

Chapter 4269

Charlie's words made Floyd and Roger's faces pale.

They have long vaguely guessed that Patrick is likely to run into a big trouble,

But their knowledge is limited, in a short time they did not find out,

What did Patrick do that actually made the gods outraged?

And listening to Charlie's angry rebuke, it seems that Patrick still has a lot of life cases on his hands,

Which instantly made the two people terrified.

Floyd hurriedly spoke: "Mr. Wade Patrick's affairs, I really know very little,"

"The things you say, I have never heard of And And"

Floyd said, subconsciously glanced at his son Roger beside him, torn for a moment,

Then decide to pour the pot, said seriously: "And This Patrick grew up not under my discipline,"

"I have not been much involved in his growth and training, it is my son Roger's education and training"

Roger heard these words, his scared body shivered, he was dreaming,

The old man is still remembering the noon meal revenge,

Until now he did not forget to dump the pot on him.

So, he could only say with trepidation: "Mr. Wade, I'm not going to lie to you,"

"I've been lacking sufficient concern for Patrick's growth, the boy grew up in an aristocratic school,"

"And has been boarding at school since he was 12 or 13 years old,"

"He has rarely come home, and his mother has always been arrogant towards him, lacking discipline"

Wife of Roger also panicked at this point and said offhandedly,

“Roger! At this time you still want to drag me down with you?”

Roger hurriedly said, “No, no, I didn’t mean that, what I meant was

“We both We are really negligent in disciplining our children

Charlie saw this family dumping the burden on each other, sneered:

“Since your family generations like to shirk responsibility,”

“Then I will find another person over,”

“To see if he is also like you guys and have no responsibility!”

After saying that, he looked at Wesley and spoke, “Wesley, bring the person in.”

“As you command!” Wesley turned around and went out,

And soon, he came with three people in stride.

When the Joules family saw the three people,

Each of their expressions was extremely shocked.

Especially Floyd, his legs were weak and trembling in fear,

As if he was a mouse that had seen a cat.

These three people were Ferdie, the old man of the Joules family,

Micheala, the eldest lady of the Joules family,

and Flint Yeager, the personal bodyguard of the old man!

Although Ferdie had been sitting in the helicopter,

His mood had already been a bit excited to press on.

He finally realized why he and his granddaughter had been called back to New York urgently from the Indian Ocean.

It turned out that it was his own son and grandson,

Who had caused big trouble and offended Charlie here!

And this is simply a heavenly opportunity for him.

Previously, he thought that he had no chance to turn over a new leaf in his life,

And he had no chance to get revenge for being driven out of office,

By his own son and landed in a foreign country.

Therefore, at this moment, his heart was incomparably excited.

And when he saw Floyd, his excitement was replaced by monstrous anger!

He stared at Floyd with his eyes firmly fixed on him and angrily rebuked out of his mouth,

“You beast! I have given you life and let you enjoy all the glory and wealth in your life!”

“How dare you usurp my power and want my life!”

Floyd was shivering with fear and stammered, “Dad Dad, you misunderstood Dad

“I don’t want to usurp your power, nor do I want your life,”

“I just want the Joules family to develop steadily, you had to spend 200 billion dollars on medicine at once,”

“This was really a huge burden for the Joules family

Chapter 4270

“Burden?!” Ferdie pointed at him angrily and questioned,

“The whole Joules family is what it is because of me,”

“And the assets of the Joules family, I earned them all!”

“Now that I’m old, I need to spend some of my earned money to renew my life,”

“And you, as a son, are not happy about it?”

Floyd explained in a panic: “Dad I’m not unhappy I just

“I just don’t want you to be cheated You said you wanted to buy some kind of rejuvenation pills,”

“That stuff sounds like a scam, how can it be worth so much money

“You idiot sgum!” Ferdie gritted his teeth and cursed,

“Floyd, do you know who the owner of the Rejuvenation Pill is? It’s Mr. Wade!”

When Floyd heard this, he was scared out of his wits!

Never thought that the Rejuvenation Pill would be Charlie’s!

Wasn’t this the same as scolding Charlie?

Thinking of this, he hurriedly knelt down on the ground and slapped himself while saying to Charlie:

“Mr. Wade, I’m sorry, I didn’t know that the Rejuvenation Pill was yours

“If I had known it was yours, I would have let my father pay for it without saying a word

Charlie looked at him with cold eyes: “Don’t talk, keep smoking!”

Floyd how dare continue his nonsense can only keep slapping himself.

The side of the Ferdie sneered, secretly thinking:

“This ba5tard unfilial son this time offended Charlie too much,”

“So it seems, the Joules family is getting back to my hands!”

By this time, Floyd had already swollen his cheeks, blackened and purple,

But Charlie still had no intention to let him stop, he could only look at Ferdie, begging:

“Dad You plead with Mr. Wade, Dad

Ferdie saw his son in such a state, not only did not have half a heartache,

But instead, the anger and hatred in his heart surged to the extreme,

He pointed at Floyd and said in a cold voice:

“You still have the face to call me dad? I tell you, Floyd,”

“After this matter, you and I are not related anymore!”

Charlie said coldly at this time: “Old man, don’t rush to say harsh words first,”

“Your Joules family’s children and grandchildren, one by one have gotten vile and nasty,”

“You as the old man, also have the sin of not teaching!”

Ferdie was stunned by Charlie’s tone and asked respectfully,

“Mr. Wade, I don’t know where these ba5tards of my family have offended you,”

“Please explain! I will definitely deal with it impartially and never condone it!”

Micheala, who has not spoken, heard this, the deep inside could not help but sigh:

“Grandpa ah You are too eager to behave

“Mr. Wade has not yet asked you to become the head of the Joules family again,”

“You are now in front of Mr. Wade, playing this kind of word games,”

“It will certainly not have a positive effect

As expected by Micheala, Charlie heard this, frowned, and asked Ferdie back,

“You handle it impartially? Did I say to give you this right?”

“Don’t forget, you are no longer the head of the Joules family!”

