

## Chapter 3321

The Wade family heard Apollo Wainwright say that he had come by the order of the Lord of the Dragon Temple, and each of them was shocked.

They thought it would be troublesome to offend anyone in the Dragon Temple, but who would have thought that the one who was offended was the Lord of the Dragon Temple!

This is the mercenary leader of tens of thousands of elite mercenaries under his command!

If you offend him, is there a way to survive?

At this time, Apollo Wainwright said coldly, "My Lord's name is Wesley Drake, the lord of the Dragon Temple! He is the son of Kevin Drake!"

After that, he looked at Lord Wade and asked, "Old thing, the name of Kevin Drake, do you still remember?!"

Lord Wade's face instantly turned pale when he heard this!

He naturally knew Kevin Drake and his wife!

But he never dreamed that the famous Dragon Temple in the world was actually created by Kevin Drake's son!

The other immediate family members of the Wade family were also scared and almost fainted at this time!

Corran, William, and Cynthia, all knew that Kevin Drake committed suicide by jumping off the building

and his wife committed suicide by taking poison.

As soon as they heard that the man behind the scenes of the other party turned out to be Kevin Drake's son, they knew that the other party was avenging his parents!

Although Kevin Drake and his wife committed suicide in the past, they were also lost in the hands of Bruce Wade and died after their family broke down.

Therefore, the Wade family knew in their hearts that even if both Kevin Drake and his wife committed suicide, their children would not be able to accept this reality.

At the same time, this blood debt is bound to be recorded on the Wade family's head.

As the saying goes, the hatred of parents is not shared, so the direct members of the Wade family have been desperate to hear this.

Corran was frightened, but in order to get rid of the Dragon Temple, he couldn't help but walked out and blurted out nervously, "This little brother, we naturally know about Kevin Drake, but to be honest, back then, Kevin Drake's conflict was with my second brother Bruce Wade, who has nothing to do with us..."

After speaking, Corran swallowed his saliva and said, "Also, although Kevin Drake and his wife passed away very early and it is a pity, my second brother also died tragically in Aurous Hill not long after that. My second brother has been dead for nearly 20 years. In this matter, your master shouldn't come to us anyway..."

Apollo Wainwright sneered, "Our Lord said that even though Bruce Wade has also passed away, he represents your entire Wade Family, and what you call is the resources of the Wade Family. So in this matter, everyone in the Wade Family is all responsible!"

As he said, Apollo Wainwright paused slightly and said loudly, "Now, it's time for your Wade family to pay the price!"

Lord Wade was in a panic, but he insisted on saying, "Bruce was indeed responsible for the death of Kevin Drake. But my son, Bruce, once sighed when he heard of Kevin's death. He died because of Bruce, and I can hardly escape the blame..."

Speaking of this, Lord Wade said with a bit of pleading, "But I also ask the Dragon Temple Master, for the sake of my son, Bruce, who has passed away for nearly 20 years, to forgive and let go of the past! If the Dragon Temple Master, Wesley Drake, is willing to forgive the Wade Family, we are willing to take out ten billion in cash in return!"

Although Lord Wade felt that Kevin Drake's suicide was purely what he deserved, and had nothing to do with the Wade Family, and the Wade Family didn't need to take any responsibility for this.

But he also understood in his heart that it is impossible to be absolutely objective if the death of his parents is placed on any one person.

Kevin Drake and his wife were tantamount to losing all their property in a formal casino and then chose to commit suicide.

## Chapter 3322

Although they are willing to bet and lose, the casino will always be open, but the future of their children will definitely be lost.

Therefore, in this case, trying to reason with the other party again is meaningless.

The only thing that can be done is to do everything possible to smooth out the hatred in the other party's heart.

Even if it pays tens of billions of funds as compensation, it is still not hesitating.

When Apollo Wainwright heard this, he said contemptuously, "Old thing, our Dragon Temple master's biggest goal in the past 20 years is to make the Wade Family pay in blood. This kind of hatred, you think a mere 10 billion can solve this?"

Lord Wade also knows that the other party is unlikely to agree, but in business negotiations, the bid will always be in place without one step, so he immediately said, "If the lord of your Dragon Temple looks down on ten billion, then I can still add more, as long as it is within the scope of my Wade family's tolerance, and I am willing!"

Apollo Wainwright smiled, and said, "I don't think that you, an old thing, are pretty good."

Having said that, he snorted and said, "Old thing, since you want to resolve this matter peacefully, then our Dragon Temple Master is not forbidden to give the opportunity to the Wade Family, as long as your Wade Family agrees to our Dragon Temple Master's three conditions. Our Lord can spare you as a dog!"

Lord Wade was overjoyed in his heart and hurriedly said, "What are the specific conditions, please tell me! As long as my Wade family can do it, I will do it!"

Apollo Wainwright nodded and said, "Then listen carefully. First! Tonight, I want all the Wade family ancestors buried on Wade Mountain moved, leave Bruce Wade's coffin, and move all the others away overnight! The Wade Mountain will be renamed Drake Mountain. The mountain becomes a tomb of Drake family members!"

The Wade family's expression was shocked!

To move all Wade family's tombs overnight and rename Wade Mountain to Drake Mountain, isn't this the f\*cking dove occupying the magpie's nest?

The point is, they have already heard of robbing houses and land, but no one has heard of robbing ancestral graves!

This is no longer the dove occupying the magpie's nest, this is the dove occupying the magpie's grave!

However, if they want to grab the graveyard, then why would they want to leave Bruce Wade's coffin?

What is Wesley's goal?

Just when the Wade family was at a loss, Apollo Wainwright slowly spoke again, "Second! Tomorrow morning, all of your Wade family members will gather at the foot of Wade Mountain and use the whole process of your ancestor worship ceremony to mourn the parents of our Dragon Temple Lord!"

As soon as this sentence came out, the Wade family collapsed.

The Wade Family's ancestor worship ceremony is to worship the Wade Family's many ancestors for hundreds of years.

Now, not only did Wesley ask them to pick up their ancestral graves overnight, but also let them put on hemp and filial piety for Kevin Drake and his wife?

The Drake couple, how could they be compared with the ancestors of the Wade family?

If the Wade Family really did this, wouldn't the Wade family be a huge laughingstock to the whole country, and even the world?!

Just as the Wade family was indignant, Apollo Wainwright spoke again, "Third, your Wade family should willingly take out one-half of Wade family's assets as compensation for the death of Kevin Drake and his wife!"

The third condition was originally out of Wesley's consideration.

He just wanted to use his best to humiliate the Wade family, seize the ancestral grave of the Wade family, and then thwart Bruce Wade's bones and ashes.

But this time, the loss of the Dragon Temple in Syria was extremely heavy.

He also knew that when he went to negotiate with Syria next, Syria would definitely take more than 10,000 prisoners to rip off.

Therefore, he must be prepared for this.

Ever since, he put his idea on the Wade Family, wanting to pass this part of the loss to the Wade Family to bear.

But when the Wade family heard this, except for Charlie, all of them fell apart!

Chapter 3323

The three conditions of Wesley were unheard of to anyone!

You want the ancestral grave of the Wade family, leave the coffins of Bruce Wade and his wife, and ask the Wade family to wear sackcloth to give his parents a funeral, and also half of the Wade family's assets!

It is said that there are three conditions, but there are actually four.

And these four conditions, no matter which one, is to challenge Wade Family's limit, to put Wade Family's face on the ground and step on it vigorously.

And these four conditions are superimposed together, not only to step on the Wade family's face, but also to step on them with spiked shoes, and at the same time, to spit out a few more sputum, and then chop off the hands and feet of the Wade family and let the Wade family becomes a stick.

When Lord Wade heard this, he was so angry that he was about to have a heart attack!

The anger in his heart had already overcome the fear, so he roared in anger, "Your lord is really deceiving people too much!! At that time, Kevin Drake and his wife committed suicide, and they have nothing to do with my Wade family! I am willing to give 10 billion, which is the best of my kindness!!! But your Lord can still make so many despicable and shameless requests. It's unbearable!"

Apollo Wainwright smiled and took out a good Cuban cigar.

After lighting it, he took a deep breath and spit it directly on Lord Wade's face.

He coldly said, "Old thing, it doesn't matter if you don't accept it. You must not see the coffin without weeping!"

Having said that, he turned around, pointed at the coffins behind him, and sneered, "So our Lord asked me to bring these coffins over and show you clearly, let you know that these coffins are all prepared for you!"

Lord Wade said coldly, "I don't believe you can kill all the Wade family! This is not the Middle East or Africa! It's not the place where you want to go wild!"

Apollo Wainwright disdainfully said, "Of course our Lord knows this, and our Lord returns to Eastcliff this time, in addition to seeking revenge from your Wade Family, he will also announce the official return of Kevin Drake's son to the entire Eastcliff. So in this case, of course our Lord must abide by the law..."

Speaking of this, Apollo Wainwright smiled sinisterly, and said, "But our Lord also said that if your family does not agree to his conditions, he will not do anything to your Wade family. It's just that, in the future your Wade family will definitely die one by one! Moreover, the causes of death may be diverse and varied! Some people may die in a car accident, some people may die in a fire, and some people may die from drowning or suicide, maybe even someone will be bitten to death by dozens of dogs... However, every way of death is like opening a blind box to you. The way each person can open depends entirely on your own luck."

Apollo Wainwright's words made everyone in Wade's family, except Charlie, feel like a point on their backs.

This feeling is as if the opponent's sharp knife has reached their backs, and it will be stabbed in at any time.

