

Chapter 331

Lady Wilson became flustered as soon as Charlie suddenly exposed her true motives.

She thought that she would be able to deal with Claire's family easily, and she thought that it would be especially easy to deal with Charlie since he was nothing but a piece of trash. Lady Wilson thought that it would not be that difficult at all and thought that Charlie would certainly feel grateful and happy as long as Harold and Wendy apologized to him.

However, she did not expect Charlie to be the one to see right through her act.

When she saw that her true motives had already been exposed, Lady Wilson hesitated for a moment before she said, "We are all family here, so we should all be working together so that our family can prosper! Wouldn't it be a joke to the public if word spreads that our family is running two different companies?"

Charlie sneered before he replied, "The richest man in Hong Kong, Li Ka-Shing, and his son are also running two completely different companies. So, is anyone making a joke out of them? I think that you have ill intentions, and the truth is that you are simply trying to make use of Claire so that she can revive the Wilson Group on your behalf!"

"You... you..." Lady Wilson was so angry that she was completely at a loss for words. At this time, Christopher who was standing at the side yelled immediately, "Charlie! Watch what you are saying. Please remember that you are nothing but an outsider in the Wilson family!"

Charlie ignored him and simply looked at his wife before saying, "Claire, you must keep your eyes open. Some people are just trying to manipulate you and make use of you. Do you remember what happened with the Emgrand Group? Do you remember how they treated you after you won the sixty million dollar contract with Emgrand Ground? On the surface, they said that they wanted to promote you to become the director of Wilson Group, but what happened in reality? At the banquet, they made the public announcement that Harold would be promoted to become the director of the Wilson Group instead! Do you want to go through a similar situation again?"

The expression on Claire's face changed immediately.

At this time, she finally understood everything that was happening.

She was utterly thankful that her husband was giving her a reminder, otherwise, she would most likely be fooled by them again.

When Harold saw that their plan was already falling apart, he stood up and pointed his finger at Charlie before he said, "Charlie! You stinky piece of trash! Do you honestly think you have the right to speak up here? Are you trying to stir up trouble within our household? Are you that tired of living?!"

Charlie looked at Harold with a cold expression on his face before he asked, "Why? Are you sick of pretending to be humble and nice to us already? Let me tell you something, Harold. When you see me in the future, you'd better be polite and respectful to me. Otherwise, I will just give Don Albert a call so that he can instruct his subordinates to hunt you down so that you will not be able to stay in Aurous Hill anymore!"

“Damn you, Charlie!” Harold yelled furiously. “Who do you think you are?! You’re still trying to fool me? Don’t think I don’t know what you’ve been up to! All you know how to do is to deceive others with a trick or two! I can’t wait to see how these people are going to deal with you when they see through your tricks one day!”

Charlie sneered as he replied, “At the very least, they have not seen through my tricks now. They are still very respectful to me, even calling me their master!”

After he was done speaking, Charlie said contemptuously, “Do you want to continue putting on an act now? Okay, then. I will call Albert immediately!”

Having said that, Charlie took out his cell phone before dialing Albert’s phone number and turning on the speaker of his phone.

Harold’s face turned pale immediately, and he started breaking out in cold sweat.

Was this guy truly calling Don Albert?

If Don Albert were to instruct his men to hunt him down, wouldn’t he be done for? He would be finished!

As he thought about this, Harold tried to persuade Charlie as he said, “Charlie, Charlie, I was just joking around with you. Please don’t take it so seriously. After all, you are still my brother-in-law, and we are a family.”

Charlie smiled indifferently before he replied, “We are not a family.”

Right after that, the phone call was connected.

Don Albert greeted Charlie respectfully, “Hello, Mr. Wade. What can I do for you?”

Charlie glanced at Harold before saying, “Albert, if I want you to hunt someone down right now, how many men can you send to go after that person?”

Chapter 332

Albert replied instantly, “Mr. Wade, I have men all over Aurous Hill. I have men in most of the nightclubs, bars, karaoke bars, and construction sites. As long as you give me the order, I will instruct my men to hunt that person down and kill him immediately! I will make sure that I send men out on the streets to look for him every day and I will make sure that he wishes that he had never been born in this life!”

Harold was so frightened at this moment and quickly knelt in front of Charlie as he cried and begged for his life. “Charlie, Charlie, my good brother-in-law, I was just joking around with you. Please just disregard me and just let me go. Please...”

Charlie glanced at Harold coldly and asked, “Why? You’re not pretending to be indestructible anymore?”

“No, no. I will not pretend anymore. I will not pretend anymore...” Harold replied immediately. He was already scared to death, how could he possibly dare to act in front of Charlie any longer?

If Don Albert gave his men the order to hunt anyone down in Aurous Hill, all of his men in Aurous Hill would definitely give all they could to hunt that person down!

After all, this would be the perfect opportunity for them to please Don Albert!

Meanwhile, Charlie continued holding the cell phone in his hand as he said icily, “Since you are not pretending, let me see just how sincere you are. Otherwise, I will assume that you are just saying this in the spur of the moment. I know you very well. I know that if I let you go today, you will still try to come against me another day.”

Harold trembled in fear because he knew that Charlie would not let him go so easily. Therefore, without even saying a single word, he quickly kowtowed three times in front of Charlie, banging his head hard on the hospital floor.

“Charlie, I was wrong! Please forgive me. I am giving you my most sincere apology! Please do not ask Don Albert to hunt me down!”

At this moment, Harold was feeling a ton of regrets in his heart.

Was there something wrong with his brain? Why did he have to challenge and go against Charlie time and time again? Wasn't he seeking his own death? He should have just waited until Don Albert figured out the truth and hunted Charlie down himself instead of provoking Charlie. If Charlie really ordered Don Albert to send his men to hunt him down, he might not even be able to live to see the sunlight tomorrow!

When Christopher saw his son kneeling and bowing in front of Charlie, he became very angry and said, “Charlie! Don't you think you are overdoing it? Why are you acting like a bully?!”

Charlie simply asked, “You said that I'm a bully?”

Then, Charlie lifted his cell phone before speaking once more to Albert, “Albert, I want to add another person into the list. I want your men to hunt down and get rid of this pair of father and son!”

Albert responded immediately, “Okay, Mr. Wade! You can rest assured that as long as you give me an order, I will make sure to get it done as soon as possible! I will make sure my men hunt them down and teach them a lesson! Just tell me their names!”

Christopher was also trembling in fear at this time.

Damn it.

He certainly did not expect Charlie to be so cruel.

He had only said that the latter was a bully and he was actually giving Don Albert an order to hunt him down and get rid of him as well?!

How could he possibly put up with this nonsense!

At this point, Lady Wilson finally realized the mess they had gotten themselves into. She was afraid that her son and grandson would get hurt again, therefore, she hurriedly said, "Charlie, please just let them off and we will leave right now. Just pretend that we did not come here today..."

Charlie shook his head. "That will not be possible. You are already here, so how could I possibly assume that you did not come here today?"

Lady Wilson trembled as she asked, "Then, what do you want us to do now?"

Charlie replied indifferently, "I want you to tell Claire, my father-in-law, and mother-in-law, the true purpose of your visit today. If you are honest and truthful enough, I might spare them and let them off. I will even pretend that you did not come here today. However, if I feel that you are not truthful or sincere, then I am sorry. I will make sure all the men in Aurous Hill will be hunting them down tonight!"

Chapter 333

As soon as he heard Charlie's words, Harold, who was kneeling on the ground, was already frightened to death. He cried out as he hurriedly said, "Grandma, hurry up and tell them the truth! Please tell Charlie the truth now! If you don't, I will truly lose my life, grandma!"

Christopher was also afraid that they would be facing a lot of trouble. Therefore, he hurriedly pleaded, "Mom, just tell them the truth now."

Lady Wilson had already given up struggling at this time, and she sighed like a rooster who had already been defeated in a fight before saying, "Charlie is right. The reason why I am here today is just that I was planning to trick all of you into moving back to the Wilson family villa. My main purpose in doing that was just because I wanted to manipulate and trick Claire into going back to work for the Wilson Group."

Then, Lady Wilson tried to push the blame away from herself as she blurted out, "But I..."

Charlie interrupted her before she could finish her sentence. "But nothing. Since you have already explained your true purpose for coming here today, you can leave now."

Lady Wilson looked at Charlie bitterly before she said, "Charlie, you have to let me finish talking. I have my reasons for doing what I did."

Charlie replied coldly, "You are only facing all these hardships because you asked for it! You brought them upon yourself and you have no one else to blame but yourself!"

After that, Charlie continued speaking, "If you know what is best for you, you will just keep your mouth shut and get out of this ward before anything else happens! If you leave right now, I can also pretend that this incident never happened. Otherwise..."

At this point, Charlie gave his order to Don Albert, who was still waiting on the other end of the line. "Albert, if you hear an old lady trying to talk back at me again, I want you to immediately give an order to your men to hunt Christopher Wilson and Harold Wilson down!"

Don Albert responded immediately, “Mr. Wade, don’t worry! I will surely carry out your instructions!”

Lady Wilson was utterly defeated, and she nodded to herself as she accepted her failure. Then, she raised her hand as she beckoned the rest of them and said weakly, “Let’s go.”

Christopher, Harold, and Wendy, who had already been silent for a long time, quickly helped Lady Wilson up to her feet before they left the ward.

After they had left, Jacob let out a long sigh before he said in a depressed voice, “I honestly thought that my mother had finally realized her mistakes and turned over a new leaf. Who would have known that it was all just part of her plan?”

