

Chapter 4951

Helena's voice was soft and sad.

However, Charlie, who was sleeping soundly in front of her, still didn't respond.

At this time, he was almost completely cut off from the outside world.

Seeing that he didn't respond in the slightest,

Helena's sadness in her heart was suddenly magnified rapidly.

The tears she shed when she looked at Charlie were already on the line.

She stroked his face lightly, choking with sobs in a low voice:

"I can see that from the first day I met you, you have been keeping a distance from me."

"In your heart, I must be a very realistic, very profit-seeking,"

"Even for a woman who will do anything for her superior..."

"If I just have sex with you without you knowing anything,"

"And at the same time I am lucky enough to conceive your child, must you look down on me even more?"

"Even, you may be full of discrimination and prejudice against our child because you look down on me..."

"If I fail to conceive your child, then you may look down on me."

"You will stay away from me in this life, and I will never see you again, right?"

Having said that, she wiped away her tears and said firmly:

"No...I will not deepen this feeling for you again. An opportunity for a wrong perception..."

"Absolutely not! Life is still early, I will definitely use an aboveboard method to let you change your wrong perception of me,"

"And let you know that, except for my mother, The only thing I really care about in this world is you!"

After that, she bent down again, kissed his lips lightly, and curled up in his arms like a kitten.

Hiding in Charlie's arms, she couldn't help laughing out loud, and said, "I want to hold you and sleep for an hour. Promise me, "Don't wake up for this one hour, so that I can wake up decently and get out of here."

After finishing speaking, she put her face on Charlie's heart, and slowly closed her eyes.

At this moment, she felt that she was the happiest woman in the world.

However, the only regret is that because she was afraid that he would wake up earlier than herself,

Helena didn't dare to let herself fall asleep completely.

Although she was full of happiness, she was somewhat cautious and apprehensive.

In Charlie's arms, she fell asleep for nearly an hour, half dreaming and half awake.

This hour is the most satisfying hour since she was an adult.

Seeing that the wall clock on the wall had already pointed to the position of nine o'clock,

She got off the bed softly, put on her clothes gently,

And then tidied up the half of the bed she had slept on, and cautiously pinched away the hair that fell on Charlie's arms.

After doing all this, she stared at him, kissed him again uncontrollably,

Then reluctantly walked out of the room, and closed the door carefully behind.

...

It was almost noon when Charlie slowly opened his eyes.

He felt that he had experienced the longest but most peaceful sleep since he had memory.

Although this sleep did not significantly replenish his aura, it did greatly improve his spirit.

He slowly got up from the bed, stretched his arms wantonly, and stretched his body,

And suddenly felt that there was a very familiar fragrance on his body.

This smell is the same as the fragrance on Helena's body.

Although he had smelled this fragrance when he first entered this room and even when he was lying on the bed,

He clearly felt that the fragrance on his body now was even stronger than when he was lying on this bed.

He also knew very well in his heart that things like fragrance are constantly being worn out,

And now the smell is stronger than before,

Which only means that this smell has been replenished in the middle of his sleep.

Thinking of this, Charlie subconsciously stretched his hand into the quilt on the other side of the bed,

And could clearly feel that there was still a slight residual warmth,

In the quilt on the other side where no one was sleeping.

At this moment, he suddenly realized something.

Chapter 4952

Charlie lifted the quilt subconsciously, looked down at his underwear,

And was slightly relieved when he found that it was still in good condition.

At this time, he had already realized that Helena must have come when he was asleep and slept next to me.

The scent on his body, as well as the residual temperature in the bed on the other side, pointed the evidence to her.

Charlie didn't understand why she sneaked into his bed when he was asleep, But after some consideration, he decided to pretend he didn't know anything about it.

In his view, doing this is the best solution. On the one hand, It can alleviate the embarrassment between the two and on the other hand,

It can prevent this matter from continuing to have any further consequences.

After making up his mind, he got up from the bed.

At this time, there is still very little spiritual energy left in the body.

Since the aura that can be absorbed by nature is extremely scarce, if you want to supplement it by absorbing aura from nature, it may be difficult to return to the previous state in a year or so,

So he took out another Cultivation Pill to be on the safe side to quickly replenish the consumed aura first.

So, he sat cross-legged on the carpet, took out a Pill from his pocket,

And put it in his mouth with great distress.

In an instant, the elixir turned into a rich aura, which continuously gathered in the body.

However, what surprised him was that the aura in his body could be fully replenished with a single Cultivation Pill.

However, after yesterday's frequent and rapid consumption and replenishment of spiritual energy,

The Cultivation Pill that he just took had only replenished 80% of his spiritual energy.

Charlie thought to himself: "It seems that frequent extreme states are not a bad thing,"

"Just like athletes can gradually surpass themselves in high-intensity training,"

"I can also pass through this high-intensity state to increase the upper limit,"

"If the upper limit of aura in the body can be doubled, the overall strength will also be greatly increased!"

Thinking of this, he couldn't help but feel melancholic.

After all, the Cultivation Pill was too precious, once it was exhausted and no new pills could be replenished,

It would be very difficult for him to replenish his aura.

This is also doomed that he cannot frequently use this extreme state to continuously increase his upper limit.

Afterward, he stood up, walked into the bathroom in the bedroom, and took a shower.

When he came out of the bedroom with wet hair, Helena was taking a nap on the sofa in the living room.

Hearing Charlie's movement, she quickly opened her eyes, and seeing Charlie had come out, she felt nervous for a while.

In order not to be seen by him, she hurriedly asked Charlie respectfully: "Mr. Wade, did you sleep well?"

Charlie saw that Helena's cheeks were already flushed just as she spoke, And her heart became more firm in her speculation.

However, he still decided to pretend to be stupid to make this matter turn over smoothly,

So he said casually: "I slept very well, I haven't slept so well for a long time."

Helena was indeed relieved when she heard Charlie's words.

She hurriedly said: "It's already noon now, you must be hungry,"

"Do you want to go to the dining room to have something?"

"Okay." Charlie nodded and said: "If you have no other arrangements,"

"It's time for me to go back to the United States."

Helena suddenly said with some reluctance:

"Mr. Wade, are you in such a hurry to go back?"

"You arrived in the early morning, and you haven't stayed for ten hours."

Charlie smiled slightly, and said casually:

"My wife is alone in the United States, and I want to go back to accompany her as soon as possible,"

"Not to mention that everything here has been settled,"

"And I have to withdraw as soon as possible to avoid long nights and dreams."

## Chapter 4953

Helena heard Charlie mentioning that he wanted to go back to accompany his wife, And a bit of envy and loneliness appeared unconsciously in her expression.

Recalling what she did just now, she couldn't help feeling a little ashamed.

However, she was also thankful in her heart that she hadn't done anything too outrageous, Otherwise, she might be self-defeating and completely ruin all possibilities with him.

Thinking of this, although she was reluctant to let him leave so soon, She still nodded very simply and said: "Mr. Wade, Let's go downstairs for dinner first, I will arrange the helicopter to get ready, And we will return to Oslo after Lunch."

"Okay." Charlie nodded slightly and walked out of the room with her.

When he was beside her, Charlie smelled the special fragrance from her body again, Which was the same as when he woke up.

However, he still decided to pretend to be stupid to the end, And let this matter remain in the hearts of the two of them.

Later, he and Helena came to the dining together, remembering the failure of this palace, he said, "By the way, Helena, let the Wade family's team responsible for the global Shangri-La hotel project, Come to help to repair this palace. All the expenses will be borne by the Wade family."

Helena shook her head quickly when she heard this, and said, "Mr. Wade, how can this work... It is the family's own palace, No matter what, you can't afford to repair it. Expenses and the royal family are not really penniless."

"The main reason is that there are many places where money is needed recently."

"I want to prioritize. In the early stage, the money will be used to improve the reputation,"

"And the influence of the royal family. The palace is not very useful. There is no need to repair it immediately."

Charlie waved his hand and said: "After all, you and the Wade family had a relationship, And it is reasonable for the Wade family to help you, And the Shangri-La Hotel of the Wade family has not yet opened in Norway."

"This opportunity allows the Wade family to enter the Nordic market, Invest in hotels in several important cities in Norway, And help the royal family repair their palaces."

Helena said at a loss: "But...but..."

Charlie said calmly: "There is no need to say anything but,"

"I will ask someone to discuss specific matters with you later."

Helena Seeing Charlie's insistence, she had no choice but to nod slightly,

Gratefully: "Thank you, Mr. Wade..."

Charlie smiled slightly, and said again: "By the way, there may be some dangerous factors during this period,"

"Although there is a high probability that it will not have anything to do with you,"

"But just to be on the safe side, I will ask Wesley to leave a few soldiers, With European faces to serve as your bodyguards."

"Be prepared, and you should try not to be outside of Oslo recently."

"Make public appearances, especially in a short period of time, and don't come to Bergen again."

Helena nodded lightly, and said, "I'll always follow Mr. Wade's orders."

...

At the same time, a Boeing 777 landed at Sweden's Gothenburg International Airport.

The plane took off from Nigeria and arrived in Gothenburg after more than seven hours of flying.

According to the application received by the civil aviation department, The plane belonging to Singapore Yuantai International Express took off from Nigeria empty, And came to Gothenburg to volunteer to help charities in Nigeria.

In the hands of humanitarian organizations, they received a batch of charitable supplies.

#### Chapter 4954

This batch of charitable materials includes food, medicine, clothing, And some water purification devices, all of which are very scarce items.

At this moment, this batch of goods is still waiting in line to pass through the airport security check, And the person responsible for sending this batch of goods through the security check is a member of this humanitarian organization.

And this humanitarian organization is well-known in Sweden and even the world.

On the surface, they are a non-profit humanitarian and charitable organization, but in fact,

Its real background is that the mysterious organization that Charlie is investigating is planted in Sweden, And even in the whole of Europe.

