

Chapter 5151

Charlie saved the lives of Mrs. Treadway and her son, but still, he is grateful to Mrs. Treadway.

This is because Mrs. Treadway gave her his ancestral phoenix bone bracelet without hesitation.

Originally, Charlie thought that the old lady didn't know that the phoenix bone bracelet was inherited from the ancestors,

And the material was rare, but she probably didn't know how rare and valuable it was.

But after this meeting, Charlie discovered that Mrs. Treadway actually had a clearer understanding of the value of the phoenix bone bracelet.

Back then, Lord Morvel, Morvel Patriarch, just took a phoenix bone bracelet from the ancestor of the Treadway family,

And kept him by his side for decades, and even gave him two rejuvenating pills successively.

Not only that, but in order to find a breakthrough, Lord Morvel even promised to give him a chance,

If he seeks longevity in the future before the ancestors of the Treadway family parted.

Although Lord Morvel did this not only to repay Fengguteng's affection But Charlie guessed that Fengguteng definitely played a very important role.

These past events have been passed down from generation to generation in the Treadway family, and Mrs. Treadway is well aware of them.

But when she was in Mexico, she was still willing to use this bracelet to thank him, which made Charlie feel a little grateful.

Moreover, the usefulness of the phoenix bone vine is not just for refining the twenty reshaping pills.

If he wants to refine high-level pills in the future,

The phoenix bone vine is almost an indispensable and important material of great help.

It was also because of this that he decided to use his own strength to make sure that,

Mrs. Treadway and her son would live their lives without any worries.

Seeing that the villas and shop have been settled,

Charlie felt relieved. Isaac also ordered the Wade family's subordinates in Shudu to take care of the mother and son as much as possible.

The low-key way to take care.

After everything was settled, Charlie bid farewell to Mrs. Treadway.

After Mrs. Treadway thanked him a lot and sent their car out of the community,

Charlie and Isaac rushed to Sinigan Airport overnight and took the opportunity to return to Aurous Hill.

On the plane, Isaac was already a little tired after driving for a day.

After the plane took off, he fell asleep on the comfortable flat seat.

Charlie was not tired, so he took out the painting given by Mrs. Treadway, placed it on his legs, and slowly unfolded it.

In the picture, Lord Morvel with the fairy wind and crane bones once again jumped out of the scroll.

When he saw this painting in the old house of the Treadway family in Shunan,

The painting hung high on the wall and the lights were dim.

When Mrs. Treadway told Charlie about those past events,

Charlie was distracted a lot, so he didn't appreciate the painting too carefully.

But now, after laying it out in front of him and watching it carefully with the reading light on the plane,

Charlie is even more impressed with the skill and charm of this painting.

Because the ancients paid more attention to charm than reality, in fact,

Most of the famous ancient painters were not good at realistic painting.

Landscapes, fish and insects, and characters all pay more attention to a vivid charm.

And the paintings of the ancestor of the Treadway family, although they are also traditional Chinese painting styles,

Are very detailed and meticulous in depicting the details,

So that Lord Morvel in the paintings feels very real and vivid,

Even the ones swaying in the wind their long beards look very realistic.

Perhaps people in the Tang Dynasty did not have the habit of writing inscriptions on paintings.

Charlie did not find any inscriptions on the paintings,

But he firmly believed in his heart that if this painting was made public,

With its uncanny style of painting, it would be popular throughout the whole world.

There is going to be a stir in the art quarters.

Maybe, the ranking of famous painters in the Tang Dynasty will also be rewritten because of the publication of this painting.

But Charlie naturally didn't have this plan.

He decided to treasure this painting well.

After returning to Aurous Hill, he would not let others see the contents of this painting.

After admiring it intently for a long time, just as Charlie was about to roll up the scroll again,

He suddenly felt that there was some slight aura fluctuation in the scroll.

This made him shiver instantly!

According to Mrs. Treadway, this painting was made by her ancestors in their old age.

Since he is old, he must have parted with Lord Morvel long ago.

The ancestor of the Treadway family did not have the talent to master spiritual energy,

So apart from taking two rejuvenation pills and living longer than ordinary people,

It is absolutely impossible for him to possess spiritual energy.

This also means that the painting he painted in his old age should not have any aura.

However, there is indeed a very subtle trace of spiritual energy in this painting.

Charlie couldn't help asking himself in his heart:

"Could it be that this spiritual energy was left by Lord Morvel?!"

"Maybe the Treadway family didn't know that Lord Morvel once had a certain period of time come back!"

Thinking of this, he immediately calmed down, distributed some spiritual energy,

And carefully covered the whole painting, looking for the source of that trace of spiritual energy.

Soon, he found traces of that aura on the head of Lord Morvel's portrait.

Charlie was overjoyed and immediately used an aura to perceive the other party.

Chapter 5152

At the moment when the two auras merged, a picture from the first perspective suddenly flooded into Charlie's mind!

In the picture, a grand funeral is being held in a mountain village.

The people at the funeral are not dressed in modern times but look more like the costumes of the Tang Dynasty.

Charlie could recognize from the topography that this mountain village was exactly the one where Mrs. Treadway lived.

And the mountain village in the picture does not look as dilapidated as it is today.

In the mountain village in the picture, there is a rather grand wooden courtyard,

With carved beams and painted buildings everywhere. It looks like a wealthy family.

However, the funeral in the picture is not a coherent real-time picture,

But more like time-lapse photography that is fast-forwarded many times.

A crowd gathered in front of the coffin in the main room,

A middle-aged man knelt down and wailed loudly, and a group of women and children were also crying incessantly behind,

And there were three paintings hanging on the wall directly opposite,

The following picture shows people crying and mourning.

Although there are many etiquettes, but fortunately, the whole picture is very fast,

And the ceremony is completed one by one like a horse watching flowers.

After all the necessary etiquette was completed,

More than a dozen middle-aged men carried the coffin to the foot of the back mountain and buried the coffin here.

Afterward, a group of people returned to the wooden deep-house compound,

The bustle faded away, several female family members left with their families one after another,

Leaving the middle-aged man alone in the mourning hall.

However, the middle-aged man couldn't see any pain on his face.

Instead, he stood in the middle of the main room with a happy face,

Looked at the portrait of Lord Morvel on the central wall, and said with a smile:

"Morvel Patriarch, my father passed away three days ago."

"And today he has been buried in the earth. Even if you have the ability to bring the dead back to life, It may be in vain now. If you can really find the return of longevity, You should give me the opportunity that was promised my father back then."

"My father lived a long life of one hundred and thirteen years, I am envious of it, I am now forty-two, I only hope that you can live long and fulfill the promise of the year as soon as possible!"

Although the middle-aged man's words were difficult to understand, Charlie still understood the other party's meaning, He should be the son of the ancestor of the Treadway family.

At this time, he was standing in front of Lord Morvel's portrait,

Talking about how to let Lord Morvel achieve longevity as soon as possible,

And then return to him to give him the opportunity promised to his father.

To put it bluntly, he was looking forward to Lord Morvel's return so that he too could live forever.

After this person spoke, a gust of wind suddenly blew in the main room, and he lay down on the ground and fell into a deep sleep.

At the same time, a middle-aged man in a green shirt came in with powerful steps.

This man's clothes and appearance were the same as the portrait of Lord Morvel,

But he looked a little younger than the portrait.

Charlie could conclude that this person was Lord Morvel.

Lord Morvel paused at the three paintings for a long time,

Then looked at the old self-portraits of the Treadway family ancestors on the right, and sighed, "The meritorious adult has gone... , if you had waited for three more days, I could fulfill the duties of the year as a teacher."

"Now that you have left, as a teacher, I should fulfill the agreement with your son,"

"But just looking at his words and deeds, I am really disappointed, this opportunity won't pass on."

After finishing speaking, he stretched out his hand, Tap lightly on his own portrait, and murmured:

"For what happened today, I have left it in this painting."

"If your descendants blame me in the future and tear up this portrait of me,"

"They will know the reason. In the future, I will be reunited with you under the Nine Springs, you must not blame me."

After saying that, he turned around gracefully and disappeared into the night.

