Chapter 4236

The spirit boat sailed forward quickly, while David and his men were heading towards it!

When they were only a few miles away, David and his men stopped!

“Demon cultivators? There are actually demon cultivators on this spirit boat!”

Chen Wenliang sensed the other party’s aura!

“These demon cultivators are not hiding anything at all. Could it be that the pirates they are talking about are these guys?”

Zhong Qing was also very puzzled. Why don’t these demon cultivators hide their aura?

You must know that the status of demon cultivators in the heavenly world is very low, so many demon cultivators hide their identities and cover up their aura!

But now these demon cultivators are coming here without any concealment!

“Should we notify others and escape first?”

Chen Wenliang became nervous when he saw that the other party were all demon cultivators!

“Not for now, let’s see what the situation is!”

David shook his head!

David knows quite a few demon cultivators, and not all of them are bad people who will harm people!

It’s just that the Heavenly Human Realm has put a filter on the demon cultivators. There are many demon cultivator sects on the Demon Mountain, and they still survive!

Demon cultivators live together with human cultivators, there is no difference!

Since these demon cultivators come here without hiding, nothing should happen!

Now even if they escape, there is no way to escape. David decided to take a gamble!

Bet that the demon cultivators on the spirit boat will not harm them!

Soon, the spirit boat arrived in front of David and his friends. Seeing this, Elder Liu shouted loudly: "Daoist friends in front, I don't know why you stay here? This place is very close to the storm sea area, it is very dangerous, you should leave as soon as possible!"

Elder Liu did not invite David and his friends to board the boat, but asked David and his friends to leave quickly.

This is obviously a set of playing hard to get!

But the effect is indeed obvious. Seeing Elder Liu say this, Chen Wenliang and Zhong Qing were slightly relieved!

"This fellow Taoist, we passed by here, and the spiritual boat was damaged, so we couldn't leave."

Chen Wenliang said truthfully!

"In this case, please come to the boat and talk!"

Elder Liu invited David and others to board the boat!

After David and others landed steadily on the boat, Chen Wenliang introduced himself: "I am Chen Wenliang, the president of the Central Region Pharmacist Association. I don't know what your identity is?"

Elder Liu heard it, and then smiled helplessly: "You should be able to see that all of us are demon cultivators. Now the heavenly world is very unfriendly to us demon cultivators, and everyone is shouting and beating us everywhere."

"Helplessly, we all get together and can only live in this remote sea. There is no sect, just to survive."

"Because I am the strongest here, they all call me Boss Liu..."

Elder Liu directly admitted his identity, and it didn't look like he was lying!

After all, Elder Liu has a beard and looks honest, so his words are also credible!

Seeing what Elder Liu said, Chen Wenliang and Zhong Qing felt a little embarrassed!

They used to hate the demon cultivators, and everyone wanted to kill them!

But thinking back, it seems that the demon cultivators have never harmed them. This hatred should have been passed down from the war between gods and demons!

But after all, it has been thousands of years, and the demon cultivators are not necessarily all bad people!

“Boss Liu, have you been living on the boat all these years?”

Zhong Qing asked in disbelief!

“That’s not the case. There is a small island hundreds of miles away from here, and we all live on that island.”

“When everything is fine, we will go out to sea to catch monsters. This time, a storm blew in the storm sea, and we came here to pick up treasures.”

Elder Liu said!

“There is indeed a small island nearby. I wonder if you can take us to the island to rest temporarily?”

“We still have a lot of fellow Taoists who can only float in the air and have no place to stay!”

Chen Wenliang asked hurriedly!

At this time, Chen Wenliang had already believed this Elder Liu!

Chapter 4237

“Of course, I’ll order someone to drive the spirit boat over there, but the island is short of supplies, and you can’t stay for long. I’ll send you a spirit boat and let you leave.”

Elder Liu continued to use the method of playing hard to get!

“Of course, we won’t stay for long.”

Chen Wenliang nodded quickly!

The spirit boat quickly went towards the pharmacists, and when everyone got on the spirit boat, they breathed a sigh of relief!

