Chapter 4223

“Do you want to know?”

David said with a smile!

“Of course!” Wang Qingshi nodded!

He really wanted to know what method David used to suppress his blood rune. You know, this blood rune was passed down by their Zhantian Sect!

“You are not my son, I can’t tell you, but if you call me dad, I can tell you, or even teach you.”

David said with a joking face!

Hearing David’s words, Chen Wenliang and others all laughed!

At this time, David still had the mind to joke!

This is the time for life and death!Wang

Qingshi’s face was livid, and he raised his sword again to chop!

He didn’t care whether the blood rune on the giant sword was effective or not!

David didn’t resist this time, but blocked it instantly with the Zhanlong Sword!

Ding!

The two swords collided, making a crisp sound!

David’s thin body was insignificant in front of this giant, but this insignificant figure blocked the attack!

Just after David blocked the sword, a golden light suddenly shot out from the air and then hit the giant fiercely!

Boom!

With a loud bang, the giant retreated instantly, and many large and small cracks appeared on his body!

“Forget about you, the beast...”

Wang Qingshi looked at the golden dragon that rushed over and swept him with his tail, and roared angrily!

He was only concerned with fighting with David, but forgot about David’s golden dragon!

Wang Qingshi slashed at the golden dragon with all his strength!

The golden dragon roared, twisted its huge body with force, and then slapped heavily on the giant sword.

Crash...

The giant sword was shattered under this fierce impact, leaving only a hilt, which remained in the giant’s hand!

“Damn...”

Wang Qingshi looked at the broken giant sword in his hand, and the whole person was stunned!

What the hell does this mean?

How can we fight without weapons?

Just when Wang Qingshi was stunned, the golden dragon swept over with its tail again!

Bang!

The giant’s huge body fell down with a bang!

At the moment of falling, the whole body collapsed, and Wang Qingshi flew out of the giant’s body!

“Boy, you wait for me, I will take revenge sooner or later.”

After Wang Qingshi finished speaking, he suddenly took out two talismans, stuck them on his legs, and then ran away!

This kind of talisman can speed up a person!

“You still want to run?”

David smiled coldly, and flames suddenly rose under his feet, and the Fire Control Step was performed!

Wang Qingshi's speed was so fast that he disappeared in the blink of an eye!

He thought he had escaped, so he let out a long breath!

"You run so slowly, and you still want to escape from my palm?"

David's voice rang in Wang Qingshi's ears!

Wang Qingshi was stunned, turned his head and found that David appeared beside him at some point!

"You...you..."

Wang Qingshi was shocked, then gritted his teeth and sped up again!

But no matter how fast he ran, David was always by his side! After

running for an unknown period of time, the talisman on Wang Qingshi's leg failed and his speed slowed down!

And David was also unhurried and calm!

"Don't chase me, I surrender, isn't it okay for me to surrender..."

Seeing this, Wang Qingshi stopped directly, panting heavily!

David grabbed Wang Qingshi's collar and took this guy back directly!

Just when David was carrying Wang Qingshi back, Su Tianshuo had secretly led people to drive the spirit boat towards the Western Continent!

Chen Wenliang and the others were worried about David's comfort, so they all drove the spirit boat to chase David, and forgot about Su Tianshuo and others!

When they saw David coming back with Wang Qingshi, they were relieved and surrounded him one after another!

Chapter 4224

“Ouyang Island Master, I’ll leave this guy to you.”

David handed Wang Qingshi to Ouyang Xing!

After all, the Zhantian Sect has killed many disciples of Yaoshen Island, and Ouyang Xing just took out his anger on Wang Qingshi!

“Fellow Daoist Chen, thank you very much. My Yaoshen Island is in this state now, and I really can’t repay you!” Ouyang

Xing said with some shame!

“Ouyang Island Master, you are thinking about all the pharmacists in the Tianren Realm and you are willing to resist the Zhantian Sect alone. What I have done is nothing.”

David comforted Ouyang Xing, and then glanced at the sea and found that the spirit boat of Su Tianshuo and others had disappeared. He was shocked and said, “Where are Su Tianshuo and others?”