After saying that, Charlie raised his finger and pointed at Floyd, and said indifferently,

“You should know that the current head of the Joules family is him!”

Ferdie's heart stuttered.

He originally thought that Charlie would definitely help him restore the Joules family's headship for him today,

But he did not expect that he would accidentally turn a coincidence into a botch,

And instead, he had lifted a stone and smashed his own feet.

So, he hurriedly said with fear and trepidation,

"Mr. Wade, you are right, I have been abrupt."

After that, he hurriedly added: "Mr. Wade, if the son or a grandson of the Joules family has done something wrong,"

"Or has offended you, you can punish him! If my son made a mistake,"

"I, as a father, am guilty of not teaching, if my grandson made a mistake, his father and I, as a grandfather,"

"I am guilty of not teaching, the entire Joules family, anyone who did something wrong,"

"I have an unshirkable responsibility! I am willing to accept all your punishment!"

Chapter 4271

Hearing this, Charlie nodded in satisfaction and spoke,

"Good! Since you said so, then I will show you something, and after you finish reading it,"

"I would like to hear your advice and see how you plan to handle it!"

At this moment, Ferdie hurriedly bowed and bowed with both hands closed and said,

"Mr. Wade has orders, I dare not disobey!"

Charlie took out his phone, unlocked the screen, and opened one of the video albums,

Which were all videos related to Patrick and downloaded in advance.

Then, he threw the phone to Ferdie and said in a cold voice:

"You can click on it and see for yourself!"

After that, he pointed to the children and grandchildren of the Joules family behind him and said in a cold voice:

“All those who are over eighteen years old, come forward and watch together;”

“Those who are under eighteen years old, evade immediately!”

Ferdie agreed, and most of the children and grandchildren of the Joules family also hurriedly gathered around,

They are now also eager to know what led this man Charlie to invade the Joules family after all.

Although those under 18 years old also want to find out,

But at this time dare not come forward, can only honestly retreat to the end of the hall.

On the phone, each video is just a thumbnail the size of a fingernail,

Plus there is a play button in the middle, so they can not see what these videos are all about.

Ferdie then did not think much about it, directly clicked on the first video.

The moment the video popped up, immediately from the phone came a girl screaming like in crazy pain,

In addition to the sound of Patrick's perverted laughter.

Joules family saw the video on the phone, one by one, the face out of shock and got pale,

A few young people can not even control dry vomiting up.

Ferdie is also scared out of his mind at this time, the phone, he almost failed to hold,

Micheala immediately turned her face away, her eyes also instantly became red.

Floyd, Roger, as well as a group of middle-aged,

And elderly members of the Joules family, each of them were terrified.

Floyd's wife, also Patrick's grandmother, only looked for a few seconds,

Immediately fell down with weak legs, thanks to the daughter to who gave a helping,

Otherwise she could have fell back, her head hitting the ground.

Roger's wife, that is, Patrick's mother, only looked for a while to cover her eyes and cried:

"This This is not true That person is not Patrick"

"Patrick could not have done such a devilish thing"

Roger also broke down, and while shedding tears, he muttered,

"Why This is why Why did this son of a b!tch do such a tragic and inhumane thing"

Floyd's blood pressure spiked wildly and he mumbled, "Ba5tard What a beast"

After saying that, no longer dare to continue watching, can only turn his faces to the side.

The video ran on the screen for less than thirty seconds,

These middle-aged people also turned their faces away from watching.

Ferdie has been staring at the phone screen,

Only to feel the heartbeat speed all the way wildly, shocked the entire chest cavity followed by pain.

Less than a minute, he could not hold on any longer,

Could only lock the phone screen, choked:

"Mr. Wade I really can't look at it anymore"

Charlie said in a cold voice: "There are many more videos like this,"

"At least dozens of them, each with a different girl as the victim."

Ferdie muttered under his breath, "Family misfortune! Family misfortune!"

"Mr. Wade, I really didn't expect that such a scum would come out of my Joules family!"

“What an outrage to the gods and the people!”

Charlie looked at him and gave a cold laugh, then turned to Floyd and asked indifferently,

“Come, the current Joules family head, tell me, as the family head, how do you plan to handle this matter?”

Floyd was a little hesitant all of a sudden.

He didn't know what to say.

If he goes heavily, that this scum should be broken into pieces,

It was his own grandson after all, how could he do such things?

Chapter 4272

But if he goes light, and this beast's actions do not match,

Then Charlie will certainly blame them again

And he did not dare to say that all this to the law to get a fair trial,

A fair trial although certainly to protect Patrick's dog's life,

But along with it, is bound to be all his doings completely exposed.

At that time, the Joules family's reputation is bound to fall,

Becoming the object of everyone's shouting in the whole country

Therefore, for Floyd, no matter how to choose, there is an unbearable price

Charlie saw him hesitate and said in a cold voice: “Since you can't say it, then don't say it.”

Then, he looked at Ferdie and coldly asked, “You are the last Joules family head,”

“Also considered experienced, I ask you, do you think this matter, how should be disposed of?”

Ferdie was also in a dilemma at this time.

He and Floyd's thoughts were basically the same.

Patrick could not be killed, nor could he be forgiven lightly, and at the same time, he could not make it public.

For the reputation of the Joules family, he valued it more than anyone else,

After all, this family is his single-handedly raised, he gave all his heart and soul.

So, after thinking about it, he could only say:

“Mr. Wade, such a beast came out of my Joules family,”

“It is indeed the family’s misfortune

“I would like to take out ten billion dollars to compensate the families of all the victims,”

“As for that beast, I will let Master Yeager personally break his legs and hands,”

“And lock him up at home for the rest of his life, so that he can be raised as a dog,”

“So that he can never leave the Joules family half a step in his life

Charlie sneered: “What, you still want to keep him alive?”

When Ferdie saw Charlie’s playful face, his heart suddenly panicked!

He suddenly realized that he had made an extremely serious mistake.

He couldn’t help but sigh inwardly with remorse, “I’m really stupid

“The fact that Charlie made such a fuss over Patrick is proof enough that,”

“He will never let Patrick have a chance to live,”

“He will definitely kill him and eliminate the harm for the people,”

“But I actually wanted to save that beast’s life just now, how stupid!”