Usually, this humanitarian organization actively organizes charitable activities, Calling on people to pay attention to the third world, environmental protection, and global warming,

But once the organization needs it, this organization can immediately respond quickly in central Norway,

Covering the four northern countries of Europe, Estonia, Latvia, and Lithuania are across the sea from Sweden.

Unlike other espionage and non-governmental organizations, which are extremely low-key,

This humanitarian organization usually has a high-profile style of work.

Not only does it often use the media to hype itself,It even launched a god-making movement in the field of environmental protection.

And the reason why this organization acts so high-profile, even extremely aggressive,It is to be able to achieve sufficient deterrence in the area covered by their mission.

This kind of deterrence will not only make the big companies of these countries shy away from them,

But even the governments and functional departments of these countries are quite afraid of them.

This is the benefit of standing on the moral high ground.

With this moral aura, they can use morality as a weapon to attack anyone they want to attack.

If they want a certain company to shut down,

They will organize a large number of people to rush to the door of the company to protest.

If they want the government to pass or reject a certain bill,

They will organize a group of people to march on the street.

In short, as long as the three words "Guardian of Morality" are written on the forehead,

Basically, everything will be beneficial.

It is precisely because of this special aura that they have extraordinary convenience in Europe.

According to the usual tactics of this organization, if certain prohibited items need to be transported by air,

This organization is used under the guise of charitable goods,

And then especially Choose a more urgent time window to request the airport and customs to release it quickly.

With this method, there are almost no problems.

Therefore, according to their plan, after the Cavalry guards successfully captured Maria,

They would hand over her and her personal servants to the linker of this humanitarian organization,

And the linker would hide them in charity supplies and quickly pass through customs, and ship them to the plane.

After the plane landed, the captain immediately reported to his superior through a special channel:

“The postman has arrived in Gothenburg, when will the goods arrive?”

In the special encrypted communication channel, a man’s serious voice came:

“Something went wrong, they were supposed to change vehicles at the border between Norway and Sweden four hours ago,”

“And continue to meet you in Gothenburg, but they haven’t shown up yet.”

The captain exclaimed and blurted out: “The group is missing?!”

The other party said: “It seems so.” The captain subconsciously asked:

“This...is this the same as the black swan incident in New York?!”

The dead man in New York the entire army was wiped out and they evaporated,”

“Which was defined by the organization as a rare black swan event.”

“Almost all members knew about the defeat, and the Lord had internally asked everyone to learn from this black swan event lesson.

Hearing this, the person on the other end of the phone said coldly:

“It’s not sure yet, but I want to remind you not to speculate.”

Chapter 4955

The captain was stunned, and quickly ended the topic, saying solemnly:

“Then if they didn’t show up at the border, so what should I do here?”

“Should I continue to wait, or request to return immediately?”

“The loading time given to me by the airport is only three hours.”

“If I can’t take off after three hours, I’m afraid the original deployment will be disrupted.”

“Wait.” The other party said firmly:

“The Lord has an order. You wait for the Cavalry guards in Gothenburg for three hours.”

“If you don’t see anyone for three hours, start plan B.”

The captain said without thinking: “Wait for three hours, follow orders!”

At this moment.

In the car park outside the cargo area of Gothenburg Airport.

The head of a humanitarian organization is sitting in the co-pilot of a truck waiting anxiously.

This time, a total of three truckloads of supplies were destined for Nigeria.

According to the original schedule, they should have driven the person to the airport in a special transport vehicle at this time,

And then they had to take them into the airport together,

And then urged the customs to quickly release the target person to the plane.

In order to ensure that the person can be successfully sent through customs this time,

The person in charge of the humanitarian organization specially called their trump card,

A renowned star, and prepared to take her with him to ensure that this mission can go smoothly.

However, until now, they have not received any information.

After waiting for another half an hour, there was still no news, and the above only asked them to continue waiting.

The person in charge had no choice but to sit on the truck and watch the time go by little.

At this time, the driver of the truck behind jumped out of the car, knocked on the door of the co-pilot, and asked respectfully: "Master, can I come up and talk?"

The driver below hurriedly climbed into the co-pilot seat, and respectfully said to the person in charge, "Master, Lolita said that she doesn't want to wait any longer..."

"What do you mean?" The person in charge frowned and asked: "What do you mean she doesn't want to wait any longer?!"

The driver said helplessly, "She asked me to tell you that she made an appointment with her friends this afternoon to go to the hair and spa."

"Dmn it!" The person in charge was furious and cursed:

"How dare she talk to me like that?!"

"Did she become a star and not know her name?!"

The driver said awkwardly: "Master, you know her behavior style, she is typical of what she thinks of,"

"And she doesn't know the actual situation of our humanitarian organization,"

"And she thinks she is the spiritual leader of this organization..."

The person in charge gritted his teeth: "Go and tell her that you have to wait here for three hours no matter what,"

"And tell her that I donated materials to Nigeria this time."

"I invited a lot of media to give her a detailed report."

The driver said dumbfounded: "Master, I have already told her about this, but she didn't pay attention to it at all."

“She said that the only European media she liked before was the BBC, but since Brexit,”

“There is no one in the whole of Europe she can look up to.”

“If CNN and BBC come to interview, she can barely give a face, and she won’t talk about anything else...”

“Who the h3ll does she think she is? If we hadn’t paid for her, packaged her,”

“And operated her behind her back, she would just be cutting classes every day,”

“Didn’t understand sh!t, and couldn’t even pass a fcuking casting of a street drama!”

“Now that she is a bit famous, she even played big games with me,”

“Don’t you really know how much she weighs?!”

The driver said helplessly: “Master, the most urgent thing now is to let her stay,”

“Otherwise if she really walks away We have nothing to do...”

The person in charge pondered angrily for a long time, and then said in a cold voice:

“Tell her, as long as she cooperates well today, I will give her a Hermes Himalaya afterward.”

Okay!” The driver nodded, turned around and got out of the car, and returned to his car.

## Chapter 4956

On the co-pilot, a girl with a somewhat ferocious expression was holding her mobile phone and playing a game in battle royale mode.

At this time, she was actively killing in the game.

Seeing the driver coming up, she raised her eyelids,

Stared at the phone again, and smelled: “Is it settled? I’m leaving in fifteen minutes.”

The driver hurriedly said: “The president said that today’s event is very important and meaningful...”

The girl interrupted him directly, and said coldly:

“I am passionate about environmental protection, not charity.”

“This kind of activity itself is not the type I like,”

“If you ask me to protest against Asians using chopsticks, Europeans flying on planes,”

“And Americans driving cars, I can be more patient.”

Speaking of this, she looked arrogant and said:

“What’s more, besides Nigerians, who else will pay attention to helping them?”

“With this time, I might as well go to the United Nations Climate Change Conference to organize protests.”

“My father said that the media all over the world will pay attention to the news of the United Nations and developed countries,”

“And the news of third world countries like Nigeria will never make the headlines of the Western world.”

The driver was dumbfounded, and at the same time, he was extremely angry.

However, the matter is so important that he can only patiently say:

“The president said, as long as you cooperate well, he will give you a Hermes Himalayan.”

She immediately moved her eyes away from the phone screen and stared at the driver.

Surprised and asked: “Really?! Hermes Himalayan crocodile skin? You are not lying to me, are you?”

The driver assured: “Of course, I am not lying to you! The president always keeps his word.”

The girl immediately changed With a bad attitude, she said with a smile:

“Then you tell him, as long as he does what he says, I am willing to wait until night!”

Just as everyone was anxiously waiting for the cavalry guard to land,

A plane flew from the Nordic capital. Took off from the airport and went to Syria.

Wesley has already brought his own men and the seven Cavalry guards who took refuge in him and returned to the base in Syria.

Soon, another half an hour passed, and there was still no news from the guards.

Seeing that the scheduled time had been exceeded,

The person in charge picked up the satellite phone and called his upline.

And his upline, and the pilot's upline, are the same person.

The person answered the phone and asked in a cold tone: "What's the matter?"

The person in charge hurriedly said: "Master Viscount, I'm running out of time here,"

"I'm afraid I can't wait too long, the pilot has a three-hour time window,"

"But my time window is only one and a half hours, and according to the fastest speed of the airport process,"

"I have to leave at least one and a half hours to go through the security check and loading process,"

"Otherwise it will affect the departure time of the plane!"

The man who was the viscount was also very anxious, and blurted out, "Five hours ago, when the cavalry guards didn't show up at the docking point,"

"The higher-ups had already sent a connector to Bergen to investigate."

"There should be news soon. If there is no one, stay put until the latest order is issued!"

...

Meanwhile, An old Volvo off-road vehicle drove from Sweden, after several hours of trekking,

It stopped in front of the country house where Maria lived before.

The window of the driver's cab was put down, and a man sat in the driver's cab, carefully observing the villa.

Although it is already afternoon, there is no movement in this villa,

And there is no sign of anyone working on the surrounding farms.

He took out the satellite phone and said to the phone:

“Master Viscount, I don’t see anyone here, there are still a few cars parked outside the door,”

“It seems that there are traces of hastily cleaned, do you need me to go in and have a look?”

The viscount’s voice came from the other end of the phone:

“Put on the camera, and the Lord can see the real-time video!”

“Okay!” The man immediately took out a portable camera from the armrest box and pinned the camera to his shirt On the outside of the left pocket. After turning on the phone, he asked respectfully: “Master Viscount, can you see the real-time video over there?”

The other party said coldly: “Yes, you can go in and have a look right now!”

#### Chapter 4957

The man in the Volvo driver’s seat, after wearing the real-time transmission camera,

Pushed the door and got out of the car.

After confirming that there were no people or vehicles passing by,

He used the lock-picking tool to skillfully pry open the door.

In fact, the house Maria lives in has, in addition to the ordinary door lock,

A hidden deadbolt was hidden on the top and bottom of the door frame,

And a whole set of Internet of Things control systems has been upgraded for the door lock.

Under normal circumstances, whether she was sleeping or going out,

She would use her mobile phone to lock the hidden deadbolt.

