An Understated Dominance by Marina Vittori Chapter 2004

"Boom~!"

The black flames sputtered out by the black dragon were like a long black dragon, swallowing up Dustin in the blink of an eye.

The river bed within a few meters of it quickly dried up and cracked, leaving a scorched black mark.

It's over!

Seeing this scene, many people shook their heads, convinced that Dustin would definitely die.

They all could clearly see how powerful the black dragon's flames were.

Even an innate master will be instantly reduced to ashes as long as he is engulfed in flames.

Dustin didn't dodge or evade, and just resisted the flames like this. Wasn't he looking for death?

"This guy has no strength but still likes to pretend. He really doesn't care about life and death!" Leo Alexander sneered secretly.

He seemed to have expected that Dustin would be burned to ashes by the flames.

"It's over, it's over, Brother Dustin is dead now!"

Kevin Snow sighed, unable to bear to look up.

Dustin's strength is indeed quite good, even better than Strictly Forbidden.

But the problem is that the black dragon in front has the strength of a martial arts master. Even Senior Ruso was seriously injured by one blow, let alone Dustin.

"Hmph! Let's see if you're still alive now!"

On the other side, Andrew Young looked at the figure in the flames and couldn't help but sneer.

Defeating at the hands of Dustin was the greatest shame in his life.

He has been waiting for an opportunity to retaliate, but due to the opponent's strong strength and many helpers, he has never found an opportunity.

It's good now that he doesn't need to do it himself, the other party will jump into the fire pit by himself.

"You don't know how high the sky is, you're still alive now!"

Thomas Grey sneered, looking like he was gloating about his misfortune.

He had already disliked Dustin, but now he was naturally overjoyed when he saw him burping.

"This kid...is really a newborn calf who is not afraid of tigers!"

Billy Ruso stood up staggeringly, looking frightened.

Fortunately, Dustin attracted the black dragon's attention for him, otherwise he would have been the one who died when a ball of fire just sprayed out.

The black dragon's flames spit out for several seconds before stopping.

When the dust settled, an amazing scene happened.

Dustin, who was wrapped in flames, was not only fine, but actually standing still.

In fact, the whole body was clean and there was no damage at all.

"Huh? What happened? This guy is not dead?"

"Not only is he not dead, but his clothes are not torn, it's incredible!"

"Am I right? How did this kid do it?"

Seeing Dustin It was safe and sound, and everyone couldn't help but stare in disbelief.

It was a flame that could melt even steel, and even martial arts masters did not dare to resist it with their bodies.

This kid Dustin was unscathed, which was incredible!

Could it be that the other party has some special skills?

At this moment, not only all the forces were shocked, but even the fire-breathing black dragon could not help but be stunned for a moment.

It didn't expect that the human in front of it could resist its own flames without dying.

Never die once, right? Then I'll do it again!

"Empty——!"

The black dragon's belly bulged, and then it spurted out a stronger and more intense black flame.

The flames spread directly for more than ten meters, like a tsunami, instantly submerging Dustin.

The hot black fire soared into the sky, covering the surrounding area with a layer of strange colors.

"Is it time to die now?!"

Everyone stared intently, with some expectation.

This time the flames spit out by the black dragon covered a very wide area and burned up to three feet high.

There is absolutely no way to guard against it, and there is no way to hide.

"Ta, tap, tap..."

At this time, there was a sound of slight footsteps.

Under the incredulous eyes of everyone, Dustin walked out of the flames unharmed.

Take a leisurely stroll in the courtyard, the wind is gentle and the clouds are light.

That look didn't look like facing a powerful enemy at all, but more like taking a walk.

"How is it possible? This guy is not afraid of fire?!"

Everyone was shocked again.

They initially thought that Dustin was lucky enough to survive.

Only now did I realize that the other party was not afraid of flames at all.

How on earth did this guy do it?

Don't you have some self-defense treasures on you?

"Are you good at breathing fire? What's the point of spraying fire? You still can't hurt a hair on my head."

Dustin spoke and continued to move forward without any pause in his pace.

That posture seemed to ignore the black dragon at all.

"Empty——!"

Black Jiao was enraged and roared at Dustin.

But this time, it didn't spit out fire again. Instead, it swung its long tail and whipped towards Dustin.

"Whoosh!"

The black dragon was very fast, and its long tail carried a million kilograms of power as it swept away.

Wherever it passes, it is destroyed and destroyed, and it is unstoppable.

"Hmph!"

Dustin's eyes turned cold, and he suddenly jumped into the air. While dodging the sweep of the dragon's tail, he made a sword move with his backhand, piercing the tail of the dragon accurately and quickly, and then inserted the tip of the sword into the ground.

Under Dustin's huge force, the entire tail of the black dragon was directly nailed to the ground, unable to move.

The sword edge stirred the flesh and blood, spurting out a large amount of blood.

The pain caused the black dragon to scream and tremble wildly.

It didn't expect that the tail strike it was so proud of would be easily cracked.

"What?!"

Seeing this scene, everyone was stunned and in disbelief.

However, before they could react.

The black dragon, in severe pain, launched another attack.

"Empty——!"

The black dragon was furious, and the barbs on the back of its head stood up.

Immediately afterwards, the huge body of the black dragon suddenly pulled back, like a bow with a full string and full power.

"Whoosh!"

The next second, the upper body of the black dragon shot out, like an arrow from a string, incredibly fast.

At the same time, the black dragon opened its bloody mouth and bit into Dustin from top to bottom.

It——was going to swallow Dustin in one gulp!

"I don't know whether to live or die!"

Dustin's eyes turned cold, he pulled out the Sky Sword and waved forward with one hand.

"Whoosh~!"

A black sword light shot out like lightning, directly penetrating seven inches of the black dragon, and then disappeared into the sky at an extremely fast speed.

After the sword light flashed.

The black dragon's body stopped suddenly, as if frozen.

A few seconds later, a breeze blew.

The black dragon's head fell to the ground with a "click".

Blood spurted out wildly.
