

Chapter 181 Such a Good Artist

Wei Lan smiled. "It seems that I really have to spend more time with my daughter from now on. When she recovers, I will take her on a real vacation. I always put my work on top of my priorities. Now I've realized that it's not a good habit."

"Then I wish you have a nice trip with her," Su Bei said with a smile.

Everyone also gave Su Bei an apologetic look.

But Su Bei didn't blame them. She just said, "Actually, I don't blame any of you in this matter. Anyone who sees a child being hurt will speak out against the evildoer. We used to be children. Some of us here are already raising children, and some might have children in the future. I think it is only right to speak for our children and scold the bad people who try to harm them. It's just that the bad person this time is too cunning. So everyone has been deceived."

Everyone nodded in agreement. Su Bei didn't blame them, but they felt more uncomfortable and guilty.

Thus, someone immediately spoke for Su Bei on the Internet and revealed the truth.

On her own Weibo account, Su Bei also posted what she had just said to the people in the studio and wrote, "Thank you for paying attention to matters that concern children. I hope that people will stop using innocent and weak children to achieve their goals. We want justice to be served, so I hope more people will expose evil deeds."

At the same time, Wei Lan arranged for the public relations department to clear Su Bei's name before she went to accompany Meng Meng.

The police would also release a statement quickly. However, it was not for Su Bei but for justice.

It was dinner time. At this moment, most people had free time. So they were able to open their Weibo accounts and access different sites online.

A lot of notifications popped up. But the one that attracted everyone's attention the most was the video of Luo Li pushing a little girl to the swimming pool.

The video showed how she attacked the little girl and prepared to rescue her. But all of a sudden, Su Bei came and decisively saved the little girl. These two scenes formed a sharp contrast.

The netizens who had been deceived were very angry at Luo Li. She used everyone's kindness as a weapon to attack Su Bei.

On the contrary, Su Bei didn't make a fuss about it. Instead, she comforted everyone on Weibo, saying that she believed that everyone was kind and didn't deliberately slander her.

At this moment, almost all of the netizens turned to Su Bei's side.

"We're very sorry. All of us owe Su Bei an apology."

"We also have to thank Su Bei for saving the little girl, for her kindness, and for not blaming us."

“Su Bei, you are so sweet and kind-hearted!”

“Oh my God! Su Bei is such a good artist. I am now a fan of her. And I swear that I will always be her fan for the rest of my life.”

“Su Bei, you are so awesome! I want to marry you. Can you be my children’s mother?”

Su Bei casually checked the comments under the video. It seemed that everyone had become her loyal fans at this moment.

She knew that most of the netizens were not brainless followers. They had their own judgment and sanity. As long as the truth came out, they would make the right choice.

The night breeze blew gently and touched her skin, which made her shiver. It was only then that she remembered that she hadn’t taken a shower and changed her clothes yet.

Su Bei was about to go to the bathroom when her phone rang.

When she looked at the screen and saw that the caller was Lu Heting, she quickly picked up the phone and answered it.

She heard a whistling sound from the other end of the line followed by his voice, “Su Bei, I’m coming to pick you up. Don’t be afraid. This matter will be resolved. I’ll be there soon.”

Chapter182 Had Turned the Tables

“What? You’ll be here soon?” Su Bei felt warmth in her heart. Actually, she had thought of asking Lu Heting for help in the daytime. However, Da Bao had helped her solve the problem. Since Da Bao had recovered the content of the memory card, she didn’t bother Lu Heting.

Now that he rushed over in time, her mood lightened up. Even if she no longer needed his help, she really wanted to see him at the moment.

She didn’t bother to change her clothes. Wrapped in a bath towel, she picked up her phone and walked out.

The assistant photographer was very guilty of the scandal he had caused to Su Bei. So when he saw her go out wrapped only in a bath towel, he picked up his coat and rushed over to her. But he was stopped by Lin Yu. “No, thank you.”

The assistant photographer was rendered speechless. He glanced at Lin Yu and thought, ‘Are they really a couple?’

Lin Yu took one of his spare coats and followed Su Bei.

