## Chapter 4116

Peng Wu's face was very ugly, but he didn't want to give up the position of the leader so easily!

"Master Bai, this man is so young, I'm afraid it's difficult for him to take on the big responsibility. Liangyi Sect has developed for so many years, and I have made contributions but also worked hard. If you ask me to give up the position of the leader in one sentence, I'm afraid some brothers will not accept it."

"You want me to give up the position of the leader, as long as this kid's formation technique is better than mine, I will give up the position of the leader immediately."

Peng Wu said very unconvinced.

Although the ancestor has spoken, this position of the leader is probably not going to be kept, but he has to fight for it!

Seeing that David is so young, and he is only the sixth level of the Tribulation Realm, Peng Wu decided to compete with David!

As long as David loses, how can he still be the leader of the sect!

Bai Ju heard it, so he looked at David and said, "Junior brother, he wants to compete with you in formation, what do you mean?"

"It doesn't matter!" David smiled faintly!

Peng Wu on the side was directly confused. Bai Ju actually followed David and called him Junior Brother. presses

, which means that the ancestor of the divine pattern is David's apprentice.

But for so many years, he has never heard that the ancestor of the divine pattern has accepted another apprentice.

"Since you want to compete, then compete. As for how to compete, you have the final say!" Bai Ju said to Peng Wu! Bai Ju is 100% confident about David's array strength! He can quickly condense his own divine pattern and learn so many divine patterns! Even a person who has condensed the magic pattern, how could he be afraid of a little Peng

Wu! If it really comes to the art of array formation, Bai Ju is afraid that he is not David's opponent! "Okay, in order to avoid causing harm, we will only compete in breaking the array." "We will perform three array formations against each other and let the other party break it. Whoever breaks the other party's array first will win." Peng Wu said! "No problem!" David nodded! "Then let's go to the martial arts field to perform..."

Peng Wu took David and the others to the martial arts arena!

Others followed behind.

Gu Tianchao had the opportunity to quietly approach David at this time!

"Mr. Chen, what's the situation? Why did you suddenly become the leader of the sect? Or was it arranged by the ancestor of the divine pattern?"

Gu Tianchao asked puzzledly!

You know, David came to help him become the leader of the sect. Now David wants to be the leader himself. This

is a bit unreasonable! "I don't want to be the leader of this sect. There is really no way. Your ancestors forced me to do it."

"But don't worry, when I become the leader of the sect, I will immediately appoint you as the deputy leader. When I leave Liangyi Sect, you, the deputy leader, will be in charge of everything."

David patted Gu Tianchao on the shoulder and said!

Gu Tianchao looked at David in disbelief when he heard it. He had never heard that the ancestor of the divine pattern forced someone to be the leader of Liangyi Sect!

But looking at David, he didn't seem to be lying, and Bai Ju brought David here personally, so it should be true!

"Mr. Chen, have you really become the disciple of the God Rune Patriarch?"

Gu Tianchao asked curiously!

"He wanted to take me in as his disciple and teach me how to carve the God Rune, but I just didn't agree." "

I have learned the God Rune, why do I need a master?"

David said calmly!

“You have learned the God Rune?” Gu Tianchao was almost angry to death after hearing David’s words!

What kind of Versailles statement is this?

You must know that if these people in Liangyi Sect want to learn the God Rune, they must reach the status of the Sect Master, and even a God Rune may not be learned after studying for decades!

David has only been here for a few days?

He has learned all the God Runes?

Gu Tianchao would never believe it, this is too outrageous!

Moreover, how many people want to beg the God Rune Patriarch to accept disciples, but the God Rune Patriarch does not agree at all. Even if he is the Sect Master of Liangyi Sect, he is just a little higher in status and position, and he is not qualified to be the disciple of the God Rune Patriarch!

Chapter 4117

Looking at Gu Tianchao’s shocked look, David just smiled and said nothing!

After all, this kind of thing sounds a bit outrageous to anyone!

Just like rich people, they drink mineral water worth tens of thousands of bottles and throw it away after taking a sip!

If you tell this to ordinary people, they will never believe it. How could there be such expensive water, and they would throw it away after taking a sip.

Standing in different positions, so the thinking is different!

Soon everyone arrived at the martial arts field. Because it was a battle to break the formation, there would be no casualties, so there was no defensive formation set up around the martial arts field!

“You are young, and you are a guest, so I will come first and let you take a closer look at how I set up the formation.”

After Peng Wu said that, he jumped directly onto the martial arts field and took out a brush from his waist!

Peng Wu was seen using a brush to constantly carve the formation pattern in the void!