At this time, all the pictures also stopped abruptly.

Charlie was immersed in this kind of shock that almost transcended time and space, and it took him a long time to recover.

When he came back to his senses, he marveled at Lord Morvel's ability to keep his thoughts in his paintings,

And at the same time couldn't help feeling the tragic fate of the descendants of the Treadway family.

There is no doubt that when Lord Morvel returned to that small mountain village, he must have achieved longevity.

However, Charlie can also conclude that the "longevity" that Lord Morvel obtained should only break through the limit of 200 years of lifespan,

And it definitely does not mean immortality.

The reason why he is so sure is, on the one hand, that after he mastered the "Nine Profound Heavenly Scriptures",

He was able to argue from the perspective of an insider. In fact, there is no real sense of immortality at all. Just a little longer.

On the other hand, it is also because of the last sentence Lord Morvel said to the portrait of Treadway's ancestors in the picture just now,

That sentence is more straightforward: I will meet you again under the Nine Springs in the future, so don't blame me for it.

Since the Northern Wei Dynasty, there has been a saying under the Nine Springs,

And at that time "Nine Springs" represented the world after death.

Since Lord Morvel said that he would reunite with the ancestors of the Treadway family under the Nine Springs in the future,

It meant that he knew that he would die sooner or later. Therefore, Charlie made a comprehensive judgment,

That Lord Morvel should have found a way to extend his life before he was two hundred years old,

So he came back to the ancestors of the Treadway family to fulfill his promise, but he did not expect to be one step late.

But according to Lord Morvel's plan, even if the ancestor of the Treadway family was dead, he should have given the chance to his son.

But the son of the ancestor of the Treadway family disappointed Lord Morvel because of his rebellious remarks in front of the portrait,

So he also missed this good opportunity to live to be two hundred years old or even longer.

However, Charlie couldn't help feeling that the other descendants of the Treadway family had a really good temper.

Up to Mrs. Treadway's generation, after waiting for more than a thousand years, they were still waiting for Lord Morvel to appear.

Anyone who had a bad temper in the middle, seeing that he can't wait for left and right,

And tore up Lord Morvel's portrait, he probably already knew the reason.

But sometimes it's good luck to trick people. The Treadway family didn't wait for this result, but he discovered it by accident.

At the same time, Charlie was also thinking to himself: "I don't know what method Lord Morvel found to make his life span exceed the upper limit of 200 years,"

"And I don't know how many years he lived in the end. If he lives up to now, Isn't it over 1,400 years old?"

Thinking of this, Charlie shook his head again, and said unswervingly:

"It is impossible for anyone in this world to live to be 1,400 years old."

"I think this senior has already buried his bones somewhere!"

Chapter 5153

With the disappearance of the picture, the subtle aura in the picture scroll has also disappeared. But when Charlie looks at the picture again He can't help thinking of the picture of Lord Morvel in his mind and it feels that Lord Morvel in this painting seems to be more vivid and obvious on the paper.

He couldn't help guessing in his heart what the tone of Lord Morvel's life after leaving that mountain village would be.

Although his lifespan has been extended, there seems to be no important person in his life.

His wife and children passed away long ago, and his only son and apprentice had also been buried in the ground.

Only he who is still like a middle-aged man remained.

With his character obsessed with cultivation and longing for longevity, perhaps after he left the mountain village,

He would still choose to return to his cave somewhere and continue to practice silently by himself for years and months, through dynasties and generations.

When life is only left to practice day after day, all his joys, sorrows,

Pains and happy moments could only be reserved for himself, and he couldn't find anyone to share them with.

That feeling, in Charlie's view, is not seeking longevity but seeking loneliness.

He felt that once a person gave up his emotions and fell into that kind of endless loneliness, no matter how long life was, it would lose its true meaning.

And Charlie couldn't help but think if with the passage of time, everyone around him is getting old, what should he do?

Although the Rejuvenation Pill is good, the effect will be worse the older you get.

With the Rejuvenation Pill, it is no problem for ordinary people to live to be more than a hundred years old.

But a large number of Rejuvenation Pills will be needed to support the ceiling of living to two hundred years of age.

Even if he is willing to provide them with sufficient Rejuvenation Pills,

Are they really willing to continue to use Rejuvenation Pills to extend their lives at that age?

It is not uncommon for a person to live to a hundred years old, but the whole world has never heard of it.

If you continue to provide rejuvenating pills to those close to you so that they can live forever and not grow old,

Then they must stay away from everyone who knows them but does not know their details at a certain critical time,

Otherwise, they will definitely arouse countless doubts.

This also means that everyone has to find a hidden place to hide from the secular world at a certain time.

At that time, they and the people around them will try their best to escape like the werewolves or vampires in novels.

Getting the normal people's attention.

For such a life, Charlie didn't even need to ask the people around him, he himself was the first one not to accept it.

Thinking of this, he couldn't help feeling a little depressed.

Although he doesn't need to worry about this matter in the next twenty or thirty years,

It is a big problem that cannot be avoided as long as he lives.

He sighed softly, put away the scroll, and stayed up all the way.

...

Since the capital of Sinigan is not far from Aurous Hill, the plane arrived at Airport in just over two hours.

At this time, the sky hadn't even brightened yet.

Charlie and Isaac got off the plane, and Isaac's subordinates were already waiting there.

Isaac respectfully asked Charlie: "Master, there is still an hour before dawn, Would you like to go to the hotel to rest for a while?"

Charlie thought for a while, then waved his hand and said, "Arrange a car for me, And I will go to the Heaven spring, have some rest and go home at noon."

Charlie didn't want to take Lord Morvel's portrait home, because it was hard to explain it to his family,

And he was afraid that he would be the vice-chairman of the Painting and Calligraphy Association.

The elder father-in-law saw it and used it to pretend to be a big-tailed wolf with others.

Thirdly, he was also afraid that his mother-in-law would run out of money one day, secretly take out the painting and sell it.

Therefore, he planned to put the painting in the Heaven Hot spring villa before dawn.

Although the family members of that villa knew about it since the upgraded door locks were all face and fingerprint recognition,

Only he could open it, so he didn't have to worry about being known by his family.

When Isaac heard that he was going to the Heaven Hot spring villa, he hurriedly said, "Then I'll take you there!"

Charlie shook his head and said, "Don't bother, you've been tossing around all the way, Go back and rest, I'll go there by myself. That's fine."

Seeing Charlie's insistence, Isaac nodded immediately, beckoned his subordinates to give Charlie the keys to one of the Rolls-Royce cars and said respectfully, "Master, if you need anything, please contact me at any time."

"Alright." Charlie took the car keys and said to him, "Then I'll go first."

After parting with Isaac, Charlie drove to the Heaven Hot spring villa alone,

And when he arrived at the villa, he took the painting into the safe on the basement floor of the villa.

After doing this, he came to the indoor hot spring pool of the villa.

Since the Heaven Hot spring villa has its own exclusive hot springs, and it was bought out from the local area for decades,

The geothermal hot spring water is affected by geology. It flows continuously for 24 hours,

So when the residential area was designed, the hot springs in the home were designed as 24-hour non-stop flowing water,

Ensure that the owner's home has a pool of clean hot spring water at any time, which is also the biggest selling point of the community.

Charlie also doesn't plan to go home too early, it's strange to go back early in the morning,
So, he unhurriedly took off his clothes and soaked in the hot spring pool.

Chapter 5154

After running around for several days, although he hardly felt tired, he still didn't relax.

Today he just happened to be free, so he soaked in the hot spring by himself which made his body and spirit a lot easier.

At 10:30 in the morning, a Cathay Pacific Airbus A321 landed safely at Aurous Hill Airport.

This plane is the earliest of the three direct flights from Hong Kong to Aurous Hill.

After the plane landed, the first-class flight attendants lowered the curtain between the first-class cabin and the economy class according to the usual practice and let the passengers in the first-class cabin get off the plane first.

Just as the cabin door opened, a young woman wearing sunglasses and a mask couldn't wait to stand up Picked up her handbag, and walked out of the plane impatiently.

This young woman Angela Lloyd.

