famous man, he's always hanging around that piece of trash Charlie. I believe that there would definitely be other genius doctors who are more capable than him!"

Christopher also chimed in because he wanted to get into Kenneth's good books.

As soon as their voices fell, the expression on Kenneth's face became even uglier. He gritted his teeth as he said, "Shut up! I know what that bastard Dr. Simmons is capable of! If he is unwilling to treat me, then it would be useless for me to go to any hospitals in Eastcliff."

At this time, Wendy anxiously said, "Kenneth, is Dr. Simmons the only genius doctor in the entire Aurous Hill? Should we try looking for someone else instead?"

Wendy did not have any love or affection for Kenneth. However, she felt that she had already paid such a high price but it seems as though she did not get much benefit at all. How could she be content with this?

Christopher suddenly thought of something and he quickly said, "Chairman Wilson, didn't you say that you have a friend who runs a pharmaceutical factory? Do you want to contact that person and see if he'd be able to help you out?"

The expression on Kenneth's face changed immediately as soon as he heard Christopher's words. He had been so focused on getting Anthony's magic medicine that he had forgotten all about that.

The Weaver family in Aurous Hill owns a large pharmaceutical company and they were one of the most reputable names in the pharmaceutical industry.

Moreover, Kenneth had a very good relationship with the young lord of the Weaver family. The two of them often fooled around together. Now, he would probably be Kenneth's last hope in Aurous Hill.

The young lord of the Weaver family was also a devil just like him.

If Kenneth were to ask for his help, he would have to start from this aspect.

At this time, Kenneth looked at Wendy with eyes filled with dissatisfaction and disgust.

He had already spent fifteen million dollars for this woman and he only managed to spend two or three nights with her before he became a eunuch. This was really one of the most expensive women that he had ever played with!

Since he had already lost his manhood, he could no longer engage in any intimate moments with Wendy. Therefore, it was useless for him to continue keeping her by his side. It would be better for him to bring her over to the young lord of the Weaver family so that she could please him instead.

As he thought about this, Kenneth looked at Wendy before he smiled and said, "Wendy, make sure that you dress up nicely tomorrow. I'm bringing you along with me to see a friend..."

It was rare for Kenneth to smile and talk to her in such a nice manner these few days. Therefore, Wendy was overjoyed and she nodded in a hurry. She did not know what was going through Kenneth's dirty mind at this time.

...

The next day, the news of the disappearance of the father and son of the Grant family continued spreading around the city.

However, Claire and Elaine did not pay too much attention to the matter because Charlie had already told them that the father and son had absconded out of fear that they would be punished for their crime.

Since they were absconding, it was only natural for them to disappear from the face of this world.

Kenneth contacted the young lord of the Weaver family in advance before he brought Wendy with him to one of the exclusive private rooms in Aurous Hill later that evening as he anxiously waited for the arrival of the other party.

## **Chapter 394**

Wendy dressed up very beautifully today. She wore a black figure-hugging dress that was worth over a hundred thousand dollars. The dress revealed her beautiful curves and figure and she put on heavy makeup tonight.

Even though she was not as beautiful as Claire or Jasmine, she could easily get most men excited after putting on some makeup and dressing up in some revealing clothing.

When she heard that she was going to meet the young lord of the Weaver family, she was also a little excited.

Although the Weaver family was not one of the top families in Aurous Hill, it was still a much stronger and more powerful family compared to the Wilson family.

Now that the Wilson family was still struggling, Wendy also hoped that she would be able to get to know more wealthy and powerful people. If she was fortunate enough, she might have the opportunity to bring some improvements and business to the Wilson family.

Kenneth and Wendy continued waiting in the private room for a short while when someone suddenly pushed the door open.

At this time, a middle-aged man dressed in an Armani suit walked into the room. The man had his hair combed to the side and he looked very wretched. He was also wearing a Patek Phillippe watch on his wrist.

A man who looked about one or two years younger than him was carrying a bag in his hand as he followed behind him. He looked like his assistant.

Kenneth stood up before he smiled and said, "Brother Jeffrey, come and have a seat inside."

The middle-aged man smiled before he said, "Chairman Wilson, you're such a busy man and you've not visited Aurous Hill for the longest time! What brings you here today? I'm also really flattered that you've actually asked me out!"

As he spoke, Jeffrey suddenly saw Wendy who was sitting next to Kenneth and his eyes lit up immediately.

Jeffrey smiled before he said, "Wow, Kenneth. Who's this beautiful girl beside you? Why didn't you introduce her to me?"

Kenneth pulled Wendy over to him as he said with a smile on his face, "Brother Jeffrey, let me introduce you to her. This is my niece, Wendy."

"Oh, it turns out that she's your niece. It's no wonder that she's so beautiful."

When Jeffrey heard that Wendy was Kenneth's niece, he smiled and nodded gently. At this time, his eyes flashed with greed as he reached out his hand towards Wendy and said, "Miss Wendy, I'm so lucky to meet you today."

At this time, Kenneth said to Wendy, "Wendy, this is Jeffrey Weaver, the general manager of Weaver Pharmaceuticals. Weaver Pharmaceuticals is a well-known pharmaceutical company in Aurous Hill and they are doing very well in the pharmaceutical industry."

Wendy hurriedly shook hands with the other party as she said, "Hello, Mr. Weaver!"

Jeffrey took off his suit jacket before he threw it towards the man who was standing behind him at this time.

The assistant missed his throw and the suit jacket fell on the ground.

There was a look of dissatisfaction in Jeffrey's eyes as he glared at the man before he started cursing at him. "Garbage! You can't even do something as simple as this?"

"I'm sorry, Elder Brother. This is all my fault...please don't get angry." The other man's face turned pale and he quickly picked up the suit jacket on the ground before he wiped off the dust on it.

Jeffrey got even more upset and disgusted after hearing the man's words. He walked towards the man and slapped him across the face before he said, "Liam, how many times must I tell you that you're just an illegitimate child? Who gave you the rights to call me your brother? I am not your brother! Get out of here and wait for me outside."

Even though Liam was slapped across the face, he did not dare to refute or retaliate at all. Instead, he nodded in a humble manner, as though he was already used to this kind of treatment. After that, he slowly retreated as he said, "Alright, I understand, Elder Brother."

After he was done speaking, Liam hurried out of the private room.

"What a disappointment! Damn it!"

As Jeffrey continued cursing, Kenneth suddenly asked, "Brother Jeffrey, is that your brother?"

Jeffrey replied coldly, "He's just an illegitimate child! He isn't my brother!"

After that, Jeffrey turned around to look at Wendy before he asked, "Miss Wendy, you're so beautiful. May I know if you have a boyfriend?"

## Chapter 395

As soon as Wendy heard his question, she did not answer but she looked at Kenneth with an awkward expression on her face.

She did not dare to say that she had no boyfriend because she was Kenneth's lover.

However, she did not tell any outsiders that she was Kenneth's lover. After all, Kenneth had a family of his own. She did not want to ruin or break his family apart. If that was the case, and if she said that she was his lover, then she would definitely cause more trouble for him. If that happened, she would only be making things difficult for herself.

Unexpectedly, Kenneth was actually very straightforward at this time. He did not bother to hide the truth and he simply smiled before he told Jeffrey, "Brother Jeffrey, let me tell you the truth. Wendy is actually my lover. However, I hope you'll keep this to yourself and not tell anyone else about this."

Jeffrey felt very regretful at this time. He initially thought that Wendy was Kenneth's niece. Who would have known that it was just a cover up and she was in fact just his lover.

