### Chapter 4341

David was speechless when he heard what Liu Bo said. It was he who destroyed the Chuanyun Gate. Ji Yun also laughed secretly when he heard what Liu Bo said.

David took a careful look at the map. The route on it was winding and the distance was obviously much longer. If he flew straight, he would reach the East Region Continent in no time.

“This is too much. Even if it is an airship, it will probably take three days...”

David said with a frown!

“It doesn’t matter. There are people living and building on the islands along the way. We can stop the airship on an island to rest.”

Liu Bo said hurriedly!

“No need, just fly straight, so that one day is almost enough. Going around is too much of a waste of time!”

David waved his hand directly!

“Absolutely not. If we go straight, I’m afraid there will be a Mahayana cultivator in seclusion on a certain island. If we attack us at that time, it will be troublesome.”

Liu Bo was shocked when he saw that David was going to fly straight! Although

David is a seventh-grade cultivator in the Crossing Tribulation Realm, his strength is not weak, but facing a master of the Mahayana Realm, he is still an ant!

After all, Liu Bo and Zhu Qingyue and others have never seen David’s true strength. They thought that the Blood Bone Sect was destroyed, and it was all done by Jiang Zongzhu and Guanghan Palace Master!

After all, who would have thought that a seventh-grade cultivator in the Crossing Tribulation Realm could kill a second-grade cultivator in the Mahayana Realm!

“Don’t worry, our airship is fast and will not be easily discovered. You were caught by the Blood Bone Sect and delayed for so long. Aren’t you afraid that the people in Qijia Town have already started to make things difficult for you?”

David said!

When Liu Bo heard this, he fell silent. They were indeed caught for a long time and could not contact their families. Maybe the people in Qijia Town have already fallen out with them in Zhujia Town!

After thinking for a moment, Uncle Liu nodded and said, “Okay, let’s go straight, but if you encounter danger, don’t worry about anything, just run away as soon as possible. I will buy you time, you just need to send the young lady back safely!”

“Uncle Liu...” Zhu Qingyue looked at Uncle Liu with shame!

She ran away selfishly, but she didn’t want to put the entire Zhujia Town in danger!

Moreover, so many people from Zhujia Town died in order to find her, and now Liu Bo is still defending himself like this!

Zhu Qingyue felt very ashamed!

“Don’t worry, nothing will happen...”

David smiled slightly, and then asked Ji Yun to speed up and rush straight into the sky over the Dead Sea!

The airship was traveling rapidly, and David closed his eyes slightly, resting his mind, but Liu Bo and Zhu Qingyue were extremely nervous, staring at the outside of the airship!

Unknowingly, the airship had been flying for more than half a day, and everything was very stable, and nothing happened!

In this way, it would take only a few hours to reach the East Territory Continent. As long as we cross the Dead Sea, it would be much safer!

Liu Bo and Zhu Qingyue also breathed a sigh of relief, and they were no longer so nervous!

But at this time, the stable airship suddenly shook, and David suddenly opened his eyes!

“Mr. Chen, what’s the matter?”

Ji Yun hurriedly asked David!

Before David answered, he found that the Fire Kirin had actually run out of the storage ring by himself!

The Fire Kirin looked a little excited, and kept attacking the airship to get out.

Seeing the sudden appearance of the Fire Kirin, Liu Bo and Zhu Qingyue were shocked.

“You little guy, are you crazy?”

David wanted to put the Fire Kirin back into the storage ring, but the little Fire Kirin was very resistant!

“Mr. Chen, this little guy seems to want to go out, did you find anything?”

Ji Yun reminded!

Hearing Ji Yun’s reminder, David opened the door of the airship, and the Fire Kirin rushed out of the airship and rushed towards a small island below!

## Chapter 4342

Seeing this, David followed closely, and then said loudly to Ji Yun: “You go first, and then I will find you...”

David asked Ji Yun and the others to go first. After all, Ji Yun and the other three were not very strong. If they left and encountered danger, the three of them would not be able to deal with it at all!

Ji Yun nodded, and then the airship quickly headed towards the East Territory Continent!

This scared Liu Bo and Zhu Qingyue, and they hurriedly said: “Stop quickly, call people back, and don’t go to that island, it’s very dangerous.”

“If there is no airship, even if you don’t encounter bad guys, it will be difficult to reach the mainland by flying on your own.”

