

Chapter 371

Elaine spent the rest of the morning daydreaming repeatedly about the million-dollar present that Jason had prepared for her. What could it be? She didn't even have the mood to play cards anymore and quickly rushed to the Divine Lounge to meet up with Jason when it was time.

What would the gift be? Jewelry? Diamonds? Cash? A cheque? Or something else?

For people like Elaine who were on the fiddle, Jason's lucrative gift was such an alluring attraction.

The other day, when she had used Claire's cheque to pay for the hospital bill and exploited 160,000 dollars from it, she was so happy that she had grinned over her cleverness for days.

Hence, the thought of getting a million-dollar gift from Jason immediately sent her to cloud nine!

At 11.30 am, Elaine bid farewell to her friends, took a taxi, and went straight to the Divine Lounge.

When she arrived at the restaurant, she stood by the door as agreed and waited for Jason to come.

Soon, a brand new black Mercedes Benz slowly rolled to a stop in front of her.

Then, the car door opened, and a young man in a suit and leather shoes stepped out of the car.

It was Jason.

He was very handsome and stylish. The only downside was that he was limping.

A lot of ladies were attracted by Jason's cool looks and the awesome Mercedes Benz, but when they saw that he was limping, they sighed dejectedly and walked away.

All of these minor expressions from the onlookers fell into Jason's sight and made his blood boil. He hated Charlie and Anthony to the core and wanted them to be wiped off the face of the earth completely.

However, Elaine was standing not far from him, so he suppressed the anger and hatred, limping toward Elaine with a gentle smile on his face.

"Hi, Auntie. Sorry to keep you waiting."

"Oh, no, Jason, I just arrived..."

Then, she peeked at the brand new Mercedes Benz behind Jason and asked in surprise, "Oh, is that your new car?"

Jason smiled politely. "Yes. It's a Mercedes Benz S500. I just got it from the showroom today. It's not very expensive anyway, just over 1.6 million."

Then, he handed the car key to Elaine and said, "Auntie, please accept this key."

Elaine frowned in confusion upon taking the key and asked, "Jason, what is the meaning of this?"

“Auntie, this is the gift I told you about over the phone! I saw that Uncle and Claire both have a BMW, but you don’t have a car yet. It’s such a pity for someone of your status.”

Elaine was extremely thrilled. “Oh, Jason, you shouldn’t have! This is so expensive!”

Despite her remark, she was clutching the car key tightly in her hand and had no intention of returning it to Jason.

Of course, Jason sensed this and said, “Honestly, Uncle and Claire are driving the lower class BMW 5 Series, their combined total doesn’t even exceed a million. This S500 is so much better and luxurious than theirs, I think you are very suited to drive the classy Mercedes Benz. It is my little token of affection, so, please accept it.”

Elaine was over the moon!

She was the stereotypical representative of the kind of a snobbish and greedy mother-in-law!

Chapter 372

There was nothing in her mind but money!

For her, the most important element she looked for in a son-in-law was that they must be rich and willing to spend money on her. Otherwise, they were nothing but stinky shit in her eyes no matter how good they were.

A man like Jason was the best candidate for a son-in-law because he was willing to spend money on his mother-in-law!

He was already so generous and had given her a Mercedes Benz as a gift even before he was together with her daughter, what would happen if Claire married him? Would he give her a big mansion or a lavish yacht?

She was extremely delighted, and her imagination ran wild!

However, she still had to be polite superficially. Grabbing Jason’s arm, she said earnestly, “Jason, I’m touched by your generosity, but the car is very expensive. Would it truly be okay if I accepted it just like that?”

“Why wouldn’t it be?” Jason answered. “Auntie, it’s my token of appreciation, just take it!”

Elaine grinned like a dog with two tails upon his serious expression. She put the key into her handbag and said happily, “Then, I’ll accept it graciously! Thank you so much, Jason!”

Her naked expression of greed and snobbishness fell into Jason’s cautious glance instantly. He sneered secretly and thought that the plan he and his father had hatched would be realized successfully thanks to Elaine’s snobbery!

As this thought ran quietly through his mind, he politely smiled and said, “Auntie, don’t just stand here at the door, let’s go in.”

Elaine nodded with a wide grin. “Sure, sure, let’s go in, then!”

When they walked into the restaurant, Jason asked the waiter to take them to the reserved seat and ordered a table of expensive and lavish cuisine.

In the middle of their lunch, Jason cleared his throat, put on a guilty tone, and said, “Auntie, I’m sorry for bringing a quack to visit Uncle at the hospital the other day. It was my mistake, I’m sorry!”

Elaine donned a warm smile. “Silly child, don’t be! I’ve never blamed you! You were a victim too!”

Jason nodded. Then, he glanced at Elaine and said sincerely, “Auntie, frankly speaking, I like Claire. I want to marry her and make her my wife, I wonder if you will be okay with it?”

Elaine shrieked excitedly, “Of course, of course! I completely agree! Honestly, I’ve already regarded you as my future son-in-law!”

Jason sighed, “Thank you for supporting me, but I’m worried that Claire still holds a grudge against me. If we don’t resolve the misunderstanding between us, I don’t think I can be with her ever.”

“Hush, it’s just a small matter. You guys can just talk it out! I can even help you talk to her!”

Jason knew that this was the perfect timing to make his move. He said, “Auntie, actually, I planned to apologize and confess to Claire in person. I have an idea. My family has a mansion by the river. I’ll set up a candlelight dinner tonight, buy some flowers, and do some decorations around the house. Please bring Claire to the mansion so that I can apologize to her in person and make a confession. Maybe, if she’s okay with it, she’ll agree to be with me!”

“Wow! Jason, you are so attentive, I’m impressed!” Elaine blinked delightedly and continued, “Okay, I’ll call Claire now!”

Then, she took out her phone and was about to call Claire.

Jason grinned slyly, but he said in an earnest tone, “Auntie, please don’t tell her that it was my idea, she may not want to come if she knows!”

Then, he added, “Tell her this instead. Tell her that your friend has a mansion by the river that needs renovation and wants to hire her to take on the project. She is so ambitious, I’m sure she will say yes when she hears that there is a business opportunity waiting for her. Then, you can come with her and be my wingwoman when I confess to her!”

Elaine blurted out, “Wow, that sounds like a brilliant plan! Okay, let’s go with your plan!”

A tinge of sinister vibe flashed across Jason's eyes as he thought to himself, 'Later tonight, I'll get my hands on Claire first. And then, after charming this old vixen, I'll trick Charlie into coming to the mansion and kill him!'

Chapter 373

At this time, Claire, Charlie, and Jacob had just finished having lunch at home.

As Charlie was heading to the kitchen to clean up the dishes as usual, he suddenly received a phone call from Xyla.

As soon as he answered the call, Xyla replied in shame as she said, "Mr. Wade, what are you doing now?"

"I'm just at home." Charlie replied in a casual manner. After that, he asked, "What's wrong? Is there anything you want to tell me?"

At this time, Xyla quickly replied, "The reason why I'm calling you today is because I want to report something to you."

"Speak."

Xyla hurriedly explained herself at this time. "So, this is what happened. Yesterday, Jason Grant and Kenneth Wilson came to my grandfather's medical clinic begging him to treat them! My grandfather did not know that Kenneth had offended you and he almost gave him the other half of the magical pill that you'd previously given to him!"

Out of curiosity, Charlie asked, "Why? Does your family have a good relationship with Kenneth? Why would your grandfather be willing to give him such a precious medicine?"

Charlie knew very well that Anthony regarded the magical pill that he gave him as a rare treasure and he knew that this pill was very important to Anthony.

Since it was such an important item, why would anyone give it to someone who they did not know or someone who was just an ordinary acquaintance?

At this time, Xyla hurriedly replied, "My grandfather and Kenneth's father were very close friends in the past. Both of them shared a close relationship in the past and they've both always been very close throughout the years."

After that, Xyla also told Charlie about everything that her grandfather and the old man from the Wilson family had gone through together in the past.

After Charlie heard Xyla's explanation, he realized that the Wilson family was actually the benefactor who had helped Anthony in the past.

Moreover, he found out that Anthony had been repaying the kindness of the Wilson family for so many years just because of the small favor that he had received in the past. This made Charlie feel more respect and admiration for Anthony.

What made him even more satisfied was the fact that Anthony could distinguish between right and wrong and he did not hesitate to break off all connections with the Wilson family just because of him.

Even though Charlie was the young lord of the most prestigious and powerful family in Eastcliff, he left the Wade family with his father when he was still a young boy. When his father died unexpectedly, he had to run around to survive and he was eventually brought to the orphanage where he grew up.