Meanwhile, Elaine was lamenting, “If the Wilson Group collapses, we will lose our pensions...”

Claire looked at Charlie before smiling and saying, “Charlie, thank you so much for what you have done for me. If it weren’t because of your reminder, I would have been fooled, and I would have stepped right into their trap again.”

Charlie smiled before he said, “Claire, I am your husband. Why are you so polite to me?”

Then, Charlie continued speaking, “For the next few days, we need to let dad rest well in the hospital. I will take care of him. Claire, you can focus on building up your new company so that the Wilson family will not have the opportunity to look down on you!”

Claire nodded before she said seriously, “I know! I will certainly go all out this time!”

When Lady Wilson returned home, she was in a trance and felt as though she was about to collapse.

Not too long ago, she had just hosted a big banquet in the hotel because the Wilson Group had successfully signed a huge contract with Emgrand Group.

Yet, in the blink of an eye, the Wilson family were now treated as outcasts and were going bankrupt!

The Emgrand Group had decided to cease all partnerships and collaborations with them, and they had also blacklisted the Wilson Group. Now, the Wilson Group had lost many other partnerships with other companies, losing all of its revenue.

At the same time, the company was also facing a large amount of capital expenditure.

For instance, they had to pay for the rental of the office building, the salaries of all their employees, the construction costs for all of their projects, and also the material costs that they owed to all of their suppliers.

Chapter 334

Now, the Wilson Group was akin to a bag of rice with holes in it. To begin with, there was not much rice in it. However, the rice was now all rushing out of the bag, and the bag was almost empty!

What was even more annoying was the fact that her most beloved granddaughter, Wendy, had originally had the opportunity to marry Gerald from the White family. Yet, the White family had also decided to abandon the Wilson family.

Therefore, the Wilson family no longer had the support of the White family.

As she thought about it, Lady Wilson could not help but shed tears immediately.

Over the past few years, she had been in charge of taking care of the Wilson family and heading the operations of the Wilson Group. However, she had never expected the Wilson Group to end in this situation with her at the helm.

If this continued any further, the Wilson Group would not only have to shut down completely, but they would also face a huge amount of debt. If that happened, Lady Wilson was afraid that they might not even be able to keep this old villa of theirs!

All of this had happened because of her own greed and selfishness.

If she had not tried to seize the villa that the White family had given to Charlie in the first place, Jacob and Claire would not have disowned the Wilson family!

If Claire did not leave the Wilson Group, Emgrand Group would not have turned against the Wilson Group.

At this time, Christopher was also on the verge of collapse.

Their family business was at stake, his daughter had lost her happiness, his son had lost his future, and he had been repeatedly humiliated by that piece of trash, Charlie...

Christopher wanted to do something to help the Wilson family, but it seemed as though there was nothing he could do at all.

Wendy had been crying ever since she had come home, and this truly broke Christopher's heart.

Therefore, he could not help but ask Lady Wilson, "Mom, is there honestly no hope for the Wilson family and the Wilson Group anymore?"

Lady Wilson shed a few tears before she said, "I do not know what else to do anymore. If we do not declare bankruptcy and close down the company, the amount of debt that will subsequently accumulate will unmistakably crush us..."

Christopher choked as he said, "Mom, can't you ask some of your old friends for help? Why don't you ask around and see if anyone is willing to invest a sum of money in the Wilson Group so that they can help us to pull through this period of difficulties?"

"Invest?" Lady Wilson asked with a bitter smile on her face. "Who would still dare to invest in the Wilson Group now that we have already been blacklisted by Emgrand Group? Those old friends

of mine are all avoiding me, and none of them will answer my calls or reply to my text messages at all. I don't think that there is truly anyone that we can call a true friend in this world! Everyone is just using one another for the benefits!"

Harold suddenly said, "Grandma, if you say that there are no friends in this world and that everyone is just using one another for benefits, then, how is Charlie friends with so many wealthy and powerful people? Moreover, those people sincerely respect him and even call him their master! What benefits could Charlie possibly give to them?"

At this time, Lady Wilson replied, "Even though Charlie is just a piece of trash, he is unmistakably good with his words. I heard that these wealthy and powerful people respect him and are so polite to him simply because he gives them some Feng Shui advice. I think they are all fools! Charlie is no different from those fake old fortune-tellers who sit under the trees by the roadside!"

Harold had a puzzled expression on his face as he asked, "If so, why do so many wealthy and powerful people believe in what he says?"

Lady Wilson replied, "They believe in him because he has not made a mistake yet! Charlie is just like those fake Feng Shui masters in the past who were all very good at fooling and deceiving people. However, at the end of the day, everyone discovered the truth and realized that they were just liars!"

As she spoke about this, the old lady continued speaking with a cold expression on her face. "In my opinion, Charlie will definitely make a mistake very soon. When that time comes, all these wealthy and powerful people will realize that they have been tricked and deceived by him. After that, they will surely teach him a lesson!"

Harold looked at his grandmother expectantly before he said, "I can't wait! I can't wait to see Charlie getting chopped up and fed to the dogs!"

Lady Wilson replied bitterly, "Yes! Don't worry, that day will definitely come!"

Chapter 335

As the Wilson family were busy crying and cursing at Charlie, two Rolls-Royce suddenly stopped in front of the Wilson family villa.

Then, six bodyguards dressed in black stepped out of the two cars. One of the bodyguards quickly opened the rear door of the car at the back, and a middle-aged man in his fifties stepped out of the car.

The man was very presentable, and he was dressed in a top-notch handmade suit from a branded designer brand. He looked very dignified.

The middle-aged man stepped out of the car with a copy of the Wilson family tree in his hand as he asked his assistant, "Is this the Wilson family in Aurous Hill?"

The assistant nodded before he said, "Yes, Mr. Wilson. I have already checked with the Civil Affairs Bureau and confirmed that this is indeed the Wilson family in Aurous Hill."

“Alright, then.” The middle-aged man nodded and looked at the Wilson family villa before he said, “I did not expect the Wilson family in Aurous Hill to be so desolate. I guess they really are our poorer relatives...”

The assistant hurriedly replied, “Mr. Wilson, why don’t we leave now? It would be rather annoying for us to get involved with these poor people.”

The middle-aged man waved his hand slightly before he said, “Even though we have already lost contact with the Wilson family from Aurous Hill for a long time, my father told me that someone from the Aurous Hill Wilson family saved his life during the Resistance War. My father had always wanted to come over to thank him personally but he did not have the opportunity to do so because he had been paralyzed in bed all this time. Therefore, I sincerely wanted to come and thank the Wilson family in Aurous Hill on my father’s behalf. Moreover, I also want to sort out the genealogy of our ancestors so that I can write them in.”

The assistant asked again out of curiosity, “Mr. Wilson, what is the story behind your family tree?”

The middle-aged man replied, “The Wilson family was very big back then. Everyone in the Wilson family used to live together in the same village. However, when the Resistance War broke out, everyone fled for their lives and got separated. My father and the ancestor of the Wilson family in Aurous Hill were distant cousins. As they were escaping, my father was hit by a bullet and almost died. However, the man from the Wilson family in Aurous Hill carried him on his back so that they could escape.”

The assistant exclaimed in shock. “Wow! To think that there is such a relationship and history between this Wilson family and your family.”

“Yes.” After that, the middle-aged man sighed before he said, “Go and knock on the door.”

Meanwhile, all the members of the Wilson family were sitting together as they wept and cried miserably. When the doorbell rang, Christopher quickly wiped the tears off his face before he walked out to the courtyard to open the door.

Christopher saw a middle-aged man who was a few years older than him standing outside the gate with an arrogant expression on his face. When Christopher saw the six bodyguards and two Rolls-Royce parked outside his front door, he knew that this was not an ordinary man. Therefore, he could not help but ask, “How can I help you?”

The middle-aged man smiled slightly before he asked, “Are you a descendant of the Wilson family?”

Christopher subconsciously nodded before he said, “Yes, I am a member of the Wilson family. What can I do for you?”

The middle-aged man introduced himself at this time. “Hello. My name is Kenneth Wilson, and I am the head of the Wilson family in Eastcliff.”

“The Wilson family in Eastcliff?” Christopher asked in bewilderment. “What do you mean? I have not heard of it before.”

The middle-aged man smiled before he said, “We share the same ancestors, and we could be considered distant relatives. My father and your father were distant cousins.”

Christopher asked in surprise, "Are you also a member of the Wilson family?"

"Yes." Kenneth nodded before he said, "The reason I am here today is mainly that my father entrusted me to visit you so that I can express my gratitude to your father in person. Besides, I would also like to get to know you better so that we can keep in touch in the future."

Upon saying that, Kenneth took out a business card from his pocket before he handed it over to Christopher. "This is my business card."

Christopher took the name card in his hand and was dumbfounded as soon as he glanced at it.

Kenneth Wilson, the chairman of Modestway Group?

Modestway Group was a very famous public-listed group!

Christopher was very happy and quickly said, "Chairman Wilson! I have admired you for a very long time!"

After that, he hurriedly explained, "Chairman Wilson, what is the relationship between your father and my father? My father had already passed away more than three years ago."

Kenneth sighed before he replied, "Oh, that is truly unfortunate. My father also passed away last year. Before he left, he was still asking for us to bring him to see the person who saved his life. I did not expect his benefactor to leave one step before him..."