Even though he was interested in Wendy, he would not dare to steal Kenneth's woman. Therefore, he could only dispel all these thoughts in his heart.

Kenneth naturally saw the look of greed in his eyes and he smiled to himself as he continued chatting with Jeffrey.

At this time, Kenneth deliberately asked Jeffrey, "By the way, Brother Jeffrey, how has your father's health been recently?"

Jeffrey sighed before he said, "Not that good. The old man had partied too much when he was younger and he's paying the price for his actions now. Therefore, his health is suffering a lot now."

Kenneth asked again, "I heard that the old man used to have a lot of romantic relationships in the past?"

"Of course he had plenty of them!" Jeffrey replied helplessly. "Don't you know that my father was just like me? He was very handsome and young back then and he would always coax and spend the night with all sorts of women whenever he went out to buy medicinal herbs and medicine outside. He would always find the opportunity to sleep around whenever he could do so. As far as I know, he had more than twenty lovers in the past! That's even more than I have!"

"Wow!" Kenneth exclaimed immediately. "Your father was really such a womanizer when he was young?"

Jeffrey nodded before he said in a helpless manner, "Otherwise, how else would I have a half-brother who is an illegitimate child? In fact, my father has several other illegitimate children out there but they're all daughters. When my grandfather found out that my father had an

illegitimate son out there, he insisted on bringing him back to the Weaver family home because he said that a son of the Weaver family should not be left to suffer outside.”

After that, Jeffrey continued explaining, “I’m not the only one who doesn’t want to look at this bastard child. My father doesn’t even want to see him at all! However, there’s nothing else we can do. Since he has already recognized his ancestors and since my grandfather was the one who invited him into the Weaver family, we have no choice but to keep him with us. He usually does some menial tasks for us.”

Kenneth had always known that the Weaver family had two sons. The eldest son was none other than Jeffrey Weaver while the younger son was the illegitimate child, Liam Weaver. Liam was a result of his father’s romantic relationship with one of his lovers a very long time ago. However, even though the Weaver family had already taken him into their own home, no one knew who he was and not many people had seen him before.

It seemed as though Liam really grew up in a very tough and miserable environment.

At this time, Kenneth suddenly asked out of curiosity, “By the way, Brother Jeffrey, since your father used to be a womanizer in the past, he must have an extraordinary ability in that area. Did he use any secret tricks or medicine?”

Jeffrey nodded before he smiled and said, “How did you know? My father really had a secret. He accidentally stumbled upon it when he was out on a trip when he was much younger. The medicine apparently works to strengthen and nourish the kidneys, thus greatly improving a man’s ability to perform in that area.”

“Seriously?” Kenneth asked in surprise. “Then, do you still have that recipe?”

Jeffrey said, “What should I say about this medicine? When he was younger, my dad used it for about twenty to thirty years. It seems to be really useful. I heard that my father could actually perform more than ten times in a single night when he was out buying medicinal herbs and ingredients in the past! People even gave him the nickname ‘Weaver Fourteen Times!’”

Speaking of this, Jeffrey sighed as he said, “I was initially thinking of utilizing this prescription for mass production later. However, after analyzing the components of the medication, the researcher found out that this medicine causes kidney and liver toxicity. Just look at my old man! He’s only in his early sixties but his livers and kidneys are almost completely exhausted. The doctor said that he’ll only be able to live for another two to three years at most.”

## **Chapter 396**

Kenneth’s originally delightful face suddenly became very heavy.

Even though it was very important for him to regain his manhood, his life was even more important!

He should not risk his own life just so that he could continue fooling around with women, right?

When Jeffrey saw the sudden change in his expression, he asked in a curious manner, "Chairman Wilson, are you...facing any unspeakable difficulties now?"

Kenneth had a helpless expression on his face before he said, "You're right, Brother Jeffrey. I'm a living eunuch now. I can't do anything at all! I paid a visit to the hospital and the doctor said there's no way for him to help me at all. Therefore, you have to help me!"

After that, he hurriedly asked, "Would it be too toxic if I used the medicine that your old man used just once or twice? Could you let me try the medicine for myself?"

Jeffrey quickly replied, "Brother, I wouldn't advise you to try that medicine at all! It wouldn't be worth it at all if you harmed your own body in the end."

After that, Jeffrey continued speaking, "My family is currently undergoing research to conduct further studies on this prescription. We hope to make an improvement to it. If we succeed in our research, we won't only be able to strengthen the male masculinity but it also has a strong restoration and repairing effect on a man's ability!"

"Really?" Kenneth asked excitedly, "That's great! When will the medicine be released?"

At this time, Jeffrey replied, "However, we're still short of one medicinal herb. In order to complete the medicine, we'll have to wait for the Chinese Medicine Expo that will be held in two days' time in order to be able to buy the medicinal herbs."

Kenneth was overjoyed! Two days was nothing at all. If he could be completely cured and regain his manhood, he did not even mind waiting another two years!

Kenneth hurriedly said, "Brother Jeffrey, would you mind selling me the medicine after it is completed? I really need it."

How could it not be a necessity? He was now a living eunuch. If he really lost his manhood, then he might as well cut it off.

Jeffrey was placed in a tough spot and he sighed as he said, "It's not that I don't want to help you, brother. The medicinal herbs used in this medicine are really very precious. We can only produce one set of this medicine in the early trials..."

After that, Jeffrey glanced at Wendy before he smiled and said, "However, it isn't entirely impossible for me to help you..."

How could Kenneth possibly not know what was running through Jeffrey's mind at this time? He showed a smile that every man would understand before he said, "Wendy, from now on, you'll be Brother Jeffrey's woman. Thank him on my behalf and make sure to serve him as well as you served me. Do you understand?"

When Jeffrey heard Kenneth's words, he was suddenly very excited.

He had already longed for something to happen with this beautiful woman as soon as he saw Wendy.

However, he was a little disappointed when he heard that Wendy was Kenneth's niece.

Unexpectedly, Wendy turned out to be Kenneth's lover instead. Moreover, Kenneth also directly pushed her into his arms in order to get the medicine from him.

He did not have to put in any effort at all.

## **Chapter 397**

Wendy felt a little unwilling inside.

She hoped that she could continue to become Kenneth's lover and she hoped that Kenneth could introduce her to more wealthy and powerful people.

This way, with the help of Kenneth's connections, she would be able to get more contacts and gradually become a very powerful woman in Aurous Hill.

At that time, not only would she be able to obtain a lot of benefits for herself, but she would also be able to bring about a lot of benefits to Wilson Group. Moreover, Wendy would also become a very prominent leader and figure of Wilson Group.

Unexpectedly, she was nothing but a tool to Kenneth. In an effort to obtain the medicine to regain his manhood, he was so willing to hand her over to Jeffrey just like that?

She wanted to continue being Kenneth's lover and she wanted to continue living an upper-class life. However, she did not want to be a plaything shared among the upper-class men. As soon as people hear about her reputation as a plaything, then she would never be able to marry into a wealthy and prestigious family in her lifetime!

Therefore, she quickly took Kenneth's hand before she said, "Kenneth, I love you so much and I want to be with you. I don't ever want to leave your side..."

Kenneth was very upset with Wendy at this time because he felt that out of all the women that he had played with before, Wendy was the least cost-effective one.

Therefore, he was anxious to get rid of Wendy now in exchange for one last benefit.

Giving Wendy to Jeffrey would be the best decision that he could make today.