Charlie understood the importance of gratitude and repaying kindness because of the time that he spent in the orphanage.

The auntie at the orphanage had raised him up and treated him so well. Therefore, when she fell ill, Charlie did not mind all the insults, mocking, and criticism that the Wilson family hurled at him and he still mustered up the courage to borrow money from them just so he could treat her illness.

Claire was the one who helped him then and even if he really had no respect for the Wilson family, he could not leave Claire without repaying her for her kindness.

It was precisely because he knew that Anthony had the same character and perception as him that he started to have a better impression of him.

It seemed as though Anthony would become one of his loyal followers in future.

Since Anthony was so loyal to him, Charlie decided to reward him for his loyalty.

As he thought about this, Charlie decided to head to Serene World Clinic later in the afternoon to give Anthony another of his magical pills.

After all, Charlie concocted thirty of those pills at one go and after giving out some of the pills, he still had about twenty pills left with him.

Charlie had already mastered the concoction of the pills and since he could control his own qi and spiritual energy after studying the Apocalyptic Book, it did not cost him anything at all to make the pills.

Moreover, Charlie wanted to let the people in Aurous Hill understand that he was someone who would give distinct punishments and rewards for their actions.

If you did something bad, then you would be punished.

However, if you did something good, then you should be rewarded!

Since Anthony had done very well this time, Charlie wanted to pay him a visit in the afternoon so that he could reward him with another magical pill that he would have never dreamt of.

Therefore, Charlie asked Xyla immediately, "Will your grandfather be at Serene World Clinic in the afternoon?"

"Yes." Xyla asked excitedly, "Mr. Wade, are you planning to come over?"

Chapter 374

Charlie simply replied, "Yes, I will come over and take a look later in the afternoon."

"That is great, Mr. Wade!" Xyla yelled excitedly before she said, "Let me tell Grandpa the good news now. He must be very excited!"

After he was done cleaning up in the kitchen, Charlie came out of the kitchen and he saw that Claire was already ready to leave the house. After that, he asked, "My dear wife, are you heading to your studio now?"

Claire shook her head before she said, "No. Mom called me and she told me that she has a friend who's interested in renovating a villa. Therefore, I'm heading there to check it out."

At this time, Charlie replied in a hurry, "Which area are you heading to?"

Claire replied immediately, "The villa by the river."

Charlie smiled before he replied, "That's perfect! Can you drop me off at Serene World Clinic on the way to the villa? I want to pay a visit to the genius doctor, Dr. Simmons."

Claire was very surprised and she asked, "Are you going to see Dr. Simmons? Why don't I come along with you, then? Let's buy something for him before we pay him a visit! I really want to thank the genius doctor for healing my father!"

Claire felt very grateful towards Anthony because she had always felt that he was the one who cured her father of his paraplegia.

Charlie smiled before he said, "Don't worry about it, Claire. You can just drop me off at the clinic and you can go and get busy with your work. I can see the doctor on my own."

Claire replied, "That wouldn't be appropriate..."

Charlie smiled as he replied, "There is nothing inappropriate with that. After all, Dr. Simmons has a really weird character so he might not be too happy if so many of us gathered in his clinic all of a sudden."

When Claire heard this, she nodded before she said, "Alright then. You can visit him first today. If it's possible, please make an appointment with him so that we can treat him to a nice dinner one day!"

"That sounds like a good idea!"

...

After that, the couple left the house together and Claire drove Charlie out of the city.

When they arrived at the Serene World Clinic, Charlie got out of the car before he told Claire to drive carefully. After that, he walked into the clinic.

At this time, Anthony was seeing a patient in the medical hall and when he saw Charlie coming into the clinic, he was very excited and he quickly stood up and greeted him immediately. "Mr. Wade, you are here!"

Charlie smiled slightly before he said, "You can go ahead with your work first. Don't worry about me."

Anthony nodded before he called for Xyla, who was busy dispensing medicine at this time. "Xyla! Mr. Wade is already here. Come out and entertain him first!"

Xyla quickly dropped everything that she was doing before she walked over to Charlie with a blushing face.

"Mr. Wade, you're here!"

Xyla's voice was very crisp and sweet and she had a very innocent smile on her face. Besides that, Xyla also had two shallow dimples which made her look particularly affectionate.

What surprised Charlie even more was that Xyla was not like any other women who always had a faint fragrance of perfume around them. Instead, Xyla carried a faint fragrance of medicine and herbs around her.

Most of the people who worked in a pharmacy or medical clinic would always carry a strong scent of medicine around them. However, Xyla had a very pleasant fragrance and it even had a soothing effect on him.

Charlie looked at Xyla before he laughed and said, "Now that your grandfather had already recovered, are you retreating and working behind the scenes instead?"

"Yes." Xyla smiled before she said in a sweet manner, "But I am not always in the background. Grandpa will see up to five patients every day and I'll see the rest of the patients."

Charlie nodded before he said, "Your medical skills are already very superb. I believe that it won't be long before you become a famous young genius doctor in Aurous Hill."

"How would that be possible?" Xyla blushed as she replied shyly, "My medical skills are still not as good as my grandfather. Moreover, my medical skills can never compare to yours, Mr. Wade."

At this time, Anthony escorted a patient out of the clinic before he said to the other patients in the medical hall, "Dear patients who are waiting for a consultation, I have a distinguished guest with me here today and I have to entertain him now. Therefore, I will need to suspend all consultations for a short while. Please forgive me."

After that, Anthony walked towards Charlie before he bowed respectfully and said, "Hello, Mr. Wade."

Chapter 375

When Charlie saw Anthony saluting and bowing before him, Charlie waved his hand before he said, "Mr. Simmons, you don't need to be so polite with me. You don't need to call me Mr. Wade either, you can just call me Charlie."

"How could I possibly do that?" Anthony hurriedly bowed before he said, "Mr. Wade, you are my master, so how could I possibly address you by your first name?"

When Charlie saw how stubborn and persistent the old man was, he did not continue to persuade him. Instead, he simply said, "I heard that Jason Grant and Kenneth Wilson came to see you yesterday?"

Anthony was very surprised at this time. "Mr. Wade, how did you find out about this?"

Xyla stuck out her tongue before she said, "Grandpa, I was the one who told Mr. Wade about this..."

Anthony started to reprimand Xyla immediately. "Young girl! Mr. Wade is so busy with his own daily affairs, so how could you bother him with something as trivial as this?"

Xyla felt very aggrieved at this time.

The reason why she had called Charlie was not because she wanted to ask for credit on behalf of her grandfather. Instead, it was simply because she wanted to look for an opportunity to talk to Charlie.

After all, she had always regarded Charlie as her idol and she admired him even more than she admired her own grandfather. Therefore, she really wanted to look for an opportunity to talk to him even if it was just a mere phone call.

However, she could not possibly make a phone call to Charlie if there was nothing for them to talk about, could she?

Therefore, she decided to report the events that had happened yesterday to Charlie.

However, she did not expect her grandfather to scold her instead!

In fact, the reason why Anthony yelled at Xyla was simply because he was worried that Charlie would misunderstand him. He was afraid that Charlie would think that he was the one who had asked Xyla to call him so that he could get more credit for himself. He did not want Charlie to misunderstand him and think of him as someone who wanted to take credit for everything.

When Charlie saw the aggrieved and miserable expression on Xyla's face, he smiled before he said, "Mr. Simmons, this is just a small matter. Please don't scold Xyla because of this."

At this time, Anthony hurriedly replied, "Mr. Wade, I'm sorry for embarrassing myself in front of you."

Charlie waved his hand before he said, "Mr. Simmons, when you found out that Jason and Kenneth had offended me in the past, you refused to treat them. This means you're loyal to me and showing me respect. I'll remember what you have done."

Anthony quickly replied, "Mr. Wade, you've done so much for me and you showed me so much kindness when you saved my life. I can only do so much to ease your worries and troubles. You don't have to be so polite to me."

After that, Anthony pointed at the Serene World Clinic signboard before he said in a serious manner, "I made this decision to stay in Aurous Hill and open a medical clinic because I want to be able to help you and carry out your instructions whenever you need my services. This is the only way I'll be able to repay your kindness!"

Charlie smiled before he said, "You really are a very loyal man."

After that, Charlie took out the magical pill from his pocket before he handed it to Anthony. "Mr. Simmons, this is the same magical pill that I've given you previously. Even though I've not specifically demonstrated it, based on ancient records, a dying man would be able to prolong his life for another five to ten years after taking this pill. Therefore, I've decided to give you this pill today. You should keep it with you because it might be useful to you in the future."

