

A Man Like None Other Novel

Chapter 1791

David is just an ordinary person, how could he cultivate so fast!

Anna doesn't believe it, and neither does Andrew!

Seeing that Anna didn't believe it, David could only helplessly spread his hands and said: "Since you don't believe it, then you can only let you see and see."

"It is said that you women have long hair and short knowledge, and that's true."

David finished, Looking at the four mourning men in black not far away, they raised their hands and waved gently!

An overwhelming, terrifying aura came in an instant!

Boom...

The four men in black turned into sgum in an instant, leaving nothing behind, falling to the ground like snowflakes!

It was as if the four men in black had never appeared before!

Seeing this scene, Anna was dumbfounded, and Andrew was dumbfounded...
It took

a long time for Anna to react, and she became excited!

“No... I didn't expect you to be the Marquis of Great Wu. It's great, it's great...”

Anna went up to hug David excitedly, and desperately kissed David's face, expressing herself of joy!

This time, David was completely stunned, desperately trying to push Anna away!

These babes are too open...

But just as David was pushing and shoving Anna, while Anna was holding onto David desperately and kissing David, David suddenly felt a terrifying aura, which made him Cool back!

David's personal hair was blown up, and David has never experienced such a huge sense of crisis!

Desperately pushing Anna away, David hurriedly turned his head, but not far away, Gu Linger and the other girls were staring at him!

There is a bit of anger in every girl's eyes!

This time, David's head is about to explode!

“Okay, David, it's no wonder you didn't go shopping with us. It turned out that you came here to find a foreign girl, and you are still an old acquaintance...”

Xiaolan said to David first.

During the international competition a year ago, Xiaolan and Anna met each other, and the two often fought tit-for-tat in order to compete for David!

Now Xiaolan sees David and Anna hugging and kissing, and her anger rises!

Gu Linger also knew Anna, she didn't mind David looking for a confidante, Gu Linger knew that a man as good as David would have many women in the future!

However, someone like David was sneaky and so affectionate, which made Gu Linger feel a little uncomfortable.

After all, except for Sonya, she was the first to follow David. Now she and David have never been so intimate, but Anna has taken the lead!

"Brother David, your appetite is getting bigger now..."

Xiaoru sighed helplessly.

"Brother Chen, you used to like babes, no wonder my sister jumped into your arms and you didn't move her..."

Xiaomin also pouted and said very dissatisfied.

This made Ji Ruxue shy and hurriedly said to Xiaomin, "Child, what nonsense are you talking about."

"David, who is this foreign girl?"

Ge Jiayi stepped forward and asked David.

In the face of so many women, David's head will explode with his questioning every word!

Zhao Chuang and Fan Jiang looked at David like that, they could only laugh secretly!

Having more women is sometimes a burden...

"Hello, my name is Anna, and David and I are old friends. Just now, I just wanted to express how I feel about seeing old friends."

"We This is how we greet each other here, I hope you don't misunderstand."

Before David could speak, Anna explained to Gu Linger and the others.

"Yes, yes, we just said hello as a courtesy."

"After all, this is the country of Xiong, and Anna belongs to this country, so she was more excited to see me."

David quickly followed.

"Yes, I also heard that when you say hello abroad, you all k!ss..."

At this time, Zhao Chuang also said a word!

This sentence instantly made everyone laugh and relieved the tense atmosphere!

Chapter 1792

David took the opportunity and called everyone back to the hotel!

Anna took Andrew with him. After knowing that David was the Marquis of Great Wu, Anna was about to hug David's thighs.

At first David was worried that Anna would conflict with these girls!

But David underestimated the girls' communication skills!

Soon Anna became a group with a group of girls and became sisters.

And when they found out what happened to Anna, they were still filled with righteous indignation. They wanted to help Anna find the King of Medicine, and help Anna teach her brother a lesson by the way.

the next day.

Tang Dali came to the hotel early and waited for David!

Waiting to take David around and see if you can find the ruins!

Originally, David didn't intend to let the girls follow, but Anna was going to find Yaowang. If only Anna was allowed to follow, the other girls would definitely be unhappy, so they would take them all!

"Where's Master Hu?"

