## Chapter 2466

"Da Neng, you... what do you mean? Do you want to sacrifice the six of us to improve Ning Zhi's strength?"

Yu Qian was a little panicked, and asked with a trembling voice!

"You think too much, how could I sacrifice the six of you..."

Da Neng said with a slight smile.

When they heard that they were not sacrificed to improve Ning Zhi's strength, the six purple-robed envoys were all relieved!

"I don't know who Da Neng will sacrifice to improve Ning Zhi's strength?"

Yu Qian asked.

"I just want to sacrifice your subordinate disciples. You all control your own secret realms now, and there are no fewer than tens of thousands of disciples under your command."

"As long as Ning Zhi absorbs their strength improvement every day, I believe that after the spiritual energy recovery When the formation is activated, then David will definitely not be Ning Zhi's opponent..."

Da Neng said!

Upon hearing this, the six purple-robed envoys all gasped!

It turns out that Da Neng wanted to sacrifice their disciples. You must know that their disciples have also followed them for many years. If these disciples are gone, they will become bare commanders from the beginning.

"Da Neng, we..."

Yu Qian wanted to dissuade him, after all, none of them wanted to sacrifice their disciples!

But before Yu Qian finished speaking, Da Neng waved his hand and said, "I am ordering you, not discussing with you. Now you immediately call all your disciples over..."

"Remember, no one wants to play tricks, your relatives are still here."

After finishing speaking, Da Neng waved his sleeves, accompanied by a tremor in the void, and then a huge picture appeared, and he saw six purple-robed envoys imprisoned in a huge cage All loved ones!

Yu Qian's daughter Yu Jiameng was also among them. Although the six purple-robed envoys who saw this scene were full of anger, they dared not say a word!

They could only summon all their disciples to the secret realm of the Demon Heart Sect, and then watch helplessly as their disciples were sucked into a mummy by Ning Zhi every day!

Supported by the strength of these secret realm disciples, Ning Zhi's realm is rapidly improving. With the improvement of Ning Zhi's realm, his ambition and desire are also growing!

In the entire Demon Heart Sect, Ning Zhi didn't pay attention to anyone except for the great power, even the Demon Envoy, Ning Zhi would come and go as he wanted.

Just as Ning Zhi continued to improve his strength, David and the others were still waiting for Jian Lao to appear!

"It's already the tenth day, this sword master wouldn't have run away long ago with the dragon-slaying sword?"

Hu Mazi was a little impatient waiting!

"Impossible. Jian Lao is a spirit body. He cannot survive for a long time if he leaves Xijiantan."

Master Hammer shook his head and said!

"It's been such a long time, why don't you come out? When will this be?"

Hu Mazi asked anxiously.

In fact, David at this time is also very anxious. If he doesn't stop waiting, he doesn't know what will happen in the secular world, and he doesn't know how the Demon Heart Sect is doing now!

If calculated according to the time, it should be almost time to start the Spiritual Qi Recovery Formation!

While David and the others were waiting anxiously, suddenly the calm pool began to move!

I saw big bubbles starting to appear in the middle of the pool water as if the pool water was boiling!

Immediately afterward, a soaring sword aura emerged from the pool, and two dazzling rays of sword aura shot straight into the sky!

Then two sword qi fell slowly, and instantly transformed into a human form!

One of the sword qi is Jian Lao, and beside Jian Lao, there is a young girl, the girl is slim and graceful, her fair skin is as warm as jade, it is like a fairy descending to earth!

Seeing the girl who suddenly appeared, Hu Mazi's eyes straightened. This guy couldn't control himself when he saw a beautiful woman!

"Jian Lao, where is my Dragon Slaying Sword?"

David just glanced at the girl, then looked at Jian Lao and asked!

At this time, Jian Lao's hands were empty, and he didn't have the dragon sword, so David asked this!

## Chapter 2467

"Your dragon-slaying sword is here, this is your dragon-slaying sword..."

Jian Lao pointed to the girl and said!

David was stunned for a moment, looking at the girl in disbelief, why did his Dragon Slaying Sword suddenly become a girl?

At this time, the girl stepped forward and saluted David, "Master, I am the sword spirit Zhongli.

After receiving the inheritance of Jian Lao, I left the sword body and turned into a human body!" The brilliance flickered, and Zhongli turned into the Dragon Slaying Sword again, and it fell directly into David's hands!

Holding the Dragon Slaying Sword in his hand, David instantly felt that there seemed to be more power and aura in the Dragon Slaying Sword!

Moreover, the minds of David and Zhanlongjian are more closely connected, and every thought of David can be truly revealed on Zhanlongjian!

"Boy, you have absorbed a lot of sword energy, and now the sword energy is wasted in your body. Now I will send you a life-saving sword intent, which can save your life at a critical moment..."

"You send all the sword energy now In the Dao Zhanlong Sword, in this way, the strength of Jianling Zhongli can get a qualitative leap, and he can become your most powerful helper!"

Jian Lao said to David!

When David heard this, he sent all the sword energy he had absorbed in Xijiantan towards Zhanlongjian without hesitation!

A large amount of sword energy was conveyed into Zhanlongjian, Jian Lao put his fingers together, and shot a golden light into Zhanlongjian!

After a while, the sword energy in David's body was exhausted, and the old sword also stopped, but at this time, the old sword looked obviously tired!

At this time, the Dragon Slaying Sword in David's hand trembled, and then the sword spirit Zhongli appeared in front of David!