But she ran straight to the gate, and soon, a motorcycle stopped in front of her.

Lu Heting had been riding a motorcycle on his way here, so he didn’t know that Su Bei had already turned the tables successfully and totally cleared her name online.

All he wanted was to immediately be there by her side to help her clarify the issue and give her a warm embrace.

When his motorcycle stopped, and he saw her wrapped only in a bath towel, and her hair was in disarray, he felt very sorry for her. He reached out his hands and held her in his arms. Looking at her, he couldn't imagine how many grievances she had suffered.

As Lu Heting thought of the grievances that Su Bei had suffered, he felt a sharp pang of pain in his heart.

With his coat in his hands, Lin Yu walked towards them. When he saw the scene in front of him, he couldn't help but cough. What was going on? Was this man the one who had a flash marriage with Su Bei? They had a flash marriage, right? How could they be so close to each other?

"Xiao Bei, wear this," he said, handing over his coat to her.

Lu Heting let go of Su Bei and looked at Lin Yu. Well, he was indeed good-looking. He was as pure and beautiful as jade. But he was too young. He and Su Bei didn't match at all.

Lu Heting took off his coat and wrapped it around Su Bei's shoulders.

Lin Yu withdrew his hand angrily. He wanted to say some harsh words to Lu Heting. But when he saw Lu Heting's face and found that Lu Heting and Da Bao looked exactly the same, he changed his mind.

He didn't want to argue with Da Bao. So upon seeing that Lu Heting and Da Bao looked the same, he also didn't want to argue with Lu Heting.

"Su Bei, I'm definitely sure that you didn't push the little girl, let alone use her as a tool to achieve your goal. Someone must have framed you," Lu Heting said firmly. "The person who framed you is likely to be in the studio. Do you have any clues?"

"Yes. It's Luo Li, one of the supermodels who also shot with us."

Lu Heting's eyebrows slightly relaxed. "Now that the suspect has been identified, it's much easier to find evidence."

"I've already found the evidence. She set up a camera to take a video of herself saving Meng Meng. But she didn't expect that the camera also captured that moment when she pushed the little girl. What's even worse is that she formatted the memory card and scratched it with a key in an attempt to destroy the evidence."

Lu Heting frowned, but he said with confidence, "Let me fix it."

"No need. Da... Lin Stone has helped me fix it. You must have been riding your motorcycle just now, so you don't know that the problem has been resolved, right? But thank you for caring so much for me," Su Bei said with a smile.

Chapter 183 Abandon Me for Your Man

Seeing that everything had been dealt with, the gloom on Lu Heting's face gradually dissipated.

Although he didn't help much, his woman was so excellent that she found out who the culprit was and thought of a way to solve the problem in time. He was very proud of her.

He said in a soft and calm voice, "Let's go home."

It was only then that Lu Heting noticed that Lin Yu was still standing there with a careless look on his face. Lu Heting's manly instinct was telling him that Lin Yu was hostile to him.

'Is it because Lin Yu likes Su Bei?' With this thought, a hint of vigilance flashed across Lu Heting's eyes.

When Su Bei got on Lu Heting's motorcycle, she suddenly remembered Lin Yu, so she said to him, "Lin Stone, this motorcycle can't accommodate you anymore. Go home early. Don't make your agent worry about you."

"Got it!" Lin Yu raised his eyebrows and muttered to himself, "Well, of course you will abandon me for your man. You said that you only wanted to take Da Bao to his father for his own good. But it seems that you have already fallen in love with Lu Heting. Poor Feng Ze. Su Bei has also abandoned him. Da Bao is the only one who still loves him."

Lu Heting started the motorcycle and drove home. He thought of Su Bei's attitude towards Lin Yu just now and realized that he was wrong. She didn't have feelings for Lin Yu. His anger was all gone, and he looked gentle and resolute now.

However, he still remembered that she had once mentioned the name Da Bao in her sleep.

The name itself was not a big deal. But when she uttered that name, she mistook him for Da Bao and gave him a big kiss. That was what he cared about.

She seemed to like Da Bao so much that she needed to express her feelings through a kiss. This was something she had never done to him before.

