

A Man Like None Other Novel

Chapter 1971

Ning Zhi slowly walked towards the altar, but he completely ignored anyone. The four black gold robes stood around Ning Zhi, and the people around could only watch, no one dared to make a sound!

Even Lu Chang frowned. If he knew this was the case, he would bring some more experts!

Now that the spiritual energy has recovered, they are in Penglai Island, and they can not be suppressed by the law of heaven and earth, and their strength has recovered!

David looked at Ning Zhi who was constantly approaching the altar, his hands clenched slightly, he wanted to shoot, but he was gently pulled by Hu Mazi and shook his head at David!

The four black gold robes are all martial sages. David has no chance of winning at this time!

Moreover, these people around them all have their own thoughts, and no one will help David and them.

In this way, Ning Zhi slowly walked to the altar under the eyes of everyone, feeling the breath emanating from his body, Ning Zhi looked like he was enjoying it!

Soon, Ning Zhi's body shook violently, and then a black shadow slowly separated from Ning Zhi's body!

The domineering aura of Ning Zhi's body was obviously weakened after the black shadow appeared!

I saw the black shadow standing in front of the altar, and gently stroked it with one hand!

Immediately after, a ray of light entered the body of the shadow, and the shadow slowly began to become substantial, and finally turned into a living person!

And this person is the magic envoy in Ning Zhi's body!

Looking at his body, the magician suddenly burst out laughing wildly!

"Hahaha...hahaha..."

"Resurrection of spiritual energy, I no longer have to live in the dark..." The magician raised his head and laughed.

Although Ning Zhi's strength dropped a lot because the demon envoy was separated from his body, he didn't dare to complain and hurriedly fell to the ground!

"Welcome to the rebirth of the Demon Envoy..."

Ning Zhi shouted loudly.

The four black gold robes also hurriedly knelt down and shouted in unison!

Seeing everything in front of them, people from many aristocratic sects couldn't help but gasp!

It turns out that these people in front of them are actually magic cultivators!

“Ning Zhi, let these people go, or die, this place has been occupied by our martial arts alliance.” The

magician said to Ning Zhi.

Ning Zhi nodded, then glanced at everyone.

“The envoy has an order, let you all get out of the way quickly, or you’ll all die...”

Ning Zhi roared like a dog!

But these people are all coming to Penglai Island, how could they leave easily! Seeing

that there was no movement from the crowd, Ning Zhi said with a cold face: “I will only give you one minute, if you don’t leave, you will die here!”

What is the name of the magic envoy, it is obvious that the strength of this magic envoy is higher!

They can’t do each other’s work no matter what, not to mention that they are fighting each other, and their hearts are different!

“What you said is too big...”

After saying that, Lu Chang led the people to walk forward slowly!

The aura of the Martial Saint on his body unabashedly radiated out!

Even a few of his followers were all at the peak of the Marquis of Great Wu.

As soon as such a strength came out, everyone was shocked. None of them thought that among their group, there were even hidden martial arts masters!

When Ning Zhi saw Lu Chang coming out, his brows were wrinkled. He never thought that there would be a Martial Saint in this group of people!

But only Lu Chang is the strength of the Martial Saint, so Ning Zhi is not afraid!

But what makes Ning Zhi strange is that in the entire martial arts world, there are very few Martial Saints, and if these black gold robes are not because of the Demon Heart Sect, they would never have cultivated to the strength of Martial Saints.

But the Lu Chang in front of him belonged to which family? It was Wu Sheng at such a young age!

Just when Ning Zhi was puzzled, the magic envoy said with a cold smile: "A small young master of the Crescent Moon Castle dares to speak up, even if your father Lu Buwei came, he would not dare to fart..."

Chapter 1972

Lu Chang looked at the demon envoy in surprise. He didn't understand how this guy in front of him knew that he was the eldest young master of the Waning Moon Castle, and he also knew his father!

And when he heard the words of the waning moon castle, Hong Qianjiu's expression was startled, and he hurriedly stepped forward to greet Lu Chang and said, "Hong Qianjiu of the Hong family, I have seen Master Lu..."

Lu Chang was stunned for a moment. Looking at Hong Qianjiu, he frowned slightly and said, "Who are you?"

"Back to Young Master Lu, our Hong family is the endorsement family of Zixiao Mansion. I heard the mansion master say that Zixiao Mansion and Waning Moon Castle are family friends. And told us that those who see the Waning Moon Fort must be treated with courtesy!"

Hong Qianjiu explained!