David saw that everyone had gathered, but he didn't see Hu Mazi!

"Master Hu has never left the room since he came, who knows what to do inside..."

Zhao Chuang said.

David knew what this guy was doing when he thought about it.

However, in terms of finding a hole and exploring a tomb, Hu Mazi is an expert, and it must be done by Hu Mazi!

So David walked to Hu Mazi's room and knocked on the door hard!

Soon, the door opened, Hu Mazi yawned, his eyes were dull, and the circles under his eyes were dark.

And on the hotel bed, two blond girls are lying down!

"Master Hu, today we are going to find the ruins."

David said to Hu Mazi.

"Ah, so fast?"

Hu Mazi was taken aback.

"If you don't hurry, it is estimated that you will become a human in two days and die in this place."

David gave the hu Mazi a blank look!

Hu Mazi smiled: "This foreign girl is amazing, you wait for me, I will put on my clothes."

Soon, Hu Mazi came out with his clothes on. Seeing Hu Mazi's appearance, everyone knew that this guy would not go out for two days. what did you do.

"Damn it, David, you're such a cool kid, and you got a foreign girl in two days?"

After seeing Anna, Hu Mazi instantly admired David!

"Okay, okay, it's getting late, let's go quickly..."

David was afraid that Hu Mazi would be talking nonsense for a while, so he hurried everyone to set off!

With Tang Dali leading the way, a minibus pulled everyone towards the foot of the snowy mountain!

When there were still more than ten kilometers away from the snow-capped mountain, the car stopped because there was no road ahead and we needed to walk!

Tang Dali took some daily necessities and a simple tent from the car, and then said: "Mr. Chen, because the weather here changes quickly, so we need to bring some supplies, maybe we will spend the night here."

"Okay. !"

David nodded, looked at the supplies, and then waved, all of them were put into the storage ring!

This time, Tang Dali looked envious.

A group of people stepped on the snow and kept approaching the snow-capped mountains. They were originally going to explore, but they were forced to play by these girls!

These girls are all playful and playful, throwing snowballs and fighting snowballs... so that

David is speechless for a while!

On the other hand, Tang Dali was speechless, because he found that these girls looked delicate, but they were much stronger than him.

Along the way, David and the others could also meet groups of three or five people, hurriedly heading towards the snow-capped mountains, and everyone's breath was not weak, obviously they were there to explore the ruins.

However, these people didn't pay attention to David and the others. After all, with so many girls, they were slapsticking, obviously they were traveling, so they didn't take it to heart!

As it got closer and closer to the snow-capped mountain, the weather became more and more severe, and a cloud of mist rose up, spreading from the foot of the mountain, and soon covered the surrounding area, as if it was isolated.

David exuded divine consciousness, but was surprised to find that he could not even penetrate the thick fog. It was obvious that the fog did not form naturally.

Chapter 1793

"This fog is caused by the magic circle, everyone be careful..."

At this time, Hu Mazi changed his laughing appearance, and his face became solemn!

Those girls also became cautious and walked forward cautiously one by one!

"Sect Master Tang, can you still remember what you said?"

David said to Tang Dali.

He was afraid that such a thick fog would make Tang Dali no longer know the direction.

"Don't worry, Mr. Chen, I can know with my eyes closed..."

Tang Dali has a strong sense of direction. Although he has only been there twice, he can still find it.

David nodded and let Tang Dali lead the way!

After walking for more than an hour, the group found that the thick fog began to dissipate, and the towering snow-capped mountains were in front of them. Looking down from the sky at this moment, they would find that the thick fog actually formed a large circle, giving the snow-capped mountains to the ground. wrapped!

As far as this layer of fog is concerned, it is estimated that many people will get lost in it and can't tell the direction!

"Mr. Chen, those places where people often disappear are at the foot of the mountain on the edge of Xueshan Mountain..."

Tang Long pointed to the east and said.

“Okay, let’s go!” David nodded, then looked at Gu Linger and said, “You girls stay, don’t go forward, so as not to be in danger, give you tents and supplies, you are here Wait here!”

David took out the supplies from the storage ring, then opened the tent and asked Gu Linger and the others to wait!