When Lord Wade heard this, his heart was ashamed.

He already understood Wesley's plan.

Since Wesley wanted to come back openly, he naturally didn't dare to kill the Wade family in a big way.

## Chapter 3324

Although they cannot be killed all at once, assassination is much easier.

Dragon Temple itself is the world's top mercenary organization, with countless masters.

If all these masters came to assassinate the Wade Family, it would be absolutely impossible for any of the Wade Family to survive.

He even felt that even Charlie would not be able to withstand such a terrifying master.

If the Wade family cannot meet Wesley's requirements, the Wesley will definitely launch an indiscriminate assassination against the Wade family.

And he also believed that Wesley had waited for this day for twenty years, and he was definitely not just talking about it.

However, the conditions given by Wesley were indeed too harsh.

This is not a choice of life or death, it is a choice of lingering and burning calmly.

If they accept Wesley's conditions, the Wade family can indeed save their lives.

However, all the dignity of the Wade Family will no longer exist.

And as long as the Wade family members are still alive, they will always be the laughingstock of others, and even after death, they will be poked into the backbone of others.

As a result, he fell into the most entangled choice in his life.

Suddenly, he didn't know what to do.

And the Wade family behind him are also scared at this time.

For the vast majority of the Wade family, they don't have any real backbone, and some are just the superiority that has always existed in their hearts under the background of money and status.

Therefore, at this moment in the face of death threats, they just want to survive.

As long as you can survive, it doesn't matter if you are ashamed.

If it doesn't work, then the last resort is to leave China with the remaining assets, go to a place that no one knows, and pass the rest of his life in peace. In this way, it is better than unexplainably dying under the assassination of Dragon Temple.

However, Lord Wade could not accept such conditions.

At this moment, Apollo Wainwright looked at Lord Wade and asked in a cold voice, "Old thing, how are you thinking about it? Do you agree or refuse the conditions of our Lord?!"

Lord Wade was under tremendous pressure and slowly said, "This little brother, please report back to your Lord. These conditions are too harsh for our Wade family. Even if I really want to give the Wade Mountain out to him, there are so many ancestors of the Wade family on Wade Mountain, and it will take some time to settle down..."

As he said, Lord Wade paused slightly and said seriously, "Furthermore, Bruce Wade is my son. As a father, it is impossible for me to leave my son's coffin to others. What's more, I let him down when he

was still alive, and now that he is dead, I can't let him down again!"

Hearing these words from the old man, Charlie glanced at Lord Wade more.

He has to admit that Lord Wade dared to say such a sentence at this time, which made Charlie somewhat change his attitude when he was surprised.

At this time, Lord Wade continued, "Also, in order to express our family's apology to Drake family, I'm willing to take the Wade family to worship after Kevin Drake and his wife's coffin moved into Wade Mountain, but if I were to put on filth and filial piety for them like this old bone, I would not accept it! In the end, I was also asked to hand out half of my assets, which I cannot accept! I just said that I am willing to give 10 billion yuan as compensation. If your Lord is not satisfied, I can turn the yuan into US dollars, but this is the maximum limit I can accept!"

Apollo Wainwright innocently thought that Lord Wade would show resistance to every condition proposed by the Lord, so he questioned him with a vicious expression, "Old thing, do you think I am here to negotiate with you? I just came to truthfully convey the instructions of our Lord! You have no bargaining qualifications!"

Upon hearing this, Lord Wade said with a generous expression of going to death, and said coldly, "If there is no room for bargaining, then I don't need to talk about it. If your Lord is not afraid of causing public outrage, you can come to Wade's house and kill me. Anyway, at my age, it's not a pity to die."

When Charlie's uncle, Corran heard this, he was anxious and said in a low voice, "Dad! You can't be impulsive! This Dragon Temple is extremely powerful, they are all top masters, and they don't blink.. Even the head of the bodyguards is nothing to them, not to mention ordinary people like us...you are old, but Jon, and Brenden are still young!"

Lord Wade stared at him and asked coldly, "What? As the son of the Wade family, do you want me to agree to their terms?!"

Chapter 3325

Corran was stared at by the old man and felt his whole body shaking.

He hurriedly said, "Dad...I think.. this is everything... it's the most important thing to have life and safety.."

After speaking, Corran continued and said, "Moreover, the assets of our Wade family are more than one trillion yuan? If we take out half of it, the rest will be enough for us to spend our whole life with good clothes and food. After all, money is itself a raw material. If you die, it doesn't make sense to have so many.... Furthermore, our Wade family might still be able to make a comeback in the hands of me or Jon. At the time, if we lost it today, we can still make it back!"

Lord Wade stared at him and asked coldly, "Rising from scratch? It's up to you? Or it's up to you two?"

Corran said embarrassingly, "Yes...I am really not good at making a comeback... But even if we sit and eat at the mountains, with so much money, it is already enough for us to eat for a few lifetimes!"

Corran said more and more vigorously, and even said with signs to persuade, "If you are worried that future children and grandchildren will not be able to live up to it, we can completely take out half of the remaining assets and set up a closed family trust fund! A trust fund with a scale of hundreds of billions has a revenue of at least one or two tens of billions of yuan a year. As long as you stipulate it so that future children and grandchildren can only take the net profit from the trust fund, the principal is not allowed to move, then our future children and grandchildren, even if they can't make the Wade family rise again, at least they will be able to spend their entire lives with great wealth! In this way, we can ensure that our Wade family's blood will survive, and we never have to worry about future generations ruining the Wade family... If you look at it this way, isn't it good?"

For this group of people, no one wants to let their lives take the slightest risk. To be alive is the most important thing for them.

Before being alive, what is it to make less money?

Even if they surrendered 90% of the Wade family's assets, they still have 200 billion, which is enough to be tight.

When Corran saw that the other Wade family members also showed their approval, he knew that his plan had a basic mass foundation.

So he said to Lord Wade, "Dad! I think you can agree to the request of Dragon Temple!"

"Yeah!" The third son, William also hurriedly said, "Dad, big brother is right, it's better to live than to die, we have to think about the Wade family's bloodline!"

Cynthia also hurriedly nodded and said, "Dad! You agree with their terms. Even if Wade Mountain is gone, you can build it again, and you can make more money again. Nothing is more important than the safety of the Wade family, right?"

Except for Charlie's Aunt, Ciara Wade, who has been silent, almost everyone has clearly stated their position and agreed to accept Dragon Temple's request.

Charlie didn't speak, but looked at Corran and the other Wade family members with a grim expression.

At this moment, he was very disappointed with the integrity of the Wade family.

He is not only disappointed, even a bit angry.

Because these people who want to accept the other party's conditions don't take the other party's parents' coffins seriously. They just want to survive.

Moreover, in their view, only money is the pain, nothing else is important.

At this time, Lord Wade saw that so many children had defected, and his heart was even more painful. He didn't expect that none of his children could put family dignity first. All people think about is just to survive. This made him feel extremely sad.

Thinking of this, he couldn't help scolding with pain, "You advised me to agree one by one, but have you ever thought about it? They want Bruce Wade's coffin, he is your own brother. How can you give his coffin to others and let them trample on it!! Even if you can live for a few more years or decades, what kind of face do you have after you die?!"

Apollo Wainwright took a cigar, then yawned again, and said with a smile, "Oh, the old man still has the foresight. The main thing that our Lord wants is to blow Bruce's bones and ashes!"

When Charlie heard this, he had a strong impulse in his heart and wanted to directly twist Apollo Wainwright's dog head off his neck!

However, he still resisted his inner impulse and warned himself in his heart, "Stabilize, I must stabilize! If I can't bear it, I will plot! If I started against Apollo Wainwright today, the Dragon Army would never take Wesley's parents' coffin to Wade Mountain tomorrow morning!"

At this time, Cynthia, when she heard Apollo Wainwright's words, bowed her head awkwardly.

But Corran said seriously, "Dad! Bruce is dead! As the saying goes, people die like a lamp, except for a coffin and a tombstone, nothing else, but we are still alive! We are all alive! We are all flesh and blood,

shouldn't you think about the living?!"

Jon also said, "Yes, Grandpa! My second uncle caused the trouble. Now they are coming to seek revenge. There is no reason for us to carry a black pot for him!"

After he finished speaking, he was even more indignant, looking at Charlie, gritting his teeth and said, "Even if someone really wants to carry this black pot, it should be Charlie. After all, he belongs to my second uncle..."

Before Jon finished his words, Lord Wade raised his hand angrily and slapped him in the face and shouted angrily, "You b\*stard! You shut up!"

After he finished speaking, he said with a look of hatred for iron and steel, "You are all greedy and fearful of death! If my son was still alive, he would never be as spineless as you are!"

Having said that, Lord Wade burst into tears.

At this moment, he was completely disappointed with his children and grandchildren.

Jon just deliberately wanted to expose Charlie as Bruce's own son, so as to guide the Dragon Temple to transfer their hatred, but he didn't expect that he was slapped severely by the old man before he finished speaking.

He was resentful in his heart, almost blurting out Charlie's identity, but his father Corran glared at him from the side, and sternly shouted, "You rebellious son! Shut your mouth!"

Corran knew very well that even if Charlie was sold to the Dragon Temple at this time, Dragon Temple would not let the other Wade family members go.

But it is likely to completely irritate the old man.

Don't look at the old man now that he has rejected the other party, but the only way out is in the old man's hands.

In case the old man figured it out, gritted his teeth and agreed to the conditions of the Dragon Temple, then after the storm, as the head of the Wade family, the old man still controls half of the Wade family's assets.

