

Chapter 4313

Charlie's words made Charlson and Patrick completely scared out of their wits.

Both of them cried out for mercy almost simultaneously,

But Charlie turned a deaf ear to their pleas.

Charlson broke down in fear, after all, his perception of pain was now amplified a hundred times,

He didn't dare to imagine what kind of pain he would endure if he was arranged,

So he yelled offhandedly, "Why are you doing this to us!"

"Even if we broke the law, we have to be judged by the law!"

"According to American law, the most we can get is life imprisonment without parole forever,"

"So why are you treating us so inhumanely!!!"

"Inhumane?" Charlie asked curiously, "What? When you killed those innocent girls,"

"Why didn't you talk to them about what it means to be humane?"

"Now that it's your turn to be unlucky, you're talking to me about humanity here?"

"What? Is humanity your family's business?"

Charlson cried, "I didn't do the killing of those girls"

"I was only responsible for arranging the people for them,"

"The killing was done by Patrick and the others! Not only Patrick!"

“There are at least a few dozen more perverts like him!”

“If you can let me off the hook, I will definitely give them all up to atone for their crimes!”

Charlie raised his eyebrows: “What? If you didn’t kill them, you’re not guilty?”

“You think you’re innocent if you hand them over?”

“Well, according to your reasoning, I didn’t touch you, didn’t beat you,”

“And the special project that will be arranged for you will also have special people to serve you,”

“In that case, why do you still say I am inhumane? According to you, I’m so fucking innocent,”

“What did I do that you want to accuse me of being inhumane?”

Charlson knew that he was already full of evil and deserved it,

And it was impossible to beg for Charlie’s forgiveness at this time,

So he could only cry and say, “Please, I am willing to give you all the information,

“Which includes every client’s information, every girl’s information that was killed,”

“And all kinds of hidden filming videos,”

“As long as you let me off the hook, I will give it all to you!

Charlie asked in a cold voice: “When I asked you just now, why didn’t you speak?”

“I just asked you for that information, why didn’t you give it?”

“Didn’t you say that you would rather die than give out that information?”

“Then I’ll let you try what it means to live worse than death!”

After saying that, Charlie added:

“Trust me, Charlson, you will still give me that information sooner or later.”

Patrick at this point can not wait to directly tear Charlson alive, so he angrily roared:

“Charlson, you fcuking son of a b!tch! How dare you take a video of me!”

“What the fcuk did you promise to me in the first place?”

Charlson, tormented by the pain, broke down and roared like a madman:

“Of course, I want to keep the fcuking evidence!”

“Otherwise, in case something happens one day,”

“You ba5tards would dump the black pot on me alone, what the fcuk am I going to do?”

Charlie saw the two begin to dog-eat-dog again, disgustedly said:

“You two remember, those who insult people, people are always insulting you back;”

“Abuse people, people are always abusing you back!”

“This is God’s way of good and evil, the heavenly way of reincarnation!”

Chapter 4214

After saying that, Charlie turned his head and said to Wesley,

“Wesley, you can arrange the rest, I will come back to talk to them in two hours!”

Wesley immediately nodded and said, “Okay Mr. Wade, your subordinates will make the arrangements!”

Charlie didn't say anything more and stepped out of the basement.

.....

Two hours later.

When Charlie returned to the basement, both Charlson and Patrick had turned into walking corpses.

The great pain and humiliation had completely disintegrated the will of the two.

At this moment, the two people, none of them in the heart has regret.

At this moment, they really began to feel remorse for what they had done before.

If in an ordinary way, even if they were sentenced to life imprisonment, they would not really feel regret.

Only by letting them experience the pain they once inflicted,

On innocent others for no reason could they truly realize what kind of brutes they really were.

Seeing Charlie step in, Charlson, who had already completely calmed down, suddenly howled.

He struggled to crawl towards Charlie,

But his body had long since lost any breath after the severe pain,

He could only squirm on the floor like a maggot, wailing under his breath,

"Mr. Wade I'll tell you everything everything, please You give me a pain"

Charlie asked him, "What? Now you know it's wrong?"

“I know know,” Charlson cried,

“I’m guilty, I deserve to die... ..”

“I’m really sorry for all the innocent girls who were killed by me,”

“I don’t ask for anything but for you to give me a chance to pay for their lives,”

The past two hours, for Charlson, were ten thousand times more horrible than the purgatory on earth.

At this time, he had already given up his desire for survival,

Deep inside his heart when he thought that he might suffer such extreme torture again in the future.

Right now, he only wanted to die quickly, the more painful death the better.

Seeing that this man was already as humble as a maggot, Charlie could not show him any mercy.

Charlie was never a saintly mother, in his opinion,

If a person has made a mistake, he must pay the corresponding price for the mistake,

This is real fairness and justice.

Not to let this kind of people completely into despair,

And how to face those innocent girls who were tortured by them to despair?

At this moment, Charlie, cold eyes looking at Charlson, faintly said:

“I can give you a chance, but only once, you must give me all the evidence you have,”

“There must not be the slightest concealment, as long as you cooperate honestly,”

“From now on, to the day you die, I will give you the last humane treatment.”

Charlie also looked at the same eyes filled with blood!

He never thought that there would be such inhumane beasts in peaceful times!

What's even more hateful is that these animals are all the so-called social elites,

And upper-class people, but their methods are so brutal!

Some people's brutal methods, even if the Nazis watched, I'm afraid they would be ashamed of themselves!

After flipping through a few videos, Charlie's blood pressure was already soaring.

He looked at Wesley and said coldly, “Wesley, I'll give you a mission!”

Chapter 4215

Wesley said without thinking, “Mr. Wade, please speak!”

Charlie said, “You arrange for people to immediately start analyzing these videos and files,”

“Make sure to clarify how many people they have,”

“How many girls they have mutilated, investigate the identity of each one of them,”

“And then pull out a list! After we finish with the Joules family, I'll take care of them one by one!”

Wesley immediately said, “Your subordinate obeys the orders!”

Charlie downloaded several videos of Patrick onto his phone,

And then said to Wesley, "It's almost time to let Ferdie and Micheala set off."

"Okay!" Wesley said without thinking, "I'll give the order now."

Charlie walked outside to the terrace,

Which was on the fourth floor and could just see the Joules family manor not far away.

Seeing that in the middle of the Joules family manor,

Many people were patrolling and on guard,

He couldn't help but wipe a mocking smile across the corner of his mouth.

After tonight, the new emperor of the Joules family will have to fall.

.....

At this moment, the vast Indian Ocean.

While enjoying it, she could not help but be a little puzzled.

To her right, she could still vaguely see the land,

Which she knew was Sri Lanka, known as the 'Pearl of the Indian Ocean.'

She also could not help but be a little puzzled,

Feeling that from yesterday to today, the speed of the cargo ship traveled significantly slower,

So much so that a day and a night have passed,

The cargo ship still has not sailed away from the coastline of Sri Lanka.

Normally, only three to five hundred kilometers of the voyage is needed to leave Sri Lanka behind.

And although the speed of the cargo ship is not fast,

But a day and a night at least can run six or seven hundred kilometers.

Just when she was still puzzled, Xion quickly walked up to the deck and came towards Micheala.

Hearing the footsteps, Micheala looked back and saw that the visitor was Xion,

So she smiled and waved and said, "Xion."

Xion smiled faintly and said to Micheala,

"Micheala, it's almost time, hurry back to your room and clean up."

"Clean up?" Micheala was surprised and asked,

"Aren't you going to let the deck work for the crew?"

"What do I need to go back and clean up for?"

Xion said very seriously, "You need to go back and pack up your personal belongings,"

"The helicopter from Dragon Hall will come to pick us up and leave in half an hour."

Micheala was even more surprised, she asked in confusion,

"Xion, didn't Mr. Wade arrange for us to go to Syria? Where should we leave for at this time?"

Speaking of this, she could not help but ask somewhat nervously,

“Mr. Wade is not backtracking, right?”

“No..... Mr. Wade is certainly not such a person, so where exactly does he want us to go?”

Xion laughed: “Mr. Wade said, where to go can not be said now,”

“Even I myself do not know now, I only know that we only have half an hour to prepare,”

“The helicopter will take us out of here when it arrives,”

“Well, to Colombo, the capital of Sri Lanka.”

“Sri Lanka” muttered Micheala, turning to look at the land a long way off to the right,

And said offhandedly, “No wonder the freighter has been traveling very slowly lately,”

“It turns out that the intention is for me to get us off the ship here”

Chapter 4216

Saying that, Micheala looked at Xion and asked,

“Xion, are you also going to Colombo with us?”

“Yes.” Xion smiled, “According to Mr. Wade’s request,”

“I am to escort you to your destination.”

Micheala nodded gently and asked again, “Then does my grandfather know about it?”

Xion said, “I came to inform you the first time I received the order,”

“Mr. Joules and Mr. Yeager’s side, it’s better for you to tell them.”

“Okay,” Micheala said with a melancholy heart that could not be concealed,

“I’ll go tell grandpa and Master Yeager to hurry up and pack their belongings.”

“Good.” Xion said, “I will also go pack, we will meet on the deck in twenty-five minutes.”

Micheala ran all the way back to the cargo ship’s cabin,

Ferdie was idly trying to carve a fist-sized piece of scrap wood with a small knife.

This piece of wood is one of several pieces of wood he picked up by chance on the cargo ship,

Because it was really boring, so he picked it up to carve something to pass the boring time.

At this moment, his personal bodyguard, Flint Yeager, was using the fine sandpaper,

He had found to help him polish one of the wood carvings that had already taken shape,

And praised him while polishing it: “Elder Joules, I didn’t expect you to have this kind of skill.

Ferdie laughed: “When I was a child, my biggest wish was to be a carver,”

“And I learned the craft from a teacher for a while.”

As he said, he took a glance at the finished carving of Doumu in Flint's hand and said seriously,

"Master Yeager, this Doumu is for you, if I leave in the future, I can also leave a reminder!"

Flint said gratefully, "Thank you, Master Joules, I really like this statue of Doumu,"

"And I will keep it well so that I can live up to your kindness!"

Ferdie nodded and smiled, "If there is a chance to find a piece of good incense wood in the future,"

"I will carve another one for you!"

Flint was flattered and said, "No need Elder Joules, this piece is more than what I could wish for"

Ferdie smiled faintly and said, "When we say grateful,"

"It should be me who is grateful to you, you have been working hard for me for so many years,"

"And now you are being implicated because of me, honestly, I really feel sorry for you"

Flint said: "Elder Joules you are welcome, this is my duty!"

Ferdie nodded and was about to speak when the door was suddenly pushed open by Micheala.

She entered the door and saw that grandpa and Flint were there,

So she hurriedly said, "Grandpa, Master Yeager, Mr. Wade has an order for us to hurry up and pack our personal belongings,"

“A plane will pick us up in half an hour and take us to Colombo!”