Anthony looked at the pill and he trembled as he fell to his knees. After that, he said in a trembling voice, "Mr. Wade, you can't do this. You've already given me one of these pills prior to this and I've not been able to repay your kindness. How could I possibly receive such a big gift from you?"

When Xyla saw that her grandfather had already gotten down on his knees, she knelt down beside him as she rested her slender hands on her knees and looked at Charlie with her bright and watery eyes.

Charlie had given this magical pill to a few people. Even though every one of them knew that this magical pill was extremely precious, the person who understood the value of this medicine the most was none other than Anthony.

First of all, Anthony had been practicing medicine for his whole life. Since he was so proficient and knowledgeable in medicine, he knew how powerful this magical pill was and he knew that he could not possibly find a second one in this world.

Secondly, Anthony was already growing older and the older he got, the better he understood his own fate. Even though he was a genius doctor who was very famous, after living for more than eighty years, it was very possible for him to quietly pass away in his sleep one day.

This magical pill had the ability to prolong the life of a dying man! This meant that Anthony would be able to extend his life for several years because of this magical pill that Charlie was giving to him!

Of course, Anthony would love to have this magical pill. However, he did not dare ask for it!

Chapter 376

As the saying goes, he should not be rewarded for a merit.

Anthony felt that all he did was to refuse to treat Jason and Kenneth. In his opinion, he did not deserve to receive such a precious medicine from Charlie because of this small act of his.

However, it did not matter to Charlie at all.

If he really wanted to make this medicine, he could easily make thousands of these magical pills in a single day.

The main reason why he did not want to make so many of these pills was because he wanted this magical pill to remain precious and valuable.

Therefore, giving Anthony an extra magical pill meant nothing to Charlie at all.

Charlie said in a light manner, “Mr. Simmons, since you want to stay by my side and share my worries, then you should also know that I will always reward and punish people for their acts. I think that you did very well and I feel you deserve to be rewarded. Therefore, it is only natural for me to reward you. You don’t have to be so polite with me. If I give you a reward, you should just accept it.”

Anthony started to shed tears out of excitement before he kowtowed in front of Charlie and said, “Thank you, Mr. Wade! Thank you, Mr. Wade!”

Xyla also hurriedly bowed before Charlie with her hands placed respectfully as she said, “Thank you, Mr. Wade!”

Charlie looked at Xyla and he smiled before he said, “Xyla, raise your head and look at me.”

Xyla hurriedly raised her head before she looked at Charlie with an embarrassed expression on her face as she tried to avoid eye contact with Charlie.

Charlie looked at Xyla before he smiled slightly, “In the future, when the time is right, I will also give you one of these magical pills. By then, you would definitely be able to take your medical skills one step further.”

The magical pill functioned to treat and restore the bodies of the elderly, while it could provide more energy to the meridian points in younger people.

After a young person takes one of these pills, they are able to strengthen their own bodies to a great extent and they would be able to greatly enhance the meridians in their body.

Qi is the most important value in traditional Chinese medicine and a doctor requires a higher concentration of internal qi in their body. If someone with insufficient qi performs acupuncture or moxibustion, it would not be effective even if they have some knowledge about acupuncture.

This was the main reason why many famous doctors had strong physical strength.

Xyla burst into tears when she heard Charlie’s words. At this time, Anthony, who was next to her, was also very excited and he hurriedly said, “Xyla, hurry up and thank Mr. Wade for his kindness!”

Xyla came to her senses immediately and she quickly kowtowed in front of Charlie. She choked as she said, “Thank you, Mr. Wade! Thank you!”

As Charlie was giving medicine to Anthony at Serene World Clinic, Claire had already driven to the riverside villa in the suburbs.

As soon as she arrived outside the villa area, she called her mother, Elaine and said, “Mom, I’ve already arrived at the riverside villa. Where is your friend?”

Elaine was anxiously waiting for Claire in Jason’s villa at this time.

After receiving the call from Claire, she replied excitedly, “This is a high-end villa area. The management is very strict and they won’t allow any cars to enter. You can just park your car at the parking lot outside. I’ll come and pick you up now!”

“Okay.” Claire replied, “I’ll just wait for you at the entrance, then.”

Elaine hung up the phone and she had an excited expression on her face as she hurriedly told Jason and his father, Justin, “Claire is already here! I’ll go and pick her up now!”

Jason hurriedly pointed at the heart-shaped roses and the candles at the entrance before he said, “Auntie, I hope that you will not make a mistake and say anything unnecessary. I don’t want Claire to know that I am waiting for her here. I want her to see this romantic scene as soon as she steps through the door!”

Elaine smiled from ear to ear as she said, “Oh, Jason! Don’t worry. I won’t reveal anything!”

Chapter 377

Jason’s father, Justin, had not said a single word and he simply looked at Elaine up and down. He felt that even though this woman was a little older, she was still a very charming woman. Moreover, she could be considered a more gorgeous and charming woman among all her peers.

At this time, he was looking at Elaine with a greedy expression on his face as he thought to himself that when Claire arrived later, he would immediately tie both of them up! After that, he would be able to have some fun with Elaine.

If he had the time, he could even have his way with the young and beautiful Claire then!

As he thought about this, he smiled before he said to Elaine, “Oh, Miss Elaine, if Claire agrees to get together with Jason, then we can even be in-laws in future!”

Elaine looked at Justin before she nodded and said in a flattered manner, “Yes, Mr. Grant. It would be a great blessing to our family if we could become in-laws in future!”

Justin smiled before he said, “I think that our children will definitely be a good match for each other!”

Elaine agreed with him immediately. “Mr. Grant, I feel the same way you do! Our children are both so capable and talented. They really are a perfect match! Don’t worry, when we get home, I’ll definitely get Claire to divorce that useless piece of trash Charlie!”

After that, she looked at Jason before she hurriedly said, "Jason, you mustn't think badly of Claire just because she is married. In fact, she has always guarded and protected her own body even after getting married to Charlie!"

Jason was also very excited at this time.

Guarded her own body?

Did that mean that Claire was still retaining her own chastity?

Oh my god! That was great!

Today, he would be the first person to make love to Claire, the famous beauty in Aurous Hill!

As he thought about this, he was extremely excited and he wished that he could defile Claire on the spot immediately.

Elaine was only thinking of all the petty gains and she could not see through the viciousness in Jason and Justin's hearts at all. She didn't even know that catastrophe was already imminent. Instead, she simply smiled before she said, "Okay, I'm going out for a short while to bring Claire here."

The father and son walked her out of the villa and both of them were very excited when they returned into the villa.

Jason could not help but ask his father, "Dad, Claire is such a beautiful woman. Don't you think it would be a waste to kill her after raping her?"

Justin replied in a cold manner, "We have to kill them. If we kept her alive, there will definitely be plenty of problems in the future!"

After that, Jason said, "Why don't we kill Elaine and Charlie first? After that, we can lock Claire up in the basement. Our villa is soundproof and it's located so far away from the other villas. No one would ever find out about her!"

Justin's eyes lit up immediately as he said, "Do you mean that you want to keep Claire locked up in the basement?"

"That's right!" Jason replied. "Otherwise, don't you think it would be a waste to kill such a beautiful woman just like that?"

Justin thought for a moment before he said to Jason, "Alright then, let's do it this way. Let's trick Charlie into coming here before we kill him first. After that, we'll have our way with Elaine and Claire before we kill Elaine. Next, we will imprison Claire in the basement of the villa. You can have her every Monday, Wednesday, Friday, and Sunday, while I'll have her on Tuesdays, Thursdays, and Saturdays then!"

Jason was stunned. He did not expect his father to actually want Claire for himself too.

However, it did not matter because if he thought about it carefully, they would have to kill Elaine after killing Charlie. At that time, Claire would definitely be filled with hatred for him.

He would only have two choices then. He would either have to kill her or imprison her so that he could use her whenever he wanted to.

Since she was just a source of entertainment to him, it would not hurt him to share her with someone else.

Therefore, he nodded before he said, "Okay, Dad. I'll follow your arrangements."

Justin started beaming before he said in a cheerful manner, "That's perfect, then!"

Chapter 378

After that, he took out a black pistol from his waist before he checked it and said in a cold manner, "Alright then. After Charlie arrives, I will just shoot him in the head directly! I will avenge you immediately!"

Claire did not know anything at all.

She waited for her mother by the entrance of the riverside villa and at this time, she suddenly saw Elaine trotting out to meet her.

Elaine quickly opened the small gate before she said, "Claire! Come in!"

Claire also waved at her mother.