But at that time, Jon, who had betrayed Charlie, would never be rescued by the old man, and he would even be burdened by him.

Therefore, he does not want his son to cut his own way at this time.

Jon was reprimanded by his father, and he didn't dare to speak any more.

Lord Wade didn't even bother to look at him at this time.

He turned to look at Charlie and asked, "Charlie,...what do you think of this situation now?"

## Chapter 3327

Lord Wade knew that there might be a chance to save the Wade Family at the moment, and only Charlie can do it. Except for Charlie, there is no possibility for anyone else to turn the tide.

However, he didn't know whether Charlie could hold the Dragon Temple. Moreover, Charlie never made a statement from beginning to end. Therefore, he wanted to know what kind of attitude Charlie had

now.

At this moment, Charlie sighed lightly and muttered to himself, "What do I think?"

Speaking of this, he raised his head, looked at the arrogant Apollo Wainwright, and gritted his teeth in his heart, "I think I should rush up immediately and screw off this dog's head! However, the dog owner hasn't come yet, and hitting the dog at this time will only disturb Wesley."

Therefore, Charlie said to Apollo Wainwright, "For such a big matter, after all, you have to give us some time, so that we can discuss, and consider."

After he finished speaking, he smiled and asked, "And for such a big matter, why didn't your Lord come here in person? Since he is wronged and indebted, he should also mention this to us in person, if we have any ideas. It's also good to communicate and negotiate with him face to face. But he has not shown up yet, isn't that appropriate?"

Apollo Wainwright said coldly, "You are not worthy at all to let our Lord come and talk to you personally!"

Charlie didn't get angry, he just nodded and said, "Since we are not worthy of your Lord to come over in person, then I wonder if you can give us a chance to come and talk to him in person?"

Apollo Wainwright took a sip of a cigar, spit out a thick eye circle, and waved his hand to Charlie impatiently, "Boy, don't f\*cking talk nonsense with me here, just a small character like you, in the eyes of our Lord, you're just a chicken feather, and you want to talk to our Lord in person?"

The corner of Charlie's mouth moved slightly, and the urge to slap Apollo Wainwright to death came again in his heart, but when he thought that Wesley hadn't shown up yet, he suppressed himself again.

So, he opened his mouth and said to Apollo Wainwright, "If this is the case, then give us one night to

think about it. How about we will reply to you tomorrow?"

Apollo Wainwright continued to smoke his cigar, shrugging his shoulders indifferently, and sarcastically said, "It's not impossible that you want to drag and be in a dying struggle."

As he said, he sneered, "Our Lord said, at most he will give the Wade Family one night to consider! Tomorrow at eight o'clock in the morning, he will take his parents' coffin to Wade Mountain! If you are acquainted and willing to accept the conditions of our Lord, you will dig out the ancestral graves of your Wade family overnight tonight, and leave the coffins of Bruce Wade and his wife. Then everyone will wear sackcloth and filial piety before 8 o'clock tomorrow morning at Wade mountain, kneel down and wait for our Lord!"

#### Chapter 3328

Having said this, he changed the subject and said in a cold voice full of murderous intent, "If you still don't dig out the Wade Family's ancestral grave by 8 o'clock tomorrow morning, and you don't kneel down under Wade Mountain and wait, then don't blame our Dragon Temple if all of the Wade family is destroyed!"

Charlie nodded, and said calmly, "If this is the case, please go back and talk to your Lord, and we'll see you at Wade mountain at eight o'clock tomorrow morning!"

Apollo Wainwright looked at Charlie and sneered, "Boy, you seem to be a bit stubborn. I'll remember you. If you don't put on the sackcloth and kneel under Wade Mountain tomorrow, I will be the first to kill you!"

Charlie also smiled and nodded, "Okay, then it's settled!"

Apollo Wainwright looked at him contemptuously, and did not speak any more.

Instead, he turned around and shouted to the men around him, "Brothers, unload all the coffins that our Lord prepared for the Wade Family!"

As soon as the voice fell, dozens of masters rushed onto the flatbed truck, directly untied the coffins, and kicked them to the ground vigorously.

A pile of inferior coffins fell into a coffin board at the moment they landed.

Afterwards, Apollo Wainwright looked at the Wade family members and sneered, "Remember, at eight o'clock tomorrow morning, if our Lord can't see what he wants to see in Wade Mountain, all of you will have to die! After you die, you will use these coffin boards to make do with the funeral!"

After that, he rushed to his hands and yelled, "Let's go!"

The people of Dragon Temple left Wade's home in a mighty manner.

At this time, the Wade Family's bodyguards had already run away cleanly.

Most of the Wade Family's bodyguards are also martial artists.

After seeing the strength of Apollo Wainwright and the prestige of the Dragon Temple, they all believe that the Wade Family will die, and no one is willing to continue to stay in the Wade Family to work.

Because once the Wade family rejected the Dragon Temple, everyone in the Wade family would become the target of the Dragon Temple.

At that time, the bodyguards are the first to be killed.

In the entire Wade family, there were only two people with foreign surnames left.

One is Stephen Thompson, the butler of the Wade family.

One is Jon's fiancée, Helena.

Seeing all the people in the Dragon Temple leave, Lord Wade looked at Charlie and asked him, "Charlie, you can only hold on until tomorrow morning at best. What are your specific plans?"

Charlie smiled calmly, "I don't have any plans. I will go to Wade Mountain on time tomorrow morning!"

When Jon heard this, he was overjoyed and hurriedly said, "Then we have to prepare for filial piety! Didn't the Lord of the Dragon Temple ask us to wear hemp and filial piety? If we don't do this, they will kill us!"

Charlie stared at him and said coldly, "I'll leave the words here, any of you, as long as you dare to wear filial piety for the surname Drake, don't blame me for disregarding the sympathy of my family!"

Jon thought that Charlie wanted to go to the Wade Mountain on time and won't try to compromise with the Dragon Temple, so he angrily rebuked, "Charlie! What is your heart? You want to bring the Wade family down! Are you satisfied with all the deaths?! Do you know what the Dragon Temple can do? How can we provoke them?!"

Charlie said coldly, "I will naturally take care of the Dragon Temple. What you have to do is to prepare for the ancestor worship ceremony normally!"

As soon as Jon heard this, he fried the pot immediately, jumping and scolding, "Are you f\*cking mentally sick? You have to deal with Dragon Temple alone? Who do you think you are? You're pulling a funeral

for us together!"

Having said that, he looked at Lord Wade and blurted out, "Grandpa! Charlie is a lunatic! At his level, he will go up to Wade Mountain tomorrow, and I'm afraid that the other party will hit his sh!t directly with a punch!"

Lord Wade glared at Jon with a sullen face, and scolded in a cold voice, "Asshole! There is no place for you to speak here!"

"I don't have the right to speak?!" Jon looked at Lord Wade with a stunned expression, and shouted with extreme anger, "I am the eldest grandson of the Wade family! If I don't even have the right to speak, Charlie is even less qualified! Why can he make decisions for the Wade family, but I can't even say a word?!"

Lord Wade pointed at Jon and cursed coldly, "Useless rat! You are worthy of being on the same level as Charlie?! Charlie decides on this matter. Anyone who dares to oppose it should be expelled from this family immediately!"

## Chapter 3329

With this roar of the old man, everyone who wanted to talk closed their mouths with interest.

Although they could not accept to hand over their fate to Charlie, they also knew very well that the old man still had a way out.

Therefore, the last thing they can't do at this time is to openly contradict Lord Wade.

Otherwise, if the old man really accepts the request of the other party and loses his wealth, he will

naturally find these publicly opposed persons and settle accounts after the fall.

Even Corran gave up the struggle, and took the initiative to slap Jon severely, and yelled, "You uneducated thing! Who told you to talk to your grandpa like this? Hurry up, apologize to your grandpa!"

Jon knew that he couldn't instigate other people, so he could only say in a loud voice, "Sorry grandpa, I was wrong..."

Lord Wade paid no attention to him. Instead, he looked at Charlie and asked him solemnly, "Charlie, do you really have any specific plans? Do you want to find someone to help? Or you can use our relationship to find someone?"

Charlie waved his hand and said indifferently, "No need, when the time comes, there's no need to look for someone to help."

After speaking, Charlie looked at the time and said, "It has been so long, and the process of the ancestor worship ceremony has not started. Let's go back and discuss business matters. I am coming back this time mainly for the ancestor worship ceremony. Anyway, this matter cannot be affected."

The Wade family members now all have no desire to die. The way they looked at Charlie was the same as they looked at a severely mentally ill patient. At this time, he was still thinking about the ancestor worship ceremony. This is the same as the muzzle of the gun.

What is the difference between what wine to drink at night?

However, when Lord Wade saw that Charlie thought at this time that the ancestor worship ceremony could not be affected, he suddenly felt relieved.

He felt that Charlie was definitely not a person with a brain problem.

If he is still so relaxed at this time, then he must have a whole card that he hasn't shown.

Therefore, when he saw no response from everyone, he immediately shouted, "You didn't hear what I said just now? It's a special period. From now on, every decision about the Wade family will be made by Charlie! Anyone must say Charlie is looking forward to the horse!"

Charlie smiled slightly at the corner of his mouth. What he wants is for the Wade family to follow his own orders. Moreover, this is by no means a special period. Rather, from now on, the Wade Family will be under his control!

#### Chapter 3330

So he immediately looked at Jon and Brenden, and said coldly, "You two, dispose of the bodies of the two bodyguards!"