“I didn’t expect this guy to have a magic pen for array patterns.”

Bai Ju said in surprise when he saw this scene.

“Brother Bai, what is this magic pen for array patterns?” David asked curiously.

“Of course, the magic pen for array patterns is used to draw array patterns. You have to know that whether it is drawing array patterns or talismans, they are the same.”

“All kinds of great ways of heaven and earth are created in the form of patterns, and when drawing, the cultivator must inject spiritual energy or other forces into the array patterns to make the array patterns have power!”

“But the drawing of array patterns often consumes a lot of spiritual power, and a lot of this spiritual power is wasted between heaven and earth.”

“If there is a magic pen for array patterns that is specifically used to draw array patterns, it can greatly reduce the consumption of spiritual power and strengthen the strength of the array.”

“Just like drawing talismans, if there is a magic pen and good talisman paper, the talismans drawn will be much more powerful!”

“For example, if you rely on your fingers to condense your consciousness or spiritual energy can carve three array formations in one breath in the void, but if you use magic weapons such as this array pattern spirit pen, the same spiritual energy can carve more array formations, or the carved array formations will be more powerful.” “

However, there are too few such treasures specially used by our array masters. I don’t know how Peng Wu got the array pattern spirit pen. It seems that this guy is hiding it very deeply.”

Bai Ju explained to David in detail!

David was very good and immediately became interested. His eyes lit up!

If he had this kind of thing, it would definitely be twice the result with half the effort to carve the divine pattern, and the power of the array formation would be greatly enhanced!

“Brother Bai, is this spirit pen the only treasure used by array masters?”

David asked!

“That’s not the case. The treasures used by array masters are also of various kinds, not just spirit pens. However, no matter what kind of treasure an array master uses, if it is not an array master, it cannot be used. “

After all, those treasures will only work when engraving array patterns. They can’t be used as weapons at other times...”

Bai Ju said!

David nodded. Anyway, he had the Dragon Slaying Sword and the Demon Whip. These weapons were enough. With such a magic pen to engrave array patterns, it would be perfect!

“Brother Bai, it wouldn’t be too much if I snatched this guy’s magic pen, right?”

David asked!

The array master had too few treasures, and David didn’t know where to find them. Now that there was a ready-made one in front of him, it would be a pity if David didn’t get it!

Bai Ju glanced at David, then smiled and said, “I don’t care. When you become the leader of the sect, everything in the Liangyi Sect will be yours.”

David laughed when he heard what Bai Ju said!

The meaning was obvious, that is, of course David could snatch the magic pen!

After all, in the world of heaven and man, is a society where the strong prey on the weak!

## Chapter 4118

However, David still felt a little uncomfortable snatching it directly. After all, if he just became the sect leader and snatched his subordinates’ things directly, many disciples in the sect would be disgusted!

But David liked this spiritual pen very much, and for David, with this spiritual pen, he could get twice the result with half the effort when engraving the divine pattern!

Looking at Peng Wu who was constantly engraving the array pattern and setting up the large array, David's eyes suddenly lit up!

"Master Peng, this kind of competition is not exciting at all, otherwise we can increase the stakes and make it more exciting." Chen

Ping said to Peng Wu!

"What bet?" Peng Wu stopped and asked David when he saw him!

"I think the spirit pen in your hand is good. Let's make a bet. I can break your three formations in one stick of incense."

"If I break it in one stick of incense, you give me the spirit pen in your hand and let me be the master of the sect."

"If I don't break it, the master of the sect is still you, and I promise that the position of the master of the sect will always be yours."

David said!

"What did you say? Break my three formations in one stick of incense?"

Peng Wu's face was very ugly, and he snorted coldly: "Don't say one stick of incense, you may not be able to break my three formations in a day."

"I can agree to your bet, but you are insignificant. You said that you would keep my position as the master of the sect forever. Does it count?"

Peng Wu didn't believe that David could break his formation in one stick of incense, but he didn't believe David's words!

After all, David of Liangyi Sect didn't count, only the words of the ancestor of the divine pattern counted!

"I said, of course forget it, Senior Brother Bai is here to testify, if I lose, I will ask the Divine Pattern Ancestor to change the rules, and you will always be the leader of the sect."

After David finished speaking, he looked at Bai Ju and said, "Senior Brother Bai, you can say something..."

Bai Ju knew what David was going to do. He wanted the spirit coins, but he was embarrassed to rob them openly, so he made this bet!

“Master Peng, I can agree to David’s bet on behalf of my master.  
“Bai Ju said!

Seeing Bai Ju said so, Peng Wu’s face suddenly showed a proud look!

