

Chapter 963 The Erotic Party

Zakai thought he made the right decision.

He secretly embezzled a large sum of money from his father's company and invested it in Glory Company using his name.

"Great! Cyril is probably going to be totally dumbfounded this time!" Zakai burst into laughter. "I can't believe he sold off Glory Company's shares. He's just asking for trouble. As soon as everyone in Esterham notices that Glory Company is becoming even more powerful, Cyril will become the laughingstock of the whole city!"

Trevor slightly shook his head. Zakai probably didn't know that it was his trick.

But for the time being, Zakai's move indeed saved the Glory Company's crisis. He didn't only fill the financing gap, but also had enough money to recruit many employees and deal with the suppliers who betrayed him.

In just a week, many former suppliers couldn't handle the consequences of the price war that Zakai launched and chose to beg for mercy.

That made Zakai complacent. He repeatedly praised Trevor

for his ideas.

"You did a good job, Dragon. I'll hold a party at home tomorrow afternoon for the celebration. I believe you're qualified enough to attend it. We can take this opportunity to relax and celebrate our victory. I will invite some girls, too. You can take them out if you want."

Trevor's eyes lit up. Zakai was going to hold a party at home! He couldn't help but feel giddy. He had been waiting for this opportunity for a while now.

"Sure, I'll go. Thank you for giving me this chance." Trevor faintly smiled back. Zakai, however, didn't understand the real meaning behind what Trevor just said.

The next day, Trevor went to the party, which was held in the afternoon.

The fireplace inside the big villa made the whole area very warm. There were also many beautiful women there who were wearing sexy bikinis.

Zakai had invited several young men to the party, and it seemed like they had already found the girls that they were interested in.

Many girls were looking at Trevor from head to toe, fascinated by his features.

However, Trevor wasn't interested in any of them. He only had one purpose for attending the party.

And that was to explore Dooley's villa.

While the others didn't notice him, he sneaked out of the first floor and went to the second.

Compared to the first floor, the second floor of the villa was much quieter.

Trevor briskly walked around, careful not to make any sound until he found what he was looking for.

"I found it!" Trevor exclaimed in an audible whisper as he looked at the study. He was overjoyed.

After pushing the door open, he quickly found the secret file that Dooley had hidden.

He found some secret business documents in the drawer of Dooley's desk, including the core data of various products and some important business contacts.

Although those documents were very important, what Trevor wanted to investigate the most was the information about him, the rebellion within the Sanderson family, and the men in black. However, he couldn't find such information.

Trevor frowned. He was slightly disappointed, but he still took photos of those confidential documents using his phone.

He rummaged around the study again, but since he couldn't find the information that he was looking for, he had no other choice but to leave in disappointment.

After all, he could get in trouble if he stayed there for too long and someone found him.

But just when he passed by the bathroom on the second floor, he heard noises coming from inside.