“It’s bad, let them run away, no one noticed it just now!”

Chen Wenliang saw this and said anxiously!

“They can’t run far, let’s chase them quickly!”

Zhen Yuandao said!

“Yes, hurry up and chase...” Zhou Qian also asked them to hurry up and chase!

“Ouyang Island Master, let’s say goodbye now. We will meet again at the Pharmacist Conference next year!”

David bowed to Ouyang Xing!

“Then I will wait for you, Fellow Daoist Chen!” Ouyang Xing also bowed!

Just when David and the others were about to leave, Wang Qingshi said, “David, can you tell me what you drew on my giant sword at that time that suppressed my blood rune?”

“If you tell me, I will die with my eyes closed!”

“Okay, then I’ll tell you, what I drew at that time was the divine rune...”

David said slowly!

“Divine rune?” Wang Qingshi was shocked, his eyes widened, his face full of disbelief, and he muttered to himself after a long time: “Divine rune, it turned out to be a divine rune, it seems that I didn’t lose unfairly at all...”

Ouyang Xing and the others didn’t know what the divine rune was, but looking at Wang Qingshi’s appearance, the divine rune must be very powerful!

David and his team drove the spirit boat to chase Su Tianshuo and others, while Ouyang Xing took Wang Qingshi and the remaining disciples of Yaoshen Island back to Yaoshen Island!

“President Su, they are catching up. We have to speed up. If we escape to the Western Region, these guys probably won’t let us go.”

Bao Longxing was so scared that he trembled all over when he saw David and his team driving the spirit boat to catch up!

Su Tianshuo certainly knew that even if they arrived in the Western Region, Chen Wenliang and David would never let them go!

The best way now is to destroy David and his team on the vast ocean!

It’s just that they can’t be David and his team’s opponents at all!

Even the Zhantian Fazong was destroyed, and Wang Qingshi was captured. How could they be opponents!

“Okay, stop talking, I know, you are chattering in my ear, are you annoying...”

Su Tianshuo glared at Bao Longxing!

He knows everything, but what can he do?

“President Su, if we don’t go to the Western Region Continent now, maybe there is still a way to destroy those people behind us.”

At this time, an old man in white walked up to Su Tianshuo and Bao Longxing!

Su Tianshuo and Bao Longxing both looked at the old pharmacist, and all frowned slightly!

Because none of them knew this person!

Although the Western Region Pharmacist Association, the Bao family, and the Diao family were the leaders this time, there were other pharmacists joining them!

It's just that the power of these pharmacists is relatively weak, so they don't have much say!

This old pharmacist is just a casual cultivator, and he also joined Su Tianshuo and wanted to get some benefits, but he didn't expect this result!

"Who are you?" Su Tianshuo frowned slightly!

"President Su, my name is Feng Xing, and I am from the Feng family in the Central Region. I learned to be a pharmacist just because I love to refine pills since I was a child."

"I have always been on this sea in the Western Region, so I am more familiar with this sea."

Feng Xing said!

Chapter 4225

"You are from the Central Region, why did you come to the Western Region to mess around?"

Bao Longxing asked!

"For the entire Tianren World, the Western Region has the most pharmacists and the most pharmacist families."

"And the Western Region Yongle City is the location of the Western Region Pharmacist Association, and it will also hold a pharmacist conference, so I don't have a master, I can only learn here secretly."

"Yongle City is close to the sea, so I am very familiar with this sea, and I have been to Yaoshen Island many times!"

Feng Xing explained!

Su Tianshuo nodded when he heard it. For someone like Feng Xing, whose family is not a pharmacist family, it is really difficult for him to become a pharmacist and learn alchemy alone! He

can only rely on self-study and stealing skills, and in Yongle City, he can communicate with many pharmacists and grow the fastest!

“Just now you said that you can destroy those people behind, what’s the matter?” Su Tianshuo asked!

“President Su doesn’t know that we should not go back to the Western Continent now, but turn south. In about an hour, we will enter a storm sea area, where storms will blow regularly!”