“You can rest in the spirit boat for a while, and wait for us to salvage some monster corpses, and then take you to the island!”

Elder Liu said to Chen Wenliang!

“Boss Liu, it’s up to you, we just need a place to rest.”

Chen Wenliang said!

“When we get close to the storm sea, the spirit boat will be very shaking, so you’d better stay in the spirit boat and don’t walk around casually.”

Elder Liu said!

“I understand. We just passed through the storm sea area and know how powerful the storm is!”

Chen Wenliang nodded!

Many pharmacists all entered the cabin of the spiritual boat!

This spiritual boat is very large, so even with dozens of them, it doesn’t seem crowded!

People like Chen Wenliang and Zhong Qing were all arranged with separate bedrooms!

At this time, on the deck of the spiritual boat, the young man in a green shirt asked Elder Liu in confusion: “Elder Liu, since everyone is on the boat, why don’t we go back? Why do

we have to go to the storm sea area to salvage some monster corpses?” “What do you know? I just said that we are here to salvage monster corpses and get some resources.”

“If we turn back as soon as these people get on the boat, it will arouse suspicion, and there will be a lot of unnecessary trouble at that time.”

“So the less we value these people, the more at ease they feel. This is why I said that they can’t stay on the island for a long time. You should learn from them. This is playing hard to get...”

Elder Liu said with a proud face!

“High, really high...” The young man gave a thumbs up!

“When we get close to the storm sea area, you take people to symbolically salvage some monster corpses. Don’t get too close to the storm. If you get sucked in, it’s over.”

Elder Liu ordered!

“Got it!” The young man nodded!

Soon the spirit boat approached the storm sea area, but it didn't get too close. Then the young man took several disciples of Zhantian Fazong and approached the storm!

Around the storm, many monster corpses were floating on the sea. Although there were not as many as in the center of the storm, these monster corpses were enough to salvage for a while!

Seeing that he was around the storm again, David wanted to find some treasures. After all, he had the Dingfengzhu, and the storm couldn't hurt him at all!

But when David was about to leave the cabin, two monks suddenly stopped him at the door!

“You can't go out. The spirit boat is now in the storm sea area. Stay in the cabin for safety!”

One of the monks said!

“Daoyou, I just went out to get some fresh air, and a storm just destroyed our spirit boat. I want to see what such a powerful storm looks like.”

David said in a good voice!

“No, you must stay in the cabin!”

The two monks were unmoved, with a serious face, not letting David go out!

“Daoyou Chen, since you are not allowed to go out, then don't go out. This is also for safety considerations!”

Chen Wenliang said to David!

“Okay!” David nodded and turned back!

However, David always felt something was wrong at the moment, but he didn't make a sound!

After finding a place to sit down, David spread his consciousness!

The entire spirit boat was shrouded by David's consciousness. This spirit boat was many times more advanced than David's spirit boat!

Moreover, there were several formations in the spirit boat, especially a cabin, which was actually wrapped in a formation, and David's consciousness could not penetrate it!

It seems that this should be a meeting room, and I don't want others to hear or see what is being said inside!

Chapter 4238

"It seems that there is a formation master among these people. The formation of this spirit boat is well arranged!"

David thought secretly in his heart, and then his spiritual sense expanded!

At this time, the young man who led people to salvage the corpses of monsters pinched his nose with some disgust, waved his hand and said: "Okay, just salvage two corpses of monsters."

"It's just a show. If we really bring back too many, they will all stink..."

The other disciples of Zhantian Fazong salvaged two monsters and then went back to report!

However, all of this was noticed by David's spiritual sense. Looking at the corpses of monsters on the sea, these people just salvaged a few and left. It was obvious that they were not rushing for the corpses of monsters!

retracted his spiritual sense, and David waved to Chen Wenliang and Zhong Qing!

"Daoyou Chen, what's wrong?"

Chen Wenliang asked!

"President Chen, Zhong Yaozun, let's go to the room and talk!"

