## Chapter 4331

Di Chongjing was so scared when he saw this scene that he hid far away. However,

Sect Master Jiang frowned, his eyes full of regret! After all, he was a fellow disciple, but now he has become like this!

“Go to hell...”

The eldest brother roared, and a burst of black mist instantly burst out of his body!

“Ah...”

Under this black mist, all the cultivators who came into contact with it made painful sounds, and felt that their bodies were aging rapidly, as if they were decaying!

“Dead air, this is dead air, everyone retreat quickly...”

David hurriedly shouted loudly, leading everyone to retreat!

This dead air is very powerful. As long as it comes into contact with it, it will quickly absorb the vitality of the human body, causing people to age quickly and lose their yang essence quickly!

“You can’t run away...” *wWw.VODiW.LA*

The eldest brother snorted coldly and quickly chased after David and the others!

The speed of this senior brother was very fast, and he kept approaching everyone. Jiang Zongzhu and others were all tingling, avoiding the spreading death energy.

Now, unless someone uses his own Yang Yuan vitality to resist this wave of death energy, they can save them, otherwise this kind of death energy is difficult to deal with!

“Jiang Zongzhu, you all stay away, I will meet him...”

David knew that it was not a solution to escape like this, and he could only resist this wave of death energy by himself!

“Mr. Chen, you have to be careful...”

Jiang Zongzhu said!

Holding the Dragon Slaying Sword, David rushed straight to the senior brother in the face of the burst of death energy!

The senior brother was also a little surprised to see that David, a mere seventh-grade cultivator in the Tribulation Realm, dared to resist his death energy and attacked him!

“Senior Brother, this guy is called David. He killed the second senior brother. Don't be confused by his realm. This guy is very powerful.”

Di Chongjing was afraid that the senior brother underestimated David's strength and was killed by David by surprise, so he reminded him loudly!

“It turns out that he killed the second junior brother, then I will avenge the second junior brother...”

The eldest brother had a cold face, accompanied by a low roar, and the death energy suddenly surged!

In this case, no matter how fast David is, he will be attacked by the death energy!

Maybe David has not reached the front, and his vitality has been exhausted, and his Yang Yuan has disappeared and died!

Moreover, this death energy is like a maggot on the tarsal bone. Once it wraps the whole body, even if the flesh is strong, it is useless!

Although I don't know why David dares to be so bold, this eldest brother is not afraid at all, because as long as there is vitality and Yang Yuan, the most feared thing is death energy, and his own death energy is invincible!

“I want to see how long you can hold on in the death energy...”

The eldest brother said with a playful look in his eyes!

When David attacked the eldest brother, his indestructible golden body was activated, and golden scales covered his whole body!

But even the indestructible golden body could not resist the erosion of the death energy, and the golden scales on the body kept falling off!

The eldest brother actually put his hands behind his back and looked at David quietly!

In just a few steps, the indestructible golden body on David slowly disappeared, which was enough to prove the power of the death energy!

“Boy, when you get in front of me, you will only become a pool of blood...”

The eldest brother said proudly!

David also discovered the power of the death energy. Even if his physical body was very strong, he still couldn't resist the death energy!

David also used the True Fire Dharma Body, but there was no way to stop it!

“Birth, aging, sickness and death are the way of heaven, and these death energy is the way of heaven. Nothing can resist the way of heaven.”

The Red Cloud Demon Lord said slowly!

“Is there no way to deal with this death energy?”

David frowned slightly!

“Of course there is. If you have enough vitality and Yang Yuan, these death energy can't deal with you.”

## **Chapter 4332**

“It's a pity that no matter how strong you are, you are only the seventh level of the Tribulation Realm. It's estimated that your Yang Yuan can be a thousand years, so you can't withstand these dead air.”

“If you are like me, with a Yang Yuan of tens of thousands of years or even higher, these dead airs are not a big deal. After all, this little bit of dead air can't consume much vitality and Yang Yuan.”

said the Red Cloud Demon Lord!

David was speechless when he heard it. This Red Cloud Demon Lord had a Yang Yuan of tens of thousands of years, but it was a pity that he was killed. Fortunately, a wisp of residual soul was left!

If the residual soul was not left, even if there was a Yang Yuan of hundreds of millions of years, it would still be dead.

“What would happen if I absorbed all this dead air? That guy can use dead air to practice, why can't I?”

David asked!

David thought that his Condensation Heart Jue could refine everything, and even the Yin Sha Qi David could absorb it!