Thinking of this, Lu Heting was a little distracted.

Su Bei was tired all day, so she now leaned cozily on his back. She felt warm and comfortable, so she just let him drive wherever he wanted.

Da Bao was the best son, and Lu Heting was the best husband in the world. Wasn't she lucky?

But wait! What was she thinking? She shook her head and tried to pull back such thoughts from her mind.

When she came back to her senses, she realized that Lu Heting had sped up a lot. So she hurriedly reminded him, "Lu Heting, slow down!"

Her voice brought Lu Heting back to his senses. It was only then that he realized that he had been drowned in his thoughts just now, and he pressed the throttle so hard. Fortunately, the road was in good condition at the moment, so nothing bad happened.

"What are you thinking? Why are you driving so fast?" Su Bei patted him on the shoulder and said, "You're an experienced driver. So don't defy the traffic law by speeding. Then we will be safe and happy."

At her witty words, the corners of Lu Heting's mouth slightly curved up.

He thought for a while and asked, "Is Da Bao Lin Stone's nickname?"

“What?” Su Bei’s eyes widened in surprise. How did he know Da Bao? Did she unconsciously mention Da Bao in front of him?

Good thing she was behind him, and he couldn’t see her face. Otherwise, she would have already exposed herself.

It was not that she didn’t want him to know about Da Bao. She didn’t intend to keep Da Bao’s existence a secret from him either. However, she had made a promise to Da Bao that she would respect the little boy’s decision. So she would not tell him anything about Da Bao without Da Bao’s permission.

Da Bao had spent a lot of time with Feng Ze since he was born. They were like father and son. Perhaps he hadn’t changed his mind yet. For the time being, he couldn’t accept Lu Heting, the father who just appeared all of a sudden.

Chapter 184 She Is Mine

Su Bei intended to give Da Bao more time.

“Well, Lin Stone has a lot of nicknames. Some of his fans even call him baby.” After careful consideration, she decided to make up a lie.

“Since he has helped you restore the contents of the memory card, let’s treat him to dinner one of these days,” Lu Heting suggested. Since Lin Yu did something to help Su Bei, he had to treat Lin Yu well, right? After all, he was her husband. He had to be a generous host to Lin Yu, who was their guest.

“Okay.” Su Bei’s tone went back to normal. “Lin Stone deserves five hotpots. After all, he is the best friend in the world!”

At first, she thought that Lin Yu deserved two hotpots. But now, she changed her mind. He deserved more. He deserved five hotpots.

When the words “best friend” came out of Su Bei’s mouth, Lu Heting felt like it sounded so elegant. It was like otherworldly music.

It turned out that in her heart, Lin Yu was just a friend. Her best friend.

The night was extraordinarily beautiful and the wind was gentle and comfortable, just like his mood at the moment.

Su Bei was so exhausted and sleepy. So when Lu Heting’s motorcycle arrived at their residence, she was already asleep.

Lu Heting carefully took off her helmet and carried her in his arms.

After her swimsuit photo shoot today, the scandal about her spread quickly on the Internet. So she was still wearing the swimsuit she wore during the shoot. The expression on his face suddenly darkened, and a strong desire arose in his heart.

He remembered that scene when she stayed in his car for two hours five years ago. He thought that he could spend his whole life with her, loving her. But in the blink of an eye, they had wasted five years.

So now, he didn’t want to waste any more time.

Restraining his desire to flirt with her, Lu Heting carried Su Bei upstairs.

Gun Gun rushed to the door to open it when he heard some knocks. And before he could open his mouth to say something, Lu Heting gestured for him to keep quiet. He immediately slowed down his steps, trotted forward, and opened his arms, hinting Lu Heting to hand over Su Bei to him.

“No, you can’t hold her up,” Lu Heting said with his lips.

“I can hold her up. I can,” Gun Gun anxiously said in a low voice.

“What if you drop her, and she falls to the floor?” Lu Heting asked in a whisper.

Gun Gun lowered his head, looked at his own chubby short arms, and suddenly felt discouraged.

