

Chapter 1801

At this moment, the Tokyo Metropolitan Police Department.

The chief of the Metropolitan Police Department finally breathed a sigh of relief when he learned that Yuhiko Ito had been taken to the hospital and his life was not in danger.

He took out a cigarette and knocked on the cigarette case to make the tobacco tighter. Then he took out the lighter and lit the cigarette and took a puff.

After a while, he sighed: "Oh, it seems that this strange day is finally coming to an end..."

The person next to him hurriedly said: "Director, the Banks Family brothers and sisters have not been found..."

The director of the Metropolitan Police Department immediately said angrily: "Can't you add more traffic to me? The Banks brothers and sisters are still in a state of unclear life and death for the time being!"

With that said, he added: "Unknown life and death means that you don't know whether you are dead or alive. At least you can't be sure that you are dead. My request tonight is very simple. Don't tell me that someone has died, I'm satisfied. , Wait until tomorrow!"

The person next to him nodded quickly and said, "Minister, you have been working hard all day and night, or you should go home and rest first."

"Yeah." The director of the Metropolitan Police Department took a breath and said, "I want to go back and take a good rest."

Just as he was about to leave the Metropolitan Police Department, someone suddenly ran in in a panic and blurted out: "Director, Director! Something happened, Director!"

The chief of the Metropolitan Police Department was going crazy and blurted out: "What happened again?!"

The other party said breathlessly: "It's Matsu...Matsumoto...Something happened to the Matsumoto's family!"

The chief of the Metropolitan Police Department was dumbfounded and said: "First it was Machi Takahashi, then Yuhiko Ito, and now it's Matsumoto, why the hell did you breathe? You say! What happened to Matsumoto? He's still alive. ?"

In his opinion, as long as people are still alive, it doesn't matter if they are injured or disabled. Anyway, his only requirement is to stop dying.

As a result, the other party said with a horrified expression: "Director, something has happened to the Matsumoto family! There are more than 30 people in the family, all...all dead..."

"what?!"

When the Metropolitan Police Department heard this, he threw away the cigarette butt in despair, grabbed his hair with both hands, and collapsed and said, "I'm the f*cking going to split!!! What the hell is going on?! Is this still the Tokyo I am familiar with?! Why is it so endless?!"

The other party was also very collapsed, blurting out: "Tonight, the Matsumoto house suddenly lit a fire. After the firefighters put out the fire, they found that everyone in the Matsumoto house was lying neatly in the living room and burned beyond recognition. Arson, let's not mention how tragic the scene was. Many firefighters vomited into the hospital!"

Upon hearing this, the chief of the Metropolitan Police Department felt his blood pressure surge immediately, and murmured: "... my f*cking... I..."

Before finishing speaking, the whole person's eyes went dark and he passed out completely.

.....

At the same time the ancient city of Kyoto.

Charlie and Nanako Ito strolled for a long time in the snow.

During the period, Nanako Ito told Charlie that since she came to Kyoto to recuperate from her injury, she had stayed in the mansion and never went out, so she wanted to go out for a walk.

So Charlie took her and left the Ito mansion quietly over the wall, walking hand in hand through the streets of Kyoto.

Chapter 1802

Nanako Ito wanted to say something to Charlie, but for a while she didn't know where to start, so she told Charlie about her childhood and past.

Although she was born in a rich family, Nanako Ito's childhood was not a happy one.

Her mother died young, and although her father did not marry again, it could not make up for Nanako Ito's childhood shortcomings.

Moreover, Yuhiko Ito is busy with work all day, and the time that can be allocated to Nanako Ito is very small. In addition, Yuhiko Ito's character has always been serious and unsmiling, so Nanako Ito's childhood lacked a lot of care.

Nanako Ito's mother is a pretty lady, so when she was alive, she always taught Nanako Ito in a very traditional way, and Nanako Ito also followed her mother to learn tea ceremony, illustration, embroidery and female red, and even read poetry and books. In her character, the side of Nanako Ito was given by her mother.

However, after the death of her mother, Nanako Ito fell in love with martial arts because she felt that when she was practicing martial arts, she could temporarily forget the sadness and unhappiness in life.

At the beginning, she only practiced martial arts to escape reality, but over time, she completely fell in love with martial arts.

After she finished telling her story, she chased Charlie and asked him: "Charlie, can you tell me the story of your childhood?"

Charlie smiled bitterly: "When I was a kid... I was at two extremes when I was a kid. I lived well before I was eight years old. My parents were kind, wealthy, and worry-free. But when I was eight, my parents died unexpectedly. , I fell into the street and became an orphan, and then I grew up in the orphanage..."

"Ah?!" When Nanako Ito heard this, she was surprised, and said with a bit of distress: "I'm sorry Charlie, I didn't mean..."

Charlie smiled slightly: "It's okay, needless to say I'm sorry."

Nanako Ito said with emotion: "In this way, my childhood is much happier than Charlie. Although my father is strict and unsmiling to me on weekdays, he still loves me very much in his heart, but his way of expression is not so soft in comparison."

After all, Nanako Ito looked at Charlie and said seriously: "Charlie, in fact, you have a conflict with my father. I heard Tanaka talk about it before. The reason why I pretended not to know was that I didn't want you to feel embarrassed, but actually , Father's nature is not bad. If you have the opportunity, I still hope that you can let your previous suspicions go away and become friends..."

In fact, deep down in her heart, Nanako Ito really wanted to say that she didn't want Charlie and her father to become friends. In her heart, she dreamed that the two would become a real relationship between husband and wife.

However, she knew that Charlie was already married, so she could only hide such words in the most secret place in her heart and would never say them.

Charlie didn't think much at this time, nodded slightly and said: "If there is a chance, I will."

Nanako Ito immediately became happy, and said seriously: "That's really great! But Charlie don't get me wrong. I hope you and father will become friends, not for the 4.5 billion dollar thing. You must keep it for yourself, not my father!"

Charlie couldn't help laughing and asked her: "Why did you turn your elbow out? Four and a half billion dollars is not a small sum!"

Nanako Ito blushed and said softly, "It doesn't matter, you saved my life and healed my injury. This money is regarded as a reward from my father to you!"

Charlie couldn't help laughing, and said happily: "If your dad knows, 80% of him will be pissed off by you."

Nanako Ito stuck out her tongue and was about to talk when her phone suddenly vibrated.

She was a little surprised: "It's so late, who will call me? Could it be the servant who found out that I escaped?"

With that, she quickly took out her mobile phone and said in surprise: "Oh, it's Father!"

Chapter 1803

Nanako Ito didn't expect that her father would call her even so late.

So, she said to Charlie a little nervously: "Charlie, I want to answer the call from father..."

Charlie nodded, and smiled: "Go on."

Nanako Ito was so busy pressing the answer button, and asked carefully, "Father, what's the matter if you called me so late?"

On the other end of the phone, Yuhiko Ito's weak voice came: "Nanako, dad had an accident. I called to confirm your safety. Is everything okay in Kyoto?"

Nanako Ito hurriedly asked: "Father, what happened to you?! Does it matter?!"

Yuhiko Ito said: "I was hunted down together with Tanaka. Fortunately, I escaped by chance, but I'm afraid they will try to get you wrong, so I called to confirm."

At this moment, Yuhiko Ito is lying in the intensive care unit of the Tokyo Hospital. The family's ninjas, bodyguards, and police officers from the Tokyo Metropolitan Police Department have already tightly protected the third and outer floors of the hospital.

Lying on the hospital bed, Ito did not have any serious trauma at first glance, but his legs below the knees have disappeared, but the ends of the two thighs are wrapped in thick gauze.

After falling from the viaduct, Ito's brain and internal organs did not suffer much damage.

However, the legs that mainly bear the impact of the fall were seriously injured.

His soles, ankles, and calf bones were almost completely shattered, and his bloody appearance was really horrible.

In this case, the doctor also concluded that his legs are no longer able to recover.

Moreover, fragmented bones and severely damaged muscles have lost their vitality and face a huge risk of infection.

Therefore, only if the severely damaged part is amputated as soon as possible, the damage can be stopped in time and Yuhiko Ito's life can be saved.

For ordinary people, once the body tissues die in a large area, there is basically no possibility of restoration.

If the limb is severely injured, if the limb is not amputated, the infected area will rot, and the entire body will soon be affected, eventually leading to death.

At that time, when the doctor was seeking Ito's opinion, Ito had little hesitation.

He is also considered a courageous and knowledgeable hero, able to clearly judge the situation he is facing at a critical moment.

In his opinion, it is a blessing to be able to save his life. If he is unwilling to accept the amputation and continue to delay, he will probably die because of it.

For him, except for his daughter, nothing is more important than survival.

Koichi Tanaka's situation was almost exactly the same as Ito's. He also underwent amputation of both legs below the knee, and recovered his life. At this time, he is recovering in the next ward.

Nanako Ito didn't know that her father had undergone amputation, and asked impatiently, "Father, are you okay? Is there any injury or danger?"

Yuhiko Ito sighed lightly and said, "I and Tanaka's legs were injured a little, and we are now being treated in the hospital, but fortunately, there is no danger to our lives, so you can rest assured."

While talking, Yuhiko Ito said again: "The world has been very uneasy in the past few days. You must be careful in Kyoto. I am going to send a few ninjas to protect you!"

Nanako Ito blurted out: "Father, I want to return to Tokyo to see you!"

Chapter 1804

Yuhiko Ito hurriedly said, "Don't come. Tokyo is very chaotic now. In just one or two days, too many people have died. Besides, if you are ill, you should rest in Kyoto!"

Nanako Ito hurriedly said: "My father, my injuries are all healed. Don't worry, I will rush to Tokyo to take care of you as soon as possible!"

Naturally, Yuhiko Ito didn't believe that his daughter's injuries would heal, and naturally thought that Nanako Ito was just comforting him.

Therefore, he said to Nanako Ito in a serious tone: "Nanako, you have to listen to me, stay in Kyoto honestly, don't go anywhere, let alone come to Tokyo!"

What else Nanako Ito wanted to say, Yuhiko Ito angrily said: "If you let me know that you dare to come to Tokyo secretly, I don't have a daughter!"

After that, he hung up the phone.

Nanako Ito burst into tears immediately. She was extremely worried about her father's safety. Although she was basically sure that the father on the phone did not look like life-threatening, she always felt that her father's injury was not as bad as he said on the phone. Such an understatement.

Charlie on the side asked her: "Nanako, is there something wrong with your father?"

"Um..." Nanako Ito nodded tearfully, and said, "My father called and said that he was hunted down and he is now in the hospital..."

After speaking, she looked at Charlie and choked up: "Charlie, I'm so worried..."

Charlie couldn't help but comforted: "Your father shouldn't be life-threatening, so you don't have to worry too much."

Nanako Ito shook her head and said, "I'm afraid that my father will hide something from me..."

After that, she looked at Charlie eagerly and asked: "Charlie, I want to go back to Tokyo, you...can you help me?"

Charlie asked her: "How do you think I can help you?"

Nanako Ito said: "My father won't let me go back. If I tell the servants of the family, they will definitely not agree to it, and may even ban me. Since we have slipped out now, I don't want to go back again. I Hope you can lend me some money, and I will take the first train back to Tokyo after dawn!"

Seeing her look very urgent, Charlie sighed and said, "It's just twelve o'clock in the night, and the train will have to wait until the morning at least, or I will drive you back, or it will be there in just over three hours. ."

"really?!"

Nanako Ito looked at Charlie excitedly, and blurted out, "Will you really want to drive me to Tokyo?"

Charlie smiled slightly: "I've said everything, can I lie to you?"

Nanako Ito said, "But...but aren't you having business affairs in Osaka? If you send me to Tokyo, will it delay your affairs in Osaka?"

"It's okay." Charlie smiled indifferently and comforted: "You don't have to worry about me. Someone is helping me deal with things in Osaka. The top priority now is to send you back to Tokyo to see your father, lest you keep worrying about him."

Nanako Ito grabbed Charlie's hands and said in grateful words: "Charlie, thank you so much..."

Charlie smiled and said: "Okay, don't say anything polite. My car happened to be parked nearby. Let's set off now."

"Okay!" Nanako Ito nodded repeatedly, and her eyes were full of gratitude and obsession. Charlie at this moment, in her eyes, is the world-famous hero sent by heaven to save her...

Chapter 1805

In the middle of the night, Charlie drove the car, carrying Nanako Ito, and galloping back to Tokyo. In the middle of the journey, Isaac Cameron called Charlie and asked him if he had finished the work and when he would return to Osaka. Charlie told him that he would not be able to return for a while, and that he would not be able to return until tomorrow day.

Isaac Cameron didn't know what was wrong with Charlie, but he knew that Charlie was extremely strong, and no one in Japan could threaten him, so he was relieved. Nanako Ito, who was sitting in the co-pilot, seemed nervous all the way. Although Yuhiko Ito said on the phone that he was not in danger, Nanako Ito was still a little worried.

After more than three hours, Charlie drove the car back to Tokyo and stopped in front of Tokyo's best hospital, Tokyo University Affiliated Hospital. This hospital is the highest ranked hospital in the world in Japan, and represents the highest level of treatment in Japan.

After the car stopped steadily, Nanako Ito couldn't wait to push the door to get out of the car, but before getting off the car, she looked at Charlie and asked, "Charlie, are you going to go up with me?"

Charlie said slightly embarrassed: "Your father may not want to see me, right?"

Nanako Ito said earnestly: "Charlie, you saved my life, no matter how big a misunderstanding and holiday, I believe my father will never care about it again!"

Charlie thought for a moment, and said: "Okay, then I will go with you."

In fact, what Charlie thought was very simple. After all, Yuhiko Ito is Nanako Ito's father. If his physical condition really has any major problems, he might be able to help.

The two came to the floor of the intensive care unit and found that starting from the elevator entrance to the lounge and corridor, they were all full of people.

Among them, most of them are members of the Ito family, and a small part are members of special operations teams sent by the Tokyo Metropolitan Police Department.

As soon as the elevator door opened, everyone outside looked at the elevator car vigilantly, and found that it was Nanako Ito and a strange man. Everyone was surprised.

At this time, a middle-aged woman rushed over and asked in surprise: "Nanako, why are you here?!"

The speaker is Ito Emi, the younger sister of Yuhiko Ito and the aunt of Nanako Ito.

When Nanako Ito saw her, she hurriedly bowed, "Auntie, how is your father?"

A trace of melancholy flashed in Emi Ito's expression, and she sighed: "Nanako, his vital signs are very stable. The doctor said that he is out of danger, but..."

Nanako Ito blurted out and asked, "But what?!"

"Hey..." Emi Ito sighed and said seriously: "My brother's legs are seriously injured. The doctor has already amputated his legs below the knees in order to save his life. For the rest of his life, I am afraid that I will have to sit. Wheelchair or artificial limb..."

"Ah?!" Nanako Ito's tears burst into her eyes.

Hearing that her father had both legs amputated, she naturally felt distressed deep in her heart.

She knows her father's character very well. He must be strong and tenacious throughout his life. It is indeed a very heavy blow for people like him to use a wheelchair for the rest of their lives.

It's like his mentor, Kazuki Yamamoto, who has studied martial arts all his life, but never thought that he was beaten as a waste because he underestimated Charlie's strength. The original martial arts master could only lie in bed and live his life. This kind of blow can be called fatal. Charlie couldn't help frowning at this moment. Yuhiko Ito's luck didn't know whether it was good or bad. To say that he was bad luck, but he still got his life back, otherwise, I am afraid that he has been separated from Nanako Ito long ago.

Chapter 1806

To say that he is lucky, in fact, he only needs to amputate a few hours later, as long as his leg is still on his body, his own rejuvenation pill can heal it.

But if the limb has been amputated, the Rejuvenation Pill will be helpless.

Although Rejuvenating Pill is strong, it does not have the effect of regenerating a broken limb.

Moreover, Yuhiko Ito was injured just now tonight, and amputation a few hours later will not have much impact.

After all, it takes time for damaged limb tissues to rot and infection. Doctors assist in certain anti-inflammatory treatments. A few hours' window can still be won.

If Yuhiko Ito hesitated and thought about it a little bit, he might be able to drag him and Nanako over.

However, what he didn't expect was that he would be so straightforward and had his limbs amputated directly.

Charlie estimated that it was the hospital who felt that Ito's affected limb had no value for preservation, so he simply performed the amputation.

This can only be said that Ito's luck is not so good.

At this moment, Nanako Ito next to Charlie cried and asked, "Auntie, father, he... is he in good condition? Is he particularly angry or depressed?"

Ito Emi gently took Nanako Ito's hand and smiled and said, "Your father looked very open this time. He personally told me that survival is already the greatest gift, even if he becomes a disabled person in the future. It's okay."

As he said, Emi Ito sighed again: "In fact, what your father fears most is not injury or disability, nor loss of life, but in the future journey of life, unable to accompany and walk with you, this time he will die. Escape, you don't know how happy he is! This is like a mountain of father's love!"

Nanako Ito couldn't control her emotions anymore, and she hugged Emi Ito and cried loudly.

Emi Ito patted her back gently, remembering something, and blurted out in surprise: "Nanako, why...how can you stand up?! The doctor said that you will always depend on you in the future. Wheelchair?"

Nanako Ito looked at Charlie and said to Emi Ito truthfully, "Auntie, thanks to Charlie, he cured me..."

"Charlie?!" Emi Ito was shocked, and blurted out: "That's it...Is that Charlie Wade, who owed our Ito family's 4.5 billion US dollars?!"

Nanako Ito was a little embarrassed and said, "Auntie, don't worry about money too much. Charlie not only healed my injury, but also saved my life!"

"Save your life?!" Emi Ito blurted out, "Nanako, are you in any danger?"

Nanako Ito nodded and said, "Earlier tonight, Shinichi Takahashi sent six Tenglin ninjas to Kyoto to murder me. Thanks to Charlie, I was spared..."

Emi Ito widened her eyes and blurted out: "I didn't expect Takahashi to be so vicious! Even you won't let it go!"

After that, she looked at Charlie and said seriously: "Mr. Wade, I am not overly qualified for the grievances between you and my brother, but for the thing that you saved Nanako, I want to thank you on behalf of my brother and the entire Ito family! "

As soon as the voice fell, she immediately bowed to Ninety degrees and held it for about three to five seconds.

Charlie said indifferently: "You are polite. I and Nanako are friends, and these are what friends should do."

At this time, a doctor ran over and said to Emi Ito: "The patient is awake and wants to see his family. Ms. Ito, please come with me."

Ito Emi hurriedly said to Nanako Ito, "Nanako, let's go see your father together."

Nanako Ito nodded heavily, and immediately asked Charlie: "Charlie, are you going?"

Charlie smiled slightly, thinking that since Yuhiko Ito has been amputated, he can't help much, so he said: "Nanako, I will not go there, lest Mr. Ito will be emotional and affect recovery after seeing me. ."

Chapter 1807

The reason why Charlie came was because of Nanako Ito's face, so he could help if he wanted to.

But since Yuhiko Ito has been amputated and his life is not in danger, there is no need for his help here, and he does not want to go in and meet Yuhiko Ito to avoid embarrassment.

Nanako Ito didn't insist upon seeing this, and said softly: "Charlie, then please wait here for a while, I'll go in and see my father!"

Charlie nodded: "Go, leave me alone."

Nanako Ito nodded lightly, and then went to the ward with her aunt Emi Ito.

In the ward, Yuihiko Ito just woke up soon.

After both legs were amputated, the doctor used an analgesic pump for him, so he basically didn't feel the pain, but he was always worried about Nanako Ito in Kyoto, so he couldn't sleep well.

I just dreamed that Nanako had an accident in Kyoto, and Yuhiko Ito immediately woke up and wanted to order her sister Emi Ito to send someone to bring Nanako back to Tokyo as soon as possible.

However, what he didn't even dream of was that after the ward door was opened, he and his sister Ito Emi came in with his beloved baby daughter, Nanako Ito!

"Nanako?!" Yuhiko Ito blurted out in surprise: "Why are you here?"

Nanako Ito saw her father lying on the hospital bed pale and bloodless, with thick gauze wrapped around her legs and knees, and disappeared without a trace from below the knees. She burst into tears and cried out, "Odosan! "

After speaking, she ran to the hospital bed, grabbed Yuhiko Ito's hand and cried bitterly.

Only then did Ito recover his senses. Seeing his daughter appear in front of him safely, he was relieved, and he was even more relieved. He rejoiced and said, "Nanako, Oudosan really didn't expect to see you alive. , At this moment, seeing you in front of me is really worth everything..."

Nanako Ito cried and said, "Odosan, you have suffered..."

Yuhiko Ito smiled and said, "No, no no, Nanako, I knew in my heart that being able to survive is already the greatest fortune. I am already very satisfied!"