At this time, Zhongli's face was like a peach blossom, and his skin became more delicate, and on the center of Zhongli's eyebrows, there was a golden sword-shaped tattoo, which added a bit of color to Zhongli's appearance!

Looking at Zhongli's appearance, David was a little lost for a moment!

Seeing David like that, Jian Lao said, "Jianling Zhongli's body is now fused with a life-saving sword intent. Before the critical moment, you must not use it, otherwise you are afraid that the sword intent will backfire and hurt you."

David nodded, his eyes flickering with fiery color, with this sword intent, David was equivalent to having an extra life-saving talisman.

"Jian Lao, this sword spirit clock is so slim, I don't know if she can do other things that other girls can do besides helping fight?"

Hu Mazi asked Jian Lao!

Hu Mazi's words, although the words were relatively cryptic, but they all heard the meaning.

Jianling Zhongli blushed even more, and lowered his head shyly!

Jian Ling said with a faint smile, "Sword Ling Zhongli has now left the sword body and turned into a human form. She is a real woman with flesh and blood, so she can do everything a girl can do..."

"If David gets lonely at night, You can let Zhongli accompany you to spend the lonely night..."

David blushed when he was told, and hurriedly lowered his head and said, "Mr. Jian is joking."

Hu Mazi said enviously, "David, you have a good luck! It's so busy, there are so many beauties around me, and now I have such a beautiful sword spirit, and I can sleep with you, I'm so fu\*\*ing envious..."

"Haha, as the saying goes, beauties love heroes, even though David is young, He is light, but his strength is superior, he has a broad mind, and it is normal to have more beauties around him!"

Master Iron Hammer laughed!

After bidding farewell to Jian Lao and leaving Xijiantan, David planned to use the God King Bow to open the passage between the heavenly world and the secular world again, and return to the secular world, but was stopped by Master Hammer!

"David, you sent me to forge incomplete chapters, and I can't let you come to our Artifact Sect for nothing. I will take you to a place, and I promise you will like it..."

After finishing speaking, Master Hammer walked through the barren refining area. Qi Zong, crossed the Qingniu Peak, and then walked towards another mountain!

## Chapter 2468

David, Hu Mazi and Zhong Li followed behind, and Zhong Li was always snuggling by David's side like a bird!

Along the way, I saw the flax seedlings coming out...

Soon, David and the others came to the foot of the mountain, looking at the majestic mountain in front of them, David actually felt a different feeling from the mountain range. breath!

This kind of aura is different from aura, different from sword aura, it is a kind of aura that David has never felt before!

Master Iron Hammer noticed David's strangeness, and said with a slight smile, "This is Wujin Mountain, and there are some spirit ores in the mountain, and the reason why our Artifact Sect can forge all kinds of magical weapons is thanks to the spirit ores in this mountain." !"

"Without these spirit ores, even if we have the most advanced forging methods, we in the Artifact Sect will not be able to forge magical weapons. As the saying goes, a clever woman can't cook without rice."

"The spirit ores in Wujin Mountain are very difficult to mine. Until the master of our Artifact Refining Sect was taken away by the Huomian Sect, we couldn't mine much spiritual ore, otherwise our Artifact Refining Sect would have created more magical weapons!"

Master Iron Hammer followed David to explain, and then led Follow David and the others to Wujin Mountain!

Soon, a pitch-black mine appeared on Wujin Mountain. The entrance of the mine was huge. Standing at the entrance, the strange aura became even more intense!

And around the mine, there are many scattered stones. These stones are obviously different from other stones. Each stone has a faint light of various colors, but the light is very weak!

David casually picked up a stone and held it in his hand, and then a breath entered into David's body, and the light of that stone dimmed, becoming extremely ordinary!

"These are spirit ores. Each kind of spirit ore is different. To create different magical weapons, the spirit ores required are also different."

"These spirit ores are now thrown away here because they contain less forging power. , so it is not suitable for making weapons, so I just throw it away."

Master Iron Hammer explained following David!

David looked at these spirit ores. If they could be taken to the secular world, they would be invaluable, but in the eyes of the Artifact Refining Sect, they were rubbish!

"Roar..."

Suddenly, there was a huge monster roar from the mine, which startled David and the others!

"Damn it, why are there monsters here?" Hu Mazi asked in surprise!

David also frowned slightly, because just now he only felt the forging power emanating from the spirit ore in the mine, and did not feel the breath of monsters!

Wouldn't it be dangerous to go in rashly?

After hearing the roar, Master Iron Hammer unexpectedly flashed surprise in his eyes and said, "It's been more than ten years, and the armor-piercing beast in the mine is still alive?"

After finishing speaking, Master Iron Hammer ran desperately into the mine. Go, David and the others followed closely behind.

After entering the mine, I saw several figures lying on the ground not far from the entrance of the mine, and these figures were still wriggling!

Roar...

Another roar sounded.

After Master Iron Hammer shot several rays of light, David and the others finally saw clearly that there were several armor-piercing beasts lying on the ground, and the armor-piercing beasts were covered with scales, but these originally golden scales became very gloomy!

These armor-piercing beasts were as thin as sticks, and their breath was very weak. The roar just now should have exhausted the last strength of the armor-piercing beasts!

Looking at the armor-piercing beast in front of them, David and Hu Mazi were all stunned!

And the Hammer master was full of shock and love, squatting down gently, stroking the head of an armor-piercing beast!

"It's been more than ten years, I didn't expect that you are still alive, it's a miracle, it's a miracle..."

Master Hammer shed tears as he spoke.
