

When His Eyes Opened Chapter 2286

Chapter 2286

“Is Siena not here?” Avery saw that Lilly’s face turned red, but she couldn’t get a response, and she felt distressed, “Siena may have gone somewhere else.”

Lilly pouted, very puzzled: “We usually only play here. We won’t run around.”

“Is it possible that Siena is taking a nap?” Avery asked.

“I don’t know either...” Lilly tugged at the hem of her clothes and walked towards the bedroom, “I still have to tell Siena, or she will definitely cry if she can’t find me later. “

“Mmmm. I’ll accompany you to find Siena.” Avery patiently followed Lilly to the place where the girls slept.

It’s a big room with many beds in it.

Avery glanced at the big room. The bed was kept neat and looked clean.

There were no children sleeping on the bed.

Siena was not there.

“Where did Siena go?” Lilly muttered, then turned and ran outside.

A master was standing at the door and stopped Lilly.

“Little Lilly, if you decide to go down the mountain with Aunt Tate, then go down the mountain as soon as possible! Siena already knows that you are going down the mountain, and she is very uncomfortable. Her mother-in-law took her elsewhere, you don’t have to look for her.” The master explained, “You remember, you have to come back often.”

Lilly’s eyes suddenly turned red.

The master was too afraid that Lilly would regret it, and immediately said to Avery: “Miss Tate, take her down the mountain! We will keep in touch at any time.”

“Okay. When I settle Lilly, I will contact you immediately.” Avery held Lilly’s little hand and led her away.

Not far away, Siena watched her good friend being taken away, and tears fell silently.

She wanted to call Lilly's name very much, but the Master told her that Lilly was going down the mountain to get medical treatment.

She couldn't influence Lilly to heal.

.....

Bridgedale.

After Camila Jones and Norah Jones met, they returned home.

Camila was upset. If what Norah said was true, then she would definitely not get a dime of benefits.

She couldn't accept the result.

How could her father be so heartless?

She worked in the MH Medicine, and only got the basic salary every month. Although she had a lot of bonuses at the end of the year, compared with other senior employees of the company, her income had no advantage.

If her father did not give her any property, she would not have to continue to work in the MH medicine.

She felt wronged for herself, and she was not worth it!

After struggling for a while, she endured the anger in her stomach and dialed Emilio's number.

She just needed to call Emilio to test it out.

Emilio took a few seconds to answer the phone.

"Emilio, have you found Dad's body?" Camila asked.

"Not yet. If there is news, I will definitely notify you as soon as possible." Emilio calmly replied.

"Oh... Have you met Dad's lawyer? Emilio, don't take me for a fool, okay? I heard that you met with Dad's lawyer." Camila was so angry because she was so angry Incoherent.

Emilio: "Eldest sister, who did you listen to?"

“Don’t care who I listened to. If you ask me that, you must have really met a lawyer!” Camila took a deep breath, “It’s agreed that tomorrow We met with Dad’s lawyer together, but today you secretly met with the lawyer alone... Do you already know the contents of the will?”

When His Eyes Opened Chapter 2287

Chapter 2287

Emilio: “I don’t know the specific content of the will. Lawyer Lake met with me, just comforted me, and didn’t bring out Dad’s will.”

“Oh... Lawyer Lake must be with you. Did you tell me what you can get?” Camila said in a very sour tone, “I know you will definitely get a lot. Emilio, I just want to know one thing... Did Dad give me a little bit?”

Emilio didn’t want to answer her question.

Emilio: “I don’t know. Eldest sister, when the will is announced, you will naturally know.”

“Haha! Emilio, shouldn’t Dad give you all the inheritance?” Camila asked tentatively, “Do you know who told me this?”

Emilio was silent. He didn’t know who said this to the eldest sister, but he could feel the anger of the eldest sister.

“Forget it, let’s talk about it after seeing the lawyer tomorrow!” Camila hung up the phone. Instead of pinning her hopes on Emilio, it is better to cooperate with Norah.

At least Norah will explain things clearly, and Emilio hides and hides, she’s afraid that even the broth is reluctant to give her a drink.

Aryadelle.

Elliot waited in the restaurant for nearly two hours.

