## Novel

### Chapter 2506

The pure sword intent just now is the life-saving sword intent bestowed by Jian Lao. It will save David's life when David is in danger!

If there was no such life-saving sword intent, David would have become a flesh by now!

Seeing that David is still alive, Wen Haotian's eyes are full of disbelief, but he has no time to deal with David now, he has to stop Mr. Shi as soon as possible!

Wen Haotian slapped Mr. Shi with his palm, but Mr. Shi smiled faintly at him!

Immediately afterwards, the huge human face began to slowly dissipate, and finally disappeared without a trace!

"No..."

Wen Haotian opened his eyes wide and roared hoarsely, he was not reconciled, the plan for so many years had come to nothing!

"I'm going to kill you, I'm going to kill you..."

Wen Haotian roared angrily, he wanted to kill Mr. Shi immediately!

It's a pity that before Wen Haotian could make a move, his whole body shook, and then his body burst into flames.

Wen Haotian planted gossip imprints on that huge human face, and now that the face has disappeared, it is impossible for Wen Haotian to survive!

It only took a few seconds for Wenhaotian's body to burn completely, not even ashes left!

It's as if it just disappeared out of thin air!

At the moment when Wen Haotian disappeared, there were several unwilling cries from the depths of Huo Fenzong!

With the disappearance of the huge human face, the colorful rays of light on the copper coffin also slowly extinguished, and then the copper coffin also slowly disappeared!

At the same time, what is slowly disappearing is Mr. Shi's body. At this time, Mr. Shi's body is also getting weaker and weaker!

"Mr. Shi..."

Seeing this, David exhausted his last strength and jumped up to Mr. Shi's side!

He desperately wanted to catch Mr. Shi, but failed several times in a row.

"No, I can't let you die, I absolutely can't let you die..."

David looked at Mr. Shi who was slowly disappearing, and he seemed to be crazy. Burning around, so as to prevent Mr. Shi from disappearing!

But it was useless, Mr. Shi's body was still slowly getting weaker!

"No..."

David roared, tears gushing out!

Over the past few days, David has received a lot of care from Mr. Shi. At this time, David has already regarded Mr. Shi as his relatives!

Now seeing his relatives dying before his eyes, how could he not feel uncomfortable!

"David, you don't have to feel bad, we will meet again, you have to practice hard, I will wait for you..."

Mr. Shi said to David with a smile!

It seems that Mr. Shi is not afraid of his own death at all!

Under David's gaze, Mr. Shi's last figure also disappeared, and the whole sky returned to calm again!

And just after Mr. Shi's body disappeared, in a mansion deep in the mountains in the world of heaven and man, a middle-aged man who looked exactly like Mr. Shi opened his eyes in the study at this time!

The middle-aged man's face was very pale, and there was still a trace of blood dripping from the corner of his mouth!

"Mr. Shi, I have already summoned all the people in the house..."

At this moment, an old butler pushed the door open, stared at Mr. Shi's expression for a moment, and then said!

"Tell them, don't walk around casually outside recently, the world of heaven and man may be reshuffled..."

Mr. Shi said lightly!

"I obey..." The old butler withdrew!

And Mr. Shi walked to the window, opened it, looked at the sky and muttered to himself, "David, can you still persist? As the truth gets closer, it will become more and more dangerous. I hope you can persevere until the end!"

But in the secular world at this time, David couldn't bear it anymore, fell from mid-air, his body was weak, coupled with the mental blow, David fell into a state of almost coma at this time!

"Master..."

"David..."

Sonya, Huofeng and the others all ran towards David!