The reason why she came to Aurous Hill early in the morning was that Aurous Hill University invited her,

To come to the school today to participate in the interview for the talent introduction plan.

Aurous Hill University is very interested in Angela, a top student who has just received a Ph.D. After all, the university is a public university,

And the recruitment process must be followed, so Angela was invited to come over.

Not long after she received her Ph.D., she was invited by Aurous Hill University for an interview.

She was naturally very excited, so she booked her flight ticket early and flew over early in the morning.

When Gerard learned that his daughter was going to Aurous Hill for an interview,

He originally insisted on arranging a private jet to take her here in person, but Angela politely declined his offer.

It's not that she is still dissatisfied with her father,

The main reason is that she didn't want to be too ostentatious when she came to Aurous Hill this time.

She knew very well that Aurous Hill, as Charlie's base camp, had any obvious turmoil,

And Charlie would definitely know about it. If her father came to see her off in person,

Not to mention that Charlie would definitely receive the news, and even the Aurous Hill media would probably follow up and report on it.

And her plan was to never let Charlie know about this before she got the official acceptance notice from the University, So as not to be looked down upon by Charlie if she failed to get the position.

What's more, what she wanted was to give Charlie a surprise, So she had to wait until she got the employment notice, and then choose an opportunity to let him know.

Because of this, she refused to agree with her father's proposal and planned to keep a low profile, so she flew over alone.

Since the relevant person in charge of Aurous Hill University also knew that Angela was in Hong Kong,

They specially set Angela's interview time at 3 o'clock in the afternoon. There is plenty of time, not too rushed.

And Angela also booked a flight ticket back to Hong Kong at 9:30 pm according to this time.

Under normal circumstances, the interview will definitely be over before 6 pm.

No matter whether she can get the result or not, she plans to return to Hong Kong first. So as not to be known by Charlie.

This is why Angela has to wear sunglasses and a mask all the way on the plane.

Ten minutes later, Angela had already appeared and walked out of the airport, ready to take a taxi to University first.

Although the interview time was in the afternoon, she also wanted to take advantage of the gap to learn about the situation of the University and the surrounding environment.

However, when she just walked out of the airport, a middle-aged woman came up and asked respectfully: "Excuse me, are you, Ms. Angela?"

Seeing that Angela was a little nervous, the other party quickly explained: "Miss Lombardo, don't be nervous, my name is Michelle, and I am Mr. Larry Cole's housekeeper in Aurous Hill."

"He asked me to pick you up at the airport. You're a guest and have lunch by the way!"

Hong Kong has always had close ties with Southeast Asia and Gerard has personal relationships with many wealthy people in Southeast Asia. For Larry, he was more like a nephew.

When Gerard learned that Angela was going to Aurous Hill, he wanted to go with her but was rejected by his daughter.

In desperation, he had no choice but to call Larry and ask him to arrange for someone to take care of Angela.

Gerard didn't know that Larry was in Aurous Hill, but he knew that Larry had always had a property in Aurous Hill and someone managed it for him. He mainly felt sorry for his daughter's inconvenience in an unfamiliar place, So he thought about asking Larry to help arrange A housekeeper and a driver, At least after his daughter arrives here, she doesn't have to worry about anything.

But by coincidence, Larry happened to be in Aurous Hill.

Knowing that Gerard's daughter was coming, he planned to arrange for Sister Michelle to pick up Angela at the airport and invite Angela to have a light meal at home.

When Gerard heard that Larry was in Aurous Hill, he was naturally very happy, so he immediately informed him of his daughter's flight number.

Even when he sent Angela to the airport this morning, he took advantage of Angela not paying attention when she got off the car, and secretly took a photo of Angela's clothes.

Sister Michelle also relied on this photo to recognize Angelawearing sunglasses and a mask at a glance.

But how did Angelaknow this?

All she knew was that in Hong Kong, children of wealthy families were kidnapped not once or twice, and the most sensational one even shocked the world.

So when she was suddenly recognized in Aurous Hill, and the other party moved out with the name of Larry, her first thought was that there was danger.

Although she knew Larry and had met him before, she didn't trust this woman,

So she shook her head and said, "I'm sorry, you may have misidentified the person."

After that, she turned around and went to the crowded place.

Sister Michelle quickly caught up with her, and said, "Miss Lombardo, if you don't believe me,"

"You can call your father. He was the one who told my master that you are coming to Aurous Hill."

"My father?!" Angela Frowned.

At this moment, the phone rang suddenly.

She picked it up and saw that it was her father calling.

So, she immediately connected to the phone and asked, "Dad, have you told other people about my arrival in Aurous Hill?"

Gerard laughed and said on the other end of the phone: "Angela, what a coincidence Your Grandpa and Grandma are in Aurous Hill. I wanted him to arrange some subordinates to take care of you, But he said he was in Aurous Hill. He was so happy to learn that you were going and said that he must have you sit and have a light meal at home. We have been family friends, so you must not lose face!"

Chapter 5155

Hearing Gerard's words, Angela was relieved.

Immediately, she couldn't help but muttered: "Dad, since Grandpa and Grandma Cole are here, Why didn't you tell me earlier so that I could prepare some gifts in advance and now I will go to their home empty-handed, how inappropriate... .."

Gerard said with a smile: "With your character if I told you that you would definitely not want to go then you would definitely say that you are just going there for an interview and it is best not

to bother others, and then you had to tell me not to tell them about this and I am your father, and I still don't know you?"

Angela was at a loss for words for a while, thinking about what her father said was not unreasonable, Depending on her own personality and the way she usually doesn't get along with her father, Maybe it's the result of a double block.

So she said: "Okay, then I will visit Grandpa and Grandma Cole first."

Gerard said with a smile: "This is so good! Have a good meal with them and when the interview is over, come back earlier, I will pick you up at the airport."

Angela said subconsciously: "No, I had to drive to the airport, just will drive back by myself."

Gerard said casually: "It doesn't matter, I will ask someone to help you with the car, that's it, bye."

Before Angela agreed, Gerard had already hung up the phone.

Although she was helpless, she also knew that once he decided to do something,

With his temperament, he would find a way to achieve it no matter what.

It was just going to the airport to pick her up, so she didn't need to be too repulsive.

So, she put away the phone and said to Sister Michelle: "I'm sorry, Sister Michelle, I misunderstood you just now, and I hope you don't mind."

Sister Michelle said with a smile: "Miss Lombardo, why are you being polite to me?"

After that, she pointed to a Rolls-Royce on the side of the road not far away, and said, "The car is over there, Miss Lombardo, let's go."

Once they sat in, Rolls-Royce drove towards Zilian Mountain Villa.

On the way, Angela and Maria looked left and right as if they had just arrived in Aurous Hill.

Sister Michelle sitting at the co-driver looked back at Angela,

And asked with a smile, "Is this the first time Miss Lombardo has come to Aurous Hill?"

"Yes." Angela nodded slightly: "I haven't been here before."

” I heard from the master that you are coming to Aurous Hill University to apply for a job this time.”

“Let me ask you a question. You have never been to Aurous Hill before.”

“Why did you choose to come here from Hong Kong? In terms of urban development,”

“Aurous Hill is not better than Hong Kong. There is still a lot of difference.”

Hearing this question, what Angela subconsciously thought of was the figure of Charlie.

When she came to Aurous Hill by herself,
She naturally came here for Charlie, but she still doesn't know what the final result will be.

However, for her, she always has to do what she decides before talking about it.

It is not her style at all to talk about it and talk about it without practice.

However, Angela was unwilling, to tell the truth, so she said to Sister Michelle:

“I have stayed in Hong Kong for too long, and it is indeed enough.”

“The first-tier cities in the mainland are relatively fast-paced,”

“So I wanted to find a relatively comfortable one. Therefore, I chose Aurous Hill.”

Sister Michelle nodded in agreement and said with a smile:

“The pace of life in Aurous Hill is indeed slower than that of the first-tier cities,”

“And the environment is relatively comfortable. I have been here for many years,”

“And now I like it more and more, and I believe you will feel the same after staying here for a long time.”