Both of them asked Ji Yun to stop and call David back, but Ji Yun didn’t listen, but drove the airship away!

Ji Yun believed in David. If he really encountered any danger, David would definitely be able to deal with it. If they stayed, they would not only be unable to help, but also become a burden. Ji Yun had been with David for so long, and he still had this self-knowledge!

Liu Bo and Zhu Qingyue didn't understand. Ji Yun was obviously with David, so why did he watch David die without any reaction?

The airship gradually went away, and David chased the fire unicorn and landed on a deserted island! There

were buildings on the deserted island, but the buildings had already turned into ruins, proving that someone had lived here!

And there were large and small deep pits on the island, which were obviously traces of battles!

David knew that there must have been people living on this deserted island, and then a battle took place, so it should be a deserted island now!

But he didn't understand why the fire unicorn suddenly became so excited and came to this deserted island?

David watched the fire unicorn land on the deserted island, and then quickly scratched with his claws, and a black hole led directly to the underground of the deserted island!

"You are a mythical beast unicorn, how come you have become a rat hole now?"

David felt very strange when he saw this!

But he still followed closely, following the black hole opened by the Fire Kirin, and slowly went towards the underground of the deserted island!

Soon, David found some purple around the cave wall. After careful observation, he found that these were actually purple jades. This purple jade can be regarded as a kind of spiritual stone, and the quality is not low!

"Could it be that this Fire Kirin knows that there is purple jade under the deserted island, so it is so excited?"

David picked up a piece of purple jade and held it in his hand, looking at the Fire Kirin puzzled!

But the Fire Kirin seemed to have no interest in purple jade, and was still desperately heading towards the depths!

“Deep underground on the deserted island, is there a spiritual ore of better quality?”

Looking at the Fire Kirin who was still digging deep into the ground, David was very puzzled!

But he still followed, and at the same time, the Concentration Heart Jue turned far away, generating a huge suction force, sucking all the breath of the surrounding purple jade into the body!

I don't know how long I followed the Fire Kirin to dig, David only felt that the air around him was getting hotter and hotter, and then there was a fiery red in front of his eyes!

David thought that the Fire Kirin had dug up the magma from the earth's core, but when he looked over, he found that it was actually some fiery red stones, and there seemed to be flames jumping on the surface of the stones!

The Fire Kirin opened its mouth wide and kept swallowing the fiery red stones in front of it!

It looked like it was eating very deliciously, and from time to time it called out to David, as if it was showing off with David!

“There are actually such spiritual stones under this deserted island, and these spiritual stones are all full of flames...”

David was very surprised!

“These stones should have been roasted by the fire of the earth's core for many years, which can just replenish the flames on the Fire Kirin.”

“The Fire Kirin is different from the Devouring Beast. It is very picky about food and doesn't eat everything.”

“It is estimated that it felt that there was such a flint under this deserted island, so it became restless.”

The Red Cloud Demon Lord said to David!

Chapter 4343

“Then it seems that I have to collect more of this kind of flint, otherwise the Fire Kirin will be hungry, and I have nothing to feed it!”

After David finished speaking, he began to collect those flints quickly!

The Fire Kirin also ate and dug, and unknowingly left the bottom of the deserted island. At this moment, David and his friends had actually come to the bottom of the Dead Sea!

David discovered that a vacuum channel was formed around the flint, and there was a heat wave, which made it impossible for the sea water to contact the flint!

However, as David and the Fire Kirin took away the flint, the sea water continued to fall!

But the sea water was actually boiling. Although the surface of the Dead Sea was calm and there were no waves, the bottom of the sea was boiling!

This is why there are no creatures in the Dead Sea. If a cultivator falls into the Dead Sea, it is afraid that it will be difficult to resist this heat wave! After

all, not everyone can master the origin of the fire system and is not afraid of the fire of the earth's core!

The Fire Kirin ate all the way, and David collected all the way!

I don't know how long it took, the Fire Kirin was full, and David had collected a lot of flint, but looking around, the entire Dead Sea bottom was full of scattered flints. If David wanted to take them all away, he would probably have to stay here for a year or two!

David didn't have time to stay here all the time, so after putting the Fire Kirin into the storage ring, David began to rush out of the seabed!

But when David went up, he was surrounded by rocks and soil, and there was no sea water. It seemed that they had reached the bottom of another small island!