“Charlie just deliberately asked me how to dispose it of,”

“It is certainly to give me a chance, to see how I state,”

“But my answer just now, must have made him extremely dissatisfied

Thinking of this, he suddenly panicked inside, and immediately said:

“Mr. Wade, I have carefully considered, Patrick this beast has done too much evil, heaven forbid!”

“If he does not die, sorry for those innocent girls who died in his hands!”

“Therefore, I think that he should be allowed to die to thank for his crime!”

When Ferdie said this, Roger immediately became anxious and yelled,

“What are you talking about, you old man? Patrick is your great-grandson!”

“And is the eldest son of your eldest grandson in lineage!”

“When you die in the future, he will be the one to beat the streamers for you!”

“How dare you ask him to die as an atonement for his sins... What are your intentions?”

Naturally, Roger was most concerned about Patrick’s life and death,

Because that was his son after all. Hearing these words from Elder Joules,

He was so irritated in his heart that he had already lost his senses.

But his father, Floyd, did not think so.

Floyd also figured out Charlie’s intention in doing so.

He knew that Charlie would not let go of Patrick, had already made up his mind to kill him,

The reason why he asked the Joules family, is only to kill to kill the heart!

At this time, the safety of the Joules family is in question,

If still want to protect Patrick, it is too naive!

So, he hurriedly and respectfully said to Charlie: “Mr. Wade, I think

“You don’t need to think!” Charlie did not wait for him to finish,

Directly interrupted him and said in a cold voice:

“One person has a chance to express his opinion, and your opinion has already been expressed.”

After saying that, he looked at Micheala and asked indifferently, “Miss Joules, what do you think?”

Chapter 4273

“I?”

Michaela Joules never thought that Charlie would let her express her opinion at such a time.

She is very aware of her status in the Joules family, not to mention Roger, Floyd, even Patrick.

Don't look at her grandfather's love for her, but when it comes time to discuss seniority, she can only stand back and step back silently.

Moreover, she didn't see her parents here tonight, so he could guess that her uncle Roger had already expelled his parents from the Joules family. emboldened.

Seeing that she was a little guilty, Charlie said, “Miss Joules, if you have an idea, just say it, and you don't have to be afraid of offending people, I'll call it back for you!”

—

Michaela Joules pursed her lips, feeling a lot more at ease.

With Charlie in charge of her, she immediately gathered up her courage and said loudly, “Mr. Wade, I think the best solution now is to let Patrick pay for what he did!”

Floyd and his wife exploded when they heard this, his wife pointed at Michaela Joules and scolded: “Michaela Joules, you unconscionable little Witch, what our family Patrick says is your nephew, you Have the heart to let him die?”

Floyd also gritted his teeth and scolded: “Michaela Joules, Michaela Joules, you are really a snake and a scorpion! Do you think we drove your parents away, and you will take this opportunity to avenge your personal revenge?”

—

charlie frowned slightly at this time, and said to Abbas: "Abbas, these two chatter are very annoying,

Abbas didn't say a word, he stepped forward quickly, slapped Floyd upside down with a slap, and then slapped his wife in the face again, slapped the man several times in a row. , fainted on the spot.

At this time, Charlie looked at Michaela Joules and said, "Go ahead."

Michaela Joules nodded and continued: "On the other hand, we should immediately disclose what he did to the public, and we must not hide it from him!"

When Michaela Joules said this, everyone was stunned!

Roger was shocked, and Ferdie was even more shocked!

They all knew that if this matter was made public, it would be a devastating blow to the entire Joules family.

This is probably going to be one of the biggest scandals of America's top families in this century.

Therefore, both of them stared at Michaela Joules with extremely incredible eyes, wondering why she came up with such a solution to push the entire Joules family into the abyss.

—

However, neither Roger nor Ferdie dared to refute Michaela Joules's words at this time, they could only look at Charlie tremblingly, wanting to know his reaction.

Charlie looked at Ferdie at this time, and said coldly, "Master Joules, now you know the gap between you and Miss Joules?"

When Ferdie heard this, his heart froze.

He also thought that Michaela Joules was deliberately playing a strong man to break his wrist in exchange for Charlie's favor.

He even felt that Michaela Joules was probably trying to take this opportunity to seize the position of the head of the Joules family.

This made him feel a little more angry with Michaela Joules all of a sudden.

Originally, he wanted to take this opportunity to regain power, but he didn't expect that his most trusted granddaughter would jump out at this time to copy himself!

He couldn't help looking at Michaela Joules, his eyes were full of anger and questioning.

Chapter 4274

The first time Michaela Joules saw her grandfather looking at her with such eyes, she was first shocked, and then she understood the reason for her grandfather's eyes.

"It seems... Grandpa must have misunderstood me..."

Thinking of this, Michaela Joules sighed helplessly and said, "Grandpa, the Joules family has no choice now, Patrick caused such a big thing, it's definitely not because he died, the problem can be solved, our Joules family has no choice. We must take enough responsibility, we must make this matter public, apologize to the victims and the public, and at the same time actively pay huge compensation to the families of the victims in exchange for the public's forgiveness..."

Floyd, who was slapped by Abbas, blurted out, "Since it's going to be made public, then Patrick should be handed over to the judicial department and let the federal court try his crimes!"

Roger also came back to his senses and blurted out: "That's right! Michaela Joules! You girl's heart is really poisonous! Not only do you want my grandson's life, but also drag the Joules family into an abyss! Why do you want my grandson Patrick to pay for his life as you said? If you hand him over to the law, he will be sentenced to life imprisonment without parole at most!"

Michaela Joules asked, "Haven't you thought about it, if this plan is really feasible, why doesn't Mr. Wade directly hand over these videos to the American police? Why he need to come to Joules's house and let us say the solution ourselves?"

—

Everyone was startled by her question.

Especially Ferdie, the whole person was instantly enlightened.

Michaela Joules's words made him finally realize the crux of the problem.