When Lu Chang heard this, he realized that Hong Qianjiu was the endorsement family of Zixiao Mansion.

"If that's the case, that's great, it's not like we can't fight together..."

Lu Chang said with a look of joy!

If this is the case, they are adding Hong Qianjiu and the others, and they will not necessarily lose against Ning Zhi!

At this time, David on the side, when he heard the three words of Zixiao Mansion, his face instantly became ugly!

Because he knew that his mother was imprisoned in Zixiao Mansion, but what David didn't know was that Long Ruotong was treated very well every day after entering Zixiao Mansion. How many times better!

Seeing David's face, Long Xingxu knew the reason and gently pulled David's sleeve!

He was afraid that David would be impulsive. In this situation, no matter which side David shot against, it would be the most unfavorable.

Hong Qianjiu didn't know the feud between David and Zixiao Mansion at all, so he turned to look at David and said, "David, why don't we join forces to deal with these guys from the Martial Arts Alliance, I know that you and them also have something to do with each other. Shared revenge!"

"It seems that your girlfriend is still in their hands? Don't you want to avenge your girlfriend?"

Hong Qianjiu wanted to win over David, as long as they united with David, there were so many of them, and Lu Chang was also a martial sage.

"Okay, I promise you, we will join forces..."

Although David is hostile to Zixiao Mansion, he is still rational now. Only by cooperating with Hong Qianjiu can he have a chance to destroy the altar!

"Hmph, David, don't think that if you join forces, you will have the strength to fight with me..."

Ning Zhi snorted coldly.

"Stop talking nonsense, let's do it..."

Lu Chang knew that he couldn't delay it for too long, after all, they were all united for their own interests.

If it takes a long time, it is likely to fall apart!

Only fighting together now, these people have no choice but to work hard!

After he finished speaking, Lu Chang went straight to a black gold robe. He was also a Martial Saint, and Lu Chang was not afraid of the other party at all!

Along with Lu Chang's action, his hurried followers also took action, and Hong Qianjiu also rushed up!

"Master Hu, Brother Jiang, let's do it too..."

David nodded towards the two, and then the two joined the battle group!

And David is staring at the altar, looking for an opportunity to destroy the altar!

It's just that the magic envoy stood in front of the altar, motionless, and was indifferent when Ning Zhi and the four black gold robes were besieged!

He only guards the altar to prevent anyone from approaching!

For a time, the entire ruins were shaken and rocks were flying, but at this time, none of them dared to break out with all their strength. If the entire ruins collapsed in such a big battle, then none of them would want to run away!

But even if everything has converged, cracks have begun to appear in the ruins throughout the ruins, and the rocks are constantly falling!

"Patriarch Ge, Long Xingxu, you bring people out quickly, this place is going to collapse..."

David hurriedly told them to bring people out of here!

Chapter 1973

"David, what should you do?"

Ge Jiayi asked David.

"I'm fine, this little stone can't hurt me yet, you guys hurry..."

David urged.

"Mr. Chen, take care..."

After saying that, Ge Fuhai pulled Ge Jiayi and ran out.

At this time, many people also reacted, looking at the ruins that were about to collapse, and began to run out!

But the corridor is narrow, and there are not many people who can run out!

Fortunately, David warned in advance that Ge Fuhai and Long Xingxu all ran out!

Rumbling.....

The mountain shook for a while, and then the rocks began to fall in a large area!

This time, everyone stopped and ran out, and Hu Mazi and Jiang Wei also came to David's side!

"Mr. Chen..."

Jiang Wei was very puzzled when he saw that David didn't run out!

"Master Hu, it's up to you whether we will be crushed to death..."

David smiled at Hu Mazi!

"This trivial matter is simple!"

I saw Hu Mazi took out a few spells and drew a few strokes on them at will!

Then, with a hard toss, several spells began to spin above David's heads!

The boulders that kept falling overhead were blocked directly!

Seeing this, Jiang Wei looked at Hu Mazi with shock and envy in his eyes!

And that Ningzhi surrounded the magic envoy with four black gold robes!

The magic envoy exudes auras, covering several people!

Even if the mountain collapses, they, including the altar, will be fine!

Rumbling....

The mountain really started to collapse, dust was flying, and boulders kept falling!

Many people did not escape, and began to be stoned to death, and some people were crying in pain!

But at this time, no one can help anyone!

The collapse lasted for ten minutes!

In the end, the entire small hill collapsed, and everyone who ran out at this time looked at the collapsed hill in front of them with a look of dazed and at a loss!