As he said, he suddenly remembered a detail just now and exclaimed: "Nanako, what about your legs...how can you walk?"

Nanako Ito choked and said, "Odosan, Nanako almost died by the sword of Tenglin Ninja tonight..."

"What?!" Yuhiko Ito was shocked and blurted out: "Tenglin Ninja went to assassinate you?"

"Yeah!" Nanako Ito nodded and said, "The Tenglin family sent six ninjas to Kyoto to assassinate me..."

"Six ninjas?!" Yuhiko Ito was even more horrified, and said nervously: "Kyoto didn't keep ninjas to protect you, how did you escape?!"

Nanako Ito hurriedly said, "Thanks to Charlie Wade... he saved me..."

"Charlie Wade?!" Yuhiko Ito's eyes widened: "That Chinese?!"

"Yes!" Nanako Ito hurriedly said, "It is Charlie Wade of China. He not only killed six Tenglin ninjas and saved my life, but he also cured my injury with a magical medicine. I am now completely whole! The recovery is as before, and I feel better than before!"

"Really?!" Yuhiko Ito asked in surprise: "Nanako, you didn't lie to Odusan?"

Emi Ito smiled and said, "Brother, didn't you see that Nanako ran over from the door just now?"

Chapter 1808

"Oh yes!" Ito was overjoyed, and nodded and said excitedly: "It's great! It's great! I dream of wishing Nanako can heal and stand up again. This is even more important than my own life! I didn't expect it to happen!"

As he said, Yuhiko Ito asked Nanako Ito again: "According to this, you came to Tokyo. Charlie should have sent you to you?"

Nanako Ito said truthfully: "Yes, Oudosan, it's Charlie who drove me all the way to Kyoto here."

After that, Nanako Ito said again: "By the way, Odosan, the corpses of the six Tenglin ninjas are still in the storage room of my courtyard. I have to trouble you to order the housekeeper to send someone to deal with it!"

"Okay..." Ito sighed, sighing as if he was talking to himself: "I have been hating Charlie for the past few days, but I didn't expect him to save my beloved daughter and heal her. In contrast to my daughter's injury, I am really a villain's heart to save a gentleman's belly..."

After that, he hurriedly asked, "Nanako, where is Mr. Wade?"

Nanako Ito hurriedly said, "Back to Odusan, Charlie is outside."

Yuhiko Ito hurriedly tried to sit upright with both hands, and said seriously: "Hurry up and invite Mr. Wade in, I want to thank him face to face!"

Nanako Ito hesitated for a moment, and said, "Odusan, Charlie said, I'm afraid you will be angry if you see him..."

"How come!" Ito said seriously: "My contradiction with him is nothing more than the 4.5 billion dollars, but he saved your life! In the eyes of Odosan, your life, Don't say 4.5 billion US dollars, even 45 billion US dollars, it can't be exchanged! Therefore, Mr. Wade is my great benefactor, and I want to thank him in person..."

Nanako Ito hesitated for a few seconds, and then said: "Odusan, I will ask Charlie, if he wants, I will bring him in."

Yuhiko Ito said immediately: "Okay! Go ahead!"

Nanako Ito came out of the ward and walked to Charlie.

Charlie asked in surprise, "Why did you come out so soon?"

Nanako Ito stammered and said, "Charlie... Father, he... he... he wants to see you..."

Charlie smiled a little awkwardly: "He has just finished the amputation, even if he is not life-threatening, his body should be relatively weak. It's not appropriate to see me at this time?"

Nanako Ito hurriedly waved his hand and said, "That's not the case! Father, he wants to thank you in person! Thank you for saving my life and healing my injury."

Charlie asked a little surprised: "Your father really said that?"

"Yes." Nanako Ito solemnly nodded and said, "I use my personality to assure you!"

Charlie smiled slightly and said generously: "If this is the case, then I will go and meet Mr. Ito."

After that, Charlie followed Nanako Ito to Ito's ward.

As soon as he entered the ward, Yuhiko Ito sat up with the help of Ito Emi, clasped his fists to Charlie, and said piously: "Mr. Wade, thank you for saving the little girl's life and curing her. The injury, great grace, the Ito family is unforgettable!"

Charlie really didn't expect that Yuhiko Ito's attitude was so good, so at this moment he was a little stunned.

Immediately, he smiled and said, "Mr. Ito is polite. Nanako and I are friends. I should do all these things."

Chapter 1809

Yuhiko Ito sighed and said apologetically: "There have been many things that have offended Mr. Wade before, and I hope Mr. Wade don't mind!"

Charlie was also generous, smiled slightly, and said, "Mr. Ito is polite. I've turned over the previous misunderstandings and don't need to mention it again."

The subtext of Charlie's words is actually, the misunderstanding will not be mentioned any more, and the 4.5 billion US dollars matter will not be mentioned again.

Although he was not short of money, he didn't want to spit out the money in his pocket easily.

It wasn't that he wanted to misuse Yuhiko Ito's money. The point was that even if the money was thrown out, he couldn't just spit it out in a few words.

At least, the money will have to be taken out by Nanako Ito when she needs it in the future, and it will be given to Nanako Ito.

But this may have to wait for Nanako Ito to inherit the Ito family.

Yuhiko Ito is also a good person. Hearing this, he knows what Charlie means.

Four and a half billion US dollars is indeed a huge sum of money, but since Charlie didn't want to give it, he couldn't chase Charlie for it.

After all, Charlie saved her daughter's life and made her completely healed. This is really a great kindness.

Otherwise, even if the daughter is not in danger, she will not be able to live without the torture of wheelchair and illness for the rest of her life.

Therefore, Yuhiko Ito also consciously did not mention the 4.5 billion US dollars, but asked very curiously: "Mr. Wade, how did you save the little girl Nanako by chance?"

Charlie said truthfully: "I originally took over the production line of Kobayashi Pharmaceutical in Osaka. I heard that Ms. Nanako is in Kyoto, and it's only a 40-minute drive from Osaka to Kyoto. I wanted to meet her. I didn't expect this to happen. I met the ninjas of the Tenglin family and attacked her, so I killed them."

Charlie couldn't help but sigh: "It's also a coincidence. If I arrive later, I might be helpless."

Yuhiko Ito also nodded in fear, and exclaimed, "Thanks to Mr. Wade!"

After finishing speaking, he couldn't restrain the angry cold voice: "?? The ninjas of the Tenglin family are loyal to Takahashi Machi. I don't understand why Takahashi Machi has acted on me! Everyone is competing with me. The Banks Family's cooperation, even if there are some holidays and misunderstandings on weekdays, there is no need to kill my daughter like this, right?!"

Charlie frowned immediately: "What did you say? The Banks Family? Which Banks Family?!"

Yuhiko Ito explained: "It's the Banks Family, the top big family in China. They want to engage in ocean shipping and they have taken a fancy to a few ports in Japan, so they want to cooperate with Japanese families. Both the Ito family and the Takahashi family In their shortlist."

After speaking, Yuhiko Ito said again: "For our two families, whoever can cooperate with the Banks Family will have the opportunity to surpass each other and become the first family in Japan. Therefore, both of us attach great importance to this cooperation. , But I didn't expect that Takahashi Makishi would actually write like this!"

Charlie suddenly remembered that he was in Kyoto, following the two Chinese people saved from the Iga family ninja.

Are they from the Banks Family? !

Thinking of this, Charlie hurriedly asked again: "Mr. Ito, who did the Banks Family send to discuss cooperation with you this time?"

Yuhiko Ito said: "They sent their eldest grandson and eldest granddaughter, one named Fitz and the other named Zara."

Charlie frowned and asked, "Aren't these two very young? Women are only in their early twenties, and men are only twenty-five and sixty?"

"Yes!" Ito said: "Fitz is almost twenty-five and sixty-five, Zara and Nanako should be about the same age, both 22 years old."

As he said, Ito sighed and said, "But, who would have thought that the Banks Family's siblings were bizarrely kidnapped after they came to Japan! The kidnappers also killed more than a dozen of Banks' entourage? It turned Tokyo upside down, and Machi Takahashi and I were both listed as suspects by the Tokyo Metropolitan Police Department!"

Hearing this, Charlie was basically sure that the siblings that he accidentally saved and let go in Kyoto were the eldest grandson and eldest granddaughter of the Banks Family! Thinking of this, Charlie's expression suddenly became very ugly! The Banks Family!

Chapter 1810

Damn the Banks Family! At the beginning, it was the Banks Family who took the lead and united countless other families in Eastcliff to form an "anti-Wade alliance" that was an enemy of his father!

Although I am not sure whether the death of his parents is the result of the Banks Family and the Anti-Wade Alliance. However, at least you can be sure! In this matter, the Banks Family is absolutely unclear about the relationship! Unexpectedly, I saved the eldest grandson and eldest granddaughter of the enemy's family!

At this moment, Charlie regretted it! The hatred of parents is not shared! Even if I didn't take the initiative to make the descendants of the Banks Family pay the price, I shouldn't save their lives! Thinking of this, Charlie really wanted to slap himself a hundred times!

Seeing his ugly expression, Yuhiko Ito hurriedly asked him: "Mr. Wade, do you know someone from the Banks Family?"

Charlie sighed, shook his head and said, "I don't know, but I accidentally saved them in Kyoto..."

"What?!" Yuhiko Ito exclaimed: "The Banks brothers and sisters were taken to Kyoto? Could it be that Tenglin Ninja did it?"

"No." Charlie shook his head and said: "Iga Ninja did it. At that time, after I solved Tenglin Ninja, I found Iga Ninja went to Ito's mansion to step on something. I was afraid that

someone wanted to harm Nanako, so I followed along all the way. It was discovered that another group of ninjas had kidnapped the Banks Family brothers and sisters, and wanted to kill them before hiding their bodies in the Ito mansion to blame the Ito family."

Yuhiko Ito blurted out in amazement, "Who is instigated by those ninjas?! It is so vicious! This is to push my Ito family into the fire pit!"

Charlie said, "I heard that they were instigated by a guy named Matsumoto."

"Matsumoto?!"

Yuhiko Ito, Ito Emi, and Nanako Ito were all shocked!

At this moment, they want to understand the ins and outs of the whole thing!

Yuhiko Ito shook his head and sighed: "When I jumped down from the viaduct, I thought it was Takahashi Makishi behind the scenes. I didn't expect that the instigator of all this was Ryoto Matsumoto! This bastard, secretly played the game. Let me and Takahashi Jinzhi suspicion each other, and want to pour the dirty water of kidnapping and murdering the Banks brothers and sisters on me. It's really vicious!"

Emi Ito spoke at this moment: "Brother, when you were resting, I heard some messages from the Metropolitan Police Department. I didn't understand it at first. Now after Mr. Wade mentioned this point, all the clues are correct. Got it!"

Yuhiko Ito hurriedly asked: "What information? What clue?!"

Emi Ito said truthfully: "Machi Takahashi's son was killed yesterday evening. The murderer blocked his convoy in the underground passage, locked him in the car and set it on fire to char..."

"What?!" Both Yuhiko Ito and Nanako Ito stared with surprise.

Emi Ito continued: "Later, Machi Takahashi was also assassinated by a ninja at home..."

"Machi Takahashi is dead?!"

Emi Ito nodded, and said, "There are more terrifying things..."

Yuhiko Ito stabilized his mind, and said, "Say!"

"Matsumoto's family has more than 30 people, all of them have been killed!?"

Chapter 1811

The news that Matsumoto's family was destroyed completely shocked Yuhiko Ito.

He was already dumbfounded, and blurted out: "This will wipe out all the more than 30 Matsumotos. Isn't this too arrogant?! Who is so bold?"

Ito Emi shook her head and said, "I don't know the specifics. The police are also investigating this matter."

Charlie said coldly at this time: "Do you still need to check it? It must be the Banks Family. I rescued the Banks Family siblings just in the middle of the night, and the Banks Family killed the Matsumoto family behind the scenes in the middle of the night."

Yuhiko Ito looked a little surprised, and murmured: "The Banks Family's behavior style is too harsh? Matsumoto Ryoto only acted on their subordinates and two younger generations. Even if they are revenge, they will take Matsumoto Ryoto. Isn't it enough to kill people? At most, kill their bodyguards. Why do you have to hurt so many people up and down?"

Charlie said with a black face: "This should be the style of the Banks Family."

With that, Charlie couldn't help thinking of his parents again. With the fierce style and vicious methods of the Banks Family, the death of their parents is probably directly caused by them! Thinking of this, Charlie felt extremely upset! He was so damn blind that he saved and released the eldest grandson and eldest granddaughter of the Banks Family!

If you don't intervene, the two brothers and sisters would have become cold corpses by now! In that case, the talent pool of the younger generation of the Banks Family must have suffered heavy losses. More importantly, this can greatly blow the Banks Family's arrogance! This is not that Charlie is narrow-minded, but that his parents' hatred is not shared!

Seeing Charlie's ugly expression on the side, Yuhiko Ito couldn't help asking: "Mr. Wade, are you okay?"

Charlie chuckled and shook his head: "It's nothing, it's just a bit surprised."

What can he say? I can't tell Yuhiko Ito about the death of his parents and his own life experience.

Ito Nodded, was silent for a moment, and suddenly sighed: "I didn't expect that in just a few days, things would turn into the current situation..."

As he said, he said with a serious face: "Now it seems that this incident seems to have been unintentionally, and the Ito family has become the biggest beneficiary."

Chapter 1812

Emi Ito agrees and said: "This is indeed the case. Originally, we competed fiercely with the Takahashi family, but I did not expect that both Takahashi Machi and Takahashi Eiji and his son were dead. Next, the Takahashi family will be very hurt."

"Also, Ryoto Matsumoto had been trying hard to catch up from behind. Now the entire Matsumoto family has been wiped out. All the business shares of the Matsumoto family have been released. Can the Takahashi family now have the ability to compete with us? Not to mention the families below. , If we take the opportunity to grab the resources released by the Takahashi and Matsumoto families, then we will soon be able to become the true Japanese first family!"

Yuhiko Ito nodded, but there was no sign of happiness in his expression. He sighed: "I wanted to be like a samurai, and frankly compete with Takahashi, but I didn't expect that I would become a snipe and clam. A fisherman who has gained nothing for nothing, is really unbelievable..."

At this moment, Charlie looked at Yuhiko Ito with admiration. Most people at this moment are probably excited and overwhelmed.

But what I didn't expect is that Yuhiko Ito still has this consciousness.

At this time, Emi Ito counseled: "Brother, there is no need to worry about how to win. After all, the things encountered by these two families are not behind us. Even if we take advantage of it, Those who can pick it up have peace of mind, so the most urgent task is to quickly start cleaning the battlefield and take this opportunity to let the Ito family stand on top of their invincibility!"

Yuhiko Ito did not answer immediately, but turned to look at Charlie, clasped his fists again, and said sincerely, "Mr. Wade, thank you for all this! If it were not for you, the end of the Ito family might not be much better than Takahashi Zhenzhi. If it weren't for you, I'm afraid that the Ito family and the Takahashi family have already been calculated by Matsumoto to ruin their homes. You are the benefactor of the Ito family!"

Seeing this, Ito Emi immediately stood up, knelt on one knee, clasped his fists, and said sincerely: "Mr. Wade, brother, he has trouble with his legs, so I would like to thank you on behalf of the Ito family. !"

Nanako Ito also hurriedly got up, and immediately knelt down with her aunt, and said in gratitude, "Charlie, please also accept Nanako!"

Charlie sighed lightly and said seriously: "You two, please get up. You don't need to do this. Although I helped the Ito family some by chance, I can escape this disaster. In the final analysis, it is the good fortune of the Ito family. "

Emi Ito and Nanako just got up.

Emi Ito said to Yuhiko Ito: "Brother, Mr. Wade is right. In addition to Mr. Wade's help in this matter, I have to say that the good fortune of our Ito family is really rare! Not only can we take the opportunity to absorb the Takahashi family and the Matsumoto family The share released can also take advantage of the Takahashi family's vitality to promote cooperation with the Banks Family. If you want to come to the Banks Family, now we only have the choice of the Ito family!"

"No!" Ito said without hesitation: "From now on, we will not cooperate with the Banks Family of any nature!"

Emi Ito couldn't help asking, "Brother, why is this?! Haven't you been looking forward to this collaboration?"

Yuhiko Ito said very seriously: "That's because I don't know enough about the Banks Family! But now, through the Matsumoto family's affairs, I can see through the Banks Family's behavior. The Banks Family is too hostile and has no bottom line. Even the underage children are not spared. To cooperate with this kind of family is to seek the skin of the tiger!"

Emi Ito looked terrified, and suddenly said: "What my brother said makes sense...The Banks Family's actions are indeed too cruel..."

As he said, Emi Ito suddenly remembered something and hurriedly said: "Brother, I heard that another family in China ranked second only to the Banks Family seems to want to get involved in ocean shipping. They have been competing with the Banks Family for many years. Similar to our situation with the Takahashi family over the years, if conditions are right, we can cooperate with the Wade family."

Yuhiko Ito shook his head and said, "Forget it, the Banks Family and the Wade family are both very strong. In recent years, China's economic development has been advancing by leaps and bounds. The strength of these two families has also far surpassed other families in Asia, whether it is the Banks Family or the Wade family. We are far from their opponents. To cooperate with the Banks Family is to seek skin with the tiger, and to cooperate with the Wade family is to completely offend the tiger of the Banks Family. In my opinion, we still should not put ourselves in such a dangerous situation!"

Speaking of this, Yuhiko Ito pondered for a moment and said seriously: "In this way, starting from today, the Ito family will terminate all cooperation with foreign families, and will not accept any invitation for cooperation from foreign families. We have been working hard in the Japanese domestic market during this time. , Let's try our best, dig deep holes, and accumulate food! When our strength is equal to or similar to that of Wade and Banks, then consider cooperating with them!"

Chapter 1813

After hearing Yuhiko Ito's words, Charlie looked at him with a little admiration. It seems that Yuhiko Ito does have a good overall view, and he can control his inner greed, not to be greedy or aggressive. If you change to a very ambitious and greedy family, then I am afraid that you will immediately start to play high and play both ways.

On the one hand, it completely suppresses other families in the country, strives to eat their share in a short time, and makes oneself a fat man; On the one hand, we must cooperate with large overseas families as soon as possible to further open up profit channels and develop ourselves rapidly.

However, Yuhiko Ito can clearly see the situation and the hidden dangers and hidden dangers. There is no doubt that the Banks Family is indeed the Tiger Wolf family. Such a family not only has no morals, but also has no basic humanity. When cooperating with such a family, you must be on guard at all times, otherwise it is very likely that the opponent will be severely stabbed behind you.

And if you fall to the Banks Family's competitors, it is equivalent to directly standing on the opposite side of the Banks Family, and the risk factor is even greater. Instead of doing this, it is better to close the door and try to develop yourself.

Ito Emi also understood her brother's worries and vision, and said seriously: "Brother, you are right. Emi is too dull to see this level."

Yuhiko Ito waved his hand: "Your thoughts are also normal. Starting a business is like a gamble. Either simply keep betting a little bit more, or you can have an unparalleled future; or after you reserve a certain amount of chips, learn to see and close.."

Speaking of this, Yuhiko Ito sighed: "If it were before tonight, I might also be the same as you thought. I would take this opportunity to give him a big shot. However, I walked through the gate and lost both. After the legs, I finally knew the preciousness of life and the meaning of being alive, and after knowing that I almost lost Nanako, I became more aware of this..."

"So, I want to be more cautious now, and being steady is more important than anything else."

Emi Ito nodded seriously.

At this time, Yuhiko Ito glanced at Nanako Ito, and said seriously: "Nanako, since you are now cured, from now on, stay in Tokyo with Odosan."

Nanako Ito hesitated slightly.

She likes the environment of Kyoto, and she is reluctant to leave Kyoto.

However, thinking of the special situation now that I can no longer follow my own preferences, she immediately said: "Okay Odosan, I will stay with you!"

Yuhiko Ito said: "Let you stay in Tokyo not only to allow you to accompany me, but also to let you get in touch with the family's business and industry earlier and start preparing for succession."

Nanako Ito hurriedly said, "Odosan, I have no experience in running a family business. Isn't it too early?"

Yuhiko Ito nodded and said seriously: "It is indeed a little earlier, but now the situation is special, my legs are gone, and it will be more inconvenient to move in the future..."

Speaking of this, Yuhiko Ito sighed a little lonely: "Moreover, I am a disabled person, and I am not suitable for showing up on behalf of the family, which will affect the family image."

"So, you must be ready to take my class now. At the very least, you must first assume the external image of the Ito family. Later, on the outside, you will represent the Ito family."

Chapter 1814

Emi Ito also persuaded: "Yes, Nanako, you should stand up to the stage for your father now and let your father teach you and make suggestions for you."