He couldn't help singing in his heart: "Why didn't I think of this level... Now that Charlie came to the door, he was definitely not satisfied with solving the problem by ordinary means..."

—

"At a time like this, if you still think about saving the life of this beast, by relying on the American judicial system, it can only be said that the rest of us have not figured out the key to this matter!"

“Since Charlie can come to the door, it means that he must intend to use his means to solve this matter, and judging from his behavior, neither Patrick’s life nor the reputation of the Joules family are irrelevant. It may be saved! He asked everyone to express their opinions, but it was just a test!”

“Patrick committed such a big crime, how can he satisfy Charlie just by paying with his life? The funny thing is, I just thought about using money to suppress everything, which in itself is a provocation to Charlie. How could he allow...”

Thinking of this, he couldn’t help looking at Michaela Joules, thinking to himself: “It seems that Kexin can see the problem more clearly...”

Michaela Joules continued to say at this time: “Everyone... This matter, although the direct fault lies in Patrick alone, have you ever thought about why he can commit so many inhumane crimes and still get away with it? Come on. , don’t you use the Joules family’s powerful resources, funds, and connections to back him up?”

“Otherwise, if he was just an ordinary person, relying on his own abilities, he would have no chance to do so much evil! He might even have been arrested long ago for being exposed!”

“It was the strength and aura of the Joules family that helped him cover up his sins, and allowed him to commit serious crimes again and again, and at the same time get away with impunity!”

“So, from this point of view, the Joules family has an inescapable responsibility for this! Each of our Joules family members also has an inescapable responsibility!”

“It is precisely because of this that at this time, what we really need to do is to look directly at our own mistakes! And take the initiative to disclose all this to all the people!”

—

“Moreover, we have to sincerely apologize and make active compensation! If we can get the people’s understanding of us, that is our luck; if the people are unwilling to understand, we can only bear all the consequences ourselves!”

Chapter 4275

Michaela’s words made each and every member of the Joules family ashamed beyond measure.

These words made them truly realize that they were not innocent, and neither was the Joules family!

They had previously thought of sacrificing Patrick alone to save the reputation of the entire family,

Which was equivalent to shirking their responsibilities in front of Charlie.

Floyd was the first to come back to his senses at this time,

He looked at Charlie and said in horror,

“Mr. Wade the reason why you pushed the kidnapping of Patrick into a global attention hotspot, is

“It is just to make the remainder of the Joules family a defeat?!”

Charlie sneered and spoke, “I just want to make Patrick, as well as the Joules family,”

“Pay the price of coping for this matter!”

“Patrick has done so many evil and things, these things, deserve to be completely exposed.”

After saying that, Charlie looked at Michaela and said with satisfaction,

“Miss Joules, so many people and so many mouths in the Joules family,”

“Only you are the only one who spoke a solution that is truly sincere,”

“What others are thinking in their heads is just how to suppress the matter,”

“And frankly speaking, they just want to shirk their responsibilities.”

Then, he looked around for a long time, staring at the Joules family members, said in a cold voice:

“From the bottom of your bones, you do not have a guilty heart about this matter!”

“How dare you want to rely on money to solve it? I ask you, is money all-powerful?”

None of the Joules family members dared to respond at this moment.

Charlie looked at Ferdie and asked in a cold voice,

“Elder Joules, if I remember correctly, you are already over ninety years old this year, right?”

Ferdie hastily replied with fear and trepidation,

“Yes Mr. Wade, I am ninety-six this year

Charlie nodded and looked at him and asked,

“Ninety-six is already a long life, but you still want to buy the Rejuvenation Pill at such an old age,”

“So you still haven’t lived long enough, right?”

Ferdie said awkwardly, “Yes you are right who does not want to live a long life

“I also really feel that I have not lived long enough

Charlie asked him rhetorically, “Then let me ask you, since you, an old man who is almost 100 years old,”

“Have not lived long enough, then do you think those girls who were killed by Patrick,”

“Who were in their teens and twenties, have they lived long enough?”

Ferdie did not expect that Charlie had actually returned to the topic of those innocent girls,

At this point, he could only stiffen his head and sweat,

“They they certainly did not live long enough

Charlie’s voice raised a few points, and he coldly questioned:

“Then since they did not live enough, you pay the money to bring them back from the dead?”

Ferdie could only say incomparably embarrassed: “Mr. Wade more money can not bring people back to life, but

“If the compensation is enough money, it will definitely give their families a satisfactory solution,”

“And can make their family clothed and fed for life

Charlie snorted and nodded, "Yes, you're right! This is the inherent thinking of you rich people,"

"Killing a person on a whim, or accidentally running over a person,"

"Or killing a person by inadvertent mistake,"

"In the eyes of you rich people, it can all be solved with money."

"Even you can use an excessive, huge amount of money so that the families of the victims,"

"Not only do not hate you in their hearts but also can not help but appreciate you,"

"Even if they go to court, they will also show their understanding of you in front of the judge
....."

Chapter 4276

Speaking here, Charlie emotionally got excited all of a sudden and loudly questioned:

"But! Even if you can use the money to make the victims' families thankful to you,"

"Those victims who died in your hands, it is no longer possible to come back from the dead!"

"They can no longer feel the beauty of the world and live the rest of their lives in a natural way!"

"So, who told you that if you give a sum of money and compensate the families of the victims,"

"The matter will be solved perfectly? Who gave you this blind confidence?"

Ferdie was dumbfounded, and fine beads of sweat had covered his entire forehead by now.

He knew that his reaction just now had inadvertently touched Charlie's scales of rebellion.

So, he hurriedly said respectfully and incomparably, "Sorry Mr. Wade, it was my poor consideration"

Charlie looked at him and said slightly mockingly,

"Old man, your son's usurpation of your power is not his fault alone,"

"Your selfish and self-interested character accounts for at least half of it."

Ferdie cold sweat but did not dare to wipe, could only humbly bow and said,

“Mr. Wade is right in his criticism

Charlie said coldly:“Later I will make all the videos public, at that time, the Joules family had better hold a press conference first,”

“And sincerely apologize to the world, if you handle it well, then I can no longer pursue it after that,”

“But if you do not handle it well, I will definitely kill the head of your Joules family first,”

“And then let the next head continue to handle it.”