After all, he had already lost his manhood so he could only look at Wendy but he could not make use of her at all. However, if he gave Wendy up to Jeffrey and if he managed to find a cure for his illness, then he could continue looking for other women in the future.

Therefore, he looked at Wendy with a cold expression on his face before he said, "Don't play around with me now. If I ask you to accompany Brother Jeffrey, then you'd better listen to me and accompany him! Why are you spouting so much nonsense now?"

Wendy had an aggrieved expression on her face as tears fell down her cheeks. She started crying as she said, "Kenneth, didn't you get together with me because you liked me? If you really liked me, then why would you give me to someone else?"

Jeffrey felt a little uncomfortable now and he said, “Oh, Chairman Wilson, since Miss Wendy has such a deep affection for you, then please don’t make things difficult for her anymore!”

At this time, Kenneth raised his hand before he gave Wendy a slap as he said, “You’re just one of the women I’m fooling around with! If I ask you to do something, then you’d better obey me and get it done immediately! If you refuse to accompany Brother Jeffrey today, I’ll withdraw my investment from Wilson Group and I’ll make sure that the Wilson family goes bankrupt immediately. After that, I also want you to return me the money that I gave to you! You should know what would happen to the Wilson family if I choose to withdraw my investment!”

Wendy was stunned when she heard Kenneth’s words and a sense of humiliation instantly surged in her heart.

What was the use of feeling humiliated?

Could she turn down Kenneth’s request just because she felt humiliated?

It was very simple for her to reject Kenneth’s request. She could just say that she would not do it.

But what would happen after she rejected his request?

After turning down his request, everything would return to the way it was. The Wilson family would have to file for the bankruptcy of Wilson Group and her dream of being a socialite would be completely shattered.

Therefore, Wendy could only force a smile and said, “I agree, I agree. I promise to take good care of Mr. Weaver.”

Kenneth sneered before he said, “I’m glad you know your own place!”

After that, he pushed Wendy into Jeffrey’s arm before he smiled and said, “Make sure that you satisfy Mr. Weaver tonight!”

Jeffrey hugged Wendy excitedly before he smiled and said, “Wendy, I’ll get a hotel room and we can get to know each other properly tonight!”

Wendy quietly wiped the tears off her face and she was filled with resentment at this time.

She was the young lady of the Wilson family and she was once sought after by countless numbers of people. She used to be so haughty and arrogant. When she was looking for a boyfriend, she would not even look at a guy if he was not part of the rich second generation of a wealthy and powerful family.

However, who would have expected her to end up in this state today after she had exhausted all of her resources?

After she was abandoned by her fiancé, Gerald, she became Kenneth's lover. Unexpectedly, Kenneth simply regarded her as a tool and plaything that he could just throw to Jeffrey. Who would Jeffrey push her to after he got tired of her then?

At this time, she could not help but think of her cousin, Claire.

Claire had never put some much thought into men. Moreover, Claire had never been in any relationship before and she married Charlie without any hesitation at all. However, even though Charlie was just a worthless piece of trash, he would never allow her to be insulted in this manner...

In contrast, she might not necessarily be a winner.

Jeffrey hugged Wendy tightly in his arms as he said to Kenneth with a wry expression on his face, "Don't worry, Kenneth. I'll send you the medicine to restore your manhood as soon as we have fully gathered the prescription for the medication."

"Fantastic!" Kenneth replied with a smile. He was very relieved at this time. "I will wait for your good news with peace of mind, then!"

Jeffrey nodded before he looked at the time on his watch. He felt very anxious and excited to spend time alone with Wendy. Therefore, he smiled at Kenneth before he said, "Kenneth, it's getting late. Why don't we call it a night, then?"

Kenneth knew that Jeffrey could not wait to spend the night together with Wendy. He could not help but feel a little envious at this time.

However, he nodded in a generous manner before he smiled and said, "Alright then! Let's call it a night. Both of you can leave first!"

After that, Kenneth looked at Wendy before he said, "Wendy, make sure that you satisfy and serve Mr. Weaver well. Do you understand?"

Wendy nodded and she could only say, "Yes, I understand..."

That night, Wendy became Jeffrey's lover.

Even though Wendy was deeply disgusted with spending the night with a different man, Jeffrey was very amazed and pleased with her performance.

That night, Jeffrey felt as though he had found his youth again because of Wendy.

Therefore, after having sexual intercourse with Wendy, Jeffrey hugged her before he said, "Wendy, you no longer need to accompany that old man, Kenneth, anymore. You should just follow me and stay by my side in a steadfast manner and I'll make sure you lead a good life."

Wendy finally felt a little better after listening to Jeffrey's words.

If Jeffrey could provide her with a better life, then it would not be a bad idea for her to stick by his side.

After all, even though he was not as rich as Kenneth, he was much younger than Kenneth. Moreover, Jeffrey did not seem like the kind of man who would casually give her away to someone else.

\*\*\*

Early the next morning, news of the disappearance of the father and son from the Grant family continued festering.

At this time, the Grant family had already raised the cash reward to ten million dollars. Many of the young men and punks on the street were all looking for the father and son because they were all hoping to get rich overnight.

However, it was a pity that the father and son had already been wiped out from the face of the earth.

After having her breakfast, Claire went to the studio and Jacob went for his Antique Association meeting because he had been spending some time studying antiques with some of the masters there recently. As for Elaine, even though she was almost frightened to death yesterday, she had already put on heavy makeup to play mahjong today.

Charlie was home alone and he was mopping the floor when he suddenly received a phone call from Jasmine, the eldest daughter of the Moore family.

Charlie answered the phone as he continued mopping the floor.

Jasmine's gentle voice sounded over the phone and she asked in a respectful manner, "Mr. Wade, are you at home now?"

"Yes." Charlie then asked out of curiosity, "Are you looking for me?"

## **Chapter 399**

Charlie asked, "Why are you looking for me?"

Jasmine smiled slightly before she said, "Well, the Moore family has invested in a high-end entertainment club and I want to give you an All Access Supreme VIP membership card. I am waiting outside your house now."

Charlie replied in a casual manner, "Alright then, you can come in. I'm home."

Jasmine hurriedly replied, "That's great! I will come over now."

Charlie hung up the phone after that.

A few minutes later, Jasmine rang his doorbell.

As soon as he opened the door, Charlie's eyes lit up immediately.

Jasmine was wearing a long, black evening gown and it was a very tightly fitted dress which showed off her thin waist and beautiful curves perfectly. Her long and fair legs shone like a beautiful piece of jade under her dress.

Coupled with her glamorous and elegant face, Jasmine really looked very beautiful and exquisite.

Charlie could not help but take a few more looks at Jasmine because she was so beautiful today.

“Mr. Wade.”

In fact, Jasmine had intentionally put on makeup and a beautiful dress before she came here today. She could not help but feel very happy when she saw Charlie staring intensely at her.

Charlie nodded before he said, “Please come in and have a seat.”

After they sat down in the living room, Jasmine took out a VIP card made out of pure platinum before she handed it over to Charlie in a respectful manner.

“Mr. Wade, this is the All Access Supreme VIP membership card for Glorious Club. I only have one of this card made and you are the only owner of this platinum card. This is just one of my gestures to show my appreciation for you. You can pay a visit to Glorious Club whenever you want to and you’ll be able to enjoy free privileges for a lifetime.”

The Glorious Club had just opened and it was a hot topic of discussion among the upper class society in Aurous Hill lately.

Since it was a high-end entertainment club opened by the Moore family, the overall investment was very high and it took several years before the club was finally completed. Glorious Club could be regarded as the top high-end business club in Aurous Hill.