This dead air is similar to the Yin Sha Qi!

“That guy must have a technique to use the dead air to practice. You don't have a technique. If you absorb the dead air, won't you die faster!”

said the Red Cloud Demon Lord!

“Who said I don't have it!” After David finished speaking, he immediately turned on the Condensation Heart Technique, and a large amount of dead air around him began to swarm into David's body!

“What is Mr. Chen doing? This is dead air. How can he absorb it?”

Seeing this, Sect Master Jiang was immediately shocked!

The Palace Master of Guanghan Palace also frowned slightly, with a worried look on his face!

Seeing this, the eldest brother was stunned for a moment, and then sneered: “You dare to absorb my dead air. I think you dislike dying too slowly...”

As David continued to absorb the dead air in his body, his body aged visibly, giving people a feeling that he could die at any time!

But just when Jiang Zongzhu and others were worried and Di Chongjing and others were happy, the deathly aura that permeated was actually all absorbed into David's body!

David was not dead. Except that his body looked very old, there were no other symptoms!

However, as the Condensation Heart Technique continued to operate, golden light flashed on David's chest!

His body began to recover again at a speed visible to the naked eye!

After a few breaths, David recovered his original appearance, and his aura was much stronger!

“This death energy is really a good thing. It is a great resource for cultivation. Do you still have it?”

David looked at the confused senior brother and asked!

And the senior brother, at this time, the smile solidified on his face, and the whole person was dumbfounded!

“You... How can you refine the death energy? Why?”

The senior brother was stunned, his face full of disbelief!

He knew the power of this death energy. Even if he had the skills to refine the death energy, because of practicing this death energy, his body became like this ghost.

But David seemed to have absorbed so much death energy, but nothing happened. This is incredible!

“I forgot to tell you that my skills can refine everything. What’s so difficult about the death energy? Just use it!”

David said with a proud smile!

“I don’t believe it, I don’t believe it, there must be too little dead energy, I don’t believe you can refine dead energy...”

The eldest brother screamed, and the whole person fell into madness, his body desperately absorbing the dead energy in the dead monks!

But there were not many monks who had just died. This kind of dead energy was only in the bodies that had just died. These skeletons had no dead energy, and some were just evil spirits!

Seeing that the dead monks had absorbed the dead energy, the eldest brother looked at Di Chongjing!

“Eldest brother, you...what are you going to do?”

Di Chongjing asked with horror!

“In order to kill these people, I can only wrong you...”

After the eldest brother finished speaking, he suddenly attacked Di Chongjing!

## Chapter 4333

The sharp claws instantly penetrated the defenseless Di Chongjing's body. Di Chongjing's eyes widened, his face full of disbelief, and he instantly lost his life!

Then the eldest brother opened his mouth and sucked a large ball of death from Di Chongjing's body into his stomach!

Seeing this scene, the expression of Jiang Zongzhu was very complicated. His fellow disciples ended up like this!

"Boy, go to hell, go to hell..."

The eldest brother screamed, and the death that burst out of his body wrapped David up!

The death did not spread, but wrapped David like a black ball! No

one could see what David inside looked like now!

Although they were very worried, no one dared to approach to help!

The eldest brother's body rotted visibly with the naked eye, and in the end, only a skeleton was left!

It looks like a big skeleton, very creepy!

He is bursting out all the dead air in his body. He wants David to die. As long as David dies, it will be easy for others!

However, the dead air wrapped around David is getting fainter and fainter. In the end, David's figure appears, and his skin is radiant. There is no sign of decay!

"Good stuff, really good stuff..."

David smiled faintly!

"Ah..."

The eldest brother screamed, his voice full of confusion and unwillingness!

"Since you don't have dead air, don't blame me..." After

David finished speaking, he punched out!

A fist shadow burst out with powerful force and hit the eldest brother in an instant!

Only bursts of bone cracking sounds were heard, and then the eldest brother's skeleton was broken into pieces!

The broken bones in the sky drifted everywhere, and merged with the bones on the ground of the Blood Bone Gate!

"I am not reconciled..."

As the skeleton shattered, a black shadow screamed!

This is the soul of the eldest senior brother, but unfortunately, after shouting, the soul also exploded instantly.

David's punch not only broke the skeleton, but even the soul could not escape! Until his death, he couldn't figure out how things could be like this!

Looking at the destroyed Blood Bone Sect, everyone was stunned, without the slightest excitement!