After that, Claire could not help but asked her mother, "Mom, why haven't I heard of this friend of yours who lives at the riverside villa before this?"

The riverside villa was located on the river bank and it was one of the local high-end communities in Aurous Hill. The people who lived here were all very wealthy and powerful and they were obviously beyond Elaine's ordinary circle of friends.

Elaine grinned before she said, "It's one of my old classmates. He recently bought a villa here and he is thinking of renovating the villa. He said that he has a budget of eight million dollars to cover the renovation of his villa! Don't you think that it is really a big deal?"

Claire smiled before she said, "Of course, any home renovation that costs over a million dollars is a great deal to me."

Elaine smiled and said, "That's good! Let's head over there now so you can take a look at the layout of the villa and come up with a rough interior design for the renovation of the villa!"

"Sounds great!"

After that, Elaine brought Claire to Villa 8 before she rang the doorbell.

As soon as the door opened, Jason greeted them warmly with a smile on his face. "Hello, Claire. It's been a long time since I last saw you."

Claire was taken aback for a moment and the expression on her face turned cold immediately. She ignored Jason before she turned around to question Elaine who was standing directly behind her at this time. "Mom, is this the friend that you were talking about?"

Elaine replied awkwardly, "Well, Claire, don't be angry. Jason has a surprise for you!"

Jason nodded hurriedly before he revealed the heart-shaped roses and candles that he had already lined up in front of the door.

At this time, Claire asked Elaine angrily, "Mom, did you join forces with Jason to lie to me?"

Elaine hurriedly said, "Claire, please listen to my explanation. Jason is really sincere about you..."

Jason also hurriedly explained, "Claire, this isn't your mother's fault. I was the one who asked for her help to invite you over here today."

Claire glared at Elaine with a cold expression on her face before she said, "Mom, I'm really very disappointed in you!"

After that, Claire turned around as she was prepared to leave immediately.

However, Elaine hurriedly blocked her path and she tried to persuade her at this time. "Claire, this is all my fault but I'm not lying to you. I'm doing this for your own good. Jason really wants to discuss some work collaboration with you and he really intends to renovate his villa."

Claire frowned before she said angrily, "I am not on the same wavelength as this person at all!"

Elaine glared at her as she said, "What are you talking about? Jason has already lowered himself and he gave in so much just because he wants to apologize to you. Look how nice this kid is! So, what are you still saying here?"

After that, Elaine continued urging, "Since you are already here, just listen to me. Try and communicate with Jason and if things don't work out between both of you, you can still talk about the renovation project then, okay?"

Without even waiting for Claire to respond, Elaine pushed her directly into the villa!

Chapter 379

Elaine did not know that she was not only pushing her daughter into a fire pit at this time, but she was also pushing herself into one.

Elaine was only hoping that Claire could clear up all the misunderstandings that she had with Jason and she also hoped that Claire would be able to develop a good impression of Jason at this time.

If everything proceeded as planned, then Claire would finally divorce the useless piece of trash, Charlie, and then she could marry Jason instead.

Claire could not help but feel a little annoyed and frustrated as soon as she was pushed into the villa by her mother.

She knew that her mother was a materialistic person who had no morals at all but she thought that Elaine would have a limit.

However, she could not believe that her mother would actually gang up with someone else to deceive her. This made her feel really disappointed!

At this time, Claire turned around because she wanted to leave the villa immediately. Unexpectedly, Jason closed the door before locking it behind him.

Claire glared at Jason with a cold expression on her face as she said, "Jason Grant, please let me out now!"

"Claire, since you're already here, why do you want to leave so soon? Why don't you take a seat so that we can have a chat instead?"

Jason stood in front of Claire as he stared at her with fiery and intense eyes. He looked at her slender and long legs, her slender waist, her perfect figure, and her beautiful face and he could not help but feel very excited...

This woman really exudes charm all over her and his heart was already beating frantically because of her.

Claire looked at him with disgust before she said coldly, "I have nothing to chat with you so please let me go now!"

At this time, Elaine quickly spoke up and said, "Claire, why do you have such a bad attitude? Just sit down and have a good chat with Jason!"

Claire replied coldly, "I have nothing to say to him!"

After that, Claire pointed a finger at Jason before she said in a warning tone, "Jason, please get out of my way. I want to leave now!"

Jason looked at Claire with a cold expression on his face before he suddenly laughed out loud.

At the same time, the expression on his face suddenly turned very cold and sinister as he said, "Claire, who do you think you are? The reason I've called you here today is because I feel you're good enough for me. Stop playing hard to get or you're really going to suffer later!"

The expression on Claire's face changed immediately and she asked, "Jason, what are you going to do?"

"What am I going to do?"

Jason laughed before he said in a nasty tone, "Of course I want to do you!"

As soon as she heard his words, Claire was shocked and she felt extremely terrified. She wanted to run out of the villa immediately.

However, before she could even take a step forward, Jason grabbed hold of her wrist and she could not move at all.

Claire yelled angrily at this time, "Let go of me!"

Jason stared at her pretty face before he smiled and said, "Claire, you're really getting more and more beautiful every day. I really wish that I could just make love to you right now!"

At this time, he looked at Claire's beautiful face and her perfect figure and the look on his face changed immediately.

Chapter 380

Jason had always dreamt of getting Claire's body.

After all, Claire was known as the number one beauty in Aurous Hill. Moreover, she really deserved this title. She was really the best of the best.

Now, this almost perfect woman would become his soon. This made him feel very excited!

Elaine, who was standing next to Claire, looked at Jason with a look of disbelief.

Didn't Jason say that he wanted to apologize to Claire before confessing his love for her?

What was going on now?

Elaine hurriedly stepped forward before she stopped him and said, "Jason, what's going on? That isn't what you told me!"

"Stop talking!" The expression on Jason's face changed before he kicked Elaine to the ground immediately. After that, he sneered before he said, "Did you really think that I'd asked you to call your daughter over here just so I could confess my feelings to her? Become your son-in-law? You must be daydreaming!"

After that, he continued speaking with an icy expression on his face, "Do you really think that a snobbish and materialistic person like you would be worthy enough of being my mother-in-law? Let me tell you. I just want Claire and I'm not the only one interested in Claire—my father is interested in her too!"

At this time, Justin came over with a pistol in his hand and he smiled before he said, "Son, you're only half-right. I'm not only interested in Claire but I'd also like to sleep with Elaine! I love women who are still so charming even at this age!"

Elaine's face turned pale immediately. She was so frightened and she blurted out, "You...you can't do this. This is against the law!"

"Who cares about the law?" Jason asked as he cursed out loud. "The only reason why we called you two here today isn't just because we intend to rape both of you, but we're also going to call

Charlie over here so we can shoot him to death! That piece of trash! Who gave him the right to break my leg? I'm going to shoot him right in his head in front of both of you!"

Elaine cried out in fright at this time. "Jason, that's your personal grievance with Charlie, so why are you taking it out on us? This has nothing to do with us! I don't care what you do to Charlie, but please just let us go now, okay?"

"Let you go?" Jason said contemptuously. "You must be dreaming! Today, neither you nor Claire will be leaving this villa!"

Elaine continued crying as she said, "Jason, I know that you aren't a bad person. The only reason you're acting this way is because Charlie broke your leg. I'm begging you, please just let me leave with Claire and you can do whatever you want to Charlie. Okay?"

"I'm not a bad person?" Jason laughed as he squatted down and stared right at Elaine's horrified face before he smiled and said, "To tell you the truth, the reason why you and your husband, Jacob, got into an accident the other day was because of me. I paid the truck driver two hundred thousand dollars to deliberately run a red light so that he would ram right into Jacob's BMW. This was the reason why he became a paraplegic!"

Claire felt very angry as soon as she heard Jason's words.

She blurted out immediately, "Jason! Why did you do that? What have my parents ever done to you?"

Jason laughed before he said, "Your parents did not offend me but I did it because I like you. I like you but you refuse to even look at me! I like you but you refuse to give me a chance! Since you're so stubborn and arrogant, then I have no choice but to create opportunities for myself!"

After that, he continued speaking, "If I did not forcefully cause your dad to end up in that state, I would not have been able to get a doctor to treat your father. If I did not get someone to treat your father, how would I possibly be able to win your favour and finally be able to sleep with you?"

"Hey..." Jason sighed as he gritted his teeth and said, "It's really a pity though! The doctor could do nothing for your father and at the end of the day, that piece of trash Charlie actually got someone to treat and cure your father instead! Otherwise, you would've already become my woman!"

"All of this is Charlie's fault! He ruined all of my plans! He is also the one who asked Don Albert to throw me out of the window. That's the reason I broke my leg! I must exact my revenge on Charlie today!"