Jon blurted out angrily, "Why me?!"

Charlie frowned slightly, raised his hand and slapped Jon's face fiercely, and said coldly, "If you won't do it, then get out!"

Jon scolded angrily, "You...you dare to beat me! You're so f\*cking tired of your life! I'm the eldest grandson of the Wade family! What kind of thing are you!"

Today, Jon had been slapped several times, but it was his grandfather and father who slapped him. The unexpected thing was Charlie dared to slap himself, which made him feel resentful deep in his heart.

However, at this moment, Lord Wade also raised his hand and slapped him in the face, angrily said, "A

b\*stard thing that is not enough to succeed! What I said just now, are you all in your ears? If you don't want to do it, just get out of the Wade family! If anyone in the Wade Family dares to make trouble, even if it is my own son, I will not be merciful!"

Jon was thinking about the slap from Charlie just now, but he didn't think that the old man slapped him again.

At this time, his aggrieved tears rolled down, but he didn't dare to say a word.

Seeing this, Brenden was also flustered, so he hurriedly said, "Grandpa! I'm going now!"

Corran saw that Brenden had expressed his stance.

His stupid son was still crying because of his grievances.

At this time, he didn't feel distressed at all. Instead, he hated iron and steel and kicked him severely, and shouted angrily, "Crying like a d\*mn girl, go hurry to work!"

Jon collapsed completely, and could only wipe his tears while chasing Brenden to the gate.

Charlie said at this moment, "Everyone, please move to the main hall, let's talk about business now!"

The other members of the Wade family were also powerless at this time.

Even if they were terrified in their hearts, they could only follow Charlie's request to return to the villa's main hall and continue to discuss the ancestor worship ceremony.

It's just that everyone else has been absent-minded.

According to Lord Wade, the Wade family must follow Charlie, requiring them to do everything in accordance with Charlie, otherwise they will be punished severely!

Just when Charlie was forcibly leading the Wade family to sort out the ancestor worship ceremony process, what happened to the Wade family just now has been spread in Eastcliff.

When someone heard that someone brought hundreds of coffins to the Wade Family and killed the Wade Family's bodyguards, the entire Eastcliff circle was shocked!

Everyone wanted to know what the origins of these people who had entered the Wade family came from, they didn't even look at the top family in the country!

At this time, Apollo Wainwright also returned to the old house of the Drake family and reported to Wesley the situation in the Wade family just now.

Wesley sneered and asked him, "According to your observations, are the Wade family afraid?"

Apollo Wainwright hurriedly said, "Naturally, they are afraid, most of the Wade family members are so scared that their faces are pale, and it's the f\*cking problem of peeing their pants."

As he said, Apollo Wainwright said again, "However, that lousy old man from the Wade family, and a young junior who I don't know what his name is, seems to be a bit stubborn, especially that young man. He let me convey to you first and said that he'll see you at Wade Mountain tomorrow. I don't know if he is going to greet you by kneeling down with hemp and filial piety, or he will give up his life and be ready to be tough with us."

Wesley waved his hand indifferently, and said lightly, "As long as the coffin is delivered, anyone who disagrees will die. At 8 o'clock tomorrow morning, we will go to Wade Mountain on time. If the Wade

family don't kneel down, then break the Wade family member's legs, press them to kneel, and then throw Bruce Wade's bones to ashes, and bury my parents. It'll be a great funeral!"

Having said that, Wesley sneered and said, "Apollo, the entire Eastcliff must be curious now, who is behind the control of what happened to the Wade family today, you now order people to release it throughout Eastcliff. Let them know that Wesley Drake, the Lord of Dragon Temple and the son of Kevin Drake, is back!"

Apollo Wainwright nodded, "Alright My Lord! I'm going now!"

Wesley stopped him and said, "Wait, there is still something else."

Apollo Wainwright respectfully said, "Yes Lord, you say!"

Wesley said coldly, "Whoever dares to help Wade Family get ahead, will be Wesley's mortal enemy! Let Eastcliff, and even the big families across the country, give careful consideration before deciding to help the Wade Family. If there is anyone who is not afraid of death, just let them stand up and have a try!"

Speaking of this, Wesley smiled coldly and said playfully, "I want the Wade Family to be isolated and helpless!"

Apollo Wainwright said immediately, "I know My Lord! I'll do it!"

Chapter 3331

A few minutes later.

There was shocking news in the entire circle of Eastcliff's elite!

Back then, Kevin Drake, who was unable to compete with Bruce Wade failed and chose to commit suicide by jumping off the building, had a son!

Moreover, that son turned out to be Wesley Drake, the famous Lord of the Dragon Temple overseas!

What is even more shocking is that Wesley, the lord of the Dragon Temple, sent someone to the Wade Family.

After slaughtering the head of the Wade Family's bodyguards, he sent more than a hundred coffins to the Wade Family!

The most horrifying thing is that in order to avenge his parents, Wesley actually put forward a series of harsh, even cruel and inhumane requirements to the Wade Family!

Moreover, only one night was left for the Wade family!

What's more cruel is that the Dragon Temple said that no one should help Wade Family to get ahead, otherwise they would be their mortal enemy.

With this sentence, many families who have a good relationship with the Wade family immediately ask all members to turn off their mobile phones and keep the door closed from now until tomorrow.

At the same time, they must stop seeing guests.

They are afraid that the Wade family will come to them at this time to ask for help.

If they receive a call from the Wade family, they are likely to be hated by the Dragon Temple. Therefore, all boundaries and relations must be cleared from the Wade family!

Because the Dragon Temple is too strong, all the upper class in Eastcliff firmly believe that the Wade family will be destroyed this time, even God can't save them now!

Everyone believed that at eight o'clock tomorrow morning, the Wade family would be wiped out.

Even if the Wade Family finally accepts Dragon Temple's request, the Wade family will completely withdraw from the top family stage from now on!

Who could have imagined that the Wade family originally prepared for the grand ancestor worship ceremony to announce to the whole country that the Wade family officially returned to the throne of the first family.

But in a blink of an eye, this ancestor worship ceremony is about to become a disaster!

Orrin and Angie, who have been staying at home, have just received this news.

Originally, Orrin was still at home waiting for Charlie to come back so that the two of them could continue to drink, but he never dreamed that the Wade family would encounter such a major crisis.

Stefanie got the news first. She was nervous, immediately put aside the rehearsal for the concert and hurried home.

When she saw Orrin, she cried and asked, "Dad! Have you heard about the Wade family?"

Orrin said solemnly, "I heard."

Stefanie couldn't control her tears, and choked up, "Dad... that Dragon Temple is so strong, Charlie wouldn't be in danger, right..."

Orrin shook his head, "I can't say anything about this matter. I understand a little bit about the Dragon Temple, and they are very strong..."

As he said, he couldn't help sighing, and said in a serious tone, "Charlie may be in big trouble this time..."

"What to do then!" Stefanie blurted out as she wiped away her tears, "We can't just stand by and watch!"

## Chapter 3332

"Of course not!" Orrin said immediately, "Don't worry, I will summon all the people who can help now, and I will personally take them to Wade Mountain tomorrow morning!"

Stefanie immediately said, "I want to go too!"

Angie on the side was struggling, thinking for a moment, and then said, "Stefanie, you stay at home tomorrow, don't go, I'll go with your dad!"

Stefanie hurriedly asked, "Why mom! I want to go too!"

Angie hurriedly said, "You silly girl! You can't help much if you go there. You still stay at home honestly. In case of any accident between me and your dad, you can at least continue our blood. Mom and Dad can't let you take risks!"

"I won't!" Stefanie cried and said, "Whether you agree or not, I will accompany you and Charlie! If something happens to you tomorrow, I will never live alone!"

After speaking, she immediately took out her mobile phone and blurted out, "I will call Charlie, if you don't let me go, I will go to Wade Mountain and wait now!"

Orrin hurriedly said, "Don't call Charlie first! He must have something important to discuss with the Wade family now. Isn't it messy if you call him crying now? If you have anything to ask, wait for Charlie to come back tonight!"

Immediately, he said, "You two will wait at home first. I will go out to meet a few people and see if I can find someone that can help!"

Angie hurriedly said, "Let me call my natal family too, and see if I can send some people!"

"No need." Orrin shook his head and said seriously, "You have to follow me up to Wade Mountain. After all, you and I have been greatly favored by Big Brother Wade and Charlie. It is reasonable for both of us to desperately pay back this love, but tomorrow, life and death is unclear. If any accidents happen to us, I can't explain to your parents, how can I hurt your mother's family again..."

Having said that, he smiled slightly and said softly, "You and Stefanie have to wait for me at home!"

Angie hesitated for a moment, so she nodded, and exhorted, "Be careful about everything..."

.....

Although the entire Eastcliff was completely shocked by the incident between Wesley and the Wade family, it takes time for the news to be transmitted.

Therefore, cities other than Eastcliff have not received the message for the time being.

At this time, in the office of the chairman of the Moore Group in Aurous Hill.

Jasmine Moore, who was busy with official duties, suddenly received a video call from Nanako Ito.

When the video was connected, Nanako Ito over there, also wearing professional attire and sitting in the office of the chairman of the Ito Group, smiled and asked, "Jasmine, are you busy these days?"

"Yes... I'm so busy." Jasmine gave a wry smile and said, "Since I took over the Moore Group, I have been busy."

After that, she asked, "How about you? Have you had a lot of things these days when you went back?"