It is impossible to break his three formations in one stick of incense!

“Okay, in this case, I promise you!” Peng Wu was full of confidence!

In the future, there will be no need to recommend the position of the master of the sect.  
As long as he wants to do it, it will always be his!

Seeing Peng Wu agreed, David secretly breathed a sigh of relief. If this guy doesn’t agree, then he can only rob it!

I saw the spirit pen in Peng Wu’s hand waving again, and array patterns kept flashing in the void!

Soon, three formations appeared on the martial arts field! The

three formations kept flashing light, appearing and disappearing from time to time. They seemed to be three independent formations, but they had hidden connections!

“Junior brother, these three formations are not simple. They seem to be independent, but they are connected. You have to be careful.”

Bai Ju saw the wonders of the formation, and then whispered to David!

David just smiled, but didn’t say anything!

Peng Wu said confidently: “Please, give me one stick of incense, I will see how you can break my three formations!”

“Light the incense...”

Peng Wu gave an order, and a stick of incense was lit!

David jumped to the martial arts field and looked at the three formations. If he wanted to find the center of the formation and break these three formations, one stick of incense would not be enough!

Moreover, these three formations can hide the location of the center of the formation. Even if the location of the center of the formation is found, because the three formations are connected, after breaking one, the other formations will change immediately!

“Master Peng is worthy of being a genius in formations. These three formations seem independent, but they are closely connected. Breaking any formation will change the structure of the other two formations.”

“If you find the wrong location of the center of the formation, the three formations will change at the same time, and the work done at the beginning will be in vain.”

David praised Peng Wu!

## Chapter 4119

Peng Wu smiled faintly and said, “Thank you for the compliment, but no one has been able to break my triple formation within one stick of incense.”

“You’d better stop chatting, one stick of incense will be up soon, break the formation quickly.”

David shook his head, “No hurry!”

“What? Are you going to admit defeat directly?”

Peng Wu asked!

“Of course not, I just said that there is no hurry to break the formation. Although this formation is clever, I only need three breaths to break it.”

“I said one stick of incense just to give some face to Master Peng...”

David said with a smile!

David’s words immediately made Peng Wu’s face flushed with anger!

Three breaths?

What a joke?

“Don’t be so quick to talk, now one stick of incense has burned halfway.”

Peng Wu said coldly!

Bai Ju looked at David’s pretentious look and laughed secretly!

This guy, if he wants to be able to do something, he really has the ability, but he just likes to show off too much! Gu Tianchao on the side had already become nervous at this time. If David couldn't break the formation ,

then Peng Wu would always be the leader of the sect, and he would never have a chance! David was leisurely and not in a hurry, but Gu Tianchao was anxious! "Mr. Chen, don't waste time, break the formation quickly, it's too late." "It's been a waste of half an incense stick of time, please hurry up, please..." Gu Tianchao was so anxious! It's true that the emperor is not anxious, but the eunuch is! Seeing Gu Tianchao's anxious look,

David laughed! And Peng Wu looked at Gu Tianchao curiously and said, "Elder Gu, do you know each other? It seems that you are very anxious. Do you really hope that I lose?" "No, I don't..." Gu Tianchao was embarrassed and stopped talking, but his fists were clenched and his palms were sweaty! "Okay, seeing that someone is so anxious, I will break the formation." "Watch carefully, within three breaths, these three formations must be broken.

" Break!"

David finished speaking, and he stretched out his right hand, grabbing the Dragon Slaying Sword in his hand!

Seeing that David actually used the sword to break the formation, Peng Wu frowned and said, "Why, do you want to break the formation by force?"

"Yes, it's a waste of time to find the eye of the formation. I want to break the formation by force."

David nodded!

After hearing this, Peng Wu laughed and said, "Boy, don't blame me for not reminding you, if you find the eye of the formation to break the formation, even if you can't break the formation, there will be no harm. "

"But if you break the formation by force, you will suffer the backlash of the formation. If you get hurt, I will not be responsible."

"Don't worry, I won't let you be responsible." David smiled slightly!

"Is this kid crazy? He is only at the sixth level of the Tribulation Realm, but he wants to break the formation by force?"

"I think he is crazy. If he is proficient in the art of formation, he can find the eye of the formation and there is hope to break the formation. With his strength of the sixth level of

the Tribulation Realm, it is impossible for him to break the sect master's formation by force! ”

“Let's stay away, be careful not to get implicated by him.”

When the people from Liangyi Sect saw that David was about to break the formation by force, they immediately started talking!

None of them believed that David could break the formation by force!

