

The Ex-Husband's Revenge By Dragonsky

Chapter 2151

Chapter 2151

"Oliver, Abraham, I'll leave these three underlings of the Southern Boss to you! Help me properly look into their crimes. Make sure you lock them up for a long time," Leon ordered Oliver and Abraham.

"Yes, sir!" The two of them acknowledged.

"No."

Hearing that, the three guardians paled. They no longer had the air of arrogance they had before!

In particular, the Fifth and Sixth Guardians were in their middle ages. They still had a lot of luxury in their life to enjoy!

If they were locked up just like that, not able to see the light of day anymore, there was no way they would be willing to accept it!

"M-Mister Wolf, we know our faults now."

"Please, spare us just this once!"

"We swear to you. As long as you let us go this time, we'll never go against you again."

The two of them felt their hearts crumble. They started to beg Leon.

As for the Third Guardian, he knew that with Leon's grudges against the Southern Boss, there was no way Leon would set them free!

On top of that, he already hated Leon for crippling his power.

So, he merely stood there and looked at Leon venomously, not begging for mercy like the other two!

However, he was still human in the end!

Just thinking about how he would have to spend his life in prison, he could not help but tremble. He did not want to die inside.

However, with things as they were, he had no choice but to just accept it!

"You should never have done it in the first place if you're asking for forgiveness now! Just properly repent for your crimes in prison! Oliver, Abraham, take them away!" Leon said coldly.

He knew that the three guardians were directly under the Southern Boss. They definitely did many evil things under his name!

He was already showing mercy by not killing them and locking them up instead!

In the end, they deserved what they got!

No matter how hard they begged, there was no way he would let them off!

"Yes!" Oliver and Abraham acknowledged the order.

After that, they called in a few guards to bring the three guardians away, locking them all up!

After dealing with the three guardians, Leon seemed to think about something. He went right to see Alfred.

As for Oliver and Abraham, they just returned from outside and did not report it to Alfred yet, so they followed behind Leon, going over together.

"Oliver, are you two meeting Mister Glasby as well?" Leon asked when he saw them following him.

"Yes, we are. Mister Glasbey sent us out to carry out some tasks. We haven't reported to him," Oliver explained simply.

Since the two of them were direct subordinates of Leon, they immediately rushed over to Leon when they returned. So, they were yet to see Alfred.