Originally, Ge Jiayi and Xiaolan were reluctant to wait, but Ji Ruxue and Gu Linger knew that this exploration of the ruins would be dangerous. They would distract David if they followed up, so they agreed to stay!

David asked Tang Dali to take it with him, and then called Hu Mazi, Fan Jiang, and Anna’s master and servant to go to the place where the master had disappeared!

“David, I’ll go with you. If I’m really in danger, I can resist...”

Ge Yuhan wanted to go with David!

After all, Ge Yuhan’s strength is also the Marquis of Great Wu.

And Ge Yuhan must be well-informed, if he really encounters something very ancient, maybe Ge Yuhan can recognize it!

Thinking of this, David nodded and said: “Okay, you can follow...”

After arranging the accompanying people, David said to Zhao Chuang: “Zhao Chuang, you can take good care of them and only allow them to wait here. , don’t go anywhere...”

“Brother Chen, don’t worry, I won’t let them run around...”

Zhao Chuang agreed!

David and the others set off, and as their direction changed, David felt that there was a big change in the spiritual energy of the world!

And that Ge Yuhan also seemed to feel it, and frowned slightly!

Soon, David and the others arrived at the place, but there were several big signs stuck around the place at this time!

Several large signs read: "This place is dangerous, do not enter..."

David was very surprised, who would put up so many signs here?

"Sect Master Tang, who made these?"

David asked.

Tang Dali also shook his head with a confused look: "I don't know either, when I came here two times, there was no such thing..."

"Some people have already come here, I guess this brand is trying to scare people."

At this time, Hu Mazi said.

"Don't care, let's go in..."

David took the lead and walked in.

But just as David continued to walk forward, there was a sudden burst of roars of beasts!

The roar was loud and it sounded terrifying!

"There are still monsters here?"

David was surprised!

You must know that in this extremely cold place, it is difficult for some wild animals to survive.

Hearing that roar, Tang Dali's face became a little ugly!

Chapter 1794

"Chen...Mr. Chen, let's not move forward..."

Tang Dali said with a trembling body.

"What's wrong? Did a few roars frighten you?"

David asked in confusion when he saw Tang Dali's appearance.

"Mr. Chen doesn't know. It is rumored that there used to be a tiger monster living here. It is so big that it can swallow a person with its mouth!"

"It's just that no one has seen the tiger monster for many years. It has been forgotten, and it is regarded as a legend!"

"But now, this roar is likely to be issued by the tiger demon, and the person who disappeared here is likely to die under the tiger demon's mouth."

"I think we should not be here . It's too dangerous to continue walking forward..."

Although Tang Dali knew that David was a great martial artist, he really wanted to encounter the legendary tiger demon, and it was estimated that they would all become food for the tiger demon.

"Tiger demon? Is there such a thing here?"

David looked surprised!

"If there is a tiger demon, then there must be a medicine king. You must know that there must be spirit beasts guarding around a medicine king. Maybe that tiger demon is guarding the medicine king."

Anna's face is excited, at least this means There must be a King of Medicine in this place!

Tang Dali saw that David and the others didn't seem to be afraid of tiger demons, and he still had the heart to move forward, so he looked confused: "Mr. Chen, my strength is low, if I go further, I really don't dare, and I have never been on this snow. If you haven't been there, I probably won't be able to show you the way!"

Tang Dali's meaning was obvious, that is, he wanted to quit and then go back, he was scared!

"Sect Master Tang, thank you for taking us here. Be careful when you go back..."

David didn't blame Tang Dali. After all, Tang Dali was just a martial artist. If he was really in danger, he might not even have the ability to escape.

"Mr. Chen, then I'll be waiting in the city to pick up the dust for you..."

Tang Dali said.

After Tang Dali left, David and the others continued to move forward, but the road became more and more difficult to walk, and they were still walking towards the snow-capped mountains.

Fortunately, these people are masters. If they were ordinary people, they would not be able to get here at all!

"Master Hu, can you find out where the ruins are?"

David asked Hu Mazi.

"Nonsense, have you forgotten what I did?"

After Hu Mazi finished speaking, he took out a thin and bright metal rod that was only a few tens of centimeters long!

Hu Mazi glanced around casually, and then found a place to stick the metal rod on top of the snow!