“I heard that the storm comes from the giant beast deep in the seabed. There will be a fixed date every year. As long as we lead the people behind us to the storm area, we can use the storm to destroy them and let them go to the bottom of the sea to feed the monsters.”

Feng Xing said !

“Then won’t we also encounter storms and feed monsters?”

Bao Longxing asked puzzled!

“Master Bao can rest assured. I am familiar with the path of the storm. I will avoid the storm before the storm comes.”

“Now we only have this way to go. If we continue to go to the Western Continent, we probably won’t see the continent and will be caught up by them.”

Feng Xing explained!

Bao Longxing was silent because he didn’t know whether to believe this Feng Xing!

After thinking for a moment, Su Tianshuo immediately said loudly: “Turn the rudder and head south...”

Su Tianshuo decided to believe this Feng Xing once, after all, what he said was true!

In addition to this method, Su Tianshuo couldn’t think of a better way to save his life!

The spiritual boat changed its course, and under the urging of the spiritual power of many pharmacists, it sailed rapidly towards the distance!

In this way, they will be farther and farther away from the land!

Seeing that Su Tianshuo and others suddenly changed their course, David and the others were all a little confused!

“What’s the situation? Why did Su Tianshuo and his people change their course? Don’t they want to go back to the Western Region?”

Chen Wenliang said very puzzled!

“Did this guy see that we are about to catch up, and know that even if he escapes to the Western Region, we will not let him go, so he plans to escape to another place?”

Zhen Yuandao said!

“Where is he escaping? This direction seems to be heading south, where there is a vast sea and no land. I’m afraid there is not even an island?”

Zhou Qian said very puzzled!

David frowned and kept looking, because he didn’t know what Su Tianshuo and these guys were going to do.

“Maybe, I know what they want to do!”

At this time, Zhong Qing spoke!

“Senior Zhong, do you know?” David looked at Zhong Qing!

“They should be heading for the Storm Sea. On their spirit boat, there must be someone who has been here for many years.”

Zhong Qing said!

“Storm Sea?” Everyone was stunned!

“Why haven’t I heard of such a sea in all these years?”

Zhen Yuandao asked!

“This Storm Sea is not a place where the wind blows every day, but there is a time. I don’t know the specific time.”

“But I heard from others that this storm is too scary, and there are very scary monsters in that area.”

“I think Su Tianshuo must have led us to the Storm Sea, and then let us encounter the storm and all perish.”

“This guy is too vicious...”

Zhong Qing explained!

Chapter 4226

Zhong Qing is also a casual cultivator and has been in Yongle City, so he has some understanding of this sea area!

Hearing Zhong Qing's words, everyone was silent!

Chen Wenliang frowned: "What should we do? Are we just going to watch Su Tianshuo and the others escape and not chase them?"

"I think it won't work, so let's go back first. These guys will return to the Western Continent sooner or later."

Zhen Yuandao wanted to retreat.

"I think it's okay. Many of our Zhou family members are injured. We really don't have the energy to catch up."

Zhou Qian also backed down!

His son was injured, and many people in the Zhou family were also seriously injured. They had to go back to recuperate!

If they go to catch up at this time and encounter a storm, others have the ability to escape the storm, but all the people in their Zhou family are injured, but they can't escape!

"How can we let it go? Su Tianshuo and these guys almost killed us all. We must not let them go, otherwise it would be like letting a tiger go back to the mountain. We must kill them."

Some pharmacists disagreed to go back and must chase!

"Who knows what dangers there are in the storm sea area? It would be reckless to chase blindly."

Some pharmacists opposed the pursuit!

For a while, many pharmacists quarreled, some wanted to chase, and some didn't want to chase!

The whole spirit boat was in chaos!

“Okay, everyone stop arguing and listen to the opinions of fellow Daoist Chen!”

At this time, Chen Wenliang shouted loudly!

Everyone shut up and looked at David!

Along the way, everyone knew David’s strength, and many people were saved by David, so everyone would definitely listen to David’s words!

