## Chapter 4371

David returned to the Dead Sea, because he knew that if he wanted to take revenge on Ning Zhi and others, the Dead Sea was the best choice. If he was on the mainland, David was not very sure about dealing with Ning Zhi and the dozen or so demon cultivators!

Although the dozen or so demon cultivators could enter the Dead Sea with the help of Ning Zhi, they completely relied on Ning Hai's fire shield. As long as David broke the shields of those demon cultivators, they would be turned into bones by the Dead Sea immediately!

Returning to the sky above the Dead Sea, David glanced around, and then plunged into the seabed. He knew that Ning Zhi and others would definitely return to the mainland from this direction! Walking on

the seabed, David observed the terrain of the seabed, then pressed his hands on the mud on the seabed, felt the breath of the ground, and nodded with satisfaction!

The more vigorous the breath of the earth's core fire, the greater the damage to those demon cultivators by the sea water, but it had no effect on David himself.

Moreover, the terrain here is flat, and there are many peaks around. At this moment, if there is no sea water, the location where David is located is completely a valley terrain!

And some of these peaks have emerged from the sea to form a small island. Ning Zhi and others are likely to take a temporary rest on this island when they pass by!

After all, flying in the air for a long time will cause a lot of spiritual power loss to the cultivators, especially after just experiencing a battle, the consumption itself is large, and flying in the air over a long distance is unbearable! After

choosing the location, David began to continuously carve array patterns at the foot of the mountain!

The mountains on the seabed are stacked one after another, and the area enclosed is dozens of miles. David is going to carve array patterns at the foot of these peaks. In the end, these array patterns are connected to form a huge array!

This huge array is generally used to protect sects or towns, and requires the cooperation of many array masters!

Even if there are many array masters, it takes ten days and a half months to arrange such a large array!

But now it's just David himself, and time is very tight. If he wants to set up this big formation when Ning Zhi and the others arrive here, David is not completely sure!

So David must race against time. Even if David has now merged the divine pattern and the magic pattern, the formation technique is not comparable to that of ordinary formation masters, but to complete such a huge project is also a great test!

David was desperately carving the formation pattern at the bottom of the sea, and filling his mouth with pills from time to time to replenish the consumed spiritual power!

"You kid, is this the demon-subduing formation you set up? At first, I didn't see it, but now I can see a little bit of it."

At this time, the Red Cloud Demon Lord spoke!

"I didn't expect you to know the art of formation?"

David was a little surprised!

Although the Red Cloud Demon Lord is very powerful, he is not a formation master, and he doesn't know much about the art of formation!

"Damn, I was trapped by this formation before, so I know this kind of formation."

"However, this demon-subduing formation is very powerful against real demons, but those guys are just ordinary demon cultivators, not real demons. Your demon-subduing formation will be much weaker."

"And to deal with those little fur kids, you actually want to set up such a huge demon-subduing formation, which is simply making a fuss."

"Give me the control of your body later, and I will help you kill those little bas\*\*\*s..."

said the Red Cloud Demon Lord lightly!

David just rolled his eyes and said unhappily: "Forget it, I may not be hurt if I kill these demon cultivators. If I give you my body, I may only have a wisp of soul left."

Although David was talking to the Red Cloud Demon Lord, his hands did not stop, and he kept carving the formation pattern!

## Chapter 4372

“Do you know that maintaining such a huge formation requires a lot of spiritual stone resources? Are you going to empty your family’s wealth?”

asked the Red Cloud Demon Lord!

“There are a lot of flints on the bottom of the sea. How can I use my own resources!”

David had already planned it out. There are a lot of flints on the bottom of the Dead Sea. Just use these flints as resources!

David quickly carved the array pattern. After an unknown period of time, the last array pattern was finally carved! As

David threw a large amount of flints from the storage ring into the array patterns, the array patterns began to emit light!

These lights finally connected into one piece, and the entire demon-subduing formation was completely activated!

Large pieces of flints emitted red light, almost covering the entire array!

You must know that the more spiritual stones there are, the more powerful the array is. The power of the array is not determined by the strength of the array master alone!

Even if it is a formation set up by a top formation master, if there is no spirit stone to maintain it, then this formation will have no power!

However, looking at these flints in front of him, David was not satisfied, because he knew that the core of the formation must use the best spirit stone!