“If the next family head does not satisfy me, I will kill him and find the next one,”

“This will continue until this matter is properly resolved!”

When the Joules family heard these words, they all shuddered.

And Charlie didn't pay any more attention to them at this time,

But turned to Wesley and said, “Wesley, bring the people here.”

“Okay, Mr. Wade!” Wesley immediately took out his cell phone and issued an order to his men.

A few minutes later a helicopter landed directly outside the door of the first-floor hall.

A few soldiers from Dragon Hall escorted Patrick, who was wearing only a pair of pants, and Charlson Cox in.

At this moment, the two people had already been tortured to the point of being unrecognizable.

The ears were gone, the body was covered with bruises,

And the spirit was incomparably decrepit, almost half of their lives had been lost.

Patrick was escorted in, as soon as he saw Roger and Floyd,

He immediately howled and cried: “Dad, grandfather, save me ah I’m being tortured to death

Before being beaten to the ground Roger looked at his son’s this miserable state,

In the heart, it is naturally an unconscious surge of heartache.

He subconsciously opened his mouth and called out, “Patrick my son

The words just fell, from the side Floyd slapped him in the face and angrily cursed:

“Ba5tard thing! Still call this beast a son?!”

Roger instantly had a jolt, his expression became frightened and afraid.

Patrick looked at Floyd and said with a shocked face,

“Grandpa you don’t recognize me anymore Grandpa

Floyd roared in anger: “Shut the fcuk up! I do not have a grandson like you!”

“You beastly thing! You have disgraced the entire Joules family!”

Patrick was violently shocked, looked at Charlie, and then at Floyd, muttered,

“Grandpa you you know all about it?!”

Floyd gritted his teeth and cursed, “How did my Joules family produce such a scum like you!”

Patrick panicked, and saw that Ferdie was also here,

And did not care about the shock, and hurriedly cried,

“Grandpa please help me I’m really being tortured to death by them... ..please

Ferdie was even more furious, pointing at his nose and cursing,

“Son of a bltch, you even don’t deserve to die!”

Patrick this time completely panicked, he did not expect that the formerly doting relatives of his own,

Now so indifferent to him, if they are not willing to save him, then will not he only have only one way to die!

Thinking of this, he hurriedly turned around and kneeled down in front of Charlie with a poof,

Crying and saying, "Mr. Wade I know I'm wrong"

"I really know I'm wrong... ..Please spare me this time Mr. Wade"

Charlie ignored him and instead extended his hand to Wesley.

Wesley understands, immediately from the back waist of a soldier pulled out a pistol,

Handed it respectfully handed to Charlie.

Charlie took the gun, put the muzzle against Patrick's head, looked at Roger,

And questioned in a loud voice: "Roger, today I kill your son to remove the harm for the people,"

"And do justice for heaven! Are you convinced about this act being right?"

Chapter 4277

Charlie's words sounded like thunder to every member of the Joules family, deafening them!

Everyone could see that Charlie's face was full of solemnity,

Not at all in a test, much less a joke!

Roger's face was pale and full of tears.

He knew very well that no matter what he said,

It would be impossible to save his son's life.

If he says the wrong thing now, then when his son dies,

His fate will also be too pathetic.

So, he could only touch his head down, not daring to look at Charlie, not to mention not daring to answer.

Charlie did not let him muddle through, but asked in a stern voice:

“Roger Joules! I ask you once again! I am killing your son, are you satisfied?”

Roger was so frightened by Charlie’s words that his body was instantly paralyzed,

He was forced to retreat by Charlie’s aggressive stance, and his heart collapsed,

So he could only kneel on the ground, folded his hands, and kept bowing,

While shouting loudly in despair under his breath, “I submit! I submit!!! I submit!!!”

As soon as Patrick heard this, his whole eyes went black and he almost fainted.

Strong desire to live drove him to stare hard at his father, hissing, and shouting:

“Dad! You have to save me, Dad! You can’t just stand by and watch him kill me, Dad!

Roger turned his face aside and said through clenched teeth,

“All this is what you asked for and I can’t save you “

Patrick shouted out of his mouth: “You can not be so heartless ah Dad!”

“I am the seed of the Joules family, if you guys are watching me get killed,”

“With your own eyes, can you live the rest of your lives in peace?!”

Charlie kicked him in the chest and said in a cold voice:

“If you talk any more nonsense, I guarantee that your life will be worse than death!”

When Patrick heard this, even though his whole body was in severe pain, he didn’t dare to say a word,

The inhuman torture in the past two days was much more horrible than hell to him,

And he had already been terrified to the extreme.

At this time, Charlie asked Roger: “Roger, I ask you again, your son Patrick, should he not die?”

Roger closed his eyes and shouted in despair, “Dmn! Dmn it!!!”

Charlie nodded, again. Looked at Patrick’s grandfather, Floyd,

Looked at him and asked in a cold voice: “Floyd! I kill your grandson, are you satisfied?”

Floyd immediately bowed down, not daring to raise his head,

And said in a loud voice: “Mr. Wade, I am satisfied!”

Charlie frowned and asked, “Are you really satisfied?”

Floyd said repeatedly, “I am really satisfied! I am really satisfied!!!”

Charlie added: “You are the head of the Joules family, ruthless even to your own father,”

“So you say you are satisfied, I do not believe it in my heart for ten thousand times.”

Floyd hurriedly shook his head and said, “Mr. Wade, I swear to God, I am indeed satisfied,”

“If I have the intention to seek revenge on you in the future, I will die without a burial place!”

Floyd was indeed unconvinced, but he also did not dare to seek revenge on Charlie.

His biggest wish now was to continue to sit firmly as the Joules family head,

As for Patrick’s lousy life, he really didn’t care about it at all anymore.

Therefore, he felt that as long as he could keep his position as the family head,

He would definitely not move any revenge against Charlie.

