

## Married At First Sight

**Married At First Sight Chapter 3493** – “I’ve heard that the second young lady runs a large flower shop. The flowers are beautiful, and I’ve wanted to visit for a long time but never had the chance. Now that my sister-in-law is on winter vacation, I don’t have to pick her up and drop her off at kindergarten every day.

I had some free time, so I decided to take a walk. I remembered that tomorrow is my mother-in-law’s birthday. I prepared a gift for her but still needed a bouquet of flowers. I remembered that the second young lady runs a flower shop, so I came by to take a look.”

Mrs. Labbe was so convincing that Camryn didn’t expose her. Until she could remove Mrs. Labbe’s mask, she couldn’t accuse her of being Carrie.

Camryn said, “Mrs. Labbe, you’re really filial. No matter how big a bouquet you want, I can help you choose it. I guarantee your mother-in-law will be satisfied.”

Mrs. Labbe said, “As a daughter-in-law, I should give a modest bouquet. The grand bouquet should be left to my father-in-law. I don’t want to steal his thunder.”

Camryn smiled and asked, “Do you want it tomorrow? What time?”

Mrs. Labbe replied, “I’ll pick it up around ten in the morning. The gifts I ordered won’t be ready until then. After I pick up the other gifts, I’ll swing by here for the bouquet and then head home. It’s more convenient that way.”

Camryn said, “Okay, I’ll have it ready for you. You can pick it up when you come.”

“Hey, do you really dare to buy flowers from her? The flowers she sells are all from trash cans. They’re not fresh at all, or they’re flowers picked from cemeteries for people to pay tribute to their ancestors,” the fake Carrie yelled loudly on purpose.

Both of them looked at her.

Mrs. Labbe asked Camryn, “Second Young Madam, who is this person? Is she brainless? Can flowers from a trash can be so fresh? Is she a fool? How many bouquets can be picked up from a cemetery in a day? Most of the flowers in cemeteries are chrysanthemums.

Look at the flowers here, Second Young Madam. They’re fresh and tender, clearly just cut. There are some chrysanthemums, but not many. If it were a festival, there wouldn’t be enough chrysanthemums in the store.”

Camryn said, “She is my half-sister. She came to ask for money to live a carefree life. I didn’t give her money, so she started sabotaging me and didn’t want me to do business. She doesn’t use her brain. She’s so foolish that she often helps others count money even after being sold.

She’s been spoiled by my mom and stepdad. She doesn’t know how high the sky is or how deep the earth is. She’s very willful. I don’t know who can control her in the future.”

The latter sentence had other meanings, but neither of the two Carries understood.

The fake one didn’t know much about the real Carrie. The real Carrie’s IQ was like that.

If she were smarter, she wouldn’t have ended up being kept and exploited by Mr. Labbe.

“Mrs. Labbe, the flowers in my shop are shipped from major suppliers every morning. They’re all freshly picked. There’s no such thing as picking them from trash cans or cemeteries,” Camryn explained.

Mrs. Labbe smiled. “Of course I believe you, Second Young Madam. How many flowers can be picked from trash cans? You might see some on Valentine’s Day, but not on other days.

How old is your sister, Second Young Madam? She looks to be in her early twenties, not disabled. Can’t she earn money herself? Why does she ask you for money? I’ve heard about your past. Didn’t your sister always bully you? She’s so shameless to ask you for money now. She’s got no shame.”

**Married At First Sight Chapter 3494** – Camryn looked at the fake Carrie, who didn’t react at first.

The person Mrs. Labbe was describing didn’t sound like Carrie.

When Camryn looked at the fake Carrie, she realized she was now the real Carrie.

The fake Carrie immediately shouted, “She stole my family’s property and froze my bank card, making it impossible for me to get my allowance. She also asked my brother to reduce my living expenses. I have no money now, and it’s all her fault. If I don’t ask her for money, who else can I ask?

Why should I look for a job? I’m the second daughter of the Newman family. My parents left me hundreds of millions of dollars in assets. I can’t spend it all in my lifetime. Why should I work? How much can I make in a month if I work? It’s not even as much as my previous allowance.”

Carrie used to have a monthly allowance of \$300,000. For big purchases, like luxury cars, she only had to act coquettishly in front of her parents, and they'd buy it for her. She didn't have to spend her own money.

Most of the time, brand-name skincare products, cosmetics, clothes, and bags were bought and given to her by her mother.

Her monthly allowance of \$300,000 was for her food and drink.

If she traveled, her parents would give her more money.

Her life was indeed comfortable and carefree.

She had lived comfortably since birth, so working was difficult for her.

She couldn't adapt to working life.

Mrs. Labbe laughed and said, "Second Miss Newman, although I haven't lived in Wiltspoon for long, I know about your family. Your parents took the property that Second Young Madam York deserved. Even the big villa you lived in was left to her by your uncle. Your parents are shameless, taking the orphan girl's property. You're also shameless, claiming others' property. Do you think you're still the second young lady of the Newman family? Everyone says your family's fate is your own fault."

After Mrs. Labbe finished, she said to Camryn, "Second Young Madam, you're too good-tempered. If someone like this stayed here and yelled, I'd have her mouth sealed and kicked out. She's simply shameless!"

The fake Carrie was so angry her face turned red. She pointed at Mrs. Labbe and cursed, "Who are you? What right do you have to scold me? You're shameless!"

Mrs. Labbe's face darkened. "No one has ever dared to scold me like that. Seal her mouth and get her out!"

Her two bodyguards took action.

One bodyguard found tape in Camryn's shop. In front of Camryn, one bodyguard grabbed Carrie and subdued her, then had the other bodyguard seal her mouth with tape.

Camryn watched silently.

The fake Carrie struggled and wanted to curse but couldn't.

Mrs. Labbe really paid attention to Camryn's reaction and complained inwardly: "Damn blind woman, Carrie didn't say anything after this. You and Carrie are sisters. Seeing Carrie treated like this, Camryn, you were indifferent! You're too cruel!"