Many of the wealthy and powerful figures would also gather in this club because it was the Moore family’s business.

The more such wealthy and powerful figures gathered here, the more people wanted to talk about businesses, collaborations, and partnership contracts at this business club. Therefore, even before the Glorious Club officially opened for business, it was sought after by countless people and everyone wanted to become a member of the Glorious Club.

However, in order to ensure that it retained its status and reputation as a high-end business and entertainment club, there was a very strict threshold for membership of this club.

The Glorious Club membership was divided into four different levels, namely the Classic membership, the Silver membership, the VIP membership, and the VIP Gold membership. As for the All Access Supreme VIP membership card that Jasmine had given to Charlie, it was one of a kind and the public did not know about its existence at all.

Among these membership levels, the lowest ordinary Classic membership fee was one million dollars, the Silver membership fee five million dollars, and the VIP membership fee more tens of millions of dollars.

If anyone wanted to become a VIP Gold member, they would have to be a patriarch with family assets worth tens of billions. Otherwise, it would be completely impossible.

Charlie had no interest in this kind of matters but he did not want to turn down Jasmine’s goodwill.

Therefore, he took the All Access Supreme VIP membership card in his hand before he smiled and thanked Jasmine for her kind gesture. After that, he placed the membership card into his pocket.

At this time, Jasmine looked at Charlie and she hesitated for a moment before she spoke up in an awkward manner, "Mr. Wade, I actually have another pathetic request. I wonder if you'd be able to fulfil my request for me?"

## **Chapter 400**

Charlie replied lightly, "Tell me about it."

Jasmine hurriedly replied, "Mr. Wade, our family has invested more than one billion dollars in Glorious Club and it is regarded as a relatively large investment for our family. I am afraid of us making any mistakes. Therefore, I hope you'll be able to come and help me take a look at the club to see if the Feng Shui of the club is good. If there are any problems, I'd like to stop any disaster from happening before it's too late."

Jasmine was a little nervous at this time because she did not know whether Charlie would agree to her request. Therefore, she could only stare anxiously at Charlie with her big and bright eyes.

Charlie smiled faintly as soon as he heard Jasmine's words. The Moore family had already performed well and Jasmine had always been very loyal to him. Moreover, Jasmine even came to his house personally to ask for his help and she was also very polite and respectful towards him. So, Charlie felt that it would not hurt for him to go over to take a look at her club.

Therefore, he nodded before he said, "If that's the case, then I'll come and take a look at the club with you."

Jasmine hurriedly replied, "Thank you, Mr. Wade. Thank you for taking time out of your busy schedule to help someone like me. My car is parked outside and we can leave any time you want. When would it be convenient for you?"

Charlie replied, "We can leave now. I would like to see how your club is doing."

Jasmine was overjoyed and she hurriedly followed Charlie out of the house in a respectful manner.

\*\*\*

A short while later, Jasmine's Rolls-Royce stopped at the entrance of Glorious Club.

The Glorious Club was located at one of the most prosperous areas in Aurous Hill.

In fact, the Moore family had already started this project a few years ago and it had only recently been completed.

The club was designed by a few top domestic architects and interior designers in the country. The decoration style of the exterior of the club was not just very trendy but it was also extremely luxurious.

As soon as the car stopped at the entrance, a waiter quickly opened the door before Jasmine and Charlie got out of the car.

After getting out of the car, Jasmine said respectfully to Charlie, "Mr. Wade, please follow me."

Charlie nodded before he looked at the facade of the entire club.

The exterior of the Glorious Club looked very rich and magnificent and there was a trace of nobility in the luxurious design of the club. The two white marble stone pillars had dragons carved all over them and it was very lifelike and daunting.

Charlie realized that from the moment he stepped into the club, the floor was covered with a layer of handmade Arabian wool carpet.

The kind of wool carpet cost tens of thousands of dollars per square meter and the entire hall was probably thousands of square meters large. Therefore, the amount of money they had spent on the wool carpet alone was probably tens of millions of dollars!

Jasmine walked by Charlie's side in a respectful manner as she pointed at the walls around the hall that was tens of meters in height. After that, she told Charlie, "Mr. Wade, these murals are all world-class cultural treasures, with each one of these murals worth tens of millions of dollars."

Charlie nodded before he said, "There's a country in the Middle East called Abu Dhabi. The grand mosque there also has this sort of decoration and feel to it. However, I feel that the decoration and interior design of this club is just right and not religious at all."

"Yes." Jasmine said in a careful manner, "After all, I know that many people in our country are atheists and we aren't used to promoting too much feudal superstitions. Therefore, in designing the club, we've tried to avoid all sorts of religious and cultural styles from the very beginning."

After she was done speaking, Jasmine pointed at the very huge crystal chandelier that was hanging ten meters above them. The crystal chandelier was not only very huge in size but it was also very bright and it made the whole room look as though it was daytime with all the bright lights.

Jasmine continued speaking, "Mr. Wade, this crystal chandelier is made out of natural crystals and it weighs about 8.8 tons. The Moore family managed to purchase this crystal chandelier only after putting in a lot of effort and using many of our connections to get it from Europe. After that, we specially assembled it in Austria before airlifting it to Aurous Hill.

Charlie replied, "For all businesses to prosper, it is very important for the lights in the place of business to be bright and not too dark. The dimmer the light, the more it would affect the Feng Shui of your business. Therefore, you should never save money on lights!"

Jasmine nodded before she said, "Thank you for your reminder, Mr. Wade. I'll definitely keep it in mind."

After that, Jasmine smiled before she said, "Mr. Wade, the top floor of the club isn't open to the public. Aside from members of the Moore family, you're the only one who can go up to the top

floor of the club since you are the holder of the All Access Supreme VIP membership card. Why don't we go ahead and take a look at the top floor now?"

Charlie nodded slightly. "Okay, sure."

## **Chapter 401**

The Glorious Club had fifteen floors.

Aside from the lobby on the first floor, the other fourteen floors were used as entertainment venues.

Amongst them, the second to tenth floor contained private rooms with various sizes and styles. Even the private rooms for the ordinary Classic members were also extremely luxurious, not to mention the private rooms meant for the VIP Gold members. Those private rooms were simply befitting of a king!

As for the eleventh to the fourteenth floor, there were swimming pools, a sky garden, as well as fitness and entertainment facilities for the members to use.

Among all of the floors, the fifteenth floor was the most luxurious.

As they arrived on the fifteenth floor, Charlie could sense the extreme luxury around him as soon as he stepped out of the elevator.

The decoration and design for this floor was simply magnificent and every single corner of the floor was extremely luxurious and elegant. There was basically nothing wrong with the Feng Shui and design of the entire floor.

As Jasmine walked beside Charlie, she continued introducing the fifteenth floor to him. "Mr. Wade, this is the most luxurious floor in the entire club. It's also equipped with a semi-outdoor infinity pool, a presidential suite, and a private dining room. If you want to listen to music, we can even host a small concert here. Mr. Wade, if there are any singers you fancy, I can hire them to come here and personally sing for you on the fifteenth floor."

After that, Jasmine quickly added, "By the way, I heard that a very famous girl group will be coming to Aurous Hill for a concert. One of their members has been very popular recently and she has even been named as one of the most popular artists in the entertainment industry now. The Moore family happens to be one of their sponsors. If you're interested..."

Charlie smiled slightly before he waved his hand and said, "Forget it. I'm not really interested in the entertainment industry."

Jasmine nodded before she said, "Yes, the entertainment industry is indeed a little messy and complicated. If you like some other top singers, I can also invite them here to sing for you."

