

When His Eyes Opened by Simple Silence Chapter 1681

Elliot's face was ashen, his thin lips moved, but he didn't make any sound.

"Except for Rebecca, the other servants of the Jobin family, I have sent someone to inform their relatives that their remains have been taken away by the family." Nick said, "The scene was not cleaned up, you go and have a look first!"

Elliot suddenly remembered a person: "Where's Lorenzo?"

Nick exhaled: "Lorenzo is Kyrie's adopted son, he killed a lot of people for Kyrie...and offended a lot of people. Including the old enemy who attacked this time."

Elliot understood.

What Nick meant was that Lorenzo was also killed.

Nick said, "The second brother and the fourth brother have come back. But they won't take revenge for Kyrie, they are trying to figure out the Jobin family's property. I told them you were coming, so they were honest. No matter where Haze is now, the Jobin family's property belongs to this child."

As long as Haze's body was not found, Elliot could imagine that Rebecca might still be alive.

"No one wants to touch the Jobin family's property." Elliot said coldly, "Haze might still be alive! Even if all the Jobin family's property is donated, it will not be taken away from anyone!"

"I understand you. To bully Haze is to bully you. It's okay to bully outsiders, our brothers can't mess around." Nick opened the car door for him.

After getting in the car, the car drove towards Jobin's house.

In the past few days, the destruction of the Jobin family has become the biggest news topic in Yonroeville.

The Jobin family, once the most brilliant, fell within a year, which makes people sigh!

Everyone sighed that if Kyrie could have more children, he might not have reached this point.

It's a pity that people are already dead, and it's just in vain to say more.

After the accident at Jobin's house, the door was cordoned off, and a special person was on duty 24 hours a day.

Elliot got out of the car, crossed the cordon, and strode inside.

Rebecca's body was placed in an ice coffin. She was wearing the white silk nightdress she wore the night of the accident. The nightdress was stained with blood. He looked closer and he could see several gun holes.

The killer was brutal.

Even if Rebecca deserved to die, she wouldn't let her die so miserably.

Elliot's eyes were scarlet, and he looked away from the ice coffin, looking around the whole house.

The holes left by bullets can be seen almost everywhere.

"These killers brought Gatling, so there are bullets everywhere. I can't imagine the scene that night..." Nick sighed, "It's f*cking scary!"

"Is Haze still alive?" Elliot saw the gun holes and the dark red bloodstains everywhere, and there was a smell of blood in his breath.

At this moment, his heart is very desperate!

Nick lowered his head and took a breath: "Elliot, condolences! It is unlikely that Haze is alive."

"What about her body? I haven't seen her since she was born. Even if I can't raise her, at least let me see her body and let me bury her!" Elliot said.

Nick said, "Elliot, I've seen Haze. Haze is very small. Those killers just threw her wherever. It is impossible for us to find her in the corner. They took Haze's body away, probably because you were afraid that you would see the child's body and seek revenge from them. As long as you can't find Haze's body."

Although Nick said it for this sake, Elliot still didn't want to believe that Haze was dead.

As long as a person's conscience has not been completely wiped out, how can he bear to attack a newborn child?

Furthermore, almost everyone knew that Haze was his daughter.

How dare the murderer?

He must find out the mastermind behind this tragedy!

In the afternoon, Rebecca's body was sent away.

Nick sent someone to clean and disinfect the Jobin family up and down.

Because Elliot decided to live here tonight.

In the evening, the second brother and the fourth brother came over. The fourth brother sat in the living room and talked about it.

"Don't we suspect that the Eagle did it? In the afternoon, the Eagle called me a video and said he didn't do it." The fourth turned on the phone and pulled out a picture. "The Eagle (an enemy of Kyrie) said that his investment in the past two years has failed. On the surface, it seems that He looks good, but he actually owes a lot of debt. He said he didn't have that much money to hire an international killer. This is his asset map sent to me by Eagle."

The second brother and Nick took a look at the picture, and finally was sent to Elliot.

Elliot glanced at the picture, and then asked, "Besides Eagle, who else does Kyrie have enemies with?"

Yonroeville.

Don't look at the fact that Kyrie seems to be in tune with the powerful and powerful in Yonroeville. In fact, many people secretly see him as unhappy, but they want to make money with him, so they endure him."

"But Kyrie is dead, why they want to kill Rebecca? Do they think that if Rebecca is dead, the Jobin family's property can be divided among them?" Elliot questioned.

The second, the third, and the fourth looked at each other, not knowing how to answer.

Because they had no clue, they couldn't guess who had killed Rebecca.

"By the way, Elliot, a driver of the Jobin family, has disappeared." Nick remembered this, so he said, "I didn't know who was in the Jobin family. It was the driver's family early this morning. They said that they saw the Jobin family had an accident on the news, and they couldn't get in touch with the driver, so they came here specially."

"The driver?" Elliot asked cautiously, "Show me the driver's information."

“Let me tell you directly! This driver worked in the Jobin family for two years, and was brought in by the chef who worked in the Jobin family. They are from the same village. The chef was killed, but the driver’s body was not found, maybe he escaped. Because he was young, only 29 years old. He was strong enough.”

Elliot thought of a possibility almost immediately: “Is it possible for him to escape with Haze? “

Nick shook his head: “It’s possible, but I’m not sure. The surveillance inside and outside the house has been destroyed, and no clues can be found at all.”

“Then go to the driver! Just find the driver.” Elliot said.

“Okay, it’s too late today. I’ll send someone to look for her tomorrow. Elliot, let’s go have dinner! As long as Haze is still alive and in Yonroeville, we will definitely be able to find out her whereabouts!” Nick comforted him.

The second brother echoed, “The fourth brother and I will also send someone to help you find Haze. I thought you didn’t have any feelings for this child, but I didn’t expect you to take her so seriously. In that case, when she was born, why don’t you take her away? If she is in Aryadelle, no one will dare to touch her. Your influence in Yonroeville is definitely not as strong as that in Aryadelle.”

Elliot explained the reason, “I didn’t expect Rebecca to die. I thought she would take good care of Haze. You all know my situation, when I came here this time, my wife was angry.”

The three cast pity on Elliot.

“Avery is too ignorant. Rebecca is dead, and she is still stuck with you. Her mind is too small.” The fourth brother complained.

“Elliot, if you find Haze, I’m afraid you won’t be able to raise Haze by your side, right? Avery will definitely not be able to tolerate this child.” The second brother answered.

“Why don’t you raise Haze to me. As long as Haze recognizes me as a godfather.” Nick said righteously.

Elliot: “If I can find Haze, if she is still alive, I will definitely take her back to Aryadelle. Even if Avery doesn’t like Haze, I must keep Haze within my control.”