This time, although Hong Qianjiu and the others escaped, there were still many people who were smashed inside, losing half of them!

"David...David..."

Ge Jiayi shouted desperately in the face of the collapsed hill!

"Don't worry, David will be fine..."

Ge Yuhan grabbed Ge Jiayi and said.

"Sister Yuhan, how do you know?"

Ge Jiayi asked.

"If he was smashed to death so easily, then he would not be David, and I could feel the breath of David. If he was smashed to death, he might still have breath."

Ge Yuhan explained!

Hearing what Ge Yuhan said, Ge Jiayi's mood calmed down a bit!

Rumbling.....

Suddenly, the quiet hill began to shake again! Immediately afterwards, the rocks splashed all around!

Soon, the figures of David and the others were revealed, and Ning Zhi and the others also knocked the surrounding rocks into the air, exposing the altar!

Looking at David and the others unscathed, many people were very surprised!

However, David knew that although they resisted the damage caused by the collapse of the mountain, they also spent a lot of spiritual energy.

And the other party is also the same, whether it is the magic envoy or the four black gold robes, they will not be much easier to resist the collapse of the mountain!

“Hong Qianjiu, what are you waiting for if you don’t do it now?”

“Do you want to wait for them to regain their strength?”

David shouted at the bewildered Hong Qianjiu!

Only then did Hong Qianjiu react. He glanced at Lu Chang. Lu Chang also understood what David meant. Then he nodded, and the group attacked Ning Zhi and the others again!

Ning Zhi took the four black gold robes and immediately went up to the challenge. It was obvious that the four black gold robes had a lot weaker aura this time. It seemed that resisting the collapse of the mountain just now also cost them a lot of strength!

But even so, the magic envoy still stayed in front of the altar, leaving David no chance to make a move!

Hu Mazi saw David’s thoughts, so he said: “David, I will try to lure that old devil away, you go to the altar...”

After speaking, without waiting for David to speak, Hu Mazi jumped up and head towards the magician.

Chapter 1974

Facing the magic envoy, Hu Mazi didn't dare to be careless at all, and saw that he burst out all his breath, and the dozens of dense spells on his body suddenly scattered, and the dozens of spells were like sharp knives. The devil is gone!

"Wan Fu Guizong..."

Hu Mazi shouted loudly and used his lifelong skills.

He had to hold back the magic envoy and create time for David. Everyone looked at Hu Mazi's unique skills and couldn't help but be amazed.

Even David couldn't help but be surprised. He didn't expect that Hu Mazi, who is so carefree all day, has such an amazing skill!

However, it can be seen that Hu Mazi is a desperate move, because after this move, Hu Mazi will no longer have a spell on his body, and for a talisman, if there is no spell on his body, it means that there is no tiger. tooth!

The dense spells, with an endless terrifying aura, moved towards the demon, and instantly surrounded the demon!

When Ning Zhi saw this scene, his face became a little ugly, because he could also see that the power of this move was huge. If the magicians couldn't resist, then they would be planted here!

But the magic envoy smiled coldly, his face full of disdain, even though dozens of spells had surrounded him, the magic envoy didn't even have a trace of panic, and didn't even move the place!

"You dare to fiddle with me in front of me with this little trick of the worm, I really don't know whether to live or die..."

After that, I saw the magic envoy swipe lightly, and this swipe didn't even have a breath, and even everyone couldn't feel the power in it!

Seeing this scene, everyone didn't know what the magic envoy was going to do, and even David didn't understand what power the magic envoy had with a gentle wave!

But at this time, Hu Mazi, who was already close to the magic envoy, changed his face greatly, because he could really feel the overwhelming pressure, like a mountain coming towards him!

In his eyes, the gentle wave of the magic envoy is enough to move mountains and fill the sea, but other people can't feel it!

From this, it can be seen that the strength of this demon is terrifying!

Immediately afterwards, everyone saw that Hu Mazi's body flew backwards like a kite with a broken string, and the dozens of spells burst and burned in an instant, turning into ashes directly, and were blown away by the wind without a trace. !

And from the beginning to the end, the magic envoy stood still, just waved his hand lightly!

"Master Hu..."

"Old Hu..."

David and Zhou Jie rushed up!

Zhou Jie's eyes were full of worry, she stepped forward and hugged the sesame seeds tightly, tears streaming out!

"Cough cough cough..."

Hu Mazi coughed twice, and then said to David: "David, this magic envoy is too powerful, find a chance to escape, you are not his opponent!"