Charlie smiled and said, "Okay, I'll definitely let you know if I have the need."

“Okay!” Jasmine smiled again as she said, “What I mean to say is that you don’t need to be so polite with me, Mr. Wade. If you have any needs or requests, please don’t hesitate to let me know. I’ll definitely do everything within my ability to satisfy you.”

Jasmine was blushing a little when she said this. After all, she was the arrogant and glamorous young lady of the Moore family and she rarely felt so embarrassed in front of another man.

In fact, Jasmine had always kept her grandfather’s advice close to her heart.

She wanted to find a way to make Charlie the son-in-law of the Moore family.

Moreover, Jasmine also really liked a man like Charlie, who not only had strength and ability, but was also very humble and down-to-earth. Therefore, she had already fallen in love with Charlie a long time ago.

When Jasmine said those words, she was not just expressing her gratefulness towards Charlie but also her love for him in a subtle manner.

However, Charlie did not get the meaning behind her words and he simply thanked Jasmine graciously. After that, Charlie said, “At a single glance, the Feng Shui of this club is actually very good. However, no matter what it is, I think it’s necessary to be more cautious and careful when it comes to Feng Shui matters. Therefore, I’d like to visit each floor of this building just so I’ll be able to look through the place thoroughly.”

After that, Charlie said in a light manner, “Jasmine, why don’t you get going and I’ll just look around the club on my own?”

Jasmine quickly replied, “I’ll come along with you!”

Charlie smiled before he said, “There’s no need to. I need to be calm and focused when looking at Feng Shui. It is better for me to go on my own. You can just wait for me here.”

Jasmine did not insist on accompanying Charlie and she simply said, “Mr. Wade, if you need anything, please do not hesitate to give me a call...”

Charlie nodded before he walked right to the elevator.

\*\*\*

Charlie went down from the fifteenth floor before he paid every floor a visit to look through the Feng Shui of the place.

He looked thoroughly at each floor before he finally arrived at the second floor.

As soon as he stepped out of the elevator, Charlie felt that the decoration and design of the second floor was very luxurious too. Charlie could tell that the designer had put in a lot of effort into designing each floor of this club.

However, Charlie also felt that the Feng Shui of the second floor was merely satisfactory.

## Chapter 402

The Feng Shui at Glorious Club was indeed exquisite to a certain level. However, in Charlie's opinion, there was nothing extraordinary about it.

In fact, an ordinary person might feel that the Feng Shui here was very good but to Charlie, the Feng Shui on the second floor was just like a glass of plain water. There were no advantages or harm to it, but it was also bland and tasteless.

Since Charlie had already made a promise to Jasmine, Charlie did not mind taking action and raising the Feng Shui of Glorious Club to a higher level.

At this time, Charlie thought to himself as he combined all the Feng Shui secrets that he had studied in the Apocalyptic Book before he came up with all sorts of ideas to improve the Feng Shui of this location.

Just then, a woman's voice suddenly sounded behind him.

"Charlie, you piece of trash! What are you doing here?"

As soon as he heard this, Charlie frowned before he turned around. At this time, he saw Wendy and a man dressed in a white Zegna suit walking over to him.

The man was not any ordinary person but he was none other than the eldest son of the Weaver family, Jeffrey Weaver.

Jeffrey Weaver was smitten with Wendy and he really loved her ever since Kenneth had given her to him.

He even promised Wendy that he would definitely take good care of her in the future.

In fact, Wendy was initially very reluctant to be treated like a plaything that Kenneth could easily hand over to someone else. However, when she saw that Jeffrey was really affectionate and sincere towards her, she willingly became his lover.

In Wendy's opinion, even though the Weaver family was not as strong or powerful as Kenneth or Modestway Group, they had at least one billion dollars in assets. This was much more than the Wilson family's asset.

Therefore, after becoming Jeffrey's lover, Wendy quickly regained her former pride and arrogance.

Since it was Glorious Club's opening today, Jeffrey had specifically spent five million dollars to obtain a Silver membership so that he could let Wendy experience and see the club for herself.

As soon as Wendy entered Glorious Club, she was shocked by the level of luxury here and she suddenly felt as though she was a socialite from the upper-class.

However, as she was immersing herself in this feeling and experience, she suddenly saw Charlie, the person whom she hated to the core.

It felt as though she had just seen a fly when she was enjoying a delicious and scrumptious feast.

Disappointing!

This was really disappointing!

She was so disappointed and all that she wanted to do was to get rid of this fly!

Otherwise, he would definitely destroy her experience of enjoying her luxurious feast!

Of course, it would be even better if she could swat this fly to death.

When Jeffrey saw Wendy firing a cannon at this young man who was dressed in casual clothing, he tightened his arm around her waist as he asked in a curious manner, “Wendy, is this Charlie, the stinky son-in-law of the Wilson family that you were talking about?”

“Yes, it’s him!” Wendy said as she gritted her teeth. After that, she glared at Charlie before she said, “This man here has been known as a notorious waste ever since he was in college! I really didn’t expect him to be able to step into the Glorious Club!”

As Jeffrey had been lingering around Wendy for the past few days, he had heard her mentioning some of the history of the Wilson family and he also knew how much she hated Charlie.

Therefore, since Wendy had just decided to become his lover, he wanted to please her even more so she would willingly stay by his side and remain loyal to him. Jeffrey looked at Charlie before he sneered and said, “Young man, is Glorious Club a place where you can come and go as you please?”

Charlie had a cold expression on his face as he replied, “And why can’t I be here if I want to?”

“Why can’t you be here?” Jeffrey grinned before he replied, “Because you aren’t worthy!”

## **Chapter 403**

Charlie laughed out loud upon Jeffrey’s remark. He was not agitated by it but instead, he looked at him with a calm smile and asked, “So, tell me, why do you feel that I don’t belong here?”

Jeffrey glared back at him in a pompous look and snorted, “Huh, do you really need me to tell you that? Of course you don’t belong here! Look at your disheveled clothes—fuck, you look even worse than those valet parking boys!”

Charlie chuckled. “What I wear is my choice. Does Glorious Club have a dress code its customers are strictly required to follow?”

Jeffrey sneered. “Of course not. You can wear whatever you want, but this is a members-only club! Non-members are strictly prohibited!” He glanced at Charlie disdainfully. “Are you a Classic member here?”

Charlie shook his head lightly. “No.”

“Then, are you a Silver member?”

“No.”

A scornful sneer resonated. “Don’t tell me you’re a Gold member!”

Charlie spread his hand casually. “No.”

Jeffrey laughed. “Hahaha! Oh my god, you pathetic little moocher! Are you telling me that you are a VIP member? As far as I know, no more than ten people can obtain VIP membership in Aurous Hill!”

Charlie smiled gently and harmlessly, showing two rows of white teeth. “Nope, try again.”

Jeffrey frowned in confusion. “What the fuck are you then? I bet you sneaked in when no one was looking to get a free meal here, am I right?”

Wendy, who was standing beside Jeffrey, chided sarcastically, “Of course he did! He’s just a loser who was kicked out from our family, how could he possibly be a member here? He definitely sneaked in here like a pathetic loser he always is!”

Then, she glared at Charlie and groaned, “Charlie, you’ve come to the wrong place today! This is the Moore family’s newly opened high-end Glorious Club and today is its soft launch. The invited guests are all prominent figures in the city. How dare you sneak in here and create trouble! Aren’t you afraid that the security guards are going to drag you out and beat the crap out of you?”