Chapter 336

As he spoke of this, Kenneth was filled with emotion as he said, "Since the brothers already missed out on one another for so many decades, perhaps they would have the opportunity to meet in heaven, then."

Christopher nodded before he said humbly, "Chairman Wilson, why don't you come in and take a seat."

Kenneth nodded before he laughed and said, "Alright, then. I am sorry to bother you!"

"No, no, you are not a bother at all!"

Christopher hurriedly led Kenneth through the courtyard into the living room. Then, he hurriedly introduced Lady Wilson to him. "Mom! This is the chairman of the Modestway Group, Kenneth Wilson!"

Lady Wilson was stunned.

Modestway Group?!

That was an extremely famous public-listed group!

Why was the chairman of Modestway Group here in their home?

Even though she was very puzzled, she still got up to greet him, filled with excitement. "Oh! Welcome to our house, Chairman Wilson. Please forgive an old lady like me for not giving you an appropriate welcome!"

"No, no, don't worry about it." Kenneth smiled as he extended his hands slightly. Suddenly, he caught a glimpse of Wendy who had been crying for a long time. Her eyes were red from her heartbroken weeping. As Kenneth glanced at her, he could not help but feel that this girl was indeed very beautiful even though she had such a pitiful expression on her face. He could not help but feel his heart beating a little faster.

Wendy was so depressed that she did not notice the new guest in her house was silently looking at her with greed in his eyes.

Lady Wilson quickly invited Kenneth into their living room before saying, "I did not expect Chairman Wilson to pay a visit to our house! I am truly honored to have you here as our guest!"

"You are too polite." Kenneth smiled before he said, "If I am not wrong, you must be the head of the Wilson family, right?"

Lady Wilson hurriedly replied, "Yes. Chairman Wilson, you can just call me Lady Wilson. You don't have to be so polite."

Kenneth nodded and said, "The reason why I am here today is that I want to fulfill my father's last wish before he passed away."

After that, Kenneth quickly explained the history that his father had shared with the old man of the Wilson family in the past.

The ancestral home of the Wilson family was located in a small mountain village. Almost everyone in that village shared Wilson's last name. In fact, all of them belonged to a large family that had developed for hundreds of years. Since the Wilson family had already developed so much, there were thousands of people in their family. At this time, most of them had already exceeded five different generations, and they could not be regarded as blood relatives anymore.

When they were still teenagers, Kenneth's father and Christopher's father were barely related to one another since there were already up to seven or eight generations between them. However, no matter what it was, both of them were still very close to one another, and they regarded each other as distant cousins.

Later, when the Resistance War began, the Wilson family had run for their lives in a panic, and everyone had gotten separated at the time. Fortunately, Kenneth's father did not lose his life that day.

After everyone had gotten separated because of the war, none of them had been able to find one another anymore.

When Kenneth's father had been on his deathbed, he was still asking and instructing Kenneth to find a way to thank his benefactor on his behalf.

However, Kenneth had not taken his father's words seriously. Even though he promised to help his father, he had forgotten all about the promise he made to his father on his deathbed.

It was only until a few days ago when Kenneth kept having the same nightmare of his old man complaining and scolding him that he suddenly recalled the promise that he made to him. Kenneth consulted a fortune teller, and the master had told him that his father's last wish was so strong to the point that if he refused to fulfill his wish for him, the old man would continue to haunt him in his dreams.

That was the reason why Kenneth had decided to spend some money to hire some people to look around before they finally found some clues leading to the Wilson family in Aurous Hill.

Upon hearing this, Lady Wilson cried out in excitement.

This was indeed a light at the end of a dark tunnel!

The Modestway Group was a publicly-listed group with a market value of tens of billions of dollars. If Kenneth just snapped his fingers, he would surely be able to help the Wilson family and save them from their misery!

Chapter 337

As she thought about this, Lady Wilson could not help but feel very excited as she said to Kenneth, "Oh, Chairman Wilson, your father was truly a good man who was very grateful to his savior! He actually remembered everything that happened even after all these years."

Kenneth nodded and sighed before he said, "After all, he was his benefactor and savior. My father has not forgotten everything that he had done for him even after so many years."

Then, Kenneth took out a high-end jewelry box from his pocket and handed it over to Lady Wilson, saying, "My father passed this to me on his deathbed and told me that I had to deliver this to his savior no matter what. Since Lord Wilson has already passed away, I will just hand this over to you instead, Lady Wilson."

Lady Wilson thought that Kenneth's father must have planned to give her a rare treasure to thank the old man for saving his life. Therefore, she quickly opened the jewelry box excitedly and looked inside the jewelry box.

However... it turned out to be a rusty bullet!

What the hell was this?!

Lady Wilson stared at Kenneth before she asked, "Chairman Wilson, this is..."

Kenneth hurriedly replied, "This is the bullet that hit my father's leg back then. His savior used a pocket knife to dig it out of his leg, and my father had been keeping it with him ever since that day. Before he passed away, he told me to pass this to his savior as a keepsake."

Lady Wilson almost cursed out loud.

What the heck?!

Her husband had saved his father's life, and all his father had wanted to give him was a rusty old bullet to commemorate that day?!

Was this how they were going to repay his kindness?!

This rusty old bullet was not even worth a single penny! Moreover, it had also entered a human body before. Why was Kenneth giving her this useless item?! He might as well reward them with eighteen million dollars so that they could tide through the difficulties they were facing now!

As she thought about this, Lady Wilson heaved a huge sigh of relief before saying, "I really did not expect your father to be such a kind and righteous person. I guess if he found out that our Wilson family is now facing a crisis, he would definitely offer us a helping hand, right?"

Kenneth was startled by this. A poor relative was indeed a poor relative. They had just met and she was already trying to ask him for money?!

However, since he was here to help the old man reciprocate his good wishes, he did not want to be rude to Lady Wilson. Thus, Kenneth asked, "Lady Wilson, I wonder what huge crisis your family has encountered?"

Lady Wilson quickly replied, "We own a company engaging in construction and refurbishments called the Wilson Group. Our business was booming, but we are currently experiencing a problem in our capital chain, and our company is going bankrupt. It would be great if we had some money to pull through these tough times."

Kenneth nodded slightly before he smiled and said, "Lady Wilson, you look like a very blessed person. Don't worry too much! I believe that the Wilson family will surely have good luck to pull through this crisis!"

Lady Wilson genuinely wanted to curse at Kenneth after listening to his words.

The reason why she had told him about their family crisis was that she wanted him to feel grateful toward her and offer to give them some money to pull through the crisis. After all, his father owed her husband a huge favor for saving his life! Shouldn't he repay his kindness with something more valuable instead?

In the end, all Kenneth said was that she looked like a blessed person and that the Wilson family would surely be able to survive this crisis!

If it weren't for his distinguished status and identity, Lady Wilson would have already slammed Kenneth's face against the bench!

Just then, Kenneth could not help but look at Wendy who still had a desperate and pitiful expression on her face. He smiled before he said, "Lady Wilson, it seems as though you have not introduced the other members of your family to me?"

Lady Wilson looked toward the direction that Kenneth was looking at, and based on the expression on his face, she could immediately tell that he was interested in Wendy.

Right then and there, Lady Wilson suddenly had an idea.

Chapter 338

As she thought about it, she hurriedly introduced Christopher as she said, "This is my eldest son, Christopher."

Kenneth nodded slightly at Christopher, but he did not seem interested in him at all.

Then, Lady Wilson introduced Harold to him. "Chairman Wilson, this is my grandson, Harold."

Harold greeted him in a hurry, "Hello, Chairman Wilson! Please take good care of me in the future!"

Kenneth simply nodded and kept his eyes on Wendy even though Lady Wilson had not introduced her to him at all.

At last, Lady Wilson smiled as she introduced Wendy to Kenneth. "Chairman Wilson, this is my granddaughter, Wendy."

At this, Kenneth heaved a huge sigh of relief.

This was his first time visiting the Wilson family, and he was initially worried that Wendy would turn out to be Harold's wife. If that was the case, he would not have a chance to proceed with his plan at all.

However, when he heard that she was also a member of the Wilson family, Kenneth suddenly felt a fire burning in his heart.

Even though Wendy was not the most beautiful person in the world, she was still a beauty. Otherwise, Gerald from the White family would not have been interested in her in the first place.

It was truly a pity that Wendy had always lived in the shadow of Claire, who was one of the top beauties in the Wilson family and also in Aurous Hill. Therefore, Wendy had had no opportunity to stand out at all.

However, now that Claire was not around and since Wendy's eyes and nose were red because she had been crying, this really ignited the desire for a man to protect and care for her.

When Lady Wilson saw that Kenneth was interested in Wendy, she hurriedly said, "Chairman Wilson, Wendy is already twenty-four years old this year and is still single. If you know of any suitable young men, please introduce him to Wendy."

In truth, Lady Wilson was not hoping for Kenneth to introduce someone to Wendy. She was simply trying to tell Kenneth that her granddaughter was still single, and he still had a chance to try and get her if he wanted to!

Kenneth was especially tempted by this.

He was already getting older, and his wife was also aging. He had already lost interest in his wife ever since a long time ago.

Moreover, since he had come to Aurous Hill on his own, his wife was not with him, and this was his opportunity to fool around if he wanted to. If he could take advantage of this opportunity to have some fun with Wendy, that would unmistakably be the best thing that could happen to him.

As he thought about this, Kenneth took the initiative to stretch out his hand to Wendy before he smiled and said, "Miss Wendy, you are so beautiful, so how is it possible that you do not have a boyfriend?"