During the period, he called Avery, but Avery didn’t answer.

Elliot called the bodyguard who accompanied Avery up the mountain. The bodyguard said that Avery had entered the temple and had not come out.

The bodyguards couldn’t force their way into the temple, so they had to wait.

Fortunately, after two hours of waiting, Avery finally descended the mountain safely and appeared in front of him.

Elliot was stunned when he saw the little girl beside Avery.

“Elliot, this little girl’s name is Lilly.” Avery explained to Elliot, “She has albinism. I want to take her for treatment.”

Lilly wore a sun hat because she was photophobic and couldn’t bask in the sun.

Her long white hair was tied back, and although she was wearing a hat, it was still very conspicuous.

Elliot had no opinion on Avery’s kindness.

“Hello, Lilly. My name is Elliot Foster, you can just call me Uncle Foster.” Elliot crouched down and greeted Lilly, “Are you hungry? Let’s go eat first! We’ll bring you after dinner. Go to the hospital, okay?”

When Lilly went down the mountain just now, she had heard Avery talk about Elliot and their children.

“Uncle Foster, will I trouble you very much?” Lilly said cautiously and sensible.

“How could it be? You won’t bother us at all.” In order to relax Lilly, Elliot stretched out his big palm to hold her small hand, and led her into the restaurant, “We will eat whatever you like.”

Avery watched them enter the restaurant and breathed a sigh of relief.

“Boss, I didn’t expect Mr. Foster to be so gentle with children.” The bodyguard sighed.

“I’m also a little surprised. I know he won’t object to me helping Lilly, but I didn’t expect him to be so close to Lilly.” Avery said, “Maybe Lilly is more cute!”

“Little Lilly is really cute. This is the first time I have seen a person with albinism. I didn’t even know this disease existed before!” The bodyguard continued to sigh.

“There are many rare diseases in this world that we humans cannot overcome at present. There is still a lot of room for improvement in medicine.” Avery watched Lilly and Elliot sit down in the dining chairs and walked inside, “Let’s go eat first. I’m a little hungry.”

After lunch, they set off for the city.

Little Lilly fell asleep in the car.

“Avery, are you planning to adopt Lilly?” Elliot was embarrassed to discuss this issue in front of Lilly just now.

Avery: "I'm afraid I don't have the energy to take care of her daily life. After all, I already have so many children myself. I plan to ask specialized medical staff to take care of her."

"Well. Where does she live?" Elliot asked, "If not Live in our house, I can arrange another house for her. See where you want to arrange her."

When His Eyes Opened Chapter 2288

Chapter 2288

"Go to the hospital first and check her up. Where does she live? Let's see later!" Avery glanced at Lilly, "Lilly is very good. And I have a special fate with her. Lilly said that there were people before. I wanted to take her away, but she refused. Today she saw me, and she was not so scared."

"Well. If I can help her, it would be very meaningful. It's really not safe for her to stay in that temple..." Elliot looked at her white hair and murmured, "It's like a little angel."

Avery: "Elliot, I thought you wouldn't refuse, but you wouldn't be too enthusiastic. You surprised me."

"Am I so indifferent?" Elliot reflected, "Your impression of me is before I have children, right? After I have children, I have always been kind."

The two bodyguards in the driver's seat and the passenger seat almost couldn't help laughing.

Avery stared at Elliot's 'handsome and kind' face, and looked at it again and again: "I really should refresh my stereotype of you. I'll take you home later. You go home and have a rest. I'll bring Lilly. Go to the hospital."

"Aren't you going to let the child rest for a day?" Elliot felt that there was no need to hurry, "Isn't there no cure for her illness? And as long as she doesn't get sick, she can live a normal life."

Avery hesitated for a moment, decided to adopt Elliot's suggestion: "Then take a rest today and take her to the hospital tomorrow."

Elliot: "We will stay at our house tonight. Layla and Robert will definitely like Lilly when they see her."

"Lilly will like Robert and Layla too." Avery said this with a smile, and the smile on her face suddenly solidified.

Suddenly, she thought of Haze.

How happy would Layla and Robert be if she brought back Haze!

In the afternoon, Robert came home from school.

