## Married At First Sight Chapter 3573 – Fortress Hotel

Liberty stepped out of the bathroom and made a video call to Serenity, who quickly answered.

As soon as the call connected, Liberty saw Sonny's sleepy face.

"Mom."

Sonny had been waiting for Liberty to finish work, refusing to go to bed until she could call. He was at Serenity's place and missed her terribly, so he stayed up late to chat with her.

"Sonny, why are you still awake?" Liberty asked gently, smiling.

Since Liberty had come to Jensburg, she had only seen Sonny through video calls, except for when Duncan brought him over last time.

"I was waiting for you, Mom. Did you finish work? Is it snowing where you are? Is it cold? You should wear more layers to stay warm," Sonny said sweetly, giving his mother a lot of advice.

Liberty felt warm at heart hearing this. "I just got some free time and thought of you and your aunt visiting FC Manor. It hasn't snowed here in the past two days, but it's still freezing. It's colder than in Wiltspoon. I stay indoors mostly, so I won't catch a cold. Sonny, don't take off too many layers when you play. Listen to your aunt, eat well, sleep well, and have fun."

Sonny immediately waved to his friend, Titus, who was also staying at FC Manor with him.

The adults had wanted to separate the two boys, worried they'd stay up too late playing, but they insisted on staying together, promising not to stay up past midnight. The adults eventually agreed.

Titus came over and greeted Liberty with a smile, "Hi, Aunt Liberty."

Liberty smiled back. "Hello, Titus."

"Aunt Liberty, Sonny and I are sharing a room. Since he's not asleep, I'm staying up with him to wait for your call. Have you eaten yet, Aunt Liberty? Are you having a midnight snack?" Titus rubbed his belly and added, "Sonny and I ate earlier, but now I'm hungry again. But my mom won't let me eat because I've already brushed my teeth."

Titus could eat much more than Sonny, which is why he was taller and stronger despite being the same age. He was always running around, practicing martial arts, and staying active. Sonny was much more gentle by comparison.

“Titus, it’s too late to eat again. You won’t sleep well with a full stomach,” Liberty advised with a smile.

Titus was bold and chatty, happily talking to Liberty. When she spoke to Sonny, he also chimed in now and then.

“Mom, when will you be back?” Sonny asked, as he usually did.

“Soon. You and your aunt should enjoy your time at FC Manor. I’ll come home once you’re back,” Liberty replied.

Sonny said, “Aunt said we’ll leave when Uncle comes to pick us up. He’s on a business trip again and didn’t take me with him, so I’m staying with Aunt at Aunt Jane’s house.”

Serenity playfully pinched Sonny’s cheek, “You’ve been wanting to come here for a while, and now you’re blaming your uncle?”

Sonny giggled.