It would have been better if he had not said this. As soon as he said this sentence, Wendy's eyes turned red once more, and tears started flowing down her cheeks.

She was feeling very upset and uncomfortable.

The Wilson family was in trouble, and she was going to lose everything that she ever wanted. Gerald treated her like a plague god and was avoiding her at all costs. He was not only refusing to marry her, but he would not even look at her or meet up with her when she asked him to.

She felt so miserable, but it seemed as though her cousin, Claire, was having the time of her life. There were so many wealthy and powerful people who had attended her opening ceremony. So, how could she possibly be compared to her? How could she not feel angry at all?! She felt very annoyed and desperate at this time.

When Kenneth saw that Wendy was crying again, he suddenly felt very distressed. He hurriedly asked, "Oh, why are you crying, Miss Wendy? Why are you crying?"

Lady Wilson quickly replied, "Didn't I tell you that our family is facing a huge crisis now? Wendy has a very deep affection for the family company and she feels very upset because it seems like the Wilson Group is going to go bankrupt! She has been begging me to find a way to save the company for the past two days, but I am just an old lady, so what could I possibly do to save the company? There is nothing that I can do, and I can only watch in distress as my precious granddaughter cries because she is so upset..."

Kenneth did not even think about it and he said to Wendy, "Miss Wendy, if you need help, please do not hesitate to approach me! I am quite capable, so why don't you let me help you instead?"

Chapter 339

Lady Wilson was overjoyed when Kenneth said that he would be willing to help the Wilson family.

However, Wendy was not happy at all.

Her focus was not on the Wilson Group whatsoever.

In truth, she did not care about the Wilson Group.

All she wanted was to marry a rich young man so that everyone would be envious of her and look up to her!

Moreover, the Wilson Group was just one of the properties owned by the Wilson family. What did it have to do with her anyway?

What saddened her the most was the fact that Gerald was so indifferent toward her, and she also felt very uncertain about her future.

Wendy had no care about what would happen to the Wilson Group at all!

When she saw how indifferent Wendy was, Lady Wilson hurriedly nudged her before she said, "Wendy, why are you in a daze? Hurry up and thank Chairman Wilson!"

Wendy was taken aback and looked up before she asked, "Why should I thank him?"

Lady Wilson became angry when she heard this. "Of course you should thank Chairman Wilson because he is willing to help the Wilson Group! Are you stupid?!"

Hearing this response, Wendy blurted out immediately, "I only care about Gerald! I do not care about what is going to happen to the Wilson Group at all!"

"Stupid girl!" Lady Wilson was so angry that she raised her hand and gave Wendy a slap across her face.

Lady Wilson started yelling, "I am already so worried about the future of the Wilson family and the Wilson Group, and yet, the only thing you are worried about now is Gerald from the White family?! You are frustrating me to death! Why can't you help to relieve my burden instead? You are really so useless!"

Wendy was dumbfounded because her grandmother had slapped her for no reason at all. After a short moment, Wendy cried out loud, "You are insane! Why did you hit me?! What has the Wilson Group got to do with me? I do not even work for the Wilson Group! So, why are you hitting me? If you can hit me, why don't you go and hit that bitch, Claire, instead?"

Lady Wilson was stunned.

She had never dreamt that Wendy would actually dare to disobey her.

She was just about to lose her temper again but Wendy turned around and ran out of the house.

This...

Lady Wilson was so embarrassed and yelled at Christopher, "Go after her and bring her back here!"

"Okay..." Christopher nodded awkwardly. "I will go after her now."

Lady Wilson also felt very embarrassed as she looked at Kenneth. "Chairman Wilson, I am truly sorry that you had to witness that. I feel utterly embarrassed. You must think of us as a joke now."

Kenneth was indeed feeling a little embarrassed at this time. However, he smiled before saying, "I feel that Miss Wendy has been stimulated and triggered by something. What happened?"

"Well..." Lady Wilson sighed before she said, "Don't mention it. This is all because we have a despicable son-in-law in the Wilson family!"

After that, Lady Wilson confided in Kenneth and told him how Charlie had caused Claire and Jacob to disown the Wilson family. Lady Wilson also blamed Charlie for causing the Wilson Group to fall from its former glory, even saying that Charlie was responsible for destroying Wendy's marriage contract with the White family.

However, Lady Wilson did not tell the truth as it was.

The version of the story that she told Kenneth was filled with lies, and she pushed all of the blame to Charlie and Jacob's family. She said that they had betrayed the Wilson family, and they had even forced her to get on her knees and beg them.

Kenneth felt somewhat uncomfortable after hearing Lady Wilson's words, and he could only sigh as he said, "Wow. This is too much. I really cannot believe that there are such unscrupulous children and grandchildren nowadays!"

Lady Wilson wiped the tears from her eyes before she looked at Kenneth and pleaded, "Chairman Wilson, you are the chairman of Modestway Group. If you would be willing to help us, the Wilson family will definitely be able to make a comeback..."

Chapter 340

"Oh..." Kenneth smiled awkwardly before he said, "Well, to be honest, I have to be very prudent when it comes to investing. First of all, I would have to look at the specific condition of the Wilson Group, and I would have to determine if there is any value in investing in the company. After that, I would have to determine how much money I want to invest in the company and how long it would take before I can get my investment back. I can only decide whether to invest in the Wilson Group after considering all of those options."

Lady Wilson knew the mess that the Wilson Group was currently in. Moreover, based on their current situation, no one would possibly want to invest in the Wilson Group at all.

Why would they do so? It would be useless for them to invest tens of millions of dollars in the Wilson Group. After all, if Emgrand Group had chosen to blacklist the Wilson Group, no one else would want to cooperate and work with the Wilson Group anyway.

Moreover, the Wilson Group was involved in renovation and refurbishment works. This kind of business required other people's cooperation with them. If everyone refused to work with them, they would only be an idle company with nothing to do at all.

Hence, based on the current situation, no one would invest in the Wilson Group unless it was a fool who had no better place to spend their money.

Lady Wilson could tell that Kenneth was an extremely shrewd man, and he would never be willing to help them out unless he could get something in return.

Thus, Lady Wilson thought for a moment before she said, "Chairman Wilson, why don't we do this instead? Since you are already in Aurous Hill and since we are family as my husband is also

connected to your father, I feel that we should try to communicate more and try to get to know each other better. So, why don't you stay at the Wilson family villa while you are here in Aurous Hill?"

Kenneth thought for a moment before he replied, "Well, I am still an outsider after all. Wouldn't it be a little inconvenient for me to live in your house? After all, Miss Wendy would also be here..."

In fact, an old fox like Kenneth knew exactly what he was doing. Therefore, he had also thought everything through before he spoke.

If he asked Lady Wilson directly whether Wendy would also be living here, he would reveal his true intentions immediately.

However, if he phrased his question to make it sound as though he did not want to be of an inconvenience to Wendy, he would be able to get an indirect answer from the old woman.

If Lady Wilson said that he did not need to worry because Wendy would not be staying here, it would be pointless for him to stay here, and he would decline her invitation immediately.

However, if Lady Wilson said that he would not need to worry since they were family and this would not cause any inconvenience to Wendy whatsoever, this would mean that Wendy was also staying here, and he would accept her offer immediately.

In truth, Lady Wilson knew of Kenneth's intentions.

The reason why she had invited him to stay at their house for a few days was because she was planning to persuade Wendy and get her to look for an opportunity to get closer to Kenneth.

If everything proceeded as planned, Kenneth would definitely be willing to invest in the Wilson Group.

Kenneth was the chairman of Modestway Group, and if he decided to invest in the Wilson Group, it would not only solve their financial problems, but he would also act as a strong background for the Wilson family. At that time, the Wilson family would be able to return to their former glory!

Lady Wilson smiled before she said, "Don't worry, Wendy is a very sensible girl. She will definitely welcome you to live in our house. Besides that, even though our villa might be a little old, it is still a standalone villa, and no outsiders will find out that you are living here."

Kenneth relaxed immediately before he nodded and said, "Then, I will accept your kind invitation. I also have some business that I have to deal with in Aurous Hill over the next few days. I will take advantage of this opportunity to get to know you and your family better before I consider whether I want to invest in the Wilson Group or not!"

"Okay!" Lady Wilson smiled excitedly. "That's great. I will get someone to clean up the guest room now."

After that, Lady Wilson lowered her voice before she said, "Chairman Wilson, to tell you the truth, Wendy's room is right across the guest room that you will be staying in. Please do not hesitate to look for her if you need anything."

Kenneth was extremely excited when he heard this.

Perfect!

The old lady had really planned everything out for him!

Even though he had plenty of money and no shortage of women around him, if he messed around outside, his wife would definitely find out about it.

However, if he stayed at the Wilson family villa, and if anything happened between him and Wendy, he did not need to worry about his wife finding out about them!

After all, in her eyes, this was his own family, and he was only here because he wanted to fulfill his father's dying wish. Therefore, she would not have any doubts at all!

This was the perfect choice for cheating!

Chapter 341

Wendy ran out of the house after getting slapped by Lady Wilson. However, Christopher stopped her before she could run out of the courtyard.

Christopher persuaded her to come back into the house, but she refused to do so. Wendy felt that the reason why she had ended up this way was because of Lady Wilson. If it weren't for her, would she be in such a miserable state, then?

Thus, Wendy was very angry at this time and wanted to run as far away from home as she possibly could.