I saw Hu Mazi standing in front of the metal rod and began to chant a spell.

"There are not many kanyu formulas passed on, the search for dragons and their ancestors look at the sharp circles. The screen and the tents fell, and they resigned from the lower halls and descended to the peaks

. Live snakes and dragons are folded and folded, and they are broken and connected together. Take warehouses and warehouses to walk from the dragon, cross the border and cross the gorge to protect yourself. The front and back are sent without interruption

. Fire, earth, wood, and fire civilizations produce nobles and sages; Saturn has more gold and wealth, and gold and water are full of wealth and wealth."

With the chanting of the Flax mantra, the top of the metal rod began to emit a golden color. Light!

The golden light continues to spread, and the scope of the spread is getting bigger and bigger!

"Om..."

Suddenly, the metal rod began to vibrate, and it was accompanied by bursts of humming!

The metal rod was shaking more and more, and along with the shaking, the metal rod began to heat up, and the surrounding snow began to melt!

Seeing this, Hu Mazi's face changed slightly, and he quickly waved: "Take it..."
The

metal rod stopped shaking instantly, the light disappeared, and it flew directly into Hu Mazi's hands!

Hu Mazi's operation, but David and the others were taken aback for a while.

This can be considered a specialization in the art industry!

Chapter 1795

"Master Hu, how is it?"

David stepped forward and asked.

"This relic is really not small, but the mountain gate of this relic is estimated to have been destroyed by someone..."

Hu Mazi said.

"What do you mean?"

David frowned: "You mean, this ruin has already been entered?"

Hu Mazi nodded.

"Aren't we here in vain when someone came in?"

Fan Jiang said with a sigh.

"Not necessarily, these people can enter the ruins, but they may not be able to get the things in the ruins."

"Just like the ruins of Fuzong that day, although we went in many times, we almost didn't get anything."

"This search for the ruins follows the search. There are still differences between ancient tombs."

"If the ancient tombs are opened, they will basically be completely destroyed, and the ruins are protected by a formation, and the things inside the ruins are not accessible to anyone."

Hu Mazi explained. .

"Master Hu, you just said where is the entrance to the ruins? Can't we find out if we go in and take a look?"

David asked anxiously.

Hu Mazi shook his head: "I can't find the entrance to the ruins. The traces at the entrance have been erased, and the formation has been rearranged. Now we need to find it slowly..."

"Are those guys who broke the ruins?" , still in the ruins?"

Anna said.

"It's very likely..."

Hu Mazi nodded!

"Could it be that the rumors of tiger demons and the disappearance of people are all related to this group of people. Are they doing this on purpose to scare those who are exploring the ruins?"

Ge Yuhan thought.

"Yes, there is also a possibility, but what about the specifics? Let's find the entrance to the ruins first..."

David is now eager to find the ruins as soon as possible.

Just when David was about to lead the crowd to continue heading towards the snow-capped mountains, suddenly there were auras behind them.

And these auras are not weak, the worst is the realm of the Great Martial Sect, and there are several auras of Marquis!

You don't have to think about it to know that these people must have come to the ruins.

"Mr. Chen, what should we do?"

Fan Jiang also felt the other party's breath, so he asked aloud.

David frowned slightly, thought for a moment and said: "Everyone hides their breath, don't let the other party see our details, we can let them go first, we will follow."

David intends to let this group of people be in front Lei, after all, no one knows what dangers will be encountered in front of them. Instead of taking risks on their own, it is difficult to let these people go first! Hu Mazi

glanced at David: "You kid, you are really bad..."

David smiled: "As the saying goes, soldiers never tire of deceit."

Tired look!

Soon, more than a dozen people walked over quickly, and one of them, a tall man with yellow hair and blue eyes, was obviously the leader!

And beside the man, there was a thin old man, and the old man seemed to be blind with a cane in his hand!

When the group of people saw David and the others, they all stopped, and the yellow-haired man looked at David and the others, and didn't say anything, but looked at the old man and said, "High priest, you just said Someone is using the technique of exploring the tomb to find the ruins, is it in this place?"

The old man did not speak, but took out a copper bell from his arms, and then shook the copper bell gently, and the copper bell made a crisp sound, and the sound began to spread quickly!