Claire yelled at Jason at this time, "Jason Grant! Aren't you afraid of retribution at all?"

"Retribution?" Jason asked as he smiled.

"It's okay. As long as I get to sleep with the most beautiful woman in Aurous Hill, I don't care if I am struck to death by thunder and lightning! However, before that happens, I'll have to enjoy myself first!"

Chapter 381

Claire was frightened by the vicious expression on Jason's face.

Elaine was also panicking at this time.

At this time, Elaine really felt like slapping herself.

How could she be so materialistic? Why did she have to insist on matchmaking Jason with her daughter?

This was great. She got her daughter and herself into deep trouble...

After that, Elaine looked at Claire before she said in a guilty manner, "Claire, I really didn't know this would happen. I'm really sorry for dragging you into this matter..."

Claire sighed as she cried but she did not say anything at all.

Jason stared at Elaine before she gritted his teeth and said, "I really didn't want to do this to you. I originally wanted to get the doctor to cure your husband so Claire would feel grateful towards me. I thought that she would finally agree to get together with me if she felt grateful to me for saving her father..."

Speaking of this, Jason cursed out loud, "Who would've known that Charlie, that piece of trash, would actually stand in my way? Otherwise, Claire would've already been my woman today! You can only blame yourself for having such a son-in-law."

Elaine sat down and screamed out loud, "I knew that Charlie was nothing but trouble! I really did not expect that after living off our family for so many years, he would still cause both of us to end up in this kind of situation..."

At this time, Claire said indignantly, "Mom! You should know very well that this isn't Charlie's fault at all! Don't you understand what's happening now?"

Elaine cried before she said, "Claire, why are you still protecting that useless piece of trash now? Things have already come to this stage and you're still protecting him? Do you even see me as your mother anymore?"

At this time Jason felt very troubled with all the noise that Elaine was making and he frowned as he said, "Alright, stop making so much noise over here. It doesn't matter who's protecting who. Whatever it is, neither of you are escaping from this place today!"

After that, Jason looked at Elaine with a nasty smile on his face as he said, "Aunty Elaine, didn't you want me to become your son-in-law? Do you want me to become your lover instead?"

Elaine's face turned pale in fright after listening to Jason's words.

She would have never imagined that Jason, who had told her that he wanted to marry Claire and become her son-in-law, would be such an upright gentleman on the surface but was in fact such a scumbag!

After Jacob was involved in the car accident, Elaine was very grateful towards Jason for arranging for him to be transferred to the ICU ward and for asking the genius doctor to take a look at him.

When Elaine saw that Jason had broken his leg, she felt even guiltier about this matter.

As a result, this was all an act that Jason had directed and acted all by himself!

Jason was the real culprit here and he was the reason why her husband and herself were involved in the car accident!

Was he really human?

She was already so much older than he was and she would probably be of the same age as his mother but he did not want to let her go?

He was really a scoundrel!

She felt so much regret in her heart!

If she had chosen not to listen to this scumbag and if she did not trick her own daughter, Claire, into coming here, they would both not have fallen into such a dangerous situation!

This was a terrible mistake!

When Jason saw Elaine trembling in fright, he sneered before he said, "Don't worry, I won't touch you now. I'll trick Charlie into coming over here first and I'll break his arms and legs then so he can watch me doing both of you in front of his very eyes. After that, I'll use my father's pistol to shoot him in the head!"

After that, Jason grabbed Claire's bag before he took her cell phone out and called Charlie.

At this time, Charlie had just come out from Serene World Clinic when he received a phone call from his wife. He was just about to ask her how her business meeting had gone when he heard Jason's voice over the other end of the line.

Chapter 382

"Oh, Charlie. You didn't expect me to be the one calling you?"

"Jason Grant?" Charlie asked in a cold manner. "Why is Claire's cell phone with you?"

Jason sneered before he said, "Because your wife is in my hands now! I'm ready to take off all of her clothes now because I want to enjoy her body!"

After that, Jason said once again, "Oh, by the way, I heard that Claire is still a virgin? Hahaha! Charlie, you're really useless! You've already been married to Claire for more than three years and you haven't even slept with her? Don't worry, I'll destroy her virginity for you today! Hahaha!"

Charlie was furious at this time and he yelled out in a cold voice, "Jason! I'm warning you now. If you dare to hurt my wife, I won't let you off just like that!"

"Damn you!" Jason said in a cold manner. "You have twenty minutes to come to the riverside villa. If you don't arrive in time, then I can't guarantee that your wife will still be a virgin! She might even lose her life! Hahaha!"

At this time, Claire yelled out loud, "Charlie! You mustn't come here! They have a pistol!"

Jason slapped Claire across her face as he cursed, "Damn it! Who said that you can speak now? If Charlie doesn't come over, you'll definitely be dead today!"

Charlie gritted his teeth before he said in a stern manner, "I'm the one whom you want to kill! Don't hurt my wife. I'm coming over right now."

Jason said, "You're only allowed to come here alone. Otherwise, I will shoot your wife and your mother-in-law in their heads!"

Charlie hung up the phone and he hailed a cab before he headed straight to the riverside villa.

He felt that his heart was about to explode and he wanted to break Jason into pieces!

Jason was also feeling very excited at this time. He felt as though he was about to lose control of himself.

He was certain that as long as Charlie came to the villa, he would definitely die today! He would definitely suffer a horrible death!

At that time, he would finally be able to take revenge on Charlie for breaking his leg! Moreover, he would be able to defile Claire and take her virginity in front of him!

At that time, Charlie's hands and feet would have been completely useless after he shot him and he could only watch helplessly as he raped Claire in front of her. He was convinced that Charlie would definitely be extremely desperate at that time.

Hahaha!

Jason was very excited as he thought about this.

At the same time, Justin, who was next to him, felt that he was already starting to lose control.

Both Elaine and Claire were so beautiful and he really did not want to wait anymore!

Since he had to leave Claire to his son first, then he might as well enjoy himself with Elaine first!

As he thought about this, he walked up to Elaine with a smile on his face before he said, "Your son-in-law will take another twenty or thirty minutes to come here. Why don't we both go to the bedroom and have some fun first?"

Elaine was furious at this time and she stood up immediately. At this time, Elaine raised her hand to give him a slap as she said, "You're an old and disrespectful thing! I will kill you, you bastard!"

Unexpectedly, Justin grabbed her hand before she could slap him.

Justin stared at Elaine who was glaring at him with a fiery expression in her eyes before he laughed and said, “Miss Elaine, I hope you’re not assuming that I have no strength at all just because I’m old! I’ll show you how strong and capable I am, and I’m sure you’ll definitely enjoy it!”

At this time, Jason suddenly laughed before he said, “Dad, I think we should force Charlie into having sex with his mother-in-law later after breaking his hands and legs. After that, we can take some videos of them and upload it on the Internet! That would definitely cause a huge sensation in Aurous Hill!”

Justin laughed before he replied, “Let them be despised and looked down on by everyone even after their deaths! That is a fantastic idea!”

Chapter 383

Elaine was shocked at the father and son’s vicious plan!

She yelled out, “Both of you are worse than beasts! I’m going to bite you to death!”

Justin slapped Elaine directly across her face as he sneered, “Damn you! Bitch! You’d better behave yourself!”

After that, he grabbed Elaine by her hair before he dragged her towards the bedroom inside.

Elaine kept resisting and Claire wanted to rescue her but Jason did not give her a chance to do so. He grabbed her arm firmly and she could not move at all.

Justin really did not expect Elaine to have such a strong personality and such a fierce temper! Therefore, he yelled at her in a furious manner, “Damn it! Do you not believe that I’m going to shoot you, you bitch?”

At this time, Jason suddenly spoke up and said, “Dad, Charlie might arrive anytime soon. If you aren’t done by the time he arrives, I’m afraid I won’t be able to deal with him on my own.”

Justin hesitated for a moment before he kicked Elaine aside and said coldly, “Alright then. In that case, I will kill your son-in-law first before I deal with you!”

Elaine was trembling in fright at this time. Charlie was her only hope now. The only chance for her daughter and her to survive was if Charlie was capable enough to get them out of this villa. If Charlie was not that capable, then there was a high probability that the three of them were going to die here today.

As she thought about this, Elaine could not help but cry because she felt so much regret in her heart.

Why did she do this?

Very soon, Charlie, who was desperate to save Claire, arrived at the riverside villa.

As soon as he got out of the car, he called Claire's cell phone immediately. After connecting the call, Jason asked in a cold manner, "Did you come here alone?"