However, she dispelled that idea when she heard her father's words.

At this time, Christopher said earnestly, "Wendy, where are you going to go if you run away from home? You don't even have a job, and you will have nowhere to live outside! After all, you are a girl, and it is impossible for you to go out to work so that you can rent a place to live now, right? I know that your grandma is wrong, but what else can we do besides sticking to your grandmother? After all, she is still the head of the Wilson family!"

Wendy was silent for a moment as she mulled over her father's words.

Sure enough, if she decided to leave the Wilson family villa, she would have nowhere else to go. Moreover, Wendy knew that she would definitely be made a laughing stock if the second young lady of the Wilson family was caught wandering on the streets with nowhere to go.

Therefore, she could only say aggrievedly, "Dad! Grandma is just too domineering and authoritative! I cannot tolerate her anymore. Why don't we move out..."

Christopher sighed before he said, "Move out? If we move out now, we will have nothing left! Your grandmother can only live for a few more years, at most. Once she passes away, the Wilson family villa and the rest of the assets belonging to the Wilson family will belong to us, then. This is our house. If we decide to move out now and your second uncle and his family

suddenly decides to move back into the Wilson family villa, wouldn't we lose everything, then? We will have nothing left if that happens."

Wendy came to a sudden realization when she heard this.

Even though Claire's family currently did not have a good relationship with Lady Wilson, if they moved back into the Wilson family villa, they would definitely try to take advantage of the situation and keep the villa for themselves!

As she thought about it, Wendy burst into tears again. After that, she said, "But I cannot live like this anymore! I can't stand her any longer..."

Christopher had no choice but to comfort his daughter. "Don't think about it anymore. After all, we have a guest in our house now. We cannot leave a bad impression and appear as a joke to our guests. After he leaves, I will give you some money so that you can travel and relax, okay?"

Wendy nodded slightly as she agreed with her father's suggestion. "Okay, then..."

When Wendy finally followed her father back into the villa, Lady Wilson had just sent Kenneth into the guest room and was walking down the stairs.

As soon as Lady Wilson saw that Wendy had returned, she rushed toward her before speaking apologetically, "Wendy, I was wrong earlier. I am sorry that I acted on impulse and hit you. I want to apologize to you and tell you how sorry I am. I hope that you will be able to forgive me."

Lady Wilson was hoping that Wendy would be able to change Kenneth's mind. Therefore, the first thing that she did as soon as Wendy came back was to take the initiative to apologize to her.

Wendy also did not expect her grandmother to take the initiative to apologize to her. In fact, it was really rare for her tough and arrogant grandmother to apologize to anyone. Therefore, Wendy felt much better after her apology.

Then, Lady Wilson took Wendy's hand before she brought her to the sofa in the living room. After that, she said earnestly, "Wendy, do you know that our family is facing a huge crisis now?"

Wendy nodded. "Yes, grandma. I know that."

"Since the White family annulled your engagement to Gerald, everyone in Aurous Hill thinks of you as a joke. Although grandma does not want to mention this, this is the truth, and you should know it too, right?"

As soon as she heard Lady Wilson's words, Wendy started crying again.

Everyone in Aurous Hill knew that she was the woman who had been rejected by the White family. Even if she wanted to marry another rich man, it would be absolutely impossible.

At the very least, it would be impossible for her to do so in Aurous Hill.

Chapter 342

Wendy knew that her future was very bleak.

Lady Wilson wiped the tears off her face before she said seriously, “Wendy, you used to be the princess in our house. I have always spoiled you, your parents spoiled you, and your brother also spoiled you a lot. You did not focus on your studies, and even after graduating, you refused to go to work, but that was still acceptable then. However, that was all in the past. Our family is not what it used to be, now. Wendy, you have to change. You have to learn how to be more mature so that you can share some responsibility on behalf of the Wilson family. Otherwise, our family will only suffer more and more.”

Wendy nodded before she said, “Grandma, I am sorry. I was too playful in the past and I did not learn anything at all. I am sorry that I could not do anything for our family...”

Lady Wilson squeezed Wendy’s hand before she said earnestly, “Wendy, everything is already in the past. You are, and you will always be, my precious granddaughter. How could I possibly blame you for anything at all?”

After that, Lady Wilson said earnestly, “Now, there is an excellent opportunity for you to achieve multiple benefits in one go. You will not only be able to solve our family crisis, but you will also have an opportunity to rise up again. Do you want to grab hold of this opportunity?”

When Wendy heard her grandmother’s words, she became very excited and replied immediately, “Yes, grandma! I would like that!”

As soon as Christopher and Harold heard Lady Wilson’s words, they also gathered around them.

Christopher was very excited at this time, and he quickly asked his mother, “Mom, what kind of opportunity is that?”

Lady Wilson then spoke seriously, “I am talking about Chairman Wilson. The one who is living in the guest room upstairs, Kenneth Wilson!”

“Him?” Christopher asked again. “Did he promise to help us already?”

“No.” Lady Wilson shook her head before she said, “He told me that we are not related to him, and he only came here today because he wanted to fulfill his father’s dying wish. He has no obligations to help us in any way.”

Christopher did not understand what his mother meant, so, he continued asking, “So, what do you mean then?”

Lady Wilson replied immediately, “I am saying that Wendy should seize this opportunity to get closer to Kenneth! I can tell that he is interested in Wendy.”

Christopher was shocked at this time, and he blurted out immediately, “Mom! Are you asking Wendy to spend the night with him?! He is even older than me!”

“So what?!” Lady Wilson retorted. “Is there an issue just because he is much older? Gerald was also not very young, but Wendy dated him for so long, even having an abortion because of him! What happened in the end? He only hurt Wendy and broke her heart. What else did he give her?!”

Christopher replied anxiously, “No matter how it ended, the relationship between Gerald and Wendy was a normal relationship between a loving couple! Chairman Wilson is already an old man!”

Lady Wilson said solemnly, “So what if he is already an old man? He is rich and powerful, and he has all sorts of connections and resources. Wendy will be able to get whatever she wants as long as she decides to follow him.”

Christopher waved his hand vigorously before he said, “No way! No way! I will not let that happen! I can accept what happened between Gerald and Wendy, but as her father, how could I accept an intimate relationship between Wendy and Chairman Wilson?”

“You can’t accept it?” Lady Wilson snorted before she said, “Then, can you accept being a poor man? If the Wilson Group goes bankrupt, what are you expecting to inherit from me? This old villa? Don’t forget that the Wilson Group owes the bank a lot of money! When we file for bankruptcy, the court will issue an order to take this villa back from us! It does not really matter to me since I would not be able to live for much longer anyway, but what are you going to do? What is going to happen to your family? Are you all going to live in a broken and old building like Jacob and his family?”

Christopher was speechless at this.

He did not want to betray his daughter, but he did not want to be poor either...

As he was at a loss, Wendy, who had been silent for a long time, suddenly spoke up and said, “Grandma, if he can help the Wilson Group, I will be willing to spend the night with him. However, I have one condition.”

Lady Wilson asked excitedly, “What is your condition?”

Wendy grit her teeth before she said, “I want to become the director of the Wilson Group. I want to hold the previous position that Claire held when she was still working for the Wilson Group.”

Chapter 343

After taking a shower that night, Wendy only wrapped a towel around herself before she knocked on Kenneth’s room door.

Wendy did not come out of Kenneth’s room again that night.

Early the next morning, the expressions on Christopher and Hannah’s faces were very ugly, and they felt extremely embarrassed and awkward when they saw Kenneth walking down the stairs with Wendy.

When Kenneth realized that the couple might not be satisfied with him because of the relationship between Wendy and himself, he quickly said without any hesitation, “I have decided to invest eighty million dollars in the Wilson family to help you rebuild the Wilson Group. To prove

my sincerity, I want to transfer ten million dollars to the Wilson Group today. I will pay the remaining seventy million dollars to the Wilson Group within a month!

As soon as he heard these words, everyone in the Wilson family was extremely excited.

Christopher and Hannah no longer felt as embarrassed or uncomfortable as they did before, and they immediately treated Kenneth as their valuable guest.

Lady Wilson was naturally very excited at this time. Kenneth had just announced that he would be transferring ten million dollars to the Wilson Group immediately! Lady Wilson would not need to worry anymore since the Wilson Group would be able to commence its operations with Wendy as the director!

The Wilson family was so glad to have overcome this crisis, and they even felt like celebrating this joyous moment with a pair of firecrackers!

Kenneth accepted the compliments from the Wilson family with a smile on his face.

After that, he immediately asked his company's finance department to transfer ten million dollars over to the Wilson Group so that they could temporarily tide through their financial difficulties.

At the same time, Kenneth also personally transferred five million dollars to Wendy as her pocket money.

After all, he knew that Wendy had gone all out to serve him and make sure that he enjoyed himself thoroughly last night. Kenneth was really very satisfied with her performance as he was already in his fifties and he had not experienced this kind of excitement in a very long time. Wendy made him feel young and robust again.

So, after just one night, he could feel his love and affection for Wendy increasing greatly, and he even thought of keeping her as his mistress for a long time.

After transferring the money to the Wilson Group, Kenneth said to Lady Wilson and Wendy's parents at the dining table, "Lady Wilson, Christopher, and my family, I hope that you will agree to the gratuitous request that I am going to make now."

Lady Wilson was still trembling with excitement and she replied joyously, "Chairman Wilson, we are all family. Please do not speak to us so politely. Just tell us what you want. You are not only an elder of the Wilson family, but you are also our benefactor! The Wilson family will never dare to turn down any of your requests."

