## Chapter 4091

Seeing that the old man had blocked all the roads around him, David's face instantly became extremely ugly!

Since there was no intention, why did he block the road?

"Fire Control Step..."

David used the Fire Control Step to escape from here. Even if the roads around him were blocked, the Fire Control Step had the ability to jump through space!

Although David's space jump distance would not be too far now, it would still be no problem to get rid of this blockage!

If the distance of this space blockage is very large, then David's Fire Control Step will lose its effect!

Fortunately, the old man only blocked this area on the top of the mountain. He didn't expect that David also had the Fire Control Step!

Seeing David's body suddenly disappear, the old man was obviously stunned.

"It's interesting, he actually has this method!"

After the old man finished speaking, he grabbed it casually!

Countless divine patterns came out from his palm, and then floated around the world!

The whole mountain was covered by divine runes. When David's Fire Control Step suddenly flashed out, it was as if

he was suddenly pulled by a force. When David's figure appeared, he found himself standing in the same place, and the old man was looking at him with a smile!

This time, David was a little confused!

He had just performed the Fire Control Step, so why didn't he move?

"I won't hurt you, why are you running?"

The old man smiled slightly, and then waved his hand casually, and a large number of divine runes rushed directly towards David!

Seeing this, David's fire in his body instantly surged out, and the whole person became a fire man!

Because both talismans and runes are afraid of fire!

But when those divine runes encountered David's fire, they did not stop at all, and instantly wrapped David!

David frowned, and under the Tianming Eye, these divine runes were all clearly visible, as dense as moths!

David pinched his fingers and quickly broke the fire on his body. Divine runes, and at the same time, they kept retreating!

These divine runes did not have too strong attack power, and it was also very simple to break!

But such a large-scale divine rune, densely packed like locusts, even if it was simple, it would be difficult for ordinary people to resist!

David's forehead was already full of cold sweat. Fortunately, with the help of Tianming Eye, David could clearly see the trajectory of the divine rune!

David's speed of attack became faster and faster. In the end, he stood still, and his hands waved out afterimages!

One after another divine runes were broken in front of David!

The old man looked at David, and his eyes suddenly lit up: "This kid really has some skills. No wonder Gu Tianchao desperately recommended him to me. It's really interesting."

After the old man finished speaking, the yellow robe on his body suddenly flew up, and the complex patterns on the yellow robe instantly turned into a cage, directly covering David!

This time, David couldn't break the cage anymore!

"Who are you? Why are you trapping me?"

"If you want to capture me, go ask the Demon Sealing League for a reward, then forget it. If I get angry, your broken thing can't trap me."

David looked at the old man coldly and asked!

David just didn't want to use the Red Cloud Demon Lord. If he gave the control of his body to the Red Cloud Demon Lord, how could this cage trap him!

But in that case, David himself would also suffer serious injuries, and his physical body might be destroyed directly!

"Hahaha, what a big tone, but I like it."

The old man laughed, and with a wave of his hand, all the divine patterns and the cage disappeared!

David was relieved to see that the old man really had no ill intentions!

"Don't you want the essence of the Liangyi Sect's formation? What I just displayed was the essence of the Liangyi Sect. Have you learned it?"

The old man raised the corner of his mouth and asked with a smile!

David was stunned, and then immediately reacted and said: "Are you the ancestor of the divine pattern of the Liangyi Sect?"

## Chapter 4092

"Yes, I am the ancestor of the divine pattern of Liangyi Sect. This Gu Tianchao recommended you to me and praised you so much that I thought he was bragging."

"I didn't expect that you really have some skills. Gu Tianchao didn't lie, but he was right about one thing, that is, the essence of our Liangyi Sect's formation can never be passed on to outsiders."

"But he is not worthy of asking you to worship Gu Tianchao as your master and let him bring you into Liangyi Sect..."

"I can be your master, you just need to worship me now."

The old man said with a smile on his face!

"Since you are the ancestor of the formation of Liangyi Sect, why do you want to attack your own disciples?"

David looked at the unconscious Gu Tianchao and asked puzzledly!

“Of course I don’t want him to know that we met and talked!”

“I said it a long time ago that I have no interest in you and don’t want to see you.”