Charlie replied immediately, "Yes, I came here alone!"

Jason walked towards the window and he looked out the yard before he said, "The gate is unlocked. You can let yourself in. Do not try any tricks! I want you to put your hands over your head when you come in. Otherwise, I'll shoot Claire immediately!"

"Okay." Charlie agreed immediately and he pushed the gate open and he raised his hands over his head before he walked through the courtyard.

Jason felt relieved when he saw that Charlie had come here by himself.

After opening the door, Jason threw a pair of handcuffs at Charlie before he said, "Here, I want you to handcuff yourself now! Don't try any tricks!"

Claire yelled out loud at this time, "Charlie! Don't enter the villa! They're going to kill you!"

Charlie gave her a reassuring look from a distance but he was already feeling the urge to kill Jason in his heart.

He was going to kill Jason today!

Charlie did not say anything and he quickly handcuffed his own hands before he lifted his hands and asked, "Are you satisfied now?"

Jason laughed before Justin walked out towards the courtyard with a pistol in his hand. After pointing the pistol at Charlie, he said in a cold manner, "Get in the villa."

Charlie replied indifferently, "Fine, I'll go in."

After that, both of them walked into the villa.

At this time, Jason was very excited!

He had been looking forward to this day for a very long time. He had been looking forward to this moment where he would finally be able to kill his enemy!

Chapter 384

Wasn't Charlie very great? Didn't he know Don Albert? Didn't he throw him out of the window?

Now, he was going to take his life!

After stepping into the house, Charlie looked at Claire with an apologetic expression on his face as though he wanted to say, "Claire, I'm sorry I'm late."

Claire did not know whether she felt surprised, happy, worried, or afraid when she saw Charlie coming into the villa to save her.

However, Claire did not know why she felt very safe and secure when she saw Charlie standing in front of her.

At this time, Claire suddenly cried out, "Husband...my husband..."

Elaine, who had been kicked to the ground, suddenly came to her senses as she crawled over and grabbed hold of Charlie's thigh as she said, "Charlie, my dear son-in-law. I'm glad that you're here to save your mom now! If you had come one step later, I would've been a gone case!"

As she said that, she pointed a finger at Justin and his son before she cried out, "Do you know that this bastard, Jason, lied to me? He told me that he wanted to confess his love to Claire and he asked me to trick Claire into coming to his villa. However, he only wanted to take advantage of Claire and he even had some weird ideas about me! He nearly scared me to death. Tell me what's going to happen in the future if he really did something to me?"

Charlie could not help but frowned.

He finally understood that the reason why his wife was in this situation was all because of his mother-in-law.

At this time, he was so angry and he really wanted to slap his stupid and arrogant mother-in-law.

However, he knew that it was not the time to teach Elaine a lesson. The most important thing was to settle Jason and his father, Justin first.

As he thought about this, Charlie looked at Claire before he said in a soft manner, "Don't worry, dear wife. Just leave everything to your husband!"

Claire continued crying as she looked at Charlie. After a short while, she wiped the tears off her face as she said, "Charlie, why are you so stupid? Why did you come here to die in vain?"

Charlie smiled indifferently before he said, "My dear wife, don't you know that many people in Aurous Hill say that your husband is a real dragon on earth? Why would I die so easily?"

"Hahaha!" Jason laughed out loud as though he had just heard a joke. "Charlie, you said that you are a real dragon on earth? Don't be ridiculous! You are nothing but a worm I can easily crush under my feet!"

Charlie glared at Jason with a cold expression on his face before he said, "The grievances between men should be resolved privately between men. Why are you kidnapping women to get what you want? If you are really a man, you should let Claire and my mother-in-law go now. After that, you can kill me or do whatever you want to me then."

Jason sneered as he said, "You are too naïve! Do you really think that I'll be able to get rid of all my hatred by killing you? Let me tell you something! I'm going to sleep with your beautiful wife in front of you before I kill you! I'll also register a social media account under Claire's cell phone

number so I can upload an intimate video of us on the social media account! I want to let the whole world know that you, Charlie, has been made a cuckold even before your death!”

As he talked about it, Jason gritted his teeth as he said, “The name of the social media account will be Super Smelly Piece of Trash!”

Jason hated Charlie to the core but killing him alone was not enough to relieve his hatred. Therefore, he really wanted to register a social media account with Claire’s cell phone number so that he could upload an intimate video of himself with Claire on that account! After all, it would be impossible for anyone to trace this back to him since this account was registered using Claire’s cell phone number.

That way, even after Charlie’s death, the video of him being made a cuckold would still be circulating around the Internet.

He would kill him with his bare hands and watch as people continued to mock and humiliate him after his death! This would be the best thing!

Charlie looked at Jason before he sneered and said, “If you’re really going to register a social media account for me, then make sure that you set the username as ‘The Dragon Son-in-Law’. Oh, by the way, remember to use a picture of a dragon as my avatar so that it would be befitting of me.”

At this time, Jason laughed contemptuously before she said, “What’s wrong with you? You’re still so cocky and arrogant even when you are about to die, aren’t you?”

Charlie replied indifferently, “The both of you are the ones who are going to die, not me!”

Justin frowned before he pointed the pistol at Charlie’s forehead before he gritted his teeth and said, “Young man, do you believe that I will pull the trigger and kill you now?”

Charlie sneered before he said, word by word, “No. I don’t believe it.”

Chapter 385

“Damn it!”

When Justin saw that Charlie was not taking him seriously, he sneered before he said, “You’re really very cocky! Good! Since you like to act tough, I’ll let you taste what pain feels like today, then! I’ll destroy your manhood now!”

At this time, Jason hurriedly said, “Dad, don’t rush to destroy his manhood! I still want to take a picture of him having intercourse with his mother-in-law! Why don’t we break his hands and legs first? After that, we’ll play around with him!”

“Alright then!” Justin grinned before he said, “Let’s break his hands and legs before we do a live broadcast of him!”

Elaine and Claire turned pale immediately because they were both in shock. Justin pointed the muzzle at Charlie's thigh at this time.

He looked at Charlie before he sneered, "This is the price you have to pay for provoking my son!"

After that, he got ready to pull the trigger.

At this time, Charlie quietly released some spiritual energy from his hand, causing Elaine and Claire to fall into deep sleep.

When Justin saw that the two women had already fallen asleep, he was shocked and he blurted out, "What happened? Did they faint out of shock?"

"Perhaps." Jason replied, "What a disappointment! I really wanted them to watch as we broke Charlie's hands and legs!"

Justin replied, "That's easy. You can get some water to splash on them to wake them up! Of course, they'll both have to witness this spectacular performance today!"

When Charlie saw that his wife and mother-in-law were already in deep sleep, he did not have to hold back anymore. He sneered before he said, "Do you really think you'd both be able to destroy me just because you want to?"

Justin pointed his pistol at Charlie before he said, "Charlie, are you really going to continue being so arrogant even when you're facing death? No matter how awesome you are, will you be able to defeat the speed of my bullets?"

Jason was also very confident at this time and he said, "Charlie, if you kneel down and beg me for mercy now, perhaps I can leave your legs alone so you can still have a good time later!"

In his opinion, even if he peeled off Charlie's skin, he would not be able to relieve his hatred!

He wanted to drink Charlie's blood and eat Charlie's flesh before cutting him up into pieces and feeding him to the dogs!

As soon as he heard Jason's words, the expression on Charlie's face changed immediately and in the blink of an eye, the stainless steel handcuffs suddenly broke into pieces!

Justin and Jason were stunned by this scene!

What kind of monster was Charlie? How could he possibly break the stainless steel handcuffs with his bare hands?

Jason hurriedly said, "Dad, this guy isn't normal. Let's kill him now!"

Charlie sneered before he said, "You're still thinking of killing me now? Too late!"

After that, Charlie raised his hand slightly as he held a piece of ornament in his hand.

This was the Thunder Order that Charlie had used to strike Jack Yalman to death with thunder and lightning!

Justin was a little dumbfounded and he did not know what Charlie was holding in his hand.

However, his instinct told him that this thing was unusual!

He was afraid that things would get out of hand and he tried to pull the trigger.

At this time, Charlie yelled out, "Thunder, come!"

As soon as his words fell, thunder and lightning started flashing all over his body. The sight was so magnificent that it seemed as though he was a dragon!

There were bolts of lightning all over the room.

The entire living room was as bright as day at this time!

Both the father and son could not react at all as they saw a white glow in front of them. After that, there was the endless rumbling sound of thunder in their ears.

Both of them felt as though they were trapped in a sea of thunder and lightning at this time and they were so scared and frightened!