Oh, no! He was much shorter than his daddy. Why?

Lu Heting took Su Bei to her room, and put her on the bed. She had worked hard all day today, so she should have a good rest.

Sleeping soundly, Su Bei looked peaceful and sweet with her eyes closed. Her long eyelashes fluttered attractively.

Lu Heting lowered his head, and moved his face closer to hers. She was like a beautiful flower, and his lips were like enticed butterflies that unconsciously approached her beautiful face.

But before his lips touched her skin, someone pulled his sleeve.

He raised his head and looked down only to find that Gun Gun had followed him in and was pulling his sleeve.

With an aggrieved look on his little face, he said, “Daddy, you are bad! She’s my little cutie Bei Bei!”

His voice was firm but very low. Although he was angry, he didn’t want to disturb Su Bei.

Lu Heting raised his hand to knead his eyebrows and took Gun Gun out.

Gun Gun shook his head angrily and thought inwardly, ‘Daddy is a liar. He once agreed that I could marry Bei Bei, but he changed his mind later.

Now, things have even gotten worse. He didn’t only hug Bei Bei but also kiss her.’

Chapter 185 She Will Get Very Special Care

Gun Gun was unhappy and angry. He felt so wronged.

Aunt Chen came out with food, chuckled, and said, “Mr. Lu, I’ve set aside the food for Mrs. Lu. It’s in the warmer. She can eat it as soon as she wakes up.”

“Okay.” Lu Heting sat down and held up his chopsticks elegantly. But Gun Gun was unwilling to eat, so he didn’t hold his chopsticks.

“Lu Gecheng, it’s time for dinner,” Lu Heting reminded Gun Gun calmly.

Actually, he felt more aggrieved than his son. Su Bei was his legitimate wife, but they had to sleep in separate rooms because of Gun Gun. When he wanted to kiss her, Gun Gun would be jealous and even get angry.

In any case, he was the most miserable.

Gun Gun didn't listen to Lu Heting at all. He was still angry because he thought that Lu Heting took Su Bei away from him and pretended that nothing had happened.

He felt vindictive.

Lu Heting lowered his head to eat and said in a low voice, "If you don't eat anything, you won't grow tall. If you stay small, you won't have the right to hold Su Bei and protect her from being bullied."

Upon hearing this, Gun Gun turned around excitedly, took his own rice bowl, and picked up the spoon. Then he scooped up two spoonfuls of tomato beef brisket, piled them up on the rice, and started to gorge himself on the rice.

'If I eat more than Daddy, then I will become taller than him. By that time, he can't compete with me anymore, and Bei Bei will be mine.'

A light smile crept across Lu Heting's face as he stroked Gun Gun's little head gently.

In the future, when Su Bei was willing, she would give birth to a baby for him. She was beautiful, so the baby she would give birth to must be very cute.

After the scandal, Luo Li's agency terminated her contract without hesitation. They also announced that they would never hire her again in the future. She was permanently banned from their company.

Feng Shang also released a statement that they would not work with her anymore.

Moreover, she also received criticisms online. All netizens had been scolding her. And since her contract was terminated, she also had to pay the liquidated damages of many partners. Then she had to face the lawsuit filed by the police.

What awaited her was a tragic ending.

Lu Heting looked at the document sent by his assistant and said lightly, "No matter where Luo Li is, she will get very special care from us."

His assistant immediately understood what "very special care" meant.

Luo Li had to pay a hefty price for what she had done to Su Bei.

Without a black sheep like her, the shooting for Feng Shang had been much smoother.

Soon, everyone finished the photo shoot and the filming of the short videos. This time, no one objected to the decision that Lin Yu and Su Bei would be on the front cover of the magazine.

As for the inside pages, Wei Lan didn't take sides with anyone. The spots were divided among the supermodels evenly. After all, they were photographed with distinct personal characteristics with their partners, showing their own beauty and handsomeness.

Actually, aside from the very high standards of the front and back covers, Wei Lan always had her own principles. She would always balance her relationships with the collaborators.

Luo Li was provoked by Su Huixian to do something stupid. If she had known that Wei Lan didn't have the desire to delete her photos on the inside pages, would she regret what she did?