Of course, if he was no longer the Joules family head after tonight,

He would have even less ability to seek revenge on Charlie.

Charlie did not think about Floyd’s oath and continued to ask:

“Then, do you think that your grandson, Patrick, should die?”

“D*mn!” Floyd blurted out without thinking.

Charlie sneered and said indifferently, “I’m not going to look into whether what you said is true or not,”

“After today, if you want to seek revenge on me, I, Charlie, am always ready to accompany you.”

Floyd said with trepidation, “Mr. Wade, I don’t dare! I wouldn’t dare!”

Chapter 4278

Charlie ignored him and turned to look at Ferdie and asked in a loud voice:

“Ferdie! I kill your great-grandson, are you satisfied?”

Ferdie said with fear and trepidation: “Mr. Wade you do justice to the gods,”

“I am not only satisfied but also thank you for removing such a scum for our Joules family!”

Charlie asked again, “Should Patrick die?”

Ferdie arched his hand and said, “Back to Mr. Wade,”

“This kind of beast, not only deserves to die, simply deserves to be broken into pieces!”

“Good!” Charlie nodded, looked around the week, and said in a cold voice:

“Since you all have no opinion, then I will send Patrick on his way!”

When Patrick heard this, he suddenly went crazy and shouted,

“You ba5tards who won’t save me from death! If I die, I won’t spare you in the afterlife!”

Roger, Floyd, Ferdie, all of them did not dare to look at him.

They were all more or less superstitious, afraid that Patrick would really come looking for them for revenge after his death.

At this time, Charlie looked at Patrick and said in a cold voice:

“Patrick, if there are really ghosts in this world, then at this moment,”

"I don't know how many badly treated spirits are waiting for you over there! It's time to send you to meet them!"

Patrick heard this, instantly full of horror, open wide mouth to say something, but not a word could come out.

Because at this moment, Charlie had already pulled the trigger!

Bang, Patrick back head gradually smoked a line, instantly his body fell to the ground, not moving!

In the middle of his forehead, a thumb-thin bullet hole was gushing out red and white stuff!

The Joules family members were all pale and instantly turned their heads away, not daring to look at Patrick even once more.

Roger, Floyd two instant tears, Ferdie also can not help but shed old tears.

After all, it is the son, grandson, great-grandson who has been raised for more than 20 years,

And deep down there is a deep feeling of licking the calf.

Roger rushed to Patrick, held him up with a hand, crying to Charlie said,

"Mr. Wade, can I have someone send Patrick to the funeral home first"

"No!" Charlie said in a cold voice:

"Those girls who were killed by him are dead without a body, and he is not qualified to be buried in the ground."

After saying that, he looked at Wesley and ordered, "Wesley, have someone take this body away,"

"Find a place to cremate it, and dump the ashes directly into the sea."

Wesley immediately said, "Yes, Mr. Wade, your subordinates follow orders!"

Roger was desperate, he wanted to bury Patrick and let him rest in peace,

But he didn't expect that Charlie would not even give him this chance.

However, he also understood that what Charlie said was not false.

The girls who died at the hands of his son had already died without a body,

And at this time, how could he expect his son to be treated better than those innocent girls?

At this time, Charlie looked at Charlson, who was already scared silly, and said in a cold voice:

"And you Charlson Cox, Patrick is already on his way, you also hurry up, run faster on the road to yellow spring,"

"Be a companion to your good brother, and by the way, see if you can catch up with your brother."

Charlson broke down and howled: "Mr. Wade I was instructed by them all ah beg you to spare" "

"Bang!"

Charlie did not wait for Charlson to finish his words, directly shot him in the head!

Immediately after that, Charlson also planted on the ground, not moving, completely dead.

These two scums of the earth finally paid the price with their lives for what they had done!

Charlie expressionlessly handed the gun back to the soldier, then said to Michaela:

"Miss Joules, just now so many people in the Joules family said so many options,"

"Only your option could satisfy me, the back of the matter, you will be the one to preside over the operation."

Michaela nodded gently and said, "Mr. Wade don't worry, I will definitely do what I say and handle it properly."

Charlie pointed at Charlson's corpse and coldly said, "Don't forget to publish all the matters of the Cox family thoroughly as well,"

"I have asked the Wesley to prepare a list,"

“All the people involved in these nasty acts of theirs are basically listed out, you publish them together.”

Michaela said without a second thought, “Okay Mr. Wade, please send me the list, I won’t leave any of them behind.”

Charlie turned to look at Wesley and spoke, “Wesley, give the list to Miss Joules.”

Wesley immediately stepped forward and respectfully said,

“Okay Mr. Wade, your subordinate follows orders!”

Charlie said again, “Right, I have another task for you.”

Wesley busily said, “Please speak!”

Charlie said in a cold voice: “Before dawn, kill all the people on the list and leave no one behind!”

Chapter 4279

In Charlie’s opinion, all scum of the same kind as Patrick must be killed quickly

Otherwise, if they are really handed over to the judiciary to deal with,

Then none of these people will pay the price with their life.

Moreover, with the weaknesses in the judiciary’s law enforcement as well as the underhanded operation,

This group of rich and powerful people, even if they are sentenced to life imprisonment,

They can live in prison with great style.

Therefore, Charlie intends to, let Dragon hall in one breath kill all these people, and no one left behind!

Naturally, Wesley Understood Charlie’s intention and said respectfully,

“Don’t worry, Mr. Wade, I’ve got all the information about these people,

They are basically in New York, I’ll arrange the manpower and start hunting these beasts tonight!”

On the side, Michaela hurriedly asked, "Mr. Wade"

"Then when do you plan to disclose this matter, as well as those video materials?"

Charlie looked out of the window and said, "When the moon is dark and the wind is high and the fire is set,"

"I will have someone upload the video to the Internet later,"

"With the public opinion of Patrick's previous kidnapping, this matter will definitely cause a huge uproar,"

"By then those involved in order to avoid the law will definitely find a way to escape the United States,"

"Just so we can take advantage of this wind to scare them out first,"

"The first thing you can do is to take advantage of this wind to scare them out of the country,"

"And then kill them all." After saying that, he looked at Michaela and instructed,

"The Joules family must come out and make a statement after the matter is exposed,"

"So that people know that you are doing crisis PR only after seeing the matter come to light,"

"Don't let people see that you are prepared in advance,"

"In that case, it is likely to cause you unnecessary trouble."

