

A Man Like None Other

Novel

Chapter 2521

But David remained motionless, with a gloomy and terrifying face, "It's good if you admit it, what about Ali and

Yun'er?"

!

"Impossible, Brother Ali and the others won't die so easily!" Zhu Zi shouted boldly!

"Impossible?" The corner of the leader's mouth twitched, "No one who enters the territory of the demon wolf clan can come out..."

"I thought I would get nothing today, but I didn't expect you two to come to my door!" The

leader After the man finished speaking, the others surrounded David and Zhuzi!

Zhuzi grabbed David's clothes in fear. The two of them had more than a dozen people on the other side. It was obvious that they were at a disadvantage!

"It's you who are looking for death, and the sky will not stay..."

David's eyes flashed a murderous cold light, and he was holding the long knife of the pillar in his hand!

And the pillar has already set up a bow and shoots an arrow, ready to fight at any time, since it is already like this, it is useless to be afraid.

Sensing David's murderous intent, the leading man also took out a knife, and said with a cold snort, "You still want to resist? Follow us obediently, you can still save your life. If you dare to resist, then go to Huangquan Road Find your Brother Ali!"

"You talk too much nonsense..."

David swung the long knife in his hand suddenly, and everyone felt a blur in front of them, and a ray of light flashed!

Immediately afterwards, the leading man opened his eyes wide and stood motionless!

At this time, the head of the man's forehead began to have blood slowly flowing out. The people on the side saw it and hurried forward and said, "Brother, your forehead is broken..."

But this man kept saying a few times, and the head man The man didn't move, he didn't even blink his eyes!

The people on the side can only push gently to remind him!

But with just this push, the leading man fell to the ground with a bang, and his body was cut into two halves, with internal organs scattered all over the floor.

"Ah..."

This sudden scene made several people scream out in shock!

None of them thought that David's knife was so fast, and they didn't expect to cut their elder brother in half with one knife!

"Revenge for elder brother, kill..."

Someone suddenly shouted, and a dozen people reacted and rushed towards David one after another!

And David held a long knife in his hand, and his figure flashed to meet him!

Zhu Zi could only see that David's figure was moving among the crowd like lightning!

In less than a minute, all the dozen or so people from Daqing Village lay down on the ground!

These people all sealed their throats with one knife, leaving no one alive!

Seeing this scene, Zhu Zhu was stunned. He couldn't believe his eyes. You must know that these people are not weak, some are even higher than Ali, but they didn't seem to be easily killed by David alone. !

Zhu Zi didn't know that David had only recovered part of his strength now. If he regained his full strength, he didn't need to use his hands to kill these people. He could crush them with just the coercion on his body!

"Zhuzi, let's go..."

After killing these people, David didn't even look at them, and called Zhuzi to go, he wanted to find Yun'er and the others as soon as possible!

But the pillar is standing there just like a stone statue!

"Pillar..." David shouted again!

"Oh..." Zhuzi finally came to his senses, and hurriedly followed David.

At this time, Zhu Zi was following behind David, and he looked at David with admiration already!

David and Zhuzi stepped into the territory of the demon wolf clan. Once they stepped here, the atmosphere around them changed obviously!

You must know that a single demon wolf is not scary, but a group of demon wolves is scary. These demon wolves live in packs, and group attacks are very powerful!

The single demon wolf that David and the others encountered outside should have been chased away by the group, so they were not the strongest, so it was easy to deal with, but it would be troublesome if they encountered a pack of demon wolves.