The latest edition of Feng Shang was soon released.

With its high status in the fashion magazine industry, coupled with the hot searches all throughout the shooting, everyone had high expectations for this edition.

Chapter 186 Find out What He Was Looking at

After the magazine was released, its sales soared all the way, heading straight to the record of Feng Shang's highest sales volume over the past years.

In addition, fans of all supermodels attached great importance to the sales. Everyone wanted to buy a magazine to help their idols boost sales, so the sales volume had hit an all-time record high.

This sales figure quickly broke the records of previous few years.

It was known to all that printed magazines had long been less popular now than in previous years. It was because everyone preferred the convenience and efficiency of electronic versions more.

So being able to break the sales records was a very remarkable achievement for this edition.

Qiu Minxuan counted the sales volume for Su Huixian and found that lots of Su Huixian's fans bought the magazine.

"Although you are only on the back cover, your fans still love you so much that they've bought a lot of copies for you." Qiu Minxuan showed the data to Su Huixian. "Maybe Feng Shang will have a better sales record if you are on the front cover."

Su Huixian just looked at the record without saying anything. She knew that no matter how many fans she had, her popularity was still no match for Lin Yu.

But with the fame she had accumulated for several years, it was still easy for her to defeat Su Bei.

After the shooting, Feng Shang arranged a two-day and one-night cruise to celebrate its 20th anniversary and the successful completion of everyone's work.

On that day, Su Bei boarded the cruise ship with everyone.

It was an ultra-luxury cruise ship especially chartered by Feng Shang.

Feng Shang also invited many artists and celebrities to board the cruise ship. No one was willing to miss such an opportunity to get to know more people in the entertainment industry and obtain more resources.

When everyone was boarding the ship, a group of people was about to get down from the top floor of the ship.

They were led by an outstandingly tall and handsome man, none other than Lu Heting.

Behind him were two potbellied men. One of them said to him anxiously, "Mr. Lu, please wait. We can talk about the cooperation again. Please..."

Lu Heting's assistant stopped them from approaching him.

Today, it was not easy for the two bosses to finally meet Lu Heting. But because of the differences in their negotiation, they didn't reach an agreement. And it made Lu Heting lose his patience.

The assistant followed Lu Heting and said in a low voice, "Mr. Lu, a magazine company is holding an event below. Their people are boarding the ship now, so perhaps you can go down a little later."

He was afraid that someone might bump into Lu Heting and offend him.

Lu Heting paused a little, looked down, and saw Feng Shang's logo.

He remembered that Su Bei told him that she had an event to attend in Feng Shang, and she would stay there for two days and one night. In fact, when she left this morning, Gun Gun was very reluctant to let her go and threw himself on the sofa with tears on his face.

Lu Heting looked through the crowd and found his woman effortlessly.

Her thick, lustrous, long, and curly hair that was casually tied into a bun revealed her fair and beautiful face. It was very eye-catching. She looked good no matter what she wore, so she especially stood out from the crowd.

His lips curved into a beautiful smile.

The usual serious look on his face was replaced by tenderness.

Mr. Chen and Mr. Wang, who were still following behind him, also saw this scene. They wanted to persuade him to stay and continue to discuss business matters. But obviously, they had screwed up their work, and there was no chance for them to save themselves.

So when they saw his reaction now, they also followed his gaze, trying to find out what he was looking at.

Chapter 187 A Weakness They Can Use

When Su Bei was halfway through, she felt a familiar gaze above her. She subconsciously raised her head and happened to see a man, who was looking at her with a smile on his lips.

It was Lu Heting.

She was not surprised that he was here because she knew that he often accompanied Lu Weijian to deal with business matters. It was only natural for him to appear in places like this.

She wanted to say hello to him, but she remembered that too many people from the entertainment industry were around them. She didn't want to expose anything about herself that she considered confidential.

With this thought, she winked at him, quickly lowered her head, and boarded the ship briskly, following the crowd.