Then, sister Michelle said: “If you decide to stay in Aurous Hill for development in the future,”

“If you need help in the Aurous Hill? You can contact me at any time.”

After speaking, she handed over a business card with both hands,

The business card was very simple, only her name, plus a string of mobile phone numbers.

“Thank you.” Angela took the business card, thanked her politely, and immediately asked her:

“By the way, sister Michelle, if I am sure to stay in Aurous Hill and plan to buy a house near the school for daily living,”

“Do you have any recommendations?”

Sister Michelle asked curiously: “What kind of house is Miss Lombardo looking for? A villa, or a flat?”

“Anything, and it doesn’t need to be too big. It’s best to have a higher floor, so you can enjoy the scenery.”

Sister Michelle thought for a while and said, “The best real estate in Aurous Hill City is Tomson Villas.”

“The residential area with the high and low floor plans is all hardcover and delivered,”

“And it is an existing house for sale, what you see is what you get.”

“The price of villas in this area is basically tens of millions or even more than one hundred million,”

“And the flat floor is about ten million to twenty or thirty,”

“And it is not far from University, and it takes only ten minutes by car.”

“Tomson...” Angela nodded and thanked “Thank you, Miss Michelle,”

“I’ve made a note of it. After receiving the admission notice, I will take the time to take a look.”

Chapter 5156

Sister Michelle smiled and said, “Don’t worry, Miss. With your own conditions,”

“It is definitely no problem to apply for Aurous Hill.”

“The University is now focusing on internationalization, and attaches great importance to foreign teachers and student resources from Hong Kong.”

“If you have a doctorate degree from the mainland, the competition may be fiercer, but if you have a Hong Kong identity, it will be much easier.”

Angela was surprised Said: "Sister Michelle is really familiar with Aurous Hill, even the situation of Aurous Hill University is so clear!"

Sister Michelle smiled and said: "Our master donated a lot of funds to Aurous Hill University many years ago."

"I have been paying attention to the situation of Aurous Hill University, and my work in Aurous Hill is very leisurely, to be honest."

"If the husband and wife don't come, I just need to take everyone to clean up and maintain the status quo of the manor,"

"So in free time, basically used to understand all aspects of the city,"

"So you don't think I'm an outsider, but I'm definitely a know-it-all in Aurous Hill."

Angela nodded and said with a smile:

"If I have the opportunity to work in Aurous Hill in the future, I must know and learn more from you."

...

At this very moment.

Zillian Villa.

Maria was listening to the cicadas under the tree in the courtyard.

She set up a vine hand-woven rocking chair under the tree and set up a small bamboo tea table.

On the tea table, there is a very small charcoal stove.

The finished charcoal will not burst or break when burned, and there will be no smoke and dust, and even have a very special aroma.

On top of the charcoal stove, sits a handful of pottery diào, and in it, a pot of dark red Pu'er tea is boiled.

Maria loves to drink tea. She usually starts to make tea and drink it at breakfast,

Drink tea and read books after meals, have tea at lunch, read books in the afternoon and take a few teas at random, and even at night. Tea is always in her hand.

Moreover, Pu'er is a kind of tea with a strong soup color. Although Maria drinks tea constantly every day, her clean and bright teeth have never been stained by tea.

Just when she put down the book and picked up the teacup to take a sip, there was a light knock on the door, followed by Larry's voice, asking respectfully: "Miss, is it convenient for you now?"

Maria smiled and said, "It's convenient, you can come in."

Larry then carefully opened the courtyard door and walked in slowly.

Maria looked at him, and saw that he was hunched, panting silently, with beads of sweat on his forehead and cheeks,

And asked curiously: "Why do you need to come up in person? The stone steps are steep, and with your current body, you have to be careful."

Larry swallowed, and then said a little breathlessly and weakly:

"I... I have something to do, I want to report it to Miss face to face..."

Maria pointed to a low Bamboo stool, and said: "Sit down and talk, just drink a cup of tea."

Larry was flattered, nodded quickly, and even moved a few steps faster.

He first moved the bamboo stool, then came to sit down in front of Maria, and said respectfully:

"Miss...I... I have a granddaughter who just happened to come to Aurous Hill for an interview,"

"So I invited her to the manor as a guest, by the way, have a home-cooked meal,"

"Because I just found out this morning, and I didn't report to you in advance, so please don't blame me."

Maria took a new teacup, rinsed it with tea, and said with a smile:

"You are the host, you want to entertain guests, why should you report to me, I am just one of your guests."

Larry said without thinking: "Miss, this is the second thing I want to promise you. It's okay, it's rare that you like this place,"

"And I'm getting old, I'm afraid I won't come here again after this time,"

“So I want to give you the Zillian Villa as a gift, and I hope you can accept it!”

Maria was slightly taken aback, then shook her head smiled, and said:

“I’m not sure how long I will stay here, you should leave it to your descendants.”

Larry hurriedly said: “Miss, those descendants of mine, who grew up rich and well-clothed, are too impetuous.”

“To be honest, they don’t deserve this kind of place, and it would be a waste of money to give it to them, so please consider my offer.”

Maria shrugged her shoulders, handed him the tea, and said with a smile: “Since you insist,”

“Then I won’t be polite to you. If one day I don’t need this house anymore and you are still alive,”

“I will leave it to you.” Return the property to its original owner,”

“And if you have left by then, I will hand it over to your descendants.”

Upon hearing this, Larry breathed a sigh of relief, and said with a smile, “It’s all up to you.”

Maria pointed to the cup of tea that was poured for him, she said lightly:

“Drink a cup, I see you are out of breath, you are really embarrassed, next time you should not climb so high,”

“If you need anything, just call me, or send a WeChat. It’s ok.”

Larry cupped his hands respectfully and said, “I obey!”

As he spoke, he carefully picked up the teacup, took a sip, then looked at the piece of tea cake next to the charcoal stove,

And asked tentatively: “Miss, This Pu’er tea, does it still satisfy your appetite after you drink it?”

Larry asked someone to buy it from Hong Kong and brought it to Aurous Hill as a gift to Maria.

Pu’er tea, this tea cake has a history of hundreds of years, and it can be called the best of Pu’er.

Maria wrote that she wanted Pu’er tea cake in the list she gave to sister Michelle,

But she didn't specify what kind of tea cake she wanted, so he bought it. Buy the most expensive and best.

Maria smiled slightly at this time and said: "The market price of tea that can sell for hundreds of millions per cake is naturally not ordinary."

"Take the money to look for it in the market. This should be the most expensive and best Pu'er tea you can buy."

As she spoke, she changed the subject and said with a smile: "But it's still far from my best tea cake."

Larry said with a smile: "Everything that can be bought with money, Of course, it can't be compared with Miss's collection."

Maria smiled slightly and asked him: "Old Cole, you should have something to tell me?"

Larry then laughed and said: "Sure enough, I can't escape Miss's insight!"

After finishing speaking, he said again: "Miss the thing is, my granddaughter is just about to go to Aurous Hill University to apply for a lecturer's job,"

"And with her current conditions, this time the application should be accepted for sure,"

"I think you will study at the same university she will be teaching at,"

"So being here today is also a matter of fate, you might as well take this opportunity to get to know her a little bit,"

"And maybe we can take care of her in the future."

"Is that so..." Maria smiled mischievously,

She said casually: "Since we are so destined, it's okay to get to know each other!"

Chapter 5157

Maria is willing, Larry was overjoyed.

He hurriedly said to Maria: "Miss, they are supposed to arrive in twenty minutes."

"You can come down after they arrive."

Maria nodded and said with a smile: "In front of outsiders, don't forget about my new identity."

Larry said without hesitation: "That's natural! Don't worry, Miss."

After that, he slowly got up and said, "Miss, please continue to drink tea, and I won't disturb you."

Maria said: "Find a servant to help you down, so you don't get tired."

Larry said flattered, "Thank you for your concern, miss, I'm fine, it's much easier to go down."

Seeing that he insisted, Maria didn't say anything more, and nodding, she said,

"Then you go first, and I'll come when the car arrives."

"Okay lady, I'll take my leave."

After Larry finished speaking, he clasped his fists in both hands, bowed slightly to Maria, and slowly backed out.