Ferdie was surprised and asked,

“Are we not going to Syria? Why has it changed to Colombo?”

“I’m not sure.” Micheala said, “Mr. Wade just gave the order,”

“Relayed by Miss Banks, and Miss Banks will also go with us.”

“Strange

” Ferdie frowned and smacked his lips,
“We go to Syria I can figure it out, after all, the Dragon Hall has established a base there,”

“When we get there, our safety can definitely be guaranteed

”
“But, taking us to Colombo for what?”

Flint was also confused and said, “Sri Lanka is relatively chaotic,”

“And the Dragon Hall can not have too many people there,”

“Certainly not as safe as Syria for us, why did Mr. Wade suddenly change the plan?”

Micheala said helplessly, “Let’s not discuss this, since Mr. Wade asked us to go to Sri Lanka,”

“We certainly can not refuse, it is a blessing but not a curse,”

“A curse can not be avoided, we can only choose to believe in Mr. Wade!”

“And the helicopter will be here soon, we have to pack our things quickly.”

Ferdie sighed and said with emotion, “Micheala is right! It’s a blessing but not a curse,”

“A curse that can’t be avoided! Since this life was saved by Mr. Wade,”

“Let’s listen to his arrangements! Pack up your things and get ready to go!”

Chapter 4217

Twenty minutes later, Ferdie, Michaela, and Flint arrived on the deck with their carry-on luggage.

At this time, the sky over the sea had already darkened,

Leaving only a hint of dim light from the western skyline.

On top of the deck, Xion had been waiting here for ten minutes.

When Ferdie saw Xion, he said very politely,

“Miss Bank, it’s hard for you to accompany us on another trip

Xion smiled faintly and said, “Mr. Joules, there is no need to be polite,”

“As long as it is something Mr. Wade asked me to do, I will do my best.”

After saying that, she looked at the time and spoke,

“Mr. Joules, the helicopter will be here soon, we are now,”

“About two hundred kilometers away from Colombo, the flight time is about one hour.”

Ferdie nodded gently.

Although he wanted to ask why Charlie had suddenly arranged for him and his granddaughter to go to Colombo,

He wanted to ask what the next arrangement was after they arrived in Colombo.

But he thought about it for a moment and decided to follow Charlie’s arrangement.

Since he had come, he would be safe.

Soon, a heavy helicopter on the sea surface came flying against the sea at great speed,

And it began to slow down when it approached the cargo ship,

And then it descended directly above the deck.

The helicopter just stopped on the deck, the cabin door was immediately opened,

Several loaded and armed soldiers of the Dragon hall came down from the ship,

Three or two steps to reach Xion, the leader respectfully said:

“Miss Bank, we are ordered by the Supreme Commander to pick you and several others to Colombo,”

“Time is short, please hurry up and get on the plane.”

Xion nodded and said to Ferdie, “Mr. Joules, please go ahead.”

Ferdie did not hesitate and boarded the cabin with the help of several people.

After everyone boarded the plane,

The heavy helicopter immediately roared up and flew in the direction of Sri Lanka.

.....

Meanwhile, in New York, USA.

Stefanie finished her morning rehearsal and gave Charlie a call.

As soon as the call came through, she asked him,

“Charlie, have you arrived in New York yet?”

“I’ve arrived.” Charlie laughed: “What’s wrong, looking for me for something?”

Stefanie said aggressively, “Charlie, someone is bullying me, you have to come for me!”

Charlie asked, “Who is bullying you?”

Stefanie said in a puffed-up voice: “It’s that Roger Joules!”

“A company under their family, paid a high price to buy the venue where I will hold a concert,”

“And then suddenly said that the venue has to be renovated,”

“Forcing me to postpone the concert or change the place, our stage is almost built,”

“Sound and choreography equipment are in the venue, it is definitely too late to change it

Charlie frowned: “This ba5tard is deliberate, right! What exactly is the purpose of him doing this?”

Stefanie said: “He called Chlora, said he wanted to invite me to dinner at home,”

“I think they must be ill-intentioned, maybe they suspect that,”

“Patrick’s disappearance is related to me, want to get some words from me

Charlie asked with some anger, “What? He means that if you don’t accept their invitation,”

“The show will definitely have to be postponed?”

“Yes!” Stefanie is also very angry so she said:

“They are now threatening me with this if I do not go,”

“I am afraid the concert will have to be postponed,”

“But I have so many concerts behind, a time change, the other times have to change too,”

“Even if I put this concert on hold, it is not guaranteed that,”

“They will not do the same thing in the later concerts.”

Chapter 4218

Charlie asked her, “Then how do you plan?”

Stefanie then said delicately: “Charlie, I want to trouble you a little, accompany me to go to the Joules family,”

“I do not know if it is convenient for you If it’s not convenient,”

“I’ll just announce that there is a problem with the venue, the first concert is temporarily shelved,”

“And the latter concert will be opened first, and finally come to New York to make up for the opening of the same.”

Charlie laughed: “Then your fans in New York will not be disappointed?”

Stefanie said helplessly: “That can’t be helped, but I believe they can understand.”

Charlie then said, “Forget it, what can not let you take tens of thousands of fans disappointed,”

“Is it not just to go to the Joules family to eat a meal,”

“It just so happens that I am now next to the Joules family,”

“You let Chlora tell them that you will go over at noon,”

“In a while, I will send you an address, when you come by the way just pick me up, I will go over with you.”

When Stefanie heard this, she immediately asked with surprise,

“Really, Charlie? I won’t give you any trouble if you accompany me, right?”

“No.” Charlie laughed, “I’m going to meet with Joules’s family soon anyway,”

“So I’ll take this opportunity to meet first at noon today.”

Stefanie hurriedly said, “That’s good! Then I’ll let Chlora communicate here,”

“And if the time is confirmed, I’ll come to pick you up and we will go there together!”

.....

Chlora was relieved to learn that Charlie was willing to accompany Stefanie to the Joules family.

If Stefanie had gone alone, beating her to death, she wouldn’t have dared to agree.

But since Charlie was willing to accompany her, she had nothing to worry about.

In her opinion, Charlie must have the strength to deal with the entire Joules family,

Otherwise, it would not have been possible to directly kidnap Patrick.

With that, she made a call to Roger and said to him,

“Mr. Joules, Miss Sun has time at noon, I wonder if it’s convenient for you?”

As soon as Roger heard this, he knew that his tactics had worked and immediately said,

“Convenient, of course, it’s convenient! If Miss Sun comes over at noon,”

“I’ll have the back kitchen prepare a sumptuous family feast and wait for Miss Sun’s presence!”

Chlora’s heart was disgusted, but her mouth was not cold, and said,

“In that case, then it’s a deal, Miss Sun will come over there directly.”

Roger said: “Miss chlora, why don’t you give me an address,”

“I’ll send a convoy to pick up Miss Sun.”

“No need.” Chlora said lightly: “Miss Sun has a car,”

“And will come directly to your Joules family’s estate in Long Beach.”

Roger smiled and didn’t insist, so he said with a smile,

“Okay, since Miss Sun insists, then I’ll be waiting at home!”

Chlora said impatiently, “So be it, I am hanging up first.”

Roger put down the phone and said to Floyd in front of him,

“Dad, that girl named Sun has agreed to come over and will arrive at noon.”

Floyd nodded with satisfaction and said in a cold voice:

“This girl must have clues related to Patrick, let’s see if we can get it out of her!”

Roger said with some concern, “Dad, this girl is indeed a very famous public figure,”

“If she deliberately pretended to be confused with us, it’s not good for us to move against her!”

“A public figure?” Floyd sneered disdainfully and said coldly:

“Public figures are not even a fart in my eyes! If we can really find out something from her,”

“I don’t care if she’s a public figure if she doesn’t give an honest account of everything she knows,”

“She won’t leave the door of my Joules family!”

.....

Chapter 4219

Soon, Stefanie arrived at the villa where Charlie was waiting for her.

After picking him up at the door, the motorcade drove to the Joules family manor not far away.

When the caravan arrived at the entrance of the manor,

Roger came out of the door to greet it under false pretenses.

Although his son was still missing, he still put on a fake smile.

However, when Charlie and Stefanie walked down from the car together,

His face full of fake smiles immediately became extremely ugly.

Although he had only met Charlie once, his impression of him was extremely deep.

The night his son disappeared, he had been defeated in front of Charlie.

Roger lived so much, for the first time in front of a brat to suffer this kind of crap,

So he always remembered this matter in his heart,

At this time seeing him again, naturally, he is very unhappy in his heart.

So he frowned and asked Charlie: "I invited Miss Sun, why are you here?"

"Do you think that with a lowly status like yours, you are qualified to enter the Joules family's manor?"

"Haha." Charlie laughed and said, "That's quite a big mouth you have, what you said? I'm not welcomed?"

Roger said coldly, "Nonsense! Of course, you're not welcome!"

"If you have the decency to understand that, get out and don't be an eyesore here."

Stefanie did not expect that Roger would attack Charlie, so she immediately stepped forward and said coldly,

"Mr. Wade is my good friend, I asked him to accompany me here,"

"If your Joules family is so inhospitable, then we will leave now!"

Roger said angrily, "Miss Sun, don't you want your concert to start as scheduled?"

"It doesn't matter." Stefanie said disdainfully, "In front of Mr. Wade,"

"What does it matter if all the concerts are canceled?"

After saying that, she immediately looked at Charlie and said firmly, "Charlie, let's go!"

Roger did not expect that Stefanie would stand up for Charlie without him speaking,

And her words were so absolute that she did not leave him any leeway.

He could not help but black face warning: “Miss Sun, I advise you to be more careful,”

“My Joules family can make all your North American concerts forced to cancel at any time!”

“I can even make you have no chance to come back to North America for concerts in the future!”

Stefanie said coldly, “You think I care?”

With that, she immediately took out her phone and posted a message on her Twitter account,

“Due to some force majeure, all my tours in North America may be canceled,”

“If they are really canceled, please bear with me,”

“And I will also ask my agency to start refunding tickets as soon as possible.”

Stefanie has tens of millions of followers on Twitter,

And the moment this message was released, it immediately caused an earthquake on the internet!

And Stefanie didn't care at all, she handed her phone to Roger and said coldly:

“If you don't apologize to Mr. Charlie here, we'll leave now!”

Roger fixed his eyes on the content on Stefanie's phone,

And his expression was instantly shocked speechless.

He didn't expect that he was only threatening Stefanie,

But Stefanie directly announced on the internet that all tours might be canceled.

This instantly put him in a passive position.

Of course, he did not want to apologize to Charlie, but if Stefanie really gave up her tour,

Then it might be difficult for him to understand the hidden story of his son's kidnapping.

In this instant, Roger was extremely angry in his heart,

Never imagining that he had just met with Stefanie and was immediately taken advantage of by this young girl.