After all, this time he was facing Ning Zhi and a dozen demon cultivators. David did not dare to be careless, and he did not want to regret it for the sake of saving!

David took out a pale white stone from the storage ring. The stone was only the size of a fist, but it contained fairy energy!

This turned out to be a fairy stone. David put the fairy stone at the core of the formation, and instantly let the demon formation emit bursts of light!

After doing all this, David actually took the initiative to leak his breath continuously. He just wanted Ning Zhi to feel his breath and then chase him!

In the sky above the Dead Sea, Ning Zhi and a dozen demon cultivators were searching for David and them!

He didn't believe that David and Zhu Qingxiu could leave the Dead Sea in such a short time!

What's more, Zhu Qingxiu was seriously injured. If he was not treated in time, he would die. So David would definitely find a place on the Dead Sea to help Zhu Qingxiu heal first!

You should know that Zhu Qingxiu's condition is very difficult to heal, and it is impossible to heal in a short time!

So Ning Zhi believed that David and the others must still be within the scope of the Dead Sea, but he didn't know where they were hiding!

Even if he used that ghost face to explore the sky, he couldn't detect the breath of David and the others!

"You bunch of useless things are really a burden..."

Ning Zhi forgot to glance at the dozen or so demon cultivators and cursed impatiently!

Those demon cultivators didn't dare to say anything, they could only lower their heads and desperately follow Ning Zhi!

"Mr. Ning, we have been looking for several hours, and the brothers can't stand it anymore. Let's find a deserted island to rest and let the brothers recover."

The blue-clothed monk could only bite the bullet and whispered to Ning Zhi!

"There is no time for you to rest, but I can let you recover temporarily."

Ning Zhi finished speaking, and took out a furnace tripod from his body. This furnace tripod was only the size of a palm, and it looked very round. Moreover, the furnace tripod was hollowed out all around, and there were wisps of red smoke coming out of it!

After these fumes came out, the surrounding space suddenly became a little hot!

"These are all the fire spirits, which are very precious. You all absorb some, and your physical strength will soon recover."

Ning Zhi said coldly!

When the dozen or so demon cultivators heard it, they immediately thanked Ning Zhi with gratitude, and then greedily began to absorb the fire spirit!

Sure enough, after the fire spirit entered the body, the dozen or so demon cultivators all felt a sense of comfort in their bodies, and the feeling of fatigue was swept away!

“Mr. Ning, this fire spirit is really a good thing. Can we inhale more?”

The blue-clothed monk asked excitedly!

## Chapter 4373

“No, you have inhaled too much of this stuff, and there is no way to digest it completely. You haven’t practiced fire-related exercises, let alone the devil’s fire.”

Ning Zhi finished speaking and put away the furnace!

Just as Ning Zhi finished speaking, he was suddenly stunned because he sensed David’s breath!

“David’s breath, this guy didn’t run far at all.”

“Mr. Ning, let’s chase him quickly...”

The blue-clothed cultivator also felt David’s breath and said excitedly!

“Wait a minute!”

Ning Zhi waved his hand and stopped the demon cultivator directly, then frowned and said: “This David is not a fool. None of us noticed his breath just now, but now he suddenly appeared. What does this mean?”

“What does it mean?” The blue-clothed cultivator asked in confusion!

“It means that David deliberately exuded his aura in order for us to find him. It seems that he has been prepared for a long time and is waiting for us.”

Ning Zhi saw through David’s mind at a glance!

It must be said that Ning Zhi is also a meticulous guy, and he knows David very well!

“Then David dares to wait for us? Did he find helpers?”

“There are so many of us, why should we be afraid of him? Even if he finds helpers, how many people in the entire East Region Continent can be the opponent of Mr. Ning.”

The blue-clothed monk flattered Ning Zhi!

“Of course I’m not afraid of him, he is deliberately provoking me.”

Ning Zhi raised the corner of his mouth, and then went in the direction of David’s aura!

More than a dozen demon cultivators also hurriedly chased after him!

In fact, David had already known that he would expect that he was deliberately exposing his aura and then luring him over!

But David still did it because he also knew Ning Zhi!

Ning Zhi is a very arrogant guy. Even if he knew that he was deliberately emitting aura to lure him over, Ning Zhi would definitely come!

David and Ning Zhi can be said to know each other!

It’s just that the real trump card strength of David and Ning Zhi is unknown to each other!

