Chapter 4096

David didn't know anything at all at this time. He tried hard to depict the divine pattern and constantly used his soul to feel it.

At the beginning, David memorized it by rote and copied it by heart. But now David is carving the divine pattern while feeling the mystery in the divine pattern!

He knows that when he merges with the divine pattern, his divine pattern should be successful!

But when he can succeed, David doesn't know, so he can only redouble his efforts!

He can't be trapped in this place for too long, he still has a lot of things to do!

Moreover, Bai Qian and Huo Feng were driven out of Huhuang City and went to the Western Regions. Who knows what the situation in the Western Regions is like!

What if they are in danger?

Now they are all David's women, and David will not allow them to be in danger! After

David didn't know how many times he had carved the divine pattern, when he was lying in the thatched hut to rest, the red eyes appeared again, and this time, it was obvious that there was a hint of strangeness in the red eyes!

The light curtain of the surrounding array was turned on, isolating the pairs of eyes outside!

David was very puzzled, what on earth was it that was always staring at him closely?

David tried to use the Tianming Eye to see the other party clearly, but the Tianming Eye could not penetrate the surrounding array!

It must be said that the divine pattern array is indeed powerful, much more powerful than the array runes carved with spiritual power!

David simply closed his eyes, looked at nothing, had a good rest, and then continued to carve the divine pattern!

With each carving, David's perception of the divine pattern deepened!

And because of the soul-calming grass, David felt that his mental power was also much stronger. Every time he carved, David deliberately injected his mental power into the divine pattern slowly!

At this time, David already had a feeling of merging with the divine pattern. Every time he carved a divine pattern, he felt that the divine pattern was like a blood vessel in his body, and the flow of power on the divine pattern was like the flow of blood!

The connection between each divine pattern, also began to slowly become clear. Some seemingly unrelated divine patterns seemed to be connected by countless capillaries in the middle!

At this time, the divine pattern no longer looked like a dead object, but more like a living person with flesh and blood. However, David has not yet fully integrated and mastered it, so he can only feel some fur, flesh and blood!

I don't know how long it took, the middle-aged man came again. This time he didn't bring herbs, but a jar of good wine and some food!

Although at the strength of David and others, it doesn't matter even if they don't eat or drink!

But drinking and eating meat is not to solve the problem of food and clothing, but the feeling!

"Junior brother, take a rest. The master asked me to bring good wine and meat to accompany you to drink a little."

The middle-aged man put the wine and food on the shabby table and said!

David nodded and followed the middle-aged man to eat and drink!

Although the two had not met a few times, David had a good impression of the so-called senior brother in front of him!

Through the conversation, David also knew that his senior brother, who was transformed from a little white mouse, was named Bai Ju!

This name was given by the ancestor of the divine pattern!

"Brother Bai, I wonder what happened to Gu Tianchao?"

David asked Bai Ju!

David was still worried about Gu Tianchao, because he promised Gu Tianchao that he would help him become the master of the sect, so that he could get the blood jade!

If Gu Tianchao couldn't wait and did it himself, how could David get the blood jade then!

"Brother Bai, you are still thinking about the blood jade, right?"

Bai Ju said with a smile!

David was stunned, and then said embarrassedly: "Brother Bai, how do you know this?"

"Hahaha, what happened in Liangyi Sect can't escape the eyes of Master, but don't worry, Gu Tianchao is fine."

"Now put all your energy into learning the divine runes, and when you leave here with great success, you only need to ask for the Liangyi Sect's affairs."

Bai Ju laughed!

Chapter 4097

David smiled awkwardly after hearing this. As the ancestor of the Divine Pattern of Liangyi Sect, it should be easy for him to nominate someone to be the sect leader. He was actually worrying about it for nothing!

After chatting with Bai Ju for a long time, David became more and more impressed with this senior brother!

A person who was transformed from a little white mouse actually knows a lot, and even some of the truths of the great way are very simple, and he can talk about it very clearly!

It doesn't look like a mouse at all!

It's more like a master who has achieved immortality!

After the chat, Bai Ju left, and the Red Cloud Demon Lord said: "Being able to teach a little mouse to such a realm, it seems that your so-called master is really good!"

"I'm sure this guy has a connection with the heaven. Either his master is from the heaven, or he came from the heaven and was trapped in the heaven."

“With the cultivation and knowledge of these people in the heaven, it is impossible to understand these, and the realm of thought cannot reach this level.”