Chapter 386

As they looked at Charlie, they realized that there was thunder and lightning surrounding him, as though a dragon was descending into the world!

Jason yelled out in panic, "Dad! What the hell is that? Hurry up and shoot him now! Hurry up!"

Justin trembled in fright and he could feel his legs going soft immediately. After that, he blurted out, "I...I cannot move my hand at all. It seems as though Charlie had just summoned thunder and lightning from the sky..."

Jason panicked at this time and he said, "No one would be able to summon thunder and lightning in this world! I think he's just putting on an act because he is afraid that we'll shoot him to death!"

Charlie sneered before he said, "Jason, if you really do not believe that I am a god-sent dragon on earth, then I will let you witness it for yourself!"

After that, Charlie looked at Justin before he said in a cold manner, "Justin Grant, don't forget that your son was the one who sent you to your death today!"

After that, Charlie raised his hand towards Justin before he yelled, "Thunder, come!"

After hearing a loud bang, there was a ray of light around Justin and these strong rays of light blinded Jason for a moment!

When the light finally dissipated, Justin, who had been alive just a few seconds ago, was already dead. He was lying on the ground and his body was completely burnt even though he was still holding the pistol in his hand. However, there was no trace of life in him at all.

Jason was dumbfounded when he saw what happened to his father.

Damn it! How did he become like this?

He was still standing in front of him just a few seconds ago, and now it seemed as though his father had been killed by the thunder and lightning summoned by Charlie?

He was a living person!

How could Charlie possibly summon thunder and lightning to strike him?

Jason was trembling uncontrollably at this time and he was really frightened. He could not comprehend or understand what was happening at all.

Was Charlie really a dragon sent from the heavens?

But wasn't their society always anti-feudal superstition? If people believed in science, then how could there possibly be a dragon in this world?

However, his father had already turned into coal in front of him. His body was completely burnt and it was as dark as charcoal. He had witnessed this with his own eyes!

When Charlie saw the frightened expression on Jason's face, he sneered. "Jason, do you believe me now?"

Jason's eyes widened as he stared at Charlie as though he had just seen a ghost. His legs suddenly went weak and he knelt down in front of Charlie as he broke out in cold sweat.

It wasn't until this very moment that he suddenly realized why all the wealthy or powerful men such as Don Albert, Zeke White, and Graham Quinton, who were all reputable and important people in Aurous Hill, actually had so much respect for Charlie.

If Charlie was really an immortal who could summon thunder and lightning just by raising his hand, then how could he possibly not be afraid of him?

Charlie's powers were supreme!

He could not afford to offend someone like Charlie.

Jason felt very desperate at this time.

He quickly crawled towards Charlie.

After that, he kneeled before Charlie as he apologized continuously, "Charlie, Mr. Wade, please. I know I was wrong. I will apologize to you now. I'm sorry for everything that I've done. I didn't touch Claire at all. Please just let me go. Please spare my life..."

Charlie looked at Jason and he sneered before he stretched his hand towards his legs and said, "Thunder, come!"

Boom!

At this time, lightning suddenly struck Jason's legs!

Jason was so frightened at this time and he could only feel that his legs had already gone completely numb, as though he had lost consciousness. He looked down at his legs and he realized that his legs had already turned into coal!

“Ahh...ahh...” Jason could not believe his own eyes. Therefore, he tried to touch his legs with his hands.

Even though his legs looked like two pieces of coal that had already been burnt into ashes, and even though they seem to retain their original shape, as soon as Jason touched his legs, it immediately turned into ash!

Chapter 387

When Jason saw that his legs had already turned into ash that was floating in the air, he was so frightened that he started crying out loud. He really could not comprehend what was going on.

Only then did he finally understand that Charlie was really a dragon sent from the heavens and he was not even a bug in front of Charlie.

After that, Charlie said in an indifferent manner, “Ever since you set your eyes on my wife, you have only one path before you! Death!”

As soon as he heard this, Jason was so afraid that he could not stop trembling uncontrollably.

Death?

As he thought about this, Jason broke down completely and he cried bitterly as he begged, “Mr. Wade, I’ve already lost my legs. I’m a completely disabled person now! Please. Please just let me off now.”

Charlie sneered before he said, “Don’t you want to accompany your father? Don’t forget that he died because of you!”

“No, I don’t want to! I don’t want to die!” Jason waved his hands as he yelled hysterically.

Death?

He was still so young! How could he possibly have the courage to face death?

He wanted to continue living in this world.

Charlie looked at him with a playful expression on his face before he sneered and said, “Don’t you find it better for you to continue living in this world than to die?”

Jason nodded in horror!

Of course, it would be better for him to live than to die!

Who would not want to survive?

Charlie replied coldly at this time, "This proves that you're not suffering enough now!"

After that, Charlie raised his hand before he said, "Thunder, come!"

Another shot of lightning struck Jason's crotch immediately.

In a blink of an eye, Jason felt his crotch go numb completely. He realized that his crotch had already turned to ashes!

Jason grabbed a handful of ashes from his pants before he cried out loud.

This was his manhood!

It had already turned into ashes.

However, Charlie was not ready to let him go.

Charlie looked at him before he said playfully, "Well, since you can still hold the ashes up in your hands, this proves that you aren't completely disabled!"

After that, Charlie walked up to Jason before he raised his hand and said, "Thunder, come!"

Immediately after that, there were two flashes of lightning!

Jason could see with his own two eyes that his arms were turning into coal at this time.

He was so frightened and his body shook uncontrollably. After that, his arms that had already turned into coal snapped off his shoulders with a click before they fell to the ground and formed a pool of ashes.

At this time, Jason had completely lost all of his limbs! He looked at Charlie before he begged pathetically, "Charlie...please let me off...I'm already in such a miserable state now, so please just let me live. I'm begging you, Charlie. Please..."

Jason continued crying as tears ran down his cheeks.

Charlie shook his head before he said in a cold manner, "I've already told you that you're about to die today since you set your sights on my wife and actually had dirty thoughts about her! The reason why I didn't kill you immediately is because I wanted you to feel despair!"

Jason panicked and he quickly said, "You...you...aren't you afraid that someone would find out that you killed my father and I? Don't you know that my family is very powerful? Someone will definitely find out about this and you'll have to pay the price for your actions today!"

Charlie rolled up his sleeves before he kicked the pile of ashes aside. After that, he sat cross-legged in front of Jason before he smiled and said, "Jason, do you know what my true identity is?"

Jason shook his head with a blank expression on his face.

Chapter 388

There was something he wanted to say but he did not dare say it.

'Aren't you just the useless son-in-law of the Wilson family, the famous piece of trash?'

When Charlie saw that Jason did not dare to speak up, he smiled before he said, "You must think that I'm just a stinky piece of trash, right?"

Jason did not dare to answer.

Charlie smiled slightly before he said, "To tell you the truth, I'm the young lord of the Wade family in Eastcliff and I'm also the chairman of Emgrand Group. Do you think your family could possibly be more powerful than mine?"

Jason was terrified at this time.

The Wade family?

Wasn't that the most wealthy and powerful family in the country?

Why...

Why would the young lord of the Wade family in Eastcliff come to Aurous Hill to become the son-in-law of the Wilson family?

Jason could not understand this fact at all and he said, "I don't understand...I don't understand at all. If you really are the young lord of the Wade family, then why are you willing to stay as the useless son-in-law of the Wilson family? Why are you willing to get criticized and ridiculed by everyone? You could easily make the Wilson family kneel before you with a snap of your fingers. Everyone in Aurous Hill would bow before you..."

Charlie replied in a calm manner, "Well, mortals aren't qualified to see the true face of the dragon and there is no need for the dragon to reveal its true identity."

After that, Charlie looked at the time before he said, "Alright then, it's almost time, Jason. Hurry up and catch up with your father before he goes too far away! Perhaps you'd be able to catch up with him and keep him company..."

Jacob started crying out in fear but Charlie did not give him a chance to say anything at all. Charlie simply stood up before he grinned at Jason and commanded, "Thunder, come!"

There was a loud bang and after the frightening thunder and lightning, Jason left this world, filled with regrets. He had already turned into ashes completely and there was no trace of him left in this world.

Charlie looked at his wife and mother-in-law who were still fast asleep before he took out his cell phone and called Albert.

As soon as the phone call was connected, Charlie quickly instructed, "Albert! I'm at the riverside villa. Please bring a few men and cars with you. Make sure to bring some gasoline too."

Albert quickly replied, "Alright, Mr. Wade! Don't worry, I'm already on my way!"