“Our several spiritual boats can act separately. If anyone wants to go back to the Western Region, they can go back.”

“If anyone wants to pursue, they can also pursue. Everyone will choose voluntarily, and no one will force it.”

“Even if they go back, they have their own difficulties. No one will look down on them, and everyone doesn’t have to worry about it!”

David knew that going to the so-called storm sea area had many unknown risks, and more people were not necessarily a good thing!

It’s okay to let some people go back. People like those in the Zhou family have no combat power at all, and they need someone to take care of them, which will reduce the overall strength invisibly!

Everyone listened to David’s words, and then silently began to stand in line, and soon divided into two teams!

Zhou Qian and Zhen Yuandao took some people back to the Western Continent!

David and Chen Wenliang continued to pursue with the rest of the people. With the people from the Liangyi Gate, even if half of the people left, David and the others were more than enough to deal with Su Tianshuo and the others!

Zhong Qing and Grandma Zhen chose to stay. After all, Zhong Qing knew more about this sea area than others!

David and his team continued to move forward and began to chase Su Tianshuo and his team!

The spirit boat moved forward at a high speed, stirring up waves!

After chasing for an hour, the spirit boat of Su Tianshuo and his team was getting closer and closer!

Moreover, the whole sky was clear, and the sea was rippling. Where was the shadow of the storm!

“Zhong Yaozun, the storm sea area you mentioned should be this one. It looks calm, where is the shadow of the storm?”

Chen Wenliang asked very puzzled!

“I just heard about it, and I haven’t seen the storm, but we can’t take it lightly. I heard that the storm was extremely fierce.”

“There was once a spirit boat carrying hundreds of monks in the Tribulation Realm. It was torn apart by the storm in an instant. All the monks were killed and even their bodies could not be seen.”

“Since there are such rumors, plus Su Tianshuo and others are constantly coming in this direction, this storm sea area must exist.”

Zhong Qing was not as relaxed as others, but said with a serious face! When everyone heard Zhong Qing say this, their expressions were also tense!

Chapter 4227

Hundreds of Tribulation Realm cultivators were turned into scum in an instant, it was too scary!

Most of the people on their spirit boat were also Tribulation Realm cultivators!

If they really encountered a storm, they might not be able to run away!

It is not easy to cultivate to such a state. If they were killed by a storm, wouldn’t it be too unfair!

At this moment, many people regretted following them. It would be better to go back to the Western Region!

David also saw the worries in everyone’s hearts, so he said: “You don’t have to worry too much. With the Liangyi Sect, as long as we set up a defensive formation around the spirit boat, the storm will not hurt you.”

“Yes, with the Taoist friends from the Liangyi Sect following us, they are all famous magic sects in the Central Region. We don’t have to be afraid at all!”

Chen Wenliang also comforted everyone!

When everyone heard this, they felt a lot more at ease. After all, with so many formation masters here, the formation they set up together must be very strong, and the storm should not be able to break it! At

this time, Su Tianshuo and others who were constantly running away saw David and others chasing closely. Not only were they not afraid, but they also showed excitement on their faces!

“President Su, these guys were really fooled, but it seems that a few spirit boats did not follow, they should have returned to the Western Region.”

Bao Longxing said!

“It doesn’t matter, as long as David follows, we can use this storm sea area to kill David, and we can get the hundred-year offering of the Demon Sealing League.”

“With these resources, we can annex others sooner or later...”

Su Tianshuo said with a slight smile!

“That’s true, but the sky is clear and calm here, where is the sign of a storm?”

“I don’t know if what Feng Xing said is true, don’t frame us again.”

Bao Longxing looked up at the clear sky and said!

“Master Bao, why should I deceive you?”

“Didn’t I say that this storm sea area doesn’t have storms anytime and anywhere, it needs a specific time.”

“If you don’t believe me, you can change course at any time.”

Feng Xing didn’t know when he had already occupied the back of Bao Longxing!

Bao Longxing was suddenly embarrassed!

Su Tianshuo hurriedly said, “Old Feng, Master Bao is also straightforward, don’t mind, of course we believe you, otherwise we wouldn’t drive the spirit boat here.”