Chapter 4220

Stefanie saw that he was still hesitant, immediately pulled Charlie, and said:

“Charlie, let's get in the car and go back!”

Charlie smiled slightly, nodded, and said,

“Okay, I can't get in at noon today, I'll come back at night.”

Charlie said he will come over at night because at night Ferdie and Michaela will arrive in New York.

At that time, he naturally had to bring the two to the Joules family to put a complete end to this matter.

Roger had no time to think about why Charlie said he would come back at night,

He only knew that he could not let the two people leave at this moment, otherwise, all the work would be wasted.

Moreover, the kidnappers gave them time, but not much.

Thinking of this, he could only say stiffly: “The two of you don't be angry,”

“Just now I was improperly worded, and please don't be ordinary with me.”

After saying that, he looked at Charlie again and said against his will,

“Mr. Wade, I have offended you just now, please don’t mind!”

Charlie laughed: “I didn’t expect that someone from such a privileged background,”

“Grand Duke Joules would still be so able to bend and stretch, it’s really impressive.”

Roger knew that Charlie was sarcastic, but at this time, he did not dare to say anything more,

He could only nod and said, “Mr. Wade praise you, what just happened was a misunderstanding,”

“I hope we can turn over this one, what do you think?”

Charlie laughed: “Good, you said to turn the page then let’s turn it over first,”

“Really can’t later find a suitable time we can also turn it back,”

“If Mr. Joules wants to turn it back at any time, I am always ready to accompany.”

Roger really did not expect that this man spoke everywhere with a thorn in his side, not putting him in the slightest.

At this moment, he already wanted to have someone kill him on the spot.

However, considering that there were more important matters at noon today,

He could only hold back the anger for the time being.

Then, he took the initiative to lead Charlie and Stefanie into the manor gate.

At this time, there were three Rolls-Royces parked in the manor,

And Roger said to the two of them, "The Joules family manor has a rule that no car from outside is allowed to enter,"

"So I'll ask you two to transfer to another car to go in."

After saying that, he pulled open the door of the middle Rolls-Royce,

And said to the two people, "You two people, please."

Charlie and Stefanie didn't hesitate and directly got into the Rolls-Royce.

Roger turned around and sat in the first Rolls-Royce after the two got in,

And then the motorcade quickly started and drove into the interior of the manor.

A few minutes later, the motorcade stopped in front of one of the largest villas of the Joules family,

And Roger invited them, "My father has been waiting in the banquet hall for a long time, please come with me."

Stefanie's heart was more or less apprehensive, but she raised her head and glanced at Charlie, then immediately relaxed.

Although the Joules family has many bodyguards,

She knew very well in her heart that as long as Charlie was there, everything was under control.

The two followed Roger to the banquet hall,

At this time the banquet hall large round table on the master seat is sitting an old man in his seventies.

This old man looks seven percent similar to Ferdie,

Charlie immediately guessed the identity of this person, must be Floyd Joules undoubtedly.

When Floyd saw Charlie and Stefanie enter, he slightly narrowed his eyes and kept looking up and down at the two.

Roger said to the two people, "Let me introduce to you,"

"This is my father and also the head of the Joules family, Floyd Joules."

Stefanie gave a slight nod to Floyd as a gesture, while Charlie asked in a straightforward manner,

"What is your intention in making this stunt?"

Floyd said indifferently: "You little boy, I invited Miss Sun here today,"

"I just want to have a home-cooked meal with her,"

"And inquire about some personal matters, so please wait outside first."

"I go out and wait?" Charlie smiled faintly and sat down directly opposite Floyd,

Raised his eyebrows and said,

"If I go out, where are you going to inquire about the whereabouts of your grandson Patrick Joules?"

Chapter 4221

When Charlie said this, it immediately made Floyd's expression turn hideous.

He stared at Charlie and asked in a cold voice: "My grandson is kidnapped by you?!"

Charlie didn't answer, but pushed the dining chair back and directly sat in front of Floyd with crossed legs,

Looked at the empty table, and asked indifferently:

"Didn't you say you were going to serve dinner?"

"How come there's not even a plate of peanuts? Is this your Joules family's way of hospitality?"

Floyd did not expect that Charlie would not take him into consideration in the slightest,

So he slammed the table in anger and said in a stern voice:

"Kid! This is the Joules family! If you don't tell me honestly where my grandson is,"

"Then you won't be able to leave this door alive!"

Roger was also extremely angry.

He had been disliked by Charlie several times before at the Royal PalaceHotel,

And he always held this grudge in his heart,

But he didn't expect that Charlie would still be unrepentant and speak the same way now that he had come to his home.

So, he gritted his teeth and said to Charlie:

"Kid! If you don't tell the truth, I will make your life worse than death!"

"If I find out that you are really related to the kidnapping of my son,"

"I, Roger Joules, swear to God that I will kill your whole family!"

"Kill my whole family?" Charlie laughed disdainfully and said,

“Roger, in broad daylight, it’s better to talk less in your dreams,”

“And you should know that there is a saying that trouble comes out of your mouth!”

Roger was angered by Charlie’s arrogant attitude and shouted angrily,

“You are bullying my Joules family with no one!”

After saying that, he immediately shouted, “Parker!”

As soon as the words fell, a middle-aged man quickly appeared at the door

And said respectfully with his hands clasped in front of him,

“What is the order of the Eldest Master?”

At this moment, it was Floyd and Roger’s personal bodyguard,

Karl’s senior brother, Parker.

Although Parker’s strength was not as strong as Karl’s,

He was also a five-star martial artist,

And among the current bodyguards of the Joules family, he was the absolute ceiling.

At this moment, Roger could no longer tolerate Charlie,

So he pointed at him and yelled at Parker, “Cut off his ear and avenge my son!”

Parker’s expression was slightly hesitant, and his eyes unconsciously looked at Floyd.

In his opinion, this kind of thing, he would only do it if Floyd nodded.

Floyd's expression was also gloomy at this time,
Charlie's arrogant attitude made him feel that this person,
Must have a connection with his grandson's disappearance,

And repeatedly humiliated the father and son, which really made him angry in his heart.

Seeing that Roger has called out Parker,

Immediately did not think much about it, and nodded to Parker.

Parker took a look at Charlie, thinking that this kid has no cultivation,

If he goes to cut the ears of such people, then the whole world will laugh at him.

But at this time, Roger angrily questioned,

"Parker, what are you doing frozen? Don't you understand my words?"

At this point, Parker could only nod,

And then said to Charlie: "You little brother, I'm sorry!"

After saying that, he suddenly rushed towards Charlie.

Charlie did not even look at Parker at this time,

Until Parker rushed to his front, then he suddenly shot.

Only to see Charlie stand up with great speed,

His left hand easily grabbed Parker's collar,

Then his right hand swung violently, slapped, directly on Parker's face.

Chapter 4222

Parker's entire body was hit frozen.

A five-star martial artist, under the fierce impact,

Even if senior brother Karl was here, he would have to respond with all his might to resist.

However, in front of this young man, he was like a waste,

Easily grabbed by him by the collar, and then,

His internal strength disappeared without a trace in an instant.

Before he could recover from the shock, this one slap came straight up with a crisp sound.

Slap

Not only Parker froze, but even Floyd and Roger were also petrified on the spot.

Who would have thought that the ceiling of the Joules family's force value...

Would be sturdily smacked with a big beep pocket

Immediately after, a scene that made them incredulous appeared again.

Charlie finished a slap, with the backhand and upward gave a violent lift,

And again with the back of his right hand, again gave a big beep pocket to Parker.

Parker although the whole person is like a wooden soldier dumbfounded,

But the tears have been uncontrollable coming down from the two eye sockets.

No one knows how much psychological damage two big beep pockets can do to a five-star martial artist

Just at this time, Charlie with a trace of aura sealed Parker's whole body meridians,

And coldly shouted: "If you do not want to become an invalid for life, then kneel down honestly for me!"

Parker's whole body was immediately revived!

He immediately realized that the five meridians that he had spent half his life,

And suffered countless hardships to open were all completely blocked by a nameless force!

At this moment, his entire heart instantly collapsed,

Unable to care about the psychological damage he had just suffered,

He crumbled to his knees and howled, "Senior please have mercy, senior"

To Parker, he was not a martial artist trained by the Joules family,

But was only ordered by his master to serve the Joules family.

Therefore, he did not have a strong loyalty to this family.

The previous obedience was of course from the perspective of the division as well as the interests.

But now, his cultivation instantly returned to zero,

A lifetime of hard work destroyed, in this case, what does the Joules family, father, and son, count for?

Even the division and his own dignity are no longer important,

What he wants is just to keep his cultivation,

Otherwise, he is likely to become a ruined man in this way

Charlie disdainfully glanced at the tearful Parker, coldly bellowed: "Kneel farther down!"

Parker did not dare to say more, hurriedly kneeling all the way backward,

All the way back to the corner, at this time, he could not control it and choked:

"Senior I get paid from them, to eliminate disasters for them,"

"I hope you do not remember the small man"

Charlie waved his hand: "You just keep kneeling here,"

"Later someone will come to teach you a lesson for me!"

"Before that, you dare to move a hair, I will break your arms and legs,"

"So that you can not even be an ordinary person!"

When Parker heard these words, he was filled with horror.

He didn't know who exactly Charlie was looking for to teach him a lesson,

But the moment he thought of Charlie's threat, he was scared out of his wits.

For a martial artist, the cost of losing all his cultivation was already unacceptable,

But if he didn't even have the chance to be an ordinary person,

He would really fall directly from the nine heavens to the eighteenth level of hell,

And he would rather die than end up like that.

So, he could only choke with trepidation:

“Senior, I will kneel here until your anger subsides

Both Floyd and Roger were completely dumbfounded.

Roger’s heart can not help but mutter: “This what the h3ll is this ah?”

“The moment they came up, they threw their own king out.....”

Chapter 4223

Floyd is shocked beyond belief, he could not help but in his mind speculate on the current situation:

“In this room, we father and son, in addition to Parker, and no other bodyguards,”

“Now Parker is kneeling in the corner begging for life,”

“How can my son and I be this kid’s opponent? This is a fucking gutter to capsize ah

Thinking of this, he quickly and nervously stood up,

Hands bowed and said, “Young warrior calm down

“Calm my anger?” Charlie couldn’t help but laugh out loud when he heard his words.

He looked at Floyd, pointing at the position where he was sitting,

And asked in a cold voice: “Since I came in, you’ve been sitting there like a big-tailed eagle dejected,”

“One minute not letting me out of this door alive,”

“The next minute killing my whole family, fierce and unlikeable!”

“But now you’re wagging your tail at me like a dog, Floyd,”

“I really can’t understand which face is the real you?”

Floyd did not expect Charlie to speak so disrespectfully, and could only say resentfully,

“Sorry, young warrior, just now I have offended, please forgive me

Charlie coldly snorted: “You threaten me with my personal safety,”

“I will put up with it, but you actually threaten me with the safety of my whole family,”

“This can not really put up with you!”