Without the Fire Kirin to dig a hole for David, David could only take out the Dragon Slaying Sword and keep rotating it in front of him. The sharp Dragon Slaying Sword was like a drill, constantly rushing upwards!

At this time, it was already dark outside, and there was no movement or sound in the silent Dead Sea!

On this small island, there was a stone house in the center, and light was flashing in the stone house. It was obvious that there were people living on this island!

In the stone house, a woman with fair skin and long hair was soaking in a pool of spring water!

The spring water was still steaming, obviously a hot spring, which should be affected by the fire of the earth's core!

The stone house built this hot spring directly inside, and the woman had no scruples at all, and was directly naked!

The moonlight sprinkled on the woman, and her white skin was reflecting the light.

However, when the woman turned her head slightly, the moonlight shone on the woman's face, only to find that half of the woman's face had severe burns and was full of scars!

Such a graceful figure and skin, but with a somewhat terrifying face, this drastic contrast makes people very uncomfortable!

The woman closed her eyes slightly and felt the temperature of the spring water!

There is only this small island within a hundred miles, and only this woman, without any living creatures!

This quiet place can really make people very relaxed!

Rumble...

Suddenly, the stone house shook violently!

The woman frowned and opened her eyes suddenly. She didn't understand what was going on.

But before she could react, a huge force suddenly came from underground!

The woman jumped up instantly, and at the same time, she grabbed clothes and a mask with her hands!

Before the woman put on her clothes, she saw the stone house under her feet exploded instantly and broke into pieces!

A figure rushed out from underground!

The woman hurriedly put on the mask, holding a sword, and stabbed at the figure without any hesitation!

After rushing out of the underground, David exhaled a breath of turbid air and took a deep breath! But

before he could see the surrounding environment clearly, David only felt a cold light coming towards him!

"Damn, what's going on?"

David was a little confused. He had just rushed out of the underground, so why did someone attack him?

## Chapter 4344

David dodged in a hurry, and the sword energy passed by David's cheek tightly, making David feel a little stinging!

Just when David was thankful to have dodged this sword, there was another overwhelming sword energy!

The sword energy was like a wave, wrapped in a shocking momentum, as if to tear David apart!

“Why is it not over yet?”

David frowned, and swung the Dragon Slaying Sword in his hand, and a golden light shot out from the Dragon Slaying Sword!

Ding Ding Dang Dang...

Just this sword instantly dissolved the opponent's sword energy!

It was not until this time that David saw clearly that in front of him, there was actually a masked person holding a long sword and attacking him!

The mask made it impossible to tell whether it was a man or a woman, but this person was not wearing any clothes, which made David realize at a glance that this was a woman!

“My female Taoist friend, I don't know why you suddenly attacked me. I don't seem to have provoked you?”

David asked the woman!

“How do you know I'm a woman?”

The woman deliberately lowered her voice and asked hoarsely!

“Actually, I don't want to know, but it's a pity that your figure is so good that I can't forget it after one look...”

David said helplessly!

However, while speaking, David's eyes were not idle. It was not his own initiative. Since the other party didn't like to wear clothes, he would not look at it!

"Ah..."

The woman realized at this time that she hadn't put on her clothes yet. After a scream, she jumped and hid behind a boulder!

A moment later, the woman put on her clothes and walked out!

The

long sword in her hand pointed at David, and her anger continued to rise!

"You, a playboy, actually sneaked here to peep at me. I must kill you!"

After the woman finished speaking, she attacked David with a sword again!

The woman's sword energy became more and more sharp, and countless sword beams covered the sky, as if they would never stop!

David was a little stupid, and hurriedly explained: "Miss, I think you misunderstood, I didn't come to peep at you."

"You were not wearing clothes, and I accidentally saw you. You can't blame me..."

David explained loudly, but the woman didn't listen at all!

David was also speechless. He was not peeping at all, but just accidentally hit it. He didn't expect that there would be a woman living here, and she was not wearing clothes!

This can't be blamed on me. It's really a great injustice, more unfair than Dou E.

But no matter how David explained, the woman attacked faster and faster, and she was ruthless, obviously wanting David's life!

Moreover, the woman's cultivation was enough to be a first-grade Mahayana realm, and her strength was not weak. David kept dodging and didn't dare to fight back, for fear of hurting the other party, and it was even more difficult to explain!

"I saw it by accident. If you are so arrogant and unreasonable, don't blame me for being rude?"

David warned the woman!