Su Tianshuo knew that at this time, they could only count on Feng Xing, so he was very polite!

Seeing this, Bao Longxing also hurriedly apologized: "Old Feng, I dare not question Old Feng, I hope you will not remember the villain's fault."

If it were normal, Bao Longxing and Su Tianshuo would probably not even look at Feng Xing, but now, they can only swallow their anger!

Seeing that Su Tianshuo and Bao Longxing were so polite to him, Feng Xing was also very proud. He looked at the sky and said, "Change course and head southeast."

"It will take less than a quarter of an hour. The storm is expected to come..."

"Head southeast..."

Su Tianshuo hurriedly gave orders!

"Mr. Chen, Su Tianshuo and the others have changed direction again." Seeing this, Nie Heng hurriedly said to David!

"Follow him closely..."

David said!

Just as David and his spiritual boat were chasing Su Tianshuo and the others, the spiritual boat suddenly shook!

Even the spiritual formation that made the spiritual boat move forward disappeared in an instant after flickering a few times!

The spiritual boat has no way to move forward without the spiritual formation!

"What's going on? What's going on?"

Chen Wenliang and the others also rushed to the bow!

Everyone was startled, and their expressions were very nervous!

The sky, which was originally clear, began to turn dark!

The dark clouds fell from the sky like rolling waves and gathered together!

Chapter 4228

The sharp light kept flashing in the dark clouds, like a group of dancing snakes. The calm sea seemed to be attracted, and huge waves suddenly rolled up!

The huge waves rolled like a tsunami, and the impacted spirit boat swayed everywhere. Everyone was shaking and had difficulty standing!

In the waves on the sea, dense monsters appeared. These monsters seemed to be frightened, jumped out of the water from the bottom of the sea, and then desperately broke through the waves!

The flying monsters also cried and flew away, but they were struck by lightning and fell to the sea in an instant!

The entire sea surface was soon covered with the corpses of monsters. The scene was extremely terrifying!

When everyone saw this scene, they were directly shocked!

These thunders were comparable to the thunder tribulations of the cultivators when they were crossing the tribulation. Each one was extremely terrifying, and even caused turmoil in the world!

“Gu Tianchao, take people to set up the defense array immediately, and repair the spiritual array of the spiritual boat immediately!”

David looked at the terrifying storm and frowned.

Gu Tianchao received the order and immediately led the disciples of Liangyi Sect to chant in a low voice, and light shone from their palms.

These lights gathered together and formed a shield, wrapping up the entire spiritual boat!

The spiritual boat, which was originally tilted to the east and west, calmed down in an instant, and everyone's hearts were also settled a lot!

The spiritual array of the spiritual boat was also repaired, and with the spiritual power urging, the spiritual boat started to sail again!

Because of the protection of the array, the spiritual boat ran very smoothly.

Many pharmacists slowly stopped being afraid, and all ran to the bow, looking at the horrible scene outside!

Many monsters fled in panic, but were killed by lightning!

“President Su, those guys don’t seem to be afraid of this storm. Their spirit boats are protected by formations.”

Bao Longxing saw David’s spirit boats, which were flashing with light and moving forward without any hindrance, and hurriedly said!

Su Tianshuo also found it, so he frowned and said, “Damn, I forgot that they are still followed by people from Liangyi Gate. These guys are all masters of formations.”

“This time, it’s going to be troublesome. I’m afraid that this storm can’t stop them at all, let alone strangle them.”

“President Su, Master Bao, don’t worry, it’s just an appetizer now, the real storm has not come yet.”

Feng Xing said confidently!

“There are more powerful storms? That’s great...”

Su Tianshuo was immediately happy when he heard it!

Their spirit boats, on the edge of the storm, were not affected at all, and they looked at David and his men struggling in the storm with pride!

Rumble...

Suddenly, there was a huge sound, and the entire sea seemed to be shaking!

Above the sky, thunderbolts fell like raindrops, and the waves on the sea formed huge whirlpools, stirring constantly.

