The Divorced Billionaire Heiress chapter 2600- You Deserve It

On the plane, Jennifer was tied to the seat and surrounded by two bodyguards. She could not even move.

She did not dare to move and tried her best to reduce her presence.

Jennifer feared that Eric and Selena would think of her and throw her into the sea to feed the fish.

After all, if she fell into the Atlantic Ocean, she would not even leave behind a corpse.

Selena fell asleep, but she could not sleep well.

She opened her eyes and vaguely heard Eric on the phone in another room.

It was probably a conference call, and he was afraid of waking her up.

Selena glanced at the clouds of all kinds of shapes outside the window.

She thought about it for a while, stood up, and walked in front of Jennifer.

The bodyguard stood up immediately.

“Madam.”

Selena pursed her lips.

‘Til say a few words to her. You can wait by the side.”

The bodyguard nodded without hesitation.

Eric told them that Selena’s words were just as good as his words. There was no difference.

Fear flashed across Jennifer’s eyes, but there was no way to retreat.

Selena tore off the tape on her mouth without hesitation, and Jennifer gasped in pain.

Half of her face was covered in red marks from the duct tape, but Jennifer did not dare to cry out in pain.

“What are you going to tell me? You can’t kill me now, or you won’t be able to find out who your biological father is. Only I’ve seen him!”

Jennifer said bravely.

She had met Selena's biological father, so she used this as an excuse to hold Selena hostage.

Selena twitched the corners of her mouth and looked at her sideways.

Although Selena's face was still pale and bloodless, Jennifer could still feel the indifference and coldness from Selena's empty eyes.

Selena, who restrained her emotions, made Jennifer feel an unfamiliar chill.

Jennifer's eyes flickered in a daze.

Selena snorted coldly. She looked indifferent and cold.

"Why are you hiding? Weren't you very bold before?"

"Selena, don't blame me. I was ordered to do that to you. If you want to hate someone, hate your biological father!"

Jennifer wanted to divert Selena's attention and protect herself.

Selena twitched the corner of her mouth. "Oh, I don't plan to let the two of you go."

"He's the mastermind, so you should go to your biological father to settle the score."

"You're not exactly innocent. If you didn't want to harm me, why would you do it for him?"

Selena glanced around indifferently and chuckled lightly.

"You don't have to worry that I'll let him go. Jennifer, I won't let you and your parents go either."

Jennifer suddenly raised her head and glared at her.

"Selena, they're your relatives. You'd better not touch them."

Selena smiled meaningfully and somewhat dangerously.

"I don't believe that you're the only one who has seen him. Your parents must have seen him too. They may even remember him more clearly, so I'll just go straight to them. Anyway, you're in my hands, so if they dare to be

disobedient, I'll just kill you. Don't forget. I'm not a part of the Nelson family."

As soon as Selena finished speaking, Jennifer was shocked.

Her face was pale.

“Okay, can you talk frankly now? Jennifer, tell me the truth. Who is that person?”

Selena looked at her indifferently with scrutiny and indifference in her eyes.

Jennifer lowered her head and dodged her gaze.

“I really didn’t get to see him clearly. I don’t know his identity. Why would he tell me?”

Selena laughed softly.

“If you don’t even know his identity, how can you use it to threaten him later? Isn’t our relationship your best leverage? That way, the Nelson family’s crisis can be easily resolved in the future!”

Jennifer’s face turned glum instantly.

She felt ashamed and furious that her schemes were exposed.

“So, if you don’t tell me, I’ll get Eric to make Nelson Corporation go bankrupt. I don’t believe that you’re not capable of such things.”

Selena’s calm appearance agitated Jennifer.

“I knew you were an ingrate! How could you do that?!”

“Because I am Mrs. Ferguson!”

Selena sneered.

Jennifer was so angry that she could not speak.

“I’m not going to tell you. Just do it if you’re so capable, Selena. That’s Grandpa’s hard work. If you want to fight to the death, the Nelson family won’t let you go!”

After all, the Nelson family was not just dominated by Jennifer’s family.

There were many inextricably linked parties involved.

Selena took a deep look at her, took a deep breath, turned around, and was about to return to her seat when she suddenly thought of something. She stepped back, raised her hand high, and slapped her.

She used all of her strength, and the corner of Jennifer's mouth was split open. Jennifer stared at her in horror and anger.

"Selena, just you wait!"

Selena shook her hand and smiled lazily and calmly as if nothing had happened.

"Okay, I'll wait."

Selena just wanted to vent her anger, which was a light punishment for Jennifer.

At some point, Eric appeared behind Selena.

He walked, grabbed Selena's hand, and rubbed it lightly.

"Don't do it yourself. You'll get tired. Isn't the bodyguard here?"

Eric's tone was extremely calm and indifferent.

It seemed that even if Selena went crazy and wanted to kill someone, he would hand her the knife.

Jennifer glanced at Eric in fear and held back her curse.

It was finally quiet on the way back.

Jennifer did not say a word.

Even if her right cheek was swollen, she did not dare to say a word.

Their luggage was sent back to the villa.

Eric took Selena straight to Ferguson Corporation.

Mitchell came back a few days early and was a little scared when he heard about it.

If Selena was really captured, the consequences would be unimaginable.

Selena's face was a little pale, but she was still in good spirits.

In the office, there was a bit of silence in the air.

Eric sat there. "Have you finished the investigation?"

Mitchell took out several documents.

“Mr. Ferguson, after screening through the guest list, only these five people fit the criteria. At that time, only these five people were on the phone. Although one of them was using a Bluetooth headset, his mouth movements did not look like he was talking to the person opposite him. These two have been living abroad in Europe and have not returned to Medania for a long time. But the remaining three are all living in Medania. The two of them have a cooperative relationship with Ferguson Corporation, and the remaining one...

The camera angles were tricky.

It could be seen that it took a lot of effort to find these people who took calls at the same time.

The hotel had not allocated the rooms to the guests at the time, so they definitely would not have gone in first.

After all, everyone’s focus that evening was on Eric and Selena.

“Who is this?”

“He came here with the Stantons.” Mitchell glanced at Selena and pursed his lips.

Mitchell hesitated, not knowing whether he should continue talking.

Eric’s eyes were stern. “Continue.”

“Grant and Nicole Stanton brought two children. Of course, Mr. Sloan also came under the name of Stanton Corporation.”

“Did you say Clayton?”

Eric stood up abruptly. His face was extremely glum.
