### Chapter 4121

Everyone stared at Peng Wu and laughed, everyone had a confused look on their face!

“What’s wrong with the sect leader? Is he stupid?”

“The formation hasn’t been broken yet, why is he laughing, and he said he won?”

“Isn’t he stimulated?”

Everyone looked at Peng Wu in confusion and talked about it! Gu

Tianchao was also a little confused, not knowing what Peng Wu was doing!

Only Bai Ju smiled faintly, looked at David and said: “Junior brother, your illusion is extraordinary...”

“No, no, it was not seen through by Senior Brother Bai at a glance...”

David smiled modestly!

It turned out that Peng Wu didn’t break the formation at all. As soon as he came on stage, he was caught in David’s illusion, but he didn’t know it!

So in the illusion, he felt that he had broken the formation and won the competition!

That’s why he laughed crazily and said he won!

In the eyes of everyone below, Peng Wu just went on stage and made a few random gestures. The formation was still there, and he laughed wildly!

At this time, Peng Wu was like a jumping clown, being pointed at by others!

An elder couldn’t stand it anymore, so he hurried forward to wake up Peng Wu and said, “Master, you must have been trapped in an illusion. Why are you laughing so foolishly?”

“What? I was trapped in an illusion?”

Peng Wu frowned, shook his head, and then turned around and saw that the formation was intact behind him!

This time, Peng Wu was dumbfounded!

He had just broken the formation, how could it appear again?

But just when Peng Wu was about to break the formation, Gu Tianchao shouted, "The time for one stick of incense is up..."

As Gu Tianchao shouted, the formation set up by David slowly disappeared!

This move made everyone admire it very much! You know

, it is the most basic for a formation master to lay down a formation, but if you can make the formation retain time and calculate it to the minute, then not everyone can do it!

Peng Wu didn't have this kind of strength!

When David laid down the formation, the formation disappeared by itself as soon as the incense stick of time was up!

It can be seen that David's control over this formation has reached the extreme!

Peng Wu came down dejected, but at this time he was convinced in his heart!

He never thought that he had been caught in David's illusion as soon as he entered the martial arts arena. David was too powerful!

Whether it was breaking his three formations with one sword or letting himself be caught in the illusion silently, Peng Wu knew that he couldn't beat David!

"I lost..."

Peng Wu handed his spirit pen to David!

After David took the spirit pen, Peng Wu left without looking back. He was too ashamed to stay in Liangyi Gate!

David did not dissuade him, he knew that this would be the result!

What's more, Peng Wu's character was not good, and he was cheating. Even if he stayed in Liangyi Gate, he would be a disaster!

This time, David defeated Peng Wu, so no one would object to him being the leader of the gate!

Especially since these people have seen David's strength!

David successfully became the leader of Liangyi Gate, and appointed Gu Tianchao as the deputy leader!

After giving two blood jades of Liangyi Gate to Bai Ju and giving them to the God Pattern Ancestor and the Array Demon, David took all the remaining blood jades! After

re-establishing the rules and rectifying the order of Liangyi Gate, David planned to leave Liangyi Gate!

And the management power of Liangyi Gate was still handed over to Gu Tianchao!

This can be regarded as the fulfillment of Gu Tianchao's wish!

After explaining everything, David asked Bai Ju to say goodbye to the God Pattern Ancestor and the Array Demon, and then returned to Ziyang Gate!

These days of leaving made Zhu Ling miss David so much, and she had a good time with David!

However, David still had to go to the Western Regions to find Huo Feng and the others, and did not fall into Zhu Ling's gentleness!

After handing Zhu Ling a token, David set out on the road to the Western Regions!

This token allows Zhu Ling to go to Liangyi Gate to find someone when she is afraid of difficulties in Ziyang Gate. This is the token of the leader of Liangyi Gate!

## **Chapter 4122**

Western Regions, Yongle City!

Yongle City is an ordinary city in the central part of the Western Region. Whether it is the size of the families in the city, the surrounding resources, or even the geographical location, there is nothing special about it!

However, the only thing worth praising about Yongle City is that the four big families in Yongle City are all medical families! The

Zhen family of Grandma Zhen is one of them. Although Grandma Zhen has been away from home for decades, for a cultivator, decades is not too long!

You should know that there are not many pharmacists in the entire Tianren Realm, and this Yongle City has four medical families at once, which is definitely rare. Yongle City is therefore called the Medicine City by everyone.

Because there are no resources around Yongle City, and there are no wild monsters and the like, plus the four major medical families in Yongle City, many cultivators dare not act rashly, so this Yongle City has become a safe city!

Many people who are not very concerned about cultivation will move to Yongle City and live a stable life!