These sound waves seem to be full of magic, and they are constantly rushing towards David and their minds!

A golden light flashed in David's mind instantly, directly forcing the sound wave back!

Chapter 1796

While the others controlled their minds one after another, they were not disturbed by the sound wave.

But Anna's strength is too low, it seems that the sound wave is not controlled by the sound wave, and the eyes begin to become absent!

Seeing this, David grabbed Anna's hand, and a spiritual force instantly penetrated into Anna's body, causing Anna to wake up instantly!

Anna laughed when she saw David grabbing her hand, her eyes kept teasing David!

Seeing this, David wanted to let go of her, but Anna held onto David's hand tightly!

David was speechless for a while, he didn't expect this Anna to have misunderstood!

"Don't get me wrong, I'm saving you..."

David explained in a low voice.

"I didn't misunderstand, isn't it good for us to hold hands like this? Why do you want to let go?"

"Is it because my hands are not white enough and tender enough?"

Anna's voice was full of provocation!

This scene made Hu Mazi envious: "Little girl, this guy David doesn't understand style, or I'll hold hands with you."

Anna rolled her eyes at Hu Mazi and ignored him!

But Hu Mazi doesn't care, if you want to pick up girls, you have to be thick-skinned!

Just when David and the others were whispering, and no one cared about the group, the old man who rattled the bell said: "Daniel, is there someone on our left?"

"High priest, there are indeed six people, four males. The two women are probably traveling."

The yellow-haired man said.

"Tourism? Has anyone traveled here before?" The

high priest seemed a little angry.

“High Priest, the most powerful of these people is just a Great Martial Sect, and the rest are from the Martial Sect. They are not here to travel. Do you dare to come to train the ruins with this strength?”

Daniel hurriedly explained.

“It turns out that there is still the Great Wuzong, it seems that I have miscalculated...”

After speaking, the high priest started to ring the bell again, and this time, the bells came into David’s ears with spiritual power, and then they started desperately. Attack the divine consciousness in David’s mind!

This time, it was obviously much more powerful than the first time. David was about to force the sound wave back, but it stopped instantly!

If they force the sound wave back now without being controlled at all, then their true strength will definitely be doubted by the other party.

So David gave a wink, and everyone understood it, and immediately pretended to be under control, eyes blank!

And that Anna was really controlled, and there was no luster in her eyes!

This time, the high priest raised the corner of his mouth, and then said, “You all come here...” In

a word, David and the others all stood up obediently, and then walked to the high priest!

“I ask you, what are you doing here?” the

high priest asked.

“Travel, try your luck by the way, and see if you can find the legendary ruins...”

David replied!

The high priest sneered: "It seems that I really came here to travel, but I still have the idea of taking a chance. Are these people crazy now?"

"I really thought that if I found the ruins, I would make a fortune, but I don't know that the ruins are dangerous. Heavy, with the strength of these people, they will die if they enter."

After speaking, the high priest rang the bell, and David and the others instantly woke up!

"This... what's going on? Who are you?"

David and the others pretended and asked in panic.

"You don't have to be afraid. We are from the Burning Heaven Sect. This is our high priest. This place is very dangerous. With your strength, you'd better go back to avoid losing your life in vain."

Daniel said.

"Burning Heaven Sect?" Suddenly, Anna screamed excitedly: "Are you the Burning Heaven Sect that is very good at divination and can predict the future and life and death?"

Daniel nodded and said, "Yes, I didn't expect this Miss knows us too."

Chapter 1797

"Of course I know, and I also know that in the royal family, there are many people from your cult, who are in charge of observing the heavens and detecting good and bad luck."

As the princess of the duke's residence, Anna knew about the Burning Heaven cult!

But for ordinary people, this religion is very unfamiliar, because ordinary people can't get in touch with it at all.

But just after Anna's words were finished, the high priest snorted coldly: "Hmph, don't mention those people, they are no longer from my Burning Heaven Sect. The Burning Heaven Sect has left."

"Ah..."

Anna's face was stunned, she didn't know yet that the people from the Burning Heaven Sect in the royal family had already been expelled.

