Chapter 2169

Chapter 2169

"It's fine! I won't have any use for this pill anyway. I'll just give it to the Thompsons!" Leon said, handing the last one over to Roanne.

The Thompsons helped him quite a lot in recent times.

With his relationship with the Thompsons, there was no way he would not try his best to agree to anything Angus asked of him!

Furthermore, Mason, Spencer, and the others already had the pills. He temporarily did not need them!

So, it was better for him to just give it to Angus!

"But,"

Roanne was a bit hesitant.

"It's fine! The Nine Suns Pill is made from extremely Light attribute materials! Tell your father that, if the Thompsons want a few more of them, you can help me collect such ingredients! Then, I'll refine a few more for your family!" Leon said with a smile.

Since the Nine Suns Pill could greatly increase a warrior's abilities, he planned on collecting a few heavily Light attributed ingredients to make some more!

Then, he would be able to use that to attract a few more Semi Almighty or Almighty State martial artists under his wing. He would also be able to strengthen the Wolfs back in

Springfield City, solidifying his foundations!

It would make up for his lack of background!

Of course! Materials like that were incredibly rare and highly sought after!

It would not be easy for him to collect them at all!

The Thompsons were the head of the major families in the southern region. With the Thompsons' power and influence, they might be able to help him gather a few!

"Yes, alright! I'll give my father a call and tell him about it!" Roanne said with a sweet smile. After that, she accepted the pills.

Right at that moment, some frantic footsteps were heard. Mason hurried inside.

"Mister Wolf, I've already gotten what you requested done," Mason said respectfully, returning the card to Leon.

During the afternoon, Leon gave him a credit card, asking him to buy a few villas around the area for Mason, Henry, and the others.

Mason bought three villas and got the necessary paperwork done.

Other than that, while Leon was still out, he already made arrangements for Henry and Sherlyn to move in. After that, he cleans up the villas with the rest as well.

As for Spencer, Mason, and the others, they were staying in a hotel the whole time.

With a new residence, they would easily be able to move in in the future.

"Very good! Bring me around for a look!" Leon said with a smile.

"Yes!" Mason agreed.

After that, Mason led the way as Leon brought the Sharp brothers and the girls outside. They prepared to go take a look at where Henry was.

At a neighboring villa, Henry and Sherlyn were inside. Leo and Austin were there as well.

The three of them just cleaned up the three villas and were resting in the living room.

Sherlyn was quite a good cook, and she was preparing dinner for everyone.