Michaela nodded solemnly and spoke, "Okay Mr. Wade, I understand!"

Charlie nodded slightly, turned to look at Wesley, and spoke, "Okay Wesley, you don't need to worry about this place,"

"Hurry up and bring people to lay control down, remember not to let any of the beasts escape."

Wesley Said, "Please don't worry, Mr. Wade! I will definitely do this without fail!"

After saying that, Wesley Immediately turned around and walked out quickly.

Tonight, a large group of demons was not destined to see the sun tomorrow morning.

After Wesley left, Charlie looked at the Joules family and asked in a cold voice:

“I’ll let Miss Joules handle this matter fully, do you have any opinions?”

The crowd shook their heads to state their position, no one had any objections.

At this kind of time, they really have no opinion, after all,”

“Whoever comes forward in this matter will become a target, no one wants to take such a thankless task.

However, Ferdie and Floyd, the two people have been constantly speculating about Charlie’s meaning in their hearts.

Up until now, he had not said anything about making Michaela the head of the Joules family.

So far, Floyd was still the rightful Joules family head.

And he himself also wants to hold on to this hard-won position as much as possible,

Because he knows very well that only if he continues to sit down in the position of the family head,

His son Roger will have the opportunity to take over.

And for now, the most worried is the old man Ferdie.

Although he can not directly take back the position of the family head,

But he is after all the owner of most of the assets of the Joules family,

Once he wants to divide the property, then the gold content of his family head will shrink extremely fast.

However, shrinkage is better than no water,

Floyd does not want to end up with a basket of water that is empty.

Therefore, what he fears most is that Charlie suddenly cross fork one,

Otherwise, once he loses the family head position, it is the same as having nothing.

And at this time, Ferdie’s heart is also very apprehensive.

He naturally hopes to regain the position of the family head, stag an absolute reversal.

However, if Charlie does not open his mouth, he really does not have the courage to say this.

Chapter 4280

Therefore, Ferdie has been waiting for Charlie to make a statement,

Otherwise, he is a widowed old man, relying only on the support of his granddaughter,

It is impossible to regain the family head status.

Just when the two of them were having their own thoughts,

Charlie suddenly opened his mouth and said to the two of them,

“You two, one is the current head of the Joules family, and the other is the previous head of the family,”

“Patrick is the one who did so many inhuman and animalistic acts under the eyes of you two,”

“You two heads of the family, also have the responsibility of mismanagement,”

“So I want to know, do you two have now words to say?”

Floyd was startled,. He hurriedly said,

“Mr. Wade, I have become the head of the Joules family for less than half a month,”

“This responsibility, no matter what should not fall on my head, please be clear!”

After that, he looked at Ferdie and said to Charlie,

“Mr. Wade, for the twenty years that Patrick has been alive, ninety-nine percent of the time,”

“My father has been the head of the Joules family, so I cannot be blamed for this matter!”

When Ferdie heard these words, his expression was ugly to the extreme.

His son dumped the pot on him, which of course annoyed him,

And he was also very clear about the meaning of Charlie's words,

The matter of Patrick has not been once or twice but for many years in a row,

For so many years, he has been sitting in the position of the family head,

But did not have a half-awareness of what his great-grandson did, he naturally had an unshirkable responsibility.

So, he could only walk up and said with an arching hand,

"Mr. Wade, Floyd is right, I really can't stop but blame myself for this matter, so please punish me, Mr. Wade!"

Charlie waved his hand: "I will not punish you, after all,"

"You are at this age, even if you killed someone, the court will not sentence you."

Ferdie felt like a great pardon being granted, quickly bowed: "Thank you Mr. Wade for being generous!"

Charlie turned to look at Floyd again and said indifferently,

"Floyd, even if you have only been the head of the family for half a month,"

"You still have to bear the responsibility for half a month,"

"At times like this, it is not a case of dumping the pot,"

"On your old man and you can get out of it smoothly by yourself."

Floyd hurriedly said, "Mr. Wade is right I do have responsibilities"

"Please I ask for my chastisement"

Charlie said blandly: "Like just said, the responsibility of mismanagement,"

"Your family's old man accounted for ninety-nine percent, you accounted for one percent,"

“Ninety-nine percent I do not want to pursue,”

“In your case, one percent, naturally there is nothing to pursue.”

When Floyd heard this, he said with gratitude,

“Thank you, Mr. Wade, thank you! Your great kindness, I will never forget it!”

Charlie said with a nod, “Although I can not pursue the responsibility of the two of you,”

“But in my opinion, the two of you have a stain on the management of the Joules family,”

“After the exposure of this matter, the Joules family badly needs a clean person to come forward,”

“And lead the Joules family out of the gloom, so, from now on,”

“You two, are not suitable to be the Joules family head.”

Hearing these words, the hearts of the two people suddenly thumped.

Who would have thought that one second they would be grateful for Charlie,

And this second, Charlie came straight with such a sentence.

Floyd couldn't help but say offhandedly: “Mr. Wade You just said,”

“My responsibility is only one percent, almost negligible, this should not be considered a stain, right?”

Chapter 4281

Charlie frowned and asked in return, “What? One hundred percent is not a stain?”

“Besides, do you think you only have this one stain?”

“Floyd, don't forget that it was you who took your father's position as the head of the family,”

“And sent people to hunt him down everywhere.”

“Why don't we just expose this matter as well and ask the general public in America what they think?”

“This this

Floyd was speechless for a moment.

If people talk about how he won the family headship,

He can confidently and proudly say that he obtained it through legal means.

In the past and present, all the big things, all pay attention to a division out of the fame,

Even the ten evil invaders, will make up a set of crowning lies, not to mention Floyd.

However, if people know that he hunted his own father all over the world, this is not a masterpiece.