“I can’t slap myself in the face and let Gu Tianchao, this kid, laugh at me!”

The old man explained!

David then understood that it was Gu Tianchao who mentioned David to the God Pattern Ancestor, but the God Pattern Ancestor was not interested!

Gu Tianchao invited David and explained the situation, thinking that David would join Liangyi Sect and then slowly learn the array pattern!

But who knew that the God Pattern Ancestor had been interested in David for a long time, so he came secretly and kept an eye on them!

David and Gu Tianchao didn’t notice it at all, until the God Pattern Ancestor took action, they knew someone was there!

“If you want me to worship you as a master, you must have real skills. With the means you just used, I just don’t want to fight.”

“If I want to use all my means, your so-called God Pattern can’t stop me at all.”

David said coldly!

He won’t worship anyone as a master casually. You must know that David still has many means that he hasn’t used yet!

God King Bow, Dragon Pattern Bell, Sky-Swallowing Beast, Divine Fire Seal, Fire Spirit...

Nine Shadow Sword Technique, Thunder Palm, Holy Light Fist...

and his own origin of time, Immortal Finger...

The most important thing is that there is also the great demon, the Red Cloud Demon Lord, in his sea of consciousness!

David did not use these. If it was a real life-or-death moment, David would have used all of them!

“You are a kid of the sixth rank in the Tribulation Realm, you are really arrogant.”

“Do you know how many people cried and shouted, kowtowed to me, and worshipped me as their master, but I don’t care about them. You kid still ask me what real skills I have.”

“Isn’t it the demon soul in your sea of consciousness that you rely on? If I make it impossible for that demon soul to fit with your body, what other means do you have?”

After the old man finished speaking, he lightly tapped his fingers, and a golden spirit rope instantly tied David up!

David was startled and wanted to break free, but he couldn’t break free at all!

“Boy, stop struggling. This old guy has some tricks. The divine rune he just used actually has the breath of a master of formations in the heaven.”

“No wonder he calls it a divine rune. Maybe he learned these tricks from someone in the heaven, or maybe he came from the heaven himself.” The

Red Cloud Demon Lord said!

“What? He came from the heaven?” David was surprised!

“Maybe the soul fell into the heavenly world and then found a body. This is just a possibility. You don’t have to care too much.”

“Since this old thing has no ill intentions, just follow him!”

The Red Cloud Demon Lord persuaded David!

David was speechless. In this situation, he couldn’t leave!

David could only follow the old man to leave. Gu Tianchao fainted on the ground, but no one cared!

“Senior, your disciples are still fainted here, don’t you care?”

David asked!

“He will wake up soon, don’t care...”

The old man didn’t want to care about Gu Tianchao at all!

## Chapter 4093

David could only follow the old man and leave helplessly!

Not knowing where the old man was going to take him, David suddenly felt like a fish on a chopping board, at this moment, he was at the mercy of others!

Soon, they stopped at a shabby thatched hut. There were three thatched huts in total, which were even more broken than a doghouse!

The sunlight could shine into the room through the roof!

When he walked in, he saw that it was even more shabby inside, and there was no human appearance. Is this a place where people can live?

“Senior, you... don’t tell me, you just live here?”

David’s face was full of surprise!

After all, this is also the divine pattern ancestor of Liangyi Sect. Not to mention living in that kind of magnificent palace, but at least he should have his own mansion!

What is the meaning of these thatched huts?

Is Liangyi Sect so poor?

“What? Do you think this place is too shabby? Let me tell you, the elders and the masters of Liangyi Sect always beg to live here.”

“I won’t let them come. It’s so quiet here, and no one disturbs me when I practice.”

“We are all practitioners, don’t care about the external environment!”

said the old man!

It’s okay to not care, but it can’t be so shabby?

David was speechless!

“Are you going to let me practice with you here?”

David said, looking at the simple house!

“No, you practice here by yourself. I have other things to do. How can I accompany you here?”

said the old man!

David was anxious when he heard it: "You accepted me as a disciple, but you didn't teach me, and let me stay here alone. Are you accepting a disciple?"

"Don't be anxious, since I accepted you, I will definitely teach you."

After the old man finished speaking, he took out a little white mouse from his sleeve, stroked it gently and said: "You teach your junior brother well here..."