As Lu Heting watched Su Bei disappear from his sight, the sense of joy that spread through his heart dissipated. His eyes were still tightly fixed in that direction as if they were frozen at that moment she winked at him.

Mr. Chen and Mr. Wang had witnessed everything. It turned out that the rumors about Lu Heting that he was not interested in women and he had never been with any woman were not true. He was interested in women. It was just that he had not found a suitable woman to love yet.

This was probably a good opportunity for them.

Mr. Chen and Mr. Wang stepped forward to get close to Lu Heting. However, his assistant didn't give them a chance to talk to him.

When all the people from Feng Shang had boarded, Lu Heting still didn't get off the ship. Instead, he asked his assistant beside him, "Lu Hang, can we stay at the top deck of this ship tonight?"

"Yes, Mr. Lu. The top deck is never open to the public. I will immediately arrange it for you. But the cruise ship will be a little noisy, and it may affect your rest."

"It's okay. I'll stay here tonight," Lu Heting said with a nod.

He then took out his phone and sent a message to Gun Gun, telling the little boy that he wouldn't be home tonight.

He was doing a great thing. Besides, it was also a good thing for Gun Gun if he could marry Su Bei as soon as possible, so Gun Gun shouldn't mind, right?

After sending the message, he turned around and went back with Lu Hang.

Mr. Chen and Mr. Wang hurriedly followed them. Although they knew that Lu Heting wouldn't pay attention to them for the time being, they were still glad that he stayed.

As long as he stayed, they would definitely have a chance. Otherwise, they didn't know when they would see him again.

Lu Heting rarely appeared in public. In the entire industry, only a few people had seen him in person. Since he was willing to meet them this time, it undoubtedly gave them the most authority and prestige. But unfortunately, they didn't seize the opportunity very well.

And it was too late to regret now.

They were grateful that God gave them a remedy. They immediately thought of the scene just now. Lu Heting must be interested in that female star who had boarded the ship, so he decided to stay.

Actually, knowing his preferences was an advantage to them. It was scarier if they didn't know what he liked.

As long as Lu Heting had preferences, he also had a weakness that they could use. If he liked the stars, they would fly into the night sky to get them for him.

Mr. Chen and Mr. Wang immediately went to find out the name of that female artist that Lu Heting saw just now.

Su Bei had a unique face that set her apart from women. She had a small face that looked charming and exquisite. Mr. Chen and Mr. Wang only needed the guest list of Feng Shang's 20th-anniversary celebration. Then they could confirm her identity.

"It turns out that Mr. Lu likes her type." Mr. Chen and Mr. Wang now knew what to do.

What was next was for them to take effective action.

Chapter 188 Deserved the Title

Su Bei didn't really expect to meet Lu Heting here today.

However, he must be busy with his work. She was also busy with the celebration, so they couldn't get the chance to see each other in private.

Lv Shan brought Su Bei's dress and smiled apologetically. "Su Bei, I wanted to borrow a dress from an international luxury brand for you, but I found that the size was wrong, so I had to change it with a local brand."

Since Su Bei resolved Luo Li's issue on her own, Lv Shan had become more polite to her.

"International brands and domestic brands are all the same, aren't they? As long as the dress looks good on me, I don't mind wearing it. And who says domestic brands are not okay?" Su Bei didn't care about it at all.

Lv Shan appreciated her open-mindedness. "Although you don't mind, people outside and inside the entertainment industry always keep an eye on you. Fortunately, you are not the protagonist tonight, so it doesn't matter what you wear."

Su Bei nodded. She would rather keep a low profile than become an ostentatious person.

Su Huixian, who was already changing her clothes, looked more radiant. While helping her change, Qiu Minxuan said, "The dress sent by Mr. Luo is a limited edition, and it hasn't been sold in the local market yet. Not everyone can buy it."

She deliberately loudened her voice for Su Bei to hear.

Lv Shan was about to retort, but Su Bei grabbed her wrist and said, "Lv Shan, please help me with my makeup."

If Su Bei got angry every time she heard Du Luo's name from Qiu Minxuan's mouth, then she would have to be furious all the time.

She didn't think he was worth her anger for even one second.