Nanako stuck out her tongue and said with a grin, "Just like you, so busy."

Jasmine smiled and said, "You still send me a video when you are so busy, do you miss your sister?"

"Yes." Nanako said with a smile, "I've been back for the past few days, but I miss Jasmine every day."

As she said, she hurriedly said again, "By the way, Jasmine, have you contacted Charlie these days?"

"No." Jasmine said, "There have been a little more things in the past few days, so I didn't contact Master Wade. What's wrong?"

Nanako hurriedly said, "Sister, it's April 4th today! Tomorrow is the festival, have you forgotten what we

speculated before? Have you paid attention to whether Charlie is still in Aurous Hill now?!"

Jasmine suddenly realized, slapped her forehead, and blurted out, "Oh! Look at my memory...If you didn't remind me, I really forgot about it..."

At the beginning, Nanako and Jasmine had speculated about Charlie's identity.

Nanako insisted that Charlie is the young master of Eastcliff Wade Family, but suffers from no real evidence to support it. She happened to know about the Wade Family's ancestor worship ceremony, so she felt that if Charlie went to Eastcliff during this time period, then he must be Wade Family Young Master. If he didn't go, she might have guessed the wrong direction.

Jasmine has also been very curious about this matter.

But she has been so busy lately that she didn't remember when she was confused. Now she heard Nanako's reminder that it suddenly dawned on her.

So she hurriedly said, "Nanako, I don't know where Master Wade is now. Should we call him and ask?"

Nanako smiled and said, "That's what I mean, but I am in Japan. If I call to ask where Charlie is, it seems a bit deliberate. If you asked him, it would be more natural. You can say you want to ask him about something, or some other reason."

"Okay." Jasmine said with a smile, "Then I'll call Master Wade and ask. When the time comes, I will get back to you as soon as possible."

Nanako smiled and said, "Jasmine, you know me best, then I'll wait for your news!"

Chapter 3333

Jasmine didn't know about the bloody storm that happened in Eastcliff at this time.

She hung up Nanako's phone call then called Charlie directly.

At this time, Charlie was checking the final steps of the ancestor worship ceremony with the Wade family.

Suddenly, he received a call from Jasmine. He temporarily left the main hall and went to an empty room next door, connected the phone call and asked, "Hello, Jasmine, why are you calling me?"

Jasmine was a little nervous and hurriedly said, "Master Wade, grandpa has been talking about you these days, saying that he missed you, so I want to ask if you have time today. If it is convenient, can you come to our house for a casual meal?"

After hearing this, Charlie was not skeptical, so he smiled and said, "I'm sorry Jasmine, I am in Eastcliff, and I am showing Feng Shui to a client. I may not be able to go back these two days, or trouble you. Please let Lord Moore know that I will come to visit after I go back."

When Jasmine heard Charlie say that he's in Eastcliff, her heart suddenly shook.

She knew that her guess with Nanako had already matched.

Charlie's visit to Eastcliff at this time is definitely not as simple as showing his clients Feng Shui as he said.

After all, the Wade family will hold the ancestor worship ceremony that is held every 12 years.

If Charlie is really a descendant of the Wade family, he will definitely attend such an important occasion!

Thinking of this, Jasmine suddenly felt a little lost in her heart.

Because, she originally felt that there was a huge gap between herself and Charlie, and the only thing that gave herself some confidence was her identity as the daughter of the Moore family and the current Moore family patriarch.

However, she didn't realize until now that Charlie's true identity was much stronger than her identity as the daughter of the Moore family!

It's the Wade family!

It is the top family that has always been among the best in the country!

Now that the Banks family is gradually in decline, the Wade family is already the number one family in the country in everyone's minds.

Compared with the Wade Family, the Moore Family might not even have one tenth of the Wade Family's strength.

As a result, it also made her realize in her heart that the gap between herself and Charlie had suddenly become bigger, so big that she couldn't help but feel ashamed when she even thought about it deep in her heart!

Charlie didn't know what Jasmine was thinking, not to mention that Jasmine had figured out his identity at this time.

Chapter 3334

Seeing that Jasmine hadn't spoken, he subconsciously asked, "Jasmine, are you still there?"

Jasmine recovered and hurriedly said, "I'm here, I'm sorry Master Wade, I just had something wrong, and I lost my mind all of a sudden."

Charlie smiled and said, "It's nothing, you can tell Lord Moore first, and then I'll visit him when I go back."

Jasmine hurriedly said, "Okay Master Wade, then I won't delay your busy schedule, and I will contact you when you come back."

"Okay, we'll talk again when I'm back."

Charlie hung up the phone and didn't realize there was a problem, so he returned to the main hall again and continued to confirm the process with the Wade family.

And Jasmine was still stunned at this time, not knowing what to do for a while.

After a while, she picked up her mobile phone and was about to call Nanako when one of her family entrepreneurs chat group suddenly sent a message from an entrepreneur surnamed Crawford.

The content of the message was, "Major news! Important news! Overseas mercenary organization Dragon Temple seeks revenge on Wade Family! After tomorrow, there will be no Wade Family!"

When Jasmine saw this, her heart suddenly tensed, she hurriedly picked up her mobile phone and asked, "Mr. Crawford, what did you mean by that? What happened to the Wade family?"

The other party quickly replied with a voice, "Ms. Moore, haven't you heard? Dragon Temple went to the Wade family today and gave them more than a hundred coffins! It turns out that the parents of their Lord died and blame the Wade family. Now, the Lord of Dragon Temple came back to seek revenge, and they are still letting out the words to destroy the Wade family! If anyone dares to help the Wade family, all will be killed!"

Jasmine hurriedly asked, "What is this organization 'Dragon Temple'? Why have I never heard of it?"

An entrepreneur surnamed Barron in the group said, "Ms. Moore, you don't know about Dragon Temple?! It is one of the top mercenary organizations in the world today, with tens of thousands of elites under its command! With its combat effectiveness, even an ordinary small country may not be able to beat it! This time the Wade family is dead!"

Someone in the group said, "Damn! I thought that the Banks family was doing a lot of evil, and it finally fell from the top position in the country. Wouldn't it be back to the first place again?"

Immediately afterwards, another voice uttered, "Mr. Carter, please don't talk ill of the Banks family. When the Wade family falls, the Banks family will return to the first position. If this will be revealed to the Banks Family, then the Banks Family will definitely not let you go!"

As soon as the voice fell, the last voice was immediately withdrawn by the speaker.

Jasmine became more frightened as she listened, and immediately sent a video call request to Nanako.

Nanako has been waiting for Jasmine's news, so she picked up the video call almost in seconds, and asked, "Jasmine, do you have any news?"

Jasmine was anxious, and blurted out, "Nanako, Master Wade is in big trouble!"

"What?!" As soon as Nanako heard this, she immediately asked nervously, "Jasmine, what's wrong with Charlie?!"

Jasmine was so nervous that her voice was a little choked, and she said, "I...I called Master Wade just now, and he said he was in Eastcliff to show others Feng Shui..."

When Nanako heard this, she immediately widened her eyes and blurted out, "So Charlie is the descendant of Eastcliff's Wade family! We guessed right!"

"Yes..." At this time, Jasmine's tears were already welling up, and she said in a panic, "But...Nanako...I just heard someone say...there is one mercenary organization called Dragon Temple looking for the Wade Family to seek revenge....and said... and said that they will destroy the Wade Family..."

"What?! Dragon Temple?!" When Nanako heard this, she was stunned and blurted out, "Why does Charlie have a conflict with Dragon Temple?! These people are all professional mercenaries who kill people without blinking! And it is said that the core members are top masters!"

Jasmine nodded and said, "Yeah...I don't understand why... I see a lot of people talking about this. It seems that the Wade family's current situation is very critical..."

After that, Jasmine said again, "Oh, right! The lord of the Dragon Temple also said, if anyone helps the Wade Family, he will kill them..."

When Nanako heard this, her brain was dizzy, and she blurted out, "No! I'm going to Eastcliff to help Charlie!"

Jasmine asked hurriedly, "Nanako, how are you going to help Master Wade?"

Nanako resolutely said, "The four major ninja families in Japan have now all returned to the Ito family. I will immediately summon all the ninjas today and personally take them to Eastcliff to help Charlie!"

When Jasmine heard this, she immediately said, "Okay! Then I will go back to discuss with Grandpa, and hurry up to prepare the manpower, then we will meet in Eastcliff!"

#### Chapter 3335

Right now, Yuhiko Ito, who has lost his legs, has already announced his retirement and has handed over the actual control of the Ito family to his daughter Nanako Ito.

However, he didn't immediately become a hand-scraping shopkeeper.

Instead, the former head of the Ito family has become Nanako Ito's current assistant, providing his daughter with some help in judgment and resources.

But Nanako is very capable of working, so most of the time her father is actually at home.

At this time, he was in his yard in Tokyo, fiddling with some Japanese potted plants with his faithful servant Tanaka.

A servant suddenly ran in with a panicked expression and blurted out, "Master, the eldest lady suddenly summoned the four ninja families, so that all the ninjas of the four ninja families will gather at Narita Airport tonight and fly to China!"

"What?!" Yuhiko Ito was dumbfounded, and asked with a look of surprise, "Nanako suddenly summoned so many ninjas to China? For what?"

"I don't know..." The subordinate said in a flustered manner, "There are at least a hundred ninjas from the four major families..."

Hiroshi Tanaka was also shocked, and he said, "Mr. Ito, would you like to call and ask the eldest lady, she suddenly summoned so many ninjas, it is a bit unusual..."

