## Novel

### Chapter 2273

Seeing this, Jin Yuan knew that if he led someone to chase him, he would not be able to beat the flame tiger at all, so he could only obey Lu Chang and get out of here as soon as possible!

"Mr. Chen, let's go quickly, or I'm afraid that the flaming tiger will summon the beast swarm soon!"

Hou Zhen urged David!

David nodded, and then everyone began to retreat, planning to leave this monster mountain range!

But just as everyone walked not far, they felt the earth tremble, as if some terrifying force was approaching!

David's face instantly became extremely ugly, and there was a bit of panic on his face!

"The beast tide, that flaming tiger summoned the beast tide..."

Lu Chang felt the shaking of the earth, his face changed greatly!

"Run, run..."

Jin Yuan was also scared at this time, shouting to run away!

"It's too late, we have to form a defensive wall as soon as possible, otherwise we will not survive the impact of this wave of beasts!"

David felt the fierce beast tide and stopped Jin Yuan and said!

"Just us people, what kind of defense can we form, or we should run for our lives quickly, if we can run away one is one..."

How could Jin Yuan listen to David.

However, Lu Chang's body rose up into the air, and when he saw a hazy area not far away, and the trees fell down, his face changed dramatically when it swept in like a monstrous wave!

"It's too late, the beast tide is coming soon..."

Lu Chang said with a pale face!

At this moment, everyone can also feel that the tremor of the earth is getting more and more serious, and the terrifying breath is constantly emitting!

"Since I can't escape, what should I do?"

Jin Yuan panicked, and he began to regret coming here, regretting going so deep into the Monster Beast Mountains!

Lu Chang put his eyes on David. Although David's strength is not the strongest, at this juncture of life and death, they can only see what David has cracked. Method!

"Everyone is surrounded, don't spread out!"

After David finished speaking, he began to draw some special symbols with branches on the surrounding ground!

"Formation? I didn't expect this guy to be a magician?"

Jin Yuan looked a little surprised when he saw the symbols drawn by David!

Soon, the special symbols drawn by David began to shine.

David did not stop, but continued to describe the formation, and the formation pattern was carved on the surrounding trees, and soon this area was all connected!

A whole ray of light enveloped David and the others, which also gave many people some psychological comfort, not so nervous anymore!

And David looked at the magic circle he laid, but he was not too happy, because he knew that the magic circle would not last long!

The only thing the magic circle can do is to block the first wave of the beast tide, because the first wave of these beast tides is the most powerful!

"Mr. Chen, I didn't expect you to be an advanced formation master. What's the name of the formation you created? Can you keep those monsters out?"

Hou Zhenman asked David excitedly.

"My formation can only block the first wave of attacks from the beast horde. Next, it depends on your own abilities."

David said truthfully!

Hearing what David said, everyone's originally relaxed mood became tense again!

"It's enough to block the first wave of attacks. After all, the first wave of the beast tide is the most terrifying."

"I believe this beast tide will not last long, and the strength of these monsters will not be very strong, after all, it's just that flaming tiger. The summoned ones should all be low-level monsters!"

"As long as we unite and don't spread out, we should be able to resist the attack of this beast horde."

Lu Chang said at this time.

In this time of life and death, we must unite as one...

## Chapter 2274

Jin Yuan also took out his weapon at this time, his eyes sternly said, "It seems that we can only fight, whether we can survive or not depends on good fortune..."

This is the end of the matter, and they can only do their best!

Everyone was in full preparation, their eyes fixed on the front, and the earthquake was shaking more and more, and everyone could feel the breath of death blowing towards them!

"Roar..."

Accompanied by a roar of monsters, all monsters roared, and the roar shook the sky.

Fortunately, these people are all powerful. If their strength is lower, I am afraid that this roar can shock them to death!

David raised his hands slowly, and rays of light rose into the sky around the crowd, followed by a breath of air falling from the sky, sweeping towards the surroundings!

Everyone felt the powerful aura of the formation, turning the surrounding into a copper wall and an iron wall, and their hearts were shocked!

"The power of this magic circle, I'm afraid it will take a long time to break it..."

Lu Chang said with emotion as he looked at the magic circle that was flowing with aura!

Lu Chang sighed that David's strength has actually improved a lot. When he was on Penglai Island, David's strength was still very weak at that time, but now he is so strong!

"Although this magic formation is strong, it can only block one attack from the beast tide. It doesn't seem to be very powerful!"

Jin Yuan snorted coldly!

Jin Yuan's words attracted the eyes of many people. He obviously relied on other people's magic circle to save his life, but he was talking slander!

"Jin Yuan, this magic circle is not very powerful, don't stay in it, you should go out, let me see how you, the eldest son of Jin, have slaughtered the beast tide!"

Ge Yuhan was very displeased. Jin Yuan said.

Ge Yuhan's words made Jin Yuan's face turn red and white, embarrassing!

At this time, David stood up and said with a serious face, "Everyone, now that the beast tide has arrived, we must unite as one to have hope of surviving, so I don't hope that during the battle, some people will shrink in order to preserve their strength. forward."

David said this to that Jin Yuan. If Jin Yuan does not do his best to preserve his strength, then they will be in danger!

"Don't worry, at this time of life and death, who would dare not do their best, isn't that courting death!"

Lu Chang said to David!

"Okay, then let's wait for it..."

After David finished speaking, the Dragon Slaying Sword in his hand hummed, exuding endless fighting intent!

Everyone was infected by David, and they all gritted their teeth, their eyes were fierce, and they were ready to fight to the death!

Just as everyone was waiting, the trees in front of them began to fall down one after another, and countless monsters had already rushed over!

These monsters are huge, each with their teeth and claws showing their long fangs!

When these monsters were exposed in front of everyone, some people were unconsciously nervous, and their bodies were trembling slightly!

Because there are too many monsters, thousands of them, and the blackness is overwhelming. If there is no blocking of the magic circle, I am afraid that this wave of shocks can trample all of them to death!

Boom.....

The monster that rushed in front finally collided with the formation, and then came to an abrupt stop and was directly bounced out!

The monsters followed closely behind, constantly hitting the formation!

Bang bang bang ...

A loud bang continued to sound, and everyone watched nervously as those monsters couldn't stop, and they all collided with the formation!

Many monsters were knocked down and then trampled to death by other monsters!

The monster in front wanted to stop, but the monster behind was still rushing forward, so it kept hitting the formation!

Soon, there were dead monsters around the formation, but the constant flow of monsters was still rushing forward!

Everyone held their breaths, holding weapons in their hands, and staring at the monsters that were close at hand!

The brilliance of the formation is getting dimmer and dimmer. Everyone knows that the collapse of the formation is only a matter of a moment!