David slightly Frowning, although he knew that the demon was powerful, he couldn't let these people occupy the altar. In that case, it would be even more impossible for him to rescue Sonya!

"Master Hu, you can watch at ease, don't worry about it..."

David finished speaking and said to Zhou Jie, "You can help Master Hu back to the palace..."

Zhou Jie nodded and wanted to help Hu Mazi to leave, but Hu Mazi didn't leave, and said to Zhou Jie, "I'm fine, I can't die. With a beautiful woman like you, how could I be willing to die and let me stay..."

Zhou Jie saw that Hu Mazi really didn't His life was in danger, and he couldn't help but give him a blank look: "It's all like this, there's no serious one..."

David took out the Dragon Slaying Sword and looked at the magic envoy coldly.

But just when David was about to attack the demon, a group of people suddenly launched a suicide attack towards the demon!

The most obvious feature of these people is the bald head!

Chapter 1975

David could tell at a glance that this was the Eighteen Arhats brought by Hong Qianjiu!

Hong Qianjiu regarded these 18 Arhats as his trump card, so he never touched them. This was just a little secret in Hong Qianjiu's mind!

He just thought that after the war, he still had a power to fight!

Now that the two sides are at a stalemate, Hong Qianjiu decided to let the Eighteen Arhats take action, and then snatch the altar!

And these eighteen Arhats are also dead servants of the Hong family, so no matter how powerful the enemy is, as long as there is an order, they must attack!

Facing the sudden arrival of the Eighteen Arhats, the magic envoy still had a calm expression on his face, he was single behind his back, and his whole body was like a rainbow, and he didn't pay attention to these people at all!

David was also a little surprised, why did Hong Qianjiu send 18 Arhats to die when this demon was so powerful?

But soon, David understood!

I saw that the eyes of these eighteen arhats were full of sternness, and the blood of their bodies soared, and even the clothes on their bodies were torn, revealing their sturdy skin!

Blow up!

It turned out that the Eighteen Arhats planned to self-destruct and use this method to deal with the magic envoy.

Everyone was shocked. You must know that these eighteen Arhats are all in the middle stage of the Great Marquis, and they still have the strength in the later stage!

This kind of self-destruction of strength is no different from a bomb!

What's more, there are so many people who self-destruct together, the power can be imagined!

"Back..."

Hong Qianjiu shouted loudly, and then everyone backed away.

Because of the power brought by the self-destruction, I am afraid that the whole mountain will be blown up!

"You guys go back..."

David hurriedly yelled at Hu Mazi and the others!

When Hu Mazi and Ge Fuhai saw this, they also stepped back one after another!

"Evil envoy?"

Ning Zhi looked at the demon envoy in shock!

They dare not leave without permission!

The magician waved his hand: "You guys also step back..."

"But you..."

Ning Zhi wanted to ask the magician if he could resist the self-destruction of these people!

"Don't worry, just these people, can't do anything to me..."

The corner of the magician's mouth raised, his face full of disdain!

Seeing this, Ning Zhi hurriedly stepped back with four black gold robes!

Soon, under the entire hill, everyone ran far away, only David was still standing there, as if waiting for something!

Just when the Eighteen Arhats were about to rush to the Demon Envoy, the Demon Envoy finally moved, and when the Demon Envoy flickered, he suddenly waved his palm!

A gust of wind blew up in an instant, and the two Arhats were instantly blown high up!

Pfft...

In mid-air, the bodies of the two Arhats were like bombs in an instant, bursting, blood and flesh flying, the whole sky was filled with the smell of blood, and the broken limbs fell like rain!

A faint mist surrounded David, instantly isolating the rain of blood...

and the magic envoy kept waving the palm of his hand, and hurricanes blew the eighteen Arhats out, and then blew up in mid-air!

David knew that the opportunity had come, and the magic envoy finally left the altar!

I saw David holding the Dragon Slaying Sword and suddenly rushed towards the altar!

The Dragon Slaying Sword kept making a humming sound, and David's body erupted with endless momentum!

"cut....."

David slammed down, and the Dragon Slaying Sword slashed on the altar!

I saw a burst of light from the altar, followed by a huge anti-shock force, which instantly knocked David out!

And the altar was intact, and there was no damage at all!

David was surprised. He had to know that his Dragon Slaying Sword was a spirit sword, cutting iron like mud, but he didn't know what material this altar was made of. It was so hard and it contained so much power!

At this time, the magic envoy has already flashed and returned to the front of the altar, and all the eighteen Arhats self-destructed in the air, and did not cause damage to the magic envoy!