Floyd’s expression was suddenly filled with horror, and he hurriedly said,

“Young warrior just now I did not say I would kill your whole family!”

“Oh?” Charlie frowned and asked rhetorically, “If not you said, then who?”

Floyd subconsciously looked at his son.

It was indeed Roger who said the words to kill Charlie’s whole family just now.

Roger was so looked at by his father, that his heart has a burst of horror.

He is not a fool, seeing Parker in front of Charlie is not even a fart,

They know that they are kicked to the real iron plate.

In this case, how dare he touch Charlie's eyebrows.

When Floyd saw that Roger bowed his head and did not speak,

His body shook with anger and shouted:

"Ba5tard! What are you doing there pretending to be dumb and dumber?"

"Don't you know you are responsible for what you said? Hurry up and apologize to Mr. Wade!"

Roger shivered and hurriedly took a step forward and said in a jarring voice:

"Wade Mr. Wade sorry it's all my fault for being a cheap talker!"

"..... you must not see me in general"

Charlie asked him rhetorically, "Huh? Know that you are cheap?"

Roger nodded his head like garlic and said, "I know, I really know"

Charlie coldly said: "know that your mouth is cheap, still do not hurry to slap the mouth?"

"Are you waiting for me to hand over a palm for you?"

Hearing this, Roger's heart was angry and furious.

In this life, no one dared to slap his mouth, and no one dared to let him slap his mouth.

What's more, Charlie looked only above twenty years old,

How could he listen to the orders of such a person?

Charlie saw Roger standing there unconscious, and did not rush him,

Nor scold him, but directly stood up, a slap on the face of Floyd.

This slap, directly smacked Floyd in place turned several times.

Floyd was dizzy and sat on his buttocks on the ground.

Fortunately, the floor was covered with a thick wool carpet,

Otherwise, his pelvis would have been cracked.

Floyd was beaten, his heart was also annoyed and humiliated,

But at this time Charlie said: "Old man you remember, your slap, is for your son,"

"As the so-called son is not taught so it is the father's fault,"

"He does not know how to behave, that is your responsibility,"

"Sy you have to bear the consequences for him."

Roger was stunned, who knew that Charlie would slap his father, and then dump the pot on him!

Chapter 4224

He cursed in his heart, "Isn't this fucking sowing discord?"

"If I had known it was like this, I would rather slap myself twice than let dad get beaten up ah,"

"This slap down, dad in his heart I don't know how much he has to hate me"

The first thing is to get up.

Floyd is angry in his heart, a flip off Roger's hand.

In his opinion, if Roger just listened to Charlie's words,

For the pain on his face, there was no need for him to follow the beating.

Seventy-year-old body, hard to take a big slap,

Both physically and psychologically have left huge damage.

When Roger saw that his father was really angry,

He quickly slapped himself twice and said in shame,

“It’s my cheap mouth! It’s my cheap mouth!”

Only then did Charlie nodded in satisfaction, pointed to the table,

And said indifferently, “Come, isn’t it an invitation to dinner? All sit-down.”

Floyd knew that it was easy to invite the gods to send them away,

So he could only get up from the ground with a stiff upper lip.

Roger wanted to reach out to help, but Floyd looked at him with angry eyes,

Simply slapped him, cursing: “ba5tard, I do not need your help!”

“Hurry up and ask the back kitchen to serve food!”

Roger covered his face and went outside the dining room, and ordered the maids to serve the food.

After that, he returned to the dining room and cautiously came to Floyd’s side,

Just as he wanted to pull out a chair and sit down, he was reprimanded by Floyd, “You stand up!”

Roger was very aggrieved, but he could only do as he was told.

The maids of the Joules family soon brought the prepared dishes one after another.

But when they saw the room, Parker actually kneeling in the corner alone, one by one, they were dumbfounded.

But the good thing is that they all know the rules as servants,

So none of them did not say a word, and no one dared to talk nonsense outside.

When the food came up, Charlie said to Stefanie beside him,

“Stefanie, in order to prevent these two dogs from doing anything in the food,”

“Let’s wait for them to eat each dish before we move our chopsticks.”

Stefanie held back her laughter and nodded, saying,

“Okay, I’m not hungry anyway.”

Floyd and Roger, both father and son, were both ashamed and angry at this moment.

Only, even after being so insulted and ridiculed by Charlie,

They did not dare to show half a bit of displeasure.

Floyd stiffened his head and said to Charlie:

“Young warrior this meal is definitely not poisonous,”

“My Joules family will definitely not do such a dirty thing, this you can rest assured

“I’m not at ease.” Charlie deliberately said, “Your family is not trustworthy,”

“Especially you, I heard that you even pit your own father, let alone me.”

Floyd felt a burst of fire on his face,

The whole person was so embarrassed that he could not pass away on the spot.

Charlie looked at Roger at this time and spoke, "You, take two bites of each dish first."

Roger did not dare to not obey, could only pick up chopsticks ready to try the dishes.

Charlie then said: "Do not directly use chopsticks to clip the dishes,"

"I think you are dirty, find a pair of chopsticks,"

"Clip each dish into the bowl, and then eat with your own chopsticks!"

Roger felt that today's work for a while, this life has not suffered the humiliation to suffer once,

The heart is resentful to the extreme.

But even so, he can only honestly follow Charlie's orders,

Pick up a pair of chopsticks, carefully pick the part of the dish into the bowl,

And then stand aside to eat the contents of the bowl,

To confirm that these dishes have not been tampered with.

Only then did Charlie nodded in satisfaction and said to Stefanie, "Stefanie, you can eat now."

After saying that, and looked up at Floyd, coldly said:

"You also do not directly move chopsticks!"

"You're a bad old man who looks unclean, use the separate chopsticks for me too!"

Floyd was so humiliated that he threw his chopsticks on the table and said angrily,

“Then I can’t eat anymore, right?”

Charlie’s eyes glared and asked with a displeased face,

“You’re wrong, are you in charge or am I in charge? Pick up the chopsticks now!”

Chapter 4225

Floyd was so frightened by Charlie that he couldn’t help but shiver.

Even when he was a child, he had never been so frightened by his father,

But how could he have imagined that now he would be as subdued as a grandson,

By a young man fifty years younger than himself.

Seeing Charlie’s anger, although he was indignant in his heart,

But his hands did not dare to have half hesitation, and hastily picked up the chopsticks again.

Only then was Charlie satisfied, and when he saw that the servant had bought two bottles of Maotai white wine,

He said to the servant, “Bring ten more bottles of this kind of wine.”

The maid listened with a start and said offhandedly, “This is a two-pound bottle of

Charlie waved his hand: “I told you to bring extra. Don’t you understand my words?”

Floyd felt the liver trembling, but how could he dare to disobey,

Quickly waved his hand and said, “Quickly go quickly go!”

The servant did not dare to speak, and turned around and went down,

And in a short while, he brought several servants with him and brought ten bottles of white wine.

Charlie sent the maids away, then looked at the Fei family father and son

And said indifferently: "Come on, tell us, what do you want to do if you asked us to come here?"

Floyd cursed in his heart, "I invited Stefanie Sun, who the h3ll invited you?"

But he did not dare to say this, he could only honestly say:

"Young warrior, we invited you and Miss Sun to come here,"

"Mainly to ask, my grandson Patrick was kidnapped that day But now there is no need to understand it"

Floyd was not a fool.

He had never understood how a few ninjas from a faraway land dared to lay hands on his grandson.

But seeing that Charlie could make Parker kneel down and beg for mercy,

He knew that Charlie must be the mastermind behind the scene.

But in this situation, he has led the wolf into the room,

Not to mention looking for him to question the whereabouts of his grandson,

Even the consequences of that are unknown.

Charlie sneered at this point and said,

“There is nothing wrong with wanting to inquire about things,”

“But why did you maliciously acquire the venue of Miss Sun’s performance,”

“And use this as a threat to force Miss Sun into submission?”

Floyd knew that this pot definitely can not be shaken off,

So can only apologize and said: “I’m really sorry

“I was confused and did this thing I hope Miss Sun can forgive us

Roger also said: “Yes, yes, it’s all our fault

“We will talk to the concerned people and will not delay Miss Sun’s normal performance!”

Charlie waved his hand: “Gimmicks you do not need to play here,”

“I cannot trust people with your character honestly,”

“Even if I just go to the roadside to grab a random stray dog,”

“And let it bark twice that would be more credible than what comes out of your mouth.”

Stefanie heard this, could not help but laugh out loud,

While Roger’s face is a sauce, coming up with desperate curses in his heart:

“His intimidation threat is not enough here, I did not expect these continuous personality insults

“And also compare me with a dog, a dog barking twice can have more content?”

“Talk about credibility and untrustworthiness?”

However, Roger can only refute two sentences in his heart,

His mouth still said with a respectful face:

“Mr. Wade How do you think we can handle this matter appropriately? We will listen to your command!”

Charlie nodded his head, waved his hand, and said,

“This way, you have already bought the arena?”

“Now have the person in charge draw up a contract to sell this venue to Miss Sun ’s agency for one dollar,”

“And you directly have the person in charge on your side go and sign with Miss Sun ’s agent,”

“So that this venue will be owned by Miss Sun ’s agency,”

“So she doesn’t have to worry about you ba5tards tripping up.”

Chapter 4226

Roger immediately wanted to cry, he felt that this was the world’s biggest big injustice.

“I forced Stefanie to give in, itself is to spend an extremely high injustice price,”

“To buy this venue directly to the hand, and then gave Stefanie’s brokerage company 10 times the breach of contract

“The result I did not expect, instead my father and I incurred a big disaster

“Now this son of a b!tch named Wade has humiliated me and my dad,”

“So much that he’s going to take the venue away from us

“What the fcuk has this made me into?”

“Nobody in this whole world would have faced such an injustice for generations!”

Seeing Roger’s comical expression but not a word coming out of his mouth,

Charlie slapped the table hard and asked, “What? You are not satisfied with my arrangement?”

“Satisfied Satisfied!” Roger again shivered violently and said without hesitation,

“I’ll arrange it! I’ll arrange it right now!”

With that, he hurriedly took out his cell phone and made a call to his assistant.

In order to express his sincerity, he specifically turned on the speakerphone and said,

“You immediately transfer the gymnasium we just bought to Miss Sun ’s agency for one dollar,”

“Take the lawyer to meet with Miss Sun’s agent now,”

“And make sure to complete the transfer in the shortest possible time!”

The assistant was dumbfounded and asked, “Young master,”

“We just compensated Miss Sun’s agency ten times the cost of the venue,”

“And you want to give the venue to the other party for nothing?”

Roger impatiently said, “I asked you to do it, you do it, why so much nonsense?”

The assistant hastily said: “I’m sorry, sir, it’s me who talked too much

“I will contact the lawyer Miss Sun’s agent I just docked the compensation yesterday,”

“I have her contact information

Only then did Roger say, “Hurry up and do it, don’t dawdle!”