Maria has never been sociable, if Larry just happened to have a granddaughter visiting today,

Even if Larry came up to invite her in person, she would definitely not agree.

In her opinion, socializing with strangers not only increases the risk of exposure but also is unnecessary.

She would rather listen to the cicadas in the shade than listen to strangers talking at the dinner table.

However, when she heard that Larry's granddaughter,

Was going to interview for a lecturer's position at the University, and her mind suddenly became active.

To this day, she doesn't know how long she will stay in Aurous Hill.

However, there is one thing she can confirm right now, that is, she likes this city.

She likes this city that is inextricably linked to her, likes Larry's house,

And also likes the feeling of being suddenly hung up by someone in her heart, and that person is not far away.

This kind of complicated feeling was something she had never felt before.

She was at ease and relaxed, but at the same time there was always some anticipation,

As well as that kind of nervousness where she couldn't figure out when her heart beat faster and slightly throbbed.

In her opinion, as long as there is no danger in Aurous Hill, she can live here forever.

What's more, she always feels that since she came to Aurous Hill,

Everything has become smooth. Meeting Claudia, Charlie's wife, and mother-in-law one after another,

This can no longer be described by her heart because she herself never imagined that everything would turn out like this.

Therefore, she, who has always been calm and quiet,

Has begun to look forward to her upcoming college life.

And just today, she meets Larry's granddaughter.

It seemed that God was helping her to settle down in Aurous Hill as soon as possible,

So she immediately became interested in getting acquainted.

Twenty minutes later, Maria heard the noise of the car engine and tires rubbing against the ground.

Zijin Villa is several hundred meters above sea level.

The sound of the engine heard here must be on the way up the mountain.

So, she picked up the cup, drank the tea in it, and walked down to her other courtyard.

At this time, Angela had just arrived at the main entrance of Zijin Villa by car.

She never expected that Larry would have such a magnificent villa in this kind of place.

Although many top mansions of the rich are also built on the mountain in Hong Kong,

No one can own the whole mountain. The villas on Shixun Road are nothing compared to this exclusive villa.

The car drove into the villa and stopped outside the grand gate of the main building of the courtyard on the first floor.

This place is like a hotel, with a wide porch designed to park three cars side by side.

Chapter 5158

Larry and his wife walked out of the main hall, arm in arm.

As soon as Angela got out of the car, she saw the old couple coming out with a smile.

She hurried forward to greet her, and said respectfully: "Grandpa, Grandma, long time no see. You two are still in good health!"

Larry said with a smile: "Angela, we haven't seen each other for many years, You are already such a beautiful girl!"

Angela smiled and said, "Grandpa, I'm afraid you are an old man."

The old lady on the side stepped forward, took Angela's hand, and said lovingly: "Angela, you look more and more like your mother."

"The last time I saw you was when your grandfather passed away."

"You haven't been to Singapore or Malaysia for so long to see us."

Mrs. Cole loved Angela's mother very much.

In the early years when the old man of the Lombardo family was still there, the two families often met and gathered.

When Angela was young, she often met with the Cole family.

The old lady loved her very much. Although she hadn't seen her for some years,

When she saw that she was growing up like her mother, she felt more love and affection in her heart.

Angela said with some embarrassment: "Grandma, I haven't left Hong Kong very often due to my studies and other reasons,"

"So please forgive me for not being able to see you..."

The old lady said seriously: “Grandma understands that when your mother passed away,”

“Your Grandpa was accompanying me to see a doctor in the United States,”

“And we couldn’t see her off for the last time.”

“Every time I think about it these years, I feel very ashamed and even more regretful.”

After passing away, except for the sister, she hardly experienced family affection,

And her father was unreliable, so she naturally alienated other relatives.

But she didn’t expect that Mrs. Cole was still ashamed of not being able to go to Hong Kong to attend her mother’s funeral,

Her nose was sore, and her eyes were unconsciously filled with tears.

Although the old man and the old lady of the Cole family were unable to attend the funeral of her mother back then,

The sons of the Cole family rushed over. For the younger generation, the specifications of the Cole family were already impeccable.

Thinking of this, she also felt a little ashamed and said to Mrs. Cole:

“Grandma, she has a spirit in heaven, and she definitely doesn’t want you to run around because of her affairs... “

As she said, she also said very frankly: “Since mom passed away,”

“I have become more and more lonely these years.”

“I haven’t been able to see you, and I haven’t called you very often.”

“She was a little sad, patted the back of her hand, and comforted:

“Okay, it’s all over, when you come to work at Aurous Hill University,”

“You must come to the house often, I will be here with Grandpa during this time.”

“Okay!” Angela agreed without hesitation: “I will definitely come to see you often!”

Larry said at this time: “Angela, let’s go in and talk.”

“Grandpa has a granddaughter who is going through the enrollment procedures for freshmen at the university,”

“I just introduced you to her later, you will be a lecturer at Aurous Hill University in the future,”

“And she is a freshman at Aurous Hill University, usually I have to ask you to help take care of her.”

Angela was surprised Question: “Grandpa, she is going to study at Aurous Hill University?”

“Yes.” Larry smiled and said, “The two of us came to Aurous Hill this time not only to come and have a look,”

“But also to help her with the admission procedures.”

“Well, I didn’t expect you to come to Aurous Hill to apply for a job at the same university, what a coincidence!”

As he was speaking, Larry saw Maria coming from the hall,

And said to Angela with a smile, “Here she is!”

Chapter 5159

At this time, Maria walked over from the main hall with a light gait.

The moment Angela saw Maria, there was only one thought in her mind:

“How can there be such a beautiful girl?”

In fact, she was extremely beautiful at a young age. She has seen all kinds of beauty in Hong Kong.

But even so, when she saw Maria for the first time, she was still shocked.

Maria’s beauty was a type she had almost never seen before.

It’s not perfect enough to be impeccable, it’s even perfect beyond imagination.

In other words, let Angela imagine what she thinks is the most beautiful woman in her mind,

And then compare that woman with Maria, there will still be an insurmountable gap.

When Maria came to Angela, Angela was still in shock at her appearance.

Larry on the side said, "Angela, let me introduce you."

"This is Cathy Clark. She just came from Malaysia and is a freshman majoring in archeology at Aurous Hill University."

Angela came back to her senses, and then asked in surprise,

"What did you say? Archeology major?"

"Yes." Larry nodded and said with a smile, "It's archeology major."

"My granddaughter likes traditional culture better."

"And she is interested in those cultural relics and historic sites, so she chose archeology."

He then introduced to Maria: "Cathy, this is the granddaughter Angela I just told you about,"

"And she will visit us as she is here for an interview for the post of lecturer."

Maria smiled slightly, stretched out her hand very politely, and said with a smile, "Sister Angela, hello! I will be in the same school as you in the future, so please take care of me!"

Angela also quickly reached out her hand to follow to shake her hands and then said seriously: "It is not 100% sure that I can be admitted to the university,"

"But don't worry, as long as I am admitted, I will take care of you and help as much as I can in the future!"

Maria nodded and asked with a smile, "I don't know what major Sister Angela is teaching at school?"

Angela said, "I majored in Chinese Language and Literature and Ancient Chinese."

Maria asked curiously: "Won't we take Chinese language courses in our department?"

Angela shook her head: "I'm really not sure about this because archeology majors are generally a category of history and it stands to reason that there should be certain Chinese language courses but the specifics depend on each school and the specific teaching arrangements."

Maria said with a smile, "It would be best if there is, and I will take sister Angela's courses before that time."

Although Angela is not good at communication, facing the smile of a perfect girl like Maria,

The whole person suddenly became more cheerful, and smiled happily, "Okay! If I am hired, you must come to support me then!"

Seeing that the two met happily, Larry couldn't help but say in relief, "It's rare for the two of you to be so speculative. Let's go in and sit down and talk slowly."

The two readily agreed, and the group immediately moved to the living room.

Chapter 5160

In the living room, after Angela and Maria sat down, Maria asked her curiously, "Sister Angela, why did you choose to develop in Aurous Hill from Hong Kong?"

