

Married At First Sight

Married At First Sight Chapter 3489-Carrie accused, "You two siblings are treating me like a beggar."

Camryn didn't look at her and continued pruning the branches, her attitude indifferent and cold. "You have healthy hands and feet. Find a job and support yourself. I have money, but I won't give it to you."

Carrie yelled angrily, "Camryn, I have a share of the Newman family's property! You and Trenton can't take it all for yourselves. Is there any sister like you? It's almost the New Year, and you don't give me any money!

"Now everyone is on holiday preparing for the New Year. Why should I look for a job? Even if I find one, I won't get paid before the New Year. I have no money and will starve. Hurry up and give me some money. I need to pay rent, gas, buy New Year's goods, and new clothes."

Camryn still didn't look at her and said coldly, "Trenton got the large share of property from your parents. He has plenty of money, but during winter vacation, he chose to work to earn some pocket money. You're not as good as Trenton. He's still a student, and you haven't studied for years."

Carrie retorted, "That's because Trenton doesn't know how to live well. He's an idiot for not living like a young master and choosing to work during the vacation. Newman's Enterprise belongs to him and me. He can become the president directly after graduation."

Camryn replied, "Newman's Enterprise isn't yours. The family property that belonged to your parents has been given to Trenton. If you have any objections, take it up with your parents. What I inherited is what my father left me, and it has nothing to do with you. If you make a fuss, I can have someone drag you out like a dead dog in a minute."

"I don't care. If you don't give me money, I won't leave!" Carrie said, dragging a stool over and sitting down.

After Carrie sat down, her legs were shaking, and her palms were sweaty.

This Carrie was not the real Carrie but Mr. Labbe's stand-in, whose height, face, and voice closely resembled Carrie. After some makeup, she looked so much like Carrie that even Carrie herself suspected it was her twin sister.

She didn't know where Mr. Labbe found the stand-in, but they looked too much alike.

If she hadn't witnessed her parents' loving marriage, Carrie might have suspected that her father or mother had an illegitimate daughter.

Today, this fake Carrie officially replaced the real Carrie, tasked with causing trouble for Camryn. The real Carrie, as Mrs. Labbe, would occasionally appear in front of Camryn but only when the fake Carrie was present.

The goal was for Camryn to see Mrs. Labbe and Carrie at the same time, dispelling any doubts and making her believe they were different people.

This way, Serenity would let down her guard against Mrs. Labbe, getting closer to her and becoming friends.

Carrie, wearing an exquisite human skin mask, showed a different face to people. However, her voice and figure were similar enough to make Serenity and Camryn suspect Mrs. Labbe was Carrie, manipulated by someone for unknown purposes.

"Your legs are yours. If you want to walk, walk. If not, sit here like a statue. Please pose better. You don't have the temperament of a lady. No one believes you are the second lady of the Newman family. You look like a little girl, even in a dragon robe."

Carrie: "..."

Had she been seen through?

Carrie had told her about her habits and what she would say when seeing Camryn. She also rehearsed it, claiming to act very similarly to the real Carrie.

How could Camryn say that Carrie had no temperament and looked like a little girl?

Married At First Sight Chapter 3490- "What part of my performance wasn't good? Where did I reveal a flaw?"

"How come I don't have the temperament of a lady from a wealthy family? How come you, a blind woman, have it? Camryn, even if you regain your sight, in my eyes, you are still blind! I am like a gangster now because of you and Trenton. The two of you monopolized the Newman family's property and didn't give me any. Trenton said he'd give me \$10,000 or \$20,000 a month, but you asked him to only give me \$3,000. I had a minor operation recently, and Trenton only increased my allowance to \$5,000 a month. What's the use of this little money? It's gone after two meals."

Camryn said the same thing, "You have hands and feet, you're not sick or in pain, you can find a job to support yourself. If you can't do anything else, you can be a cleaner like your two aunts to make money. It's not impossible. There's no distinction between high and low jobs. At least you can earn a few thousand dollars a month. If you have no money, don't spend it lavishly like before."

Why do you think your parents didn't leave you their inheritance?

First, they cared more about their son. In their hearts, he's the successor. As for daughters, they're supposed to inherit their husband's family's property, not their natal family's property. Another reason is you are useless. No matter how much money you're given, you can't keep it. How can you squander all the inheritance your parents accumulated with great difficulty?"

Camryn trimmed the branches and put the scissors back. Then she washed her hands, walked back to the cashier, and sat down.

Fake Carrie asked, "I'm thirsty. Blind woman, pour me a glass of water."

"There's water. If you want to drink it, pour it yourself. If you want me to pour it for you, don't drink it."

Camryn packed up her things and prepared to leave after the assistants came back.

"How can you treat guests like this? No matter what, I am still your guest. Everyone who comes is a guest, don't you know? What's more, I am still your biological sister. No matter how unwilling you are to admit it, I am still your biological sister, born of the same mother as you!"

Camryn looked at Carrie again.

"Are you going to leave? If not, I'll ask the bodyguard to kick you out."

Did this Fake Carrie think she was easy to deceive?

When Camryn couldn't see, Carrie had a hard time deceiving her, but now she could see.

And she had brought a Fake Carrie to deceive her.

However, this Fake Carrie really looked like Carrie, almost like the same imprint.

But Carrie would never say such things as 'biological sisters.'

Also, this Carrie got it backward. It had always been Carrie who refused to admit they were sisters, never treating Camryn as one.

She used to bully Camryn and use her as a punching bag, taking out her bad moods on her.

Carrie must be Mrs. Labbe. She knew Serenity and others suspected her, so she used a fake to deceive them.

Camryn saw through it but didn't say anything, pretending to be unaware. She wanted to see what the manipulator behind Carrie was planning.