"Several, you just saw someone casting a spell here, using the spell to find a cave and explore a tomb."

Daniel asked David and the others.

"Oh, I saw a few people wearing Taoist robes, but they have already left..."

David pointed and said.

"It seems that someone is going to get there first, let's go quickly..." After the high priest finished speaking, he quickly ran forward.

Although he was blind, the high priest seemed to be able to see things!

Seeing this, Daniel hurriedly led someone to chase after him.

"David, what should we do?"

Anna asked David.

"Of course I followed..."

With that said, David followed directly!

Although the road up the mountain is very rough, it is nothing to them!

But when Daniel saw David and the others following, he couldn't help frowning: "You guys are not going down the mountain, what are you doing with us?"

"We just want to enjoy the beautiful scenery and see if you can find the entrance to the ruins."

"But don't worry, we will never compete with you for the contents of the ruins, just curious."

David said.

Daniel frowned slightly, then glanced in the direction of the high priest.

"Let them follow, maybe they can still be useful..." The

high priest said coldly. When Daniel saw this, he could only say to David: "Then you can follow. If there is any danger, don't blame

me."

The priest suddenly stopped!

"High Priest, what's wrong?"

Daniel asked.

"There are taboos ahead, you can't go now, you need to break the taboos."
The

high priest said, his hands slammed into the ground, and then he muttered something like crazy!

Soon, a ray of light rushed forward from the ground, and after rushing out a dozen meters, it exploded!

Accompanied by the sound of the explosion, brilliance loomed out, which was obviously the enchantment of the magic circle!

If they crashed straight in, they might be trapped inside!

Seeing this scene, Daniel was quite surprised, and David also admired this blind high priest!

This guy, who can't see with his eyes, can actually judge the position of the magic circle so accurately.

"Breaking the formation..."

Daniel shouted loudly, and then a dozen people behind him instantly took on a strange shape!

Soon a dozen people burst out with auras, then gathered together, and rushed towards the enchantment!

Boom...

With a deafening sound, the surrounding snow was blown away.

But just when the huge breath hit the barrier, the barrier actually emitted a dazzling light, followed by one after another of the anti-shock force, like

a huge wave, continuous... Time, the huge pressure instantly caused the formation of a dozen people to start to disintegrate, and some people's faces became very ugly, and they insisted on gritting their teeth!

Boom.....

Like a heavy punch, it instantly knocked out a dozen people. Although there was no danger to their lives, they were obviously injured internally.

This scene made that Daniel's face become very ugly!

Chapter 1798

"Hmph, a bunch of useless things..." The

high priest snorted coldly, then took out the copper bell, and then chanted words in his mouth, one after another sound wave like a monstrous wave, moving towards the enchantment, one wave higher than A wave!

Boom...

Boom...

Boom...

The sound waves continue to impact the barrier, and the barrier begins to shake violently, and the huge shock force also makes the high priest's face become extremely ugly!

"Secretly help them, otherwise these guys probably won't get in..."

David said quietly to Hu Mazi.

Hu Mazi smiled, then took out the spell, and randomly drew some grotesque patterns on it!

As soon as Hu Mazi let go, the talisman rose into the sky, and then was directly pasted onto the barrier!

For a time, the barrier seemed to be hit hard, and then began to shatter...

When the barrier collapsed, the high priest's forehead was already covered in cold sweat!

"The high priest is still powerful..."

Daniel boasted to the high priest.

"I didn't expect this magic circle to be so powerful. It seems that there must be a lot of treasures in this ruin..."

said the high priest.

David couldn't help sneering after listening to the high priest's words!

This so-called mountain protection formation is actually not the formation left by Wen Jianzong.

Otherwise, it will not be destroyed so easily.

It's just the magic circle that someone re-arranged after entering the Sword Sect!

At this time, among the ruins inside the snow-capped mountains, there are many people in black busy.

On the main seat sits a foreign man with blond hair and blue eyes.

Next to the man sat an old man in a black robe.

At this time, a man in black hurriedly ran to report: "His Royal Highness, someone has broken through the barrier and is already approaching here."

The man frowned, and then glanced at the old man beside him!

The old man had a calm expression: "Release the tiger monsters, and send someone to intercept them secretly. They must not be allowed to enter here."