Nanako Ito nodded gently and said, "Okay, I will definitely work hard!"

Yuhiko Ito and Ito Emi were relieved to see Nanako's promise so refreshing.

Yuhiko Ito naturally has high hopes for his daughter, but Nanako was obsessed with martial arts before and did not have much interest in the operation and management of the family business.

At that time, Yuhiko Ito was still worrying about how to let his daughter gradually take care of her and focus on inheriting the family business.

I thought that I could carry my body for more than ten years, which would give Nanako Ito a few more years of free time.

Unexpectedly, things changed so much all at once.

Although most of Japanese culture originated from China, it has more or less localized development.

In China, most entrepreneurs put their interests first and do not pay much attention to external image issues.

However, after the Meiji Restoration in Japan, the degree of westernization was relatively high, so Japanese entrepreneurs attached great importance to the external image of enterprises.

To give the simplest example, if you do a clerical job in a Japanese company, you will have a headache in summer. Because most Japanese companies require their employees to wear formal attire during working hours, even in the middle of summer, they must wear a shirt, suit, and even a tie.

Therefore, Japanese entrepreneurs hold press conferences or attend public events, regardless of age, all in formal wear. And the Japanese like to bow, because they are talking here, and then they suddenly stand up ninety degrees and take a bow, then sit down and continue talking.

Therefore, Yuhiko Ito's current state is particularly unsuitable as a company's external spokesperson.

Although Nanako Ito is young, she has a very good image and is especially in line with the Japanese aesthetics. She is responsible for the outside world. For the Ito family, it is the best choice.

Charlie is also very optimistic about Nanako Ito, and encourages him: "If Nanako takes over the Ito family, it has the potential to turn the Ito family into an Internet celebrity company. The media will definitely beat the beauty president's personal settings. Setting up a successful establishment will enable the Ito family to achieve a multiplier effect in their careers."

When Nanako Ito heard Charlie's words, she couldn't help being a little embarrassed, and said with a blushing face: "Charlie should stop making a joke about me. I don't have the temperament of a beautiful president. It's nothing more than catching ducks on the shelves. I have to do it."

Charlie earnestly said: "Don't be presumptuous. With your perfect image and temperament, you will definitely become a beauty entrepreneur crazily sought after by all of Japan in the future, and maybe you will become a business card of the Japanese business community overseas."

Nanako Ito was so complimented by Charlie, she was ashamed and happy, and because she was a young girl who had just started her love, she had no ability to hide her own ability in this kind of thing, so she could only lower her head deeper and deeper.

Yuhiko Ito immediately saw his daughter's extraordinary. At this moment, he was already certain that his daughter had fallen in love with the Chinese man Charlie. Observing for a moment, he strengthened his opinion. At this moment, as a father, he felt a little melancholy in his heart, but at the same time, he felt a little relieved for his daughter's emotional maturity.

So he opened his mouth and said: "Huimei, Nanako, you two go out first, I have something to say, I want to chat with Mr. Wade in private!"

Chapter 1815

Ito Emi and Nanako Ito didn't think much about it. Seeing Yuhiko Ito was about to chat with Charlie in private, they got up to leave and left the ward.

After the two people left, Ito looked at Charlie and said seriously: "Mr. Wade, what happened before was offensive, and I still have to apologize to you. Thank you for repaying your grievances with morality and saving the little girl of The Ito family, otherwise, if it really makes the Banks Family think that it was the Ito family who killed the Banks Family's heirs, the Ito family is afraid that they will face annihilation?"

Charlie smiled slightly and said, "Mr. Ito is polite. I saved Nanako out of a friend relationship. As for indirectly? Helping the Ito family, you don't have to be too polite to me. After all, I took

your money. There is an old saying about taking money from others and helping others to eliminate disasters. I can't take money without doing anything, right?"

Yuhiko Ito was stunned. The reason why he was dumbfounded was also completely shocked by Charlie's shamelessness. Charlie's words are very clear. Take people's money and fight against people. This means that the 4.5 billion US dollars can't be taken for nothing. You have to do something for the Ito family.

Therefore, he has helped the Ito family get rid of the disaster, and the money can be taken with ease. Yuhiko Ito was shocked, more or less painful. Although he did feel that his daughter's life was more valuable than 45 billion U.S. dollars, he would still feel distressed if he really threw 4.5 billion dollars in.

However, he knew very well in his heart that if you lose the US\$4.5 billion, you have lost. He has no other way to get the money back, or recover the loss to a certain extent, so there is no need to deal with this issue now. More tangled.

Thinking of this, he smiled awkwardly and said to Charlie: "Mr. Wade, your Oracle Pharmaceutical has a very strong momentum of development. After the annexation of Kobayashi Pharmaceutical, I believe there must be a broader prospect. I don't know if we can, but How about a certain amount of cooperation on this?"

Charlie smiled and said: "Mr. Ito, there is actually nothing to cooperate in this matter. Oracle Pharmaceutical is the foundation of my life and I will not give up my share of it."

Yuhiko Ito hurriedly said: "Mr. Wade, I don't want your share, but I really want to have a certain degree of in-depth cooperation with you. In the future, the Ito family will hand it over to Nanako. You and Nanako are friends, and I think It can be concluded that Nanako trusts you very much. You can try various forms of in-depth cooperation. This is good for you and us, and it is truly mutually beneficial."

Charlie smiled slightly: "I will naturally consider this in the future. If the time is right, I will definitely not reject cooperation with Miss Nanako."

"That's good....."

Yuhiko Ito breathed a sigh of relief and said seriously: "Mr. Wade, I can see that Nanako likes you very much. If you two can have any possibility, then I'm so relieved..."

Charlie said immediately: "Mr. Ito, Ms. Nanako is still very young. Don't talk nonsense about this kind of things. If it spreads out and gets misunderstood, it will ruin Nanako's reputation."

Yuhiko Ito waved his hand: "My daughter has been raised for 22 years. No one in this world knows her better than me. I can see that she really likes you, and she likes you sincerely, if possible. I also suggest that you stay in Japan for development. You have Oracle Pharmaceutical and Nanako has the Ito family. If you two can combine to become a husband and wife, you will definitely become the top existence in Asia and even the world."

Charlie smiled and asked, "Mr. Ito should have investigated me? You should know that I am already married."

Chapter 1816

"I know." Yuhiko Ito smiled slightly and said indifferently: "What about being married? You are married, doesn't Nanako still like you? So, it's good for you and for Nanako, We don't care about your past and present. What we care about is your future!"

With that, Yuhiko Ito said very seriously: "Mr. Wade, after today's events, I have a very clear understanding of life. When people live, everything has meaning. Being rich means being rich, and being poor means being poor. If you die, no matter whether it is rich or poor, it will be nothing."

"If it were before today, I would never let my daughter marry a foreign man, but at this moment, these are no longer important to me. What is important is how to make my daughter happy; The important thing is, how can my daughter have the best life!"

"Mr. Wade has the ability, strength, and the charm that a strong man should have. Nanako is cultivated, has a background, is external and internal, and she likes you so much. I believe you must have some feelings for Nanako in your heart, otherwise If you did, you would never travel all the way to Japan and make a special trip to Kyoto to see her, save her life, heal her injuries, and even drive a few hundred kilometers in the middle of the night to send her to Tokyo to see me."

Charlie nodded and said, "Mr. Ito, it is undeniable that Nanako is indeed a very good girl, but I still said that. I'm already married."

Yuhiko Ito waved his hand and said: "Don't always prevaricate me by getting married. You can divorce if you get married. Even if you don't leave, you can marry Nanako in Japan. As long as you don't go back, there is no problem."

Charlie shook his head and smiled: "Mr. Ito, I really appreciate some of the precious qualities of Miss Nanako, but what you said is still impossible."

After a pause, Charlie said again: "And I will not stay in Japan, today, tomorrow at the latest, I will return to China."

Yuhiko Ito smiled and said seriously: "Mr. Wade, you have an old Chinese saying that good birds choose wood and live in them. I have investigated your background. Forgive me to be honest, your current wife is not worthy of you! "

Charlie looked at Yuhiko Ito non-committantly, and asked with a smile: "Mr. Ito seems to have studied Chinese culture very much. Just now he could say the six words of 'dug a hole deep and accumulate grain', and now there is 'good bird'. 'Choose wood and live', he seems to be a Chinese expert too!"

Ito said seriously: "When I was young, I admired Togo Heihachiro, who led the Japanese fleet to defeat the Russian navy in the Battle of Tsushima. It is said that Heihachiro Togo carried a waist plate with seven characters engraved on him: A lifetime bow. Yangming, I only knew then that Heihachiro Togo had been influenced by the Chinese sage White Yangming throughout his life, so I started to follow his footsteps, read Chinese history books, and learned a lot of Chinese culture and classical literature."

Charlie nodded and said with a smile: "Mr. Ito is so studious, really admirable, but I still want to make it clear to you: I will not divorce my wife! So, just ask Mr. Ito not to mention it again."

Charlie said again: "Also, I am leaving Japan soon, so please don't mention this to Nanako, so as not to have a bad negative impact on her."

Yuhiko Ito looked at Charlie and said seriously: "Mr. Wade, you Chinese pay attention to the cycle of fate, you see, before tonight, it was Nanako who was injured sitting in a wheelchair. The doctor also vowed to say that she might live a lifetime. Can't stand up anymore, but now?"

As Yuhiko Ito said, he reached out and patted his amputated knee lightly, and laughed at himself: "Now, Nanako, who was declared by the doctor that it is impossible to stand up again, stands up again, but I lost my legs, so I said Ah, this life is a cycle!"

Charlie frowned and said: "Mr. Ito, I don't quite understand what you mean."

Ito said with a smile: "I mean, even if you leave Japan today and swear that you will never come back again, when the wheel of fortune turns, it is likely to send you back here, even if you are Can't help it!"

"The same is true for your wife. Even if you think you will never divorce her, the wheel of fortune may one day separate you!"

"Everything in the world is confusing and more confusing. Mr. Wade is still young and there are still decades to go in his life. Why should he speak so absolute now?"

Chapter 1817

The words of Yuhiko Ito made Charlie more or less surprised. First of all, he did not expect that Yuhiko Ito would know so much about Chinese culture; Secondly, he did not expect that Ito would mention the cycle of fate.

He doesn't know whether the Japanese believe in Feng Shui or not, but now, the Japanese believe in fate at least. These words of Yuhiko Ito seem to be nonsense, but they also contain a bit of truth. What he said was not a complete catch. After all, no one can say good about fate.

He thought of Orion Exeor, the hundred-year-old Fengshui master he met in Wade Mountain in Eastcliff. Orion Exeor relied on the deduction of the cycle of fate that finally met himself in Wade Mountain.

It was also that he personally broke the fate of Wade Shoal so that he could fly into the sky.

That old gentleman must have a deeper understanding and perception of the fate cycle. It is a pity that the old man is on the other side of the ocean and may not have the opportunity to meet again in the future. Otherwise, I really want to sit opposite him, sip tea, and have a long conversation.

However, at this moment, Charlie suddenly thought of what Yuhiko Ito said. There is a cycle of fate, maybe in the future, I will meet Orion Exeor again. By the same token, if you leave Tokyo or Japan today, you may come back someday in the future.

Even if I don't come back, I should have the opportunity to meet Nanako Ito again at a certain time and in a certain place. Thinking of this, Charlie sighed lightly and said to Yuhiko Ito: "Mr. Ito, I think we should leave the future to the future. After all, neither you nor I can control our fate."

Yuhiko Ito nodded and said earnestly: "Mr. Wade, from today, the door of the Ito family will always be opened for you. In the future, the Ito family will replenish its energy and will not interact with any other overseas family or business. Cooperation, if one day, if you have enough ambitions and want to expand your horizons, the Ito family can cooperate with you unconditionally at any time!"

Charlie smiled and said, "Thank you Mr. Ito for your kindness, but I am a person with no ambitions, no schooling, no ambition and no ability, so let's go."

In Charlie's view, although his attitude towards Yuhiko Ito had changed to a certain extent, it was not enough to let him put his guard down. Therefore, Charlie didn't want him to know his future plans.

In fact, in Charlie's heart, he very much hopes to use Oracle Pharmaceutical to make the career snowball bigger and bigger. Because if he wants to avenge his parents, it is useless to rely solely on his personal strength. Not only his personal strength must be strong, but his economic strength is even more important!

Otherwise, how could he be able to deal with a behemoth like the Banks Family alone?

Among other things, just from the Banks Family's ability to cross the river with the Raptors, and directly kill all the local Japanese snakes and the Matsumoto family, it is enough to see how strong this family is.

This not only shows that the Banks Family has an astonishing number of top masters, but also shows that they are extremely mobile. Fitz and Zara have an accident in Japan, and they can immediately send a large number of masters. And it's not worse than the US military.

If there is not enough strength, no one can single out such a family based on individual ability.

Not to mention the combat power of dozens of hundreds of masters swarming, just the relatives and friends around him, they are unable to protect.

Chapter 1818

Therefore, Charlie knew very well that if he wanted to truly compete face-to-face with a family like the Banks Family in the future, he must have a strong comprehensive strength and be brave.

What's more, I haven't been able to determine how much responsibility the Wade family will bear for the death of their parents.

If the Wade family had a major responsibility that they could not shirk in the death of their parents, then they might face the two top families of the Banks Family and the Wade family in the future.

Therefore, Charlie has decided that after returning to Aurous Hill, he will keep a low profile and develop Oracle Pharmaceutical. Starting from Oracle Pharmaceutical, step by step, he formed his own business empire. Only in this way can I have the opportunity to face-to-face with the Banks Family and the Wade Family, and even trample them under their feet! Yuhiko Ito didn't know Charlie's true identity, let alone what Charlie was thinking. Seeing that he seemed to be really ambitious, he couldn't help but persuade:

"Mr. Wade, you have Oracle Pharmaceutical as your foundation and cash in your hand. Why don't you spread your business?"

"Take the current ocean transportation as an example. The vast majority of international oil and bulk trade logistics rely on shipping. Now the international economic situation is declining, and this is a good opportunity for bargain-hunting!"

"Furthermore, your China is the country with the best economic development momentum at present, and it also has the most complete industrial system. Export trade is rising year by year. China's demand for ocean transportation from all over the world will increase, and the prospects for ocean transportation will be even greater. For the vastness!"

"If Mr. Wade is willing to do it, you can start from the Chinese mainland. If you need to expand to Japan's port and shipping business, the Ito family will definitely cooperate with you. Even if it is your green leaf, I am willing!"

At this time, Yuhiko Ito had a very simple thought in his heart. Four and a half billion dollars will definitely not come back. Oracle Pharmaceutical will definitely not be able to buy shares. In this case, it is better to find a way to attract Charlie step by step. If Charlie can be recruited to Ito's house as a son-in-law, what else should I worry about in the future?

Charlie has the strength and ability, and saved her daughter's life. More importantly, his daughter loves him. Before, I wanted my daughter to marry Ichiro Kobayashi. It wasn't that I

had to force my daughter to marry the Kobayashi family, but that my daughter at that time was simply a silly girl with powerless love.

She doesn't have anyone she likes at all, and she doesn't know if she will move that muscle. Instead of this, I might as well choose the most suitable one for her. However, she obviously already has her favorite object now. As a father, he certainly hopes that his daughter will get what he wants. Besides, he also felt that a man like Charlie was indeed a good choice to be a son-in-law.

For the happiness of his daughter, he is even willing to let the entire Ito family become his daughter's dowry. Anyway, he is this one daughter, everything is for her daughter to be happy and happy all her life. As for the assets of the Ito family, it doesn't matter whether the surname is Ito, Yamada, Watanabe, or even Wade.

Because these assets will still be in the hands of their daughters, son-in-law, and the offspring born to their daughters. In Ito's view, the real inheritance is blood, not surname.

Charlie only smiled at Yuhiko Ito's suggestion, and said seriously: "It's true that my current development focus is to do a good job of Oracle Pharmaceutical. If Oracle Pharmaceutical can develop, then consider other businesses."

Chapter 1819

Seeing that Charlie declined his proposal temporarily, Ito sighed regretfully. He really hoped that Charlie would be able to set up the stall of ocean shipping. Because at this stage, the bulk of Asian ocean shipping is in China. More than half of the top ten busiest ports in the world are in China. Only with such a huge import and export trade can the huge ocean shipping industry be supported.

This is beyond the reach of Japan.

Therefore, even if the Ito family wants to do it themselves, there is not enough market and demand support in the local area, and it is difficult for a clever woman to cook without rice.

So he said to Charlie: "Mr. Wade, the Ito family will gradually hand over to Nanako for operation and management. If you change your mind, you can contact her at any time. I believe you will be able to establish a very good foundation for cooperation."

Charlie nodded lightly and said seriously: "If I have this idea, I will definitely contact Miss Nanako."

Yuhiko Ito smiled and said: "Nanako is a good girl. I dare say that in terms of overall conditions, Japan may not be able to find a better girl than her. Whoever marries her is to marry the best Japanese Nanako Ito. Will become the envy of men all over the world."

Charlie smiled kindly, but did not answer.

Knowing that freezing three feet is not a day's cold, Ito said: "Mr. Wade, you and the little girl are tired and have no rest at night, or I will send you to the house to take a rest first."

Charlie waved his hand: "No need Mr. Ito, I have something to do, I have to hurry back to Osaka, so I won't bother too much."

"That's how it works." Yuhiko Ito seriously said: "Mr. Wade, you drove over overnight. You have not rested or even eaten any food. If you just leave, then the hospitality that my Ito family ancestors passed down, Wouldn't it be reduced to a laughing stock."

As he said, he didn't wait for Charlie to refuse, and hurriedly pressed the pager on the bedside, and said: "Let Huimei and Nanako come in."

After a while, Nanako Ito and Emi Ito knocked gently on the door and entered the ward.

Nanako Ito asked softly, "Odosan, what's your order?"

Yuihiko Ito said to Emi Ito: "Emi, Mr. Wade and Nanako have worked very hard all night. You arrange for someone to send them back to the house to rest. Remember to call ahead and let the chef prepare the best dishes!"

Ito Emi hurriedly said, "Good brother!"

Charlie said sincerely: "Mr. Ito, really don't bother, I just drive back to Osaka directly."

Yuhiko Ito said very solemnly: "Mr. Wade, even if you want to go back to Osaka, you should at least sit down at the house for a while, eat a meal, have a cup of tea, and then leave!"

Nanako Ito also persuaded from the side: "Yeah, Charlie, the mansion is not far from here, you can eat something, take a rest and set off again, it's not light yet!"

In the middle of the night, the two arrived in Tokyo by car for more than three hours, and it was only four o'clock in the morning.

And it's winter again now, and it's already late, and it will take at least two hours before dawn.

Seeing that both father and daughter were so polite, Charlie had to agree, and said, "If this is the case, then I'm better off being respectful."

Upon hearing this, Emi Ito hurriedly said, "Then I will arrange the convoy. Now there are a lot of people from the Metropolitan Police Department. They are escorted and protected all the way. Safety is definitely guaranteed."

Yuhiko Ito nodded and exhorted: "You must be a good student to entertain Mr. Wade."

.....

Chapter 1820

Emi Ito quickly arranged a team to accompany him, and Charlie still drove the car he came.

Nanako Ito also got into Charlie's car without hesitation.

Afterwards, Charlie drove the car and, under the leadership of the convoy, went to the residence of the Ito family in Tokyo.

Although Tokyo is one of the most expensive and busy cities in the world, the Ito family also owns a private manor in a quiet place.

The entire manor is designed with Japanese-style ancient buildings, which is very simple, but it reveals low-key luxury everywhere.

Charlie found that even the wood used to build the house was extraordinary.

It seems that the top big families have no place to spend more money, so when building and decorating, they are completely trying to spend money everywhere. If you can use high-end ones, you definitely don't need ordinary ones, you can use imported ones. Never use local ones.

In the final analysis, it is still a sentence, only choose the expensive, not the right one.

Because Emi Ito called in advance, the servants of the entire Ito residence were all neatly dressed, waiting respectfully at the entrance of the residence, in the courtyard and inside the villa.

Charlie parked the car and, led by Nanako Ito, walked through the beautiful courtyard and walked all the way to the door of the villa. All the servants along the way bowed 90 degrees, with a very humble attitude.

The villa of the Ito family in Tokyo is a huge multi-storey wooden building. The whole building looks like a huge ancient temple, and the internal space is surprisingly large.

As soon as he arrived at the entrance of the main hall, Nanako Ito suddenly leaned down and knelt on the ground, holding both hands empty, and said to Charlie: "Charlie, please let me change slippers for you!"

Charlie was stunned, and hurriedly waved his hand: "No need, no, give me slippers, I'll just do it myself."

Nanako Ito insisted, "I should help you to change it. This is a Japanese tradition, and you should just go to the countryside and do as the customs."