Charlie wore an innocent expression on his face. “I’m a member here, why would the security guards want to beat me?”

Jeffrey sneered. “Are you fucking messing with me now? There are only four membership tiers here, Classic, Silver, Gold, and VIP! You are none of these four, how dare you claim that you are a member here?”

Charlie answered in an earnest tone, “Believe it or not, I really am a member here. I’m not in one of these four tiers, but I’m an All Access Supreme VIP member. I belong to the fifth tier. Don’t you know that?”

“Shut up!” Jeffrey said contemptuously, “Just shut the fuck up! Didn’t you see the introduction board in the lobby on the first floor? There are only four tiers in total! You’re really good at making things up, aren’t you! All Access Supreme VIP my ass! Aren’t you afraid of offending the Moore family with your bullshit?”

Charlie shook his head helplessly. “You’re so weird. I’m telling you the truth here, why don’t you believe me?”

“You want me to believe you?” Jeffrey laughed out loud as if he had just heard the funniest joke ever. “Do you think you can trick me, little deadbeat loser? I’m Jeffrey Weaver!”

Charlie asked curiously, “Are you famous? Why haven’t I heard of you before?”

Jeffrey sneered, “Weaver Pharmaceuticals, have you heard it before? I’m the general manager of the company.”

Charlie shook his head. “I’m sorry, I haven’t heard of it.”

Jeffrey’s face turned gloomy, thinking that Charlie was taunting him deliberately. “Buddy, you’re in trouble today. You barge into this place although you’re not even a member and claim that you’re a what-what Supreme VIP member. Who the fuck gave you that name? You’re such a big liar!”

Charlie shook his head again, took out his membership card, and said, “See for yourself, this is my membership card. It says ‘All Access Supreme VIP’, doesn’t it?”

## **Chapter 404**

Jeffrey took the card and frowned immediately as he laid his eyes on the card.

First thing first, the workmanship of this card was exceptionally good! It was so much better than his Classic membership card!

But he had never ever heard of this Supreme Member level of Glorious Club! There were obviously only four membership tiers!

Jeffrey had an answer in his mind—Charlie had forged the card!

Damn it, this stinky loser was so bold! How dare he forge the Moore family’s club’s membership card! It was almost like he forged a bank check!

So, he crossed his arms pompously and snorted, “Buddy, you’d better apologize to me right now and get the hell out of here! Don’t make me call Uncle Oscar, the Moore family’s butler. Do you know what kind of relationship I have with Uncle Oscar? He and my dad are buddies!”

Actually, Jeffrey’s father had nothing to do with Uncle Oscar. They were from the same hometown and personally knew each other for a slightly longer time.

Oscar had been working with the Moore family for many years and earned reputable honor in the family. It could be said that other than the prominent figures in the Moore family, he was the foreign member who had the most influential power and the highest honorable status in the family.

In terms of status and honor, he was much stronger than the king of the underworld, Don Albert Rhodes.

Don Alberts’s infamous reputation caused him to be feared and unlikeable in the public, but Oscar was different. He was the representative of the Moore family on many occasions.

Hence, Jeffrey often talked about Oscar, assuming the majesty of his power to scare people.

When Charlie heard that he knew Oscar, he giggled and said, “Oh, I forgot to tell you that Miss Jasmine Moore herself gave me the Supreme VIP card. Didn’t you just ask who the fuck gave me the name? Lo and behold, it’s Miss Moore.”

“Fuck you!” Jeffrey taunted, “Miss Moore gave you the name—do you really expect me to believe that shit? Do you think you can just brag like there’s no tomorrow? Let me teach you a lesson, you little loser. Sometimes bragging can kill you, do you know that?”

Charlie asked curiously, “Why? Is it poisonous?”

“Motherfucker...” Jeffrey huffed dejectedly and cursed, “Do you think that’s funny? You’re being disrespectful to Miss Moore! If she finds out, you’re going to be so dead!”

Charlie chuckled. “I think you’re the one being disrespectful to Miss Moore.”

Wendy leaned towards Jeffrey and said, “Jeffrey, don’t waste your time with this deadbeat loser. Just call the security guards over and tell them what he said just now. I bet the guards won’t let him go so easily! Then, call for Uncle Oscar and ask him to teach this loser a lesson. Destroy him so he loses his manhood forever!”

She assumed that Charlie must have something to do with Kenneth’s impotency. He must have done something evil to Kenneth. She resented him so much for this and hoped that someone could destroy him as well.

Jeffrey patted Wendy’s hand and said, “Don’t worry, my dear. I’ll call for the security guards right now and beat the crap out of him!”

Then, he shouted, “Where are the guards? Come here quick! Someone’s pretending to be a member of the club and is even defaming Miss Moore!”

A solemn and hoarse voice resonated immediately, “Who’s making all that noise? What’s going on?”

Charlie looked up and saw Oscar walking towards them!

## **Chapter 405**

As Oscar’s loud growl echoed across the hall, Jeffrey plastered a wicked smile across his face. He looked at Charlie and mocked, “Uh oh, Uncle Oscar is here. You’re so dead, loser! Even the gods can’t save you now!”

Then, he turned to Oscar, pointed at Charlie, and complained, “Uncle Oscar, there’s a loser here who’s not only pretending to be a member of this club but is also being disrespectful to Miss Moore. You must teach him a lesson!”

Oscar frowned at the director Jeffrey pointed, but his aging eyes couldn’t see so well, so he couldn’t recognize Charlie from a distance. He could see Jeffrey though, as they were standing closer to each other.

Since Jeffrey was the son of his old pal, he was more familiar with him and trusted his words, so he urged sternly, "Who is it? Guards, take him down!"

Several brawny security guards rushed towards them aggressively.

Wendy was extremely thrilled. She glared at Charlie and sneered as she said, "Haha, Charlie, you're so dead today!"

Charlie grinned. "Don't worry, you'll go before me."

Wendy stomped her feet angrily. "Damn it, you and your braggy mouth! Jeffrey, ask them to tear his stinky mouth off his face!"

Charlie ignored them, he turned to Oscar and shouted coldly, "Oscar Watts, you addlepated twit, you're pretty powerful and brave, aren't you? Do you want to take me down?"

Everyone was dumbfounded when he shouted!

Wow, did he wish to die faster? How dare he call Oscar an addlepated twit?!

They would just wait and see how Oscar would kill him next! Rumors had it that Oscar was very horrible when he was furious!

Oscar hadn't been angry for many years! He would definitely be so pissed by the loser now!

However, to everyone's surprise, Oscar shivered in fear at the sound of that voice!

He could vaguely make out the voice to be Master Wade's, so he instinctively looked up and bumped into Master Wade who was highly regarded even by Lord Moore!

He shuddered in shock upon the sight, all the fearsome temperament disappeared from his body. He bowed at Charlie graciously and said, "Master Wade, I didn't know it was you. I'm so sorry..."

Everyone froze like an ice statue at Oscar's unexpected reaction!

What...

What the hell was going on here?!

Why did the honorable Oscar Watts apologize to Charlie the deadbeat loser?!

Before anyone could figure out what was going on, Charlie said coldly, "I heard that you're highly regarded in the Moore family, but I think you shouldn't be on a higher level than Lord Moore, right?"

Charlie didn't plan to spare Oscar so easily, not caring if Oscar was innocent. He wanted to settle the score with him because Jeffrey had used Oscar's name to taunt him, claiming that his dad and Oscar were great buddies! Oscar would pay for it simply because of Jeffrey's ignorance! Hence, Jeffrey would be Oscar's target if Oscar was upset by Charlie's action.