"As ordered..."

The man in black led the order and left!

"Second priest, who do you think can break through this barrier?"

the man asked with a strange expression.

"Prince Hal, you don't have to worry, even if these people break through the barrier, they won't be able to pass the tiger demon level. To get here, you have to go through more than a dozen formations, and no one can come in alive!"

Second Priest One Said confidently.

"That's good, we've been operating here for a few more months. I don't know when the sword grave will be able to enter?"

"As long as you get the sword inside, let alone a duke, it's even a king. What's so difficult?"

Hal's eyes flashed with greedy desire!

"Prince Hal, rest assured, as long as there are enough spar, I will be able to break through the sword mound in a few months." The

second priest assured.

"That's good, I'll go back and urge the spar mining."

"And my sister is likely to come here to find some medicine king. When she sees her, kill her..."

Hal said.

"No problem..." The

second priest nodded!

Howl left, and the two priests walked to a high platform made of spar, with a sinister smile on their faces.

David and the others on the other side had already passed through the barrier at this time and continued to climb up the snowy mountain, but the more they walked, the steeper they were!

And it was accompanied by waves of terror, and everyone had to be vigilant!

Suddenly, the high priest raised his hand, causing everyone to stop.

"High Priest, what's wrong?"

Daniel asked.

"It's dangerous, I smelled the smell of monsters..." The

high priest frowned slightly!

"Monster?" Daniel's expression changed slightly: "Could it be that the tiger demon can't make it?"

Before the high priest could answer, suddenly a tiger's roar came!

Chapter 1799

This time, everyone became nervous, only David and the others showed excitement in their eyes.

You must know that the beast pill in this tiger demon is an excellent resource for cultivation. If you can encounter a few powerful demon beasts, it will be worthwhile.

David couldn't help but set his eyes on Ge Yuhan, because Ge Yuhan knew how to control animals. If they could subdue this tiger demon, then they would have another helper along the way!

At this moment, an incomparably huge tiger demon slowly appeared with steady steps. After seeing these people, the tiger demon opened its mouth and roared, as if it was threatening David and the others!

Seeing the appearance of the tiger demon, whether it was the high priest or everyone in Daniel, their expressions changed greatly, and they showed their weapons one by one, waiting for them!

"The tiger demon in the realm of Dawuhou, it seems that there are really good things here, otherwise there would not be such a powerful monster to guard..."

Seeing the cultivation of this tiger demon, David's eyes lit up!

On the other hand, Ge Yuhan frowned: "This is not a spirit beast protecting the mountains..."

David was stunned, then looked at Ge Yuhan: "What do you mean?"

"This tiger demon is not a spirit beast guarding the ruins, but raised by someone, not Wild beasts..."

Ge Yuhan explained.

"Raised?" David instantly thought of what Hu Mazi said just now, that the ruins were taken first.

It seems that this tiger demon was raised by people, and the people who raised it must be the first to enter the ruins.

In order to prevent others from entering the ruins again, the tiger demon was released, and then the news was spread to prevent everyone from approaching.

At this time, David became very curious about the person who entered the ruins first.

If you can raise pets with the strength of Dawuhou, how great the strength to deal with!

“Roar.....”

Seeing that David and the others were motionless, the tiger demon grinned again and roared again!

This roar contained an extremely terrifying aura. Several members of the Burning Heaven Divine Sect with low strength were instantly stunned by this roar, causing their internal organs to churn in an instant, and fresh blood gushing out of their mouths!

In the end, he died directly, and was roared to death by the roar of the tiger demon.

Daniel looked at his dead subordinates with an extremely ugly face!

And the rest, although holding weapons in their hands, their bodies are shaking like a sieve!

Only the high priest calmed down, but his forehead was covered in cold sweat.

“High Priest, this... This is the tiger demon with the strength of the Great Marquis. We... we are probably not opponents...”

Daniel said to the High Priest with a face full of panic.

These people are nothing but the Great Martial Sect, or the strength of Marquis Wu, none of them can reach the Marquis of Great Marquis!

The high priest is the strongest, but he is only the peak of Marquis Wu, and he is not the opponent of the tiger demon at all.