This kind of door lock can only be unlocked through the Internet,

Even the best locksmith can’t break it.

However, when she and her personal servants evacuated this time,

They intentionally did not open the hidden bolt,

Which made it easy for this person to slip into the room.

At the same time, in many corners of the world,

The lord of the mysterious organization, and the four earls who are second only to the hero in power,

All are watching the real-time transmission in front of the screen.

When the man entered the room, the corpses of Maria's bodyguards suddenly appeared on the ground.

The man didn't seem surprised to see so many corpses.

Instead, he approached and reported: "It seems that there was a gun battle here.

But these corpses are not Cavalry guards, they should be the other party's bodyguards."

As he spoke, he followed the traces all the way to the study,

And found another corpse on the floor of the study.

He immediately stepped forward, and when he saw the face of the corpse,

He was startled for a moment, and blurted out: "It's the commander of the Cavalry guards!"

The voice of the viscount immediately came from the earphone:

"Check whether he is dead or not!" How did he die!"

The man immediately bent down, checked the commander's eyelids

And the corpse spots on his neck and hands, and says, "He should have died of poisoning..."

As he spoke, he opened the commander's teeth and found the crushed fangs in his mouth,

And immediately added: "It seems that the commander committed suicide by crushing his fangs."

The viscount immediately Asked: "Where are the other Cavalry guards?!"

Eight Cavalry guards were dispatched this time. Why did he die alone?! Where are the others?"

The man at the scene looked around, then went out and searched the entire villa, But unfortunately, no clues of Cavalry guards were found at the scene.

So, the man asked, “Master Viscount, is there anything else you need me to do?”

Before the Viscount could speak, a voice that had been processed by a voice changer,

And had a horribly low voice coming from the earphone:

“Return to the Study room! Take a look at the desk!”

The man was startled by the voice.

It was the first time he heard such a cold voice, which made people feel a little creepy.

However, the next moment he realized that this voice was probably the mysterious lord!

He suddenly became tense, and stammered, “Okay... okay... I... I’ll go right away...”

After finishing speaking, he hurriedly stumbled back to the study.

When he came to the quaint desk, he suddenly found that there was a pair of calligraphy written with a brush on the desk.

He looked down and found that there were only eight characters in this calligraphy work:

“The ring has been abandoned, and it is useless to chase after it.”

Chapter 4958

He didn’t know what kind of message these eight characters conveyed,

Nor did he know what the ring mentioned in it was. What does it mean, But he also happens to be a calligraphy lover, so he can see that the brush calligraphy is imitating the cursive script of calligrapher Wang Xizhi,

And the writing is round and beautiful, and at the same time vigorous and powerful,

Where every stroke Can be called impeccable.

If such eight characters are used in today’s calligraphy world,

They will definitely “be the top-notch”!

The only thing that doesn't match the painting style is that at the end of the eight characters, There is actually a smiling face drawn with a brush.

Although the lines of this smiling face are simple, they are very vivid, And it is even obvious that there is a bit of contempt in that smile.

Just when he was immersed in the impeccability of these eight characters, The low voice that had been changed suddenly came from the earphones, And he seemed to growl very angrily: "What the hell! Damn it! Damn it!"

After finishing, He roared furiously: "Blow it up for me!"

The man was a little surprised, and subconsciously asked: "Blow it up? Blow up what?"

Just after he finished speaking, the portable camera hanging on his left chest suddenly exploded. There was a violent explosion!

With a bang, the impact of the high explosives shattered the entire desk into pieces,

And the calligraphy written on the rice paper was instantly burned to ashes by the high temperature generated by the explosion.

And the man who came to investigate, before he could figure out what was going on,

He felt a sudden sharp pain in his heart, and he flew upside down and died directly!

His death was horrific, the explosives blew a big hole in his heart,

And his face also maintained an expression of extreme fear.

He did not know until he died that he would die in the hands of the portable video camera he wears with him.

The structure of this portable camera is very ingenious.

At least half of the internal volume is used to fill high explosives,

And a miniature detonator is installed in the explosives.

The remote control only needs to use the original communication network,  
And the camera's built-in Lithium battery just can't control the detonator to detonate at any time.  
The reason why this kind of equipment was developed and assigned,  
To members of the organization is to kill people and destroy corpses when necessary.  
At this time, the camera after the explosion caused flames in many places in the room.  
The entire interior of the camera is made of flammable materials.  
After the special plastic shell is burned at high temperature,  
It will form a viscous object with high viscosity like asphalt,  
And its flame can last for a long time.  
At this time, the damaged desks, wooden floors, and curtains made of chemical fibers,  
All were stained by the sticky matter produced during the explosion,  
And the sticky matter carried flames, so the fire quickly intensified.  
A few minutes later, a raging fire was already ignited in the study,  
And the flames gushed out from the study, and then completely ignited the entire villa.  
When the neighbors saw that the house was on fire, the fire was completely out of control.  
Someone called the fire alarm, but this place was relatively remote,  
And it took the fire engine nearly half an hour to arrive.  
When the fire engine arrived at the scene, the scene was Almost burned to ashes.  
And because the main frame of the house here is a wooden structure,  
When the fire burned to the later stage, the whole villa collapsed instantly and became a ruin.  
The firefighters at the scene began to inspect the scene after the open fire was extinguished,  
But they did not expect to find many charred bodies among the ruins.

Chapter 4959

For a while, the Bergen police were shocked and immediately sealed off the scene, ready to investigate.

However, although this case has just happened,

It is already destined to be a no-nonsense case,

Because of the registered identities of the people who died here and those who used to live with false identities!

At the same time, on a heavy-duty container ship that has already left Norway and headed for Vladivostok, Russia,

Maria is in a cabin that has been carefully remodeled like a hotel suite,

And her servant is standing respectfully beside her.

In front of her, there was a huge monitor,

And the frozen picture on the monitor was the appearance of her study being ignited by a raging fire.

This picture was captured and transmitted through the pinhole camera hidden in the wall directly in front of her desk.

She manipulated the progress bar with a smile on her face,

And went back to a few minutes ago in the video.

When she saw the camera on the man's chest suddenly exploded,

She couldn't help but chuckled and said, "It's boring, I'm getting angry from embarrassment."

The servant on the side Couldn't help but ask:

"Miss, do you think they will believe it?"

Maria smiled narrowly, and said casually:

"Anyway, what I'm telling is the truth, they will, believe it or not, I don't care."

Seeing Maria so calm, the servant couldn't help but feel a little more admiration in his heart.

She asked him this time: "By the way, how long will it take to get to Vladivostok?"

The servant replied: "Miss, we will take the Arctic sea route."

"At the speed of this ship, it will take about 25 days."

"Too slow. "Maria said lightly: "I'm going to disembark at Murmansk and take a plane to Eastcliff."

After that, she asked the servant: "Can I reach Murmansk in four days?"

The servant hurriedly said: "It should be possible."

"Yes, but Miss, are you going to China in such a hurry?"

"Yes!" Maria nodded firmly, and said seriously:

"I can't wait to find that Charlie Wade as soon as possible,"

"There must be a lot of secrets and interesting things about this person."

As she spoke, she pulled the progress bar and went back to the moment when Charlie appeared in her study,

Looked at him in the picture, and muttered curiously:

"Tell me, why did he appear in my office in such a timely manner?"

Charlie appeared to leave the video, but Maria had actually watched it many times on the way.

She didn't shy away from her most trusted servant,

So although the servant's memory was erased by Charlie,

Through the playback of the surveillance video, he still figured out the whole story.

The servant thought for a while and said, "Miss, I can't remember the situation at that time,"

"But I guess from the video recording, I don't think he knew anything about your situation, miss."

"He should be chasing after them when he appears in Bergen."

"Those Cavalry guards passed by, and he wanted to fix them,"

“I guess he should have a blood feud with that organization.”

Maria nodded and said with emotion: “This should be the most likely one. It’s kind of a guess.”

The servant couldn’t help asking her: “Miss, where do you think he will send these Cavalry guards?”

Maria was stunned for a moment, then smiled slightly:

“I was also thinking about this question, he said at the time,”

“Let these Cavalry guards go to Austria Meeting his people on the highest mountain in Sucheng,”

“If it wasn’t an emergency and there was no one available at the time,”

“I really wanted to go and have a look.”

The servant couldn’t help muttering: “I just don’t know,”

“His strength is not as good as compared with that organization.”

## Chapter 4960

Maria didn’t speak but picked up the commander of the Cavalry guard’s assault rifle.

That was cut in half by Charlie’s soul-piercing blade from her hand.

Her fingers stroked the section cut that was so neat that there was almost no burr, and she murmured:

“I don’t know his overall strength, but his personal strength is really strong.”

“Maybe cutting a gun like this, I think his aura has already achieved a little bit,”

“If he can go further in the future, the future must be limitless.”

The servant asked her: “Miss when it comes to this gun, you have put so much value.”

“The antique calligraphy and paintings were not brought out, so why did you bring out this gun?”

Maria said calmly: “You have also seen what happened just now,”

“Their people disappeared while chasing me, then they will definitely send someone over to check;”

“Before they saw this gun, they wouldn’t have thought about how the Cavalry guards missed it.”

“They might think that the Cavalry guards were just not prepared enough and were dealt with by the people around me;”

“However, if they see this gun... then the situation will be different!”

“In this world, there are only a handful of people who can do this,”

“As long as they see this gun, they will realize that they have a strong enemy, and this strong enemy has an aura.”

“There are very few people with aura. In that case,”

“Once this Charlie Wade reveals his strength, the opponent will immediately target him,”

“Which will bring him a lot of trouble.”

The servant couldn’t help but sigh: “He’s so powerful, why didn’t he expect this...”

Maria smiled and said: “Strength is strength, but the real combat experience should not be rich enough,”

“Otherwise, I won’t let myself get away under his nose.”

...

At the same time.

Gothenburg, Sweden.