Chapter 1976

Hong Qianjiu looked at the Eighteen Arhats who had already become minced meat, and felt distressed in his heart. He did not expect that the strength of the magic envoy would be so terrifying!

"Boy, just because of your ability, you want to destroy the altar. It's just wishful thinking. I tell you, this altar is made of Kunlun cold iron. If you can destroy it, wouldn't it destroy Kunlun. What is your name!" The

magic envoy looked at David with a sneer.

"Since I can't destroy the altar, then I will destroy you..."

David's eyes burst with light, and he stared at the demon!

The magic envoy was looked at by David, and he felt an uncomfortable feeling all over his body. He didn't know why, David was just a great Marquis, how could he put pressure on himself?

Now he has borrowed the power of the altar to be reborn, and his strength is much stronger than when he was a soul, but looking at the light in David's eyes, the magic envoy still feels very stressed!

"Go to hell..."

David roared and rushed over.

As soon as he stepped on it, it was like Li Jian who was unsheathed, and shot out towards the demon, and the spiritual power in his body was also spinning wildly!

David's whole body is constantly rising with breaths, and the terrifying sense of depression can be felt by everyone even if they are far apart!

Ning Zhi looked at David and felt the breath emanating from David's body, the whole person fell into a sluggishness. At this time, David was like a giant beast, more terrifying than the breath of the peak of the Great Marquis!

But even so, do you dare to attack the demon in your stomach?

You must know that the eighteen Arhats just blew themselves up, and they were not able to hurt the magic envoy one bit!

David, an eighth-rank Great Marquis, can defeat the magic envoy?

No one believes that David can win!

"David, you are too crazy. These rubbish in the secular world makes you feel invincible. Today I will let you know yourself again!"

The magic envoy sneered, although David's breath is indeed strong, and has surpassed the strength of the peak of the Great Marquis, but so what?

In order to strike David, the magic envoy put one hand behind him, and then slowly pushed forward with the other hand, a ferocious aura rushed towards David!

He wants to let David know that with one hand, he can make David kneel and beg for mercy!

In the face of such contempt and arrogance from the possessed envoy, David was not angry. The more the other party was like this, the more chance David had. Even if it was not low, David had enough information to protect himself!

David suddenly swung out a sword, and the sharp and majestic sword energy flashed light and bombarded the magic envoy!

The demon sneered all over his face, still carrying one hand behind his back, he did this to undermine David's self-confidence, and also to kill chickens and warn monkeys, so that everyone could see!

At this time, David's face was indifferent, and his attention was on his own dragon sword.

Boom.....

The sword qi slammed together with the palm wind, and the burst of breath blew like a hurricane. Even if everyone was separated by a hundred meters, they could feel the power!

And the collapsed hills, even more rocks flying, collapsed again!

With this sword, the power of the dragon in David's body was like a beast, and it burst out at once, and the raging breath collided with the wind of the devil's hand.

But this first contact and collision made the devil's face change slightly!

He originally thought that he could easily knock David into the air, but now he found out that David's sword was also extremely powerful.

Even compared to the newly promoted Martial Saint, there is nothing worse than that!

This time, the demon's face was very ugly. I wanted to pretend to force David to teach a lesson, and at the same time knock the mountain and shake the tiger, but this time I fell!

And David's face is not good-looking at the moment, he has almost exhausted his strength just now, but the magic envoy still has his hands on his back, so he easily resisted it!

Chapter 1977

It seems that there is still a huge gap between the two!

"David, I have to admit, you are the strongest person I have ever seen in the secular world!" The

magician slowly took out the hand he was carrying behind him.

"Stop talking nonsense, let's do it..."

David said coldly!

It's just that David's attention was not on the magician at this time. What he needed was to destroy the altar or stop the recovery of spiritual energy.

Through the observation just now, David knew that the recovery of spiritual energy was caused by the beam of light that the altar shot into the air. If the light could be blocked, maybe the recovery of spiritual energy would stop!

"Boy, you're courting death..." The

demon's eyes narrowed slightly, a stern light flashed, and then a terrifying aura erupted from his palms!

This time, the demon made a killing intent, bursting out the cultivation base of the whole body, and slapped David with a palm.

David's face changed when he saw the magic envoy slapped with a palm, the breath of death came in a flash, and the breath became more and more hot, and in David's eyes, it was like a big mountain was pressing towards him.

But just when the breath of death was about to erupt, David's figure suddenly flashed, the whole person seemed to have pierced through time and space, and his body instantly appeared on one side!