The little Robert was carrying a schoolbag and, as usual, followed the bodyguard slowly into the living room.

Before Robert could put on his slippers, he was first attracted by the little girl in the living room.

After Lilly came to the house in the afternoon, Mrs. Cooper liked her very much.

Not only did she find Robert's new clothes to put on for her, but she also washed her hair.

After washing Lilly's hair, her hair was draped over her shoulders.

A snow-white hair, elegant and supple, very eye-catching.

Avery took a hair clip from Layla's room to clip Lilly's hair, which was even more beautiful.

Robert was stunned when he saw Little girl.

This little girl with white hair looks like a little princess from a cartoon.

who is she? Why is she in her own home?

"Robert, look! Our family has a new friend." Mrs. Cooper put down Robert's schoolbag and led Robert to Lilly.

After Robert saw Lilly's face clearly, she said in a daze, "Lilly, Lilly?"

Mrs. Cooper heard Robert most recently and heard it most genuinely.

After hearing Robert say the word 'Lilly', Mrs. Cooper was startled at first, then panicked.

"Robert, this is Lilly and she is older than you, you have to call her sister!"

Robert said with an 'oh', "I thought she was my sister!" After saying this, Robert said again. Looking at his parents, he added, "I thought you guys got my sister Haze back!"

Avery gave a knowing blow.

Elliot was in a complicated mood.

Unexpectedly, Robert would think that Lilly is Haze.

“What’s your sister’s name?” Lilly asked Robert.

When His Eyes Opened Chapter 2289

Chapter 2289

Robert looked at Lilly and replied, “My sister’s name is Layla. But I don’t know where she’s going.”

Lilly said ‘oh’: “I also have a younger sister, she is my good friend, her name is Siena.”

Robert looked at the hairpin on Lilly’s head and said, “Your hairpin is my sister’s hairpin. My sister may be angry when she sees you clipping hers!” After a while, he said again, “Next time I’ll buy you a beautiful clip for you, okay?”

Lilly smiled: “Okay. But I don’t have anything for you. I don’t have money.”

“I have money. I have a lot of money. I’ll give you a jar.” Robert said, took Lilly’s hand and went to his room.

The two children quickly developed a friendship without any adult intervention.

Avery was stunned when she watched the two children disappear with a ‘swish’ in front of her.

“Hahaha, Robert is quite good at getting along with girls! You don’t have to worry about his love life in the future.” Mrs. Cooper joked with a smile.

“He doesn’t seem to be so enthusiastic about other little girls, does he?” Elliot said.

He had heard Mrs. Cooper say that Robert had competed with a little girl in the community for toys, but he was not as generous as he is now.

“Yes. Robert is not so generous to other little girls. He is only more generous to the girls he knows.” Mrs. Cooper said, going to see Robert and Lilly, “If you are hungry, Let’s eat first, and I’ll go see the two children.”

“I’ll eat when Layla comes back.” Avery also wanted to see the two children.

Avery and Mrs. Cooper walked towards Robert’s room together.

Before the two of them reached the door of the room, they saw Robert and Lilly walking out of the room happily holding a piggy bank.

“Mom, I gave Lilly my piggy bank.” Robert had at least twenty piggy banks.

These piggy banks were large and small, and they were all used to hold Robert’s lucky money red envelopes.

The piggy bank that Robert was giving was full.

“Then you gave it to Lilly, it belongs to Lilly, but you are not allowed to go back on it!” Avery educated.

“I won’t regret it! I still have so many! If she likes it, I can give her a few more.” Robert said generously.

Lilly knew that the piggy bank contained real money, so she said, “I want only this one. Brother Robert, thank you.”

“No thanks. My father is full of money. My dad will give it to me.” Robert didn’t care to speak.

When Mrs. Cooper heard this, she couldn’t help laughing.

Avery thought it was funny, and felt that her son’s money concept might be spoiled by Elliot.

She turned around silently and went to find Elliot.

Avery: “Elliot, did you tell your son that if he has no money, you will give him money?”

Elliot: “Why do you ask that? Will my son spend money? He has only gone to kindergarten, so he can’t buy anything yet, right? “

Then why did he say that my father would give me such a thing when he had no money?” Avery asked.