Kenneth glanced at Wendy before he said, "Since Wendy and I are also in agreement for this relationship that we share now, I believe that there is true love between the both of us regardless of the difference in our age. So, I hope that you will agree to let Wendy become my lover. I promise that I will definitely help the Wilson family with all of my strength and I will never mistreat Wendy. I will love her and dote on her with all that I can!"

Even though Wendy was still somewhat resistant toward the old man, she had no resistance to his money at all. After receiving five million dollars from Kenneth as pocket money, she was naturally very happy to hear that Kenneth would like to keep her as his lover. As long as she held tightly onto Kenneth, she would not have to worry about anything in the future. She would have as much money and power as she wanted to!

Lady Wilson was also very excited when she heard Kenneth's words, and she agreed on the spot as she said, "Chairman Wilson, since both you and Wendy agree to this relationship, naturally, I will also raise my hands in favor of the both of you being together!"

Christopher felt that it was somewhat difficult for him to accept this, but when he thought about the future of the Wilson family, he finally said, "Alright, then. The both of you can decide on this matter on your own. We have no opinion over this matter."

However, Hannah was still a little dissatisfied and she said, "Chairman Wilson, I heard that you already have a family. Wendy is not even married yet. If word about your relationship spread out to the public, how is Wendy going to get married to anyone in the future?"

Kenneth replied immediately, "Don't worry. When the time is right, I will definitely make Wendy my wife!"

The whole family was very excited when they heard this.

He was going to marry Wendy?!

Wouldn't the Wilson family be part of the public-listed group, then?

This was simply amazing!

To show his sincerity, Kenneth also said, "I believe that all of you know that I have a lot of businesses in Eastcliff, and I am also the chairman of the Eastcliff Chamber of Commerce. I will definitely try to help the Wilson family in every way that I can, and I will make sure that the Wilson family becomes the top and most powerful family in Aurous Hill!"

The Wilson family was overjoyed by this!

Wendy began crying in front of her grandmother, her parents, and her brother, as she hugged Kenneth's waist.

Chapter 344

She felt that she finally had a chance to shine!

Kenneth continued speaking, "By the way, there will be a decoration industry summit in Aurous Hill in two days. I have also received an invitation to attend the summit. I will bring all of you with me on that day, and I will introduce the Wilson Group to everyone before making an announcement that I have already decided to invest in the Wilson Group!"

At this time, Wendy asked coquettishly, "Kenneth, how are you going to introduce me to everyone, then?"

Kenneth smiled before he said, "You will have to suffer a little grievance for the time being, okay? I will tell everyone that I am your uncle. When the time is right, I will divorce that old woman at home, and I am going to marry you and make you my wife!"

Wendy was overjoyed and she whispered, “Kenneth, that’s great news! I want to stay by your side and grow old with you!”

Kenneth touched her smooth hand before he said, “Don’t worry, my love. I will make sure that both of us stay together forever!”

The Wilson family was not anxious to announce their resurgence to the public. Therefore, Charlie did not know about this at all.

For the past few days, Charlie had been running back and forth from the hospital to their house as he was tasked with the responsibility of looking after the old man who was recuperating in the hospital.

Jacob was no longer in a critical condition and only needed to continue resting in the hospital for a few more days so that he could fully recover.

Therefore, Charlie had been cooking and delivering meals to Jacob over the past few days.

The news that Jacob’s paraplegia had been cured spread throughout the hospital and caused a national sensation.

Very few people in the medical field could actually believe that there could be such a medical miracle in the country!

However, many people were relieved when they heard that this was the work of the genius doctor, Anthony Simmons.

Everyone in the country knew about the genius doctor’s medical skills, and he was very reputable in the medical field.

Since he had successfully cured a patient with paraplegia this time, Anthony’s reputation rose even higher. He was now one of the top medical practitioners in the country.

Countless reporters flocked around Anthony because they wanted to interview him, and many reporters even flew in from abroad to request for an interview with him. At the same time, many top pharmaceutical companies also wanted to collaborate with him so that they could come up with a treatment and drug for paraplegia. However, Anthony turned down all of their requests.

After all, he did not want to take advantage of Charlie’s ability to steal the limelight. He knew very well that these abilities did not belong to him, but Charlie!

To express his respect and gratitude toward Charlie, Anthony decided to stay in Aurous Hill!

He felt that the only way that he would be able to repay Charlie’s kindness was if he chose to stay in Aurous Hill. Therefore, he decided to open a medical clinic in Aurous Hill, where he would be able to provide medical treatment to patients, and also where it would be convenient for him to carry out any of Charlie’s instructions at all times.

His granddaughter, Xyla, was very excited when she heard that her grandfather had decided to stay in Aurous Hill. She was so excited that she was completely at a loss for words.

After all, she was at the age where she wanted to get married and was easily attracted to men.

Which woman would be able to resist the charm of a powerful and capable man?

Xyla had long been fascinated by Charlie, and the only thing she would think about whenever she closed her eyes was Charlie's handsome and indifferent face.

She knew that Charlie was already married. However, just like the other girls, Xyla felt that Charlie and Claire were not that deeply in love with one another. Therefore, she felt as though she still had a chance to win Charlie over.

If she could stay in Aurous Hill, she would have a higher chance of getting together with Charlie.

After delivering Jacob's meal to him, Charlie was on the way back home when he received a phone call from Anthony. Anthony told him respectfully over the phone, "Mr. Wade, I have already rented a shop near Mrs. Wade's studio, and I have decided to open a medical clinic. I will be staying in Aurous Hill for long term. If you have any instructions or assignments for me, please do not hesitate to call me and ask for my help anytime!"

Charlie nodded before he said, "Okay. Thank you for your thoughtfulness."

Chapter 345

Early the next morning, Claire woke up and put on some makeup.

After putting on her makeup, Charlie felt a little excited because she looked extremely beautiful.

However, he asked Claire out of curiosity, "Dear wife, you usually go to work without putting on any makeup. Why are you putting on makeup today? Are you meeting anyone important?"

On any other normal day, Claire would always leave the house with a bare face because she already had a pleasant and beautiful appearance. She had a pink and rosy complexion, and she rarely needed to put on any makeup at all.

Claire replied earnestly, "Today is the decoration industry summit in Aurous Hill. Why don't you come with me? It is rare for the organizer to invite me to attend the summit even though I just started my company. This is a good opportunity for me to emerge and make a name for myself in the industry. Therefore, I must make sure that I strive to gain a foothold in the industry so that I will be able to perform well in the future."

Charlie asked with a surprised expression on his face, "Who is the sponsor for this summit? You just started your company, so why would they invite..."

Claire smiled before she answered, "The summit is hosted by Emgrand Group! The vice-chairman of Emgrand Group, Doris, sent me an invitation letter."

"No wonder..." Charlie usually did not care about any of the group's affairs, thus, he did not know that Emgrand Group was the organizer of the summit.

Moreover, he had a feeling that Doris had intentionally organized this summit because his wife had just started her company, and Doris wanted to help Claire expand her company's popularity.

To put it plainly, this was all just a set up so that his wife could perform on stage.

After she was done putting on her makeup, Claire asked Charlie to put on a suit before they left the house together.

When they arrived at the meeting place, it was already overcrowded. There were many middle-aged men dressed in suits and leather shoes, and they were all accompanied by beautiful girls on their arms.

Charlie had no contacts in the decoration and refurbishment industries, and so, he had no acquaintances there today. However, Claire had already been in this industry for a long time since she had been working for the Wilson Group before this. Hence, she met and greeted a few acquaintances after entering the meeting place.

As Charlie was accompanying Claire while she chatted with some of her acquaintances, he suddenly realized that a crowd of people was surrounding a middle-aged man, all at once. They were all praising and cheering for him.

Charlie's eyes were extremely sharp, and he could tell at one glance that the woman standing next to the strange middle-aged man was none other than Wendy!

At this time, he could not help but ask Claire out of curiosity, "Wife, hasn't the Wilson Group gone bankrupt? What is Wendy doing here?"

Claire also glanced in that direction before she shook her head and said, "I am not sure who decided to invest in the Wilson Group. The Wilson Group has already begun running their business operations as usual for the past few days."

Charlie could not help but frown.

Invest in the Wilson Group? Who would do that?

Aside from the Wilson family's conflict with the White family, the Moore family, and the Quinton family, anyone would have heard the news that Emgrand Group had already blacklisted the Wilson Group. Why would anyone actually invest in the Wilson Group and help the Wilson family now? Was there something wrong with this investor's brain?

Just then, two people near Charlie were whispering amongst themselves, and Charlie heard one of them saying, "Hey! Isn't that Kenneth Wilson, the chairman of Modestway Group?"

"That's Chairman Wilson?!" the other person exclaimed. "So, he is also the chairman of the Chamber of Commerce?"

"Yes, that's him!"

"How could someone from Eastcliff become the chairman of the Chamber of Commerce?"

"The Modestway Group has a lot of businesses all over the country, and the main reason why he became the chairman of the Chamber of Commerce is that the Moore family did not bother to

compete with him for that position. Otherwise, the Moore family would have taken the position as the chairman of the Chamber of Commerce.”

Charlie continued frowning as he listened to their discussion.

Chapter 346

It turned out that the man that Wendy was embracing was none other than the chairman of a public-listed company in Eastcliff!

