

An Understated Dominance

Chapter 2471

“Oh my God! He even used the Four Symbols of the Heavenly God. Isn’t that a bit excessive?”

“As expected of Fenley! He certainly knows how to put on a show!”

“If I were as skilled as him, I’d be a hundred times more flamboyant!”

Fenley’s domineering presence captivated the audience, who whispered and pointed.

The Four Symbols of the Heavenly God were a closely guarded secret of the Celestial Alliance, known only to the direct successors of the sect masters.

Using such a powerful technique before the fight had even begun was truly unexpected.

“Master Marshall, your disciple certainly lives up to his reputation,” Cyrus Hadley said coldly.

“Hehe... Young people should be energetic. If he has the strength, why hide it?” Alloy Marshall replied nonchalantly.

“I’m afraid you might be celebrating prematurely,” Cyrus Hadley retorted.

“Don’t concern yourself with that, Master Hadley,” Alloy Marshall responded with a light smile.

Regardless of the competition’s outcome, the Celestial Alliance had already overshadowed the Sword Union with their grand entrance.

The finest geniuses from the three great sects—Mystic Arts Order, Sword Union, and Celestial Alliance—each made a stunning appearance.

Naturally, the elite masters of other sects were not to be outdone.

They all displayed their extraordinary skills in the most spectacular ways.

Geniuses from the Beast Taming Sect rode cranes, disciples from the Mysterious Sword Sect flew on swords, and some emerged from beneath the stage using earth escape techniques.

In short, the participants showcased a dazzling array of talents.

They sought fame and glory, with many young geniuses hoping to seize this opportunity to become renowned worldwide.

Especially with prominent figures from all sides gathered, a spectacular entrance could significantly enhance their reputations.

Whether they won the championship or not, leaving a memorable impression was key to making a name for themselves and elevating their sect's prestige.

Today's martial arts competition was a prime opportunity for them to shine, so they were determined to put on their best performances.

"Dr. Rhys, as one of the top 32 contestants, everyone is showcasing their unique skills. You can't be left behind, right?" Noemi teased with a laugh.

"Yes, Dr. Rhys! This is a perfect chance to boost your popularity. If you have any dazzling moves, now's the time to show them!" Cassidy added expectantly.

Dustin (Logan) was both a doctor and a martial artist.

Kassidy had witnessed his medical prowess firsthand, but his martial arts skills remained a mystery.