David led the two into a room, and then set up a shielding formation to ensure that what they said could not be heard!

"What's wrong, so mysterious, did you find anything?"

Chen Wenliang asked!

“Yes, I feel that these people on the spirit boat are not simple. They don’t seem to be here to salvage the corpses of monsters, but more like they are running towards us.”

David said!

“How is it possible? How could they know that we are trapped here?”

Zhong Qing asked puzzledly!

“I can’t explain it clearly now, but I always feel that these people are not right.”

“And this spirit boat has laid out many formations. These formations are complex and sophisticated. They are obviously the work of formation masters.”

David said!

“What’s the matter, maybe some of them know the art of formations. After all, there are many people who know formations among the magic cultivators.”

Chen Wenliang said!

“Yes, it’s not surprising that some of them know formations.” Zhong Qing also said.

“Anyway, we’d better be cautious and tell everyone to cheer up.”

Chapter 4239

“President Chen, we were in the storm sea just now, and we were afraid that there would be danger, so we didn’t let you go to the deck.”

Elder Liu explained!

“But now we have left the storm sea, there is no danger, why don’t you let us go up?”

Chen Wenliang questioned!

“This...isn’t this the corpse of the monster just salvaged? It is being slaughtered on the deck. The bloody smell is relatively strong, and I am afraid it will affect you.”

Elder Liu hurriedly made up a reason again!

“Although we are pharmacists, we are not weak chickens. How can we be afraid of slaughtering monsters?”

“Now we want to go up and take a breath, just tell me if you will let us!”

Chen Wenliang said with an ugly face and a very cold tone!

“Of course, how could I restrict your freedom, just go up!”

Elder Liu hurriedly squeezed out a smile and asked the two monks to make way!

David and the others went up to the deck and saw that the spirit boat was moving quickly, and the storm sea had been left far behind.

Several corpses of monsters were placed on the deck and chopped into pieces by several monks with the spiritual blades in their hands!

However, these monks didn't seem to be serious and chopped them casually! They were

even too lazy to take out the beast pill on the head of the monster!

Seeing this scene, David was more certain that these people were not going to fish for the corpses of monsters, but should be going for them!

Chen Wenliang and Zhong Qing also saw that these people didn't seem to care about the corpses of monsters!

It was probably just a show for them to see!

“Boss Liu, why did you only salvage so many corpses of monsters? You know, there are hundreds of corpses of monsters in the storm sea!”

Chen Wenliang asked Elder Liu!

“Oh, I ran into you, so I just salvaged some casually. I'm anxious to send you to the island. The storm will take some time to stop. It's the same if I salvage again after a while.”

Elder Liu hurriedly explained!

“That's true. The corpses of monsters can indeed be salvaged after a while, but shouldn't the beast core be taken out as soon as possible after the monster corpses are salvaged?”

“The beast core of the monster is the most valuable part, and if the beast core is not taken out in time, it will be contaminated and lose its value if it stays in the monster body for too long.”

“Why do I see that the inner cores of these monsters seem to have not been taken out yet? Do you salvage the corpses of monsters just for the fur and also for the meat?”

David asked Elder Liu!

Elder Liu was stunned. Although he saw several cultivators using spirit blades to cut up the corpses of monsters, the beast core had not been taken out yet!

“How can you guys do things? Don't you know to take out the beast core first? You are just trash!”

Elder Liu cursed, and the cultivators hurriedly took out the beast core!

“President Chen, Yaozun Zhong, I think we should go around. Now that we have a spiritual boat to stay, we can enjoy the vast ocean with peace of mind.”

“Maybe we can encounter monsters and get some unexpected treasures!”

David said to Chen Wenliang and Zhong Qing!

He just wanted to take the two of them away from the spiritual boat temporarily!

David could conclude that there must be something wrong with these people, but he couldn't do it directly, not to mention that their identities were unknown!

Those pharmacists were all in the cabin. If the formation master among these people directly set up a formation and trapped people inside, they couldn't run out at all!