Some of them couldn't believe their eyes. What kind of person is David?

Although they have seen David's strength, David can give them a new shock every time!

Now, even the death energy can't do anything to David, this is too outrageous!

And the other party is at the peak of the second level of the Mahayana Realm, and is about to break through to the third level of the Mahayana Realm!

How many people can be opponents of this kind of strong man even without the death energy?

But David was able to beat the other party to death with one punch, and it looked like killing a little chicken!

"Don't just stand there, look around and see if there are any good things in this Blood Bone Sect, especially the Immortal Bone. Notify me when you find it!"

David said to the shocked crowd!

"Oh, okay..."

Sect Master Jiang and others only reacted at this time and hurriedly took people to search for resources!

The Palace Master of Guanghan Palace also took the Saint to search. Now that the Blood Bone Sect has been destroyed, all the resources should not be wasted!

However, the Blood Bone Sect uses the blood and bones of the monks to practice, and all other resources should not be too much!

But what David wants is the Immortal Bone. As long as he can find a piece of the skeleton of the Red Cloud Demon Lord, it will be worth it!

“Mr. Chen, go and have a look. There are actually quite a few monks imprisoned in this Blood Bone Sect!”

At this time, a disciple of the Soul Demon Sect hurriedly ran over and said to David!

When David heard it, he hurriedly followed the Soul Demon Sect disciple!

David saw that under the bone mountain behind the Blood Bone Sect, a dozen monks were being held in a strange formation!

These monks looked very embarrassed, both men and women, all of them were terrified!

When they saw David and the others, they all curled up, probably because they were terrified!

## **Chapter 4334**

“Mr. Chen, these people should be captured by the Blood Bone Sect for cultivation.”

“But they are all trapped in the formation, and we are helpless...”

Jiang Zongzhu said hurriedly when he saw Chen Ping coming.

Chen Ping nodded, and then glanced at the formation. There was a cold and evil breath in the formation, all coming out from all directions, and the brows of the cultivators inside were disturbed by this breath!

It seems that this Blood Bone Sect not only sucks blood and gnaws bones, but also allows these cultivators to survive in this cold and evil breath for a period of time. After

these cultivators are full of this breath, it will be twice the result with half the effort to cultivate!

However, this method is extremely cruel for these cultivators!

“This formation is used to infuse the cultivators with Yin Sha Qi. These people from the Blood Bone Sect are simply bad...”

Chen Ping said with a frown!

“Too much, if the master is in heaven, he will hate these guys to death. They will do anything to cultivate!”

After listening to Chen Ping’s words, Jiang Zongzhu was so angry that veins bulged on his forehead! Although

the Soul Demon Sect is also a sect of demon cultivators, it has never done anything that harms the world. Even other sects of demon cultivators are nothing compared to the Blood Bone Sect!

The guys in the Blood Bone Sect not only suck blood and gnaw bones, but also keep people in the evil spirit, making them live in pain and fear all day long!

This kind of torture can make people collapse, and even make people crazy, and the Blood Bone Sect takes advantage of this!

The more frightened and crazy the cultivators are, the more helpful it is for their cultivation!

“These beasts of the Blood Bone Sect, killing people to cultivate is fine, but they actually use such a vicious method. There are so many bones on this mountain, and I don’t know how many cultivators died in such fear and pain!”

“Killing them is too easy, they should be allowed to die in pain...”

Guanghan Palace Master said angrily!

Jiang Zongzhu was full of self-blame. These masterpieces were made by his fellow apprentices. He really didn’t expect that his fellow apprentices who had been apprenticed for many years were all demons!

“Mr. Chen, let’s release these people first. No matter what, these people have been tortured by the Blood Bone Sect. My Soul Demon Sect should help them recover!”

Jiang Zongzhu wanted to help these cultivators recover so that he could feel better!

Chen Ping nodded, and casually shot out a few spiritual energy, and instantly broke the formation!

This formation is not advanced, but it is difficult for people who don't understand the art of formation to break it.

What's more, these people's strength is not high, the highest is only the second or third level of the Tribulation Realm!

As the formation was broken, the evil spirit inside dissipated instantly, and the eyes of those monks slowly calmed down from fear!

When they found out that Chen Ping and the others were not from the Blood Bone Sect, but came to rescue them, these dozen monks were extremely surprised and fell to their knees with tears streaming down their faces!

Originally thought they were dead, but now they were rescued. The joy of being reborn is beyond words!