Since they had already obtained the video data of the Bergen scene,

And saw the eight characters written by Maria herself,

The mysterious organization behind it immediately realized that this mission had completely failed,

And Maria must have escaped long ago.

Although the Lord was furious, he could only order an early end to this mission that had completely failed.

So, the head of the team who was waiting for Cavalry guards outside the gate of Gothenburg Airport received a call from the Viscount.

On the phone, the other party said in a dejected tone:

“Don’t wait any longer, let’s start delivering the goods to the customs now, and let it take off normally.”

The person in charge exclaimed: “Master Viscount, what happened to the Cavalry guards?”

The viscount said in a cold tone: “The eight Cavalry guards have been wiped out,”

“And the target has already escaped. The Lord has terminated the plan.”

It really didn’t occur to him to be defeated in this small place in Norway.

However, he knows the rules of the organization,

There are multiple sets of preparatory plans for everything,

Success has a successful follow-up plan, and failure has a failed follow-up plan.

According to the current situation, although Cavalry guards encountered problems and failed to reach Gothenburg,

But in order not to reveal his identity and the pilot,

The air transportation task that should be completed still needs to be completed.

A plane that has been waiting for a long time, carrying these materials back to Nigeria,

In order to prevent someone from finding out the problem through the abnormal empty load of the plane after checking this line.

However, now that the mission of Cavalry guards has failed,

The target person he was originally responsible for transshipment naturally no longer exists,

So there is no need for the celebrity Lolita.

So, he immediately sent a message to his subordinates, the content was only three words: Let Lolita go!

The driver who said all the good things to Lolita at the last second,

After receiving this message, immediately said to her with a dark face:

“Okay, didn’t you make an appointment with your friends? You can go back now.”

“What?” The girl suddenly asked angrily, “Why do you want me to go back now?”

“Didn’t you agree to give me a Hermes Himalayan after I finish today’s task?”

The driver said coldly: “What you said just now is correct.”

“Media reporters are not interested in matters related to Nigeria,”

“So they didn’t come here. The original interview was canceled, and you are no longer needed here.”

The girl said angrily: “Whether you need it or not is your problem.”

“I don’t care if you need it or not. Since you promised me,”

“You must fulfill it! If I can’t get my Hermes Himalayas,”

“Then I will wait here. Until I see my Himalaya!”

Chapter 4961

“Do you still want the Himalayas?”

The driver snorted coldly and said contemptuously, “If you want to daydream, get out of the car and go home to do it.”

Lolita said angrily: “Obviously you promised me, so why go back on your word?”

The driver said angrily: “We have conditions after you have completed the work,”

“And now the matter has turned yellow, I don’t need you to do it, understand?”

Lolita curled her lips and said coldly: “Then I don’t care, anyway,”

“If you promise me, you must honor it, otherwise I will never end this matter with you!”

The driver was about to speak, at this time,”

“The car in front had already started its engine, and slowly pulled out of the parking lot,”

“Preparing to enter the cargo area of the airport.

The driver knew in his heart that this was to quickly send the materials transported by these three trucks to the Boeing 777,

As it could be transported back to Nigeria on time,

So that no clues would be left on this line.

So, he also started the car, and then said to Lolita: “Get out of the car, don’t delay my business.”

“I won’t get off!” Lolita said with a grim expression:

“Let me get out of the car, how dare you! Do you not know what my identity is?!”

“If you want me to get out of the car, you can tell me when to give me my Himalaya!”

The driver jumped out of the truck in a rage, walked around to the passenger door,

And opened the door directly, and then lifted her out of the car like a chicken,

Then threw her on the ground roughly, and said coldly:

“If you want the Himalayas, go back to your dad!”

“Say one more word of nonsense, be careful that I will abolish your father first tonight!”

After that, he ignored her, turned around, and got in the truck,

Started the vehicle and left the parking lot.

Lolita didn’t expect that the other party would become so vicious all of a sudden,

And she lost her previous aura in an instant,

And she was so scared that she didn’t dare to say a word.

She is still young, and although she has been pushed to the fore by this humanitarian organization for a few years,

She just speaks and acts according to the requirements of the book,

Without knowing the underlying reasons and stakes.

She only knows that as long as she does what they ask,

She and her family can get a good material foundation,

And even be able to use this to enter the upper class.

But she didn't know the real origin of this humanitarian organization.

Some time ago, when her global reputation was pushed to the peak,

She also had the idea of leaving this humanitarian organization and starting her own business.

After all, in her opinion, she is now a well-known figure in the world,

Has countless fans, and has even been received by many heads of state and praised by them for her work.

There is absolutely no need for a higher-level organization to control her.

However, when she mentioned this idea to her father,

She was severely reprimanded by him.

Although Lolita was dissatisfied, she did not dare to confront him directly.

However, now that she has encountered such rough treatment,

In her opinion, it is a good opportunity to break up with the other party!

So, she immediately took out her mobile phone and called her father.

As soon as the phone was connected, she cried and said,

"Dad! I want to break up with them! Never have anything to do with them again!"

Her father asked in surprise, "Who are you talking about? What happened?"

Lolita said angrily, "It's not the human rights organization you contacted!"

"They don't respect me at all, they asked me to come over to stand for them today,"

"And promised to give me a Himalayan handbag from Hermes."

"Suddenly broke the contract and kicked me out of the car!"

As she said that, she continued aggrieved: "Dad! From today on, I must draw a clear line with these people."

"From now on, I will be on my own. I want to Nothing to do with them anymore!"

Lolita thought that what she said would make her father feel sorry for her,

And he will support the decision she just made,

But she never dreamed that her father on the other end of the phone would suddenly become furious!

He yelled through the phone: "Lolita, are you crazy?"

"Do you know how you and our family got here today?"

Lolita blurted out subconsciously: "Of course, I worked hard to get it!"

"I put aside school classes every day, and worked on projects."

"If it weren't for my hard work, how could our family be where it is today?"

When Lolita's father heard this, he immediately scolded: "Shut up!

If they weren't working behind the scenes, even if you dropped out of school at a young age,"

"And went to work for brands like that no one would have let you in their doors!"

"You have to remember! You can have what you are today, all because of them tailoring various marketing scripts for you in the back,"

"And the media that report on you are also secretly spending money to operate,"

"Moreover, they worked in-depth with the media from various countries,"

"To formulate a series of directions for you!"

“Don’t forget, do you think you can become famous all over the world that easily?!”

Chapter 4962

Lolita was a little speechless by her father, and she came back to her senses after a while.

She said dissatisfied: “Even if they support me, so what?”

“I am now a world-renowned star. My influence lies here.”

“I can create a lot of value without any help from them!”

Lolita’s father scolded angrily: “Is there something wrong with your brain?”

“Have you ever thought that when you were picked up by them,”

“You were just a child ten years old. Completely follow their instructions like a marionette.”

“They must have a lot of relevant evidence in their hands.”

“Once you fall out with them, they will immediately reveal all your actual situation.”

“By then, you will be ruined! Your mother and I dream of being in the upper class will also be shattered!”

“Our whole family will be beaten back to the original shape, and even fall to the bottom!”

In fact, Lolita’s father did not say a word.

Although he didn’t know the specific background of this humanitarian organization,

He knew that the methods of this organization were very vicious.

If he really went against them, he might be killed one day.

Lolita was also taken aback by her father’s words at this time.

She was simple-minded, but she didn’t expect that she had already held countless handles in the other party’s hands.

If the other party really exposes these details, then she will definitely lose her reputation and never recover.

The extremely dejected Lolita finally got up silently from the ground,

Patted the dust off her body, took out a mask from her pocket,

Put it on, walked to the side of the road, and stopped a taxi.

The reason why she wears a mask is that she has been calling for environmental protection,”

“And even called on people all over the world not to drive cars.”

“According to her point of view, driving is a crime, not to mention taking a taxi.”

“If she is caught taking a taxi, it will break her reputation.

When Lolita left the airport depressed, the shipment was passing through customs.

Since there is nothing abnormal about these goods, and they are all charitable goods,

The clearance speed of the customs is also very fast.

So, the Boeing 777 finally returned to Nigeria at the scheduled time, loaded with a plane full of cargo.

...

At the same time, on a certain island in this world,

A cathedral-like stone building stands majestically on the rock of the island.

What the outside world doesn't know is that this magnificent castle is actually just the tip of the iceberg.

Under the castle, the entire island has been completely hollowed out,

And the scale of the internal buildings is more than a hundred times larger than the ground.

At this time, in the central hall of the castle, a luxuriously dressed man in his forties knelt on one knee,

Looked at the empty throne in front of him, and said respectfully:

“My lord! The plane has been withdrawn to Nigeria.”

“The other seven famous cavalry guards, there is no clue yet about them.”

In the huge lobby, the cold and deep voice like a machine immediately came:

“Keep looking! Even if you dig three feet into the ground, you must find them!”

The man raised his fists with his hands above his head, and said respectfully:

“Your subordinates obey!”

The Lord’s voice came again: “Maria must have left Norway, and you immediately send people to infiltrate Mongolia,”

“The Russian Far East, Alaska, Canada’s Yukon, and Nunavut.”

“She was almost caught this time, and there is a high probability that she will flee to these sparsely populated countries and regions, and maybe she will come and wait for a rabbit!”

The man was slightly startled, and said nervously:

“My lord! I have a question, Dare to ask for your answer!”

The Lord said lightly: “Speak!”

The man hurriedly said: “My Lord, in a short period of time, we have suffered successive failures.”

“The assassination of Evan’s family in New York was so carefully planned,”

“And in the end, none of the so many dead soldiers came back, not even a single body was found.”

“It was the same when we went to Norway this time.”

“The eight knight guards were all top masters. Except for the command and envoy who died of taking poison,”

“The whereabouts of all others are unknown. Do you think there is any connection behind these two incidents?”

“Connection?” The Lord asked coldly, “Do you think someone is secretly killing us?”

The man said, “I just think these two things are too strange.”