Now David and the others could only pretend that they knew nothing, and then leave the spiritual boat to discuss countermeasures!

Chen Wenliang and Zhong Qing understood what David meant, so they nodded and said, “Okay, let's try our luck...”

“Everyone, there are many brutal thousand-year-old monsters in this sea, which are very scary. I advise you to stay on the spirit boat.”

“When you get to the island, if you want to catch monsters, you can go around the island!”

Elder Liu stopped David and the others, not wanting them to leave the spirit boat!

Chapter 4240

“Boss Liu, we won’t leave too far, we’re just wandering around. If we really encounter a powerful monster, we’ll be back immediately!”

Chen Wenliang winked at David and Zhong Qing, and then the three of them jumped up!

Afterwards, the young man next to Elder Liu also chased after them with two monks!

“What are you doing here?”

Chen Wenliang asked dissatisfiedly when he saw this!

“Oh, Boss Liu is afraid that you are in danger, so he asked us to protect you!”

The young man hurriedly said!

“We don’t need protection, you go back!” Chen Wenliang asked a few people to go back!

But no one listened, and the young man followed them wherever they went.

“President Chen, let them follow, and see if they can keep up!”

After David finished speaking, he directly pulled Chen Wenliang and Zhong Qing, using the Fire Control Step, and disappeared in an instant!

This time, the young man was directly dumbfounded, he had never seen such a fast speed!

Without the presence of David and the others, the young man could only bring people back!

“Why are you back? Where are they?”

Elder Liu asked with some doubts when he saw the young man coming back!

“Elder Liu, these guys are too fast. They disappeared in the blink of an eye. We can’t catch up at all.”

“I think these guys seem to suspect us. It seems that we have to take the initiative.”

The young man said!

“What? Even you can’t catch up with them?”

Elder Liu frowned slightly, “It seems that they also have masters here. If the three of them ran away, they ran away. It’s okay if the others didn’t run away.”

“Follow me down, these people can’t let them run away anymore, control them first!”

Elder Liu led people to the cabin!

With Chen Wenliang’s instructions, in fact, the people in the cabin were also on guard against Elder Liu and his people!

Seeing Elder Liu and his people coming in, everyone stood up, and then their faces were defensive!

Elder Liu felt the atmosphere in the cabin and knew that he had to take action!

“Everyone, now that we have left the storm sea, there is no danger. If anyone wants to go to the deck, they can go up and take a breath at any time.”

Elder Liu said to everyone!

He did this to let everyone relax their vigilance, and then suddenly attack!

What he needs is not to kill these people, but to control them, which is the most difficult, so he has to act when everyone is relaxed!

Seeing that Elder Liu asked them to go to the deck, it seems that he has no intention of controlling them. Sure enough, everyone’s tense nerves relaxed a lot!

But just when someone was about to go to the deck, suddenly Elder Liu had an extra talisman in his hand!

“The magic formation is open...”

Elder Liu shouted, and the talisman instantly ignited a flame!

Before everyone could react, with a bang, the entire cabin was lit up with formation runes, and finally it would become a large formation flashing with light!

In the formation, auras were like vines, madly going towards many pharmacists!

Then began to control every pharmacist present!

“Everyone be careful...”

Granny Zhen yelled, trying to rush towards Elder Liu, but she was instantly entangled by a spiritual energy, and her power was directly bound, and she fell to the ground!

Other pharmacists who wanted to be pharmacists were also controlled one after another, and they couldn't exert any power at all!

“Humph, a mere formation, you still want to trap us...”

Gu Tianchao snorted coldly, and then took the people from Liangyi Sect to attack together!

A formation took shape in the hands of Gu Tianchao and his men, and then a series of spiritual swords shot out from the formation, cutting off the spiritual vines!

Elder Liu was startled and frowned tightly: “Aren't you pharmacists? There are actually formation masters?”

He didn't expect that there were so many formation masters hidden among these pharmacists!

At that time, Feng Xing didn't tell them that there were formation masters, but just said that there were a group of pharmacists behind!