A man like him didn't deserve her time and emotions. She was not stupid to get angry at that.

There were too many people and things in her life worth cherishing and embracing.

After making sure that her makeup was okay, Su Bei, together with Lv Shan, appeared at the event first.

Lu Heting, who was on the top deck, had planned to send Su Bei a better dress.

However, the message he received from Jin Xiu made him give up this idea. For the time being, he didn't take any action. It didn't matter if Su Bei was wearing a cheap dress. What awaited her was the best finery.

Feng Shang's 20th-anniversary celebration was grandiose. The decoration of the venue was exquisite. The soothing music, accompanied by the guests' footsteps and laughter, made the place extremely extravagant.

As soon as Su Bei entered the hall, she heard people whispering to each other.

"Feng Shang is going to select Miss and Mr. Perfect tonight. I wonder who will have such good luck."

"Well, it's not only an honor given by a magazine. This award is also important in the fashion industry. People who get this award will get steady streams of endorsement from luxury brands in the future."

"I'm sure that Lin Yu will be Mr. Perfect. Since he is the cover boy of this edition, Feng Shang's sales skyrocketed all the way. You know, one of the requirements to succeed in the competition is the contribution to the sales."

"I just don't know who Miss Perfect will be. It's too hard to guess. The female supermodels look almost the same."

Su Bei didn't pay much attention to what they were talking about. Winning a prize would depend on many things.

She was just a fledgling, so she didn't compare herself with those young celebrities and movie stars who had been on the cover this year.

But as for Lin Yu, of course, he deserved the title Mr. Perfect.

Just as Su Bei was lost in thought, a group of foreigners suddenly came in. They were led by Director Baizen, the director during the commercial shoot of Jin Xiu.

A group of people surrounded him.

Chapter 189 They Had Fallen Pretty Hard for Him

Someone immediately whispered, "What's going on?"

"They seem to be people from Jin Xiu, the brand that has seldom developed in S Country. But it has prospered in other countries in Europe and America. Why are they here?"

"I heard that Jin Xiu has sent someone to bring a splendid outfit here tonight. It's their generous gift to their brand ambassador of the year. The whole set of clothes was handmade and sewn by the most skilled embroiderers. Silk and diamonds were inlaid on it. It's very precious. Only the most valuable contributor to their sales can get it," a person who was familiar with the situation said in a low voice.

"Oh, I see." Everyone who heard her was suddenly enlightened.

As soon as Qiu Minxuan and Su Huixian came in, they heard about Jin Xiu's presence tonight.

Qiu Minxuan smiled and said, "Congratulations, Huixian! You are likely to have double blessings tonight."

Su Huixian hadn't believed that she did better than Su Bei during the shooting of Feng Shang. However, she thought that her endorsement of Jin Xiu was much different.

At least, she could enjoy an honor tonight.

This would bring her steady streams of resources.

She had always been complacent, thinking that she had contributed a lot to Jin Xiu's overall sales as their brand ambassador. But what she didn't know was that the data they got was limited. Besides, Fan Yingfang was removed from Jin Xiu quickly. So she had no way to get the actual data at all. She was still immersed in the sales volume they had boasted on Weibo.

The president, shareholders, and editor-in-chief of Feng Shang made a speech one after another to commence the celebration.

After giving out some awards, it finally came to the main event — the awarding of Miss and Mr. Perfect.

This had always been the highlight of Feng Shang's anniversary celebration. And since it was their 20th year, this year was extra special. The awarding ceremony was the utter center of everyone's attention.

Even the number of netizens watching the live broadcast at this moment had reached its peak.

The host stood on the stage and said with a smile, "Up next is the part that we are all waiting for. We will be giving out our most important award for tonight. What are the criteria for this award? First, the contributions to the sales of Feng Shang. Second, the evaluation of the artists' popularity and works. All right, I will lift the veil now. First, let's award our Mr. Perfect for this year. The winner is..."

"Lin Yu! Lin Yu! Lin Yu!" The crowd cheered loudly. Even some stars couldn't help screaming Lin Yu's name.

In the live broadcast, netizens also typed in his name in the live chat section.