“We have definite information on these two things. Whether it is Evans family or Maria,”

“Neither of them has the strength to resist us,”

“But the result of the matter is that this loss is unbelievable.”

The Lord said lightly: “The Evans family is a top family in the open world,”

“And they can be regarded as public figures to a certain extent,”

“But Maria is a little fox hiding everywhere. She might have no chance to have any contact with the outside world on weekdays.”

“This time I was able to find her news because she just couldn’t hold back.”

“She bought a piece of blue and white porcelain in an antique shop in Norway and revealed her identity.”

“So I think there shouldn’t be any direct connection between them.”

The man nodded and praised: “My lord, you are the best way,”

“Just use some blue and white porcelain to catch Maria out!”

He quickly asked again: “Shall we buy another batch of top-notch blue and white porcelain,”

“And put them in antique shops all over the world, waiting for Maria to take the bait?”

“No need.” The Lord said coldly: “Maria is the most cunning fox she can never fall into the same trap twice,”

“No matter how good the blue and white porcelain is, it is impossible to lure her out now!”

## Chapter 4963

At this time, the man asked respectfully:

“My lord, how credible do you think the words left by Maria are?”

The Lord was silent for a moment, He said coldly:

“Her personality is similar to her father’s. Although she is resourceful and even very wise,”

“She seldom engages in any conspiracy, so I believe what she wrote.”

“And Maria must be very clear in her heart that lying at this time is meaningless,”

“Even if I see these words, even if I believe that she is not lying,”

“But until I find the ring, I can’t give up hunting her down.”

After all, even if the ring is not on her body, she must know the whereabouts of it,”

“So she wrote these words, not to confuse me, but to irritate me!”

The man couldn’t help but say: “My lord! If Maria didn’t lie,”

“Does that mean that she has abandoned the ring somewhere in Norway?”

The Lord said: “Although the ring is of no use to her,”

“It has far-reaching significance, and she will never throw it away just to save her life.”

Then the man said again: “Could it be stored in a bank safe?”

“A ring, if it is stored in a bank safe with other things, generally does not attract much attention.”

“The confidentiality of a bank safe is extremely high,”

“And identity verification is done using fingerprints, irises, and other biological proofs,”

“So she can store the ring with a false identity and then take it out whenever she needs it.”

“It’s impossible.” The Lord said flatly: “Maria is far more cunning and calculating than you can imagine.”

“She has already thought of everything you can think of.”

“The bank safe seems to be hidden and inconspicuous, but in fact, it is not safe at all.”

“If I think, My force can open all the bank safes in Norway overnight,”

“To see what happened, how could she take such a risk.”

The man said with some doubt: “My lord, according to what you said, The ring is indeed not in her hands, but she didn’t throw it away at will, So there must be a very proper way of keeping it.”

“Then, where do you think this ring went? Or in other words, What kind of method is she using to keep it remotely?”

The Lord was silent for a few seconds, and said calmly, “I don’t know what you are talking about. The only thing I can be sure of at present is that, Although the ring is not in Maria’s possession, she is our only clue so far, So you must do your best to go ahead and find her for me!”

After that, he paused slightly, and continued, “This time, let Victor come out of the mountain in person, and you send him to come to see me immediately!”

Victor Mark is the head of the four earls.

The titles of each of these four earls were bestowed by the Lord.

The four of them have followed the Lord for many years, And have made great contributions to the development of the forces under his command.

Victor, in addition to ranking first among the four earls, Is also the most powerful existence among the four, And he is the veritable number-two figure in the entire organization.

And this man himself is the loyal and brave man who ranks last among the four earls.

Within this organization, his contribution is not as good as that of the top three earls, But because of his absolute loyalty to the lord, He was awarded the title of Loyal and Brave, and he is often sent by the lord for missions

In Loyal’s view, ordering Victor to track down Maria really felt like killing a chicken with a butcher’s knife.

However, he dared not have any doubts about the decision of the lord, So he said without thinking: “My lord, this subordinate will pass on the orders to Victor.”

A few minutes later.

A middle-aged man in a Taoist robe and a fairy-like character strode into the main hall with elegant steps.

As soon as he entered, he knelt on the ground on one knee, Saluted the empty throne, and then said respectfully, “My lord, Loyal said, you have something to summon your subordinates, what orders do you have?”

The deep voice of the Lord came: “Victor, I will give you five years to find Maria’s whereabouts.”

“During these five years, I don’t care where you go or what method you use.”

“I will give you whatever you want.”

“You don’t need my consent to make any decisions,”

“I just want you to bring her alive to see me within five years, can you do it?!”

Victor was slightly startled, and immediately clasped his hands together and loudly said, “Since the Lord is willing to entrust this task to his subordinates,”

“Then the subordinates must go all out to bring Maria back as soon as possible!”

“Five hundred million U.S. dollars will be used as a fund, and after the matter is completed,”

“I will give you five Youth Pills as a reward!”

Victor was very pleasantly surprised when he heard the words Youth Pill:

“Subordinate, thank you! Lord!”

After saying that, he immediately bent down and thanked him heavily.

Afterward, he raised his head and asked respectfully:

“My lord, you know Maria best, so, regarding her whereabouts,”

“Do you have any clues or suggestions that you can give to your subordinates?”

The Lord said flatly, “I know her well.”

“I also know her father, but they all did things that I didn’t expect.”

“Maybe my understanding of them is too solid so that I fell into a vicious circle of making mistakes again and again,”

“So Victor still doesn’t want to Ask me for advice,”

“Do it all according to your own intuition, maybe it will be miraculous.”

“Okay, Lord!” Victor nodded heavily.

The lord asked curiously: "I don't know. Does Victor have any plans?"

"Victor cupped his hands and said

, "Go back to the Lord, I plan to visit China!"

The Lord asked in surprise, "Do you think Maria will return to China?"

Victor laughed, smiled, and said, "I don't think so,"

"I just subconsciously think that it is more likely.

"Now! Don't delay for a moment!"

Victor said without hesitation: "This subordinate obeys orders!"

...

At the same time.

Charlie, Albert, and Issac took Helena's royal helicopter and arrived directly at Oslo Airport.

Because they are distinguished guests of the royal family, Charlie and the others don't even need to go to the customs in person, As long as they hand over their passports to the royal family's butler, they can complete the customs clearance.

The helicopter landed directly in front of the hangar of Charlie's Concorde, And he was the first to jump off the helicopter.

Afterward, he said to Helena: "Helena, you don't need to get down,"

"Just let the pilot take off and go back."

Helena shook her head with reluctance and said, "Mr. Wade, I'd better take you to the plane, anyway,"

"The VIP movement is already here in advance, and no one else will see me."

Charlie saw her insistence, so he had to extend a hand to her, and helped her off the helicopter.

In the hangar at this time, the Concorde has been prepared.

The captain and other crew members are waiting below the plane.

Helena accompanied Charlie into the hangar, and he told her: "You must pay attention to safety during the recent period."

"If you find anything unusual, please notify me as soon as possible."

Helena nodded lightly, her eyes blushing and teary at the same time.

She knew that she said goodbye to him today, and she didn't know when she would see him again in the future.

Moreover, she also knew that among so many women who loved Charlie deeply, she was the most special one.

Everyone else has a free body and doesn't need to be outside the world's opinions and evaluations,

But she is the only one who still bears the halo of a royal family.

It's not so much a halo as a shackle.

Because of this shackle, leaving Norway and going to any place in the world, She has to rise to the level of diplomacy and politics.

If she wants to leave Norway to meet Charlie, it is simply a dream, and there is no chance at all.

So if she really wants to build a relationship with Charlie, And wants to communicate and get along with him normally, The only chance is for Charlie to come to Norway to find her.

However, with her and even Charlie's behavior style, He would definitely not come to Norway to meet her unless it was necessary.

Thinking of this, Helena felt sad and reluctant, so she looked at Charlie, choked up softly, and said, "Mr. Wade, if you have time, you must come to Norway again. If you can't come, don't forget me... ...."

Seeing that her tears were streaming out uncontrollably, Charlie couldn't help feeling a little distressed when he recalled what he noticed in her boudoir this morning.

However, although there were outsiders here, there were many people after all.

Not only Albert and Issac was there, but also the crew and the royal guards.

Therefore, Charlie could only comfort and say:

“Helena, if there is a chance, I will definitely come again. So you must take care of yourself.”

Hearing Charlie’s words, Helena’s heart suddenly warmed, showing a rare joy, and nodded again and again: “Mr. Wade, as long as you tell me that you are coming to Norway at any time, I will definitely wait for you!”

Charlie nodded slightly, and said: “Okay, we’re boarding the plane.”

Helena nodded with tears in her eyes, at this moment, She really wanted to hug Charlie gently, and then gently press her face against his chest for three to five seconds.

However, she also knew that under such circumstances, she simply couldn’t do such behavior.

So, she could only keep a distance of half a meter from him and said, “Mr. Wade, then I wish you a safe journey!”

“Okay.” Charlie nodded, and said again: “Take care, goodbye.”

“Goodbye...”

Charlie boarded the Concorde under the watchful eye of Helena.

The captain and crew were also quickly in place and ready for takeoff.

At this time, Helena and her party hadn’t left yet,

They just retreated to a safe distance, as if they planned to watch Charlie’s plane leave first.

At this time, the captain came to Charlie and said:

“Master, we will take off in ten minutes and we are expected to arrive in Providence within three hours.”

Then he said: “It is now 3 pm Nordic time It’s nine o’clock in the morning in New York time,”

“And it should be no problem to land before twelve noon in New York time.”

Charlie waved his hand and asked with a smile, “It shouldn’t take long to fly to Syria from here, right?”

The captain thought for a while, and said: “The route distance should be more than 3,000 kilometers to less than 4,000 kilometers.”

“At our flying speed, it will only take two hours including take-off and landing.”

“Okay.” Charlie nodded, and waved his hand, Smiling:

“Then let’s fly directly to Damascus.”