"There is still a big gap between the first-tier international cities and the second-tier cities in the Mainland."

Angela smiled slightly. The set of rhetoric she said to Sister Michelle was nothing more than that,

Hong Kong was too fast-paced, with too many people and too little land and the city's resources were severely squeezed.

The overall feeling was that life in second-tier cities in the Mainland was inferior but more comfortable.

Maria nodded in agreement after listening, but she didn't think so at all in her heart.

She felt that Angela's remarks sounded right at first glance.

Hong Kong, a first-tier international city, naturally has a slow pace and it is true that Hong Kong has a lot of people and a lot of land.

Many people work hard all their lives and can't afford a set of small houses of 40 square meters. So many young people from Hong Kong have gradually started to develop in the mainland and Especially the special zone adjacent to Hong Kong, which has attracted many young people from Hong Kong.

However, Maria is also very clear that Hong Kong is a place where heaven and hell coexist.

There, it is normal for a poor family of six or seven to squeeze into a ten-square-meter room and some people even live in places where there is not even room for a bed.

However, also in Hong Kong, the top rich can build super luxury houses that look like palaces on the mountainside of the bay and live in luxury flats with hundreds of thousands of square meters on skyscrapers.

Over the past few decades, Hong Kong has been a paradise for the rich.

Angela's family is extremely wealthy.

The pace of Hong Kong's progress, the size of the population and the amount of land has almost nothing to do with her.

Her reason is like a top rich man declaring that he decided to leave the United States because of the poor law and order in the United States and frequent shootings.

At first glance, this reason does not seem to be a problem at all.

But thinking about it a bit deeper, this line of argument is not relevant to her as she belongs to a rich family.

Therefore, Maria concluded that there must be other reasons for Angela's visit to Aurous Hill.

Maria's thinking logic is that rationality must be considered first in everything,

And once this matter goes against common sense, there must be the words.

There must be demons when things go wrong.

Moreover, just like multiplication, the larger the base and multiple and the larger the result will naturally be, and vice versa.

If the result is large, the base and multiple will not be small.

Therefore, Maria couldn't help thinking to herself:

"Angela is a wealthy daughter with a family fortune of hundreds of billions,"

"If she can make such an abnormal behavior with a wealthy daughter of hundreds of billions,"

"Then this "monster" is definitely not an ordinary "monster". must be a big monster..."

"This basic logic is also applicable to me."

"I will come here not really because I like it, or the kind of relationship my ancestors have with this place, But because it is hidden here, a big monster, that monster is Charlie!"

Thinking of this, Maria frowned and said inwardly: "On the bright side, there are almost no 'monsters' who can be worthy of Angela's identity,"

"Could it be... she is also here for Charlie?"

Chapter 5161

Maria thought to this point, and when she looked at Angela, she suddenly laughed and teased: "Sister Angela, I think you came to Aurous Hill from Hong Kong this far, it doesn't look like you are looking for a job!"

Angela asked in surprise: "Why do you say that?"

Maria said with a narrow smile, "It feels more like you're desperate to pursue your sweetheart."

Maria's seemingly joking words pierced Angela's heart at once, she was a little flustered and immediately said in a secretive way: "How...how could it be...I have never been to Aurous Hill, and I don't have any acquaintances here, let alone a sweetheart."

Although Angela hurriedly covered it up, the panic in her expression was already there. It has been accurately captured by Maria.

It was this slight change that made Maria more sure that her judgment was definitely correct.

Combined with Angela's identity, besides Charlie, who else could make a rich young lady like her let go of her reserve and chase him all the way from Hong Kong to Aurous Hill?

However, Maria understands human nature very well, knowing that at this time, since Angela is a little flustered, she must stop in moderation, borrowing a sentence from the art of war,

That is, the poor should not be chased. So she immediately changed the topic, and said with a smile: "I saw that you are so beautiful, Sister Angela, so I purposely made fun of you!"

Afraid that someone will see what's going on. From her point of view, although she loves Charlie deeply, Charlie is a married man after all.

Even if she chases him in Aurous Hill, she must never tell other people about her feelings. It is impossible for others to guess the clues.

However, she did not expect that Maria would suddenly shoot another carbine at this time, and said to her: "Sister Angela's family background is so good, and she is so outstanding. In Hong Kong, I am afraid that even the young talents who pursue you will not be able to pick you. Come on, how can you have a crush on men from Aurous Hill?"

Maria's move was based on retreat, and she immediately touched Angela's deep love for Charlie. She blurted out almost without thinking, "It's not so absolute. Although Hong Kong is much more developed than Aurous Hill, men in Aurous Hill may not be worse than Hong Kong."

In Maria's eyes, Angela was subconsciously defending Charlie.

If you really like a person, you will naturally defend everything related to him, not only not allowing others to say that he is not good but even not allowing others to say that the city he lives in is not good.

Angela has such a mentality at the moment.

She feels that Maria should not think that Hong Kong is better than Aurous Hill in every way, because in Hong Kong she will never find a man like Charlie, so she must clarify her position on this point.

However, she didn't know that Maria had led her around by the nose several times.

At this moment, Maria smiled sweetly, and said with an apologetic expression, "Sister Angela is right, my way of understanding and looking at the problem is too one-sided."

Seeing Maria's innocent and lovely appearance in front of Angela, Larry was horrified.

At the same time, He couldn't help thinking to himself: "Miss has never behaved like this before. Is this intentional to test Angela? It's a pity that Angela can't see it at all."

At this time, the old lady Cole walked along the two sides.

People talked about the topic just now, and sighed: "Angela, you are too old, it's time to find a boyfriend and talk about marriage."

"The best time for a woman is the golden ten years from 18 to 28 years old. It's too late to regret it."

Angela stammered and said: "Grandma, I just graduated and I'm looking for a job, so I don't care about finding a boyfriend, let's talk about it after everything settles down."

The old lady nodded, and sighed: "Grandma is afraid that you will waste too much time."

She then asked, "What kind of boy do you like? Grandma will help you find one!"

Angela said hastily: "No need, Grandma, I think this kind of thing has to be encountered slowly. If you don't encounter it, it means that fate has not come. If you wait, there will always be a chance."

Seeing her firm attitude, the old lady sighed softly and nodded.

After lunch, Angela sat in Zilian Villa for a while and then accompanied by Sister Michelle, drove to Aurous Hill University for the interview.

Maria smiled like a flower and sent Angela into the car. After the car walked out of the gate of Zilian Villa, when she turned around, she had already shed her innocent smile and returned to her usual calmness.

Larry followed behind, and said respectfully: "Miss, I have a question, dare to ask you..."

Larry saw that Maria had been going after Angela, so he was a little puzzled, wondering why Maria did this.

Maria knew what he wanted to ask, so she just said indifferently, "Go and find out if Angela and Charlie have met in the past, and you will know why."

"Charlie?!" Larry asked in surprise: "Miss, It means that Angela came to Aurous Hill because of Charlie?"

Maria nodded, and said calmly: "I guess so, although I have 99% certainty in my heart, I don't dare to be 100% sure, I guess Angela and Charlie must have crossed paths."

Speaking of this, she thought of something, and said, "Since Angela came to Aurous Hill for the first time, You can ask Keagan Myers to check Charlie's current entry and exit records. See if he has been to Hong Kong, and if he has, check to see if he has had any contact with Angela when he went to Hong Kong."

As she spoke, Maria asked curiously: "By the way, where is Old Myres? I didn't see him for dinner."

Larry said: "He slept in his room, he said he didn't want to meet strangers, and his identity is very sensitive, he didn't want people to know that he was in Aurous Hill."

Maria hummed, and said, "Let him check it out, I'm also curious, and tell me the result."

"Okay."

Right now, Charlie, in front of Maria, no longer had the best disguise.

His current identity information has been mastered by her and coupled with Keagan Myers's special identity and background, it is easy to check Charlie's entry and exit records at customs.

Soon, Keagan Myers found out the entry records left by Charlie at the Hong Kong Customs when he went to Hong Kong before.

Later, he asked people to check the surveillance video of the airport.

Because the entry record has the entry time accurate to the second, and there is also a clear entry channel window number, so it is easy to find the monitoring of Charlie's entry into Hong Kong that day.