Charlie thought to himself, China has long been equal between men and women, why in Japan, women still kneel and change shoes for men?

But then I think about it, since it is a custom of others, they may not feel that there is anything wrong with this. If they insist on opposing it, they will break the other party's rules.

So he had to lift his feet up and said sincerely: "Then work hard, Miss Nanako."

Nanako Ito, who was still wearing a kimono, looked up at Charlie, and smiled ashamed. She was so beautiful.

Afterwards, she gently held Charlie's feet with both hands, and gently changed him a pair of slippers, then slowly stood up and said to Charlie: "Charlie, please!"

Charlie nodded slightly and walked in with her.

Nanako Ito introduced to him: "This house has a history of more than a hundred years. It was severely damaged during the Great Kanto Earthquake. Because the repair cost was too high, no one paid attention to it. Later, it was taken by his father. I bought it and spent huge sums of money to repair it, and it looks like it is now."

Charlie asked curiously: "Mr. Ito seems to have a soft spot for old houses? The house in Kyoto looks much older than this one."

Nanako Ito smiled softly: "In fact, it's mainly because I like this style of architecture. After I moved from Kyoto to Tokyo at the age of fourteen, I have not been accustomed to life in Tokyo, so my father bought it here and spent a lot of money. Money to repair it will become what it is now."

With that, Nanako Ito said with emotion: "But I still like Kyoto more."

Charlie nodded and said, "This mansion is quiet in the noisy, and it has an ancient flavor and charm. It is already very good, but the Kyoto one is indeed better."

Nanako Ito said in a sad tone: "My father asked me to take over the family affairs. It seems that I will rarely have the opportunity to go back in the future..."

After finishing speaking, she looked up at Charlie, and asked a little pleading: "Charlie, (have a request. I wonder if you can agree to it?"

Chapter 1821

Hearing Nanako's words, Charlie immediately opened his mouth and said: "You speak, if I can, I will agree."

Nanako Ito hesitated for a moment, looked at him expectantly, and said seriously: "I want to ask Charlie to leave later..."

"Later?"

Charlie was slightly surprised, and subconsciously asked: "How long is that late? To tell you the truth, I actually plan to return to China tonight, and the plane is still waiting in Osaka."

Nanako Ito's eyelids were hot, her eyelids drooped slightly, and she whispered: "This...this mainly depends on your schedule. If time is tight, a few hours are all right..."

With that said, Nanako Ito hurriedly added: "Don't get me wrong, Charlie. The main reason is that both father and Tanaka-san are seriously injured and hospitalized. Aunt is not only busy with family affairs, but also busy taking care of them..."

"And my mind is a little confused now, I don't know where to start for the time being, I want you to stay with me for a few more hours..."

Charlie thought for a moment and nodded: "Then I will stay until the afternoon, because it will take four hours to return to Osaka."

Nanako Ito asked, "You booked a flight from Osaka?"

"No." Charlie said truthfully: "My friend helped get a private jet, which is now parked at Osaka Airport."

Nanako Ito asked tentatively: "Charlie, can you let the people you travel with, come to Tokyo by plane first, and then you go to Tokyo airport to meet them and fly back to China? In this case, You can save four hours of driving, okay?"

After finishing speaking, Nanako Ito hurriedly said: "If it is inconvenient, it doesn't matter, you needn't feel embarrassed..."

Charlie thought for a while, his original plan was to drive back to Osaka first, then meet Isaac Cameron, Don Albert, and Liam and fly back to Aurous Hill from Osaka.

However, the method Nanako Ito said is also a good solution. Let Isaac Cameron and the others come directly to Tokyo by plane, so they don't have to drive this way.

Moreover, it is normal for Nanako Ito to feel at a loss and helpless for a while after the Ito family has experienced an accident. You might as well stay here for another day, and you can also inquire about the Banks Family's actions in Tokyo.

Thinking of this, he said to Nanako Ito: "If this is the case, then I will wait for dawn to say hello to my friends and see their situation."

Nanako Ito clenched her fists excitedly, and said happily, "That's great!"

The cheerful Nanako Ito quickly invited Charlie to her restaurant. It is said that the restaurant at home is actually bigger than a medium-sized restaurant outside.

Charlie feels like entering a Japanese-style buffet restaurant, where there are several busy chefs, and they are making all kinds of Japanese meals.

Nanako Ito asked Charlie expectantly: "Charlie, do you like any of these meals? Just say if you like them, and the chefs will prepare them for you immediately."

Chapter 1822

Charlie looked around for a week, and didn't feel any sense of all kinds of delicacies, so he smiled slightly and said, "Thank you, please give me a bowl of ramen."

Nanako Ito hurriedly said to the chef responsible for making ramen: "Yokoyama-san, please make two bowls of ramen. Charlie's bowl needs double noodles!"

The chef respectfully said: "Good lady, please wait a while with Mr. Wade."

.....

at the same time.

Just when Charlie and Nanako Ito were having breakfast at Ito's house, in the presidential suite of the St. Regis Tokyo, Zayne, who was in his 50s, was already out of bed.

He was holding a cup of coffee and a cigarette in between, looking at the Tokyo street scene still shrouded in the dark outside the window, and he was surprised.

When the cigarette burned out, he poked the cigarette butt into the ashtray, then lit another one, and asked his confidant Mr. Palmer: "How are the young masters and young ladies now?"

Mr. Palmer checked the time and said, "The plane should land in Eastcliff in half an hour. I have already informed the family that the wife has already rushed to the airport with the doctor. When the plane lands, he will immediately take the young master. He and Miss sent to the family hospital for a comprehensive examination."

"Yeah." Zayne nodded, and said with a gloomy expression: "This time the incident is so dangerous, I almost put both Fitz and Zara brothers and sisters in Tokyo! This damn Matsumoto beloved, even if it is annihilated. He is full of doors, and it is difficult to quench my anger!"

Mr. Palmer hurriedly said: "Master, Matsumoto's family has become ashes, you don't have to be too angry."

Zayne gritted his teeth and licked his smoke before he said fiercely: "After all, it is in Tokyo. If it is not so convenient to do things without leaving, I will definitely let Xion catch Mr. Matsumoto in front of me. Cut him a thousand times, and he will die!"

Mr. Palmer said, "Master, the Tokyo Metropolitan Police Department has guessed that this incident was caused by our Banks Family. When you are resting, they have been protesting with me. They feel that we have made such a big disturbance and they still don't say hello."

Too much, and threatened to submit this matter to the Homeland Security Council for investigation and handling, thinking that this matter has violated their homeland security."

"Infringement of homeland security?" Zayne coldly snorted, "A good man Matsumoto in a small area can be hooked on homeland security? I think they are not satisfied that we killed so many people in Tokyo. Can't hang on it?"

"Yes." Mr. Palmer said truthfully: "The Tokyo government is also very dissatisfied. It feels that this matter is too cruel and affects Tokyo's image very much, so they decided to investigate it to the end."

"Moreover, the international airports of Tokyo and several surrounding cities have entered a state of emergency. They are strictly investigating all departing foreigners, and even announced that private jets that are temporarily not allowed to leave the country and charter flights take off. Our private jets They are all monitored. Things may be a little tricky."

Zayne asked him, "Which other airports in this state are relatively more relaxed?"

Mr. Palmer said: "At present, there should be only Osaka Airport, because Osaka is quite far away, hundreds of kilometers."

Zayne nodded and said, "Then let them spread out, find a way to take public transportation to Osaka, and then transfer another plane from China. Remember not to transfer from Eastcliff, from China to the sea, so as not to The Japanese customs are vigilant, and then take Xion and the people who actually participated in the action back to the country tonight."

"Good master!" Mr. Palmer nodded respectfully, and then asked again: "Master, when do you plan to go back then?"

"I'm not in a hurry." Zayne smiled and said coldly: "The Takahashi family suffered heavy losses, the Matsumoto family was completely destroyed, and Yuhiko Ito was disabled. Tokyo is very safe now. I will stay for two more days."

After all, he checked the time and said, "Mr. Palmer, you go to prepare some gifts for visiting patients in the morning, and go with me to the hospital at noon to take a look at Yuhiko Ito. This is our only partner at the moment. !"

Chapter 1823

Charlie and Nanako Ito had breakfast together, and the sky in Tokyo was already bright.

Nanako Ito said to Charlie: "Charlie, I will ask the servant to prepare a guest room for you. You can take a short rest. I haven't slept all night. It's too hard."

Charlie smiled slightly, shook his head and said, "Don't bother, I'm not tired."

"How can you not be tired?" Nanako Ito couldn't hide his distress. "Since the battle with Tenglin Ninja last night, Charlie has never rested for a while, and he has gone through two battles and drove hundreds of kilometers."

Charlie smiled and asked her, "You haven't rested, do you feel tired?"

Nanako Ito looked slightly startled, and he thought about it for a moment, and said: "I really don't feel tired at all. Not only I don't feel tired, but I also feel like I have inexhaustible strength all over my body. The whole person is in a very good state... ."

After that, she hurriedly asked, "Charlie, this should be the effect of the medicine you gave me?"

Charlie nodded and said with a smile: "Yes, that medicine can not only cure injuries, but also improve the body's ability and endurance, so people will not get tired so easily."

Nanako Ito couldn't help feeling: "This medicine is really amazing. If it produces energy, Charlie's Oracle Pharmaceutical will definitely become the world's top pharmaceutical company, right?"

Charlie smiled and said: "This medicine can't be mass-produced. It is a very rare thing in itself. It was left by ancient Chinese genius doctors. If you take one, you will lose one..."

In fact, the medicinal materials needed for refining the rejuvenating pills are not difficult to obtain.

But the key is that this pill must be refined with reiki.

Aura is like the powerful energy that turns steel into molten iron during steelmaking.

Without this energy, just pile a pile of iron ore together for 10,000 years, and iron ore cannot turn into steel.

Therefore, it is not difficult for Charlie to make this medicine, but the possibility of mass production is minimal.

Moreover, he is not going to put such a strong medicine out for mass production.

This thing is too bad for ordinary people. If it comes out in large numbers, it is likely to cause a shock in the world, and it is definitely not a good thing for him.

?? When Nanako Ito heard him say this, she regretted a little bit, but didn't think about it any more.

Charlie checked the time and said, "I'll call a friend and tell them about coming to Tokyo."

Nanako Ito nodded expectantly.

Charlie took out his cell phone and called Isaac Cameron.

As soon as the phone was connected, Isaac Cameron asked him: "Master, where did you go? No one was seen all night..."

Charlie said, "I'm in Tokyo."

"Ah?" Isaac Cameron became more puzzled, and asked, "Didn't you say that you are going to see friends in Kyoto? Why did you go to Tokyo again? This is a few hundred kilometers away."

Charlie said: "Something happened to my friend's house, so I'll accompany her to take a look."

Then he asked, "By the way, Isaac, how are things going on in Osaka?"

Isaac Cameron hurriedly said, "Going back to the young master, things are going well. Today, the day will basically be over. When do you think we will return to Aurous Hill?"

Charlie said: "I called you just to talk about this. I have something to do in Tokyo. After you get it done, you will fly to Tokyo first. Then I will go to the airport and meet you. Let's be together. Tokyo flies to Aurous Hill."

Isaac Cameron blurted out: "Master, private jets can't fly in Tokyo now! It's restricted by Tokyo."

Charlie asked in surprise: "Why are private jets restricted here in Tokyo?"

Chapter 1824

Isaac Cameron said: "I heard from my Japanese subordinates that in the past two days in Tokyo, there have been many very serious criminal cases in succession, and they seem to be related to foreign forces. Therefore, Tokyo has strengthened customs control and private jets. If you want to leave Japan, only Osaka can fly in the entire country, and you can't fly anywhere else."

Hearing this, Charlie understood in his heart.

Strict control here in Tokyo must be inseparable from the fact that the Banks Family killed Ryoto Matsumoto.

In fact, if you think about it carefully, you can figure out why.

Take the Tokyo Metropolitan Police Department as an example. If someone violates the law in Tokyo, they definitely want to punish the perpetrator through normal legal means.

However, a group of foreigners suddenly came out on their own turf and abused lynching against their own nationals, and the methods were so brutal. This kind of thing cannot be tolerated by any country's security department.

Therefore, it can be seen that the Tokyo Metropolitan Police Department, and even the Japanese Homeland Security Department, hope to catch the Banks Family's lynching gangsters as soon as possible, in order to emulate them, and at the same time save a bit of face.

Thinking of this, Charlie sighed softly and said, "Forget it, you guys wait for me in Osaka. I will drive over in the afternoon."

Isaac Cameron hurriedly said, "Master, it's too hard to drive, such a long distance, and it's still snowing here in Osaka. The highway is closed because of the thick snow. You may not be able to make it in six or seven hours. Leave the car at Tokyo Airport and let my staff drive by themselves. You fly directly from Tokyo to Osaka. See you at the airport, so the time will be faster."

Charlie asked him: "I have no restrictions on flying from Tokyo to Osaka, right?"

Isaac Cameron said: "There are currently no restrictions on flying within Japan. They can't control the entire domestic and overseas aviation at once, but it should be tightened gradually."

Charlie said, "Let's leave tonight, no delay, I will try to arrive at Osaka Airport at seven, and then we will meet and take off from Osaka Airport on time at eight."

Isaac Cameron hurriedly said: "Good master, then we will arrive at Osaka Airport before seven o'clock to wait for you."

"Ok, see you tonight!"

Charlie hung up the phone, and Nanako Ito hurriedly asked, "Charlie, what happened to it?"

Charlie nodded, and told Nanako Ito about the situation.

After hearing it, Nanako Ito said: "Then I will help Charlie look at the ticket now."

With that said, he quickly took out his mobile phone and checked the flight information.

"Charlie, there is a flight that takes off at 5:40 in the afternoon. It takes an hour to get to Osaka and land at 6:40, okay?"

Charlie nodded: "The time is just right, so choose this one."

Nanako Ito said: "Charlie, give me the passport number. I'll book the ticket. I'll take you to the airport in the afternoon!"

The short-haul ticket itself is not expensive, so Charlie didn't decline, and said to Nanako Ito, "Thank you, Nanako."

Nanako Ito smiled knowingly: "You and I don't have to be so polite!"

After that, she remembered something and asked Charlie: "By the way, Charlie, would you like to bring some gifts for your family when you go back tonight? Shopping in Tokyo is still very convenient, usually in the afternoon, it will be more lively, if you want to go shopping, I have lunch with you, OK?"

Charlie thought, he must bring some gifts to his wife after he has been away for so many days, and his mother-in-law, Elaine, also hoped that she would bring something for her, so she still took time to go out and stroll around.

So, he said to Nanako: "Then you will take me hard to take me around, I am really not familiar with Tokyo."

Nanako Ito smiled and said, "No problem, I will accompany you to Ginza in the afternoon."

After that, she thought of her father Yuhiko Ito, and asked Charlie: "Charlie, I want to go to the hospital to deliver meals to my father at noon. Is it convenient for you to come with me?"

Charlie agreed without thinking, "Okay, let's go to the hospital first, and then go shopping."

Chapter 1825

After breakfast, Charlie, who had nothing to do, was dragged by Nanako Ito to her boudoir.

Just like in Kyoto, Nanako invited Charlie to sit on the tatami in the boudoir, burned a plate of incense, and prepared a cup of Japanese matcha for Charlie.

Then she said to Charlie: "Charlie, I want to take a look at the financial statements and detailed information of the family industry, and get familiar with the overall operation of the family as soon as possible. If you feel bored, please tell me."

Charlie was free, so he said casually: "I have nothing to do, you are busy, I will play with the phone for a while."

Charlie doesn't really like to play with mobile phones, and unlike young people nowadays, he always keeps his hands on the phone.

The reason why he wants to look at his cell phone is to check the news in Tokyo to see if he can find more useful information.

Nanako Ito leaned over in front of the book case and looked at the confidential family data attentively. The information in her hand was all top secret, but she did not shy away from Charlie beside her.

Charlie flipped through some local news, and one piece of news aroused his interest.

The news said that relatively serious violent incidents have occurred in Tokyo. As the number one violent organization in Japan, the Yakuza group issued a message to its members across the country, claiming to use violence to curb violence and use violence to maintain public order in Tokyo.

The Yakuza group is the head of the Japanese gang, and it is the world's three largest gangster organization with the Italian Mafia, and its strength cannot be underestimated.

They issued a statement at this time, although they did not name or surname, it should be aimed at the Banks Family.

This time the Banks Family played a bit too big, and offended all Japanese black and white.

Even if they can retreat completely this time and want to come to Japan to develop in the future, they will probably receive "special attention" from the Japanese government and non-governmental organizations.

At this moment, Eastcliff Wade Family Mansion.

Charlie's grandfather, Nathaniel, called the entire Wade family to a meeting because of the same news.

Today's Lord Banks looks very happy.

While flipping through the news with a tablet, he said to everyone: "This time the Banks Family really lost his children and broke down! The cooperation has not yet been negotiated. The eldest grandson and the eldest granddaughter almost died, and now the entire Japan is given to I'm offended, and I'm afraid it will be difficult for the Banks Family to go to Japan for development in the future!"

Charlie's uncle Corran laughed, and said triumphantly: "The Banks Family is also embarrassing this time. The Banks Family's old man is afraid that he can't eat for three days!"

Third Uncle Myles said with some regret: "Hey, in the final analysis, the Banks Family is still lucky, damn! Ryoto Matsumoto has done such a big game, why did the mysterious man rescue Fitz and Zara? If Fitz and Zara die in Tokyo, the entire Banks Family must be greatly injured! These are the two most outstanding members of their younger generation!"

"Yeah..." Lord Banks couldn't help sighing, "Although Lord Banks has the wrist and courage, after all, he is old and Zayne is more than hot, but his ability is still lacking. In front of Bruce, It's like a clown, and she's not enough to look at it. The wife he crazily pursues, after being rejected countless times by Bruce, became discouraged and chose to marry him..."

Speaking of this, Lord Banks sighed and said with a grimace: "If Bruce was still alive, don't say that Banks Family is the Heavenly Dragon, and it may not be Wade Family's opponent..."

Chapter 1826

Hearing the old man pitying Bruce again, the boss Corran was a bit dissatisfied and said: "Dad, Bruce has been away for so many years, so please stop mentioning this kind of thing. Let's talk about it again. Responsible, so even the entire Eastcliff family is inseparable, and it is not something we can control."

Myles also agreed: "Yes, Dad, isn't this talking about Fitz and Zara? Why did you talk about Bruce?"

The old man sighed and waved his hand: "Don't say it, don't say it, let's get it right! All in all, the Banks Family's first step towards Japan is already emptying one foot. The next situation will face them very much. Unfortunately, this is a good opportunity for us to catch up and take advantage of it! What do you think?"

Everyone glanced at each other, and Corran was also very agreeable and said: "Dad, you are right, I also think this is our great opportunity!"

"Our ocean shipping business started later than the Banks Family and was at an absolute disadvantage, but if we could take advantage of the failure of the Banks Family, reach a cooperation with the Ito family, and take down the Japanese market, it would be tantamount to getting stuck in the Banks Family. The neck is definitely a powerful blow to the Banks Family!"

Lord Wade nodded, but he pondered for a moment before he said: "At the moment, we are not suitable for direct competition with the Banks Family. This matter must be kept low-key and slowly. We must not let the Banks Family know in advance."

Corran asked in a puzzled way: "Dad, the Banks Family can go to Japan to destroy people's families in a high-profile manner. When we go to Japan to talk about cooperation, should we still hide it?"

Lord Wade smiled slightly: "The strength of the Banks Family is there. We are now talking about cooperation with the Ito family in the past with great fanfare. For the Banks Family, it just slapped them and made them hard on their faces."

After speaking, Lord Wade said again: "However, we slapped the Banks Family. With the style of the Banks Family, we will inevitably conflict with us, and we will be in trouble."

Corran asked hurriedly, "Dad, what do you mean then?"

Lord Wade said very seriously: "If you want to deal with the Banks Family, you must dissect your opponent from a deeper level, instead of superficially comparing the two sides' paper data!"

Corran quickly stood up, bowed and clasped his fists: "Dad, I am dull, please tell me!"

Lord Wade shook his head slightly, thinking of Bruce again in his heart.

He sighed in his heart: "My eldest son, Corran, is also a brilliant talent, but he is still far from the level of genius, so he can't do it well. However, Bruce is the top genius who never came out of the world. He is never 'percent through a single point', but rather 'perceive without a point' and learns without a teacher! What a pity, what a pity..."

Corran also saw a trace of disappointment in his father's eyes, and suddenly his face turned red.

Lord Wade expressed a few words in his heart, and quickly put away his thoughts, and said to everyone: "Although the Banks Family has many heirs, only Zayne can enter Lord Banks's eyes. What's more, Zayne's sons and daughters are very competitive. The two most outstanding young people of this generation."