The captain was stunned, and subconsciously asked: “Fly to Syria?”

Charlie nodded and said: “Yes, fly to Syria.”

The soldiers of the Front returned to Syria ahead of schedule.

Charlie hadn’t relieved the poison in the bodies of these seven people yet.

Besides, he also wanted to meet Jack, Hamid, and others too.

## Chapter 4965

Two hours after going to the Middle East,  
Charlie’s Concorde landed in Damascus, the capital of Syria.

Wesley and several core members of Dragon Hall were already waiting at the airport.

When Charlie got off the plane, Wesley hurriedly stepped forward and said respectfully, “Mr. Wade, my subordinates thought you would go directly to the United States from Norway, I didn’t expect you to make a special detour to come to Syria so far, And the preparations were a bit hasty. If I had known that you were coming, Your subordinates would have made arrangements as soon as possible.”

Charlie said with a smile, “The seven people you brought back still have enough deadly poison in their bodies.”

“If they are not relieved, these seven people will die within a few days.”

After finishing speaking, Charlie asked him, “Have those seven people settled down?”

“They’re settled.” Wesley said: “In order to avoid any accidents,”

“I left Caleb behind and asked him to take a few five-star generals to guard those people.”

“Okay.” Charlie nodded and said, “The situation of these people is different from that of May 47.”

“When they were in Bergen, they already confessed to me something related to that mysterious organization.”

“Later, you call Inspector Li and May 47 together, And then dig deeper into the clues to see if there is any New discovery.”

Wesley immediately said respectfully: “Okay, Mr. Wade, When we arrive at the base, the subordinate will arrange it immediately.”

Afterward, Wesley asked again: “By the way, Mr. Wade, how long do you plan to stay in Syria this time?”

“Would you like your subordinates to arrange accommodation for you in advance?”

“No.” Charlie said with a smile, “I’m here to deal with business,And I’ll go back to the United States after a casual visit, And I just took this opportunity to meet the old acquaintances.”

Wesley said: “Mr. Wade, there are quite a few of your old acquaintances here.”

“Commander Hamid happens to be at the base.”

“He has been talking about you, but I haven’t told him that you are coming.”

Charlie asked curiously: “Why has he come to the base of Dragon Hall?”

Wesley explained: “He has been here more frequently recently.”

“In addition to cooperation and exchanges, he mainly wants to learn some experience from Dragon Hall.”

“Although we started the overall construction of infrastructure relatively late,Our infrastructure scale and propulsion efficiency are much higher than his.”

Then, Wesley said again: “Mr. Wade, let’s set off now, this time you have to work hard to land in Damascus, If you come back in two months, we will put into use our own runway, And there is no need to transit in Damascus, just land directly on the runway of the base.”

Charlie nodded, and asked him curiously,“The plane bypasses the customs and lands directly at the base, What is the attitude of the authorities?”

Wesley explained: “The subordinate has already said hello.”

“If it’s just people entering and leaving the country,”

“Damascus basically turns a blind eye and closes one eye.”

“There is no need to go through customs.”

Speaking of this, Wesley added: “Actually, the current situation here is still very complicated.”

“Damascus can’t manage all borders at all. In the past,”

“The entry and exit of opposition personnel and materials was like a game,”

“So now Damascus basically doesn’t care. Besides, Damascus, the whole side here is very friendly to us.”

“After all, we are here to mediate the struggle between the two forces in the country.”

“It is rare for everyone to cease-fire now.”

“Everyone wants to not attack each other. Many things are just a formality; “

“In addition, there is a more important point.”

“Damascus is very clear that we only want to find a place to live in Syria,”

“And we don’t want to seek any benefits from Syria.”

“Unlike other countries, they only see the oil resources here.”

“So they are more willing to maintain this kind of cooperative relationship with us.”

“That’s good.” Charlie was relieved when he heard this.

Once an organization like Dragon Hall wants to become bigger and stronger,

It will not be welcomed no matter which country it is in.

Now that it can take root in Syria,

It can be regarded as a solution to the urgent need for development and growth.

It is precisely because of the complicated internal situation here that,

It gave Dragon Hall a chance to develop with peace of mind.

However, Charlie was also very clear in his heart.

It is not a long-term solution to live under the fence.

In the future, we must find a way to actually buy a piece of land so that,

Dragon Hall can build a permanent base without any worries.

Afterward, Charlie, Wesley, and others boarded the helicopter of the Dragon Halla together.

The five helicopters took off almost at the same time and flew towards the Dragon Hall base.

After an hour's flight, the helicopters arrived over the base.

It can be seen from the air that the base of Dragon Hall is currently a huge construction site,

Full of buildings under construction and dusty transport vehicles.

On the east side of the base, there is an airstrip that has already taken shape.

Seeing the construction of the entire base in full swing, Charlie couldn't help feeling relieved.

The Dragon Halla is currently his most powerful strike force besides himself,

And it will have a very important effect on every step he takes in the future,

Especially in the contest with that mysterious organization, which has far-reaching significance.

Therefore, he hopes that the strength of Dragon Hall will continue to grow and improve,

And his goal for the first stage of the development of Dragon Hall's overall strength,

Is to be able to compete with all the dead soldiers of that mysterious organization.

As for the mysterious lord, Charlie planned to keep it to himself.

The helicopter landed slowly in the core area in the center of the base.

On the south side of the core area, there is a cubic building.

This building is about 20 meters high. At the bottom is a huge hollow that is transparent from north to south,

And a track that is much narrower than normal train tracks passes through it.

It can be seen from the opening that inside the building is a huge lifting device made of steel frames,

With a steel cable as thick as a baby's arm hanging in the middle.

Chapter 4966

Wesley introduced Charlie: "Mr. Wade, this is the main shaft of the underground fortification.

Its current vertical depth is about 120 meters. The first phase of the underground fortification is currently excavating horizontally at this depth.

The set of lifting devices is the cage, and equipment, personnel, and excavated rocks basically come in and out from here."

As he said that, he pointed to another similar cubic building in the distance, and introduced:

"That one is the auxiliary well of the underground fortification,"

"The depth is the same as the main well,"

"And it is mainly responsible for ventilation and drainage of all underground working surfaces."

Charlie nodded, and said: "The current spy satellites and drones are too advanced,"

"And the ground facilities can't even escape Google's satellites,"

"So the underground fortifications will be the most important thing in the future."

Wesley immediately said: "Mr. Wade can rest assured that more than 65% of the current infrastructure budget is allocated to underground fortifications."

"The future underground fortifications will not only meet the needs of all personnel's life and material storage,"

"But also shoulder most of the daily training needs."

"At the same time, we will build a safe energy storage and backup energy system underground,"

"Which is enough to deal with most emergencies."

While speaking, the lifting device under the cubic building lifted a huge square steel cage up.

Interestingly, this steel cage has two layers,

The upper layer is for people, and the lower layer is for a rail mine car.

After the steel cage came to a complete stop, more than a dozen men wearing helmets,

Standing on the upper floor came out of it and walked from the second floor to the first floor.

The workers waiting on the first floor walked directly into the steel cage on the bottom floor,

Fixed the traction rope on the mine car filled with gravel,

And then pulled the mine car along the track to the loading and unloading yard hundreds of meters away.

At the other end, workers pushed an empty mine car into the steel cage.

Subsequently, the entire steel cage was lowered into the ground again.

After watching the whole process, Charlie couldn't help frowning and said,

"Wesley, relying on this kind of cage to transport people and materials straight up and down,"

"Isn't the turnover efficiency too low? This time, at most dozens of people, can go up and down,"

"Or a few tons of goods." Even if it takes a few minutes,"

"The efficiency is still a drop in the bucket in an emergency."

Wesley hurriedly said: "Mr. Wade, you are right. The current two shafts are actually configurations,"

"During the construction stage. It's only in the initial stage,"

"So we use these two shafts for underground construction,"

"However, in the next step, we will build a hub building covering an area of more than 100,000 square meters on the west side of the airport runway,"

"And then directly excavate a double lane for vehicles to enter and exit from the first floor of the hub building Inclined shaft,"

"The inclined shaft will lead directly from the ground of the building to the underground fortifications,"

“Just like a tunnel with a relatively steep slope.”

“Once completed, all personnel, vehicles, and equipment will drive up and down from here,”

“And the overall turnover speed will increase geometrically. There is no difference from the ground.”

Charlie nodded: “How many workers are working in the mine at the same time?”

Wesley said: “We are now speeding up the progress regardless of cost,”

“So all types of work in the mine are counted,”

“And there are those who work at the same time are five or six hundred people.”

Charlie asked again: “By the way,”

“Where are those Sicilian mafia that were brought back from Canada before?”

Wesley smiled and said: “The gang of the Sicilian mafia is currently incorporated into the excavation team and specially built underground fortifications.”

“Our normal construction team works in three shifts a day with an eight-hour work system,”

“But these mafia teams work in two shifts a day with a 12-hour work system.”

“Gang of bastards who are full of criminals,”

“So we don’t pay much attention to labor laws for them, as long as we don’t tire them to death.”

Charlie couldn’t help laughing and said: “After all,”

“There are more than 800 or so, who murder, set fire, bully and dominate the market.”

“They don’t feel tired after working for 24 hours,”

“And working underground for twelve hours is definitely not a problem for them.”

After finishing speaking, Charlie asked again:

“By the way, what about those Four Dragons disciples?”

Wesley laughed: “Mr. Wade, the boat that the disciples of the Four Dragons are on hasn’t arrived yet.”

Charlie laughed dumbfounded.

It is indeed a long way from Hong Kong. If it takes more than 20 days, it will definitely not be possible.

At this moment, the double-layered cage was lifted up again,

And as soon as the iron fence on the upper floor was opened,

Hamid, who was wearing a red helmet, walked out from inside accompanied by several soldiers from the Dragon Hall.

Charlie recognized him at a glance, and shouted from afar: "Commander Hamid!"