After instructing his men, Roger hung up the phone and looked at Charlie, respectfully asking,

“Mr. Wade, are you satisfied with this treatment?”

Charlie nodded and casually said, “Not bad,”

“I have seen half of your sincerity, the remaining half, it depends on your coming performance.”

Roger was dumbfounded, thinking,

“I’ve been fcuking wronged to this point, and still not okay? What else do you want?”

However, his mouth only dared to ask cautiously,

“Mr. Wade, what do you think we still lack something or need to improve properly?”

Charlie pointed to a large pile of white wine in front of him and said,

“You two have done so many disgusting things, according to the rules of our Chinese tradition,”

“There should always be a drink to make amends, right?”

“Come on, each of you first punishes yourselves with three cups.”

Saying that, Charlie handed over the glass used for drinking water on the tableware and said, “Drink from this, fill it all up!”

This glass has, a capacity of almost three hundred milliliters,

One person three cups, at least seven or eight hundred milliliters,

That is at least one and a half pounds of volume.

Roger heard, his two legs can not help but tremble, Floyd even more white-faced.

These rich people, although they also love to drink some wine,

But the amount of alcohol is limited to a small drink for pleasure.

Especially for Roger, he doesn't drink much.

Only when he is in a good mood, with three or five friends while eating,

While talking he hardly drinks some quantity.

To really let him drink fast wine, he can at most drink half a catty.

However, this glass is six taels when poured

Roger panicked and pleaded: "Mr. Wade"

"I have the capacity for a limited amount of alcohol, three cups I really can not drink ah"

Floyd also could not stop pleading, "Young warrior"

"I have not touched a drop of wine for ten years,"

"This kind of high white wine, I really can not drink a glass"

"Can't drink?" Charlie's eyes raised, and he said with a cold voice:

"Open your mouth, pour it in, swallow it, it's that simple, why can't you drink?"

Saying that Charlie stood up and coldly said:

“Come, pour the wine, I see how you can not drink,”

“If you really can not drink, I can help you pour in!”

Joules family father and son at this moment have the heart to die.

Their alcohol capacity is indeed general, the thought of three cups in a row,

The wine has not yet been drunk, they already want to buckle the throat to vomit a pass.

But Charlie did not give them any room for good offices.

He glared at Roger and said coldly: “What are you waiting for?”

“Why don’t you open the wine quickly? Do you want me to pour the wine for you?”

Gritting his back teeth, Roger went forward in a panic,

And opened one of the bottles of Maotai wine with a trembling hand.

Charlie placed two glass cups side by side and said, “Come, fill these two cups first!”

Roger could only obey and do as he was told, pouring the two glass cups full of white wine.

After the wine was poured, Charlie made an inviting gesture and said to the father and son,

“Come, drink the first cup first.”

Floyd looked at the transparent white wine, scared liver, and guts,

Said with a trembling voice: “Young warrior I I have high blood pressure

“Blood sugar has also been a little high

“The doctor has repeatedly advised me not to drinkI must not drink

“This is such a big glass, this is This is to kill me ah

Charlie waved his hand: “Don’t listen to those doctors and their bull5hit,”

“As the saying goes wine is grain essence,”

“The more you drink the younger you look,”

“In your seventies, you don’t really look young,”

“Maybe you have been drinking less, come, first take this cup!”

Floyd cried and said: “Young warrior I I really can not drink ah

Charlie’s expression was furious, and he asked in a cold voice:

“What? It’s your face. Isn’t it?”

After saying that, he pointed to the side where was the kneeling Parker, and coldly said:

“Believe it or not, I will let him squeeze your mouth right now and give you three bottles directly?”

Without thinking, Parker said, “Senior! As long as you can let me recover my cultivation,”

“I am willing to do whatever you ask me to do!”

When Floyd heard this, he was so scared that his neck shrank.

Looking at that tail wagging and begging look of Parker,

He realized that Parker was definitely not joking.

If Charlie really nodded, this guy might really rush over and pour white wine into his mouth

Pour three bottles that is six pounds, six pounds of wine down, his body will definitely be laying cold here

At this time, Charlie said: "This is the situation now, you two don't expect someone to save you,"

"The person closest to the two of you is me now,"

"As long as you are not honest, or don't listen to me I will kill both of you!"

Seeing Charlie's murderous look, Floyd could only say in pain,

"Young warrior, I'll drink! Can't I drink it?"

After saying that, he grabbed the wine cup with a trembling hand and took it to his mouth shivering.

At this time, at the side, Roger is ready with a mental construction.

After drinking so much liquor in one breath,

He had already started to practice the intense burning of his mouth, throat, esophagus, and stomach in advance,

But the more he practiced silently in his heart, the more afraid he became.

Charlie at this time came up with a sentence:

"You two, whoever finishes this cup last, he will be awarded another cup."

Roger heard this, almost reflexively, grabbed another cup, and began to pour it into his stomach.

At first, just after taking a big mouthful,

The intense stimulation made him almost spit out all he drank,

But when he thought that he would be rewarded with another drink for slow drinking,

He could only gulp it back before he spit it out. Took a big mouthful and pressed it down.

This method of fighting poison with poison is indeed very effective,

Chapter 4228

After Roger took two big mouthfuls, most of the liquor in the glass had gone down.

In his opinion, as long as he clenched his teeth and hold on a little longer,

He can make a push to dry this cup altogether.

But at this time, Floyd by his side was still holding a wine glass and didn't dare to speak.

He didn't dare to speak, but the one next to his son was a quick one!

This made him panic immediately: "If the **** let Roger drink this ba5tard first, then am I finished?"

Thinking that he had slapped him just now, Floyd was even more embarrassed and angry,

And he immediately coughed hard, stared at Roger, and scolded:

"Cough! You unfilial son! You drink so fast, do you want me to be rewarded with an extra cup?!"

Roger was about to pinch his nose and take the rest of it,

And suddenly heard his Dad's roar, and was so frightened that he almost didn't hold the wine glass.

He came back to his senses in a panic, then looked at Floyd,

Only to realize that the liquor in his father's glass had not been touched.

At this moment, he finally realized that he almost made a big mistake again.

Just because he didn't take a slap in time, his father got a slap in the face for him.

This time, if he accidentally caused his father to drink an extra glass of white wine again,

The father-son relationship may be broken on the spot.

At this moment, he really hated Charlie, because his methods were too damaging,

And it was really embarrassing to repeatedly provoke the little emotional foundation between the father and son!

After weighing it up, Roger had already confessed his failure,

And he couldn't help thinking: "Danm it! Forget it! Even if I have to drink four glasses today,"

"I will give it up completely! Even if I fight for half my life,"

"I have to work hard. Protect the relationship of our father and son!"

"Otherwise, if the old man takes revenge in the future,"

“And does not pass on the position of the head of the family to me, where am I going to reason?”

“When people ask me why I lost the position of heir,”

“I will be dmned, blame me for drinking too fast, I will have to lose here...”

So he could only quickly put down the wine glass, wiped his mouth in a panic, and hurriedly said,

“Dad...I haven't finished drinking yet...you...you please...”

Floyd was a little satisfied, glared at him,

And then looked at his cup, he can't make up his mind for a long time.

Charlie was a little impatient at this time, and said,

“What's the matter with the two of you? Can you do it?”

“Within a minute, whoever hasn't finished drinking, I'll reward him with an extra drink!”

After that, he took out his phone, turned on the stopwatch,

And said indifferently, “The timing starts now!”

Floyd didn't dare to delay any longer when he heard this,

So he could only bite the bullet and hold the glass into his stomach.

The spicy and irritating sensation in the drink made Floyd almost out of breath,

But he no longer dared to hesitate any longer,

So he could only drink the chili-like liquor into his mouth and swallow it with all his might.

Roger, who was on the side, kept looking at the Patek Philippe watch worth tens of millions in his hand,

And prayed silently in his heart: “Dad...you must drink faster... In case you finish drinking it in one minute,”

“Don’t I want to drink two more glasses?”

“You always see my filial piety, at least give me ten or twenty seconds, otherwise I really can’t stand it today..”

Floyd was actually very clear in his heart that if he drank slowly,

There would be two outcomes.

The first is that both him and his son are rewarded with a cup.

This is the worst result, no one can get the slightest benefit;

The second is that he can finish the drink at the whistle,

But his son does not have enough time, and then receives a cup of reward.

But in this case, the son will receive two cups of reward,

Which is more than a pound when rounded up...

And the best result is to finish the cup of wine as soon as possible,

And leave more time for the son to do it.

He also drank the remaining half of the glass,

So that both of them could escape the catastrophe...

Thinking of this, he could only do his best to pour all the remaining liquor into his mouth.....

Chapter 4229

Floyd drank a glass of white wine, and when he looked at something his eyes began to see a double image,

And his head was feeling dizzy and swollen as if he had been punched.

Roger didn't dare to cheat his father at this moment,

So he could only wait for his father to drink the cup,

Before hurriedly drinking the remaining liquor in his cup.

At this time, Charlie's stopwatch had not reached a minute.

Seeing that the father and son were gasping for breath like dogs,

And their faces were all flushed, he smiled slightly, waved his hand, and said,

"Come on, have a second drink, please fill-up the wine for Mr. Joules!"

Roger's two legs have already begun to swing a bit,

But in the face of Charlie's orders, he didn't dare to disobey,

So he had to pick up the wine glass tremblingly,

And poured two more glasses for himself and his father.

Immediately afterward, Charlie looked at the stopwatch again, and said,

"Let's stick to the old rules, I give you one minute to drink all of your glasses of wine,"

"And if anyone exceeds the time limit, they will be rewarded with another glass."

Floyd lamented: "Young Warrior... If I drink like this, it will really kill me..."

Charlie waved his hand: "Don't worry, you can't die, if you really die, you can come to me."

"This..." Floyd wanting to cry without tears,

He thought to himself: "When I'm dead, how will I come to you then?"

Charlie said casually at this time: "To be honest,"

"Your father and son should really find a place to steal the joy."

"I just let the two of you drink some wine. Just like you, a father and son offended me before,"

"And they had been turned to ashes by me; another father and son offended me,"

"And I had them engraved with a knife on the son's forehead."

"The words 'poor' and 'the father of the poor' were engraved on his father's head."

"Compared with them, you don't know how lucky you are."

After speaking, Charlie said again: "If you are interested,"

"I can call my subordinate who is good at human body calligraphy,"

"And ask him to leave on you a few lines of calligraphy."

Floyd shuddered at Charlie's words, while Roger felt that he had been engraved on his forehead.

There was a burst of pain in his forehead.

While nervous, he couldn't help looking at his father, and whispered,

“Dad! I’ve finished one cup, grit my teeth, and drink the remaining two and it’ll be fine...”