And those who are powerful and dedicated to cultivation will not come here, after all, there are no resources here!

However, in Yongle City, there is a very special person, who not only obtained the qualification of Medicine Master, but also reached the Mahayana realm in strength!

You should know that it is very difficult for a pharmacist to practice, and a pharmacist who can reach the Mahayana realm is definitely an awesome existence! But

there is such a person in Yongle City, and this person does not belong to any of the four major families!

Even the Pharmacist Association of the Western Regions tried its best to invite this person to be the president, but was ruthlessly rejected!

This person's name is Zhong Qing, and he has never had a Taoist partner in his life. Every day he either practices or gives charity. Countless people seek his treatment, but he does not take a penny!

Therefore, Zhong Qing has a very high status in the entire Yongle City and is respected by everyone!

“Grandma Zhen, why did you come home and look depressed, as if you don't just like wanting to go home.”

“You haven't left the house these few days. Is there something wrong?”

Bai Qian discovered that since returning home, Granny Zhen has not stepped out of the door, and has never smiled!

And the people of the Zhen family seemed a little cold to Granny Zhen. Logically speaking, they should be very affectionate after not seeing each other for decades.

However, the Zhen family only vacated a yard for Granny Zhen and Bai Qian to live in, and no longer asked about other things!

And Granny Zhen seemed to never communicate with the Zhen family, nor go out!

“I’m fine, I just don’t want to go out.”

Granny Zhen shook her head and said!

“Demon Queen, Huo Feng, Mr. Chen came to send a message. He has already rushed here. I gave him a place.”

Ji Yun happily ran over and followed Bai Qian and Huo Feng and said!

“Let him take the teleportation array to come here. It’s such a long way. If there is no spirit boat, when can he get there?”

“Yongle City is going to hold a pharmacist conference recently. Many pharmacists from the entire Tianren Realm will come to Yongle City to exchange and learn. “

There will be a Pharmacist Association in every region, and there will be a teleportation array in every Pharmacist Association that can be used to teleport to Yongle City.”

“Let Mr. Chen go to the Pharmacist Association in the Central Region, and then teleport here. I believe the teleportation array is open during this period.”

Granny Zhen said when she heard that David was coming to the Western Region!

You should know that the Zi Yan Sect in the Central Region is tens of thousands of miles away from Yongle City in the Western Region, and it has crossed the region. If David runs over, even if he has the Fire Control Step, it will take a lot of time, and it will also consume a lot of spiritual power!

If there is a teleportation array, it will be much easier. At most, you just need to spend some spiritual coins!

However, this teleportation array is not available everywhere. It just so happens that Yongle City has a teleportation array that connects the Pharmacist Associations in various regions, so David can also teleport here!

## **Chapter 4123**

When Ji Yun heard this, he quickly took out the sound transmission jade slip and told David in detail!

David was also worried. If he ran to the Western Regions, he would be exhausted. Now that he heard that there was a teleportation array, it would be much more convenient!

After talking to David, Ji Yun was ready to turn around and leave. After all, this was Granny Zhen's room, and Ji Yun couldn't stay for long!

But just as Ji Yun walked out of the door, he was startled!

"Who are you?"

I saw a person floating in the air outside the room, with a head full of white hair fluttering in the wind!

Seeing someone suddenly appear, Ji Yun was also ready to take action at any time!

Bai Qian and Huo Feng heard Ji Yun's voice, and they also rushed out and looked up in the air. When they saw the white-haired old man in the air, they instantly became alert!

"Who are you? Why did you break in here without permission?"

Bai Qian asked sternly!

But the white-haired old man said nothing, just stared at the house blankly!

"It's really strange, this is the Zhen family. It is said that the Zhen family is one of the four major families in Yongle City. How can they allow people to break in without making any noise?"

Huo Feng said very strangely.

"Yes, why didn't I see anyone from the Zhen family stop them? It's really strange..."

Bai Qian also felt very strange!

At this time, the white-haired old man slowly fell from the air, his eyes constantly looking into the room!

Bang!

Suddenly, Granny Zhen in the room actually closed the door directly!

Bai Qian and Huo Feng were shocked and directly locked several people outside the door!

"Zhen Ni, I know you are back, please see me, I have been waiting for you for decades and have never left Yongle City."

The white-haired old man suddenly said!

This word Zhen Ni made Bai Qian and Huo Feng confused!

“Bai Qian, who is Zhen Ni?” Huo Feng asked!

“I don’t know either?” Bai Qian shook her head!

“What’s Granny Zhen’s name? Isn’t she called Zhen Ni?”

Ji Yun whispered!

“I don’t know Granny Zhen’s name. I always call her Granny Zhen.”

