

# The Ex-Husband's Revenge By Dragonsky

Chapter 1928

Chapter 1928

"Forget it! I might as well tell you the truth, but all those recipes are kept in Leon's brain and no one else knows anything about them! Don't waste your time!" Snow said coldly.

"You don't know anything? That's not possible. I don't believe you!" Gordon shook his head.

He knew how close Snow and Leon were, so even if Snow did not know all the recipes, she should know at least half of them.

"Believe what you want to! Besides, I'd never tell you anything even if I do know those recipes!" Snow sneered.

"Why would you do this to yourself, Snow? If you refuse to cooperate, you can't blame me for what I'm about to do!" His expression darkened as he approached Snow.

"What are you doing? Don't come any closer," She paled and backed away until her back was pressed against the wall.

"Let's not waste any time! You never let me touch you when we used to date! This is the perfect chance for me to do what I've always wanted!

Once you are mine, I'm sure you will tell me everything you know!" Gordon sneered devilishly.

"Dream on! I'd rather die than let you touch me!" Snow roared, her heart sinking in despair.

It had been some time since she was captured by Cordon and she thought that Leon would follow the trail of Soul Searcher to her, but he was nowhere to be found.

She knew that Leon was likely rescuing Iris and was unable to come to her rescue.

Devastated, she had the intention of taking her own life to avoid being defiled by Gordon, or she would live in agony for the rest of her life.

"Trying to kill yourself? I won't let you! Just come over here!" Gordon was concerned that Snow would actually take her own life and immediately darted toward her before she had the chance to react.

"You have no shame!" Seeing how she did not even have the chance to take her own life, Snow gaped and found herself overwhelmed by despair.

However, the tables were turned the next moment.

"Baam!"

The bedroom door was kicked open and collapsed onto the ground, followed by the appearance of a towering figure.

"What??" Shocked, Gordon turned around and was instantly terrified by the sight. "D- Darius!!" 1

Instantly, Gordon was stunned.

"Mister Hughes?" Snow was surprised as well as she saw Darius standing before them.