Charlie stretched out a finger and shook it, he said seriously:

“Master Joules, you still have three cups left!”

Roger nodded quickly and said, “Yes yes yes... What Mr wade said is... I have three cups left...”

Floyd was already feeling that the alcohol was coming up quickly,

He rubbed his temples vigorously, and said, “Okay... I’ll drink it!”

After that, he picked up the wine glass, hesitated for three seconds, and poured it down his stomach.

Roger didn’t dare to delay and hurriedly drank the second cup.

By the time Floyd finished his second glass of wine,

He had lost control of his body. He sat down on the chair,

Feeling a splitting headache, he couldn’t lift his eyelids at all.

Immediately afterward, they heard him muttering:

“Young... young Warrior... I... I... I can’t do it...”

As soon as the words fell, he suddenly fainted.

Charlie used his spiritual energy to investigate and found that the old man was really in a coma,

So he said to Parker who was kneeling beside him: “Come, come over and pour him the third cup.”

Parker didn’t dare to obey, so he quickly stood up, walk to Floyd,

Fill a glass of wine tremblingly, pinch open Floyd's teeth,

And carefully pour the liquor into the old man's mouth.

Floyd was already unconscious at this time and was at the mercy of Parker,

So after choking several times, he swallowed the third glass of wine.

Chapter 4230

At this time, Charlie looked at Roger, who was terrified, and said,

"Master Joules, do you think you can help yourself, or should I ask him to help you?"

Roger said quickly, "I will do it myself, I will do it myself!"

After that, he hurriedly filled a glass of wine again,

Endured the severe dizziness, and drank it hard.

Afterward, he felt that the wine was getting stronger and stronger,

And he didn't dare to delay any longer.

He hurriedly filled up the last glass while he was on the brink of a coma, and drank it with his head up.

After drinking the last glass of wine, Roger's stomach was on fire.

After four glasses of white wine, he was already on the verge of collapse.

Seeing that the task was completed, he finally breathed a sigh of relief.

But, suddenly, fell heavily to the ground.

Seeing that both father and son were in a coma, Charlie stood up and said to Stefanie,

“Stefanie, I don’t have any appetite for eating with two drunks, why don’t we change the place.”

Stefanie stuck out her tongue and said: “Alright, I’m almost drunk just by smelling the wine,”

“I’m afraid I won’t get up if I stay any longer...”

Charlie smiled: “Then let’s go quickly.”

Parker on the side saw that Charlie was going to leave.

Quickly asked nervously: “Senior...you...when will you restore my cultivation...”

Charlie said lightly: “After we leave, you ask someone to send them to gastric lavage.”

“As for you, Just come back and kneel until I come back!”

“If the two of them wake up and come to trouble you,”

“Tell them that I will come back tonight so that they will be ready to meet me!”

Parker wanted to cry without tears. Nevertheless, he said:

“Senior...I have no cultivation base now. Once the Elder Joules and his son wake up,”

“They will definitely try to give me a lesson...”

“At that time, I will not have the strength to protect myself,”

“I am afraid that I will not be able to support your return...”

Charlie said coldly: “Tell them that before I come back,”

“No one can embarrass you, otherwise they will be at their own risk!”

After that, Charlie said again: “As for your cultivation, wait patiently,”

“And wait for the disposal. After your people arrive,”

“I will decide whether to recover for you or not depending on the situation.”

When Parker heard this, he could only nod his head helplessly.

Charlie didn't speak anymore, stood up, took Stefanie, and walked out of the dining room openly.

When the servants and bodyguards of the Joules family saw the two coming out, no one dared to stop them.

Because they all knew that Stefanie was a big star,

And was a guest invited by the Joules family head and his son.

No one dared to stop the guest when they wanted to leave.

However, many people are also curious as to why there is no movement inside.

It stands to reason that when the guests are gone,

At least one of the old master or the eldest young master must come out to see off the guests.

Just when someone wanted to go in and see what happened,

Parker came out and said to everyone:

“Master and the eldest young master have drunk too much,”

“Send them to the medical department for gastric lavage!”

There is a very high-end medical department,

Which is staffed with many top doctors and nurses 7X24,

Just like a small hospital, which is specially responsible for the health issues of Joules's family.

The servants and bodyguards heard that Floyd and Roger had been drinking too much,

And they were a little surprised at first, but when they thought that Parker,

As a top experts, could not lie to everyone, they had no doubts.

A group of people rushed in quickly and sent the father and son,

Who were drunk and unconscious, to the medical department.

Just when the father and son were sent to the medical department,

Charlie also took Stefanie out of the Joules's manor.

After getting back into the car, Stefanie asked Charlie,

"Where are we going to eat?"

Charlie said without thinking,

"Let's go to Chinatown, let's go to Uncle Hogan to eat roasted goose!"

Chapter 4231

Chinatown.

When Charlie and Stefanie arrived at Hogan's roast goose restaurant,

Hogan was busy cleaning up together with the guys.

At this time, long after the noon meal, there was no customer in the restaurant,

And Stefanie did not worry about being recognized, just put on a mask,

And then directly took Charlie into the restaurant together.

The two just walked in the door, the door sensors sounded a ding,

Announcing the arrival of a guest, the busy man said without raising his head:

“Sorry, we have closed the meal.”

Charlie smiled and said, “Feel free to get us something to eat, we both haven’t eaten until now.”

Hogan heard Charlie’s voice, turned his head, and saw that he and Stefanie had come together,

So he could not help but be happy and said with a smile,

“Haven’t you two eaten really until this time?”

Stefanie took Charlie’s arm and said daintily, “We really haven’t Uncle hogan!”

Charlie also smilingly said, “Uncle hogan, we two went around to the Joules family at noon,”

“Originally wanted to rub a meal, but in the end, it did not work out.”

Stefanie mumbled in a discontented manner, “You had to let the Joules family drink,”

“And ended up drinking them down, so we’re not in the mood to eat.”

Hogan heard this, said with a smile: “Ouch, it seems that there is a bit of a story,”

“You two hurry upstairs to sit, I will prepare some food for you two,”

“Later we sit down and then talk to me.”

Charlie nodded and smiled and said, “Uncle, then we’ll go up and wait for you.”

Stefanie also smiled and said, “Uncle , I want to eat roasted squab, two of them!”

Hogan laughed and said, “Okay, you guys go upstairs first, I’ll go get ready.”

Charlie and Stefanie went up the stairs together, but before they reached the second floor,

They heard another ding from the door, followed by a somewhat familiar voice saying, “Boss, two.”

Charlie subconsciously stopped in his tracks,

Slightly crouched down a little, through the gap in the stairs,

With a glance saw the two people who came in.

The one who spoke was his uncle, Desmond ,

And the one standing beside his uncle was the famous detective Jack Lee .

However, today’s Jack Lee is no longer the same as the last time Charlie saw his style,

The whole person’s beard is scruffy and he is looking very unhinged.

Seeing this, Charlie hurriedly pulled Stefanie a hand, the two quickly went upstairs first.

Stefanie just followed Charlie quietly sizing up, also recognized Jack Lee ,

But she did not know why Charlie seemed to deliberately avoid him,

Hurriedly lowered her voice and asked:

“Charlie, you would not have any clues by that Inspector Le to grasp, right?”

Charlie waved his hand: “I’m not avoiding him, I’m avoiding that person beside him.”

Stefanie hurriedly asked, “Who is that person?”

Charlie shrugged his shoulders and said lightly, “That person is my great uncle.”

“Huh?!” Stefanie asked in surprise, “It’s your great uncle? Then aren’t we going to say hello?”

Charlie shook his head and said, “He doesn’t know my situation yet.”

Stefanie said in confusion, “Why ah my father said, your grandfather’s family is very eager to find your whereabouts,”

“If we can get a re-acquaintance is it not quite good?”

Charlie sighed lightly and spoke, “Forget it.”

.....

On the other side, when Hogan saw Desmond , he couldn’t help but say with some surprise,

“Sir, you haven’t been here for a while.”

Chapter 4232

After saying that, Hogan looked at the side to Jack Lee ,

First stunned, and then said with a face full of shock:

“This this should be the famous detective Lee, right?”

In fact, Hogan is more or less nervous in his heart at this time,

Because the night Patrick disappeared, he and Jack Lee met at the Royal Palace Hotel.

However, at that time, Hogan, wearing a suit and tie,

Specially shaved, neat hairstyle, looks like a handsome uncle in high society,

And now this apron, ordinary restaurant owner image is a big contrast,

So he deliberately took the initiative to ask a question, hoping to lead Jack Lee ,

So that he thought the two were meeting for the first time, so considered attacking instead of defending.

Jack Lee really did not recognize Hogan at this time,

He was a bit distracted with a bitter smile, self-deprecatingly said:

“I’m not a detective, but just a vain name.”

Desmond laughed: “Boss, you do not care about him, he is stimulated,”

“We two have not eaten, w should still be able to eat, right?”

“I saw two young people come in just now.”

Hogan saw that Jack Lee really did not recognize him, he was relieved and said,

“Actually, we have closed the meal, the two you saw just now are the children of my old friends,”

“They also have not eaten lunch at this late hour, I let them go upstairs.”

Hogan said: “But you are here, naturally I can’t let the two of you make a trip for nothing,”

“So, you two sit on the first floor, tell the guys what you want to eat, and I’ll go prepare.”

“Okay.” Desmond nodded and smiled, “Then thank you, boss.”

After saying that, he said to Jack Lee ,

“Jack Lee , feel free to sit down and try the best Cantonese-style roast goose in all of New York.”

Jack Lee smacked his lips and said, “Gee, I actually want to drink two cups right now the most.”

After saying that, he looked up at the small wine cabinet behind the restaurant counter and said in surprise,

“Boss, you still have two potheads here?”

“Yes.” Hogan smiled, “Imported from China, would you like to try a bottle?”

Jack Lee smiled cheerfully and said, “Yes! Let’s have two bottles!”

Desmond could not help but tease: “You are drinking so much at noon, not working this afternoon?”

Jack Lee shook his head: “Anyway, I can’t find any clues,”

“Go to the office to sleep in the afternoon,”

“I’ve been going around for two days in a row, it’s time to get some sleep.”

Desmond nodded and said casually, “All right, I’ll drink with you,”

“I’ll go home and get some sleep afterward, I’ll go back to Los Angeles in the morning.”

Jack Lee was surprised and asked, “Why are you leaving so early?”

“Not staying in New York for two more days?”

Desmond waved his hand and said, “I can’t stay any longer,”

“I have to go back to see the old man,”

“I’ve been back from China for some days, I haven’t been back.”

Jack Lee nodded with great understanding and said,

“Then it’s time to go back and take a look,”

“And take a good message to the old man and the old lady for me.”

Saying that, he remembered something and added, “The old master should still remember me, right?”

Desmond nodded: “Remembers you.”

“That’s good.”

At this moment, Charlie on the second floor felt a bit like he was on pins and needles.