After all, David's strength was only at the sixth level of the Tribulation Realm. How could he break the triple formation with this strength?

Just as everyone was whispering, David made a move!

David jumped up, and the Dragon Slaying Sword in his hand suddenly glowed with golden light!

As David slashed with the sword, a dragon roared, resounding through the world!

A huge golden dragon appeared, roaring towards the formation!

“What is this? A golden dragon?”

“Amazing, a cultivator at the sixth level of the Tribulation Realm can actually turn sword energy into a golden dragon.”

“It seems that this kid has some skills! “

Everyone was surprised when they saw David swung his sword and the sword light instantly turned into a golden dragon!

Even Peng Wu's eyes widened, a little unbelievable!

But even so, he didn't believe that David could forcibly break his formation!

Chapter 4120

The golden dragon roared, and the earth and sky trembled!

Boom!

Accompanied by a flash of golden light, everyone was so bright that they couldn't open their eyes!

The whole mountain where the Liangyi Gate was located was shaking constantly, and the void became distorted!

When the golden light slowly dissipated, everyone opened their eyes and was surprised to find that there was no trace of the formation on the martial arts field!

David, holding the Dragon Slaying Sword, stood quietly in the middle of the martial arts field!

The three formations were broken by David's sword!

It was broken by force! Everyone

opened their mouths wide, and an egg could be stuffed in their mouths!

They couldn't believe that David actually did it!

Even Bai Ju was a little shocked. He didn't expect David to be so powerful that he could break three formations with one sword!

Let alone Peng Wu, he was completely dumbfounded, staring at the martial arts arena, muttering to himself: "Impossible, this is impossible, how is it possible?"

"He is only a sixth-grade cultivator in the Tribulation Realm, how could this be possible?"

Peng Wu was very confused, he didn't understand how David did it!

But the facts were in front of him, Peng Wu couldn't help but believe it!

"Mr. Chen, awesome..."

Gu Tianchao jumped up happily and cheered for David!

In the entire Liangyi Sect, only Gu Tianchao was excited and yelling!

At this moment, Gu Tianchao no longer cared about Peng Wu's feelings. Anyway, Peng Wu would never be the master of the sect again, so Gu Tianchao was not afraid!

David jumped down from the martial arts arena, walked in front of Peng Wu and said: "Master Peng, thank you, can you give me the spirit pen in your hand?"

Peng Wu held the spirit pen, which was his lifeblood, and gave it to David like this, he was unwilling!

“You cheated, this is impossible, you can’t forcefully break my formation.”

“I don’t believe you are that powerful, it must be Bai Ye who is helping you behind the scenes.”

Peng Wu started to cheat!

He didn’t believe David had this ability, it must be Bai Ju who was secretly helping him behind the scenes!

“Peng Wu, are you cheating?”

Bai Ju frowned!

Feeling the terrifying aura on Bai Ju, Peng Wu shook his head and said, “Master Bai, I’m not cheating, but I don’t believe he has the strength.”

“Now you can let him lay down the formation, and I’ll break his formation. That’s what I said at the beginning.”

“He broke my three formations in one stick of incense, and I can also break his three formations in one stick of incense.”

Peng Wu didn’t want to hand over the spirit pen, nor did he want to hand over the position of the master!

Now he can only cheat like this!

“Peng Wu, you didn’t just...”

Bai Ju wanted to refute Peng Wu, but was interrupted by David’s wave of his hand, and then looked at Peng Wu with a sneer and said, “Okay, as long as you break one of my formations in one stick of incense, you win.”

“That’s what you said, set up the formation...”

Peng Wu was immediately refreshed when he heard it!

He didn’t believe that David could lay down any profound formation!

David was on the martial arts field, and he carved a few array patterns in the air with his hands, and then the array patterns fell down with a bang, forming a magic array!

Seeing that David had laid out a magic array so simply, this magic array must not be too powerful!

Seeing this, Gu Tianchao's originally happy expression became nervous again!

David and Peng Wu were competing, and Gu Tianchao was anxious and angry!

"It won't take me more than an incense stick of time to finish this array."

Peng Wu saw the array laid by David, which was the simplest array, and this kind of array was the easiest to crack!

Peng Wu jumped onto the martial arts field, and then his hands passed through the void, and a series of lights lit up, and he began to look for the center of the array!

Soon, the position of the array center was found by Peng Wu, and then Peng Wu happily stepped forward and gently slapped the position of the array center with a palm!

At this moment, the array suddenly dissipated with a bang!

"Hahahaha, this kind of array is too simple..."

"I won, I won..."

"Hahaha..."

**Peng Wu laughed wildly!**