Boom.....

This palm shot directly into the air, and then the ground shook, and a large pit of nearly ten meters was bombarded in an instant.

Everyone looked at the big hole that had been bombarded, and their faces were extremely ugly. If this hit someone, even if David's body was strong, he probably couldn't bear it!

This palm hit the air, and the magic envoy was stunned for a while, and then a dignified color flashed in his eyes!

However, David ignored him, but instantly activated his indestructible golden body, his whole body was wrapped in golden scales, and then he jumped up, followed by a sword towards the altar!

"Hmph, I said, you can't destroy this altar."

Seeing that David wanted to destroy the altar, the envoy snorted coldly.

However, this time David did not want to destroy the altar, but to cut off that beam of light!

After the sword was slashed, I saw that the light was instantly cut into two sections, but soon the light shot into the air again!

You must know that this light cannot be cut off unless there is something to block it!

Brush brush...

It's three swords again, the light of the Dragon Slaying Sword in David's hand begins to dim, even if David injects the power of the dragon again, unfortunately it can't stop it!

It seems that the sword spirit in this Dragon Slaying Sword is damaged, after all, the intensity of this light can be imagined.

"Hahaha, David, you must be stupid. You want to use your sword to cut off the light that communicates between heaven and earth. How is that possible..."

"Unless you have something stronger than your flesh to block the light, you will Don't try to stop the aura from recovering." The

envoy saw that David didn't want to destroy the altar, but wanted to cut off the light!

That was ridiculous, how could light be cut off unless something blocked it.

The Demon Envoy's words reminded David of the blood demon fleshly body in his storage ring!

The Gorefiend's body is much stronger than himself, and he will definitely be able to block this light!

Thinking of this, David directly took the Gorefiend's body out of the storage ring!

Seeing that David actually took out a corpse out of thin air, many people were shocked. After all, many people did not know the existence of the blood demon fleshly body!

And when the demon envoy saw David taking the body of the blood demon, a burst of excitement and excitement rose in his heart, but he deliberately kept his face straight and showed a panicked look!

David threw the Gorefiend's body on the altar, and sure enough, the Gorefiend's tyrannical body instantly blocked the light!

The overwhelming spiritual energy also faded a lot at this moment!

Seeing that David had been fooled, the magic envoy was very excited, and suddenly bursts of white light began to appear on the palm of his hand. David did not dare to be careless, and hurriedly put away the Dragon Slaying Sword, ready to receive the palm of the magic envoy.

Chapter 1978

"The Palm of Moruo..." The

magician shouted loudly, the breath of the whole body exploded instantly, a gust of wind roared, and the sky became dark in an instant.

Soon, a palm like a hill fell from the sky and went directly towards David!

David's whole body was covered for 100 meters. This time David was thinking about dodging in an instant, it was almost impossible!

Everyone looked in shock at the hill-like palm in front of them, and they were all stunned!

One by one, they continued to step back, and they could feel the breath brought by that palm!

Just this terrifying palm, even the Martial Sage, would not dare to say that he has the ability to bear it.

Lu Chang's face was extremely ugly. He never imagined that the demon cultivators in the mundane world would actually have such terrifying strength!

"David..."

Ge Jiayi exclaimed, clasping her hands tightly together, sweat on her palms, she was worried about David!

David was shrouded in this palm, and his face was full of grimness, and the cold light in his eyes kept flickering. He knew that it was the most important thing to be able to resist this blow.

“Holy Light Fist...”

David also shouted, and a golden fist flashed into the air in an instant!

But just as the fists were about to collide, the two terrifying auras suddenly disappeared!

The magic envoy looked at the air in shock, with an incredible look on his face!

Also inconceivable is David. His Holy Light Fist also contained all his power, but it disappeared without a sound!

Just when both of them were confused, they heard a crisp cracking sound!

kaka.....

David and the magic envoy all followed the sound, and suddenly found that the original hard altar began to crack at this moment!

And the Gorefiend’s body actually stood upright at this time, and the whole person was wrapped in light!

Crash....

The altar shattered instantly, the light disappeared, and the Gorefiend’s body was standing upright at this time, and his body began to emit aura!

David looked at the scene in front of him and was stunned for a moment, not understanding what happened!

On the other hand, when the magician saw this, he was instantly surprised and hurriedly knelt to the ground!

“Disciple pays respects to Lord Gorefiend...” The

demon envoy bowed, and Ning Zhi immediately ran over in four black and gold robes and knelt down in front of Gorefiend!

