Chapter 2343 – 2344

Chapter 2343

After listening to Yao Qing's words, everyone fell silent!

At this time, it is enough for them to deal with one Chunyang Sect. If the Burning Heaven Sect also gets involved, it will definitely cause losses to other sects!

When everyone was silent, Bao Yukun from the Alchemy Sect spoke.

"I don't think what Yao Qing said is unreasonable. Anyway, this secret realm is big enough, as long as they don't practice sorcery in the future.

", so that we don't have to make a move, so as not to lose our tongue!"

Bao Yukun was speaking for Yao Qing!

"It's a good idea to let the Burning Heaven Sect destroy the Pure Yang Sect!"

Tong Haiyang said!

Although the strength of the Pure Yang Sect is not strong, if the Pure Yang Sect is really destroyed, there will still be losses. No one wants to do such a thing. After all, if it is spread in the future, the reputation will be bad!

Now that an evil sect like the Burning Heaven Sect destroys the Pure Yang Sect, it is normal. Even if the news gets out, everyone will scold the Burning

Heaven Sect angrily, and it doesn't matter if they follow other sects in the hidden world!

"Yao Qing, you are asked to destroy the Pure Yang Sect, can you agree? If you destroy the Pure Yang Sect, the Burning Heaven Sect can take the place of the Pure Yang Sect!"

Leng Wudao asked.

"No problem, pure Yangzong, I will kill him with a wave of my hand."

Yao Qing nodded!

"Well, after you destroy the Pure Yang Sect, let's discuss hunting monsters and dividing up the territory!"

Leng Wudao said.

Yao Qing's figure began to fade away, and finally disappeared!

If Leng Wudao knew that his son was killed by the Fentian Sect, he wondered if he would agree to Yao Qing!

.....

David is still unconscious on the top of the mountain!

The giant lion has been waiting by his side, never leaving a step, but this made the old man attached to David's body very anxious!

He has to quickly find the place marked on the treasure map, let his soul find it here, and then he can tear time and space and return to the world of heaven and man!

As long as he returns to the world of heaven and man, he will be able to reshape his physical body and come back to life!

But now that David is unconscious, he can only be anxious!

At this time, the mark of fire and phoenix on David's forehead began to flash slowly, followed by a ball of golden light rising slowly, and finally turned into a phoenix, swimming around David!

A vast aura emanated from the fire phoenix, and the giant lion who had been guarding the side, after seeing this, hurriedly bent down and let out low growls, with panic in his eyes.

Immediately afterward, the ground began to tremble, and countless powerful auras began to gather towards the top of the mountain one after another!

Roaring, roaring, one after another!

Not long after, hundreds of monsters all ran over, and all the monsters lay down on the ground with panic in their eyes.

Flaming its wings, the fire phoenix flew over the heads of these monsters, and these monsters were so frightened that they didn't even dare to lift their heads!

I saw a ray of light emitting from the top of each monster's head, and then hundreds of rays of light converged on Huofeng's body!

In an instant, the fire phoenix spread its wings and shook a few times, and in an instant, bright golden lights shot up into the sky, illuminating the entire mountain in an instant, like a round sun!

Hundreds of monsters felt the aura emanating from Huofeng's body, and each of them trembled. Even if Huofeng was absorbing the power of these monsters' beast pills, none of them dared to resist!

The earth trembled and the light shone brightly. On the top of the mountain, there were countless monsters crouching in darkness. If anyone saw this, they would probably have died of fright.

You must know that these are all monsters of the Martial God level, and there are even a few monsters that have reached the peak of the Martial God, and they are about to break through the Martial Emperor!

Even if all the people from the three sects and six sects of the hidden world came, they would turn around and run away in fright when they saw the scene in front of them!

Chapter 2344

“What’s going on on the top of the mountain?”

Someone saw a golden light on the top of the mountain, and a very terrifying aura kept coming from the top of the mountain!

The people from the three sects and six sects all looked up at the strange scene on the top of the mountain!

“It’s such a powerful breath. Could it be that there are more advanced monsters on the top of the mountain?”

Leng Wudao frowned slightly.

“I can still feel this aura from such a long distance. It seems that this should be the king of monsters, and his strength is definitely higher than that of the Martial Emperor!”

Tong Haiyang also had a very serious expression on his face!

If it is said that there are such powerful monsters in the secret territory, then they have to be careful, and when dividing the territory, they must stay away from them. Maybe they will be wiped out by a monster at that time, then It’s not worth the candle!

"It seems that we have to be careful when hunting monsters. I didn't expect there to be such a high-level monster in this secret realm!"

Leng Wudao sighed!

But at this moment, on the other side of the mountain, Qu Yunchang looked at the golden light on the top of the mountain, felt the terrifying aura, and his whole face became a little ugly!

"Such a terrifying aura, it seems that there is a beast king on the top of the mountain!"

After Qu Yunchang finished speaking, he originally planned to go up to the top of the mountain, but chose a new path. He didn't want to be the food of the beast king!

.....

The fire phoenix on the top of the mountain, after absorbing the power of the beast pills of those monsters, circled around David twice, and then turned into a golden light again, hiding on David's forehead!

The fire phoenix disappeared, but those monsters were still lying on the ground, not daring to move at all. The strength of these monsters had obviously dropped by a level, because part of their strength was absorbed by the fire phoenix!

Immediately after the golden light entered David's forehead, a force began to revolve around the dragon crystal on David's chest. The power of the dragon in David's body also merged with this force, and soon fused together to form a A mighty force!

"Cough, cough..."

David coughed twice, and slowly opened his eyes!

When David opened his eyes, the first thing he saw was the blue sky.

"Where is this place? Am I not dead?"

David frowned slightly. All he could think of now was to fight with the short man in the end, and finally passed out!

As for what happened next, David didn't know anything about it!

After lying down for a while, David found that the power of the dragon in his body had become stronger, and there was no suppression at all!

Immediately after clenching his fists, David found that his strength had recovered, and he no longer felt that he couldn't use his strength anymore!

"Great, I finally recovered..."

David shouted happily, sitting up suddenly!

But as soon as he got up, he was instantly terrified by everything in front of him!

In front of him, there was a dense mass of monsters lying on their stomachs. There were all kinds of monsters, and one was huge, and the aura on his body was also very terrifying!

David was so frightened that he just woke up and almost passed out again!

David didn't dare to move while sitting, and didn't even dare to breathe!

But the hundreds of monsters in front of him were also motionless, not daring to breathe!

Both sides are afraid of each other, afraid of each other!

"You don't have to be afraid, these monsters have already become your younger brothers and won't hurt you." The

old man's voice sounded!

"What? Became my younger brother? What's going on?"

David was surprised, not understanding what happened!

"To be precise, these monsters are all your chick's younger brothers, so they are also your younger brothers." The

old man explained!

"Chick? What chick?" David couldn't understand!

"You guy, you don't admit it when you put on your pants? It's the fire phoenix you played with." The

old man told David about the matter, and David knew that it was the fire phoenix that stayed in his body. The power under him tamed these monsters!

Thinking about the monsters on the Monster Beast Mountain Range, they are much stronger than these monsters, and they are also subdued by Huofeng, so it is no problem to tame these monsters in front of them.