"Especially that Zara, who is deeply loved by Lord Banks and Zayne. The degree of preference for Zara between these two fathers and sons has long surpassed other heirs, even the eldest grandson Fitz."

"So, once Lord Banks is dead, the power will definitely fall into the hands of the Zayne Banks Family!"

"In the future, among the Zayne Banks Family, the one with the greatest say in the future must be Zara!"

Speaking of this, Lord Wade was already glaring, and said forcefully: "Zara is a female stream and will eventually marry as his wife. Once she gets married, it will be the day when the Banks Family was divided into two. So, who Whoever can conquer Zara can conquer half of the Banks Family's assets!"

Chapter 1827

Corran heard the old man's words and said embarrassingly: "Dad, you said last time that you wanted to marry the Banks Family and turn Zara into the Wade family's daughter-in-law, But there is no suitable candidate!"

Lord Wade said indifferently: "Didn't you say it last time? The son of Bruce is a good candidate."

Corran said: "But Stephen Thompson also said at the time that the son of Bruce was reluctant to come back and admit his heritage. Besides, he may hate us."

William waved his hand: "He may hate us, he may not. I think he would consider the offer though."

Myles hurriedly asked: "Dad, what do you mean, are you going to find the son of Bruce to come back and be part of the family?"

Lord Wade nodded, "I do want to, but I haven't figured out how to do it."

Corran felt threatened by this and he hurriedly said: "Dad, the son of Bruce has been away from home for many years and is completely uncontrollable! Please think twice!"

Lord Wade waved his hand: "You don't have to persuade me. I asked Stephen Thompson to when I bought the Emgrand Group as a gift, he actually decided to let him come back sooner or later to be a part of the family. We did not have many male heirs, unlike the Banks family who branches out far."

Corran held his breath in his heart, but still calmly asked: "Dad, what if the son of Bruce doesn't want to come back?"

Lord Wade said solemnly, "People can change, and I don't want to think on it today. When he comes back, maybe he will be willing tomorrow. If he is still unwilling tomorrow, one year, two years, three years, or even ten years, there will always be a time when his mind changes and his will loosen!"

Corran, Myles and William all cursed silently to themselves. The most feared thing about family property is scarcity. Whether it is ten thousand dollars or one trillion, one person, two people, or three people, the result will be a thousand miles difference.

Originally, buying the Emgrand Group for Charlie cost the family 100 billion, and also giving Charlie 10 billion in cash made everyone very unhappy.

After all, after his father's death, when the property was divided, the 10 billion, on average, to the home of three sons, each would get at least 30 billion, but the 30 billion was lost.

Therefore, they were also very worried that Charlie would return to the Wade family.

Lord Wade didn't look at these sons or grandchildren, but looked at his daughter, Cynthia Wade.

He sighed and said, "Cynthia, it's almost the New Year." Cynthia Wade hurriedly got up and asked: "Dad, don't hesitate to tell me what you have to say, Cynthia must go all out."

Lord Wade nodded and said: "You go to Aurous Hill tomorrow, see Charlie, have a good chat with him, and ask him if he wants to come back. If he has this heart, please invite him back to spend a year together first."

Cynthia Wade said hurriedly: "Okay Dad, I will go to Aurous Hill tomorrow." she remembered something, and asked: "Dad, Charlie is already married, if he wants to come back, should he bring his wife with him?"

Lord Wade waved his hand and said in disgust, "How can a vulgar woman from a third-rate city and a third-rate family be worthy of entering my Wade family mansion? If Charlie comes back, the first thing to do is to divorce this woman, and then we will Arrange for him to meet with Zara to see if there is a chance for development."

"Okay!" Cynthia Wade nodded, and said: "I will try Charlie's first, and let him consider these things step by step! "

Lord Wade smiled with satisfaction: "I'll leave this to you!"

Chapter 1828

Corran was extremely depressed, but he didn't dare to object, so he forced the topic back and said, "Dad, didn't we talk about going to Japan? You just said not to have a head-on conflict with the Banks Family, what shall we do?"

Lord Wade said, "You can't go with a big fanfare, but you can send someone to meet Yuhiko Ito in private."

Corran was a little irritable, thinking about going by himself. When you go to Tokyo, you should be relieved by the way, so he volunteered: "Dad, or I will fly to Tokyo in the morning, and I will meet Ito Yuohiko."

Lord Wade nodded and said, "I definitely want to see you go, But you can't go."

Corran asked in surprise, "Dad, what do you mean?"

Lord Wade said, "The younger generation of the Banks Family went, so we must do likewise" After that, Lord Wade looked at Corran's son and his eldest grandson, Jon, and said, "Jon, you are going to prepare. Set off before ten o'clock and get to Tokyo after lunch "

Jon hurriedly stood up and respectfully said: "Okay grandpa, I will prepare now! But grandpa, after I met Yuhiko Ito, how should I talk to him about the project?"

Lord Wade waved his hand: "You don't have to talk about anything. For project-related matters, I prepared some gifts. You brought them with your own hands. It was just a little bit of my heart. In addition, I also want to make friends with him. Then you can leave contact information with him and you can come back. "

Jon asked in surprise: "It's that simple?"

Lord Wade nodded, and said, "Yes, it's that simple!" Then, Lord Wade said again: "Flying two thousand kilometers to talk about cooperation is not sincere; but If you are flying two thousand kilometers to visit a patient, this is very sincere."

Corran smiled and said, "Dad, you are better off! The Banks Family may not have made it before our Wade family this time!"

Lord Wade nodded and said, "This is called First come first!"

...

Charlie had lunch with Nanako Ito at the Ito mansion, and the two took the meal prepared for Yuhiko Ito to the hospital.

When they first went out, Zayne brought Mr. Palmer and a few of his men to Yuhiko Ito's ward with a few exquisite gift boxes.

Yuhiko Ito didn't want to see them, but he also knew the truth about not hitting the smiley people with his hand, so Emi Ito invited them in.

They were very polite to Yuhiko Ito went to the bedside, exclaimed: "Ito brother we heard and came to see you! It is a great honor!"

Yuhiko Ito seeing Zayne, he looked harmless to humans and animals , but he can't help but feel a little hairy in his heart.

The incident of the Banks Family's destruction of Matsumoto's family did bring a great psychological shadow to Ito, and it also made him realize that the man in front of him looked gentle and smiled, but in fact, he was a cannibal. The devil who spit out bones.

However, Yuhiko Ito knows very well that for such a smiling tiger, the less he can offend him on the bright side, otherwise he still doesn't know what kind of trouble he will cause in the future.

So, he also said with joy: "Oh, Mr. Banks! I didn't expect you to come to see me in person. I am really flattered! Please sit down, please sit down!"

Zayne nodded and sat beside the hospital bed. On the chair, he smiled and said, "I'm so sorry to meet you in this way. I've been busy recently, so I wanted the children to come and visit Mr. Ito first, and then I took the time to come and visit in person. I didn't expect so much. Please forgive me for the accident, Mr. Ito!"

Chapter 1829

I have to say that Zayne's acting skills are very good.

If it wasn't for Yuhiko Ito who knew what kind of person he was, it would be easy to be deceived by his smiling and friendly appearance.

Although disgusted in his heart, he still braced himself and did a good job on the surface, so he smiled and said: "Mr. Banks is too polite, you are coming to Japan, I was going to meet at the airport in person, and then arrange the hotel for you. Staying here, I didn't expect to encounter so many things."

Zayne hurriedly said: "Where is it, Mr. Ito doesn't have to be so polite. The friendship between our Banks Family and the Ito family has a long history. We will definitely continue to strengthen cooperation and deepen our relationship in the future. Why should we be stuck with this little thing?"

Seeing his hypocritical appearance, Ito wanted to vomit the breakfast in his stomach, but he could only nod his head and said in agreement: "Mr. Banks is right! You really don't have to be too rigid..."

Zayne nodded in satisfaction, and said seriously: "Mr. Ito, although the things that happened in Tokyo in the past two days are chaotic and even hurt you seriously, I still have to say something about the facts. This series of things After the dust settles, the Ito family is the biggest winner."

Yuhiko Ito knows what Zayne's words mean. He knows that in addition to explaining the facts, Zayne also wants to mention himself. Now his family is fighting between snipes and clams, and the fisherman is profiting, and he is pushing his family to profit from it. , He is Zayne.

In other words, Zayne also reminded himself, don't forget the help that Banks Family gave to yourself.

However, Ito doesn't want to owe such favors casually.

After all, the reason why the Ito family can survive this dispute is not really dependent on Zayne, but Charlie!

Don't say that he didn't rely on Zayne. Zayne's sons and daughters can survive, and he must thank Charlie!

If Charlie hadn't saved Fitz and Zara brothers and sisters, and Zayne guarded the corpses of a pair of children, it might not have been able to find out the real murderer.

Therefore, Yuhiko Ito couldn't help but sighed: "Oh, Mr. Banks, it is very dangerous for the Ito family to survive this time!"

As he said, he patted the roots of his thighs and sighed: "Look at my legs, they are completely abolished. If it wasn't for my loyal servant Tanaka who pushed me to jump off the viaduct, I would have been knifed. Hacked to death."

In this remark, Yuhiko Ito actually explained a point to Zayne first. First of all, if he can survive, it has nothing to do with your Zayne and the Banks Family.

Immediately afterwards, Yuhiko Ito said again: "And my daughter, she also suffered a ninja ambush in Kyoto, and was fortunate to be saved by a master, so she was spared. Otherwise, I would really want a white-haired person to send a black-haired person. Up!"

Speaking of this, Yuhiko Ito pretended to be curious and asked: "By the way, Mr. Banks, it seems that your children were also saved by the mysterious master in Kyoto?"

Zayne's expression became a little depressed when he heard this.

What I meant just now was to mention Yuhiko Ito. You have the last laugh, and you have killed Machi Takahashi and Ryoto Matsumoto. More than half of the credit is due to a strangers help.

Unexpectedly, the old fox, Yuhiko Ito, came directly to say something like this. The meaning is also very simple: Don't say I want to thank you, it doesn't exist. We both have to thank the mysterious master, otherwise my daughter will be finished. Both your son and daughter will be finished. Although Zayne was depressed, he couldn't refute Ito's words. After all, his sons and daughters were indeed saved by that mysterious man. I also asked my son and daughter specifically, who is that mysterious person? Now that you have such a powerful ability, can it be used by yourself?

But Zara told him that the mysterious person was very dismissive of their brother and sister. It was to help Yuhiko Ito's daughter, Nanako Ito, to relieve the troubles, so they chased them all the way.

Chapter 1830

Rescue them brother and sister, that was just by the way. The only clue I know is that he should be Chinese. But I don't know anything in more detail.

Originally, Zayne wanted Xion to leave to check the clues and details of that person.

But now the Tokyo Metropolitan Police Department, Japan's Ministry of Foreign Affairs, and the Homeland Security Department all want to capture Zayne's subordinates. So he could only give up this idea and let Xion return home first, so as not to be caught by the Japanese government. Once caught by the Japanese government, it will be as serious as the killing of the door, even if it is not sentenced to death, it will be at least life imprisonment, so you won't think about it in this life.

So Zayne could only give up temporarily. Now I heard Ito mention that person again, so he deliberately asked: "Mr. Ito, that mysterious person is said to protect your daughter, so you should know him?"

Yuhiko Ito shook his head and said regretfully: "I really want to know him, but unfortunately, that person is really too mysterious. I asked my daughter, but my daughter didn't know, otherwise, I really want to take him. For my own use! With such a powerful person by your side, you should never have to worry about safety anymore!"

Zayne stared at Yuhiko Ito for a moment, feeling that he didn't seem to be lying. It seems that Yuhiko Ito does not know who the mysterious person is. But why would he save Nanako Ito? Is it a pure chivalrous man of justice? However, it seems a bit strange for a Chinese to come to Japan as a hero. Or, he is an overseas Chinese living in Japan?

Zayne couldn't think of a reason, so he simply left him behind, looked at Yuhiko Ito, and said seriously: "Mr. Ito, I'm here this time. In fact, besides visiting you, I also want to talk to you about cooperation. Talk about a general intention."

After speaking, he said: "Ocean shipping is the next very important business of the Banks Family. Although we pursue a global strategy, we still attach great importance to the Japanese market in East Asia. Block business and reached a cooperation with the Ito family. I don't know what Mr. Ito wants?"

Yuhiko Ito nodded and said seriously: "The Ito family has always wanted to reach a cooperation with the Banks Family on this business."

When Zayne heard this, his eyebrows showed a bit of joy, and he thought to himself: "It seems that cooperation with the Ito family can be a matter of course."

Zayne was thinking triumphantly, but Yuhiko Ito had already planned to use the dragging technique.

Seeing him, he changed the conversation and said apologetically: "But Mr. Banks, you can see my current physical condition. The doctor said that I have to observe in the hospital for at least half a month."

"Moreover, even if you leave the hospital, you will have to rest for a few months when you go home. For the time being, you may not have much energy to focus on business operations."

"Therefore, whether or not this cooperation should be carried out or how it should be carried out, it may take a while to give you a clear answer..."

Chapter 1831

Zayne frowned when he heard this. He was naturally not satisfied with Ito's plan.

However, he also knows that Yuhiko Ito has just amputated his limbs. To put it ugly, the blood scabs on the wounds are still fresh. At this time, it is indeed unrealistic for him to immediately push such a large cooperation forward.

Moreover, Ito's daughter seems to be very young, about the same age as his daughter Zara. In this case, it is really difficult for him to draw conclusions immediately and move forward.

So, Zayne said seriously: "Mr. Ito really needs to take a good rest during this time. As for the specific cooperation matters, when you are discharged from the hospital, I will come again. Then I will visit the mansion and talk about the details of the cooperation. how is it?"

Yuhiko Ito nodded readily and smiled: "When the lower body recovers, if Mr. Banks comes to Tokyo, he must have a good banquet here!"

Zayne smiled slightly, and said, "Then I'll bother Mr. Ito."

He said, "By the way, Mr. Ito, I have one more thing to remind you of friendship."

Yuhiko Ito hurriedly said, "Mr. Banks, please speak."

Zayne said: "As far as I know, the Wade family of Eastcliff also wants to follow our pace and take the development route of ocean shipping. If I am not wrong, they should also want to contact you here and talk about it. Project cooperation."

After a pause, Zayne said: "However, the strength of the Wade family is far worse than ours, so I suggest that Mr. Ito doesn't have to consider them, as long as he concentrates on raising his body and waits for the body to recover, then talk to the Banks Family. Comprehensive cooperation must be the best choice."

Yuhiko Ito nodded and smiled, and said, "Don't hide from Mr. Banks, I have a certain understanding of the Wade family. Their ocean shipping business hasn't started at all. It's just that the Banks' family has improved so they are trying to catch up. It is really difficult for them to become a big climate, so in my mind, the Banks Family is ranked the highest priority."

Zayne said with great satisfaction: "Mr. Ito really has eyes like a torch! The Wade family just wants to follow a wave of wind, but they don't have any resources at all in this field! Let alone cooperate with the Ito family, even it is China's domestic port resources, and we will suppress it without a stand!"

Yuhiko Ito smiled and said: "Mr. Banks, don't worry, I will never cooperate with the Wade family. If you want to choose between the Banks Family and the Wade family, I will definitely choose Mr. Banks!"

Zayne laughed: "Oh, Mr. Ito, with your words, I can go back to China with confidence."

Yuhiko Ito asked, "When does Mr. Banks want to return to China?"

Zayne said: "Just these two days, mainly because private planes are restricted from taking off in Tokyo. I wait for him for two days. If the take-off permit is not open within two days, then I will buy a ticket and take a civil aviation flight back."

Yuhiko Ito nodded and said with emotion: "As far as I know, Mr. Banks' previous handwriting was too big, and the Tokyo authorities did have some criticism."

Zayne waved his hand indifferently: "The Tokyo Metropolitan Police Department and the Department of Homeland Security are all dogs biting. Ryoto Matsumoto is a sinister and vicious person. I don't know how many people will be killed if I leave him in the world! He is not only acting for the sky, but also protecting the public order in Tokyo!"

After he finished speaking, he looked at Yuhiko Ito and said seriously: "Mr. Ito, aren't you the direct victim of Matsumoto? If I didn't kill him, he might have sent someone to the hospital to chase you down. Know how many people he will kill in Tokyo?"

Seeing Zayne's righteousness and boldness, Ito couldn't help being amazed by the thick skin of this man.

He cursed secretly in his heart: "Zayne, Zayne, you stinky shameless thing. You kill Mr. Matsumoto, kill Mr. Matsumoto's right-hand man, and even kill his younger brother. This is understandable, but you kill the whole family. Young and old, not staying one, what the hell is this? The saying that it's not good for your wife and children is still what your Chinese ancestors said. How come you are here, and even the basic morals and justice are ignored?"

"Now what you mean by this, are you destroying Matsumoto's family, or are you protecting me in disguise? I have to thank you for killing Matsumoto's family? What a f*cking bastard logic!"

However, on the surface, Yuhiko Ito still said with emotion: "Oh! This is really thanks to Mr. Banks, otherwise, I may really still have countless dangers and threats..."

Chapter 1832

Zayne nodded and said with a somewhat arrogant expression: "I hope the Tokyo Metropolitan Police Department and the Japanese Homeland Security Department can understand this truth. Sometimes, the necessary surgery is still required, leaving the cancerous tissue in the body. It will only drag down the whole city, and I just fly over and perform a precise surgical operation on Tokyo!"

Yuhiko Ito nodded in agreement, but he said in his heart: "Damn, this Zayne is a real dog. The more you talk, the more shame you get!"

Zayne looked at the time and smiled: "Mr. Ito, your body is still injured. I won't bother you anymore. The nutritional supplements I brought you are all very good natural medicinal materials and ingredients. You look back. Asking someone to do it for you can speed up recovery."

With that, Zayne's right hand: "Since we all have the intention of deep cooperation with each other, then I will wait for your body to recover, and we will move forward together hand in hand!"

Yuhiko Ito said seriously: "No problem! You and I keep communicating at any time!"

"Okay!" Zayne laughed and said, "If this is the case, then I will leave first!"

Yuhiko Ito nodded: "Mr. Banks walks slowly, I won't see you off here!"

Zayne hastily patted him on the shoulder: "Mr. Ito, you are welcome, take a good rest and heal your injuries!"

Yuhiko Ito said to Emi Ito: "Emi, give me one for Mr. Banks!"

"Good brother!"

Zayne got up and shook hands with Yuhiko Ito. Accompanied by Ito Emi, he stepped out of the ward.

At this time, Charlie and Nanako Ito had just arrived at the hospital, standing at the elevator entrance waiting.

Ito Emi sent Zayne and Mr. Palmer to the elevator entrance, and said apologetically: "Mr. Banks, I have to take care of my brother, so I won't send you down."

Zayne smiled and said, "Ms. Ito, please stay. Go back and take care of Mr. Ito!"

Ito Emi nodded, and bowed ninety degrees, "Mr. Banks, go slowly!"

Zayne waved his hand and stepped into the elevator.

After the elevator door was closed, Zayne asked Mr. Palmer, who had been silent for a long time: "What do you think, what does Yuhiko Ito think?"

Mr. Palmer thought for a moment, and said seriously: "Master, I think that although Yuhiko Ito has a good disguise, he still feels a little afraid of you..."

"Yeah." Zayne nodded: "It should be because of the fact that Matsumoto Man's family was destroyed. Thinking about it now, what I did was really a little overdone."

After he finished speaking, he waved his hand again and said indifferently, "I don't care about him. I killed Matsumoto Manchu because he wanted to harm my son and daughter. He wanted me to end. If I don't let him die, others will think I am weak. It's a soft persimmon, anyone can squeeze it!"

Mr. Palmer asked: "Will Yuhiko Ito dare not cooperate with us because of this?"

Zayne snorted coldly, and said, "Give him some time to heal his injury first, and then come to him. At that time, cooperation will have a cooperative approach, and there will be solutions for non-cooperation and cooperation!"

At this time, the elevator gave a ding sound and stopped on the first floor.

Mr. Palmer hurriedly stepped forward and said respectfully, "Master, please!"

Chapter 1833

When the elevator door opened, Zayne took the lead. When Charlie saw the elevator coming, he was about to signal to let Nanako Ito next to him go first. At this time, Zayne had already stepped out. The moment he walked out of the elevator door, Zayne directly faced

Charlie's eyes. At this moment, Zayne frowned slightly subconsciously, a familiar and unfamiliar aura that made him feel nervous.

And Charlie, although he didn't know the man in front of him, but seeing the other person's eyes with full alertness and surprise, he couldn't help but glance at him more. The opposite man was in his early fifties, with a normal appearance and a normal figure. He was dressed very luxuriously. There was a bit of hostility between his eyebrows, and he looked like a cruel master. A face, but between the sparks and flints.