About ten minutes later, Albert arrived at the riverside villa with a group of people.

Charlie asked them to drive the cars into the courtyard before he said to Albert, "Give me your car. I want to take my wife and mother-in-law home. I want you to set fire to this villa and burn it down to the ground."

Albert nodded before he opened the door of his Mercedes-Benz for Charlie.

After that, Charlie placed his wife and mother-in-law in the back seat before he told Albert, "Speak to the media and tell them not to make any reports on this matter."

"Alright, Mr. Wade," Albert agreed immediately.

...

Charlie drove away from the riverside villa before he returned to his house in the city.

After the car stopped downstairs, he gently woke his wife and mother-in-law up.

As soon as they had both woken up, they were still worried and filled with fear. However, when they saw that they were sitting in the car and Charlie was looking at the both of them with a concerned expression on his face, they were both a little shocked.

Claire quickly asked, "Charlie, what happened? Why are we here? Where's Jason and his father?"

Charlie smiled faintly before he said, "They've already fled out of fear because they're guilty of the crime of kidnapping! The police are hunting them down now."

"Huh?" Claire exclaimed as she said, "How did you manage to escape with both of us?"

Charlie replied, "I called the police before I went to the riverside villa. When they were about to kill me, the police arrived at the scene. The father and son were both so afraid that they started to make their escape immediately. I guess they would never dare to return to Aurous Hill..."

When Claire recalled how courageous Charlie was when he dashed to the riverside villa to save her, tears welled up in her eyes and she said, "Dear husband, thank you..."

Charlie smiled as he said, "Why are you being so polite with me? I'm your husband and this is what a husband should do for his wife!"

For Charlie, everything that he did was worth it as long as he could hear Claire thank him, her husband!

Chapter 389

At this time, Elaine heaved a huge sigh of relief before she patted her chest and said, "It's a blessing! It's really a blessing today! I was almost destroyed by Justin today..."

Claire looked at her before she said helplessly, "Mom, can you have a conscience whenever you do anything in the future? Can you not be so materialistic and foolish? I don't know what we would have done earlier. If not for Charlie, we'd both be dead today!"

Elaine knew that she was wrong but she said in a reluctant manner, "What's the matter? I'm also a victim in this matter! Besides, this incident only happened because of Charlie! Everything started from Charlie! If he did not provoke Jason in the first place, then we wouldn't have encountered this kind of danger at all. This is all Charlie's fault!"

Claire was really angry at this time and she yelled, "You're really unbelievable!"

After that, Claire pushed the door open and she got out of the car before heading into the house immediately.

When Elaine saw Claire running into the house in a hurry, she hurriedly opened the car door before she chased after her.

Charlie also hurriedly followed behind without saying anything.

After getting into the house, Charlie realized that his father-in-law was not at home. Therefore, Elaine said to Claire, "Claire, please make sure not to tell your father what happened today, okay? Do you hear me?"

At this time, Claire asked her, "Why? Didn't you say that you weren't in the wrong? Do you have a guilty conscience?"

Elaine retorted at this time, "Why would I have a guilty conscience? I just don't want your dad to be worried! We're both fine now, so what is the point of telling him about this matter and making him angry and worried for no reason at all?"

Claire replied, "If you still refuse to admit your mistake in this matter, then I'll definitely tell Dad about this matter so he can judge who's right and who's wrong!"

Elaine hurriedly said, "Okay, fine. I admit that I made a mistake, okay? All of this is Jason's fault! Who would've actually expected that he'd even have dirty thoughts about an old woman like me? He even said that he'd give me a Mercedes-Benz S500! I didn't even have a chance to drive it yet!"

When Claire heard Elaine talking about a Mercedes-Benz S500, she quickly asked, "What Mercedes-Benz 500 are you talking about, Mom? What's going on here?"

Elaine realized that she had said something wrong and she hurriedly explained, "Oh, Jason called me and told me that he wanted to apologize to us. He also said that he would like to give me a Mercedes-Benz so that I would have a car to drive myself around the city. I thought about it and since both you and your dad already own your own cars, I thought that it would be great for me to have my own car too. At the same time, I thought that you would also be able to get some money out of the renovation job. That was the reason why I agreed to meet him!"

After that, Elaine added, "But the only reason why I did all this was because of you and our family!"

Claire was very angry and she said, "Can you stop saying that you are doing this for me or our family? Can you stop making up all these excuses to justify yourself? If not for Charlie, I'd be

dead today! You would be dead too! Moreover, we would've died horrible deaths without anyone finding us. If both of us are gone, how do you expect Dad to live on in this world all by himself? Charlie risked his own life to save us but you didn't even thank him ! Mom, do you know how disappointed I am in you?"

When Elaine heard Claire's accusations against herself, she immediately sat down on the ground and started crying and screaming.

"Oh my god! Why is my life so miserable? I only have one child in this life and she's actually pointing a finger at me and scolding me! What's the point of me living in this world? There is no point for me to continue living in this world. Just let me die already!"

As usual, Elaine thought that if she kept crying, Claire would definitely compromise and give in to her.

However, Claire did not have any intentions of compromising at all today.

She looked at Elaine in disappointment before she said, "Mom, why do you do this every time you make a mistake? Why do you refuse to confess and admit to your own mistakes even when you know it's your fault? You're always hoping that others won't hold you accountable for your actions and if anyone does do so, you'll keep crying about how miserable your life is just so you'd be able to get out of it. Do you really think that other people would always accommodate your actions and forgive you without pursuing the matter further?"

Elaine continued with her performance and she kept crying and wailing. "I feel so bitter right now! My own biological daughter is talking to me like this! Doesn't she know that her parents are greater than anything else on earth? No matter what a parent does wrongly, a child should never blame her own parents! Tell me, how am I going to continue living in this house in the future? I can't live here anymore. What is the point of staying alive?"

Claire shed a few tears before she said, "Mom, if you're going to act like this all the time, then I'm going to move out of this house with Charlie. I still have some savings and it won't cost me too much to rent a one-bedroom apartment..."

Chapter 390

After that, Claire said to Charlie, "Husband, go and pack up now!"

Charlie nodded as he said, "Okay, I will go now."

Claire took out her cell phone before she said to Elaine, "I'm going to call dad and tell him that I'm moving out today. I won't be living with the two of you in future. No matter what you do wrong in the future, I won't blame you or scold you again!"

Elaine panicked immediately.

In this life, her one and only hope was Claire.

Otherwise, if she had to depend on Jacob, she would never have the chance to turn things over in this life.

This time, Claire seemed to have a very determined attitude. If she really called Jacob, then there would be no room for reversal.

So, Elaine rushed over and hugged Claire's legs before she cried and said, "Claire, please don't leave me! Claire, please don't leave your mom. I know that I'm at fault. I know that I'm in the wrong. This is all because I was petty and materialistic! I promise that I will change in the future, okay? Please give your mom a chance to repent!"

Claire stared at her mother with a blank expression on her face. "Mom, if you really know that you are wrong then you should be apologizing to Charlie for everything you said. Besides that, you should also thank Charlie for saving our lives today!"

Elaine subconsciously replied, "Why should I thank that piece of trash? Isn't it only right for him to save us?"

Claire was furious and she stomped her feet before she said, "You're still calling him a piece of trash?"

Elaine hurriedly changed her words and said, "I was wrong, I was wrong. He isn't a piece of trash. You're right, I'll apologize to him now!"

After that, Elaine stood up before she went to Claire and Charlie's bedroom. After that, she reluctantly said, "Charlie, I'm sorry for speaking to you so harshly before this. Please do not take it to heart."

Elaine hesitated for a moment before she continued speaking, "And, well, thank you for saving us today."

In fact, Charlie was very annoyed with Elaine. It was not because of her bad attitude but he was annoyed because Elaine's greed and shameless personality had almost brought harm onto Claire.

For Charlie, as long as Claire was safe and sound, it did not matter to him if Elaine was dead. He would not feel upset at all.

However, if Claire got hurt because of Elaine, he would not be able to forgive Elaine at all even if she died ten thousand times!

He felt that everything that happened today was really scary and annoying. Fortunately, Claire was safe and nothing had happened to her. However, Charlie knew that it would not be right for him to lecture his mother-in-law in front of Claire.

If his mother-in-law would just repent and have a little more conscience after what they had gone through today, then that would be great.

As he thought about this, Charlie secretly decided to give Elaine one last chance. If she dared to cause trouble again, then next time, he would order some people to break her legs so that she would be wheelchair-bound for the rest of her life.

If she could still cause trouble while she was wheelchair-bound, then he would just make sure that he beat her up until she turned into a vegetable!