"The tiger demon with the strength of Marquis Dawu, we are indeed not our opponents..." The

high priest knew that when the monster beast and the human were of the same level of strength, the monster beast was stronger than the human.

At this moment, the tiger demon with the strength of the Great Wuhou, they absolutely can't deal with it.

"High Priest, what should I do? What should I do?"

Daniel panicked. Since the High Priest said they were not opponents, they had to wait to die!

The high priest did not speak, feeling the terrifying aura of the tiger demon in front of him, and said after a while: "We can only bypass this tiger monster."

"Bypass, how to bypass? This tiger monster is probably faster than us. Hurry up..."

Daniel didn't understand how the high priest was going to bypass the tiger demon.

There was a sinister look on the high priest's face: "Isn't there someone still following us?"

Daniel was stunned, but instantly understood the meaning of the high priest.

“Does the high priest want these people to deal with the tiger demon?”

Daniel asked.

Chapter 1800

“Yes, let these people deal with the tiger monsters. When the tiger monsters eat these people, we can bypass the tiger monsters from other places.” The

high priest planned to let David and the others be the rations of the tiger monsters!

In this way, the high priest and the others can sneak around the tiger demon from one side when the tiger demon eats people!

“High Priest, this... it’s not good to do this?”

Daniel said with an embarrassed face.

“Not good? What’s wrong, now it’s life and death, don’t let them die, let us die?” The

high priest frowned and asked Daniel in a cold voice.

Daniel was speechless.

Seeing that Daniel was not moving, the high priest personally led people towards David and the others.

David was annoyed that this tiger demon was raised and could not be domesticated, but the high priest led people to surround them.

These people from the Burning Heaven Sect, holding weapons, stared at David and the others!

The high priest said with a cold face: "Now the tiger demon is blocking the way. Since you choose to follow, you will have to pay a price..."

"What do you mean?"

David asked in a puzzled way.

In fact, when the high priest led people to surround them, David understood what was going on.

"You go and deal with that tiger demon..." The high priest said bluntly.

"What? Let's deal with the tiger demon?"

"The tiger demon looks very vicious at first sight. Our strength is so low, so if we go to deal with the tiger demon, wouldn't we kill it?"

Anna was startled and asked the high priest.

The high priest took out the copper bell, and a breath-taking aura erupted from his body, which instantly enveloped David and the others.

"If you go to kill the tiger demon, there is still a chance of survival. If you don't go, you will die..."

After that, the people from the Burning Heaven Sect showed their killing intent, and aimed their weapons at David and the others!

As long as David and the others dare to say nothing, they will kill them immediately!

Anna got angry when she heard it, and was about to get angry, but was stopped by David!

"Master, our strength is lower than yours. Isn't it inappropriate for us to deal with the tiger demon?"

David asked cautiously.

"Hmph, there's nothing inappropriate, this is a society where the weak eat the strong, and it's better for you to die than ours..." The

high priest had a cold face, and the copper bell in his hand shook!

As a crisp bell rang, sound waves hit David and the others instantly!

"Master, please stop, can't we deal with that tiger demon?"

David quickly begged for mercy.

"Hmph, if you are acquainted, you guys will fight to the death to deal with the tiger monster. When we leave, you will be able to escape, so that you will still have a chance to survive..." The

high priest snorted coldly.

Anna's little face flushed with anger. She didn't expect this Burning Heaven Sect to be such a sect. It's a shame that they still promote it all day long to save the world!

David winked at everyone, and then walked towards the tiger demon!

With the strength of David and the others, it is only a matter of minutes to deal with the tiger demon.

When David and the others passed in front of Daniel, Daniel turned his head in shame and did not dare to look at David and them.

"Roar....."

The tiger demon looked at David and the others who were walking in front of him, and suddenly roared!

The roar of tigers roared like a gust of wind!

David waved his palm lightly in front of him, and a barrier instantly blocked the breath!

"Daniel, let's go quickly..." the

high priest urged Daniel.

They have to take advantage of this time to escape from here, because the high priest knows that with David's strength, they can't resist the tiger demon for a long time.

Daniel was helpless, so he could only follow the high priest and leave quickly, and then chose another path to head towards the snowy mountain!