After listening to the words of the Red Cloud Demon Lord, David was also very interested in the God Rune Ancestor. Unfortunately, he did not have much contact with the God Rune Ancestor!

It has always been this Senior Brother Bai who has been in contact with him!

And now that the Liangyi Sect has blood jade, a heavenly thing, it can prove that the God Rune Ancestor is a person from the heaven!

David did not rest too much and continued to carve the God Rune. Only after truly learning the God Rune and condensing the God Rune can he leave this place!

As for the pairs of red eyes, they still appeared, but David ignored them! Chen

Ping’s mind was completely focused on carving the array pattern. The light of the divine pattern kept flowing in his mind, and he imagined himself and the divine pattern merged into one!

As David continued to carve, David no longer had to look at the yellow cloth, and the divine pattern could be easily drawn!

At this time, on a hilltop, the night sky had no stars!

The Divine Pattern Ancestor looked in the direction of the thatched hut, and a pair of red eyes appeared again.

Bai Ju stood beside the Divine Pattern Ancestor and said curiously: “Master, do you think this junior brother can really condense the Divine Pattern? If he condenses the Divine Pattern and leaves the thatched hut, I’m afraid he won’t be able to deal with these people from the Array Demon.”

“You don’t have to worry about this. If he can’t deal with these people from the Array Demon, it’s useless even if he condenses the Divine Pattern. Useless people are only fit to be bait.” The Divine Pattern Ancestor said lightly!

“Master, you said that the junior brother’s talent is stronger than yours. Could it be that he can activate the Heaven and Earth Array and help the master return to heaven?”

Bai Ju continued to ask!

The ancestor of the divine pattern glanced at Bai Ju coldly, and then said expressionlessly: “I know what you mean. You also want to ascend to heaven and become an immortal or a Buddha.”

“But you have to remember that to ascend to heaven and become immortal, you must practice hard and endure the test of heaven and earth thunder. Only then can you do that.”

“If you want to rely on opportunism and help from others, even if you ascend to heaven, your foundation will be unstable and it will be difficult to gain a foothold.”

“The heaven is not as good as you think. It is even more cruel than here.”

“Ascending to heaven and becoming an immortal is the ultimate goal for all cultivators, but when you reach heaven, becoming an immortal is just the first step.”

“How many people have gone through hundreds of years and thousands of years of practice, and after ascending to heaven, they soon fell.”

“Countless immortals die in heaven every day. How many immortals and demons died during the war between gods and demons.”

“I don’t know how many people from heaven are trapped in this world of heaven and man, but it is not a small number.”

“Some will be resurrected, some will survive with residual souls, and some will decline in strength to a corner.”

“There is a celestial demon soul in David’s sea of consciousness. I don’t know the identity of this demon soul.”

Chapter 4098

Bai Ju listened quietly. He had listened to his master talking about the heavens so many times!

It can be seen that the ancestor of the divine pattern missed the heavens very much and wanted to return to the heavens, but it was a pity that he could never go back!

“Master, I have never known whether this body of yours is occupied by you or your original body?”

Bai Ju asked curiously.

The ancestor of the divine pattern looked at Bai Ju, smiled slightly and said, “You have been practicing with me for so many years. Do you feel that this body of mine is mine?”

“Yes, I feel that Master is trapped in the heavens and human world. His own strength has declined and he cannot return to the heavens.”

Bai Ju said!

Hearing what Bai Ju said, the ancestor of the divine pattern sighed lightly, looked at the dark night sky and said: “Alas, I was inexplicably involved in the war between gods and demons, and now I can’t figure out why.” “

Back then, a huge force sealed the entire heaven and man world, making it impossible for all of us on the battlefield in the heaven and man world to leave.”

“Some died, some were injured. After so many years, the strength of all those who came from the heavens is estimated to have declined a lot. The immortal energy in this heaven and man world is extremely scarce and is not suitable for us to practice at all.”

“I know that some people can’t break the heaven and earth formation of the heaven and man world, and begin to find another way, tearing the void to go to other worlds, and find a way to return to the heavens.”

“But it’s too difficult. Every world has its own laws of heaven and earth, and has its own seals. This seems to be a punishment from God for the war between gods and demons.”

“I have studied the great formation of heaven and earth for so many years, but have gained nothing, and my strength is still declining. I know that it is almost impossible for me to break the great formation of heaven and earth and return to the heavens by myself.”

“Although you are a genius, it’s a pity that you don’t have the talent, so this important task can’t fall on you.”

