

An Understated Dominance By Marina Vittori

Chapter 1916

"I have never felt like this before, this time is really different."

Faced with the ridicule, Leo Alexander did not deny it.

They are all brothers and sisters who have been through life and death together. There is nothing that cannot be said.

"This Miss Li is indeed very special. Although I have never seen her in the lineup, she gives me the impression that she is the kind of gorgeous beauty." The bald man said with great energy.

"Bullshit, Miss Li is the woman that the captain likes. You'd better not have any wrong ideas." The short-haired girl warned.

"Look at what you said, I just mentioned it casually, how dare you steal a woman from the captain?" The bald man smiled sarcastically.

"Captain, it's rare that I meet someone who can make your heart beat. Don't worry, just take action boldly. With your masculine charm, there will be no problem!" the short-haired girl said confidently.

"I'm afraid it's too late."

Leo Alexander shook his head and said, "There is a bodyguard beside Miss Li. The two of them are in the same car and their relationship is ambiguous. I probably have no chance." Previously,

against Dustin, the main thing was Still a little jealous.

And judging from Margaret's attitude in defending each other, it is obvious that the two are not ordinary friends.

"Captain, have you ever heard of a saying that as long as you swing your hoe well, you can dig down any wall?" The short-haired girl narrowed her eyes.

"Oh? Do you have any good ideas?" Leo Alexander suddenly became interested.

"It's very simple. As long as the bodyguard next to Miss Li dies, don't you have a chance?" The short-haired girl said in surprise.

Hearing this, Leo Alexander's face froze. He looked around and found that no one was eavesdropping. Then he lowered his voice and said, "Yinhuan, don't talk nonsense. There are rules in the industry. We are an expedition team, not mercenaries. We kill people and steal goods." Once the news gets out, we won't have to mess around anymore."

"Captain, as long as we do it without anyone noticing, who will know?" the short-haired girl said with a half-smile. He has been traveling around the world for many years, engaging in intrigues and fighting for life and death, with countless lives on his hands.

For them, killing someone is just a common thing.

"To be Miss Li's personal bodyguard, this person should have some skills. It is obviously not easy to assassinate him without anyone noticing. Besides, Miss Li also has a bodyguard around her. It would be too risky to do so. ." Leo Alexander was thoughtful.

"Captain, you are a fan of the authorities. I didn't say we were going to kill people now. Don't forget where our advantage is?" The short-haired girl smiled meaningfully.

"You mean... the desert of death?"

After being stunned for a moment, Leo Alexander quickly reacted.

"That's right!"

The short-haired girl snapped her fingers and said with a smile: "The Death Desert is full of dangers. I don't know how many people die in it every year. As long as we find a suitable opportunity to kill the bodyguard accidentally, it shouldn't be difficult. At that time, you can stay and fly with Miss Li."

"Hahaha... That makes sense! When we enter the desert of death, we will find another opportunity to kill him!" The bald man couldn't help laughing. Made a sound.

It was so unusual that it attracted the attention of many people in the tavern.

“Hey, do you want your voice to be louder? How about I give you a loudspeaker and let you shout outside?” the short-haired girl said angrily.

“I’m born with a loud voice.” The bald man scratched his head and quickly lowered his voice.

“Captain, what do you think? Happiness is beckoning to you. As long as you get rid of that troublesome guy, you will definitely be able to embrace the beauty.” The short-haired girl followed the temptation.

“Okay! Just do as you say!”

A fierce light flashed in Leo Alexander’s eyes, and he murmured with a gloomy face: “If you don’t do it for yourself, heaven and earth will destroy you. Dustin, don’t blame me for being ruthless. The only blame is that your own life is not good. My way!”

...