Elliot thought for a moment, “When he used to stick to me, he didn’t let me go to work. I said I wanted to go to work to make money, he said why I needed to work to make money, and I said that I would buy milk powder and toys for him to make money from work. Only by working can we make money. , you can only buy things if you make money... I seem to have said that I work to make money for him...”

Avery: “Don’t say such things to my son in the future. I’m really worried about him in the future. I don’t want to make progress, I just want to be old.”

Elliot stretched his brows and laughed lightly: “My son just said it casually. He may not remember it after a while.”

“How can he not remember? Children have a good memory. I told you not to say such things in front of children in the future. You are not allowed to say it again. We must educate them to be independent, confident and self-improvement...” Avery said. When they got here, Robert was in a hurry, and accidentally fell.

Avery heard her son scream, and immediately ran over to help him up from the ground.

When His Eyes Opened Chapter 2290

Chapter 2290

Elliot held back a smile: “Avery, didn’t you mean to let him improve himself? It’s just a fall, let him get up by himself.”

“Is this the same thing?” Avery’s cheeks flushed.

“There is a blanket on the ground. It’s not easy to break the skin, let alone break a bone.” Elliot’s words prevented Avery from going down the steps.

“You know now that I didn’t mean to spoil him, right?” Elliot justified himself, “Sometimes I understand the truth, but it’s another matter in practice.”

Avery glared at Elliot, and Elliot immediately pulled her to the side.

Elliot: “Let’s stop disturbing my son and Lilly. I think they are having a good time.”

Robert’s attention was no longer on his parents.

He took Lilly by the hand and led her towards his toy area: “Little Lilly, let me show you my toys! I have a lot of toys!”

Robert said, pulling Lilly away.

Elliot: “You see, he doesn’t need us at all. When he finds a girlfriend in the future, you will be able to better understand what it means to be a child.”

Avery: “...”

About half an hour later, Layla came back from school.

As soon as Layla entered the door, she saw that her younger brother and Lilly were very engaged in playing.

Mrs. Cooper came over and wanted to introduce Lilly to Layla.

As a result, Layla spoke first: “Wow! Is that my little sister?!”

Layla quickly passed Mrs. Cooper and walked towards Lilly.

“Are you Haze?!”

Lilly immediately looked at Layla when she heard Layla’s voice.

Robert also saw her elder sister: “Sister! She is not Haze, she is Lilly!”

The smile on Layla’s face froze, but her interest continued: “Lilly? Is Lilly your classmate?”

It was the first time Layla saw a kid with white hair in real life.

Adults with gray hair in real life have seen it, but not children.

“Lilly is not my classmate, Lilly is older than me, she was brought back by our parents.” Robert explained to her sister clearly, “Sister, Lilly is wearing your hairpin, don’t blame Lilly, okay? She’s very pitiful...”

Avery was beside Robert, completely unable to speak.

The son’s small mouth was like smeared with honey, and Lilly was well protected.

“Oh... if Lilly likes this hairpin, I will give it to Lilly. I have so many hairpins that I can’t wear it at all.” Layla said, reaching out and touching Lilly’s hair, “Little Lilly, I still have a lot of hairpins in my room, I’ll give you a few more! Can I take you to pick them?”

Little Lilly was flattered.

“Little Lilly, go and pick with Sister Layla! There are so many beautiful hairpins in her. You must be very beautiful wearing them.” Avery encouraged.

“Little Lilly, I’ll take you there!” Robert took Lilly’s hand and took her to his sister’s room.

Layla was stunned: “Robert likes Little Lilly so much?”

“Yeah! He also gave Little Lilly a piggy bank. Before you came back, he played with Little Lilly.” Mrs. Cooper agreed.

“He thinks that Lilly is special!” Layla said, “Why is Lilly’s hair white? Her eyebrows are also white. She is different from us.”

“Layla, Lilly has albinism. So her hair is all white. This disease cannot be exposed to the sun, and there is no particularly effective way to treat this disease.” Avery explained to her daughter, “I will take to her to the hospital for a check tomorrow. She is staying at our house first.”
