An Understated Dominance by Marina Vittori Chapter 2042

“What?!”

Everyone was shocked when they saw two half-step master level experts being slapped away by Dustin.

After all, with the strength and foundation of the two just now, they are definitely capable of fighting against ordinary martial arts masters.

However, now, after just one meeting, the two of them were severely injured and on the verge of death.

This shows how terrifying Dustin’s strength is!

It seems that the opponent’s defeat of Ralph Haynes, the leader of Flying Sect, was not based on false rumors.

“Come together!”

Caroline Thorne and Reid Gang looked at each other and took action at the same time, attacking Dustin one from the left and the other from the right.

Caroline Thorne uses a short Twisted Sisters knife, which is mainly dexterous and cunning. The knife goes straight to the vital point, making it difficult for people to guard against it.

When used, it is like a butterfly passing through a flower, beautiful and dangerous.

Reid Gang used a golden sword. The sword cut iron like clay and blew hair to break it. It was a treasure passed down from the ancestors of the Golden Sword Sect.

And after being tempered and nurtured by three generations of masters, it can also increase your cultivation level when used. Especially when paired with the unique sword technique of the Golden Knife Sect, its power is doubled.

Every move carries immense power, as if it can open up the world.

Its power is so great that even those with stronger strength have to avoid the edge temporarily.

When Caroline Thorne and Reid Gang started to attack, the other half-step masters were not to be outdone and launched attacks one after another.

From all directions, they attacked Dustin together.

Facing the siege, Dustin suddenly stomped on the ground, and his whole body instantly rose into the sky, like a cannonball, directly hitting the roof and disappearing from everyone's sight.

"Where did he go!"

The attack failed. Caroline Thorne and Reid Gang immediately stood up from the ground, crossed the hole in the roof, and chased outside.

The rest followed closely behind.

When the group of people chased them out of the hotel, they discovered that Dustin did not run away, but stood still in the yard and waited quietly.

"Surround them up!"

Caroline Thorne ordered.

The figures of several strong men immediately flashed and formed an encirclement again, trapping Dustin in it.

Dustin was unmoved by this, standing with his hands behind his back, his expression calm and indifferent, as if he didn't take these people seriously at all.

In fact, the reason why he rushed out of the hotel just now was simply because the space was small and he couldn't use it.

If you can't hold back, it's easy to accidentally injure friendly forces.

But it's different now. The yard is very spacious and surrounded by walls, which is enough for a battle.

"You are from the Golden Blade Clan and the Twisted Sisters Clan, right?"

Dustin glanced around and said coldly: "I have no enmity with you, so why do you want to secretly kill me?"

"Huh?"

Dustin said. When his identity was revealed, several people couldn't help but be secretly shocked.

They all had masks on their faces and were wearing night clothes. How did the other party recognize them?

"Everyone is innocent of the crime of harboring a jade. As long as you hand over all your treasures and are captured without restraint, we can spare your life!" Caroline Thorne said in a low voice.

"It turns out that they came here because of the treasure."

Dustin shook his head: "Unfortunately, you are already late. All the treasures we obtained have been shipped out, and now we are penniless."

"Penniless?" Caroline Thorne snorted coldly: "Do you think we will believe it?"

She has been sending people to keep an eye on the hotel secretly, and any troubles cannot be hidden from her eyes and ears.