Hamid shyly looked at Charlie following the sound of his increasingly bloated belly.

Seeing that it was Charlie who was greeting him, he was overjoyed and shouted:

"Oh, Mr. Wade, Brother Wade!" After finishing speaking, he took a few quick steps and ran towards Charlie.

Quickly running in front of Charlie, Hamid held Charlie's hand happily while panting heavily, and asked excitedly,

"Brother Wade, when did you come?"

"Just arrived." Charlie smiled slightly, looked at his swollen belly, and teased:

"Brother, you have gained a lot of weight recently, and it seems that your life is quite comfortable."

Hamid smiled, cupped his hands, and said, "Thank you, brother."

"Ah! Now that there is no war, besides sleeping, we eat every day, not to mention eating well,"

"And sleep soundly, so the weight will naturally come up."

After speaking, he turned and pointed to the main well behind him, and said with envy:

"Brother, your underground fortifications are so awesome!"

"The alleys are three to four meters high."

"Compared with yours, my underground fortifications are just rat holes!"

Charlie laughed and said to him: "Don't worry, brother, When the construction here is almost done, I will let Wesley arrange and upgrade it for you."

When Hamid heard this, his excited hands shook, and he asked excitedly: "Brother, are you serious?"

Charlie nodded and smiled: "Of course, when did I tell a lie?"

Then, he said again: "You just saw those hard-working Sicilian elites down there didn't you?"

"Sicilian elites?" Hamid asked curiously: "You mean the Canadian mafia working below?"

"Yes." Charlie nodded and said with a smile:

"These people will also join you for help at that time!"

## Chapter 4967

Hamid's gratitude to Charlie has long been like a torrential river, And it is like the Yellow River flooding out of control.

If it weren't for Charlie, he would have been taken away by the Dragon Hall and the government army.

Not to mention that Charlie also cured his leg which had been lame for decades,

And gave him a lot of funds to strengthen his defense.

Now, with the Dragon Hall mediating in the middle, It gave him a good opportunity for peaceful development.

But what he didn't expect was that even so, Charlie still treated him without asking for anything and was still very generous.

With the current specifications of Dragon Hall's underground fortifications, Even if it is displayed on a small scale in its own base, It is difficult to implement without a cost of hundreds of millions of dollars.

For Hamid, this is something that he can't even think about.

And Charlie agreed to help him build it for free without even thinking about it.

This generosity moved Hamid even more. So, he held Charlie's hand and said firmly:

"Brother Wade, Allah above is my witness, in the Middle East in the future,"

"If you need me to do anything, just say a word, and I will risk my life. And I must go all out!"

Charlie nodded and smiled, and said, "With your words, my brother, our efforts are worth it."

For Charlie, Hamid is a friend, but also a comrade-in-arms.

As long as Hamid can firmly stand friendly with himself, He can continue to maintain the tripartite balance in Syria, Which will be of great benefit to the stable development of the Dragon Hall.

Therefore, in order to prevent Hamid from stretching his hips too much in this three-party balanced situation, He needs to be given the assistance he needs, And the assistance he does not even dare to think about must be given.

Therefore, he said to Wesley: "Wesley, after the first phase of our project is completed,"

"We will first design an upgrade plan for Commander Hamid's base,"

"And then start the first phase of the project at his base."

"All the costs will be borne by Dragon Hall."

Wesley said without hesitation: "Okay, Mr. Wade, I understand."

Charlie nodded slightly, and said to Hamid: "Brother, this time I can't stay here for too long,"

"I'm going back in a few hours, there are still a lot of things to deal with here,"

"So I won't talk to you about the past,"

"When I come next time, let's find time to get together again."

Hamid was a little bit reluctant he said: "Brother Wade, you came all the way,"

"And you only stay for a few hours? At least give me one day to come to your brother's place,"

"To take a look and inspect the inspection work. There are great changes in our place now. Thanks to you!"

Charlie said with a smile: "I will definitely visit next time, this time I really can't spare extra time."

Seeing this, Hamid nodded and said: "Okay, since you are in a hurry,"

"Then your brother won't waste your time, you get busy first, let's get together next time."

Then, he pointed to his overalls and said,

"I'm going to change my clothes, and I'll go back first after changing."

"Okay" Charlie nodded, shook hands with him again, and said, "Then see you!"

Hamid said very simply: "Okay, bro, go get busy, don't worry about me Alright."

The two waved goodbye, and Charlie and Wesley walked into the main building in the core area of the base.

Walking into the building, Charlie said to Wesley:

"Wesley, arrange a conference room with the highest level of confidentiality,"

"Call Inspector Li, May 47, and the seven cavalry guards you brought back, Also bring them here."

"Okay, Mr. Wade!" Wesley immediately took Charlie to a windowless meeting room,"

"And then asked Jack and May 47 to come over first.

Jack didn't expect Charlie to come to Syria, and asked in surprise, "Master Wade, why did you come here in person?"

Charlie smiled slightly and said, "Inspector Li, I just came over from Norway, And I brought some members of the mysterious organization over."

"This time there are more people, and they are not dead, they are one level higher than dead men."

"It's not dead men," Jack asked in surprise:

"What level is that? What is the responsibility in the organization?"

Charlie explained: "They are called Cavalry Guards internally, And they are responsible for guarding the dead."

May 47, who was sitting in a wheelchair, After listening, he was surprised and said, "Cavalry Guards? Is it the Cavalry Guards who are in charge of guarding us?"

Charlie shook his head and said, "According to Inspector Li's analysis,"

"Your station should be near Sri Lanka, but these Cavalry Guards' station is in Cyprus,"

"Thousands of kilometers away, and the Persian Gulf and the entire Middle East are separated in the middle."

"Cyprus?!" Jack exclaimed after hearing this:

"Master Wade, Cyprus is to the west of Syria, the closest to Syria."

"The coastline is less than 200 kilometers."

"Yes." Charlie nodded and said, "Their base is a copper mine in the coastal area of Cyprus,"

"And it is said that there is also a copper smelter in Turkey."

"The ores produced by the copper mine are basically exported to copper smelters in Turkey,"

"And a closed loop is formed inside, making it even more difficult for the outside world to pry into the secrets."

## Chapter 4968

Wesley said a little excitedly: "Mr. Wade since we are so close,"

"Why don't you make a good plan, and all the members of the Halls will be dispatched to wipe out their residence!"

Ever since Charlie extrajudicially spared his life,

He was able to preserve even his parents' bones.

After his cultivation was blessed by misfortune and stepped into the darkness,

Wesley couldn't wait to make contributions to Charlie.

As a person, he didn't have too many twists and turns in his stomach.

If you owe someone, you will think about giving it back.

If you owe someone a favor, you will also think about repaying it.

Originally, he thought that Charlie would be lenient to him and incorporated the entire Dragon Hall,

So he would squeeze the value of the Hall as much as possible,

And even make the entire Hall have to work for it.

However, he never dreamed that after Charlie incorporated Dragon Hall,

Not only did the members of Dragon Hall seldom take risks for him,

But he even continued to send various resources and help to the organization.

Moreover, its handwriting is only big, completely beyond Wesley's imagination.

Among other things, the base in front of him is Wesley's biggest dream for many years.

However, although he has been in a war-torn country for many years,

He has never found a chance to get the local officials to allow Dragon Hall to the station in its territory.

But Charlie did it easily.

In addition, he also helped Dragon Hall to open up armed escort and armed security,

Two clean businesses with high returns, low risks, and completely legal.

Not only that, but he also continues to provide financial support.

With the current scale alone, in the next ten or twenty years,

Dragon Hall will not be able to spend all the flowers lying around.

Therefore, during this period of time, Wesley's desire to contribute to Charlie has become even more urgent.

He originally thought that the kindness he and Dragon Hall owed Charlie was immeasurable,

But who would have thought that Charlie in Mexico poured everyone a cup of celebration wine,

Which actually improved everyone's cultivation base!

Ever since he came back from Mexico, Wesley really dreamed of charging into the battle for Charlie and killing the enemy before the battle.

So, after hearing from him that he had mastered the exact address of a mysterious organization's residence,

He couldn't wait to unplug this residence for Charlie!

But Charlie waved his hand at this time, and said seriously:

"A copper mine guarded by hundreds of cavalry guards may have a very strong defense force,"

"Not to mention the intricate underground fortifications. If you go in rashly, you will definitely be caught by the other party."

"In this case, it is almost impossible for us to wipe out the opponent without revealing any clues,"

"And there are thousands of dead men and relatives of thousands of dead men inside."

"Next, it is also a big hidden danger."

May 47 on the side also nodded and said: "Mr. Wade is right, the dead man and their family members have to take the antidote of the organization regularly,"

"So even if they hate the organization for generations,"

"Once the organization encounters trouble, they will still subconsciously go up and do their best;"

As he said, he said again: "For the dead, the organization will give us the antidote only if we work hard for the organization,"

"Otherwise once the organization finds out that we are not loyal enough, we will be punished."

"They will kill our relatives first, and let us see them killed with our own eyes,"

"And then publicly execute us as a punishment;"

"Only if you try your best, you will have a chance to survive, even if you die, your family will be treated kindly."

“So, if Master Drake intends to attack this garrison, these dead men will resist desperately at the first moment.”

Hearing this, Wesley realized how impulsive he was just now.

Embarrassed, he said to Charlie very apologetically: “I’m sorry, Mr. Wade,”

“It’s your subordinates who didn’t think carefully, please forgive me!”

“You were not there at the time, so it is understandable that you do not know the actual situation of these dead men.”

He said, “Bring those seven guards here and let them introduce themselves to us.

Check out the situation at the station.”

“Your orders!”

Soon, seven Cavalry Guards were brought in.

These seven people have been very anxious since the journey because they knew very well that the poison in their bodies would explode in six days,

And if they didn’t get the antidote within six days, all of them would die.

However, Charlie promised to detoxify their bodies at the beginning But before they saw Charlie again, Wesley took them to Syria, so they felt even more uneasy.