At this time, the Gorefiend was still floating in the air, motionless, but there was light in his eyes!

“What the hell is going on?”

David frowned!

“Hahaha, David, you were deceived by me. I told you on purpose to use something to block the light of the altar, because only in this way will you release the blood demon’s body, and the blood demon can use the aura to revive The power of the rebirth!”

“Hahahaha... the blood demon is resurrected, the whole world is ours, you all are going to die, all of you are going to die...”

The demonic envoy laughed frantically.

After David heard this, his whole face became extremely ugly. He didn’t expect that he would actually follow the words of these guys.

“I will never let him revive...”

David’s eyes narrowed, and he planned to destroy the Gorefiend’s body directly!

But David hadn’t done it yet, and a domineering aura that broke through the sky instantly enveloped the entire Penglai Island!

I saw the Gorefiend suddenly raise his hand, and the sea in the distance actually set off a huge wave!

With this breath, David fell to the ground with a thud, and even other people who were far away fell down one after another!

Some people with low strength were crushed alive after this breath!

And the Gorefiend just raised his hand lightly, and such terrifying power erupted.

“The disciple welcomes the rebirth of Lord Gorefiend...” The demon’s whole body was shaking with excitement.

The Gorefiend slowly fell from the air, just glanced at everyone with his eyes, so people felt unprecedented pressure!

I saw that the Gorefiend had no expression, everyone lowered their heads, and no one dared to look directly into the Gorefiend’s eyes!

Only David raised his head and looked at the Gorefiend!

Gorefiend also looked at David, but there was no anger in his eyes.

Chapter 1979

“The arrogant dragons really won’t bow their heads, but it has only been thousands of years. When did the son of the dragon become so weak?”

Gorefiend looked at David with some doubts in his eyes!

“You said I’m a dragon?” David asked quickly when he saw the Gorefiend say so.

David was a little excited at this time, maybe he could know his identity from the mouth of Gorefiend, and even know who his father is!

But the Gorefiend shook his head: "You are not a dragon yet, how could a real dragon be as weak as you."

"But the Holy Light Fist you used just now is good, it is the old devil's unique skill, how can you learn it? To this authentic Holy Light Fist?"

Gorefiend asked David.

"Old devil?" David didn't know what the old devil was. He only learned the Holy Light Fist in the Town Devil Tower. At that time, there was a wisp of the soul of an old man, and he finally left!

It's just that David doesn't know the identity of this old man, let alone what kind of old devil he is!

David told the Gorefiend about his learning of Shengguang Fist, but the Gorefiend laughed out loud!

"Hahaha, this old guy, a remnant of his soul was suppressed in the tower, even worse than me..."

Although the Gorefiend laughed, he could see that his relationship with the old man should be very good!

"Since you saved the old devil, and the old devil passed on your Holy Light Fist, it proves that you are his disciple. Now that I have been reborn, you can make a request, and I will repay you for the old devil."

Gorefiend said to David.

At this time, the Gorefiend had already restrained the breath on his body, and everyone no longer felt the pressure, and got up one after another!

Gorefiend's words made David unprepared for a while, and he didn't know what to ask for!

This time, the demon envoy on the side was frightened. If David suddenly made a condition to let the blood demon kill them all, wouldn't they have no bones left?

"Lord Gorefiend, this son is the enemy of my demon race, you can't do this..."
The

demon envoy hurriedly stopped the Gorefiend!

"Who are you?" the

Gorefiend asked.

"The disciple is from the Demon Heart Sect." The Demon Envoy said quickly.

"Devil Heart Sect?" Gorefiend frowned!

"We are a branch of the Heavenly Demon Sect." The

Demon Envoy knew that the Gorefiend must not know about the Demon Heart Sect, so he hurriedly explained.

"Hmph, what kind of thing is Tianmozong, you are a branch, and you dare to call yourself a demon..."

Gorefiend snorted coldly, but ignored the demon envoy, and said to David:
"Young man, think about what you want. Is it?"

"Lord Gorefiend, can't..." The

demon envoy wanted to persuade, but the Gorefiend suddenly turned his head and glanced over!

With just this look, the Demon Envoy flew out like a kite with a broken string, and slammed into a boulder!

The boulder shattered, and the demon wailed in pain!

“Master Demon Envoy...”

Ning Zhi ran over with the four black gold robes, but saw that the Demon Envoy’s body was already like mud at this time. With such a serious injury, if it were an ordinary person, he would have died long ago!