“Is Granny Zhen’s name really Zhen Ni? It sounds like a nice name.”

Bai Qian didn’t know Granny Zhen’s name either!

But at this time, Granny Zhen’s voice rang out in the room: “Zhong Wuqing, get out of here, you ruthless guy...”

Hearing Granny Zhen’s voice, she was very angry.

Bai Qian and the other two looked at each other and were immediately shocked. It turned out that Granny Zhen was really called Zhen Ni!

And this white-haired old man was actually called Zhong Wuqing. What kind of name is this!

“Zhen Ni, I’m not Zhong Wuqing now. My name is Zhong Qing. I’m only devoted to you. Please see me.”

“I know it was all my fault before. I only ask you to forgive me. As long as you forgive me, I can do anything.”

Zhong Qing begged bitterly!

“Get out, get out now. I won’t believe you. If you don’t get out, I’ll leave Yongle City immediately and let you never find me.”

Granny Zhen roared angrily!

“Okay, okay, I’ll get out, I’ll get out...”

Zhong Qing compromised. He was really afraid that Granny Zhen would leave!

Bai Qian and Huo Feng looked at Zhong Qing in shock. Although they didn't know what was going on at the moment, they also knew that Granny Zhen must have something to do with the old man in front of them!

"Who are you to Zhen Ni?" Zhong Qing looked at Bai Qian and the others and asked!

"We are from the Central Region. We fled here with Granny Zhen because we were hunted by our enemies."

"Granny Zhen has been taking care of me for decades."

Bai Qian said!

"Oh, so that's the case." Zhong Qing nodded, then took out a white handkerchief with some words written on it in blood, handed it to Bai Qian and said, "Please give this thing to Zhen Ni. This handkerchief was also given to me by her that year. I hope she can take a look..."

After handing the handkerchief to Bai Qian, Zhong Qing jumped and disappeared without a trace!

## **Chapter 4124**

Bai Qian looked at the blood-written handkerchief in her hand, and for a moment she didn't know what to do!

She didn't know what the relationship between this white-haired old man and Granny Zhen was!

After hesitating for a long time, Bai Qian still walked in with the handkerchief!

Huo Feng and Ji Yun looked at each other and followed into the room.

They were very curious, so they also wanted to listen to this kind of gossip!

"Granny Zhen, this is given to you by the old man..."

Bai Qian handed the handkerchief to Granny Zhen.

Granny Zhen looked at the handkerchief and was obviously stunned for a moment, and finally took the handkerchief with trembling hands!

“Granny Zhen, what is your relationship with that old man?”

Bai Qian asked curiously!

Granny Zhen didn't speak, but looked at the handkerchief in her hand, then waved her hand and said, “Go out, don't ask...”

Obviously, Granny Zhen didn't want to say, and she didn't want to leave the room, probably because she was afraid of seeing that Zhong Qing!

The two people must have had a relationship before, but later I don't know why they separated!

Granny Zhen left the Western Regions disheartened and finally arrived at Huhuang City! Seeing that

Granny Zhen didn't want to talk, Bai Qian didn't dare to ask more questions and left with Ji Yun and Huo Feng!

Granny Zhen held a handkerchief and shed tears silently!

At this time, David, after receiving Ji Yun's voice transmission, began to look for the Pharmacist Association of the Central Region!

After finding out the location of the Pharmacist Association of the Central Region, David went there without stopping!

The Pharmacist Association of the Central Region is located in a small town!

The town is surrounded by high mountains, and usually few people come here. However, because of the Yongle City Pharmacist Conference this time, many pharmacists have gone here and are ready to take the teleportation array to Yongle City!

When David arrived here, the town was already overcrowded, and there was no place to live!

Many pharmacists are looking for a place to live at the foot of the surrounding mountains!

And in the center of the town, there is a huge and majestic building. The building is where the pharmacist association of the Central Region is located!

The building of the Central Region Pharmacist Association is magnificent, high and low, and very heroic. This can also show that the profession of pharmacist is really rich!

Whether it is the secular world or the current heavenly world, those who are related to medicine have made a fortune!

Which hospital in the secular world is not built magnificently? This is the most profitable business!

In the town, pharmacists kept shuttling in groups of three or five, and many people were wearing brand new pharmacist uniforms.

David was unfamiliar with the place. Looking at the pharmacist association in front of him, he planned to go in and ask how long it would take to take the teleportation array!

But just when David was about to walk into the pharmacist association, someone suddenly called him!

“Mr. Chen, is it Mr. Chen?”

Someone asked David!

David frowned slightly. He didn't expect that in such a small town, someone would recognize him!

When David turned around and looked over, he was stunned!

“Nie Heng?”

David looked at the person who called him in front of him, and he couldn't believe it!