There was Nanako Ito beside Charlie, so she didn't pay too much attention to this man, and after passing by, they entered the elevator with Nanako. When the elevator door was closed, Zayne suddenly stopped and looked back in the direction of the elevator.

Mr. Palmer on the side asked him: "Master, what's wrong with you?"

Zayne smacked his lips: "Weaverd... the kid who entered the elevator just now has a familiar feeling..."

Mr. Palmer asked curiously: "Do you have acquaintances in Japan?"

Zayne said: "There are many acquaintances, but there are really no such young people. The kid just now looks like a twenty-six or seventeen? He is about the same age as Fitz, or one or two years older than Fitz."

Mr. Palmer nodded: "It's about the same age as the son...Do you know him?"

"do not know."

Zayne bit his lip and said with a black face: "But he looks quite similar to an old friend of mine!"

"Old friend?" Mr. Palmer asked curiously: "Master, who is your old friend?"

Zayne asked with a very cold expression: "Have you ever heard others talk about Bruce?"

Mr. Palmer is not very young. This year is less than forty years old. When Charlie's father, Bruce, died, he was still studying abroad, and he didn't know what happened to Eastcliff at that time.

Therefore, he couldn't help asking: "Master, is the Bruce you said belongs to the Wade family?"

"Yes."

Zayne couldn't help thinking of Bruce's heroic posture. At that time, Bruce was really a super noble son who moved the capital. Handsome, unrestrained, and suave, and more importantly, his personal ability is extremely strong, and he is definitely the first to excel in Eastcliff. Back then, in front of Bruce, Zayne was completely gloomy.

Bruce, one of Eastcliff's celebrity ladies, squeezed their heads and wanted to marry Bruce, one by one, they could not wait to find a life for Bruce.

Zayne's wife, Deana, who was also Fitz and Zara's mother, loved Bruce to the death. Back then, Zayne exhausted everything and launched a frantic pursuit of Deana, but Deana completely dismissed it and wanted to marry Bruce. Even if Bruce already had a fiancée, Deana was determined to die for Bruce at any time. Even if Zayne worked hard to create a grand proposal that made a sensation in Eastcliff for her, Deana still did not agree. In front of countless people, Deana only said a few words to Zayne.

The first sentence is: I'm sorry, I can't marry you.

The second sentence is: Because Bruce is not married after all!

Chapter 1834

Because Bruce has a fiancée but is not yet married, Deana still feels there is a glimmer of hope and is still unwilling to give up.

He asked a woman to marry him, but the woman said in public that she was still waiting for another person. Zayne still remembers this strange shame.

From then on, he hated Bruce deeply. Later, Bruce got married in Eastcliff. That night, Deana cried out all his tears and stayed behind closed doors for a month.

Zayne brought flowers to Deana's house every day to beg to see him. He persisted for thirty-nine days and spent thirty-nine bouquets of roses before finally knocking on Deana's heart. Deana, who was nearly twenty catties thin, walked out of the room and the door, and said a word to Zayne who was holding flowers outside the door.

She asked Zayne if she might not forget Bruce for the rest of her life, Zayne would still marry her. Zayne gritted his teeth and agreed. Then, Deana and Zayne became engaged, and a month later, married. When he first got married, Zayne slept with anxiety and fear every night.

He was afraid that his wife next to his pillow would suddenly call Bruce's name in his dream. Worry soon became a reality. A few days after the wedding, Zayne could hear Deana whimpering in her sleep and yelling Bruce's name every day while he was half asleep and half awake.

During that time, Zayne almost collapsed. Later, the eldest son Fitz was born. Deana finally shifted her focus from Bruce to his son. Since then, Zayne can finally sleep well. The son's loud cry in the middle of the night became even the most beautiful lullaby for him.

He can sleep peacefully in the cry of his son, but he can't listen to his wife's sleep, whispering Bruce's name in a very low voice, because the name Bruce is his nightmare! Thinking of the humiliation in the past, Zayne felt extremely angry. Even though the incident

had passed more than two decades, even if Bruce had passed away long ago, he still couldn't swallow this breath.

Mr. Palmer was surprised when he saw his cold expression, clenched fists and trembling teeth. He played for Zayne for many years, knowing that Zayne looked like this, he was generally angry to the extreme. When I heard that Matsumoto was the man behind the kidnapping of Fitz and Zara, his performance was no different from now.

Mr. Palmer couldn't help but wonder in his heart: "What exactly did this Bruce do to make the master so angry?"

Thinking of this, he couldn't help asking: "Master, is the man just like that Bruce?"

"Like." Zayne nodded, and said: "But his temperament is a bit low-key, maybe he is dressed somewhat casually. Bruce back then can be said to be full of style, walking with wind, and amazing!"

Mr. Palmer asked again, "Is that kid just now the offspring of Bruce?"

"Impossible." Zayne said coldly, "Bruce's offspring has long since disappeared, and the life or death of it is uncertain. The Wade family can't find it by themselves. It is estimated that they died outside long ago."

As he said, Zayne smiled darkly, and mocked: "Back then, Bruce made enemies everywhere and offended the Rothschild family that smashed Europe and the United States. He was also targeted by all kinds of people in China because of his sharp edge. People who want to kill him are really Too much."

Speaking of this, Zayne lit a cigarette and said lightly: "Although the kid looks a lot like him just now, I think he is likely to be a Japanese, maybe it's just a little like him."

Mr. Palmer nodded slightly and asked him: "Master, where shall we go next? Back to the hotel or?"

"I won't go back to the hotel." Zayne said coldly, "If the Tokyo Metropolitan Police Department can't catch them, if they can't stay away, they will definitely find a way to embarrass me and disgust me. I'd better leave Tokyo early!"

Having said that, Zayne told him: "Just leave the hotel room there. Let's drive north directly to Aomori Prefecture, the northernmost part of Honshu, Japan. We used to soak in hot springs for two days, relax and go."

Chapter 1835

When he took the elevator upstairs, Charlie was still thinking about the man he met when he got out of the elevator just now. He was sure that he didn't know each other, why did that person look hostile when he saw him. He originally thought that the opponent would also be a hidden master, and he saw that he was extraordinary.

But after thinking about it, I felt that something was wrong, because that man didn't have the aura of a strong man. From the perspective of his own strength, he should be an ordinary person. However, he didn't think too much. After getting out of the elevator, Nanako Ito took him to the ward where Yuhiko Ito was.

At this time, Yuhiko Ito was scolding his mother in the hospital bed.

He said to Emi Ito: "This guy Zayne is a b*tch with a honey-sucking sword. Staying with this kind of person for a second makes me feel uncomfortable!"

Emi Ito nodded and said, "That Zayne really feels insidious, and the more friendly he smiles, the more chilling his back, especially when he thinks of what he did to the Matsumoto family in his head. I feel cold all over!"

Charlie, who had just entered the door, blurted out and asked loudly: "That man just now was Zayne from the Banks Family?!"

Both Yuhiko Ito and Ito Emi were shocked, and they realized that Charlie and Nanako had already entered.

So, Yuhiko Ito asked curiously: "Does Mr. Wade also know Zayne Banks?"

Charlie frowned, and even his voice became colder: "The man who just got down from the elevator is Zayne Banks?!"

Ito said, "I don't know who you met in the elevator, but Zayne did just leave."

When Charlie heard this, he turned around and ran out!

Zayne Banks! The initiator and leader of the Anti-Leaf Alliance! When Charlie thought of this, hatred surged all over his body! He just wanted to chase out, even if it was to kill Zayne's bodyguard and entourage in broad daylight, he still had to catch the bastard and ask him why he wanted to target his parents.

Then let him have a taste, and he died on the street! It's a pity that when Charlie chased him out, there was no shadow of Zayne everywhere in front of the hospital. Zayne was already in the car and headed to Aomori Prefecture. Charlie couldn't help but beat his chest and feet at the entrance of the hospital! Since the death of my parents, this is the closest moment to my enemy!

However, he failed to recognize the other party! This is really annoying to him! The Wade Family and the Banks Family had always had a bad relationship, so even when Charlie was young, he had never seen Zayne very much.

In addition, the Banks Family and the Wade Family are themselves top families, and they never appear on various wealth lists, and the media never report them, so Charlie doesn't even know Zayne's appearance.

At this moment, Charlie was extremely depressed. When I came to Japan this time, I had close contact with the Banks Family one after another. First he accidentally saved Fitz and Zara, and now he just passed Zayne!

Charlie gritted his teeth and thought to himself, if he were to give himself a chance to go back a few minutes ago, the first thing he would do when he saw Zayne would be to smash his dog head first!

Chapter 1836

It's a pity that even if he has great abilities, it is impossible to turn back time.

Therefore, he can only hope for the next time.

At the same time, I swear from the bottom of my heart: "Zayne, if I have the opportunity to face you face to face again, I will definitely not let you go!"

.....

When Charlie returned to the ward, Yuhiko Ito asked him with a look of surprise: "Mr. Wade, do you know Zayne? Or is there any relationship? Why are you so sensitive to him?"

Ito Emi and Nanako Ito also looked at Charlie suspiciously, looking forward to his answer.

Seeing this, Charlie laughed at himself, and said angrily: "You forgot? I accidentally saved his pair of children. He is so rich. It stands to reason that I have to give me 10 billion dollars. ? I didn't expect to let him run away..."

Yuhiko Ito suddenly became dumb.

He didn't doubt the authenticity of Charlie's words, because Charlie was in his eyes, everything was good, that his mother loved money like her life, for money, he could even shamelessly blackmail or even maliciously Occupy.

Therefore, he accidentally rescued Fitz and Zara. Because of his character, he didn't want to ask for some money. It really wasn't him.

When Nanako Ito heard this, she couldn't help laughing and saying, "Charlie, you are too fascinated by money, did you know that when you heard the three words Zayne just now, you acted as if he was your murderer? Like an enemy, I didn't expect it was just a creditor in your heart..."

Charlie smiled bitterly and said casually: "Hey, it's a pity that he let him run away, but it's nothing. Sooner or later, he will still have the opportunity to see this debt. He can't hide from the fifteenth day of the first year."

Nanako Ito nodded, and then said to Yuhiko Ito: "Odosan, I brought two sick meals here today. One is for you and the other is for Tanaka-san. Can I visit him? ?"

Yuhiko Ito nodded and said, "Tanaka is in the next ward. Go and have a look."

Nanako Ito turned her head to look at Charlie: "Charlie, are you going to see him?"

Charlie's impression of Tanaka was pretty good, he was indeed a rare servant, so he nodded and said, "Okay, let's go and take a look."

At this time, Koichi Tanaka was lying on the upper half of the ward next door and reading.

Seeing Nanako Ito and Charlie coming in, he hurriedly put down his book and said respectfully: "Hello, Miss Ito!"

Nanako Ito smiled slightly and walked forward with the lunch box, and said, "Tanaka-san, I brought you a sick meal from home. The chef at home made it specially. You can eat it while it is hot."

Hiroshi Tanaka was flattered and said, "Miss, how can I let you deliver food to me? This is really impossible..."

Nanako Ito said very religiously: "Tanaka-san, you saved the life of your father. I am very grateful. A meal is nothing but a little bit of thoughts!"

Hiroshi Tanaka said sincerely: "Miss, with your words, it is worth 10,000 deaths..."

Nanako Ito said: "Tanaka-san, if you have any needs, just tell your aunt that she will find a way to solve it for you, you must cheer up, recover well, and leave the hospital early!"

Hiroshi Tanaka nodded again and again, and said gratefully: "I know Miss, thank you for your concern!"

After speaking, he asked tentatively: "I took a wheelchair and went to the president's ward in the morning. I heard the president said that Mr. Wade cured your injury?"

Nanako Ito nodded and said, "Charlie not only healed my injury, but also saved my life..."

Tanaka looked at Charlie and thanked: "Mr. Wade, it is...thank you so much!"

Charlie felt somewhat upset because he was rubbing shoulders with Zayne and missing opportunities for revenge. Seeing Tanaka talking to him, he couldn't help but said in a perfunctory tone: "You're welcome."

Hiroshi Tanaka asked in surprise, "Is there anything unhappy about Mr. Wade?"

Nanako Ito smiled charmingly and said, "He, just missed \$10 billion and is sulking..."

Chapter 1837

Charlie just smiled slightly to Nanako and didn't explain much.

After chatting with Tanaka Hiroshi for a while, Nanako said to him apologetically:

"Tanaka-san, Charlie is going back to Aurous Hill tonight. I have to accompany him to buy some things. I will leave first and see you at night!"

Hiroshi Tanaka hurriedly said: "Miss, you and Mr. Wade go to work, don't worry about me, don't have to come to visit me specifically, too much trouble for you!"

Nanako Ito smiled and said, "It's not troublesome. We have known each other for so many years, so why are you so polite."

Hiroshi Tanaka nodded gratefully, then looked at Charlie, and said seriously: "Mr. Wade, you will not be able to see you off when you return home tonight. I wish you a safe journey!"

Charlie smiled slightly: "Thank you Tanaka, we have a chance to see you again."

"Okay Mr. Wade, see you if you have a chance!"

Leaving Tanaka's ward, Nanako Ito accompanied Charlie to Ginza, Tokyo. It's been a few days since I came to Japan. This is the first time I have come out to go shopping. Because when I went to Eastcliff last time, I bought a set of Hermes for his wife Claire, so this time Charlie skipped the luxury goods of luggage.

Charlie strolled around in the jewelry area and found a heart-shaped diamond ring from Tiffany's. The main diamond of this diamond ring has a net weight of three carats. The purity is very high, not very large, but it is very exquisite, and the heart-shaped cut is also very beautiful, which makes him look very fond at a glance.

Recalling that from the time of marriage to the present, he had not given Claire a real wedding ring, so Charlie planned to buy this diamond ring back and give it to her.

He consulted the clerk and learned that the price of this ring was about 800,000, which was not expensive.

So Charlie was going to buy this ring.

Nanako Ito couldn't hide her envy and asked: "Charlie, you bought this ring for your wife, right?"

"Yes." Charlie nodded and said: "She has been with me for so many years, and I haven't given her a ring yet."

Nanako Ito sighed and said, "You are so kind to your wife..."

Charlie smiled slightly and was about to say something modest. Tiffany's salesperson said very politely: "Sir, may I ask how big your wife's ring finger is?"

This question stopped Charlie from asking.

"How big is the ring? I really don't know this..."

The salesman explained: "If you don't know the size of the ring, it will be more troublesome to buy a large or small one. So I suggest you call your wife and determine the size of the ring. We will help you directly. You adjust to the most suitable state."

Charlie hesitated slightly.

I wanted to give Claire a surprise. If I called and asked her now, wouldn't the surprise be gone? "

Just thinking about it, Nanako Ito whispered from the side: "Um... Charlie, look at my hand, how bad is it compared to your wife?"

With that, Nanako Ito opened her hands, spreading her fingers in front of Charlie.

Charlie took a closer look, and said in surprise: "Nanako, it feels like your hand is similar to my wife's finger! Or please help me try it!"

Nanako Ito nodded without hesitation.

The salesman handed the ring to Charlie and said, "Sir, please let this lady help you try it out!"

Charlie didn't think too much. He picked up the ring with one hand, and gently dragged Nanako Ito's right wrist with the other, carefully putting the ring on her ring finger.

At this moment, Nanako Ito feels dreamlike and drunk.

Although she knew very well that she was only helping Charlie's wife to try the ring, but when she thought that this was Charlie putting a diamond ring on her ring finger, she was so excited that she couldn't add anything.

She said to herself in her mind: "If this is a dream, then I wish I could sleep here and never wake up again..."

Chapter 1838

The moment the ring passed through the knuckles of her ring finger and put it on her hand, Nanako's eyes were filled with tears. She hurriedly lowered her head, not wanting Charlie to see what she was like now. She liked Charlie very much, but she didn't want to put too much psychological burden on Charlie.

Because she faintly knew in her heart that the big reason why Charlie came to Japan this time to visit her in Kyoto was definitely not because of how much he liked her in his heart, but because he sympathized with and felt sorry for her.

She can understand Charlie's feelings, that is a kind of empathy that a person who is also a martial artist has in her heart. What is empathy? It is the emotion of understanding each other, empathizing with each other, and empathizing with each other. It's like a racer, seeing another racer suffered a car accident and was seriously injured or even killed on the field, his empathy for the injured must be stronger than ordinary people.

In the same way, if a soldier sees his comrades-in-arms, or those who are with the same soldier, injured or disabled in battle, this kind of empathy will surely develop in his heart. Charlie must be the same to himself.

Seeing that he didn't listen to persuasion, was seriously injured in the game, or even was pulled directly from the field by an ambulance, he must have sympathized with her more. In addition, he has a way to heal her, so when he comes to Japan this time, he will take time to go to Kyoto to see her, save her, and heal her injuries.

Therefore, Nanako Ito knew very well that although Charlie was very good to herself, most of them should be sympathy born out of empathy.

For a girl who is obsessed with each him, the last thing she wants is the sympathy of the other party. In fact, apart from love, any other emotions are not what she wants.

At this moment, Charlie couldn't see Nanako's expression. His attention was focused on her fingers. Seeing that the ring Nanako Ito was wearing slightly larger, he gently took it off again, yes. The salesperson said, "I'm sorry, but the trouble is a little bit smaller."

"Good sir." The salesman took the ring and began to readjust the ring.

At this time, Nanako Ito felt a strong sense of loss. Although I knew it a long time ago, that ring would leave after just staying on my finger. But when the ring was really taken off by Charlie, her heart hurt like a knife.

However, she did not dare to be seen by Charlie, so while Charlie was watching the salesman adjust the ring, she hurriedly said: "Charlie, let me go to the bathroom!"

After speaking, she ran away before Charlie responded.

The reason why I had to run away was because the tears filled my eyes, and my tears were too big to bear. She didn't want Charlie to see that she was crying at this time. Because she didn't want to affect Charlie's concentrated mood. She had never thought of affecting Charlie's life and Charlie's marriage. After all, Charlie has given her too much kindness.

She turned to leave, silently in her heart: "Tonight, Charlie will leave Japan, return to the embrace of his family, and return to his wife..."

"In the future, I don't know what year and month I will come back again..."

"The next few hours will be the last few hours I will be with Charlie..."

"I must control my emotions and don't add any psychological burden to him..."

Chapter 1839

When Nanako Ito returned from the bathroom, there were no traces of tears on her face, but her eyes were slightly red.

She deliberately bashed her face with cold water, so it seemed a lot more natural.

Back in the store, Nanako Ito took the initiative to smile and asked Charlie: "Charlie, have you adjusted it? Do you want me to try again?"

Charlie smiled and nodded: "Can I trouble you?"

Nanako Ito smiled softly: "You don't have to be so polite."

As she said, she stretched out her right hand again and said grinning: "Come on! Try again!"

Charlie didn't think much, picked up the adjusted ring and put it on the ring finger of her right hand again.

This time, the size of the shank has become very suitable, it is not tight or loose on her hand, it looks almost natural.

Nanako Ito couldn't help changing the direction of her right hand, and under the light, carefully observed this diamond ring, which was expensive. Although this ring is not as gorgeous as the tens of millions of rings in the hands of ladies and beauties, it has its unique charm. Simple, atmospheric, beautiful and touching.

Charlie looked at the ring on Nanako Ito, and also liked it as he watched it. He knew that his wife didn't pursue those luxurious jewels, and this ring happened to match her calm temperament.

Thinking of Claire, he couldn't help but turn his attention from the ring to Nanako Ito's face. To be honest, if you say that it is as quiet as still water, Claire may be able to achieve 80 or even 90 points, but Nanako Ito is absolutely 100 points. So in other words, it seems that this ring is more in line with the temperament of Nanako Ito.

But Charlie didn't think too much about this issue. Nanako Ito wore this ring, and observed it with joy and melancholy for a long time, only then reluctantly took it off and handed it to Charlie.

She said: "Charlie, if appropriate, let the salesman help you wrap it up!"

"Yes!" Charlie saw that the ring was indeed suitable, so he smiled and said to the salesperson: "Hello, please help me wrap this ring."

"Good sir!"

The salesperson is also very happy.

Although Tiffany is also a well-known brand, the price of most diamond rings is actually in the range of 10,000 US dollars to 20,000 US dollars. In fact, very few people will buy rings with more than 20,000 US dollars. Sometimes it may not be possible for a week. Sell one.

Like Charlie's choice, the equivalent of a ring with a price of more than 100,000 US dollars, generally can sell such a limited number of rings a year.

Therefore, she regarded Charlie as a distinguished VIP customer, so she helped him pack the ring very carefully, and said to Charlie: "Sir, if you have no other needs, please follow me to the cashier to checkout Right."