Yuhiko said, "Tanaka, I am no longer the chairman, so I don't have power to decide."

After that, he said again, "The current president is Nanako. The Ito family's affairs and all external resources should be determined by her alone. In theory, if she doesn't take the initiative to tell me about this, I shouldn't interfere."

Hiroshi Tanaka nodded a little, and said, "What you said is right, but...this is too unusual. If there is no major incident, the eldest lady will never call on a ninja, and all the ninjas of the four major ninja families were called all at once. If you don't grasp it well, it is easy to cause serious problems..."

Yuhiko Ito sighed and said, "I have already given the highest position to Nanako. In theory, I must trust her unconditionally, support and respect every decision she makes. If the old head intervenes, it'll be the starting point for the internal affairs to break down. The Ito family has been able to come to this day. As the former head, I have tried my best to avoid such a thing from happening. I can't set this precedent."

Hiroshi Tanaka hesitated for a moment, then nodded and said, "I understand what you mean..."

Yuhiko Ito nodded slightly, and told the servant who came to report, "Go ahead, don't tell anyone about this matter."

The servant immediately bowed deeply and shouted respectfully, "Yes, master!"

After that, he quickly turned and left.

Yuhiko Ito continued to play with the potted plant in his hand, but found that Hiroshi Tanaka seemed very absent-minded, so he put down the potted plant in his hand and said calmly, "Tanaka, trust Nanako, she will not make any irresponsible decisions rashly."

Hiroshi Tanaka said with shame, "You are right, I shouldn't worry too much..."

Yuhiko Ito nodded slightly and said with a smile, "Okay, these pots of landscaping will be done today, hurry up!"

"Yes, Mr. Ito!"

At this moment, Nanako walked in unconsciously, and saw Yuhiko Ito and Hiroshi Tanaka playing with potted plants in the yard, she immediately stepped forward, bowed and said, "Father! I didn't have your permission to summon all the ninjas of the four major families, please forgive me!"

Chapter 3336

Yuhiko Ito smiled and said, "Nanako, you are the president of the Ito family. You don't need my consent to make any decisions."

Nanako pursed her mouth, tears burst into her eyes instantly, and choked with sobs, "Dad... Charlie, he...is in trouble..."

"What?!" Yuhiko Ito exclaimed, "Mr. Wade is in trouble? A person with such a supernatural power as Mr. Wade shouldn't have any real trouble, right?"

Nanako's tears were already out of control, and sobbed, "Charlie...this time... was approached by the world's top mercenary organization, the Dragon Temple... It is said that there is a sea of blood and deep hatred between the Wade Family and the Lord of the Dragon Temple, the other party has gone to the Wade family to seek revenge..."

"Dragon Temple?!" Yuhiko Ito only felt dizzy in his head, and blurted out, "How can the Wade Family provoke the Dragon Temple...?"

Nanako shook her head and said, "I don't know the specifics. I only know that Dragon Temple has already gone to the Wade family today, leaving more than a hundred coffins, saying that they are going to kill the Wade family..."

Yuhiko Ito asked her, "You urgently summoned all the ninjas of the four major families to go to Eastcliff to help Mr. Wade?"

"Yes!" Nanako Ito resolutely nodded and said, "Charlie is kind to me, and now he is in trouble, I can't just sit back and watch!"

Yuhiko Ito said with a complicated expression, "But...the ninjas of the four major families are not the opponents of Dragon Temple..."

After speaking, Yuhiko Ito said again, "I still know a little bit about the situation in the Dragon Temple. There are tens of thousands of elite mercenaries and more than a hundred top masters. This kind of strength, in addition to the world's top three families, any one the business family can't afford, including us."

Speaking of this, Yuhiko Ito gave a slight pause and continued, "A few years ago, the Yakuza group had conflicts with the Dragon Temple in the Middle East for some illegal business. At that time, hundreds of members of the Yakuza group were inadequate to the Dragon Temple. The twenty-person tactical team killed all of them, and none of them survived. Since then, the Yakuza team, who are walking sideways in the country, will detour after hearing the words "Dragon Temple"..."

Nanako blurted out, "Dad, I can't take care of this anymore. In any case, I will try my best to help Charlie, even if I die in China, I will do my best!"

Looking at Nanako's unwavering expression, he was silent for a while, then sighed and waved his hand weakly and said, "Go! Since you are determined, I will say no more, but there are two things I beg you to do."

Hearing this, Nanako was overjoyed and hurriedly said, "Dad, please tell me!"

Yuhiko Ito said very seriously, "The first thing is that many so-called warriors are not truly brave, but people often say that they are fearless if they don't know their opponent. So you must remember that you can't face the Dragon Temple at that moment, don't let the ninjas of the four major families know who they are facing this time. Otherwise, I believe that none of them would dare to get on the plane."

Nanako bit her lip and nodded heavily, "Dad, Nanako knows!"

Yuhiko Ito nodded, looked at her with some dismay, and said lovingly, "The second thing, no matter what, you have to live! Dad has already lost his legs. If I lose you too, my life doesn't make any sense anymore."

Nanako burst into tears, and immediately knelt on the ground, took Yuhiko Ito's hand, and choked with sobs, "Don't worry, Nanako will do her best!"

Yuhiko Ito also didn't control his inner emotions, and two lines of tears rolled down.

Afterwards, he looked at Nanako and said with emotion, "No matter, Dad will go to Eastcliff with you!"

Nanako asked in surprise, "Dad, do you want to go too?"

Yuhiko Ito nodded and said seriously, "Mr. Wade is so kind to the Ito family. Now that he is in such big trouble, I should go and help!"

He looked at Nanako and said in his heart, "Nanako, you are my one and only daughter. If you go to Eastcliff this way, you will be in danger, so I will go with you no matter what, even if I die!"

## Chapter 3337

When the ninjas of the four major ninja families in Japan began to gather and prepare to rush to Eastcliff, many people in Aurous Hill also began to get busy.

At the Shangri-La Hotel.

Xion, who also received the message, immediately said to his mother Kairi Elms unswervingly, "Mom, I'm going to Eastcliff to help Mr. Wade!"

Kairi Elms hurriedly said, "Xion, did you forget what Mr. Wade explained to you?"

"Your current identity is too sensitive."

"The Japanese are still looking for your whereabouts, and even the Interpol issued a wanted order against you."

"If you go to Eastcliff at this time, you probably won't be able to help Mr. Wade because you've already been arrested!"

Having said that, Kairi Elms said again, "Listen to your mother, please stay here."

"As for Mr. Wade, mom will go to Eastcliff to find your grandfather now."

"I will definitely be with your grandpa and tomorrow morning, we'll go to Wade Mountain to help Master Wade against the Dragon Temple!"

Xion shook her head without hesitation and said, "No! I must go!"

As she said, she said unwaveringly, “Mr. Wade encountered such a big trouble this time.”

“Mr. Wade not only saved my life, but also gave me a great opportunity.”

“Even given the Elms family a great opportunity, if I still consider my personal safety at this time, then I will never be able to forgive myself in this life!”

Kairi Elms said embarrassingly, “But how do you go to Eastcliff in this situation?”

“Now there are facial recognition systems everywhere, and you may have been spotted before you even got on the plane!”

Xion left the mouth and said, “If I can’t take a plane, then I’ll drive a car! The two of us will take turns to drive.”

“It is estimated that we will be in Eastcliff in eleven or two hours. It will be almost two o’clock tomorrow morning.”

“We’ll find Grandpa and then go to Wade Mountain with Grandpa tomorrow!”

Kairi Elms hesitated and didn’t know what to do for a while.

But after thinking about it for a long time, she gritted her teeth and nodded, “Okay! Then let’s go!”

Having said that, she immediately found a pair of masks and sunglasses, handed them to Xion and said, “Wear this masks and sunglasses. Your status is very sensitive. It is not convenient for us to stop and eat on the road.”

“You should always stay at the car and wait for me.”

“Go get some food and meet me in the car in ten minutes! The car is parked in the hotel’s underground garage, a Range Rover tail number 331.”

“Okay!”

Ever since Charlie arranged the Elms family in a villa on the Aurous Hill River and Kairi Elms stayed with Xion in Shangri-La, he asked Isaac Cameron to equip Kairi Elms with a car so that she could move between the two places anytime.

Soon, the mother and daughter were ready, drove the car, and galloped all the way north.

.....

At the same time, Jasmine Moore and the Moore family are also ready to go to Eastcliff.

The Moore family is weak, and they don’t have any good bodyguards. There is not even a three-star warrior in the family.

However, Lord Moore still summoned all the bodyguards in the family and rushed to Eastcliff with Jasmine Moore overnight.

Lord Moore knew very well that facing the existence of the Dragon Temple, he and the Moore family could not help much at all.

But in order to repay Charlie’s kindness, he decided to go to Eastcliff with his granddaughter.

Even if he can't help Charlie, at least stand beside Charlie at a critical moment!

As for Jasmine Moore, that heart had already crossed thousands of miles and flew to Charlie's side.

When the sweetheart encountered such a crisis, she no longer cared about her own life and death.

She just wanted to see him as soon as possible, no matter what danger she might face next. Stand firmly beside him.

.....

Zara, who is also a daughter of a big family, was equally anxious after learning this news.

She told her mother Deana Thorne about the incident, and asked nervously, "Mom, do you have any way to help Charlie in this matter?! I checked the situation in the Dragon Temple, and I'm afraid that Charlie will be defeated this time....."