He did not want to have anything to do with his grandfather’s family,

But both times he was near a wall with his great uncle Desmond ,

Which still made him feel more or less strange.

To say it is strange, but more is a contradiction.

The root of the contradiction is that, on the one hand,

Charlie would like to clear all boundaries with them, clear all ties,

But on the other hand, can not help but want to go up to say hello,

By the way, ask him why the evans family so despised his father?

In addition, he also wanted to ask if the evans family knew the real reason why his parents were killed.

Chapter 4233

Stefanie, who was sitting opposite Charlie, saw his discomfort and reached out to gently hold his hand,

Saying with soft eyes and a gentle voice, "Charlie, what's wrong with you?"

Charlie said casually, "Nothing, I'm fine."

"Not at all," Stefanie said seriously,

"Do you feel that your great uncle sitting downstairs makes you uncomfortable?"

"Sort of." Charlie also did not try to be brave, nodded slightly as an admission.

Stefanie suddenly felt some heartache for him.

She knew that she should not look at Charlie now super strength,

Extraordinary achievements, but after more than twenty years of his parents' death,

He has not lived a satisfactory life, so in his heart, it is inevitable that there are some sensitive places.

So, she held his hand hard and said seriously:

“Charlie, if you feel uncomfortable staying here,”

“I’ll lend you the mask to wear, let’s go first!”

Charlie smiled faintly and said, “It’s okay, I’ll just get used to it a little!”

At this time, Hogan came up with two plates of dishes,

One was the signature Cantonese-style roast goose, and the other was also his specialty brine platter.

He put the dishes in front of Charlie and Stefanie, then whispered to them,

“Young Master Wade, Miss Sun, the store has a regular customer,”

“The Chinese detective Jack Lee is also here, you two should not come down for the time being.”

Charlie was busy asking, “Uncle, Jack Lee didn’t recognize you, right?”

“No.” Hogan said, “My look that day was too different from the usual,”

“Besides, it was only a one-sided encounter, so it might be hard for him to remember me,”

“And I deliberately tested it just now, he really didn’t recognize me, so it should be fine.”

“That’s good.” Charlie was slightly relieved, and then asked curiously,

“Uncle Hogan, do you know the middle-aged man who came with Jack Lee?”

Hogan said, “I have known him for a long time, he has been a regular customer of the store,”

“But his identity I really do not know too well, he never speaks, and I never ask a question.”

Saying that, he added: “But I guess his identity must be very prominent, should be a person with a background.”

Immediately after that, Hogan asked Charlie: “Young Master Wade, do you know that person?”

Charlie hesitated a little in his heart, but decided not to tell Hogan for the time being,\

After all, the first uncle was downstairs,

In case Hogan was too shocked after hearing about it, he might reveal something.

So, he smiled and said to Hogan, “I don’t know him either, I just asked casually,”

“Uncle , you can go downstairs first,”

“Don’t worry about us, just have the guys bring us food later.”

Hogan waved his hand: “How can I do that?”

“I will bring you the other dishes when they are ready, so you can eat first.”

By now, Desmond and Jack Lee had already had their drinks.

Hogan, in order to prevent Jack Lee from remembering himself,

Asked the man to serve them some dishes first, Jack Lee was not in a state and really did not find any clues.

After the two of them exchanged glasses, Desmond put down his chopsticks and asked Jack Lee ,

“How is your case going? Is there any progress?”

Jack Lee shook his head, then looked at the environment around him,

And then looked at Hogan and the restaurant staff who were busy inside,

To make sure that they could not hear him, then said in a bored voice:

“I’m not going to lie, the Joules family is really worse than one generation,”

“When I went to the Joules family, I already made it so clear,”

“But I still got kicked out, there is really nothing to say.”

Desmond sighed: “This is probably the authorities are often said to be confused.”

Jack Lee sighed: “Huh! Originally, I thought that after the Joules family perceived the crisis,”

“They could cooperate with us, but it turned out that I made a fool of myself.”

Desmond then said, “People may not come back, but I think the case can still be solved,”

“Although in three or five days can not be solved, playing three to five months,”

“Three years and five years, there will always be the time to uncover the truth.”

Chapter 4334

Jack Lee laughed bitterly:

“I will soon retire if this case really takes three to five years to find out the truth,”

“Then the person who finds out this case would not be me,”

“Then with such a headless unresolved case to retire,”

“The little reputation I have fought for half of my life will be gone.”

Desmond laughed: “I thought you were open-minded and did not care about this so-called false reputation.”

Jack Lee spread his hands and said self-deprecatingly,

“You see, I’ve been in the business for most of my life,”

“What else do I have left but for these false names?”

“If even this false name is gone, then only the meager pension,”

“Given to me by the federal government will be left.”

Desmond said seriously: “Jack Lee, be optimistic!”

“It’s just a setback in your strongest field, I’m telling you, it doesn’t matter.”

After saying that, he pointed his hands at himself and said:

“Look at me, for so many years I was always treated as the guest of honor everywhere,”

“Even if the opposite is a ninety-year-old man, they will take the initiative to stand up,”

“Had to give me the best seat, some time ago I went to attend an auction,”

“And I was kicked out in front of so many people,”

“I was dying to open a crack in the ground, but look at me now, I am opening up to you here!”

“This person ah, is a good mix, but also can not everyone give you face;”

“You, the detective, the professional skill are great, but also can not solve all the cases;”

“You have to learn to accept defeat at the same time,”

“Try to maintain a normal mind, and after this period of time you look at this matter,”

“It is just some fa.rt in front of you, f.art stinks, there will sooner or later scatter away.”

“But if you hold on to this thing, to the 70s and 80s, still thinking about that f.art,”

“Think that the year did not find the person who far.ted you will feel bad,”

“Can not get over this hurdle, then you will not be happy,”

“For the rest of your life, do you think this is the truth?”

Jack Lee smiled helplessly:

“In the matter of persuading people, you are really fcuking good.”

After saying that, he picked up the glass and said to Desmond :

“Come, come, drink, drink this glass!”

Desmond waved his hand: “Don’t drink so much, just drink a little,”

“And save some energy to wait for the big show,”

“Once the big show is on, I’m afraid your pressure will be much easier.”

Jack Lee looked astonished and asked him, “You mean the ‘public execution’ thing?”

Shortly after Patrick was kidnapped, Desmond and Jack Lee surmised the motive behind the incident,

Thinking that someone must be planning to carry out a public execution of the Joules family.

And now, the matter of Patrick being kidnapped and mistreated had been fermenting on the internet,

Triggering the attention of millions of people, and the heat of this matter has reached its peak.

Moreover, the 48-hour window given by the kidnappers is getting closer and closer,

And if the two of them are correct, then that big reversal of this matter will come soon.

Desmond laughed at this point: "If that Patrick really did a lot of evil and is exposed,"

"Then no one would blame you for not being able to save him, don't you think?"

Jack Lee shook his head and smiled bitterly: "Although I hate to admit it, but you are indeed right"

Desmond nodded his head and smiled, saying,

"So just wait and see in peace, the good show is about to be staged."

Saying that Desmond added: "You see why I decided to go back early tomorrow morning instead of leaving this evening,"

"It is that I want to watch the show in New York before leaving."

At this moment, although Charlie upstairs was not moving and eating,

All the conversations between Desmond and Jack Lee had entered his ears without fail.

When he heard this, he couldn't help but feel surprised,

He didn't expect that the great uncle and this Inspector Lee had analyzed all of his true motives,

And even accurately predicted his next plan, which was indeed something he didn't expect.

At this moment, Desmond 's cell phone suddenly rang.

He saw the name of the person on the phone and said with a smile, "Hey there,"

On the phone, a woman's urgent voice came with a crying voice and said,

"Brother, hurry back! Dad is having his last breath!"

Chapter 4235

Desmond was shocked when he heard this, he sat upright and blurted out, "What's the matter?!"

On the other end of the phone, Charlie's aunt Tece Evans Choked:

"The doctor said it is a cerebral hemorrhage..."

"Cerebral hemorrhage?" Desmond hurriedly asked: "What's going on?"

Tece sobbed: "Dad's mental state is really bad recently..."

"During this time he can't sleep all the time, he's in pain every day,"

"And his mood is very bad... And he has resisted the doctor,"

"And his body is getting weaker and weaker..."

“Just now... Dad went to the bathroom by himself, and suddenly fell into a coma.”

“The doctor says it is a cerebral hemorrhage, and it has caused multiple organ failure.”

“Now he is in a deep coma, and the doctor said that there is still a day or two left at the most...”

Desmond suddenly became anxious and blurted out:

“How can he suddenly have multiple organ failures?!”

“What are so many doctors are doing?! Can't they cure Dad with their abilities?”

Tece said helplessly: “The doctor said that he has done his best.”

“Dad's physical indicators are getting worse and worse,”

“And there is basically no chance of improvement...”

Desmond asked: “What about those national doctors? What about martial arts masters?!”

“What about Taoist masters?! They have nothing to do?!”

There's no way...” Tece cried and said,

“Several other doctors have also seen it, and they all said they couldn't do anything.”

“The martial arts master also said that Dad's current situation is too weak, and there is no way to do it...”

“Mom has already sent someone to invite Tianshi, she said that he has a life-sustaining pill,”

“Saying that it can save the life of a dying person for seven to ten days,”

“But I am not sure if it is true or not. There really is that kind of thing...”

Desmond blurted out, “I don’t know if the Life-sustaining Pill is useful,”

“But the Rejuvenation Pill will definitely work!”

After that, he said to Tece, “Tece, you and the second and third child take care of him as much as possible.”

“I’m going to China to ask for a rejuvenation pill for Dad!”

Tece blurted out: “Big brother! Now the family is like a headless fly,”

“You better come back soon! You are here, we can also have a backbone!”

“And Dad’s situation is very critical, in case Tianshi’s medicine doesn’t work,”

“Dad can’t wait for you to come back from China.”

“If you delay, I’m really afraid that you won’t see Dad even for the last time...”

Desmond realized that even if he knew that Rejuvenation could save his Father’s life,

In this case, it will be too late.

What’s more, he is not sure that he can buy Rejuvenation at all.

After all, he doesn’t even know who owns the Rejuvenation pill.

If he blindly returns to Aurous Hill,

It may be difficult to see the owner of Rejuvenation.

They didn’t even have the chance to meet each other,

And it was even more impossible to get a rejuvenation pill.

Thinking of this, he hurriedly said, "Tece, don't worry, I'll come back right away!"

After that, he hung up the phone, stood up, and said to Jack lee in a panic,

"Jack lee, my father is critically ill, I have to hurry back."

Jack lee stood up without a second thought, and blurted out, "I'll go with you!"

Desmond waved his hand and said seriously, "You forgot, there is a big event in New York soon,"

"You must not leave New York now, it's better to stay here."