Especially watching the monks around them being taken away one by one every day, listening to the screams of pain, and feeling the evil spirits around them, this kind of torment is extremely painful, sometimes even more terrible than death!

This feeling of being unable to live or die is the most tormenting!

"Fellow Taoists, the Blood Bone Sect has been completely eradicated. You are all very weak now. I will arrange someone to help you recover."

Sect Master Jiang looked at these people and said ashamedly!

When these people heard this, they were all grateful to Jiang Zongzhu, especially when they heard that the Blood Bone Sect was destroyed. They were so happy that they knelt down and kowtowed again!

## **Chapter 4335**

After all, the Blood and Bone Sect is evil enough, so the furnace that appeared in this place of retreat and cultivation must not be a good thing!

"You step back, I'll open the lid and take a look..."

Chen Ping asked the Palace Master of Guanghan Palace to step back, and he approached the furnace, and then swung it vigorously!

The lid on the furnace was instantly blown away, and then a breeze blew over!

In this place filled with evil spirits, this sudden breeze was like a touch of life in the desert!

The whole secret room was filled with this breath, and Chen Ping and the Palace Master of Guanghan Palace felt warm on their bodies.

“What kind of breath is this, it’s so comfortable...”

The Palace Master of Guanghan Palace asked in shock!

Chen Ping also frowned slightly, and didn’t know what kind of breath was emitted from the furnace at all!

“This is vitality. When a person dies, there will be death energy. When a person is alive, he also has vitality.”

“I thought that guy used death energy to practice and was not afraid of the damage of death energy to his body. It turns out that he used vitality to offset the damage of death energy.”

The Red Cloud Demon Lord said!

“Life? Can this thing be refined?”

Chen Ping was a little puzzled!

Life energy is also called Yang Yuan, life span. Absorbing vitality can increase the life span of one’s Yang Yuan!

But there are not many people who can really absorb the vitality of others. Chen Ping has never seen it!

However, some magic cultivators do have skills that can absorb the Yang Yuan of others to increase the life span of their own Yang Yuan. Some magic cultivators who are close to Yang Yuan but can’t break through will find ways to absorb the Yang Yuan of others! But this

vitality can be directly refined and stored. This is the first time Chen Ping has heard of it!

In that case, if you store the vitality, wouldn’t it be possible to sell it as a resource? I believe many people will be eager to get it!

“I’ve only heard that some people can extract vitality, but this method is extremely cruel. You must extract the vitality in your body while you are alive and awake.” “

And the vitality extracted will be greatly discounted due to the laws of heaven and earth. Ten thousand years of Yang Yuan may only be able to extract a ray of vitality. I don’t know how many lives of cultivators are needed for such a huge vitality in this secret room.”

said the Red Cloud Demon Lord!

When Chen Ping heard this, his heart became extremely heavy. I don’t know how many lives of cultivators these vitality have used. If he really sells it, wouldn’t it be too beastly? These are all fresh lives in exchange!

Just when Chen Ping’s mind was together, those vitality seemed to have spiritual consciousness, and all poured into Chen Ping’s body!

Chen Ping was stunned. Before he could react, all the vitality in the furnace poured into Chen Ping’s body!

“You kid, is this considered a good reward for a good person? These vitality are probably hundreds of thousands of years of Yang Yuan. You, a little cultivator in the Tribulation Realm, have hundreds of thousands of years of Yang Yuan. I’m afraid that those immortals who have just ascended are not as good as you!”

Chiyun Demon Lord said with envy!

“I don’t know why, all these vitality has entered my body, but I don’t want to live for hundreds of thousands of years. If there are no friends and lovers around me, living alone is better than dying!”

Chen Ping said!

After all, Chen Ping has come to where he is now from a mortal. He pays more attention to family and love. As for becoming an immortal and a Buddha, and getting eternal life, Chen Ping has no obsession!

If you live alone, it’s meaningless!

“Chen Ping, look, there are immortal bones in this furnace...”

Just when Chen Ping was communicating with Chiyun Demon Lord, the Palace Master of Guanghan Palace suddenly shouted!

Chen Ping hurriedly looked over and saw that there were indeed two immortal bones placed at the bottom of the furnace. It seemed that these two immortal bones were ribs!

The moment he saw the immortal bone, Chen Ping knew that it belonged to the Red Cloud Demon Lord!

Because Chen Ping could clearly sense the aura in the immortal bone, he could also sense the changes in the residual soul of the Red Cloud Demon Lord when the immortal bone appeared!