Deana Thorne thought for a moment, and spoke very seriously, "Since the Lord of the Dragon Temple is the son of Kevin Drake, then he will give your dad a bit of face, after all, Kevin Drake was your father's friend back then."

Chapter 3338

"He almost all depends on your dad's support and has always been loyal to your dad."

"If your dad comes forward to intercede for the Wade family, maybe Kevin Drake's son can let the Wade family go down, or give the Wade family a chance....."

“Really?” Zara heard about this and asked excitedly, “That Kevin Drake, really my dad’s friend?”

“That’s right.” Deana Thorne counted and nodded, “Your father is so kind to Drake family.”

“That’s great!” Zara said excitedly, “It happens that this time Charlie wants to take my dad to Wade Mountain to make amends for his parents.”

“Since my dad is kind to the Drake family, if Charlie will use my dad as a condition, it will definitely force Wesley to back down...”

After that, she said anxiously, “No, I have to go to Eastcliff! I will go to Wade Mountain tomorrow morning and wait, otherwise, if my dad is unwilling to cooperate, I can persuade him!”

Deana Thorne nodded in agreement and said, “Your dad does have a lot of kindness to Drake family.”

“If your dad is really willing to make peace with him, there should be room for relaxation in this matter!”

After all, Deana Thorne looked at the time and said, “Zara, hurry up and book the plane ticket. Mom will go back to Eastcliff with you!”

Zara hurriedly said, “Mom, don’t go...it’s too dangerous!”

Deana Thorne shook her head and said seriously, “No, it’s really not dangerous for me. Wesley often visited with his parents at home when he was a child.”

“He is two or three years older than your brother, so when he was a child, your brother very likes to play with him, and the relationship between the two is very good.”

“He also respects me and your dad very much, so I believe he can’t do anything to me.”

“If he knows your identity, he also can’t do anything to you.”

As she said, she said with emotion, “I will also beg his men to show mercy when the time comes.”

“I believe it will have some effect...”

Zara nodded and said, “That’s good...Mom! I’m going to book a ticket, let’s go there as soon as possible!”

.....

At the same time, Don Albert also heard about the Wade Family and Dragon Temple.

Knowing this, he was also very anxious, so he immediately called Isaac Cameron and asked about the specific situation.

As an ordinary spokesperson of the Wade family, Isaac Cameron was not eligible to go to the Wade family today, but was in the hotel with other spokespersons, waiting for the ancestor worship ceremony tomorrow to go to Wade Mountain.

After he learned about it, he was not very worried.

Because he, Don Albert and Liam Weaver had all experienced Charlie’s supernatural powers.

At the beginning of the Golim Mountain, Charlie led the sky thunder into an avalanche and directly took

away the eight heavenly kings in one wave.

They are still vividly remembered.

Therefore, he did not think that Dragon Temple would be Charlie's opponent.

Because he firmly believes that Charlie will not lose to the Dragon Temple, Isaac Cameron has been in the hotel to persuade other Wade family spokespersons who want to escape, hoping that they can stay and coexist with the Wade family.

However, his persuasion did not have any effect.

Many people were afraid that once the Dragon Temple was angry, even their spokespersons would not let it go, so they left without saying hello.

Isaac Cameron couldn't persuade most people, and was secretly scolding these people for being short-sighted, expecting Don Albert to call.

When Isaac Cameron answered the phone, he heard Don Albert on the other end of the phone speak, "Mr. Cameron! I heard that someone wants to target Master Wade."

"Are you in Aurous Hill who have rushed to support Master Wade?"

"In addition, I can at least summon my brothers, or I'll take someone to drive there now!"

Isaac Cameron said helplessly, "Don Albert, you got the name of the young master 'True Dragon Master' in vain?"

“Why would Wesley dare to go to Wade Mountain tomorrow?”

“He is hacked to death, so why do we need those shrimp soldiers and crabs to come to support the scene?”

After speaking, Isaac Cameron said again, “Furthermore, Wade Mountain is the tomb of Wade family, and the young master’s parents lie there forever.”

“You bring so many gangsters here, not only can’t help, but also disturb the peace of the young master’s parents.”

Hearing this, Don Albert sighed in relief and quickly agreed and said, “Yes, yes, what Mr. Cameron said is right!”

“Master Wade has great magical powers, and I really don’t need the help of my gang of shrimp soldiers and crabs.”

As he said, he suddenly remembered something and hurriedly said, “Or I’ll take some people there.”

“If Master Wade starts to kill them at that time, there will always be someone to help clean up the corpse.”

“Maybe a sky thunder will come down.”

“I can also help to clean Wesley’s subordinates.”

Isaac Cameron smiled and said, “You can quickly pull it down, your subordinates doesn’t know the young master, if anyone’s mouth is not strict enough, reveal the young master’s true identity, it’ll cause trouble for the young master!”

“If you want to come, come and meet the world by yourself! Come on!”

“Don’t talk nonsense over Graham Quinton, Miss Moore, and Mr. White, they don’t know the identity of the young master!”

“Okay!” Don Albert said hurriedly, “Then I will go to the airport and take the earliest flight over there!”

Chapter 3339

In the evening...

When the entire Eastcliff thought that there was only one night left in the Wade family, Charlie had already finalized the entire ancestor worship ceremony with the Wade family.

Although the Wade family were absent-minded, they could only bite the bullet and push forward.

All the procedures were set, Charlie stood up and said, “You guys have a rest early tonight, and every step of the day must be carried out in accordance with the procedures tomorrow.”

“If anyone goes on a business trip on such an important matter, don’t blame me for turning his face!”

Corran couldn’t help but sighed, “The ancestor worship ceremony is easy to say, the key is what to do with Wesley?”

“He will go to Wade Mountain at 8 o’clock tomorrow morning, what shall we fight with him?”

Charlie said calmly, “You don’t need to worry about how to fight with him, and you don’t need to worry

about everyone you are sitting on.”

William blurted out and asked, “Listen to what you mean, Wesley and Dragon Temple, can you do it alone?”

“Of course.” Charlie said calmly, “Everyone must gather on Wade Mountain at seven o’clock tomorrow morning, and no one must be one minute late!”

“Doesn’t Wesley come at eight o’clock?”

“One hour is enough to finish him. So our ancestor worship ceremony officially begins at nine o’clock!”

“Damn...” Jon, who had been slapped a few times all afternoon, couldn’t sit still anymore when he heard Charlie’s words.

He stood up and said angrily, “Charlie! I really can’t bear it anymore. Are you still pretending here?”

“Tomorrow our time of death is coming!”

“You are still talking about it, saying that you can fix Wesley in an hour?”

Charlie looked at him, frowning, and asked, “Are you not slapped enough?”

Jon trembled in shock, but still bit his neck and said, “I didn’t say these words for myself, I did it for the entire Wade family!”

“I don’t allow the Wade family to be sent to death by you!”

Charlie ignored him, looked at Brenden beside him, and said coldly, "Brenden! Give me a palm on his mouth!"

"What are you talking about..." Brenden asked with a dazed look, "Why me? I won't do it!"

Charlie said coldly, "Don't do it, right? Okay, pack up your things tonight, get out of Wade's house and never come back!"

"What?!" Brenden stood up and said angrily, "Why let me get out of the Wade family?"

Charlie asked blankly, "It's been a day, don't you know who has the final say in the Wade family?"

Brenden looked at Lord Wade and said aggrieved, "Grandpa... Charlie is too much! Isn't this holding a chicken feather as an arrow?!"

Lord Wade kept watching with cold eyes.

At this time, he couldn't help being furious, and questioned him, "You treat what I said as a feather?!"

"I have already said that at special moments, everything in the Wade family is decided by Charlie."

"Are you deaf or deliberately? Do you pretend to understand? Or are you not convinced by what I said when I am getting older?!"

Everyone in the Wade family was frightened by the angry look of the old man.

Lord Wade looked at Brenden and said coldly, "Charlie said just now, if you don't do it, you will immediately pack your things and get out! No one intercedes!"

When Brenden's father William heard this, he looked at Brenden anxiously, and shouted, "F\*ck, you really want to get out?!"

#### Chapter 3340

Brenden was also frightened. If he was really kicked out of the Wade family, what hope would he have in this life?

So, he barely thought about it, directly raised his hand, and suddenly hit Jon's face.

Jon was also frightened by Lord Wade's aura.

He didn't notice that Brenden, his cousin who had always been kneeling behind his ass and licking him, actually raised his hand and hit him over!

"Snapped!"

A crisp slap in the face echoed in the hall.

Jon covered his face, his expression became more and more angry, and he rushed up and fought Brenden together.

He cursed with extreme anger, "Even you dare to hit me, I f\*cking fight with you!"

Seeing the two people scrambled into a ball, Charlie immediately walked forward and dragged Jon directly up, kicking him out like a goalkeeper kicking a goal kick.

Jon was kicked. Although he was in pain, he was completely unable to move.

Waiting for him to speak, Charlie pointed at him and said coldly, "You say one more word, I will arrange a plane to send you to Syria now!"

"You must do what I say!"

Jon really didn't dare to pretend to be forceful with Charlie this time.

He didn't know if Charlie would really send himself to Syria, but he didn't think Charlie was joking with him.

Seeing Jon closing his mouth wittily, Charlie's expression eased a little, and he said coldly, "Everyone, please remember, tomorrow morning at seven o'clock in the morning, at the top of Wade Mountain!"

After all, he looked at Stephen Thompson and said, "Mr. Thompson, please send me back at Sun's house."