“Humph, you are a seventh-grade cultivator in the Tribulation Realm, and you dare to say such big words. Don’t think that you can ignore me after dodging my attacks a few times!”

The woman snorted coldly, and the long sword in her hand instantly swung out a bunch of sword flowers. Each sword flower bloomed and then enveloped David!

David frowned. The woman’s swordsmanship was really good, so the spiritual energy on her body burst out and said: “Since you force me again and again, don’t blame me. This is all because of you...”

David held the Dragon Slaying Sword in his hand, and his body jumped up, intending to avoid the sword flower and then attack the woman!

But just as his body jumped up, the woman shouted: “Sword intent follows...”

I saw that the sword flowers suddenly gathered together, and then changed into a beast, opened its bloody mouth, and bit towards David!

## Chapter 4345

David was shocked. He didn’t expect that the sword light that had been swung out could gather together and then turn into a beast!

“Your sword energy can actually change shape at will?”

David was a little surprised.

You know, it’s not difficult to use sword energy to change shape. As long as you control the long sword in your hand, after swinging the sword energy, your heart will follow the sword, and you can change into what you want!

David’s dragon-slaying sword, which cuts out a dragon shape with one sword, is also like this!

But this woman’s sword energy clearly turned into a bunch of sword flowers and attacked, but it was able to make those sword flowers gather halfway and then turn into a beast!

This surprised David a little. After all, it is impossible to control the sword energy after it was released!

But this woman's sword energy can be controlled at will like spiritual energy, demonic energy, etc., which is a bit incredible!

"Hmph, do you think our Wanjian Sect's strength is just a name?"

The woman snorted coldly!

"Wanjian Sect?" David had never heard of this sect, but he knew it was a sect that specialized in using swords!

"Although your swordsmanship is indeed good, in the face of absolute strength, all your moves are just fancy moves!"

David smiled coldly, and then raised the Dragon Slaying Sword in his hand!

The Dragon Slaying Sword shone brightly, and the sword intent enveloped David's whole body!

"I'll show you the real swordsmanship..."

"Nine Shadow Swordsmanship..."

David performed the Nine Shadow Swordsmanship!

He hadn't performed the Nine Shadow Swordsmanship for a while. After all, the sword spirit of the Dragon Slaying Sword, Zhongli, was injured and had no way to detach from the sword body, let alone communicate with David's mind, so David rarely performed the Nine Shadow Swordsmanship!

As the Nine Shadow Sword Technique was performed, David's figures appeared one after another, and each figure had David's aura!

A total of six figures stood neatly in front of the woman!

The woman was stunned when she saw this. Even the beast transformed by the sword energy dissipated directly in the moment when the woman was stunned, and became invisible!

"You...what kind of sword technique is this? How can there be so many clones?"

"Illusion, this must be an illusion, right?"

After being shocked, the woman seemed to think of something, and her eyes widened!

She didn't think that David's sword technique was any kind of illusion. It should be an illusion, it must be an illusion!

“No matter how many clones you change into, you can’t escape from my palm!”

“Ten Thousand Swords Cage...”

The woman shouted in a low voice, and then the long sword in her hand swung towards the sky with all her strength!

Under the moonlight, countless points of light suddenly appeared in the black night sky, and then sword beams came towards the six Davids in front of her like rain!

Ten thousand sword beams, no matter how many clones there are, they can’t resist it at all!

The woman’s eyes were full of confidence, and the corners of her mouth were slightly raised!

“It’s so beautiful, just like the brilliant fireworks...”

Just when the woman thought that David was dead, a voice came from behind the woman!

The woman was frightened and hurriedly looked back, only to find that David had appeared behind her at some point!

“You... why are you here?”

The woman was shocked, and then looked back at the six figures of David facing her head-on!

It turned out that these six figures were not David’s real body, and David’s real body had been behind the woman at some point!

The woman never thought that her so-called Ten Thousand Swords Cage would not pose any threat or harm to David at all!

Is this still something that a seventh-grade cultivator in the Tribulation Realm can do?

The woman’s eyes at this moment doubted David’s realm. A seventh-grade cultivator in the Tribulation Realm could not do this!

You have to know that she is a first-grade cultivator in the Mahayana Realm, and she is proficient in swordsmanship. At this moment, she is so embarrassed by David, a seventh-grade cultivator in the Tribulation Realm, and the other party is also using a sword!

This is a bit too outrageous!