“Blood... Gorefiend...” The

demon pointed at the Gorefiend and seemed to want to say something, but before he could say it, he passed out!

When everyone saw this scene, they couldn’t help but take a deep breath!

You must know that the eighteen Arhats just blew themselves up and couldn’t do anything to the demon, but this blood demon, with one look, made the demon look like this!

“That’s it, you still call yourself a Demon Race, you’re just embarrassing my Demon Race...” The

Gorefiend snorted coldly, then stretched out a hand and grabbed it in the air!

The four black gold robes all trembled, and then four black shadows escaped from the bodies of the four black gold robes!

The four black shadows are simply escaping in four directions!

This is the soul in the body of the four black gold robes, and these souls are also from the Demon Heart Sect!

Chapter 1980

Seeing that the four souls were about to escape, I saw the Gorefiend squeeze lightly, and soon the space in front of everyone began to distort!

The escape route of the four souls was blocked in an instant, and the Gorefiend actually regarded the space as a burden, constantly rubbing it, and the four souls were trapped in the space.

“This...this...”

David was stunned when he saw the scene in front of him. He couldn't imagine how terrifying the Gorefiend's strength was!

The four souls struggled constantly, but they soon turned to ashes and disappeared directly!

And the breath of the four black gold robes also weakened a lot in an instant, and they fell directly from the Martial Saint to the strength of the Great Marquis!

“Using this kind of soul possession technique is extremely shameful...”

Gorefiend looked disdainful!

Ning Zhijian hurriedly left with the four black gold robes and the magic envoy!

They don't dare to stay any longer. If they stay, even if the Gorefiend doesn't kill them, David will let them go.

After Ning Zhi and the others ran away, the Gorefiend turned his attention to Ge Yuhan!

Because at this moment, only Ge Yuhan's body and the soul of the Holy Maiden of Guanghan Palace are living in the body!

Feeling the Gorefiend's eyes, Ge Yuhan was so frightened that he quickly ducked back!

But it was useless. Seeing a light flashing in Gorefiend's eyes, Ge Yuhan only felt dizzy, and his soul suddenly escaped from his body!

The Gorefiend grabbed the soul of the Holy Maiden of Guanghai Palace.

Seeing this, David was so frightened that he was about to speak, don't let the Gorefiend kill him, but the Gorefiend was stunned, looking at the soul and said, "You are actually from Guanghai Palace?"

"Yes, I am. A saint of Guanghai Palace, our Guanghai Palace was attacked by your demons, and finally I escaped from Guanghai Palace, but only a ray of soul survived."

The soul of the Holy Maiden of Guanghai Palace glared at the Gorefiend and said.

Their Guanghai Palace and the Demon Race are inseparable!

"Hmph, it's the demons who took the blame again. In order to find out the reason for the war between

gods and demons, this old man was plotted and had to seal himself here." The war has caused the whole world to collapse, order collapsed, and make a mess, doesn't anyone think about

the reason?" Gorefiend said angrily.

When David heard it, he said with a face full of surprise: "Senior Gorefiend, is there any secret in the battle between gods and demons?"

David had only heard of the battle between gods and demons, but why did it happen? unknown!

"You are an ordinary person now. What's the use of telling you? Since I have been reborn, I must investigate the matter clearly, and I must not let the demons take the blame.

"The seal of the seal, the suppression of the suppression, I want to seek justice for the Demon Race."

The aura of the Gorefiend began to rise, and the people around were so frightened that they retreated into the distance!

David looked at the Gorefiend and felt that the Demon Race might have been wronged.

If it is not a demon, it must be heinous, like the Demon Sect, many of the sect disciples are good!

The soul of the Holy Maiden of Guanghan Palace no longer made a sound at this moment.

"Ah..."

Suddenly, Ge Yuhan suddenly screamed!

Originally lacking the soul, and having been possessed by the soul for so long, now the soul suddenly leaves the body!

Ge Yuhan's body couldn't take it anymore, after screaming, Ge Yuhan fell directly to the ground!

"Miss Ge..."

David was shocked when he saw this!

You must know that Ge Cangsheng gave his daughter to David in the hope that David can restore Ge Yuhan. If there is an accident, David does not know how to explain it to Ge Cangsheng!

But just when David was about to run out to check, he saw the Gorefiend beckoning, and Ge Yuhan's body was in front of the Gorefiend in an instant!

The Gorefiend just glanced at it, and gently stroked Ge Yuhan's head with his palm, Ge Yuhan opened his eyes instantly!