Oscar instantly knew that he was in trouble when Charlie mentioned Lord Moore!

## Chapter 406

Without another word, Oscar dropped to his knees in front of Charlie and said, his voice shuddering and pious, "Master Wade, please forgive me for anything I've done wrong. Please pinpoint my mistakes and I'll correct them immediately!"

Charlie nodded. He looked down at him, pointed to the bewildered Jeffrey, and asked, "That guy over there claimed that you're his father's best buddy, is it true?"

Oscar glanced at Jeffrey and quickly said, "His father and I are from the same hometown. We can barely be regarded as acquaintances, but definitely not buddies."

"Okay," Charlie nodded again and asked, "That kid and his slut have been using your name to insult me, threaten me, and even want to kill me. What's your take on it?"

Oscar understood instantly. Charlie's resentment towards him was completely derived from Jeffrey the bastard. He growled at Jeffrey loudly, "Bastard! Come and apologize to Master Wade for what you did, you asshole!"

Jeffrey blinked in astonishment, not understanding what was going on.

What Master Wade? Why? How?

He was just a deadbeat loser, wasn't he? Was Oscar out of his mind?

Jeffrey blurted reflexively, "Uncle Oscar, that piece of shit is just a loser. Why do you kneel down to him? You're the representative of the Moore family! Moreover, he defamed Miss Moore. Punish him for that!"

The outraged Oscar shivered furiously.

Did he literally ask him to punish Master Wade? Was he fucking crazy?

In the upper class of the social society in Aurous Hill, who was unaware of Master Wade's name and fame?

Lord Moore had recovered because of Master Wade's acupuncture and magical elixir!

The entire Moore family regarded Charlie as a godlike figure, paying him the utmost respect and graciousness!

No matter how prestigious his status was in the family, he was still the servant in the family. If even the prominent figures in the Moore family saw Master Wade as a deity, then he, as their servant, should pay him similar respect too!

Lord Moore, the head of the Moore family, had the following most spoken quote at home every day recently: "I wonder when my family can get Charlie, the real dragon on earth, to be under our wings. I can't wait to make him my grandson-in-law..."

Therefore, in Oscar's view, he saw Charlie higher than that of Lord Moore!

Now, the ignorant bastard Jeffrey had gone on to say that he and his father were buddies and even offended Master Wade in the process. He was trying to kill him!

Oscar stood up indignantly, slapped Jeffrey across the face, and urged the guards around him, "Come, press him down on his knees! That woman too!"

Jeffrey didn't expect that Oscar would slap him. He was about to voice out his confusion when he felt two strong forces pressing on his shoulders, causing him to drop to his knees.

Wendy was totally bewildered. She was in a daze even when she was pinned to the floor.

Oscar had his hands on the floor. He looked up at Charlie and said with a panic, "Master Wade, it's my mistake for making the wrong kind of friend. I didn't know that he has such a bastard son. Don't worry, Master Wade, I'll teach him a lesson myself and let him know the price of offending you!"

Charlie said flatly, "Nah, I'm just a nobody who carries little authority, so what if he offended me? It doesn't matter. Besides, he knows you and he calls you by your first name, so I have to take it even if he hits me!"

From his sarcastic remark, Oscar knew that he was not ready to forgive him. He knocked his head against the floor repetitively and pleaded, "Master Wade, please tell me what's bothering you. Please tell me what I can do to ease your anger. I'm willing to do anything, even if I have to beat myself to death!"

Charlie waved his hand. "You don't have to do that. I just want to know what you'd do if someone insults Miss Moore."

Then, he pointed to the Supreme membership card in Jeffrey's hand, and said, "Miss Moore gave me this card and she even set the specific title 'All Access Supreme VIP' as a form of respect to me. But then, when it came to that fellow, the title has become a stupid name made up by some stupid people. Let me ask me, does this mean he's calling Miss Moore stupid?"

Oscar turned his furious gaze at Jeffrey and asked in a gloomy and murderous tone, "You little Weaver boy, do you wish to die???"

## **Chapter 407**

Jeffrey was so frightened by Oscar's murderous glare that he trembled in fear, but he cleared his throat and said, "Uncle Oscar, there isn't such a thing as a Supreme VIP member on the information board in the lobby on the first floor. He made it up! Don't be fooled by him!"

"That's right!" Wendy sneered too, not knowing she was in the midst of big trouble. "I've never seen anyone so shameless and pompous in my life! He pretended to be a member, fabricated a membership tier, and even forged the membership card! He has no respect for the Moore family!" Wendy wanted to wipe Charlie off the grid so badly that she linked Charlie's behavior with humiliating the Moore family together so the Moore family would not forgo Charlie's wrongdoings. But she completely ignored the relationship between Charlie and the Moore family.

Even if she did not believe that Charlie the loser would have the connections and resources that he claimed from the upper-class circle and refused to believe that Charlie was highly respected in the upper-class society, that was the fact.

Oscar trembled in wrath at their snide remarks. He shouted at them, “Don’t you know that Miss Moore specially came up with the Supreme VIP member title for Master Wade? There’s only one person in the whole world eligible for this title! You brute savages have offended Master Wade and Miss Moore! I won’t let you go today!”

“Huh?!” Jeffrey’s heart skipped a beat. Did he just say that the Supreme VIP member really existed?! And it was set up by Miss Moore herself?

Didn’t it mean that he had literally insulted Miss Moore?

Oh goodness...he was leading himself to a dead end!!

Oscar looked back at Charlie and asked, “Master Wade, they have insulted you in so many ways. How do you want me to punish them?”

Charlie said flatly, “These two people are so obscure and they keep shooting the shit out of their stinky mouths. I think it would be best if you can neutralize the shitty breath in their mouths.”

“Master Wade, why don’t I get a few gallons of perfume and pour it down their throat?”

“Oh no, Oscar, we’re civilized people who do things the civilized way. Perfume is a high-concentration chemical product. It’s fine to spray a little on your body, but it’s fatal if you drink a few gallons of them. Their mouths are stinky but they don’t have to die for that.”

Jeffrey and Wendy looked at Charlie in disbelief. They didn’t expect him to spare them just like that. It was quite surprising and astonishing...

Oscar asked hurriedly, “Then, what do you think I should do?”

Charlie smiled faintly and said, “Well, since shit is coming out of their stinky mouths, I think it’s best to neutralize them with something bashful. I have an idea, take them to the men’s room and let them lick the urinals clean! If they don’t want to do it, proceed with the perfume feeding.”

Oscar nodded. “Okay! Come on, boys!”

Jeffrey and Wendy exchanged horrified glances. Jeffrey was a man and he knew how dirty and disgusting the urinals were...

He crawled to Oscar and pleaded, “Uncle Oscar, please, for my father’s sake, please forgive me...”

## **Chapter 408**

Oscar said coldly, “Okay. If you don’t want to do it, I’ll ask my men to bring ten kilos of concentrated perfume from the warehouse—five kilos for each of you. You can’t leave until you finish drinking it!”

The Glorious Club had a total of fifteen floors with a vast area on each floor. Each floor was filled with very classy and expensive imported fragrances everywhere. Hence, the club kept an extremely large stock of perfume.

Jeffrey shuddered in fear, his face turning green when he heard that he had to drink five kilos of perfume.

In the five kilos of perfume concentrate, at least half of it was alcohol as well as various chemical additives, mushroom additives, and antiseptic additives. If he really drank the five kilos of perfume, even Hades couldn’t stop him from dying!