Not only that, but the other party’s last name was also Wilson? Was he their relative?

Charlie could not help but ask Claire, “Dear, do you know of the relationship between the Wilson family and this person named Kenneth Wilson? Is he a distant relative?”

“I don’t know...” Claire replied. “I have never heard of him before...”

“That’s strange...” Charlie murmured. “Normally, the chairman of a public-listed company with a market value of tens of billions of dollars would not mix with someone on the low-end such as the Wilson family, let alone someone such as Wendy. Do you think that they are having an inappropriate relationship?”

Claire hurriedly replied, “Don’t talk nonsense! That man looks older than my uncle! How could they possibly be committing adultery?”

At this time, Wendy was very happy and excited as she was surrounded by a crowd of people. She was finally in the center of attention!

Kenneth, who was standing next to her, was not only the chairman of a public-listed group, but he was also the chairman of the Chamber of Commerce! All the businessmen gathered here today naturally wanted to get closer to them so that they could curry up favor with him!

When Kenneth introduced Wendy to the crowd of people, he referred to her as his niece and the future heir of the Wilson family. At this time, Kenneth also took the initiative to announce that he had already invested in the Wilson Group. All of a sudden, the crowd of people were all very polite and respectful toward Wendy.

Even those who could not be bothered about the Wilson family in the past suddenly offered to collaborate with the Wilson Group because they wanted to get into Kenneth’s good books. They quickly exchanged business cards and phone numbers with Wendy, hoping that they would be able to collaborate and work with her.

Wendy was naturally very excited because she finally understood what kind of treatment people from the upper-class society received from the public, and she finally understood what it felt like to have power.

Everyone had looked down on the Wilson family in the past, but after she had decided to embrace Kenneth, Wendy immediately became the person that everyone wanted to collaborate and work with in the renovation and refurbishment industry.

Wendy now realized how materialistic everyone was!

At this time, she could not help but think of Claire. Didn't Claire think that she was so great? Didn't she make fun of her because the White family had annulled her engagement with Gerald? Now, she had not only gotten involved with Kenneth who was much wealthier and more powerful, but she had also become the director of the Wilson Group! Even her grandmother had to treat her with respect! How could Claire possibly be compared to her?

As Wendy thought about this, she knew that Claire would also be participating in this industry summit since she had just started her own business and had set up her own studio! She began to wonder if Claire was already at the summit.

Therefore, she tiptoed before she looked around the crowd of people to look for Claire's figure.

As expected! An extremely beautiful figure suddenly appeared in front of her eyes!

It was none other than Claire!

Moreover, that piece of trash, Charlie, was also with Claire!

Wendy gritted her teeth bitterly.

She would teach Claire a lesson today, and she would humiliate her as much as she had been humiliated before!

As she thought about this, Wendy grabbed Kenneth's arm before she said, "My cousin and her useless husband are also here. Why don't we go over and say hello to them?"

Kenneth nodded before he said, "Wendy, since both of them insulted and humiliated you so much in the past, I will make sure they pay the price for their actions today!"

Wendy was so moved, and she blurted out immediately, "Kenneth, you are so kind to me..."

Kenneth smiled slightly before he said, "Isn't it only natural for me to treat you well?"

After that, Kenneth sneered before he said, "Where are your cousins and that piece of trash that you were talking about? Take me to meet them now! I will teach them a lesson today so that they know how to behave themselves in the future. I will also make sure that everyone in the Chamber of Commerce blacklists them today! Who gave them the courage to bully my woman?! I think they are tired of living!"

Chapter 347

Wendy was very excited when she thought about how she would finally have an opportunity to take revenge on Claire and Charlie. She held Kenneth's arm excitedly as she led him toward the both of them.

As soon as they approached the couple, Wendy said arrogantly, "Oh, look who's here! It turns out to be the woman who was evicted from the Wilson family and the son-in-law of the Wilson family who is nothing but a piece of trash! Are both of you even qualified to participate in this summit?"

Upon saying that, Wendy looked Claire up and down before she snorted arrogantly, "Claire, you have just opened your studio and you don't even have a single employee under you now! Do you really think your company has the right to participate in an industry summit like this? I think Emgrand Group must be blind to invite you to participate in the summit today!"

When Charlie saw that Wendy had already approached them, he simply asked in a cold voice, "Wendy, you were just kneeling before us as you begged for mercy the other day. Your grandmother even slapped you for being disrespectful toward me. Have you forgotten that? I think you should worry about yourself instead."

When Wendy heard Charlie mentioning her moments of despair, she was furious and shouted immediately, "Charlie! How dare you speak to me in this manner? Do you really think that I am still the same Wendy as I was before? Let me tell you something. From now on, you will have to kneel before me if you wish to speak to me!"

Charlie replied disdainfully, "I don't think there is anyone in this world who can make me kneel before them. I will never kneel before anyone else for no reason at all! Moreover, do you really think you are that great to have the ability to make me kneel before you? Just who do you think you are?"

Wendy yelled contemptuously, "Charlie, do you think you are so great just because you can fool some of those wealthy and powerful people? Do you actually think you can trample all over the Wilson family? The Wilson family is not what it used to be anymore!"

Charlie smiled before he asked, "Have you finally found someone to save the Wilson family?"

Wendy pointed at Kenneth before she said arrogantly, "This is Kenneth Wilson, the chairman of Modestway Group! He is also a part of the Wilson family now! He has already decided to invest in the Wilson family so that we will be able to grow the Wilson Group! He will support us from now on. Charlie, you are nothing but a useless piece of trash and you dare to be so arrogant in front of me now? Believe it or not, Kenneth can make sure that Claire's studio and business are blacklisted if he just speaks up! At that time, you will have nowhere else to go in Aurous Hill!"

Then, Wendy looked at Claire with a vicious expression on her face as she shouted, "Claire! Didn't you think that you were really awesome? Didn't you think that Emgrand Group would be able to help you blacklist the Wilson Group?"

"Let me tell you something. Feng Shui has already changed around here! Now that Chairman Wilson is on our side, the Wilson Group will not be blacklisted, and we will continue rising up to the sky!"

"And you, Claire! I will make sure that everyone in Aurous Hill will blacklist you and your studio! You will be left with nothing at all. At that time, you will kneel and kowtow before me and grandma to ask for mercy!"

Claire was indifferent as she was faced with this series of performances by Wendy. Instead, she simply replied in a cold and indifferent manner, "Don't worry. Even though I am not a very powerful or capable person, I am still a better person than you are. You knelt before me just to beg me for money, but I will never kneel before you because of money!"

Wendy did not expect Claire to be so indifferent even though she was threatening her. It seemed as though Claire was not afraid of her at all!

Claire's tough attitude made Wendy even more furious!

Wendy continued yelling, "Claire, how can you still be so arrogant even when you are about to lose everything that you have? Okay, fine! Just wait and see how Chairman Wilson is going to make you and your family get thrown out to the streets because you are going to lose everything!"

Charlie looked at Kenneth who was standing next to Wendy before he asked with a smile on his face, "According to Wendy's words, it seems as though you are here to avenge the Wilson family?"

At this time, Kenneth was just staring at Claire.

Even though Wendy was a beauty, Kenneth did not expect Claire to be so much more beautiful compared to Wendy. He was temporarily absent at the moment because he was appreciating Claire's exceptional beauty.

Moreover, he was feeling a little uneasy.

He had already spent fifteen millions dollars for someone like Wendy, who was far less attractive compared to Claire!

He had invested ten million dollars in the Wilson Group and had given Wendy five million dollars to spend as her pocket money.

However, he did not expect a useless son-in-law like Charlie to actually be blessed enough to have a wife that was as beautiful and gorgeous as Claire. Kenneth felt that this was indeed very frustrating and annoying!

Chapter 348

Kenneth looked Charlie up and down before he sneered and said, "You are that useless son-in-law of the Wilson family?"

Charlie replied lightly, "Yes, I am. How can I help you?"

Kenneth replied coldly, "I heard that you insulted and humiliated Wendy a lot in the past. I am going to slowly make you pay for what you did to Wendy!"

Charlie nodded before he said disdainfully, "Well, we do not have all day. If you want, you'd better avenge her right now, then."

Kenneth initially thought that he would be able to make Charlie kneel and beg for mercy if he just revealed his identity and said a few ruthless words to him. However, he did not expect that a piece of trash like him would actually have the audacity to speak to him in such a disrespectful manner! Kenneth grit his teeth before he said, “Young man, you seem to be very haughty and arrogant. Do you know who I am?”

Charlie smirked before he said, “You are nothing but a piece of trash to me. I don’t care about your identity at all.”

Kenneth was furious and said, “Even though I, Kenneth Wilson, am not from Aurous Hill, I am also very reputable and powerful here! You are the first person who dares to speak to me in this manner!”

Charlie put away his cynical smile before he stared right into Kenneth’s eyes and said word by word, “In Aurous Hill, even if you are a tiger, you will have to lie down before me. Even if you are a dragon, you will have to lower your head for me. Because I, Charlie Wade, am the one and only real dragon in Aurous Hill!”

Kenneth was taken aback by Charlie’s sharp gaze, and he had to force himself to calm down before he recovered his senses. Then, he sneered, “Wendy is right! You are nothing but a piece of trash who likes to brag! Do you truly think that someone like you could actually be a dragon? You are really making me sick! In my eyes, you are nothing but a worm!”