Charlie said: "No hurry, I want to see the bracelet."

The ring is a token of love between lovers, so when he bought this ring for his wife, he naturally couldn't buy the same thing for his mother-in-law.

Therefore, Charlie planned to show Elaine a bracelet, the price would not be too high, equivalent to two or three hundred thousand Dollar, which would be great.

Two or three hundred thousand dollar bracelets were enough for Elaine to make her happily unable to sleep.

The salesperson heard that Charlie wanted to buy a bracelet, and immediately said: "Sir, wait a moment, I will let the person in charge of the bracelet area show you and recommend a few styles for you."

In their store, each salesperson has his own exclusive counter, and this salesperson is responsible for the diamond ring, so the bracelet needs other people to provide shopping guide services for Charlie.

Chapter 1840

Charlie readily agreed. Soon, the salesman called another girl and said to her: "Ma'am, this VIP wants to see the bracelet. Can you recommend it for me?"

The girl knew that Charlie was rich, and immediately said with a big smile: "Sir, please come with me."

Nanako Ito hurriedly asked him: "Charlie, do you still need me to try the bracelet for you?"

Charlie smiled and said, "I plan to buy the bracelet for my mother-in-law. She is a bit fat, so I don't need to trouble you."

Nanako Ito smiled and said, "Then you will take a look for himself first, I want to see the ring, can I?"

Charlie nodded: "Of course you can. Look first. I'll go over there to see the bracelet."

Nanako Ito smiled sweetly: "Okay!"

When Charlie went to the bracelet area, Nanako Ito whispered to the girl who sold the ring: "Excuse me, is the ring I tried just now in stock?"

The salesperson nodded lightly and said, "Yes, we have three rings of this ring in our store. We sold two, and now there is one left. Do you want it now?"

Nanako Ito was overjoyed, and whispered: "It is not convenient for me to pay now. Can you keep it quietly for me? I will ask someone to come over and help me pay the bill later, and then please help me adjust the ring to the size just now. ?"

The salesperson said politely: "Ms. no problem, please tell me your name. When the person you arrange comes over, you can tell me your name."

Nanako Ito smiled happily and said: "My name is Ito, and the other party will tell you that I bought it for Miss Ito."

The salesperson nodded slightly: "Okay, Miss Ito."

Nanako Ito blinked, and said in a low voice, "Don't tell the gentleman who came with me, to keep it secret for me."

Although the salesperson was a little puzzled, he nodded his head very dedicatedly and said, "Don't worry, I will not disclose it to anyone."

"That's good!"

At this time, Charlie was on the side of the bracelet counter, looking around.

There are many styles of bracelets in this store, most of which are relatively low-key and simple, but there is a rose gold bracelet full of diamonds that is more luxurious and luxurious.

Charlie knows Elaine very well. What she likes most about her mother-in-law is that she can see the wealth at a glance.

Things that are golden, full of diamonds, and sparkling at a glance, will definitely be able to win her taste.

And don't look at the diamonds, but because they are relatively small diamonds, the price is not high.

The bracelet that Charlie chose for his mother-in-law was actually about 250,000 Dollar equivalent. Although it was not cheap, it was just drizzle to Charlie.

After Charlie chose, he asked the salesperson to pack the bracelet and pay the money together with the ring.

At this time, Nanako Ito had already set up the ring with the previous sales, and then sent a message to ask an assistant of her family to help over and pay.

After the arrangements were made, he came to Charlie contentedly and asked him with a smile: "Charlie, have you chosen everything?"

Charlie nodded: "The money has been paid, hey, Nanako, why are you so happy?"

Charlie could also see that Nanako Ito's condition at this time seemed to be much better than before, and she seemed to be happier.

Nanako Ito stuck out her tongue playfully and blinked and said, "This is a secret. I can't tell you, otherwise you will definitely laugh at me."

Charlie smiled slightly: "How can it be!"

Nanako Ito said shyly, "I'm too shy to tell you."

Charlie shrugged helplessly: "Since you don't want to say, then I won't ask..."

Chapter 1841

After leaving Tiffany, Nanako Ito accompanied Charlie again, walking around the major shops in Ginza.

In order to appear less favoritism, Charlie bought a high-end boss suit for his old husband Jacob.

Jacob now mixes with the Calligraphy and Painting Association every day, and has become the No. 2 figure in the entire Calligraphy and Painting Association. It can be said that he has a lot of face.

What's more, the calligraphy and painting association he is currently in and Matilda's senior college often have contacts and exchanges, so Charlie buys a suit for the old man, and also wants to help the old man to dress up and make him more energetic and more energetic. Have a face.

In addition, Charlie bought some other small accessories and small objects piecemeal.

At 3:30 in the afternoon, there are about two hours before Charlie's flight to Osaka takes off. Considering that Tokyo Airport is far from the city, Charlie said to Nanako Ito, "Nanako, the time is almost here. I have to go. It's the airport."

Nanako Ito said without hesitation: "Charlie, I'll take you there!"

Charlie said: "I have to drive over and leave the car at the airport. If you follow me, what will you do when you come back?"

"It doesn't matter." Nanako Ito blurted out: "I can ask someone to drive to the airport to pick me up. Don't worry about Charlie!"

Charlie asked subconsciously: "Too much trouble for you, right?"

"No, no!" Nanako Ito said with a pleading expression: "Charlie, I want to take you to the airport, and even want to take you to Osaka and take you back to Aurous Hill, but the situation at home is very special now, it is really not suitable for getting out. Leaving, so I asked you to give me a chance to take you to the airport..."

Hearing this, Charlie couldn't help feeling a little moved, so he said: "Then we two will drive to the airport together, and you should also call your family and arrange for them to send a car to the airport to pick you up."

"Yeah!" Nanako Ito nodded and said happily: "You don't have to worry, I will arrange it!"

"It is good!"

When Charlie heard this, he didn't insist anymore. The two of them got in the car and drove to Tokyo Airport. This way was Charlie's first journey back. On the way, Nanako Ito was worried. She had been sneaking at Charlie next to her, feeling extremely reluctant to him in her heart. As early as in Aurous Hill, Nanako Ito had a passion for Charlie. And when she met Charlie again in Japan, Nanako Ito fell in love with him completely. After separating from Charlie this time, she didn't know if she still had a chance to meet Charlie again. Because she could feel in her heart that Charlie had lifted the burden of her heart for herself.

Nanako Ito is a very smart girl. She could see that the reason why Charlie came to Japan must be because of his injury, so he had a sympathy for himself in his heart. And he happened to have the medicine that could cure himself, so he took that medicine and went to Kyoto to find and cure himself.

At this moment, she was lonely deep in her heart and thought to herself: "My injury has been healed. It is estimated that Charlie will be able to relieve me in the future?"

Thinking of this, Nanako Ito felt very sad. In her heart, she was willing to give up some and stay in Japan for Charlie. But she also knew in her heart that this was unrealistic.

When Nanako Ito's thoughts were flying, Charlie had already driven the car to the airport. After he parked the car in the airport parking lot, he got out of the car with Nanako Ito. Then, instead of leaving in a hurry, he bent down and put the car key on top of the front tire of the car.

Nanako Ito asked in surprise: "Charlie, what are you doing?"

Charlie smiled and said, "I leave the key here with my friend, otherwise the key will have to follow me back to China."

Nanako Ito asked suspiciously, "Isn't it lost? If someone finds out, can I just drive away?"

Charlie smiled and said, "It is impossible for other people to see it here. There are so many cars here. Who would bend down to look at other people's car tires?"

After speaking, Charlie said again: "I will tell the owner of the key when I look back. After the owner knows it, it will be very convenient to pick up the car."

Nanako Ito smiled and nodded, and said, "You are smart. I might never think of such a method for a lifetime."

Charlie smiled and said: "Actually, I mainly want to save some money, otherwise the mailing fee is quite high if I wait until I return to China and then send it to him."

Nanako Ito suddenly laughed and said, "Charlie, in your case, you definitely won't be short of money... My father alone has contributed 4.5 billion US dollars to you, your Oracle Pharmaceuticals are developing rapidly again, so why save money so much..."

Charlie smiled slightly: "It's not saving money, it's going to live a life. We won't save a point for what should be spent, and we won't waste a point for what shouldn't be spent."

Nanako Ito nodded earnestly: "Thank you Charlie, I have been taught."

Charlie smiled and said: "I am not a good teacher, I just express my own small opinions, which are some very crude personal opinions."

Nanako Ito said sincerely: "Although the reason is simple and obvious, I have never considered this. If I was in my previous status, it would not matter if I spent more money or wasted a bit, but now my father wants me to take over. Ito Co., Ltd., in the future, I must change my previously unconceptual attitude towards money. Only like you can I make the family business bigger and stronger!"

Seeing Nanako Ito's serious look, Charlie smiled helplessly, and said, "I believe Ito Co., Ltd. will become stronger and stronger in your hands!"

Nanako Ito nodded gently: "Thank you Charlie for your blessing, I hope I can live up to expectations..."

Charlie looked at her, smiled encouragingly, and then said: "Okay, time is almost up, I have to go through the registration procedures, how do you go back?"

Nanako Ito said, "I asked the family assistant to drive me to pick me up."

With that, she checked the time and hurriedly said: "She may take a while to arrive, or I will send you to the security checkpoint!"

Charlie nodded, and the two left the parking lot together and went straight to the airport departure hall.

At this moment, a woman with a delicate face and delicate features, but with a bit of heroism and coldness, walked into the airport departure hall.

This woman is about one hundred and seventy-five centimeters tall and has slender legs.

She was wearing a black tight leather jacket, black stretch leather pants, and black high-top leather boots. Her long black hair was tied into a bunch of ponytails and hung to her waist.

This woman is beautiful and moving, but her face is icy.

She stepped into the airport and went directly into the VIP security check channel.

The male staff in charge of checking the boarding information turned his eyes straight when he looked at the woman.

After the woman stood in front of him for a few seconds, he came back to his senses and said blushing: "Miss, please show your ID and boarding pass."

The woman handed over the certificate blankly, and the other side glanced at it. There a name written on her passport: Xion Banks!

Chapter 1843

At this stage, in order to detect the murderer of Matsumoto's family, Tokyo Airport has strengthened exit inspections.

However, due to the shortage of manpower, there is no way to strictly control all passengers.

Although Xion took a Chinese passport, because her boarding pass was for Osaka, not for leaving Japan, the staff did not report to the leader.

He just recited Xion's name silently in his heart a few times, and felt that the name was very nice, but he couldn't tell why it was really nice.

Xion saw the other party holding his passport in a daze, and the first thought in her heart was whether her identity had been exposed and the other party had already noticed it.

However, she quickly analyzed it and felt that such a thing was unlikely.

First of all, the Tokyo Metropolitan Police Department only knows that it was a hidden master from China who killed Matsumoto Manchu, but they don't know anything else.

They also don't know who killed the Matsumoto family.

What's more, Japan is so close to China. There are so many tourists, overseas Chinese and business elites between the two countries on weekdays. The Tokyo Metropolitan Police Department cannot lock itself in such a short period of time.

After a quick analysis in his mind, Xion could conclude that the staff in front of her was probably just amazed by her own appearance, and was a little slow to react.

So she asked the staff member blankly: "Does my passport look good?"

The other party nodded subconsciously: "Very pretty..."

After finishing speaking, I realized that I accidentally missed my mouth, and hurriedly handed the passport back to Xion with both hands, and said apologetically: "Miss Banks, I'm so sorry! I didn't mean it!"

Xion completely ignored his apology, but continued to ask him with a cold expression: "Then can I pass?"

"Of course!" The staff was pressed by Xion's glamorous aura to cold sweat, and quickly stamped her boarding pass and handed it to her respectfully.

Xion received the boarding pass and immediately turned to leave. The staff member turned to look at her back, with a face full of intoxication, and he couldn't help sighing and muttering: "This...this is simply her Majesty's. Aura...Apart from TV shows and anime, I have never seen a woman with such a strong aura..."

Although the staff member was thinking of Xion, Xion had completely forgotten him and came to the security inspection machine.

This time, all the masters of the Banks Family broke up, and Tokyo was unable to leave the country, so everyone dispersed, and as tourists, they bought ordinary flight tickets and flew to Osaka.

Xion chose the 5.40 flight.

After the flight arrives in Osaka, she will take the private jet temporarily seconded from Highland Falls to return home with other Banks' subordinates.

.....

At this moment, Charlie also came to the VIP security check channel.

Before entering the security checkpoint, he turned sideways and said to Nanako Ito next to him: "Nanako, you have taken so hard to send me so far. I'm going through the security check. You should go back soon."

Nanako Ito nodded reluctantly, and said seriously: "I wish you a good journey, and remember to report me peace after landing."

"Okay!" Charlie smiled slightly, and said: "Take care of yourself too!"

Nanako Ito said with red eyes, "Thank you for your concern, I will definitely!"

Charlie nodded and couldn't help but sigh softly. With this sigh, there was reluctance, but also relief. What is reluctant is that Nanako Ito is indeed a rare good girl. It can be said that apart from nationality, there is nothing wrong with it. If we say goodbye today, it will be difficult for the two to see each other again in the future, so Charlie will naturally feel reluctant. As for letting go, it was mainly because I came to Japan this time and I had removed the thorn in my heart. That thorn is Nanako Ito.

Chapter 1844

At the beginning, Nanako Ito insisted on competing with Aurora. As for Aurora, it was because of her own rejuvenation pills that her strength improved by leaps. In the end, Aurora severely injured Nanako Ito in the ring, this was a thorn in Charlie's heart.

On the one hand, he felt sorry for Nanako Ito, and on the other hand, he admired her character of never giving up. In addition, he also felt ashamed of Nanako Ito to a certain extent. Because it was her own hand that pushed Aurora from a level far below Nanako Ito to a position far surpassing Nanako Ito.

Now, I cured her by myself, so I dilute the distress; I saved her life and made her strength improved by leaps and bounds, so that guilt was also played down.

At this point, the distress and guilt have been washed away, and the rest is more of an appreciation for Nanako Ito.

Therefore, Charlie smiled at her knowingly, revealing a row of white teeth: "If this is the case, then I will go first!"

"Okay!" Nanako Ito nodded heavily, feeling extremely sad, but still smiling and said sweetly: "Charlie, I wish you good luck, peace and health!"

Ancient Japan respected martial arts, and the ultimate representative of martial arts was the Bushido that they highly respected.

Therefore, in Japanese tradition, wishing a person's martial arts has many meanings, not only wishing the other person good luck, but also wishing the other person invincibility.

It can be said that it is the highest blessing.

Charlie didn't expect that Nanako Ito would say the words wishing her own martial arts prosperous, startled slightly, and immediately clasped a fist to her with a serious face, and said loudly: "Thank you Miss Nanako, we will have some time later!"

After speaking, she took a deep look at Nanako again, turned around and entered the security checkpoint.

At the moment Charlie turned around, Nanako Ito's tears burst.

She looked at Charlie's back, tears like rain!

She wanted to call Charlie so that he could look back so that she could take a closer look at him.

However, she was afraid that when she stopped him, when he saw her face full of tears, he would think a lot, would misunderstand, and think that he deliberately wanted him to see him letting go of all the disguise.

Therefore, she resisted the urge to call him, just wanted to stand here, watch him disappear into that door, and then turned and left.

At this moment, Charlie couldn't help it suddenly, and subconsciously looked back at her.

Just a glance made Charlie's whole body as if struck by lightning, and stayed for a while. He wanted to turn his head, and beckoned to her courteously. But I didn't expect it. Looking back, Nanako, who was still smiling just now, was already crying into tears.

At this moment, Charlie felt that the softest part of his heart seemed to have suffered a shock. This kind of feeling, in general, only needs two words, that is: heart broken!

Nanako Ito didn't expect that Charlie would even look back at him again. At this moment, as the eldest lady of the Ito family, as the Nanako Ito who had undergone traditional Japanese education since childhood, she finally completely lost all self-control ability.

At this moment, she lost all her sanity and ran towards Charlie crying, rushed straight into his arms and hugged him tightly. Before Charlie came back to her senses, she gently stood on tiptoe and offered her first kiss on her own initiative. Those thin lips that were a little salty and cold because of her tears, kissed Charlie's lips without hesitation... ..

Chapter 1845

Charlie felt the soft and cold touch of Nanako's lips first, and then felt a slight bitter taste in his mouth. He knew in his heart that this was the taste of Nanako's tears.

At this moment, he felt a little bit reluctant and helpless.

A few seconds later, their lips parted, Nanako Ito raised her head, looked at Charlie with red eyes, choked up and said: "Charlie, don't forget me..."

Charlie nodded earnestly: "Don't worry, it definitely won't!"

Nanako Ito said solemnly: "If there is anything that needs my help in the future, please you must tell me!"

Charlie nodded: "Okay, so do you!"

Nanako Ito broke her tears into a smile: "Then Charlie, let's go, if you get off the plane again, you won't be able to catch up!"

Charlie looked at her and said softly: "Nanako, there will be a period later."

"Well, you will come later!"

Charlie turned around this time, and did not look back. He didn't want to be like just now, when he looked back, he saw a tearful Nanako Ito. So, simply put your mind away and stepped into the security check channel.

The surrounding passengers, seeing the beautiful and charming Nanako Ito, covered their face with their hands at the security checkpoint, their eyes were crying, and they looked at Charlie's figure without blinking until they disappeared, and their hearts were quite moved.

At this moment, most men envied the man who had just disappeared from the security check.

"How can that guy have such a beautiful woman watching him cry with such infatuation?!"

"The point is... he never looked back! This is too much!"

"Be me, I must turn around to save that woman and tell her I will never leave!"

Nanako Ito turned a deaf ear to everything in her body. After Charlie disappeared for a long time, she was still immersed in the feelings that had nowhere to rest. Until, her cell phone rang.

The phone connected, and a woman's voice came: "Miss, I have arrived at the gate of the airport, where are you?"

Nanako Ito wiped away her tears hurriedly, and said, "Wait a moment, I'll be here soon!"

After speaking, she hurriedly looked into the security checkpoint again, and after making sure that Charlie could not be seen, she turned and left the airport reluctantly.

Outside the airport at this time, three black Rolls Royces were already waiting side by side.

As soon as Nanako Ito walked out of the airport gate, the co-pilot of the Rolls-Royce in the middle walked down to a young woman. The woman respectfully greeted her: "Miss is here!"

Nanako Ito nodded, and before she got to the front, the man opened the back door for her.

After Nanako Ito got into the car, she closed the door and returned to the co-pilot.

After getting in the car, Nanako Ito couldn't help but asked her: "Kaana, did you buy the ring I wanted for me?"

"I got it!" The woman called Kawana, whose full name is Hisui Kawana, is a senior assistant of the Ito family. At this time, she immediately handed over a beautiful Tiffany jewelry box from the co-pilot.

Nanako Ito took the jewelry box excitedly, and carefully unpacked it.

When she opened the box, she found that in the jewelry box, lying quietly, the same ring that was exactly the same as the diamond ring that Charlie had her try.

Chapter 1846

The rings are the same in style and size, even the size of the shank is exactly the same.

As soon as she saw this ring, Nanako Ito felt extremely happy and joyful, as if this ring was really given to herself by Charlie.

Seeing her looking at this ring, Kawana was overjoyed and asked in surprise: "Miss, why would you be interested in a brand like Tiffany? This brand is a very ordinary jewelry brand, and this Rings are too cheap, and diamonds are really hard to get out..."

Kawana is right. This kind of diamond ring, which sells for less than 1 million, is simply for ordinary little rich men. The real rich man doesn't even bother to wear this kind of ring.

The richest people in Europe, America, Japan and South Korea like diamonds the most. Some of them are very pure, and the cutting process can reach the top diamonds. One is worth ten million. Real wealthy people buy this kind of diamonds, specially made into diamond rings.

Therefore, the diamond ring worn by the top wealthy people is worth more than tens of millions, which is really ordinary. Chinese rich people like more things. They not only like diamonds, but also all kinds of gems, especially jade.

The real top-quality emperor green jade has a surprisingly high price. It is not a big problem for a bracelet to be worth more than tens of millions or even hundreds of millions. Because for the wealthy, this kind of jewelry can not only bring out face, but also has a lot of room for appreciation.

The Ito family itself is Japan's top wealthy family, and Nanako Ito is the only daughter of the family patriarch. She would like this ordinary small diamond ring, which really exceeds Kawana's cognition of her.

Nanako Ito held the diamond ring in love, and said shyly: "Kaana, there are some things that cannot be measured by value. This ring may not be worth too much in your eyes, but it is invaluable in my eyes. ."

After all, she couldn't wait to wear the ring on her ring finger.

Looking at this ring, she couldn't help showing a happy smile on her face.