The other party turned out to be Nie Heng from Yuding Sect.

“Mr. Chen, it's really you. I thought I was seeing things.”

Nie Heng rushed over and hugged David happily!

There were still tears of excitement in his eyes!

“Nie Heng, you are not in Yuding Sect, why are you here? Where is Ruyan?”

David asked!

“I am accompanying the eldest lady to attend the pharmacist conference in Yongle City. Now the eldest lady is staying in an inn not far away. I will take you there.”

“You have been away for so many days, and the eldest lady has been missing you every day!”

Nie Heng took David and went to the inn!

David actually missed Liu Ruyan and the others, but he had always been busy, so David had no chance to return to the Northern Territory to see them!

When Nie Heng brought David to the inn and entered Liu Ruyan's room!

Liu Ruyan was sitting at the window, staring blankly out the window

## Chapter 4125

"Nie Heng, have you asked when the teleportation array can be repaired?"

Hearing the sound at the door, Liu Ruyan did not turn around, but asked lightly!

"Miss, I didn't ask."

Nie Heng said!

"Why didn't you ask? If the teleportation array can't be repaired, will we wait here all the time?"

"When did you become so unreliable?"

Liu Ruyan seemed a little angry, and her tone of voice was a little heavier!

"Miss, I met an acquaintance on the road, so I didn't ask."

Nie Heng said!

"Acquaintance?" Liu Ruyan paused for a moment, and then continued: "When did you have an acquaintance in the Central Region?" "

Miss, you also know this acquaintance."

Nie Heng smiled slightly!

"I know him too? Who is it?" Liu Ruyan asked curiously, but she never turned around!

"It's me..."

David spoke!

When she heard David's words, Liu Ruyan was stunned, and then her body trembled slightly!

She tried hard to turn around, and when David's figure really appeared in front of her, Liu Ruyan's tears flowed out like a bursting dam!

David stepped forward and gently took Liu Ruyan into his arms!

Liu Ruyan leaned on David's arms and kept crying, and the two did not say a word!

Seeing this, Nie Heng smiled slightly, quietly retreated, and closed the door!

David gently stroked Liu Ruyan's hair, silently comforting her!

Then he picked up Liu Ruyan and put her on the bed!

Liu Ruyan looked at David and her face turned red!

More than an hour later, David and Liu Ruyan looked out the window, and both of them showed expressions of satisfaction and happiness on their faces!

"Ruyan, why did you run to the Pharmacist Association in the Central Region to take the teleportation array?"

David was very curious, why didn't Liu Ruyan and the others go to the Pharmacist Association in the Northern Region!

Ji Yun said that the Pharmacist Association in each region has a teleportation array that can be used to teleport...Sent to Yongle City!

"The Northern Territory is barren, and there are not many pharmacists. Although there is a pharmacist association, it is simply unable to afford the maintenance and activation of the teleportation array."

"To activate the teleportation array, a large amount of spiritual stone resources are required, and the pharmacist association of the Northern Territory cannot afford it at all."

"There are only a handful of people in the entire Northern Territory who come to participate in the pharmacist conference."

"If you hadn't asked the Yuding Sect to integrate and stop fighting internally, our Yuding Sect would not be qualified to participate in the pharmacist conference."

Liu Ruyan followed David to explain!

After hearing this, David finally understood why Liu Ruyan came to the Central Territory to take the teleportation array!

“By the way, you just said that the teleportation array is broken, what’s the matter?”

David asked!

“We have been here for several days. I don’t know if the teleportation array of the Central Territory Pharmacist Association is because of disrepair or overload, it broke directly.”

“It has not been repaired in the past few days, otherwise this town would not have gathered so many people. These pharmacists are waiting to take the teleportation array.”

Liu Ruyan said!

David then realized that these pharmacists were stranded here, no wonder it was so crowded!

“Is this pharmacist conference for pharmacists from all over the Tianren world to learn from each other?”

David asked!

“Yes, it’s mainly about learning from each other, taking the strengths of others and making up for one’s own weaknesses.”

“But there are also big competitions between pharmacists, which can be regarded as making friends through martial arts.”

“The pharmacist conference is not like other conferences held by cultivators, where people fight and kill everywhere.”

“The competitions and exchanges between pharmacists at the pharmacist conference are also about their respective alchemy techniques and alchemy tools.”

“In fact, these are all resources. After all, whether it is alchemy or tools, a lot of resources are needed.”

Liu Ruyan said!

David certainly knew that the competition between pharmacists was just a competition of alchemy, and there would be no bloody things!

“Miss, I came to see that the formation has not been repaired yet, and the specific time of repair is unknown!”

At this time, Nie Heng spoke!