After that, Kenneth deliberately looked at Claire before he smiled and said, “Miss Claire, I have already heard about your beauty ever since a long time ago. Now that I have finally seen you in person, I have to admit that you really deserve to be called a beauty. I do not understand why you want to spend the rest of your life with this useless husband of yours. Why don’t you follow me instead? I will not mistreat you, and I will make sure that you have a better future!”

After he was done speaking, Kenneth pointed at Wendy before he said to Claire, “Look. Wendy agreed to follow me and be my woman, and I gave her five million dollars as her pocket money. If you agree to be my woman, I will give you ten million dollars!”

Claire glared at Kenneth before she said angrily, “You are so shameless!”

Kenneth laughed as he said, “Even though I might be a little shameless, I can assure you that I am still very good in bed. I can guarantee that you will definitely fall in love with me after spending one night in bed with me!”

Charlie could not tolerate it any longer and he raised his hand and punched Kenneth in the face without any mercy at all!

Bam!

Kenneth collapsed to the ground in an instant as soon as Charlie punched him.

His nose was broken, and he had also lost four of his front teeth with just a single punch.

All of a sudden, everyone who was in the hall concentrated their attention on Kenneth who was lying on the ground in pain.

No one would have ever imagined that someone would actually dare to hit Kenneth Wilson!

This person was not only the chairman of Modestway Group, but he was also the chairman of the Chamber of Commerce. He had a very high status, and he was an extremely powerful and wealthy man. Whoever dared to hit him must be tired of living!

Meanwhile, Kenneth, who was lying on the ground with blood all over his face, pointed a finger at Charlie as he yelled out in pain and anger, "You! You piece of trash! You actually dared to hit me?! I am going to kill you!"

Charlie replied, "I am not only going to hit you, I am going to abolish you!"

As soon as he was done speaking, Charlie raised his leg and stepped on Kenneth's crotch before saying, "Chairman Wilson, didn't you say that you enjoy spending the night with women? Well, from now on, you can just say goodbye to women!"

Chapter 349

When Kenneth saw that Charlie was stepping on his crotch, he was so frightened that he turned pale immediately.

Even though he believed that Charlie was just a piece of trash that he could get rid of with a snap of his fingers, he knew that he would definitely lose his manhood if Charlie stepped on his crotch again!

Even if he could get rid of Charlie in the future, how would that benefit him? He would have already lost his manhood by then!

As a man, especially as a wealthy and powerful man like him, there would always be plenty of women around him. No matter what it was, he could not afford to lose his manhood! How was that different than Charlie taking his life?

Therefore, he hurriedly begged for mercy, "Brother Wade! Brother Wade! If there is anything, we can just amicably discuss this!"

Charlie smiled before he said, "Why? Are you afraid?"

There was cold sweat all over Kenneth's face, and he nodded repeatedly before he said, "I was wrong! I know that I was wrong! Please forgive me for my ignorance. Just let me off this time."

In fact, Kenneth had other plans in his mind. After keeping his manhood, he would then hire someone to come and teach Charlie a lesson and kill him for humiliating him today!

How could Charlie possibly not know what was going through Kenneth's mind at this time? He was just like a cat playing with a mouse. Charlie smiled before he said, "Alright, then. Since you are so desperate for my forgiveness, I want you to call me your father."

The people at the scene were all shocked!

Was this young man really so cruel?

He wanted Chairman Wilson to call him 'father'?

Was this young man actually tired of living? What was he trying to do?

Kenneth also had a very ugly expression on his face at this time.

There were so many people watching this scene right now, and Charlie wanted him to call him 'father'? He was already old enough to be this young man's father!

If Kenneth really called Charlie his father today, he would definitely be a laughingstock in the future!

However, right now, Charlie was in control of his manhood, and no matter how much power he had, or no matter what background he came from, there was no way for him to get out of this situation...

As Kenneth was at a loss at what he should be doing, Charlie suddenly said, "Oh, I did not expect Chairman Wilson to choose your own face and reputation over your manhood. Alright, then. If that is the case, I will fulfill your wish! You should just say goodbye to your manhood now!"

After saying that, Charlie lifted his foot as he prepared to stomp on Kenneth's crotch again.

At this point, Kenneth was so frightened that he wet himself, and a large puddle of yellow liquid pooled under his buttocks. Kenneth also cried out loud, "Father! Father! I was wrong, dad! Please allow me to keep my manhood!"

After that, Kenneth began weeping miserably.

He made a terrible mistake! He should have brought his bodyguards here with him.

If his bodyguards were with him, Charlie would not have had the opportunity to humiliate him! He even had to embarrass himself in front of so many people and call Charlie his father!

Kenneth could not wait to teach Charlie a lesson!

Everyone in the hall could not help but exclaim in shock when they heard Kenneth calling Charlie his father.

The chairman of Modestway Group had wet himself because of a young man?! What was even more surprising was that he actually called the young man his father! This was simply too shocking and outrageous!

When Wendy witnessed the scene that had unfolded before her, she shouted angrily at Charlie, "Charlie! You even dared to lay a finger on Chairman Wilson? This time, your life is over! You're dead meat!"

Kenneth felt very embarrassed, and he looked at Charlie with an indignant expression on his face as he asked, "Are you satisfied? Can you let me go now?"

Charlie nodded before he smiled and said, "Okay! Since Chairman Wilson is so obedient and since you have already called me your father, then, of course! I have to fulfill my promise and not step on your crotch again!"

Kenneth finally heaved a huge sigh of relief.

However, in the very next second, Charlie sneered before he said, "I still have to tell you that I will make sure you will not be able to use your manhood in the future. I felt that instead of letting you weep as you stare at a mound of rotten flesh, it would be better for me to let you stare at a perfectly normal but unusable piece of flesh. That would definitely be much more interesting!"

Chapter 350

Kenneth did not understand what Charlie was saying, and he subconsciously asked, "You... what do you mean?"

Charlie smiled before he said, "It's okay. I will not step on your crotch, but I will abolish your manhood!"

After that, Charlie used his toes to hit Kenneth's abdomen, and some spiritual energy flowed out of his toes at this time.

Ever since he had studied the apocalyptic book, Charlie had already grasped and learned how to control his qi. This trace of qi that he had just released would cut off Kenneth's nerves, making it completely impossible for him to use his manhood.

However, Kenneth did not know what Charlie was doing when he gently tapped his lower abdomen with his toes.

He also did not notice that he had already lost his manhood at this time. In the future, he would only be able to look at his man part, but he would never be able to use it again.

Now, Kenneth was indeed very furious and terrified, and he was just eager to flee out of this place so that he could bring his bodyguards back in with him and order them to beat Charlie to death before they crushed his manhood!

As he thought about it, he ground his teeth and asked, "Can I leave now?"

Charlie asked him in return, "Who are you talking to?"

Kenneth replied angrily, "Of course, I'm talking to you!"

Charlie asked yet again, "Then, who am I to you?"

The expression on Kenneth's face was very ugly at this time. He was a smart man, and he obviously understood the meaning behind Charlie's words. He wanted him to call him 'father' again!

Damn! This was absolutely humiliating! He could not stand it anymore!

Hence, he said angrily, "Charlie! Don't take things too far! You told me that you would let me go as long as I called you my father once! Why are you going back on your words now?"

Charlie smiled before he said, "Because I am shameless..."

After he was done speaking, Charlie glared at him with a cold expression on his face as he said, "If you don't call me your father now, I may accidentally step on your crotch. Please do not blame me when that happens!"

Kenneth was really afraid and could only grit his teeth as he said, "Okay, you win!"

In his opinion, since he had already called Charlie his father, he had already lost face anyway. Therefore, Kenneth felt that it would not hurt him to call Charlie his father again. The most important thing right now was to make sure that he could escape from Charlie so that he could go out of the hall and call for his bodyguards!

Therefore, he pleaded, "Dad, can you please be magnanimous and let me go..."

Charlie nodded in satisfaction before he said, "Dear son, since you are being so obedient and respectful, I will forgive you. Get out of here now!"

As soon as he heard Charlie's words, Kenneth hurriedly crawled out of Charlie's range before running out with Wendy.

Since Kenneth had wet himself earlier, there was a trail of his urine all over the smooth floor, and it was a very disgusting sight.

When everyone saw how pathetic Kenneth looked, they could not help but laugh amongst themselves. Kenneth heard their ridicule, and he felt as though he was repeatedly stabbed with a hundred daggers. Thus, he hastened his steps so that he could leave the hall as soon as possible, but unfortunately, he slipped and fell.

There was a burst of laughter throughout the hall, and Wendy hurriedly tried her best to help Kenneth up to his feet before both of them left in a hurry.

At this time, Claire looked at Charlie with a worried expression on her face as she said, "Charlie, Chairman Wilson is actually a very powerful man. Aren't you afraid that he will retaliate against you in the future if you provoke and humiliate him like this?"

Charlie smiled slightly before he said, "Dear, didn't you hear what I said earlier? Even if he is a tiger, he would have to bow down before me, and even if he is a dragon, he would also have to lower his head in front of me! Kenneth Wilson is nothing in Aurous Hill!"

Claire replied with a concerned expression on her face, "I know that you have a close friendship with some of the wealthiest and most powerful people in Aurous Hill, but they might not necessarily agree to help you in the future! What will you do then?"

Charlie patted her gently on her shoulder before he said, "Dear wife, you can doubt everyone in this world, but you must never doubt your husband!"

Claire was startled when she saw the confidence on Charlie's face.

She discovered that her useless husband actually had a domineering and arrogant side to him!
