

Chapter 1228 Asher's Whereabouts

Both Maureen and Laura were seething with anger.

They had endured significant hardship to infiltrate the Duncan family.

However, all they got in return for their efforts was the devastating news that Asher had been sent to the Cosmic realm by Rohan!

When confronted by the furious pair, Rohan and the doctor remained unfazed. Without showing even the slightest hint of remorse, Rohan boasted, "Yes! Asher is truly Liam's son; his talent is extraordinary. If we hadn't captured Asher, neither the doctor nor I would have been held in such high regard by the Blood Clan. Did you both sneak in here for Julie and Asher? Bad luck then; you're too late. If you have time, you can hear about the great rewards we have received in exchange for Asher. I got a thunder Origin Technique from the Blood Clan!"

As Laura and Maureen listened to Rohan's words, their faces darkened.

Eventually, Maureen furiously shouted, "Enough! Rohan, you disgusting beast! As someone from the Human Clan, how could you ally with the Blood Clan? What's worse, you boast about it without shame. You don't deserve to live!"

However, Rohan wasn't affected by Maureen's outburst at all. He declared proudly, "Yes, I serve the Blood Clan, but I enjoy privileges you can only dream of! What about you? Are you truly willing to sacrifice yourselves for the so-

called justice? How naive! You're all fools. Thanks to the Blood Clan, I've mastered my Origin Technique to perfection. Since you two are also sixth-level Primogem Warriors, I'll use you to test my skills!"

Rohan's self-confidence had soared to unprecedented heights, and he even believed he could defeat Liam.

He had already anticipated that when the Saint Society rallied the entire sect's power to attack Genesis Island, Liam would likely make a move.

Because Invone's defenses were at their weakest during this time.

But he was surprised that Liam had only sent two women for the rescue mission.

Inwardly, he couldn't help but mock Liam. It seemed to him that Liam had been having a rough time lately. Not only did Liam lack a capable apprentice, but he also didn't have anyone to send on a rescue mission except for these two women. Did he know that he was sending them to their deaths?

Rohan clearly looked down on Laura and Maureen. In his view, for a woman to achieve formidable strength in the aspect of primogem energy, she had to exert far more effort than a man.

He assumed Laura's and Maureen's sixth-level strength was likely enhanced through various secret methods.

But unbeknownst to Rohan, he had underestimated Laura's and Maureen's abilities.

Liam had retrieved treasures from the maritime secret realm and allocated a few to each of them.

With these treasures, Laura and Shayla had been able to

Liam had also given many treasures to Maureen as a token of gratitude. After all, without her help, Liam and Laura wouldn't have found a place to settle down.

Thanks to these treasures, Maureen's and Laura's power was not below Rohan's.

The only slight disadvantage they had was in the aspect of the Origin Technique.

But it wasn't something that they couldn't overcome.

At the same time, Rohan was eager to test his Origin Technique of the thunder element.

Seeing that Rohan was about to make a move, Laura and Maureen didn't hesitate and immediately whistled.

This was the signal they had made with Shayla.

As soon as one side whistled, the other would arrive as quickly as possible.

Sure enough, as the whistle echoed throughout the Duncan family's estate, Shayla swiftly arrived and joined Laura and Maureen.

Rohan was a bit surprised to see Shayla, but his eyes still held contempt. He mocked, "What can the three of you do to me? I love fighting women. The more, the merrier!"

As he laughed, several bolts of electricity appeared around him, crackling and flickering menacingly.

Shayla narrowed her eyes and activated her special power of the fire element.

Laura and Maureen exchanged determined glances before

deciding to attack Rohan separately.

The trio dispersed, launching simultaneous assaults on Rohan from three different directions.

As Rohan observed their maneuvers, the disdain on his face grew stronger. With a sneer, he said, "Against absolute power, your schemes and tricks are futile. You're going to die, all of you!"

The bolts of electricity around Rohan's body glowed fiercely.

However, this display of thunder elemental power, which might look formidable to others, didn't intimidate the three women.

All three had reached the pinnacle of the sixth level. How could a little thunder hurt them?

Maureen delivered a resounding slap, sending Rohan flying back.

Meanwhile, Laura positioned herself behind Rohan and kicked him away.

Shayla intertwined her special power of the fire element with Rohan's thunder, causing explosions to echo through the entire laboratory.

Amidst the chaos, Rohan was thrown into the air, thoroughly humiliated.

As he crashed onto the floor, shock replaced the disdain in his eyes.

From the battle just now, it was clear that the three women were not only at the peak of the sixth level, but they were also exceptionally proficient in wielding their powers.

Rohan was almost certain that he would be able to defeat any of them in a one-on-one battle. But in this scenario, faced against all three of them at once, he was no match for them!