Once this kind of scandal is exposed, it is impossible for him...

To continue sticking to the position of the family head, there is no other choice but to resign.

Thinking of this, he could only make his last effort and said,

“Mr. Wade, however, both my father and I are tainted,”

“And are no longer suitable to be the family head, then why not let my son Roger take over!”

To Floyd, if he had to give up his position as a last resort,

It would definitely be to give it to his son.

However, Charlie refused him without hesitation and said in a cold voice,

“What? The matter of Patrick is just about to be exposed,”

“And you want Patrick’s father to be the head of the family?”

“Do you think that whoever has the biggest stain is suitable to be the head of the family?”

“I this” Floyd was speechless.

Only then did he realize that when Charlie threw out this taint theory,

Not only himself and the old man were rejected, but even his oldest son Roger was also rejected.

He just wanted to propose to his second son along the way,

But at this time, his mind suddenly came back to him:

“Charlie has been going around for half a day, just wanting Michaela to be the head of the Joules family, right?”

“The reason why not explicitly say it, certainly want to engage in a smooth invasion,”

“So that others have nothing to say, if I continue to be hard-headed at this time against,”

“Once this Charlie is pi55ed off, absolutely no good end for me

Thinking of this, he hurriedly said, “Mr. Wade In that case,”

“Then I have a more suitable candidate to suggest

At this time, Floyd’s second son, David, was already excited and unbearably happy.

He felt that he was not tainted in any way,

And since his elder brother could not inherit the family headship,

He just happened to take over and pick up a ready-made one.

And, he also feels that his father will definitely propose himself to Charlie at this time.

Charlie looked at Floyd with interest and asked, “What suitable candidate, tell us.”

No one expected, Floyd at this time hands clasped fist, respectfully said:

“Mr. Wade, I think, at this time the most suitable to take over the family head, is my niece, Michaela

Once these words came out, David’s entire body collapsed and shouted,

“Dad! How can a girl be the head of the Joules family? You’re just old and confused!”

Floyd glared at David and said angrily, “Shut up!”

David was scared by his glare and winced, so he could only shut his mouth with good sense.

Ferdie also did not expect that Floyd would change so quickly,

And directly propose to make his granddaughter Michaela the head of the family.

In his heart, he could not help but think:

“Floyd has seen Charlie’s intention and has started to use the slope to curry favor with him and Michaela

At this time, Charlie looked at Ferdie and asked,

“Elder Joules, what do you think about Floyd’s proposal?”

Ferdie was helpless to the core,

He knew that his wish to take back the family head position today was a complete lost cause.

It seemed that under Charlie’s influence, there was no way for his son Floyd,

To continue to sit on the family head’s seat as well.

This also means that although he didn’t take back the family head position,

Chapter 4282

At least he won’t have to hide from the east and hide from the chase in the future.

Thinking of this, he could only say respectfully,

“Mr. Wade, I also feel that letting Michaela be the family head is the best choice right now.”

Charlie nodded slightly, looked at Michaela, and spoke, “Miss Joules, what do you think?”

Michaela was a little nervous all of a sudden.

She had never actually thought about taking the position of the Joules family’s family head.

After all, the Joules family had never had a woman as the head of the family.

Moreover, her previous thoughts were simple: before her grandfather’s death,

She wanted to fight for her parents and the rest of her own family as much as possible,

So that her family would not suffer ostracism and expulsion after her grandfather left.

In other words, she originally wanted to have a position in the Joules family through her own efforts,

But never wanted to be the top person in the family.

Therefore, she was a bit indecisive for a while, not knowing what to do.

Charlie knew that Michaela was different from Warnia and Helena.

Warnia has no father or mother, and has a deep affection for Elder Song,

While she herself has little ambition, only thinking that she can run the little business of Antique Hall well,

And in the future, when her eldest uncle and cousin succeed to the head of the family,

They will not be interested in this little mess of hers so that she can also have a peaceful life.

The reason why things have changed so drastically is that Charlie's...

Rejuvenation Pill was so tempting to Elder Song that his son and grandson saw Warnia as a thorn in their side.

It could be said that Warnia was pushed all the way by Charlie to the position of the Song family head.

As for Helena, she has always had ambitions and aspirations,

But for a long time, she did not have the opportunity to realize them,

And was even suppressed to the extreme by her sister Olivia,

And it was Charlie who gave her a chance to reverse the trend,

And only then did she rise to the top and turn the tide smoothly.

Michaela, on the other hand, seems to be in between the two of them.

She is not like Warnia, who has no ambition at all,

Nor does she want to be like Helena, who has a strong ambition built up inside her from hatred.

She would prefer the intermediate of both, ambitious but not so big that she wants...

To control the entire Joules family in her own hands.

Ferdie saw that Michaela was a little hesitant, and his heart was not without some tension.

After all, he is experienced and quickly saw the current situation,

Since Charlie does not allow himself to become the head of the Joules family,

Then the best situation is to let Michaela succeed.

Otherwise, for any other person to succeed, he is worried that he will be on his own.

Therefore, he hurriedly said to Michaela:

“Michaela, Mr. Wade is asking you something! Hurry up and answer!”

Michaela came back to her senses and said apprehensively,

“Mr. Wade I am afraid I won't be able to take on such an important role “

Charlie pointed at Floyd and said indifferently,

“He didn't even think he couldn't handle it, what else do you have to worry about?”

Floyd's expression instantly became bitter.

He also knew that although he was dozens of years older than Michaela,

He really couldn't compare to the young Michaela in terms of management ability.

But, being so directly taken up by Charlie to bury, his face was a bit embarrassed.

Charlie saw Michaela still not sure, then opened his mouth and said:

“Miss Joules, with the current situation of the Joules family, only you as the head of the family,”

“You can coordinate everything internally, think about the old man, and then think about your parents and relatives,”

“If you do not sit in the position of the head of the family,”

“What other option do you have to ensure their future life and safety?”

Speaking here, Charlie added:

“If I’m not wrong, your parents are not among the Joules family present tonight, right?”