Kawana Hisui exclaimed: "Miss, the ring finger is specially used to wear a wedding ring. You can't wear a ring on the ring finger. Otherwise, if someone sees it, you will think you have been married. !"

When Nanako Ito heard this, she suddenly realized that as a single woman, she really shouldn't wear a ring on her ring finger. This would cause misunderstandings among people around her.

But this did not delay her love for the ring, so she hurriedly took off the ring, put it back carefully, and stuck out her tongue at Kawana Hisui: "It's okay, I just wear it for a try, and go out. I will definitely not wear it."

Kawana nodded and asked her, "Miss, where are we going now?"

Nanako Ito said: "Go to the hospital, I'll accompany my father!"

"it is good!"

.....

At this moment, Charlie had successfully passed the security check, and took his passport and boarding pass to the VIP lounge. Now, there is about an hour before the flight takes off, and about half an hour before boarding. There were not many people in the VIP lounge, so Charlie randomly found a seat and sat down.

As soon as I sat down, a beautiful waiter immediately said to ask: "Hello sir, do you need something to drink?"

Charlie didn't know why, but Nanako Ito was still in his heart, so he waved his hand absently, "No, thank you."

The waiter nodded and said politely: "If you have any needs, please feel free to tell me."

"Ok."

After Charlie finished speaking, he was about to take out his mobile phone to contact Isaac Cameron. With his keen hearing, he heard a woman not far away. She lowered her voice and said to the phone: "In order to avoid unnecessary trouble, notify the crew, tonight first, we will rest one night in Highland Falls and return to Eastcliff tomorrow!"

Chapter 1847

Originally, Xion's retreat plan was that everyone dispersed to Osaka, and then transferred a private jet from Highland Falls to bring everyone from Osaka directly back to Eastcliff.

However, considering that if the Tokyo Metropolitan Police Department cannot catch itself and the other Banks Family members, it will definitely recheck the previous exit records, so a plane flying directly from Osaka to Eastcliff will inevitably become the most in the eyes of the Tokyo Metropolitan Police Department. Suspicious object.

Therefore, Xion decided to fly to Highland Falls from Osaka first.

The Japanese side only has the right to check the flight information related to its own country. In theory, for all flights departing from Japan, the Japanese side has the right to check all the information about the flight.

But if you arrive at Highland Falls and then fly directly from Highland Falls to Eastcliff, then this is a completely domestic flight and has nothing to do with Japan. In this way, the Japanese clues are also broken.

It stands to reason that Xion would not make such a low-level mistake of being heard when making a phone call. She deliberately chose a corner in the VIP lounge where there was no one within 5 meters. And when she called just now, she deliberately suppressed her voice to the lowest level.

Judging from her experience, with the volume of her words just now, it is impossible for anyone to hear it even within three meters. Unless that person is only about one meter away from him. In addition, she didn't reveal too sensitive information when she spoke, only that she changed the plan and flew to Highland Falls first and then to Eastcliff. However, she did not expect that she would be heard by Charlie several meters away when she called with such a low voice. Charlie heard her words and immediately realized that this woman must be from the Banks Family. the reason is simple.

The reason why the entire Tokyo implements strict exit control is because the Banks Family destroyed Matsumoto's affairs. At this time, those who are deliberately thinking about leaving Japan and deliberately conceal their whereabouts are most likely from the Banks Family. What's more, this woman said on the phone just now that she must fly to Highland Falls before returning to Eastcliff.

This proves that her destination is actually Eastcliff.

Eastcliff happened to be the base camp of the Banks Family, so this woman must have worked for the Banks Family. After Xion gave orders, she put the phone back in her pocket and closed her eyes in the seat to rest.

Charlie quietly looked at the woman not far away. The beauty of her appearance was Charlie's first impression of her, and his second impression of her was that the features of this woman made people feel too cold.

The Apocalyptic Book made Charlie's perception more sensitive, allowing him to perceive a deeper taste from a person.

The feeling that Xion gave him was faintly bloody.

This kind of feeling is rarely encountered in ordinary people, so he can be sure that this woman's hands must be bloody. If he thinks about it, she should be the killer of the Banks Family.

Moreover, listening to what she said, the masters sent by the Banks Family to Japan should be just like herself, preparing to leave Japan by private jet from Osaka.

Thinking of this, he immediately took out his phone and sent Isaac Cameron a WeChat message: "Isaac, you can check it out immediately. There are a few private planes flying from Osaka tonight."

Isaac Cameron did not ask the reason, and immediately began an investigation.

Although he doesn't have much energy in Japan, collecting some tips, this basic problem can still be solved.

Chapter 1848

Civil aviation information itself is not considered a secret. Even the route of a private jet cannot be concealed from the airport staff and the airport dispatch system.

Therefore, Isaac Cameron quickly found some information and summarized it to Charlie.

Isaac Cameron's message to Charlie showed that there were four private jets flying from Osaka to Highland Falls tonight.

Two of them are small business jets with very few passengers. Both planes carry about 10 passengers. Considering that there are many masters from the Banks Family in Japan, it is unlikely to take this kind of aircraft back, so Charlie Then directly filter out the two planes.

The remaining two are private jets modified from Airbus a320 aircraft, and the number of seats for the entire aircraft is about forty to fifty people.

Therefore, Charlie speculated that the person from the Banks Family who left Japan from Osaka tonight took one of the two a320s.

So he asked Isaac Cameron to carefully investigate the information of the two aircraft.

Both aircraft are registered in China. One of them is under the name of a domestic private airline, but it is actually serving a high-end travel agency, specializing in high-end outbound charter flights, and this aircraft just left from the south yesterday. Shenzhen City sent a high-end tour group of forty people over, and today plans to pick up another group of tour group members to return to Shenzhen City.

The other one was registered under the name of a real estate company in China Shipping. The plane arrived in Osaka from China Shipping only today. The original flight plan was to fly from Osaka to Eastcliff, but the flight plan was temporarily changed and applied Permission to fly from Osaka to Highland Falls.

As soon as Charlie saw this, he knew that the last plane must have been arranged by the Banks Family.

Analyzing so far, Charlie suddenly had a bad idea.

As a result, he wiped a cold smile on the corner of his mouth, and after giving Isaac Cameron some orders, he smiled at the corner of his mouth, squinted his eyes on his seat and squinted to sleep.

Twenty minutes later, a gentle voice rang in his ears: "Priority boarding of your flight has already started, honorable first-class passenger. If you want to board the flight early, please go to the boarding gate.

Charlie gave a hum, and glanced at Xion's position, and saw that Xion had also stood up, and thought to himself: "Thinking of this Banks Family's female assassin, she is on the same flight as me. ."

Afterwards, he stretched his waist and took his small suitcase, before Xion stepped out of the VIP lounge.

Charlie came all the way to the boarding gate, and after showing his boarding pass, he gave priority to boarding from the VIP lane before all economy class passengers boarded the plane.

Since the plane was flying on a one-hour short-haul route from Tokyo to Osaka, the plane had very few first-class cabins, with only eight seats. Charlie's seat was in the second row by the window on the right.

The weak flight attendant offered to help him put the suitcase, Charlie thanked him, but he did it himself and put the suitcase in the overhead compartment. Just as he sat down, Xion walked in with a few first-class passengers. When Charlie saw her coming in, his first thought was to turn his head and not look at her, so as not to be discovered by her.

However, between the electric light and flint, he suddenly realized a problem. A female killer like Xion's strength and perception ability, although not necessarily better than herself, must be superior to ordinary people. And she is so beautiful, she must have accepted the attention given to her by ordinary men. If you deliberately avoid looking at her, she is very likely to notice something abnormal.

So Charlie deliberately looked at Xion with a look of surprise and awe, as if he was shocked by her beauty and excited about being able to take the same plane with her. Xion felt Charlie's scorching gaze, but just glanced at him casually, and her heart was immediately full of disdain.

She secretly said contemptuously in her heart: "Hey, it's another hanging silk who can't pull his legs when she sees a beautiful woman!"

Chapter 1849

Although Xion sneered at Charlie's performance, it was Charlie's superficial appearance that made her relax a little guard against Charlie. Then, she stepped to Charlie's side and sat down directly next to him. As soon as she sat down, Xion spent her spare time and looked at Charlie silently. This was not because she had doubts about Charlie, but because of her usual cautious habit. In each environment, the first thing she will do is to have a relatively in-depth understanding of the environment, so as to obtain more information that may be useful.

She observed Charlie for a while, and found that this man was really handsome and looked pleasing to the eye. It is that when I look at myself occasionally, the straight-forward look makes people look a little bit uncomfortable.

So, Xion turned around, looked at Charlie, and asked with a smile: "Mr. is Chinese?"

Charlie didn't expect that this Banks Family's female assassin would turn her face to talk to him, so he pretended to be surprised, and then asked with a bit of surprise: "Beauty, how can you tell that I am Chinese? This is not A flight to China."

Xion smiled slightly and said seriously: "The difference between Japanese boys and Chinese boys is still very big. For example, Japanese boys basically shave their eyebrows, and their hairstyles and dressing styles are also different."

Charlie smiled and said, "The beauty is really observant."

Xion nodded, and asked him, "Where is Mr. from China?"

Charlie said casually: "I'm from the southern region."

"Oh?" Xion raised her eyebrows and said with a smile: "southern region is a good place. As the saying goes, there is heaven above and Eastcliff below. The soil and water there are very nourishing."

After that, Xion asked him again: "By the way, since you are from southern region, you should know the Webb family of southern region, right?"

After all, Xion is a well-versed and experienced master. Hearing Charlie introduced himself as southern region, his first thought was to determine whether Charlie lied.

She felt that if the man next to her did not lie, he would most likely be a very useful tool person. In the next trip, if there is any emergency, he can be used as a shield, so that she can be better. Be safer.

Charlie heard the woman next to him mention the Webb family, and knew that the other party wanted to test if he was from southern region, so he smiled and said, "Who doesn't know about the Webb family, the current owner is Donald, they have two sons, one is called Sean and the other is called Kian. That Kian is very famous. It is said that I don't know which of the tendons didn't match up, and he has to eat poop every once in a while. Oh, it's also amazing."

Xion smiled and said, "I didn't expect you to be familiar with Webb's affairs."

Charlie said with a playful smile: "Of course, who doesn't know about the Webb family, southern region?"

As he said, Charlie lowered his voice and said, "Tell you something more exciting!"

Xion nodded: "Listen with respect."

Charlie hooked her and said, "You get closer and I will tell you."

Xion couldn't help frowning slightly, and said in a cold tone: "You can just say that."

Charlie wrote a copy of his face: "How can this secret be told in front of so many people casually? If you want to listen, come and listen. If you don't listen, forget it."

Xion's anger came up all at once, seeing Charlie's serious intention to take advantage of her, maybe he wanted to lick her with his big mouth.

Chapter 1850

However, Xion really wanted to know, what exactly Charlie knew about the more explosive material, so he suppressed the disgust in her heart and moved her body towards him, and said coldly: "Hurry up!"

Charlie also deliberately leaned toward her, spitting out warm air in her ear: "Some time ago, the brother-in-law of Donald, that is, Marcone, the leader of the southern region Gang, was killed. He was killed together, his wife, and a lot of beggars!"

Xion immediately retracted her body from Charlie's side, keeping a certain distance from Charlie, and said coldly: "That's it? It was all popular in short videos at the time. I ask you, Does anyone else know?"

Charlie shrugged: "I thought you didn't know."

Xion glared at him disgustingly. In her opinion, Charlie just used this matter to try to get close to her.

But fortunately, he didn't take any real advantage, so Xion didn't have an attack either.

However, after this incident, Xion's guard against Charlie was even lower.

Seeing that Xion could no longer speak, Charlie voluntarily leaned over to ask her, "Hey beauty, where are you from? I told you all, so do you want to talk to me?"

Xion said blankly: "You told me, it doesn't mean that I have to tell you."

Charlie smiled and said: "Beauty, don't be so cold! You are such a beautiful big beauty, you should smile more, smile more will make you look better!"

Xion rubbed her temples, and said disgustedly: "I'm sorry, I want to rest."

After speaking, she simply closed her eyes.

Charlie asked again: "Beauty, what are you doing in Osaka? Are you going to Osaka or returning from Osaka?"

Xion opened her eyes, frowned at him, and asked, "How do you know that I am not going back to China from Osaka?"

"Tokyo won't let you go!" Charlie sighed, and said, "I don't know what is going on in Tokyo, and what exit control is going on. My family is still waiting for me to go back to celebrate the New Year. There is no choice but to choose from Osaka. gone....."

Xion nodded lightly, and thought to herself: "It seems that I am too sensitive. People in Tokyo who want to return to China basically have to leave from Osaka or other airports in northeastern Japan. It's normal to return home from Osaka.

Therefore, Xion also completely lost the interest in chatting with Charlie, and said: "Okay, I'll squint for a while, if nothing is wrong, don't chat with me."

Charlie didn't shut his mouth wisely, but continued to ask: "By the way, the beauty, I listen to your accent, it sounds like a Eastcliff person!"

As soon as Xion's brows stretched out, she quickly frowned, denying: "I am not from Eastcliff, I am from Highland Falls."

Currently, Japan restricts exits and conducts investigations on all foreign tourists. Among them, the most important thing is tourists from China's Eastcliff native place, so Xion was cautious and described herself as a Chinese citizen.

Charlie said in surprise at this time: "Oh, beautiful, you're boring. Everyone is Chinese. It's fate to meet on a Japanese plane. You don't need to chat with your compatriots and hide it, right? Your accent As soon as I heard it was from Eastcliff, the people of Highland Falls are not talking like you."

Xion was about to be annoyed by Charlie. She is now more and more sure that Charlie has nothing wrong with him, nor is there any danger. He is just a bit sloppy, a bit wretched, and a bit too much nonsense. So while bothering him so much, she also completely relaxes her guard against him. .

At this time, she closed her eyes and rested her mind, too lazy to talk to Charlie.

Charlie has already instructed Isaac Cameron on WeChat to prepare him according to his plan...

Chapter 1851

Soon, the plane took off from Tokyo Airport. An hour later, we landed at Osaka Airport on time. When the plane landed, according to the usual practice, let first-class guests get off the plane first. Xion didn't have any luggage and was sitting in a row outside, so as soon as the plane stopped, she immediately got up and walked directly to the door.

As soon as the cabin door opened, Xion stepped out. In order to avoid long nights and dreams, the plane arranged by the Banks Family will take off in half an hour, so she needs to go to the business jet terminal and go through the security check again. To reach the hangar of the private jet.

The duty process of private jets is different from that of ordinary civil aviation, and ordinary terminals only serve ordinary civil aviation passengers.

As long as the customized passengers take private jets or business jets, they all go through the security check and boarding at the business jet terminal.

When Charlie walked out of the hatch carrying the suitcase, Xion was no longer in the long reach.

Charlie couldn't help but smiled and thought to himself: "I want to go back so anxiously? The more anxious you want to go back, the less I don't want you to go back."

Thinking of this, he himself walked slowly to the business jet terminal while taking out his mobile phone and asked Isaac Cameron: "Isaac, how are things arranged to explain you?"

Isaac Cameron smiled and said, "Master, don't worry, I have everything ready."

Charlie snorted and said, "You pay attention to the situation, I will be here soon."

"Good master!"

When Charlie arrived at the business jet terminal and passed the security check smoothly, Isaac Cameron had been waiting in the terminal for a long time.

Seeing Charlie, he immediately stepped forward and whispered to him: "Master, everyone else has already boarded the plane. The woman in black clothes you mentioned on WeChat, I just saw her. After passing the security check, I made a shuttle bus and went to Hangar No. 12. The plane parked there is the one you found out!"

After speaking, he said again: "Oh, yes, our plane is parked in Hangar 13 next to them, and the departure time we requested is just behind them, and their plane will be in front of us in a moment. One."

"Okay!" Charlie laughed and said, "Go, go to the hangar first, and wait for a good show!"

Later, Charlie and Isaac Cameron boarded a VIP shuttle bus and went to Hangar 13 together.

The shuttle bus drove all the way into the hangar, and the Gulfstream airliner that arrived was already waiting here.

When the plane sent Charlie and the others to Japan, they first flew to Tokyo, and then flew directly to Osaka to wait. During this time, they never left Osaka.

Seeing Charlie's arrival, Don Albert, Liam and others hurriedly got off the plane before Charlie arrived, and respectfully guarded outside the cabin door.

After Charlie got out of the car, everyone called Master Wade, and then bowed deeply together.

Charlie waved at them and said, "Don't engage in these etiquettes, board the plane quickly, I'm still waiting for a good show!"

After all, he has already taken the lead in boarding the plane. Seeing this, other people hurriedly followed.

After everyone boarded the plane, the flight attendant immediately closed the door, and then asked Isaac Cameron for instructions: "Mr. Wade, can the plane be launched?"

Isaac Cameron glanced at Charlie, and when he saw Charlie nodding, he immediately said to the flight attendant: "Let's launch it now!"

Subsequently, the aircraft was slowly pushed out of the hangar by ground vehicles.

The captain reported the situation to the tower and requested takeoff arrangements by the way. The tower responded to the instructions and informed the captain that there was a private jet going to Highland Falls in front of them and asked the captain to queue behind him to go to the runway.

Chapter 1852

So the captain immediately picked up the communicator and made a cabin announcement: "Mr. Wade, we have obtained the queuing permission from the tower. The tower puts us in line behind the China Shipping plane in Hangar No. 12. Now compare the planes waiting to take off at Osaka Airport. Many, it takes about forty minutes to take off."

As soon as Charlie heard that the plane he was flying was behind the plane of Banks' family, he immediately said to Isaac Cameron, "Go, go to the cockpit!"

Isaac Cameron quickly followed Charlie and squeezed into the somewhat narrow cockpit together.

As soon as Isaac Cameron came in, he asked the captain, "Where is the plane from China Shipping?"

The captain pointed to the plane that had just been pushed out from the hangar and was turning in place, and said, "Isaac, that's the one."

Isaac Cameron nodded and saw that the plane turned toward the runway after turning in place, so he quickly said to the captain, "Quickly follow him!"

The captain immediately increased the engine thrust, and the plane followed the Banks' plane and taxied forward unhurriedly.

Seeing the plane with its wings trembling constantly in front, Charlie's face was full of smiles.

.....

At this moment, in the Airbus A320 sent by the Banks Family, more than fifty top masters of the Banks Family were sitting neatly.

A middle-aged man, looking at Xion sitting in the front unsmilingly, stepped forward and smiled and said: "Miss Xion, this operation is really successful under your command. Let's destroy the Matsumoto family. None of them died, and we will be successfully withdrawn this time. As long as our planes fly together, the Tokyo Metropolitan Police Department will never find us in this lifetime!"

As soon as the others heard this, they hurriedly agreed: "Yes, Miss Xion, you have a good leadership this time. After you go back, Mr. Banks will definitely promote you. Don't forget us at that time!"

Xion said indifferently: "I, like you, are both subordinates of the Banks Family. As long as you do things well, the Patriarch will definitely not treat you badly."

After that, Xion said again: "After going back this time, I will definitely report the truth to the Patriarch and ask for your credit. Please rest assured!"

When everyone heard this, they all smiled and apologized.

Although everyone is a master of martial arts, in the final analysis, they have completely entered the dunya, and they have worked for the Banks Family for money.

When Xion said that she wanted to ask for credit for everyone, everyone naturally knew, which meant that the Banks Family would definitely reward everyone with a generous amount of cash.

As a result, everyone clapped happily, cheering and whistling endlessly.

At this time, Xion's phone vibrated.

She picked up her mobile phone, saw that Zayne was calling, hurriedly connected the phone, and said respectfully: "Patriarch!"

Zayne's voice came: "Xion, how is your side? Is it about to take off? There are no accidents and twists in the middle, right?"

Xion hurriedly said, "Master, our plane is already in line for take-off, and it is expected to take off in half an hour at most!"

"Very good!" Zayne said with a smile: "This time, you did a very beautiful job! When you return to Eastcliff, you will definitely be rewarded!"

Xion said piously: "Patriarch, it is Xion's blessing to share worries for you and the Banks Family..."

Zayne laughed and said, "If you leave, I am really lucky to have you as a strong general! Don't you always want to go back to your hometown to take a look, after this time you go back, I will give you a good vacation and go back to your hometown to take a rest Rest, you can rest until the Lantern Festival and then come back!"

Xion said gratefully: "Thank you Patriarch! I really want to go back and take a look. It would be great if I can rest!"

Zayne said, "You did so beautifully this time, and you will definitely have a good rest when you go back!"

When Xion was about to say thank you, a large number of helicopters roared from all directions outside. Outside the window, you could see many armored personnel carriers roaring, surrounding the planes.

In the sky, the helicopter shouted with a high-power speaker: "Listen to the people below, we are the Japanese Self-Defense Force! You are now surrounded!"