After that, he took out his wallet, took out all the cash in it, and put it on the table,

And said to Jack lee, "I'm leaving, take care of yourself! Call me if anything happens!"

Chapter 4236

Jack lee had to tap lightly nodding his head, he said,

"If there is any new situation from the old man's side, let me know as soon as possible!"

"Okay!"

Desmond while speaking had already run out of the restaurant.

Immediately afterward, he got into his car and said to the driver,

"Hurry up, go to the airport! Contact the crew and prepare to take off back to Los Angeles immediately!"

At the same time, Charlie's expression on the second floor also became very ugly.

He also heard the phone call between Desmond and his aunt, Tece,

And knew that his grandfather's life was now on the line.

At this moment, his heart could not help but tense up.

It's just that he didn't understand why his grandfather,

Who is so rich and only in his seventies, how could he be dying so early.

According to the aunt's description on the phone,

His grandfather may have run out of fuel.

In this case, apart from his own medicinal pills,

There is probably no medicine in the world that can treat him.

In other words, if he didn't help him, his grandfather would probably not be able to survive this hurdle.

In any case, he is his mother's father, and he has a quarter of his blood in his body.

No matter how much prejudice he has against him, he must not die like this.

However, right now, he is not mentally prepared to meet his grandfather's family.

Just when Charlie was entangled, Stefanie saw that something was wrong with him,

And quickly asked, "Charlie, what's wrong with you?"

He looked at her, hesitated for a moment, and said,

“Stefanie, if it is convenient for you, Can you go to Los Angeles for me?”

Stefanie nodded without hesitation and said,

“Yes! what do you want me to do in Los Angeles?”

Charlie said, “Just go to Los Angeles and find my grandmother at Evans house.”

Charlie took out a Blood Dispersing and Heart Saving Pill from his pocket,

Handed it to Stefanie’s hand, and said solemnly:

“You hand this pill to my grandma and let her give it to my grandpa.”

Stefanie was surprised. “Charlie, your grandfather is ill?”

“Yeah.” Charlie nodded and said worriedly, “It sounds like he is very ill.”

Stefanie hurriedly asked,

“Then why don’t you directly give the medicine to your uncle? Isn’t he downstairs?”

Charlie shook his head and said, “He’s gone.”

After that, he said again, “Besides, I’m not ready to meet them yet.”

Stefanie nodded lightly, and said again:

“Charlie, I don’t know where is the Evans family is in Los Angeles...”

“Moreover, for a family as big as the Evans family,”

“The security work must be very strict, I don’t know if they will Let me in...”

Charlie said seriously: “You don’t have to worry about this, just fly over first,”

“And I will ask Wesley to investigate the address of the house in Los Angeles.”

“After you arrive at Evans house, tell the servants of Evans Family directly,”

“And just say you were my fiancée and wanted to visit my grandparents, they would definitely let you in.”

Hearing the word fiancée, Stefanie was shy and happy,

And her neat teeth gently bit her lower lip, and she shyly said:

“Then...then...then if grandma and the others ask about you, how should I answer?”

Charlie said, “Just say you haven’t found any news about me.”

Stefanie said with some worry: “But I will have to explain the origin of this Pill...”

“Otherwise, they may not believe me...”

Charlie said, “Don’t let them realize that you are there to deliver medicine,”

“Just act like You are there to visit, and when you hear that my grandfather is sick,”

“Just give him the medicine without hesitation.”

Chapter 4237

After speaking, Charlie said again, “If they don’t believe in the efficacy of this medicine,”

“Just say this medicine Uncle Sun got it by accident, and then tell them that he used this medicine,”

“To cure his pancreatic cancer when he developed it to an advanced stage.”

“There were two medicines in total. Your father took one, and you have one left.”

“Here! I believe they should have heard about Uncle Sun’s advanced recovery from pancreatic cancer,”

“And even if not, with their strength, they will be able to verify it within a few minutes!”

In fact, Charlie has always kept three kinds of elixir,

Namely Blood Dispensing and Heart Saving Pill, Rejuvenation Pill, and even Cultivation Pill.

And the reason why he asked Stefanie to send a Blood Dispensing and Heart Saving Pill,

Rather than a Rejuvenation Pill, was because, on the one hand,

He felt that the uncle had just been kicked out at the Rejuvenation Pill auction,

And if Stefanie passed by with a Rejuvenation Pill, he would be very happy.

It is very likely that his identity will be revealed but on the other hand,

It is also out of his heart that for his Grandpa it is still a little hard to let go of.

In his opinion, the medicinal effect of the Blood Dispensing and Heart Saving Pill is enough to save Grandpa,

So why use Rejuvenation Pill?

What’s more, his father suffered a lot of discrimination in the Evans family back then,

And he took out a Blood Dispensing and Heart Saving Pill to repay his grievances with virtue,

And there was no need to continue to rise to a higher level.

Stefanie didn't know the balance in Charlie's heart,

She only knew that the situation was urgent, and she must not delay.

So she hurriedly said, "Charlie, then I'll go to the airport now!"

Charlie said, "Don't be in a hurry, you can call Chloe to arrange a flight first,"

"And I will also ask Wesley to arrange a few flights."

"A female soldier will accompany you, and you must ensure your personal safety."

Stefanie nodded and said, "Then I'll call Chloe!"

At this time, Chloe had just signed the contract with the representative of the Joules family.

For a nominal price of one dollar, the performance venue that the Joules family had just bought was bought back.

As soon as Stefanie's call came, she couldn't wait to answer the call, and said excitedly:

"Stefanie, the Joules family has already sold the venue to us!"

"This is too incredible! What the hell did you and Charlie do? Have you arrived?"

Stefanie hurriedly said: "With Charlie coming out, that was such a trivial matter."

After that, she hurriedly said: "Chloe, hurry up and arrange a plane,"

"I'm going to fly to Los Angeles soon, let the crew get ready, the sooner the better."

"Huh?" Chloe asked in surprise: "Stefanie, we will do the final rehearsal tomorrow,"

"And the performance will start the day after tomorrow."

“What are you going to do in Los Angeles at this time?”

“It will take at least seven or eight hours?”

Stefanie blurted out: “Oh, it’s urgent, I don’t have time to explain it now,”

“You hurry up and make arrangements for me if it goes well,”

“I can come back tonight and won’t delay the rehearsal tomorrow!”

“Okay...” Chloe felt helpless, all she could say was: “Then I’ll call the crew now.”

Stefanie urged: “Let them hurry up, I’ll go to the airport now!”

“Okay, I see.”

Stefanie hung up the phone and said to Charlie, “Charlie, then I’ll leave for the airport now.”

Charlie stood up and said, “I’ll take you there.”

Stefanie took his arm and said coquettishly, “Charlie, If you have nothing to do,”

“Just come with me, the big deal is that you wait for me at the airport,”

“You don’t have to come with me all the way to their home!”

Charlie shook his head and said, “Ferdie and Michaela will be here tonight,”

“And I will prepare for the Joules family affairs. It’s time to honor the great gift from you,”

“There are still a lot of things waiting for me to do here, so we can only split up.”

“Okay...” Stefanie knew that he had other things to do, so she said obediently,

“Then I’ll go over by myself, and I’ll come back to see you as soon as I’m done.”

“Okay!”

Chapter 4238

At this time, Jack lee downstairs lost his interest in drinking,

And he waved to Hogan and said: “Boss, I have put the money on the table for you.”

Hogan stuck his head out, glanced at the stack of hundred-dollar bills on the table, and said quickly,

“Inspector Lee, can’t take that much money, you can keep it. One bill is enough.”

Jack lee said: “I didn’t give this money, it was given by my friend,”

“How can I put it in my pocket, you can keep it, I’m leaving.”

After that, he stood up, wiped his mouth with a piece of paper, turned, and walked out.

When Hogan saw him go out, he was really relieved.

He was not afraid that Jack lee would find out his identity as an illegal immigrant,

But he was just afraid that he would realize that he had met with him,

And then link Patrick’s disappearance to himself.

Charlie and Stefanie have been to his store more than once,

And once he is exposed, Jack lee can find Charlie along the way.

The case of Patrick’s disappearance was not seamless.

Jack lee couldn't find any clues, just because the clues were well hidden,

But once he found the clue and grabbed a rope, he could lead the whole case coming out.

Just as he thought about it, he saw Charlie and Stefanie also walking down,

He hurriedly stepped forward and said, "Young Master Wade, why did you come down?"

"That Inspector Lee just went out. I guess he hasn't gone far yet."

Charlie hurriedly said: "Uncle ,"

"We have to leave first because of a little urgent matter. Come back to you!"

As soon as Hogan heard that Charlie was in a hurry, even if he didn't want to hold back,

He first walked to the door and took a look.

Jack lee had already got in the car and left, so he said,

"Inspector Lee's car has left. If you are in a hurry, you can leave now. If you need me, just give a word."

"Okay Uncle."

Charlie and Stefanie After saying goodbye to Hogan got into the car and rushed towards the airport.

...

At the same time.

Over 10,000 meters above sea level in continental Europe.

Ferdie and Michaela were sitting nervously in a Gulfstream business jet.

In the cabin, Flint and xion were both closing their eyes and resting,

While the old man and Michaela were staring at the darkness outside the window in a daze.

After the helicopter arrived in Colombo, the capital of Sri Lanka, they had no idea where they were going next.

When they boarded the plane, no one told them what the destination of the plane was.

At this time, the plane was flying above the thick clouds,

And it was impossible to distinguish the direction and position,

So the old man and his grandchild were even more uneasy in their hearts.

Ferdie stared out the window for a long time, and couldn't help asking Michaela in a low voice:

"Michaela, where do you think Mr. Wade is going to arrange us?"

"The plane has been flying for several hours."

"If it is going to Syria, it should be coming soon. Right?"

Michaela nodded, recalled the world map carefully, and said,

"It should take at least six hours to fly from Sri Lanka to Syria."

"It has been seven hours since we took off. If we were to go to Syria,"

"The plane would have already started to go down."

"But now the plane is still cruising normally, I guess we are still far from our destination."

Ferdie frowned and asked: "At this speed, no matter which direction you go,"

"I'm afraid it will be out of Asia... Mr. Wade no longer intends to let us go to Syria,"

"But has other arrangements for us?" Michaela nodded in agreement:

"It's definitely possible to go out of Asia, but it's not clear where out of Asia..."

She looked at Ferdie and said seriously:

"Grandpa, don't worry too much, Mr. Wade will definitely give us a proper arrangement."

Ferdie nodded, but still said melancholy:

"I am sure I believe in Mr. Wade, but this kind of unknown feeling is still a little uneasy,"

"I am not afraid that something will happen to me,"

"I am afraid that you will be implicated by me and be in danger."

"No." Michaela said very firmly: "Mr. Wade is now that helping us,"

"We will never be in danger again!"

"No matter where this plane flies, even if it flies to New York, I'm not afraid of Mr. Wade arrangements!"