The old ancestor of the divine pattern recounted the past, and seemed to have aged a lot!

“Master, you always talk about talent, talent is notWhat is it? Does this junior brother have talent? “

Bai Ju asked puzzledly!

The ancestor of the divine pattern shook his head and said: “I don’t know whether he has talent or not. I am just rambling now.”

“In the world of heaven and man, where the art of formation is scarce, David can break through the blood-refining cage by force. That proves that he is extraordinary.” “

And talent is something that is innate and cannot be made up for by acquired efforts.”

“How long did it take you to learn the divine pattern from me before you could draw it by yourself without watching it?”

“My disciple is stupid and it took me nearly ten years.” Bai Ju said embarrassedly!

“But this David, in less than three days, he can now draw the divine pattern. This is talent...”

“It’s not that you don’t work hard, but no matter how hard you work, it’s worthless in front of talent!”

The ancestor of the divine pattern explained!

Bai Ju seemed to understand something after listening to the words of the ancestor of the divine pattern!

“Master, the formation demon has been fighting with you for so long, what does he want from you? “

Bai Ju asked puzzledly!

Ever since he followed the ancestor of Divine Marks, he often found that the people of the Array Demon were looking for trouble with the ancestor of Divine Marks!

“Hahaha, that old thing, he was competing with me for you...”

“Back then you were accepted as my disciple, and the Array Demon saw that you were talented, so he frequently wanted to snatch you away.”

“Now that David is the same, the people of the Array Demon have been observing for so many days, I believe the Array Demon has long known that I have accepted another gifted disciple.”

“I just want to piss off this old thing to death, he has been competing with me from the Heaven Realm to the Heavenly Realm, and he wants to compete with me everywhere.”

The ancestor of Divine Marks laughed!

It can be seen that the ancestor of Divine Marks and the Array Demon do not seem to have any deep hatred, it is more like two little old guys, competing and fighting with each other!

Chapter 4099

“Master, why don’t you cooperate with the array demon? Maybe if you two cooperate, you can break the heaven and earth array and return to heaven.”

Bai Ju asked!

“Humph, how could I cooperate with that old man? He doesn’t deserve it...”

The God Pattern Ancestor snorted coldly!

But after saying that, confusion and regret flashed in his eyes!

If the two of them cooperated at the beginning, maybe they could really break the heaven and earth array!

It’s just that no one was convinced by each other back then, and it was impossible to cooperate!

But after so long, their strength has declined seriously, and even if they cooperated, it would be impossible to break the heaven and earth array!

“Okay, don’t say anymore, I’m going to rest. As long as the array demon doesn’t appear, don’t call me!” The

God Pattern Ancestor said, and his body disappeared instantly!

Bai Ju looked at the thatched hut not far away, with envy in his eyes.

Talent is something that can’t be changed!

But he was also content. From a little white mouse, he has become what he is now, and has become the object of envy of many monsters!

“Junior brother, come on...”

Bai Ju said silently!

At this time, in the thatched hut, David was still diligently carving the divine pattern!

He had completely ignored the red eyes outside!

No matter what kind of monster or magic cultivator it is, as long as he is protected by the formation and can’t hurt himself, David will not care!

After an unknown period of time, when David opened his eyes, he found that Bai Ju had come!

“Junior brother, you are really hardworking. This is what Master asked me to bring you...”

As he said, Bai Ju took out some fairy grass and put it on the table!

“Brother Bai, I want to ask you something.” David said!

“Ask, is there anything else you don’t understand about the divine pattern?”

Bai Ju asked!

“That’s not the case. I have memorized all these divine patterns, and I understand them. I just need to condense my own divine pattern and merge them with the divine pattern.”

“I just want to ask my senior brother, is Master a person from the heaven?ah?”

David wanted to know whether the ancestor of the divine pattern was a person from heaven!

Bai Ju was stunned, then laughed: “Junior brother, you really ask unnecessary questions. There is a demon soul from heaven living in your sea of consciousness. Wouldn’t he tell you?”

“No matter whether the master is from heaven or not, you just need to remember that the master has no intention of harming you, and you should practice well.”

“When the time comes, don’t listen to other people’s sweet words and disappoint the master’s expectations of you!”

“Brother Bai, don’t worry, I am a grateful person.” David patted his chest and said!

“That’s good!” Bai Ju nodded, then glanced at the yellow cloth and asked: “Since junior brother has memorized the divine pattern, then this piece of yellow cloth with the array pattern engraved on it will be useless, right?”