Ning Zhi was on the road, with a surging breath all over his body, and there was a lot of black air surrounding him!

He also exposed all his breath, thinking that he knew that even if David knew he was coming, he would not run away!

This time, it’s time for the two of them to understand the grudges!

Endless black air slowly condensed into more than a dozen long swords, all of which were hanging high above Ning Zhi’s head!

At this moment, Ning Zhi was ready to fight. Since David had already prepared, Ning Zhi must also prepare in advance!

At this moment, David, who was at the bottom of the sea, felt the breath of Ning Zhi bursting out and knew that this guy was already here!

In David’s eyes, there was a strong killing intent!

After so long, he should really understand the grudges with Ning Zhi!

This guy lives in the world of heaven and man, David always feels that he is a threat!

Soon, Ning Zhi brought more than a dozen demon cultivators to the location where David was!

At this time, the surface of the Dead Sea was calm, without a trace of waves!

And Ning Zhi stared at the bottom of the sea. He knew that David was in the sea. The calmness of the sea at this moment was a sign before the storm!

Ning Zhi's consciousness continued to extend, extending all the way to the bottom of the sea!

David's position was instantly locked by Ning Zhi!

"This guy is hiding in the seabed again, but we didn't know that we had already found him."

"This idiot, we found him hiding in the seabed last time, and he came again this time. Do you think this Dead Sea can stop us?"

The corner of the blue-clothed cultivator's mouth was slightly raised, with a face full of mockery and sneer. He didn't know that David did it on purpose. If David wanted to hide his whereabouts, he could use the concealment formation to hide his breath. They couldn't find him at all!

## Chapter 4374

Seeing David being so stupid, the other demon cultivators couldn't help but laugh. This time, they would never let David escape!

The Demon Sealing Alliance's Hundred-Year Offering, if they caught David, these resources would be enough to greatly increase their strength!

However, Ning Zhi kept looking at the sea, frowning slightly, and there was no such ease in his expression!

Seeing this, the blue-clothed cultivator said to Ning Zhi: "Mr. Ning, this time we can't let David and Zhu Qingxiu escape. I hope you can help us enter the Dead Sea again." The blue-

clothed cultivator took the initiative to volunteer, because he was afraid that Ning Zhi would kill David!

If David was directly wiped out, why would they follow the leader to exchange for a hundred years of offerings!

So this blue-clothed cultivator planned to take the initiative to attack and capture David and Zhu Qingxiu first!

Ning Zhi nodded and didn't stop him. He also wanted to see what tricks David was playing! These

demon cultivators can just help him test what David is doing!

Ning Zhi waved his hand lightly, and the flames instantly rose from these demon cultivators, wrapping up more than a dozen demon cultivators! Seeing this

, the blue-clothed cultivator waved his hand and said, "Brothers, follow me and rush down. We must catch David and Zhu Qingxiu." The blue-

clothed cultivator was the first to rush to the bottom of the Dead Sea. One of his arms was chopped off, and he wanted to avenge this hatred personally!

Seeing this, the other demon cultivators also rushed into the Dead Sea together!

David at the bottom of the sea saw more than a dozen demon cultivators rushing into the Dead Sea, but Ning Zhi was still floating in the air on the sea surface and did not enter the Dead Sea. He knew that this guy must have let these demon cultivators explore the way!

Ning Zhi was too cautious. David could only pretend to be surprised after being discovered, and then fled to the side!

Seeing David running away, the dozen or so demon cultivators became even more excited, especially the blue-clothed cultivator with a broken arm, holding a big knife and howling as he chased David!

Seeing David so panicked, these demon cultivators concluded that David definitely didn't expect that he would be discovered!

At this time, Ning Zhi was staring at the sea, with a red light emitting from his eyes, and the light shone into the sea. The situation on the seabed was actually in his sight at this moment, and he even saw David's panicked look clearly!

Seeing David's panicked look, Ning Zhi's mouth corners slightly raised, not knowing whether it was proud or mocking!

"David, you are playing this little trick with me, do you think I am a three-year-old child?"

Ning Zhi muttered to himself!

At this moment, those demon cultivators were desperately chasing David. They did not notice that the mountains around the seabed were all flashing with light at this time!

Just when several demon cultivators were chasing David and were about to catch up with David, suddenly a burst of light shot up into the sky!

