

Married At First Sight Chapter 3497

Married At First Sight Chapter 3497-“Second Young Master York, you’re here. This woman is shameless and constantly insults the Second Young Madam. I taught her a lesson on behalf of the Second Young Madam, but she remains unrepentant. The Second Young Madam is kind-hearted, but how can we speak of sisterly love with such a person? Just teach her a lesson and kick her out.”

Mrs. Labbe was the first to speak.

Callum merely glanced at Mrs. Labbe before fixing a cold stare on the fake Carrie. “Camryn has shown you mercy repeatedly because you share the same mother. But your greed knows no bounds. Camryn might ignore you, but I’m not so generous. Insulting my wife is the same as insulting me. For those who insult me, I always prefer to slap them in the face.”

Callum ordered the bodyguard to teach the foul-mouthed Carrie a lesson.

The bodyguard showed no mercy, delivering several slaps to Carrie’s face.

The fake Carrie was stunned.

Callum, the Second Young Master of the York family, actually had me hit. Oh, he didn’t do it himself but ordered the bodyguard to do it.

Isn’t he much gentler than Zachary, the Eldest Young Master York?

Her face burned with pain, and her grievance and anger reached their peak.

She was just a stand-in, acting on behalf of Carrie. Although she was paid handsomely, she had to endure scolding and slaps. This was inhumane.

She didn’t want to do it anymore!

For a moment, this Carrie wanted to blurt out that she was not the real Carrie.

But upon seeing the cold stare of the Labbe family bodyguard, she shuddered, recalling that the person who sent her was ruthless. She had been warned that revealing the truth would lead to a fate worse than death.

She had witnessed their torture methods and was terrified.

Okay. She would endure it. She had been promised extra compensation if she suffered while standing in for Carrie.

She had been slapped four times now. She should be compensated \$300 to \$500 for each slap, so \$1,000 to \$2,000 for four slaps.

With this calculation, the fake Carrie suppressed the urge to reveal the truth. She was only angry and glared at Callum.

“I provoked Camryn on my own. I just like her. I fell in love with her at first sight. I admire her calm and indifferent demeanor. She’s like an orchid in the sky. It wasn’t her who climbed into my bed; I climbed into hers with great effort! If you want to scold someone shameless, scold me, scold me!”

Callum responded coldly.

Carrie: “...”

How could she dare scold Callum? She had thought that since he was so handsome and she was young and beautiful, he wouldn’t hit her. But he had his bodyguards do it without mercy.

Didn’t Carrie claim that Callum was originally her man, but Camryn later stole him?

Why was Callum not gentle towards Carrie at all and didn’t even want to look at her?

If she hadn’t insulted Camryn and been beaten, Callum might not have even spoken to her.

Camryn watched Mrs. Labbe’s reaction.

Seeing that Mrs. Labbe’s expression remained unchanged, Camryn couldn’t help but praise her wilful sister’s progress. With a new identity, her temperament had changed, and she was much more stable and no longer as impulsive as usual.

Camryn became more and more curious about the master manipulating and teaching Carrie behind the scenes.