Calls for Lin Yu to be awarded as Mr. Perfect had reached the boiling point. It was completely what everyone wanted.

So when the host mentioned his name with a smile, people's faces showed an expression that said, "I knew it!"

Lin Yu walked onto the stage. As a handsome young man with fair skin, he looked as wonderful as a jade.

After receiving the trophy, he bit it and asked, "Can this be eaten?"

Everyone laughed in good faith, including Su Bei. He was indeed a foodie!

"Thank you, everyone! The cakes at the party tonight are super delicious. You guys must have a taste." When Lin Yu winked at the crowd, they had all fallen pretty hard for him.

Laughing, Su Bei couldn't help thinking, 'Lin Stone is really an interesting person. No wonder many people like him.'

Then it was time for the Miss Perfect Award.

When it came to this award, it was extremely controversial. There was a burst of discussion on the spot, and the online viewers also had different options. They even had good reasons to support their options. But it seemed that none of them could convince others to change their thoughts.

Chapter 190 Why Does It Have to Be Su Bei Again?

"It seems that no one from the female stars will get the award. The best actress is elegant, but she is not that popular. And the sales of her edition is only mediocre."

"There's one popular actress, who has shot lots of movies in the past year. But her acting skills have not improved. Instead, her performance is getting worse. She can't even play the roles given to her. She looks exhausted in her photos in the magazine."

"Well, Su Huixian is not that bad. She is an experienced supermodel, and she has gained good popularity. Being Jin Xiu's brand ambassador has made her more popular. It's just that she looks like a beautiful body without a soul."

"Su Bei has attracted a lot of people to buy the magazine this time. But she's just a fledgling newcomer. Aside from her performance in Orisa Fashion Show, does she have any other outstanding achievements? Who else will continue to buy the magazine for her?"

At this moment, the host on the stage said, "As for the female artists, we can first look at the data of our statistics. Let's see who has made the biggest contribution to the sales of the magazine."

Then a set of data appeared on the big screen.

The winner's data was far ahead.

The others' data was almost the same. Even the second place only had a slender lead from the other female artists.

Everyone was waiting for the result to be revealed.

"The artist who has the highest sales volume is... Lin Yu!" the host said aloud.

Everyone suddenly uttered an "Oh!" with a rising tone towards the end. Now they were enlightened. No wonder that the data was so much ahead. It turned out that it belonged to Lin Yu.

Therefore, the second place was a female artist.

It was not surprising that Lin Yu got the highest sales volume. With his popularity and reputation, all of the other candidates were no match for him. No one had any objections to him being in the lead.

Everyone now paid attention to the second place because she would be the Miss Perfect.

"The second place is..." The host let the audience guess.

Most of the female artists in the crowd didn't actually expect that they could get the award. But they were still hopeful about the result.

Su Huixian couldn't wait to receive the award on the stage. She believed that with the strength and popularity that she had accumulated for several years, she could completely defeat Su Bei.

Su Bei was excellent, but she was too inexperienced. She didn't have a solid foundation too.

"It is..." The host's words were then followed by a burst of dramatic music. "Su Bei!"

"Oh?" everyone exclaimed in a less enthusiastic voice. Obviously, they were not so convinced by the data.

Su Huixian, who had almost stood up, clenched her fists tightly to control her emotions.

Su Bei! It was Su Bei again! She hated this name to the bone.

'Su Bei? Why does it have to be her again?'

Even Su Bei was a little surprised when she heard the result. She knew that her foundation was not enough for her to be liked by so many people. But she was very grateful to those who had bought the expensive magazine for her.

The host smiled and said, "Su Bei, please come up the stage. Actually, we all know that it hasn't been that long since you came back. It's amazing that you have made such an achievement. The truth is, we have conducted an investigation. And we found out that due to the incident when you saved the little girl, many people felt mixed emotions for you. They regretted following the crowd and slandering you. And they admired your decisive action. So I think that was the reason why many netizens bought magazines for you spontaneously this time."

It had to be said that the host was right. The fact that Su Bei was framed made her earn the sympathy of many people.