Since the public areas of the airport are all 360-degree surveillance without blind spots, it is easy to find the scene of Charlie walking out of the airport exit and Gerard and his wife respectfully welcoming him.

When Larry saw these video materials, he admired Maria completely.

He really couldn't figure it out. He was there the whole time Angela came here today. She didn't reveal any information about Charlie and didn't even say a word about him. How did Maria guess that she was here for Charlie? Now, how did she guess that the two had crossed paths in Hong Kong?

When Larry reported the information he found to Maria full of doubts, Maria was not surprised at all.

She just said with a half-smile: "This Charlie is obviously married, and he is still messing around everywhere. When he goes to Hong Kong, he makes Angela come all the way to Aurous Hill."

"If he goes to other places, he will probably do the same." Take away the souls of one or two little girls, if you dig out his itinerary in the past few years, maybe you can find a lot of infatuated women."

Chapter 5162

Larry smiled awkwardly, and sighed, "It can be said that this kid is very charming, but Angela likes him as a married man, and I am afraid that it will be difficult to cultivate in the future..."

Maria smiled slightly, thinking of something, and then asked Larry: "Can you check on Charlie? The last time he went to Hong Kong to meet Gerard, what was his identity and what did he do?"

"It's easy." Larry nodded and said, "I'll call Gerard and ask."

"No!" Maria stopped him, and said: "Since Angela's father knows Charlie, he must also know that the real purpose of his daughter's visit to Aurous Hill this time is for Charlie, and he also knows that his daughter just had lunch with you, If you suddenly call him at this time and ask

him about things related to Charlie, you will definitely arouse his suspicion, and if he talks to Angela later, it will be difficult for us to explain the motive.”

Larry said annoyedly: “I’m so stupid that I didn’t consider the stakes carefully. I’m so ashamed...”

“It’s okay.” Maria said flatly, “I’m sorry I didn’t explain it clearly to you. The premise of investigating this matter is that it cannot be exposed.”

As she spoke, she also said: “To investigate this matter we need to be careful. You can’t ask him directly, and you can’t ask people around him or people who have intersections with him. It’s best to find a controllable intermediary to inquire about it.”

Larry thought for a while and said: “This is easy to handle. One of my former subordinates is related to Gerard’s housekeeper. Later, he left me on the surface and returned to Hong Kong to develop, but in fact, it was me.”

“I secretly funded him to do things for me in Hong Kong, I will let him ask, the two of them are relatives, so they should be easy to talk to.”

“Okay.” Maria nodded, and then said: “By the way, tell Keagan Myers again, I want Charlie’s current identity, and let him adjust all the entry and exit records for the past two years. Make a list and send it to me.”

“Okay, miss!”

...

Ten minutes later.

Together with Keagan Myers, Larry came to Maria with a piece of printed paper.

Standing in front of her, Larry said respectfully: “Miss, I have almost done the investigation that you asked me to do.”

Maria nodded: “Tell me.”

Larry said: “First of all, Charlie went to Hong Kong to meet his family. As for the matter, what I found out was that Charlie was an executive of BAIT Shipping Group at that time.”

“Gerard had always wanted to cooperate deeply with BAIT Shipping, so BAIT Shipping sent Charlie to go with him. Interview and investigate his situation.”

“BAIT Shipping?” Maria frowned and asked, “What is the background of this company? With Charlie’s identity and strength, I don’t believe he will hold an executive position in any company,”

Larry hurriedly said: “BAIT Shipping has a lot of background. This is an ocean shipping group jointly operated by the Japanese Ito family and the Chinese Banks family.”

“Since the two companies already have very strong strength in ocean shipping, they merged into one. After that, it became a giant in the shipping field.”

“The Banks Family and the Ito family...” Maria pursed her lips and thought, “I have heard of these two families, one is the most powerful family in China,”

“One is the most powerful family in Japan. There is nothing strange about the combination of these two parties in the business field,”

“But the strange thing is, why did Charlie go to see Gerard as an executive of this company? It is absolutely impossible to work for such a shipping company.”

Keagan Myers interrupted at this time: “Miss, there is another relationship, which is even more strange.”

Maria asked him: “What is the relationship, tell me.”

Keagan Myers explained: “That’s right, the Banks Family and the Wade family have been fighting openly and secretly for so many years, and the troubles in the early years were very unpleasant. Even the Banks Family took the lead in forming an anti-Wade alliance back then, just to fight with the Wade family.”

“Contrary to each other, until Bruce and his wife died unexpectedly, and the Wade family’s vitality was seriously injured,”

“The Banks Family became the most powerful family in China, and it has been dominating the Wade family. I understand, how could Charlie help BAIT Shipping...”

Maria shook her head and said, “Your thinking is wrong. It’s not how Charlie can help BAIT Shipping, but whether BAIT Shipping is working for Charlie.”

Neither Larry nor Keagan Myers can understand the meaning of Charlie’s mastery of spiritual energy.

But Maria deeply understood that with Charlie’s strength and the courage to fight, it is impossible for any company in this world to order him.

So, after confirming this view, and then analyzing why Charlie went to see Gerard as an executive of BAIT Shipping, the conclusion she can draw is that there is a high probability that BAIT Shipping has a deeper connection with Charlie.

Because most of Larry's industries are located in Singapore and Malaysia, he has a good understanding of the current situation of the shipping market. He said at this time: "By the way, Miss, the origin of BAIT Shipping is really not simple. I don't know why. They have a very close relationship with Dragon Hall."

"Now Dragon Hall has set up an armed escort company, which almost monopolizes the commercial escort share of the entire Gulf of Aden. With the protection of Dragon Hall, the ships of BAIT Shipping are like entering the entire Gulf of Aden's man's land, no pirates dare to touch their bad luck!"

"Dragon Hall?!" Maria frowned, muttering, "This is a famous mercenary organization. In the past, it only cooperated with governments and local warlords. How can it be deeply bound with a company?"

Keagan Myers frowned suddenly and murmured: "This person is old, and his brain is really not enough. I just remembered a very important thing, which is related to Dragon Hall."

Maria raised her head and said eagerly, "Tell me!"

Keagan Myers said, "The Banks Family has a deep relationship with Dragon Hall. The subordinates who guard the way, and the Banks Family have always wanted to completely destroy the Wade family."

"Some time ago, they joined hands with Wesley to attack Wade mountain, the ancestral grave of the Wade family and wanted to level the ancestral grave of the Wade family. The Wade family ceded half of the family property in order to save their lives. To the Dragon Hall, this is barely escaped..."

"How is that possible!" Maria said almost without thinking: "With Charlie here, how could the Wade family lose?"

Keagan Myers said subconsciously: "But the Wade family did lose... Almost everyone in the whole country knows about this matter..."

Maria shook her head and said: "Impossible, as long as Charlie was there on the Mountain that day, It is absolutely impossible for everyone to lose."

Keagan Myers said: "Maybe Charlie was really not there that day..."

“Impossible.” Maria said again: “As you said since Wade Mountain is the grave of the Wade family’s ancestors, Charlie’s Parents must be buried there and Charlie even dared to attack Wesley in order to avenge his parents, Dragon Hall wants to level his parents’ tomb, how could he not go?”

“This...” Keagan Myers suddenly fell into deep thought.

He was also a little confused by this series of inferences.

Maria muttered at this time: “The Banks Family has a relationship with the Dragon Hall, and the Banks Family and the Ito family jointly launched the BAIT Shipping.”

“These seem to be alright, but the problem is that the Banks Family and the Dragon Hall want to shovel the leaves. Family ancestral grave, why did Charlie go to meet Gerard in Hong Kong as an executive of BAIT Shipping?!”

“It’s like the three Axis countries during World War II. It doesn’t matter how they form an alliance or cooperate with each other, but the United States was fighting them to the death,”

“How could it suddenly shake hands with them? So, I want to know, what resolved the hatred between Charlie, the Banks Family, and Dragon Hall?”

Keagan Myers and Larry also looked at each other in dismay.