Tornadoes swept the sea water and connected with the dark clouds in the sky!

In the strong wind, wind blades continued to hit the defensive formation of the spirit boat!

The void was torn apart by the storm, and cracks exuded a cold and strange breath. Countless wind blades, combined with cracks in the void, devoured everything!

David and his spirit boat were like a small leaf, shuttling through the surging wind and waves.

Feeling the strong winds and huge waves, as well as the countless thunderbolts hitting the defensive formation, all the pharmacists became solemn, their faces pale, and cold sweat on their foreheads!

Because they felt that this spirit boat could be overturned at any time, and they were torn apart by the storm!

David's face did not have any expression at this time, and his eyes were fixed on the biggest storm!

The defensive formation that Gu Tianchao and his team had put together was still able to withstand these small storms, but among these storms, a storm with a diameter of dozens of miles was slowly forming, which was the most deadly.

Chapter 4229

David took out the Wind-Fixing Bead from his storage ring. This was the old turtle that surrendered to him in the Ink Sea and brought it to him!

However, David was not sure if the Wind-Fixing Bead could withstand the storm of dozens of miles!

Everyone was dumbfounded when they saw the huge storm in front of them!

The breath of death was hanging over everyone's head!

On the spirit boat, there was even more chaos. Some timid people even began to tremble and their tears were about to flow out!

"Master, this storm is too huge. I'm afraid our formation can't bear it."

Gu Tianchao looked at the huge storm that was gradually forming in front of him and said worriedly!

Hearing what Gu Tianchao said, Chen Wenliang and Zhong Qing hurried over!

"Daoyou Chen, this...what should we do? Are all of us going to die here?" Chen

Wenliang asked!

"Don't worry, as long as we pass through this storm and enter the center of the storm, we will be safe. This huge storm must be quiet in the center."

David looked at the storm with a diameter of dozens of miles. He knew that the center of this scale of storm is the safest!

We must find a way to let the spirit boat quickly pass through the edge of the storm, because the destructive power of the edge of the storm is the greatest!

Listening to David's words, everyone was very worried!

"Master, I'm afraid that if we want to go through the center of the storm, this formation can't stand it."

Gu Tianchao reminded again!

Everyone also felt that this shaky spirit boat could not withstand such a big storm!

"Don't worry, if the formation is broken, I still have treasures in my hands, and I should be able to withstand this storm."

David said slowly!

Seeing David say this, Gu Tianchao didn't say anything!

Everyone else was silent and prayed silently!

The spirit boat soon reached the edge of the huge storm. At this time, the wind blades generated by the storm crackled and hit the spirit boat's defensive formation!

Cracks appeared in the defensive formation in an instant, and it was about to break.

Gu

Tianchao glanced at David, and then led people to desperately urge spiritual power to repair the broken formation!

The people of Liangyi Gate gritted their teeth and forced the spirit boat into the storm, but as soon as they entered the storm, the defensive formation shattered!

Everyone was shocked and hurriedly mobilized the greatest potential of their bodies to resist this terrifying storm!

But after preparing for a long time, they found that although the defensive formation was broken, the wind blades generated by the storm did not come towards them!

The raging storm seemed to be dodging the spirit boat!

"This... What is going on?"

Chen Wenliang was shocked, and didn't understand why the storm was around the spirit boat!

"Mr. Chen, what is in your hand?"

At this time, Nie Heng found the Dingfengzhu in David's hand, so he asked curiously!

"This is the Dingfengzhu, which can avoid the threat of the storm."

David smiled faintly!

I saw that the Dingfengzhu exuded a soft light, and there was a whistling sound inside the bead!

"Fixing Wind Bead? Fellow Daoist Chen actually has such a treasure. No wonder you are so confident."

Chen Wenliang heard it and hurried over to take a good look at

the Fengding Bead! Others also gathered around. It was the first time they had seen a treasure like David!

With the Fengding Bead, the spirit boat continued to move forward and soon penetrated the edge of the storm!

When it reached the center of the storm, the strange phenomenon of heaven and earth disappeared, and there were only endless storms roaring around!