Oscar was agitated by Jeffrey's hesitation and shouted to the guards, "If they don't want to do it, beat the crap out of them first for starters!"

"Yes, boss!"

Under his command, the brawny guards surged forwards and surrounded Jeffrey and Wendy.

Without another word, the guards raised their fists and punched them.

Before they could react to the situation, punches and kicks were laid on Jeffrey and Wendy and they wailed in painful agony. Tears and snorts combined with their blood, causing a miserable and horrible sight.

Jeffrey, who was in great pain, struggled from the assault and pleaded, "Uncle Oscar, no matter what, I'm still your Silver member. I spent five million for that! You and my dad are friends! Even if we're ordinary people, we're your customers—you can't hit me!"

Oscar's face twisted in a furious grimace. "Just because you're a member here, that doesn't mean you can provoke our Supreme VIP member! Let me tell you something—the entire Moore family pays the utmost respect to Master Wade, but you offended him. Who do you think you are, you little piece of shit? I'll refund you your membership fee tomorrow but from now on, you'll be permanently prohibited from entering Glorious Club!"

Jeffrey's eyes were as red as a tomato and he nearly went crazy by Oscar's remark! He signed up as the Silver member with his money, how could they cancel his membership just like that?

But he didn't dare argue with Oscar now.

A guard came with a few large bottles and said, "Mr. Watts, here's the perfume."

Oscar nodded. "Alright! If they refuse to drink it, pry their mouths open and pour perfume into it! Five kilos each, I want them to drink every single drop of it!"

The guards rushed forward and pinched Jeffrey and Wendy's mouth wide open.

Then, two guards each took a two kilo perfume bottle up. When they unscrewed the lid, a strong fragrant aroma overflowed from the bottle, and the smell was so strong that it choked them.

Oscar stared mercilessly at Jeffrey and Wendy and said coldly, "I think your bodies won't rot when you die after drinking so much perfume. I'll find a wasteland to bury you two and perhaps you'll both be unearthed as mummies a few centuries later!"

Their faces were as white as a sheet.

They didn't want to die!

They thought that drinking perfume was a mere threat, but they didn't expect it to be real. In this case, licking the urinals seemed to be the mildest punishment ever!

Hence, they crawled towards Oscar and said in unison, "Please forgive us, Uncle Oscar! We'll lick the toilets as you say!"

## Chapter 409

Everyone knew that the urinals in the men's washroom were disgusting, but licking it wouldn't be fatal.

But if you drank five kilos of perfume, you would definitely die!

Jeffrey and Wendy were very arrogant, but this was a matter of life and death.

So what if they licked a urinal? It wasn't a big deal, they could just rinse their mouth and brush their teeth a few times!

Since they had chosen the urinal-licking punishment, Oscar ordered, "Boys, drag them to the men's washroom now!"

The security guards dragged Jeffrey and Wendy to the men's washroom on the second floor like they were dragging two dead dogs. Oscar asked Charlie, "Master Wade, would you like to oversee it?"

Charlie nodded. "Of course! How can I miss such an interesting thing?"

Oscar escorted Charlie to the washroom.

The guards pushed Jeffrey and Wendy to one of the urinals and said coldly, "Go on, what the hell are you waiting for?"

Jeffrey trembled with fright at the hoarse voice, but he didn't dare to inch forward.

Although the washroom in Glorious Club was relatively clean, he could still smell a strong urine odor from the urinal which made him feel nauseous.

Similarly, Wendy was having goosebumps by the disgusting smell and she almost fainted.

Oscar was irritated by their slow movement and shouted, "Hurry up! I'll get you to face the music if you still stare in a daze like fools!"

They shuddered at Oscar's yell. Jeffrey sucked in a breath and leaned forward first.

Seeing he had made the first move, Wendy followed him and leaned forward with her eyes shut tight.

Jeffrey's face was turning green and black and he grimaced in an ugly twist after doing it. He looked at Oscar and begged, "See, Uncle Oscar? We did it. Can we go now?"

Oscar turned his gaze at Charlie and asked, "Master Wade, what do you say?"

Charlie crossed his arms in front of his chest and sneered, "What is that? You're kidding me, right? What a joke!"

"Master Wade, what do you mean by that?"

Charlie pointed to the inside the urinal and said, "There, you guys can split the job in half, fair and square."

Everyone in the scene was stunned...

Master Wade was relentless!

Jeffrey collapsed on the floor, dumbstruck. Wendy cried out loud and begged Charlie on her knees, "Charlie, please, you're my cousin-in-law. I'm sorry for being ignorant and childish, could you please forgive me? Please!"

Jeffrey rubbed his hands together and pleaded, "Please, Master Wade, give us some mercy, please spare us..."

Charlie nodded. "I'm giving you mercy. I'll let you go as soon as you finish the eight urinals inside here."

Jeffrey's face twisted in a bewildered grimace, tears drenching his cheeks. "Master Wade, there's too many! Besides, one is so big and no one can stand this..."

## **Chapter 410**

"Oh, you can't stand it?" Charlie chuckled and said to Oscar, "Call Albert and take these two to his dog-fighting ring. Chop them up and feed the dogs like what we did to Mr. Lennard!"

Oscar nodded immediately. "Yes, Master Wade!"

The other day, the fraudulent Feng Shui master from Hong Kong, Mr. Lennard, was exposed because he had deceived Miss Moore and was thrown into the dog-fighting ring by Albert.

Albert was quite an expert in doing this kind of thing. He was already familiar with it.

Jeffrey and Wendy were frightened by Charlie's threat. There was no room for them to bargain, they had to accept their fate.

Jeffrey blurted for the sake of his life, "Okay, I'll do it! I'll do it!"

Then, he instantly rushed towards the urinal.

Wendy wailed, her tears flowing down her cheeks like rivers.

This was the worst humiliation she had suffered in her life and it was also the worst torment...

Charlie didn't want to stay here to watch their licking skill, he said to Oscar, "Remember, you must make sure that they clean all of it before letting them go!"

Oscar nodded. "No problem, Master Wade, I'll watch them myself."

Charlie turned around and walked towards the exclusive elevator. Oscar followed behind him closely to escort him away.

Before Charlie went into the elevator, Oscar said nervously, "Master Wade, I'm very sorry for what happened earlier, it is my mistake, I hope you can forgive me."

Charlie said flatly, "Keep your eyes on them. I'll let it go as long as they clean the urinals up nicely."

Oscar nodded frantically. "Don't worry, Master Wade, I'll watch them like a hawk and if they fail, I'll screw them over!"

Then, he started again hesitantly, "Erm, Master Wade, I'd like to ask for a favor from you..."

"What is it?"

Oscar bowed at him respectfully and said, "Master Wade, please don't tell Miss Moore about what happened. Please, I beg you! I'll be forever indebted to your kindness!"

Charlie understood Oscar's concern. At the end of the day, Oscar was nothing more than a servant of the Moore family, but Charlie was a distinguished figure that the Moore family wanted to curry favor with. If Jasmine found out about what happened earlier, she would definitely punish him for his mismanagement and even fired him from his position as butler.

Charlie knew that Oscar was innocent in this case, and he was being used in unfortunate circumstances. Since he was sincere and polite, Charlie nodded to his request. "Okay, I'll do you the favor. Cut all ties with that sort of person, otherwise, I won't be so gracious."

"Okay, no worries, Master Wade. I will draw a clear line with that kind of person in the future. I'll even break my own leg if it happens again!"

Charlie nodded and waved his hand. "Okay, go now."

"Thank you, Master Wade!"