Lord Wade said hurriedly, "Charlie, don't look back at home during this critical period. Let's rest here for one night!"

Charlie said calmly, "Don't worry, since the other party will let you go to Wade Mountain at 8 o'clock in the morning, he will definitely not change his mind halfway."

"You can go to bed and go to Wade Mountain at 7 o'clock tomorrow morning."

Lord Wade was also too embarrassed to say that he wanted to stay at Wade's house for the night

because he was afraid, so he could only bite the bullet and said, "If this is the case, then Grandpa won't keep you."

Helena, who had not been talking, looked at Charlie silently at this time with a very tangled expression.

While she was still hesitating whether to catch up with Charlie and find a chance to say a few words with Charlie alone, her two attendants hurried in.

Because today was the official occasion for the Wade Family to negotiate an ancestor worship ceremony, the two of them did not follow Helena over and have been resting at the Shangri-La Hotel.

But after learning of the conflict between the Dragon Temple and the Wade family, the Northern European royal family immediately issued an order asking them to take Helena to the airport immediately.

The royal family has arranged for them a business jet that took off at 9 pm Helena flies to Russia.

Moreover, the royal family also specifically instructed the two of them not to tell Helena the actual destination of the plane, just tell Helena that the plane is returning to Northern Europe.

So the two people rushed over from Shangri-La Hotel in a hurry.

As soon as they came in, the Chinese girl of the two immediately came to Helena and said respectfully, "Princess Helena, Princess Olivia sent an urgent order, let us take you to the airport immediately, we need to go Back to Northern Europe!"

"Go to the airport?!" Helena asked nervously, "Why did Olivia suddenly want me to go back to Northern Europe?"

The girl looked sorry and said, "I'm sorry, Princess Helena, I don't know why, I only know that the order is urgent, because the plane will take off at nine o'clock!"

When Corran heard this, he was immediately annoyed and asked, "What do you mean by the Nordic royal family?"

"Knowing that our Wade family is in trouble now, they immediately regrets the marriage and tells us to clear the order?"

The Chinese girl looked at Corran and said seriously, "This, gentleman, I'm really sorry, we are only servants of the royal family, and we are only responsible for executing the royal family's orders."

"We don't know why the royal family issued such orders."

Helena glanced at Charlie nervously, and then asked the girl, "Where does Olivia want me to go?"

The girl hurriedly said, "Princess Helena, I just said that Princess Olivia wants you to return to Northern Europe immediately."

"I don't believe it!" Helena blurted out, "Olivia also said before that she would not let me return to Northern Europe before I die!"

"Now grandma has reached the end of her life, which is the key point for her inheritance."

"It is absolutely impossible to let me go back!"

"There must be a conspiracy in it!"

## Chapter 3341

Seeing Helena reacted fiercely, the girl couldn't help feeling a little flustered, and hurriedly explained, "Princess Helena, you have misunderstood..."

"Princess Olivia feels that based on the actual situation now, the royal family can no longer follow the Wade family continues to marry, so she wants you to go home and rest."

"I don't believe it!" Helena immediately refused loudly, "It is absolutely impossible for me to go with you!"

"If you want to go, go by yourself!"

The girl immediately said, "Princess Helena, if you refuse to carry out the royal family's order, you will be removed from the royal family in the future!"

"Please consider carefully!"

Helena blurted out without hesitation, "Then remove me! In any case, I won't go with you!"

Seeing that Helena was obviously alert, the girl immediately exchanged glances with the other girl.

Immediately, the two of them moved towards Helena, one left and the other right.

The Chinese girl said coldly, "Princess Helena, since you refuse to cooperate, don't blame us for being impolite!"

Helena suddenly became extremely nervous, and she stepped back and said, "Don't come near me!"

“This is China, not Northern Europe. You have no right to interfere with my personal freedom!”

The Chinese girl suddenly accelerated, her figure was quite different from the previous weak temperament.

At first glance, she had received professional training.

Although she was not a martial artist, she was at least a qualified agent.

The same is true for the other Nordic girl.

The speed and agility of her figure are not inferior to that of the Chinese girl.

The two directly used a pincer attack to force Helena to the corner, and then grabbed her arm left and right.

The Chinese girl said blankly, “Princess Helena, I’m sorry!”

After that, she dragged Helena straight out.

At this time, Helena was desperate, but the Wade family around her didn’t want to come out to help her, and even Jon didn’t say a word.

In fact, the Wade family already understood it in their hearts.

Helena is the pawn of the Nordic royal family to exchange resources, but now, the Nordic royal family

knows that the Wade family has offended the Dragon Temple, so they have changed their minds, no matter where the two women want to take Helena, they have nothing to do with the Wade family.

What's more, even if the Wade Family forces Helena to stay, it doesn't make any sense.

Once Helena and the royal family turn their faces, she will probably be removed from the royal family immediately.

A princess who was expelled from the royal family is worth a fart?

So in the eyes of the Wade family, it has nothing to do with them wherever they take Helena.

Helena saw that Wade Family was unwilling to help, and her heart was extremely frightened, so she looked at Charlie and yelled in a panic, "Charlie...please...help me...."

Charlie didn't think Helena would ask for help.

He looked at Helena blankly and asked her, "I only met you yesterday. You're not a relative nor I have a reason to help you, why should I save you?"

Helena choked and said, "If you don't save me, I'll be dead...Even if they don't kill me, I'm afraid they will force me to someone else and continue to make a pawn....."

Speaking of this, she looked at Charlie with red eyes and full of tears, and begged, "Since you have saved me once, please do it to the end, don't let them take me away... if you can save me this time, I am willing to be a cow and a horse for you in the future..."

When the Chinese girl heard this, she immediately threatened in a cold voice, "Helena! Princess Olivia asked me to remind you that you must think about your mother before you refuse!"

“If you don’t go with us and insist on getting rid of the royal family control, then you just wait for your mother’s corpse wilderness!”

Chapter 3342

As soon as Helena heard this, she was astonished as if she was struck by lightning.

After a while, she seemed to have accepted her fate, nodded lightly, and said sullenly, “Okay...you won...I will go with you...”

The girl suddenly breathed a sigh of relief, and said, “It would be great if you can think clearly, hurry up and leave, the plane is already waiting!”

Helena looked at Charlie and said gratefully, “Charlie, thank you for saving my life anyway... please take care of tomorrow’s affairs!”

As soon as she finished speaking, she was taken by the two women and walked out the door.

Charlie suddenly spoke at this moment, “Hold on!”

The two women were visibly taken aback, and the Chinese girl among them asked, “Does Mr. Wade still think he has not enough enemies and wants to do the right thing with the Nordic royal family?”

Charlie smiled and nodded, “You’re right! I am a person who is not afraid of offending people.”

“The more enemies I get, the more excited I will be!”

As he said, his expression stunned, and he asked in a cold voice, "Where do you princess Olivia want to send Helena?"

The girl blurted out, "This has nothing to do with you! You'd better let us go, otherwise, this matter may rise to a diplomatic incident!"

Charlie smiled and said faintly, "Don't worry, this matter can't get out of the door of the Wade family!"

"If you two don't tell the truth, never think about leaving."

"There are so many coffins at the door, you can pick one by yourself. I can kill and bury both of you!"

The Chinese girl gritted her teeth and said, "You are so arrogant after offending the Dragon Temple, I'm afraid you won't have a long life!"

Charlie sneered, "Don't worry, you will die in front of me first!"

As soon as the voice fell, Isaac Cameron and Don Albert rushed in all the way.

Upon seeing Charlie, Don Albert blurted out, "Master Wade, Don Albert is here to listen to you!"

Charlie thought that Don Albert would come, and asked with a smile, "When did you come?"

Don Albert chuckled and said respectfully, "Master Wade, I just arrived, Mr. Cameron picked me up at the airport."

"You must be short of people on your side, so we dare to come over and take a look!"

Charlie nodded, pointed at the two women next to Helena, and said lightly, "You came in just the right time, drag them out, let them both pick a coffin, and then kill them!"

Don Albert was stunned for only a second before he blurted out, "Okay Master Wade!"

After that, he said to the two women, "Go out by yourself, don't force me to be rough!"

The Chinese girl's expression was stern, and she said coldly, "It's not that easy to kill me!"

Having said that, she instantly took out a dagger and attacked Don Albert directly!

At first glance, this girl was born as a special soldier.

She used the sword decisively and quickly and accurately.

If it is an ordinary person, under such a sudden offensive, I am afraid that it is impossible to dodge at all.

But Don Albert is no ordinary person.

He had eaten a rejuvenating pill from Charlie a long time ago, and his physical fitness and reaction speed were much better than ordinary people.

Therefore, between the lightning and flint, he grabbed the opponent's wrist holding the dagger.

The girl didn't think that Don Albert's middle-aged and elderly people would have such a quick reaction speed!

Moreover, Don Albert's hands were extremely powerful, and after being caught by him, she was completely unable to move.

Just when she was astonished, Don Albert directly applied force on her hand, and only heard a slap, the girl's wrist broke!

"Ah...My hand!" The girl yelled in pain, but she couldn't get rid of it at all.

Don Albert looked at her contemptuously, and sneered, "With your skills as a three-legged cat, you still dare to attack me!"

"See if I won't shine all of your blood on you later!"

After that, he roared coldly, "Go out with me to pick a coffin, and I will send you two on the road!"

The girl suddenly turned pale with fright, and then quickly looked at Charlie, crying and begging, "Mr. Wade, please spare my life!"

"I will tell you! I will tell you everything!"