Sure enough, the center of this huge storm was safe and very calm!

However, on this sea, there were densely packed corpses of monsters, and these monsters should have been strangled by the storm!

"We are safe for the time being. There are so many monster corpses. If anyone wants a beast pill, you can take it yourself..."

David said to everyone!

When everyone heard it, they jumped into the sea and dug the beast pills of the dead monsters!

Chapter 4230

David, Liu Ruyan and Nie Heng also jumped off the spiritual boat, looking at the dense corpses of monsters on the sea. In the hurricane of the storm around, the spiritual energy was chaotic, and there were many stars shining!

“Mr. Chen, what are the stars in your hurricane?”

Nie Heng asked!

Logically speaking, there should be no light in the hurricane!

“It should be the light emitted by some spiritual stones or treasures.”

“In this vast ocean, anything can exist.”

“Let’s go and have a look, maybe we can get something!”

David has the Dingfengzhu in his hand, so it is not a problem to enter the hurricane!

A whole spiritual boat can be protected, so it is still very easy for the Dingfengzhu to protect the three of them!

“Daoyou Chen, can you take me with you?”

At this time, Chen Wenliang approached and asked!

He had already seen that David wanted to enter the hurricane. Other cultivators could not enter, but David had no problem because he had the Wind-Fixing Bead!

“President Chen, of course you can...”

David agreed very happily.

The group slowly approached the hurricane at the edge of the storm. When they entered the hurricane, they found that there were many spirit stones flying in the air!

“What kind of spirit stone is this? It actually emits such a dazzling light?”

Nie Heng asked curiously!

“Gold-Replenishing Stone, this is Gold-Replenishing Stone. This kind of crystal stone is priceless.”

Chen Wenliang looked at the spirit stones and shouted excitedly!

“What is Gold-Replenishing Stone?”

David asked!

“Fellow Daoist Chen, this gold-replenishing stone is a very rare spiritual stone. It can not only improve cultivation, but also has great help to the cultivators who cultivate the origin of the gold system.”

“However, in the five major regions of the Tianren Realm, this kind of spiritual stone is extremely rare, but I didn’t expect that there are so many in this sea area. It turns out that this kind of gold-replenishing stone is in the sea.”

Chen

Wenliang said!

When David heard it, it was actually very helpful for the origin of the gold system, so he waved his hand and a gold-replenishing stone was in his hand!

David just happened to realize the origin of the gold system. With this gold-replenishing stone, he can make his origin power stronger!

“Let’s do it together, but don’t be too far away from me, otherwise the wind-fixing bead will have no effect.”

David said!

Liu Ruyan nodded, and then began to collect the gold-replenishing stones in the hurricane!

The other pharmacists were excited to harvest the beast pills of the monsters, and there were also some scattered spiritual stones and treasures on the sea!

Outside the storm, Su Tianshuo and others looked at David and his spiritual boat being caught in the huge storm, and they all smiled!

“That’s good. If you enter such a big storm, you will definitely die.”

“When the storm stops, we will take David’s body and go to the Demon Sealing League to claim the reward.”

Bao Longxing breathed a sigh of relief!

“This storm will not stop for ten days or half a month.”

Feng Xing said!

Bao Longxing frowned when he heard it: “What should we do? Do we have to wait on the spiritual boat here for half a month? Wouldn’t that be annoying?”

Su Tianshuo also frowned. It took a long time. If you can’t find David’s body and get the hundred-year offering of the Demon Sealing League, wouldn’t it be a waste!

If you float on this vast sea for half a month, you can really suffocate people to death!

“President Su, Master Bao, there is a small island in front of you after passing through this storm sea area. The scenery on the island is good, and there are many spiritual stones and fairy grass. We can rest on the island temporarily and wait for the storm to stop before looking for David’s body.”

Feng Xing said!

“There is an island here?”

Su Tianshuo was surprised!

You know, this place is thousands of miles away from the Western Continent. In the vast ocean, I didn’t see anything along the way!

Now Feng Xing said there is an island here, of course Su Tianshuo was surprised!