Boom!

Suddenly, an overwhelming breath impact instantly tore the surrounding seawater at the bottom of the sea, forming a large vacuum!

When the dozen demon cultivators saw this, they stopped in a hurry, and then cast shields one by one to resist this breath.

All the dozen demon cultivators stopped and looked around in surprise!

“Damn, this David really laid a trap on the seabed. Fortunately, we were prepared.”

The blue-clothed monk cursed and said!

However, after this breath exploded, David’s trace had long disappeared, and the seabed was dark all around!

A dozen demon cultivators felt that the flame breath on their bodies was constantly weakening, and they did not dare to stay on the seabed for a long time, so they were forced to rush to the sea surface!

If the flame breath disappeared, they would turn into bones in the Dead Sea!

“Mr. Ning, David really set a trap on the seabed, but it didn’t cause any harm to us, it just let this guy escape.”

The blue-clothed monk rushed out of the sea and said to Ning Zhi!

Chapter 4375

“Escape?” Ning Zhi raised his mouth: “He won’t escape, I know him...”

Ning Zhi knew that David couldn’t escape. Since he had taken great pains to lead him here, how could he escape!

As for the aura that suddenly erupted just now, it was indeed a trap made by David, but the trap couldn't be so simple. If the trap made by David couldn't even deal with these demon cultivators in front of him, Ning Zhi didn't believe that David dared to lead him here!

David did not really have the power of the Demon Subduing Formation. He just erupted a small formation. He just wanted to prevent Ning Zhi from discovering his Demon Subduing Formation, so he laid out many small formations in advance to confuse the audience!

Speaking of which, now David and Ning Zhi are both guessing what each other is thinking!

If it were someone else, they might have been fooled and plunged into the Dead Sea!

But Ning Zhi was very calm. Even though he wanted to kill David very much, he was still calmly analyzing various situations!

After forcing those demon cultivators to retreat, David was also waiting for Ning Zhi's action. He did not kill the dozen demon cultivators in order to trick Ning Zhi!

If he killed all those demon cultivators in one move, Ning Zhi would probably turn around and run away!

This guy has no dignity at all. As soon as he sees that the situation is not right, he turns around and runs away without hesitation!

As for face and dignity, they are worthless in Ning Zhi's eyes, and life is the most valuable!

After fighting with David for such a long time, David also understands Ning Zhi's temper!

Seeing that Ning Zhi didn't move at all, David was a little anxious!

After all, such a large formation is a huge consumption every minute and every second!

If Ning Zhi doesn't enter the demon formation for a long time, David can't keep wasting time with him!

"Since you don't take the initiative, I'll take the initiative!"

David knew that he had to do something exciting to trick Ning Zhi!

So David's body suddenly rushed out of the sea, the breath on his body suddenly burst out, and then he slapped it with one palm!

David's palm actually directly caused the entire suspended flames to surge, and several fire dragons began to roar, and then went towards Ning Zhi and the others!

For dozens of miles in radius, thunder rolled, dark clouds were dense, and lightning struck from the sky!

With the origin of fire and the origin of lightning, David burst out with amazing combat power as soon as he made a move!

David's eyes were sharp, and the breath in his body was released without concealment, and even abandoned everything. It seemed that he was going to fight to the death!

David had to do this without reservation to let Ning Zhi know that this time David was going to fight to the death!

While performing these means, David's body was wrapped in an indestructible golden body!

Ning Zhi looked at David's indestructible golden body, his face was extremely ugly. When he was in the secular world, he also suffered from David's indestructible golden body!

"David, is this all you have? If this is all you have, then you are not worthy of my attack."

Ning Zhi looked at David and snorted!

Although David used the origin of fire and lightning as soon as he attacked, and the fire dragon and lightning attacked at the same time, Ning Zhi still looked down on him!

"I have more methods..."

The Dragon Slaying Sword appeared in David's hand. With the swing of the Dragon Slaying Sword, countless sword blade storms began to shoot!

Fire dragon, lightning, sword light...

David alone, the strength that burst out is definitely more than the Tribulation Realm!

Those demon cultivators who have not seen David's attack were all shocked when they saw this scene. After all, David's realm is only the seventh level of the Tribulation Realm!

But the strength of this attack has reached the Mahayana Realm!

All the demon cultivators took out various means to resist and protected Ning Zhi behind them.