After that, the old man let the little white mouse go!

"Are you kidding me? Let a mouse teach me divine patterns?"

David was so angry that he turned overRolling his eyes!

He regretted following the old man!

What kind of thing is this? Let a mouse teach you!

"What are you talking about? This is your senior brother. When I was practicing, it was the only one who accompanied me. You can't compare with the divine patterns it has learned over the years."

After the old man finished speaking, he said to the little white mouse: "Go and set up a formation around the house. Only when he learns it can he leave here."

The little white mouse nodded and ran quickly!

Soon, bright divine patterns appeared, and then the whole thatched house was covered by the formation!

David was dumbfounded when he saw this!

In this world of heaven and man, you should know that there are very few formation masters, very rare!

But now, a mouse can actually set up a formation!

"You should learn from your senior brother well. Only when you learn and break this formation can you leave this room, otherwise you will be trapped here for the rest of your life!"

After speaking, the old man turned and left!

"Don't go, I..."

David wanted to rush out, but just as he rushed to the door, he was shaken back by a huge force!

David was looking for the center of the formation, trying to break it and leave!

Asking him to learn divine patterns from a mouse, isn't that a joke!

However, David tried for a long time, but he couldn't open the formation.

The little white mouse jumped onto the table, squeaking, as if mocking David!

"You dare to mock me, I'll flatten you..."

Seeing this, David slapped the little white mouse with one palm!

But when David slapped it, the little white mouse flashed with golden light, and then turned into a middle-aged man in his thirties!

"Junior brother, you dare to attack me, be careful, I will report to the master and let you suffer!"

said the middle-aged man!

Seeing the little white mouse transformed into a human form, David quickly withdrew his hand. He didn't expect that the little white mouse could actually transform!

"Senior brother, I'm sorry, I didn't expect you to be able to transform."

David said embarrassedly!

## **Chapter 4094**

"Master has been practicing here, and I have been secretly learning for hundreds of years. Fortunately, Master is kind-hearted. He knew that I was secretly learning, and not only did he not blame me, but also accepted me as his disciple."

"Otherwise, I would not be able to transform into a human. At most, I would be a rat demon. I don't know when I would be beaten to death."

"Since Master has handed you over to me, you must study hard and don't think about being lazy. When you can break the formations around you, you can leave!"

The middle-aged man said to David!

“I understand!” David knew that he could not escape from here, so he simply studied the art of divine patterns with peace of mind!

David sat cross-legged, and the middle-aged man told David how to carve the ancient divine patterns.

Listening to his senior brother’s story, David slowly discovered that the ancient divine patterns were different from the ordinary array patterns! Seeing

that David was listening carefully, the middle-aged man nodded with satisfaction and said, “The difference between the divine runes is that they can be carved out and set up a large formation without relying on the spiritual power of the cultivators.”

“Ordinary people who understand the art of divine runes can also carve them out. The divine runes do not require spiritual power as a medium to open them. What is needed is one’s own soul.”

“I will now teach you how to carve the divine runes. You must control your consciousness and never use spiritual power.”

“You need to put all your consciousness on this divine rune, imagine that you are part of the divine rune, and the entire formation is also part of your body.”

“Don’t think of these divine runes as a weapon to defend against the enemy, you have to think of it as your body.”

The middle-aged man told David carefully!

David listened very carefully and repeated the middle-aged man’s words in his mind several times!

After he finished speaking, the middle-aged man waved his hand, and a yellow cloth that was ten feet long and several feet wide appeared in front of David!

“There are divine patterns on it, you can practice according to the instructions...”

After saying that, the figure of the middle-aged man disappeared, and he turned back into the appearance of a little white mouse, and then squeaked out of the thatched hut!

David looked at the large piece of yellow cloth. There were indeed many divine patterns engraved on it. Each divine pattern was not very large, but there were countless fine lines on it. Each line was related and seemed to have some kind of rules!

David looked carefully, and the more he looked, the more frightened he became, because he found that each of these divine patterns was a formation, and the divine pattern on the entire yellow cloth was a larger formation!

In other words, a large formation is composed of many small formations, and in the small formation, there are even smaller formations! If

this formation is to be cracked, it would be more difficult than ascending to heaven!