“Yes, Brother Bai, you can take it. “

David nodded!

Bai Ju nodded, waved his hand, and the yellow cloth flew up directly, but the yellow cloth did not fall into Bai Ju’s hands, but was draped over David like a cloak!

David was a little surprised why Bai Ju did this, and suddenly felt an inexplicable force wandering in his body!

The divine pattern on the yellow cloth began to flash white light!

David hurriedly closed his eyes, and his whole body was wrapped in the divine pattern!

Bai Ju took a look and slowly left the room!

As soon as he left the room, a ray of light shot up into the sky, and the dazzling light rushed straight into the sky. The spiritual energy from all directions gathered towards the thatched hut frantically!

A ray of divine light, like the rising sun, illuminated the surrounding sky!

This kind of vision can be seen even if it is thousands of miles away!

“Talent, it is indeed talent...”

Bai Ju felt the strange fluctuations of heaven and earth, and kept repeating the word talent!

David condensed his innate divine pattern, and it was within a few days!

Although Bai Ju helped David in the last time, it was also David’s talent!

Bai Ju had long seen that David had reached a critical moment. Even if Bai Ju did not help David last time, David might be able to condense his innate divine pattern in a short time!

Chapter 4100

Bai Ju couldn’t help but return to the thatched hut, and saw the translucent divine pattern floating in front of David, with a face full of surprise!

And in the palm of David’s hand, there was a palm-sized divine pattern, crystal clear, covered with thousands of lines!

Each line exuded brilliance, and from David’s palm, a stream of blood visible to the naked eye entered the divine pattern!

Those lines began to be filled with blood and turned bright red!

This is the characteristic of the fusion of divine patterns, and David's body merged with the divine pattern!

"Junior brother, you are so amazing. You have condensed the divine pattern so quickly. Now you can try to use your own divine pattern to break the formation around this thatched hut."

"As long as the formation is broken, you can be free!"

Bai Ju said to David!

David nodded, walked out slowly, and then prepared to use the divine pattern to break the formation!

But David tried several times, but he didn't succeed!

"Brother Bai, why can't I control this divine pattern?"

David asked puzzled!

"Can't control it? How could this be? This is the divine pattern you condensed, and it is obviously integrated with you. How can I not control it?"

"It is said that this divine pattern has become a part of your body. This shouldn't happen?"

Bai Ju was also very surprised and didn't understand what was going on!

"Brother Bai, don't you know what's going on? Otherwise, go and ask the master to come and see what's going on?"

David was a little depressed. He had finally condensed the divine pattern, but he couldn't control it!

"Let me help you see what's going on first!"

Bai Ju approached David!

But after just two steps, he stopped immediately, his face a little solemn and said: "Why is there something weird here?"

After speaking, Bai Ju's palmsHe slapped the ground blankly, and then a burst of black light burst out from under the ground!

Boom!

Almost in an instant, Bai Ju's body was blown away!

And David's head also buzzed, and then the whole person became closely connected with the array pattern in an instant!

The array patterns around him appeared in David's mind in an instant. David just waved his hand, and the array around the thatched house was broken!

"Brother Bai, are you okay? What happened around you just now?"

David rushed over and helped Bai Ju up and said!

"It's okay, it's the people of the array demon. These guys often do this."

Bai Ju shook his head and said!

"Array demon?" David was stunned!

Bai Ju found that he had let the cat out of the bag, and immediately closed it!

"Brother Bai, what is an array demon? Are those pairs of red eyes every night the people you mentioned as array demons?"

David asked Bai Ju!

Bai Ju saw that David already knew, so he nodded and said, "Since you already know, it's okay to tell you, and now you have already condensed the array pattern."

"That array demon is a big demon. Like Master, he is very knowledgeable about the art of array, and his magic pattern is also very powerful."

"He is as capable as Master, and neither of them is convinced by the other, but that array demon is also looking for someone with talent in the art of array, and wants to teach his magic pattern."

"This time, seeing that you have good talent, that array demon probably wants to accept you as his disciple, but now you have condensed the divine pattern, it is impossible to condense the magic pattern."

Bai Ju's words shocked David. He didn't expect that there was still an array demon in the heavenly world!

However, those wind demons, blood demons, Yin demons, and flame demons were all after the battle between gods and demons. Either their bodies were destroyed, their residual souls were sealed, or they hid. These demons are all people in the heaven!