The moment they walked into this conference room and saw Charlie, the seven talents finally seemed to see a savior.

So, after seeing Charlie, the leader immediately said excitedly: “Sir... you are also here!”

Charlie nodded slightly, pointed to a row of empty seats in front of him And smiled as he said: “Sit down first, there are some situations that I need to understand with you in depth.”

“No problem!” The man quickly agreed, but his expression was still a little uneasy.

He was afraid that Charlie didn’t intend to detoxify them at all But first squeezed out all the information they knew in the past few days,And then left them to fend for themselves.

Charlie could also see the worry and apprehension in their expressions,So he smiled slightly, went up and patted their shoulders one by one, and then said,“Are you worried that I won’t detoxify you as I promised?”

Seven People looked at each other in blank dismay, but no one dared to answer.

The leader mustered up his courage and nodded, And only then did the others dare to nod slightly along with him.

Charlie smiled playfully, and said, "It's normal to be worried, but don't worry now, the poison in your body has been cured!"

Chapter 4969

For these Cavalry guards, the poison in their bodies is a shackle that imprisons them for a lifetime and can never be broken.

But for Charlie, it only takes a little spiritual energy to completely remove the poison in their bodies.

Therefore, when he patted their shoulders one by one just now,

He had already used spiritual energy to remove the poison from their bodies one by one.

At this time, the seven people heard Charlie say that the poison in their bodies had been cured.

They were surprised at first, and then they closed their eyes and felt it carefully.

Sure enough, the power that had gathered in the dantian before was gone!

The poison in their body is not an ordinary highly toxic substance,

But the energy cannot be controlled by the body.

This energy is like a time bomb in their body, counting down on a cycle of seven days.

Once the seven days are up, this energy will completely destroy their meridians and internal organs.

And the so-called antidote is not able to remove the toxin,

But just taking it once can reset the countdown time of the seven days.

It is precisely because of this that they can clearly feel at this moment,

That the toxin in their bodies has completely disappeared.

This made several people look shocked for a moment.

They really couldn't figure out when the toxin that they could feel just now disappeared at this moment.

The head's mind turned relatively quickly.

He remembered that Charlie had patted him on the shoulder just now, so he asked subconsciously:

"Could it be... Could it be that you patted us just now,"

"And you helped us cure the poison?"

Charlie nodded slightly.

The man asked in amazement: "There is no cure for this kind of poison, you... how did you do it?!"

Charlie said with a smile: "The reason why there is no cure is that the poison left in your body is not a real poison,"

"But an energy that you cannot control, since you cannot control it, you must be controlled by it."

The expressions of the seven people were both surprised and happy,

And at the same time, they were more in awe of Charlie.

Although his words were few, they revealed a hierarchical relationship.

The strength of these Cavalry guards is weaker than the energy in their bodies,

That has been controlling them, and this energy is weaker than Charlie's strength.

Therefore, for them, Charlie is the most powerful ceiling in all their cognition at this stage.

The leader stood up from the chair, took a step back,

Walked around the chair, knelt down on one knee in front of Charlie, and said respectfully:

"Thank you for saving my life, sir!"

The other six people immediately got up, backed up, and got down Kneeling, and said in unison:

“Thank you, sir, for saving our lives.”

Charlie nodded slightly, and said to several people:

“Sit down and talk about your understanding of the organization,”

“And see if you can provide some valuable information.”

The man immediately nodded and said: “Don’t worry, for everything I know I will talk endlessly!”

Charlie looked at Jack and said, “Inspector Li, do you have any questions?”

Jack said without hesitation: “I have a lot of questions.”

Charlie nodded: “Then you can ask.”

“Okay.” Jack immediately picked up his notepad, And he had already listed the conversations Charlie had with several people just now.

There is a question that he wants to know.

The first few questions were actually asked by Charlie when he was in Bergen.

Such as their identities, intelligence, the location of the resident, and some specific information about the resident.

These seven people naturally said everything they knew in one go.

Jack listened carefully, and after they finished introducing the basic situation, He asked, “What is the organizational structure in Cyprus, you knights?”

The leader explained: “There are two hundred and seventy-one Cavalry guards, divided into three banners,”

“Left, middle, and right, with ninety people in each banner,”

“And three battalions in each banner, thirty people in each battalion.”

“Each battalion is divided into three teams, each team has ten people, and there is a commander.”

“Below are the banner commanders of the three banners, the battalion commanders of the nine battalions,”

“And the captains of the twenty-seven teams. The battalion commander of the first battalion of Commander.”

He continued to introduce: “Besides, there is a Commissioner and five personal guards next to the Commissioner, but there is another. He is a member of the system, and his status is much higher than ours.”

Jack asked him: “What is the official position of the Commissioner?”

The man replied: “Commissioner is the highest commander of the entire station,”

“In charge of all the people in the station. The power of life and death.”

Jack frowned and asked: “Commissioner, Commander, Cavalry guards,”

“These functional titles of yours seem to be very old, what is their origin?”

The man explained: “They all come from the Ming Dynasty military system of China.”

Jack blurted out: “This organization of yours has continued from the Ming Dynasty to today, right?”

## Chapter 4970

The man said: “To tell you the truth, only the dead soldiers who were manipulated and enslaved can be traced back.”

“It has a history of at least 300 years, so the time when the organization was founded is likely to be during the Ming Dynasty,”

“But I am only speculating on this, and I am not too clear about the specific situation.”

Jack couldn't help taking a breath, and then he settled down and asked again:

“Then do you have the identity information of this Commissioner?”

“No.” The man shook his head and said: “The internal structure of the garrison is extremely strict.”

“But it is still the object of the organization's enslavement,”

“And everything is done according to orders every day, and I don't know the specific identity of the Commissioner.”

Jack pursed his lips, and asked: "If we divide according to strength,"

"Commissioner, Commissioner: Which group is the most powerful, the bodyguards, the Cavalry guards, and the dead soldiers?"

The man thought for a while, and said: "We have never seen Commissioner and his personal guards attack,"

"But our strength is generally stronger than that of the dead because we stand out from the dead."

Jack asked: "Do you Cavalry guards often perform missions?"

The man replied: "The Cavalry guards only perform emergency missions."

Then, he further introduced: "Normal missions are usually performed by dead men,"

"And we will select them in advance. The dead soldiers who performed the mission,"

"And then put them into a deep coma before they set off,"

"And then hand them over to the postman to transport them to the place where the mission was performed."

"We Cavalry guards will be in charge."

Jack asked again: "Then please describe to me all the details of the mission you received this time."

The man thought for a while and said in a straightforward manner:

"Temporary mission was received only hours ago, the Commissioner gave the commander the pictures of eight Nordic people,"

"And the commander selected seven of us according to the physical characteristics of the eight people in the photos."

"After makeup in the copper mine, He led the team and we flew to Bergen."

Jack suddenly felt a little tricky.

He said to Charlie: "Master Wade, the structure of this organization is strict, and the information isolation between each layer is very good."

“Even for a Cavalry guard, all the inside information he knows is limited to their station to station.”

“Some deceptive business, but almost nothing else, so if you look at it this way,”

“If you want to know more in-depth information, you have to find the Commissioner.”

Charlie nodded, and said: “The Commissioner may not know how much valuable information.”

Jack suddenly remembered something, and quickly asked Charlie:

“Master Wade, you just said that the poison in their bodies needs to be taken regularly to delay the onset, right?”

Charlie nodded slightly: “That’s right.”

Jack asked May 47: “May 47, you dead men living near Sri Lanka also need to take medicine regularly, right?”

May 47 nodded truthfully and said: “Yes, Inspector Li.”

Jack then looked at the commander of Cavalry guards and asked him:

“How do you get the medicine you take every week?”

“There are a large number of them in the copper mine. Is it a reserve, or will someone come to deliver it every once in a while?”

The man hurriedly said: “The medicine is delivered regularly, and it is all transported by the freighter between us and Turkey,”

“And the large number of supplies we need are also delivered through the channel of the freighter.”

Jack nodded and murmured: “In other words, if there is a way to cut off the supply of antidote,”

“Then all the dead soldiers and all the Cavalry guards in the entire station will not survive seven days. Right?”

The man’s back turned cold, and he said subconsciously:

“In theory, this is the case, but you can’t do this!”

Jack looked at him, and said lightly: "I just raised this possibility."

Said After that, he looked at Charlie and said seriously:

"Master Wade, if you want to get rid of this station, it is definitely a good way to cut off the supply of antidote,"

"And once the supply of antidote is successfully cut off, you can enter the In a state of encircling a point to fight for aid,"

"It is like a sniper on the battlefield, instead of killing the wounded,"

"He uses the wounded to attract rescuers from the other side,"

"And then kill all the people who come to rescue one by one."

Wesley heard this, and couldn't help but excitedly said: "Waiting for help! Inspector Li's method is great!"

After that, he quickly said to Charlie:

"Mr. Wade, there is a seven-day deadline, and after those seven days, the station may disappear by itself."

May 47 said in horror, "Mr. Wade, think twice! Once this is done,"

"Thousands of dead men and their families may die without burial. This is the land of the organization!"

"Yes..." the commander Cavalry guards also said in a panic:

"Most of the dead soldiers and Cavalry guards are forced to work for the organization,"

"If their antidote supply is really broken, none of them will survive, this... this is... too cruel for them..."

After finishing speaking, he looked at Charlie and begged:

"Sir, please see that we are all forced to do nothing, please give us, our relatives and friends a way to survive..."

Charlie didn't speak, and after thinking for a while,

He opened his mouth and said: "Although the method of cutting off the antidote is useful,"

“It is really not humane. Once it succeeds, thousands of lives will cease to exist.”

Speaking of this, Charlie suddenly looked at May 47 and these Cavalry guards, he asked seriously:

“If one day, you find that after you take the antidote given by the organization,”

“The poison in your body is not delayed, but suddenly completely eliminated. What would your reaction be?”