The complexity of the divine pattern was beyond David's psychology, but David did not intend to give up.

According to the formation pattern on the yellow cloth, David began to slowly carve it, holding his breath and concentrating his mind to throw away distracting thoughts, David carved it over and over again!

Time passed, and David had long forgotten the time!

After an unknown amount of time, David finally copied the array patterns on the yellow cloth!

At this moment, David felt that his whole body was exhausted!

Although he did not use spiritual power, the concentration of his soul made David's whole body very tired!

After relaxing, David fell down!

Now David would not care whether the thatched house was dilapidated!

Looking at the translucent roof and the stars outside, David lay quietly!

But soon, David discovered that what was flashing outside the roof were not stars, but pairs of eyes!

These eyes began to turn red, and they were suspended in the air. No body could be seen, only pairs of eyes, as if staring at David through the gap!

David frowned, and hurriedly got up and looked over carefully!

## **Chapter 4095**

Pairs of eyes kept approaching David, and the whole thatched house was filled with a faint red light!

As these eyes kept approaching, the formation around the thatched house was activated, and rays of light wrapped up the thatched house!

These guys saw the activated formation and did not continue to approach! They just kept staring at David with those eyes, making David's scalp numb!

However, because of the formation barrier, David was slightly relieved, because he didn't know who these pairs of red eyes belonged to!

If it was some monsters, David would not be afraid, but if it was some magic cultivators, and the magic cultivators were not weak, then it would be troublesome!

But after a while, these guys did not continue to approach, proving that this formation really scared these guys!

Seeing this scene, David no longer cared, took a deep breath, and began to continue practicing the divine pattern!

As David carved over and over again, David became more and more proficient!

And the speed of completing the second 100 carvings was obviously much faster than the first time! Chen

Ping not only had to concentrate at this time, but also had to endure loneliness!

Doing the same thing over and over again would drive many people crazy!

I don't know how many times he has carved it, let alone how many days and nights have passed. When David finished carving the divine pattern in one breath again, the little white mouse appeared again!

"Junior brother, how do you feel?"

The middle-aged man transformed from the little white mouse asked David!

"Fortunately, I'm much more skilled." David smiled slightly, but then asked: "Senior brother, when I was carving the array pattern, I found that there were pairs of red eyes outside, staring at me closely. I wonder if you know what that is?"

The middle-aged man frowned slightly when he heard it, but soon stretched out his eyebrows and said: "Junior brother, don't be afraid, there is a formation to protect you, nothing can get in, you just focus on carving the array pattern."

“By the way, Master asked me to bring you two soul-calming grasses, which can help you condense the divineSoul, it is good for carving array patterns! “

The middle-aged man handed David two immortal herbs, which looked very precious!

“Senior brother, thank Master for me...”

David took the immortal herbs without hesitation!

The middle-aged man said nothing more and left quickly, and he seemed to be in a hurry!

David knew that this senior brother must know what those eyes were. He might be afraid that he would be timid and his mind would be affected, so he didn't say anything!

But no matter what it is, it can't affect David. David just needs to carve the divine pattern!

Sitting down quietly, David refined the two soul-suppressing grasses!

After the middle-aged man left, his body disappeared instantly!

Soon he appeared on a mountain, and the ancestor of the divine pattern was also on this mountain!

“Master, as you guessed, the people of the array demon did appear, but they were blocked by the array and did not make any too intense movements. “

The middle-aged man said in surprise.

“I knew these guys would not give up. We must not let these guys escape this time. “

The ancestor of the divine patterns said with a faint smile on his face!

“Master, how do you know that this junior brother will definitely be able to attract the people of the array demon?”

the middle-aged man asked puzzledly.

“Because his bloodline is different from any of us, and he keeps carving array patterns, the people of the array demon will definitely be able to sense it.”

“And they will also take risks for this special bloodline, this is also our opportunity!”

The ancestor of the divine patterns explained!

“Yes, I also noticed that my junior brother actually has several auras on his body, including the auras of demons, humans and even beasts. “

“It’s so strange, how can one person have the auras of three races at the same time!”

said the middle-aged man!

The ancestor of the divine patterns just smiled and didn’t say anything!