The Banks Family, Wade family, Dragon Hall, Ito family, and Charlie, the relationship between them seem to be intricate, and difficult to discern the truth.

At this time, Maria said again: “Hate will not disappear without a reason. The disappearance of hatred must be caused by one party conquering the other.”

“It is like the United States dropped two atomic bombs on Japan in 1945, but Japan ended up becoming the country where the United States is in.”

Like the most solid allies in Asia, once they are conquered, there will be no more hatred.”

Speaking of this, Maria said with firm eyes; “The Banks Family and Dragon Hall will never conquer Charlie, the only possibility is Charlie conquered the Banks Family and the Dragon Hall!”

Chapter 5163

“Charlie conquered the Banks Family and the Dragon Hall?!”

Hearing this, Keagan said in shock, “Miss... this... this is a bit exaggerated... The strength of the Banks Family is stronger than that of the Wade family and the strength of Dragon Hall

cannot be measured by money, they have tens of thousands of mercenaries, and now it is said that they have built their own permanent base in the Middle East, How could this kind of organization be conquered by Charlie?"

Maria said lightly: "Charlie's strength is far from what Dragon Hall can match, Otherwise, when the Banks Family and Dragon Hall went to Waderest Mountain together, There would have been no way for Charlie to survive, although we don't know what happened that day but we can see from the results that Charlie was not affected in any way which is enough to prove that the Banks Family and Dragon Hall completely failed on Waderest Mountain that day."

After a pause, Maria continued Said: "As I said just now, the enemy in Charlie's eyes is Warriors Den."

"He is the same as me, and he has a mortal hatred against Warriors Den, but he is much stronger than me."

"I am still in the process of hiding from Warriors Den."

"It is chasing and killing the Middle East and hiding in Tibet, exhausted, but he has already launched a real attack on the Warriors Den in the dark."

"From this point of view, how can the Dragon Hall be able to stop him?"

"If he is willing, On Waderest Mountain, could directly kill the number one person in Dragon Hall!"

Keagan pondered for a moment, then frowned and said: "In this way, It is rumored that the Wade family ceded half of their assets to Dragon Hall. It is a smoke bomb!"

Maria nodded, and said seriously: "To be precise, It should be the smoke bomb released by Charlie!"

After finishing speaking, Maria suddenly remembered something and asked the two of them: "By the way, after Waderest, Is there any special news or changes from the Banks Family and Dragon Hall?"

"Changes?" The two looked at each other, and Larry said, "I don't know the situation of the Banks Family, but I have heard of Dragon Hall."

“Their situation in Syria suddenly became very active and they soon joined forces with BAIT shipping to monopolize the armed escort in the Gulf of Aden and they wiped out a pirate organization before, scaring the pirates in the Gulf of Aden at once.”

“They have lost the courage, and since then, as long as the merchant ships escorted by the Dragon Hall's armed forces, no pirates dare to approach.”

Maria nodded: “This transformation is not unsightly, and I think there should be expert guidance behind it.”

Keagan thought for a while and said, “It's strange to say that the news came out that day that the Banks Family and Dragon Hall were in Yemen.”

“After the big victory in Waderest, the Banks Family suddenly kept a low profile.”

“Some people said that they made a fortune in silence But I always felt that they were very high-profile before they won Waderest.”

“There is no reason to do anything after winning. Making a fortune in silence, Isn't that the same as stealing one's ears and stealing one's bell?”

“That's why I was always surprised by this incident.”

“Later, the Banks Family quickly changed the head of the family.”

“The previous head Lord Banks Su retired,”

“And passed on the position of the head of the family to his 24-year-old eldest granddaughter, Zara.”

“Passed to the eldest granddaughter?” Maria muttered with a puzzled expression, “Why do you want to choose a grandchild from another generation to directly inherit the position of head of the family?”

“Shouldn't you choose a son in the middle for transition?”

Chapter 5164

Then, Maria asked Keagan: “Could it be that the Banks Family has few descendants?”

Keagan hurriedly said: “Miss, on the contrary, they have seven children of the Banks Family, five of them are sons and Two Daughters are all in the prime of life, and there are even more grandchildren...”

“Strange...” Maria frowned and said, “Since there are five sons, Why pass the title of Patriarch to the eldest granddaughter directly?”

“The eldest grandchild is a woman. Just saying that he skips the children’s generation and directly choosing the grandchildren to succeed him will easily arouse the dissatisfaction of the five sons.”

“Even Zara’s biological father will never be willing to accept being directly skipped.”

Speaking of this, Maria said again: “Back then, Ming Chengzu highly valued the emperor’s grandson Ming Xuanzong,”

“But even so, Chengzu did not directly pass on the throne to Xuanzong,”

“But first passed on the throne to Renzong for a while,”

“Even if this old man really thinks highly of Zara should also pass the throne to Zara’s father first,”

“And then let her father pass the throne to her.”

“In this way, Zara’s foundation can also be consolidated.”

“She is a girl who directly takes the position, how can she hold back?”

“Even if Lord Banks is always behind her, it will be difficult for Zara to really control the Banks Family.”

Keagan thought of something, and said: “By the way, miss, after the position of Patriarch was passed on to Zara,”

“He has already retired, and it is said that he went to Africa to enjoy his life.”

Maria frowned even tighter: “He helped Zara onto a strong horse, and he didn’t help her personally.”

“Help her tame the fierce horse and then retire?!”

“If he does this, even if Zara has great abilities, she can’t hold it back!”

Keagan shrugged: “But, Zara After taking over, she has done many important things in succession.”

“It is her handwriting to cooperate with the Ito family in Japan to establish BAIT shipping.”

Maria said with a serious expression: “From the perspective of human nature, Zara inherits the position of head of the family, her father, her uncle, and aunt are unlikely to subdue her and Lord Banks did not stay by her side to help her suppress the situation.”

“Logically speaking, this is like a balance. Zara herself, the other end is her seven elders and the other end of the balance must be her seven elders.”

“Zara’s control over the family will inevitably be eroded but you say she sits comfortably. There is only one possibility...”

At this point, Maria raised her voice a little, and said firmly: “Behind Zara, there must be a stronger person to help her shake the situation, Or the one I just mentioned, standing behind Zara, that person can hold Zara firmly, preventing her seven elders from moving!”

Keagan exclaimed: “Miss if you analyze it like this, That person must be Charlie!”

“Yes.” Maria nodded, and said, “This way everything is logical.”

“Charlie conquered the Banks Family on Waderest Mountain, and even appointed the new head of the Banks Family.”

“He was able to leave China disheartened, and even if his seven children are unwilling, They can only accept it obediently and dare not have any disobedience to Zara!”

After finishing speaking, Maria couldn’t help admiring: “Waderest In the first battle, Charlie obviously won but he wanted to say that he lost, and he also said that he lost more than half of his family property.”

“Charlie’s move is really wonderful!”

Keagan agreed: “Since that day, many families have stopped paying attention to the Wade family, Thinking that they have become the last of their strength and have regretted it for a long time, but now it seems that this should be done on purpose by Charlie!”

Maria nodded and said: “ Since Charlie won on Waderest Mountain that day then The Banks Family and Dragon Hall must bow their heads to Charlie.”

“Needless to say, Dragon Hall may have already pledged their allegiance to Charlie.”

“As for the Banks Family, if the Patriarch was still Lord Banks, I’m afraid he will have to give out more than half of his family property to beg Charlie to be noble, But the Banks Family just changed a girl to be the head of the family...”

Maria couldn't help sighing, and murmured: "Isn't it? Is it another romantic debt?"

Chapter 5165

"Romantic debt..."Hearing Maria's emotion, Keagan suddenly remembered something, and said,"Miss, I have the impression that the current head of the Ito family is also a girl and her age should be about the same as Zara. Nanako Ito."

"A girl too?" Maria couldn't help but wonder: "What's wrong these days? Is it popular for girls to be the masters of the house? Or does she have some stories with Charlie?"

Keagan hurriedly said: "Oh, by the way, miss, you asked me to investigate Charlie's exit records."

"I found out that he stayed in Japan for a while last year."

"Nanako Ito took over as the head of the family only after he went to Japan."

"During that time, the top three families in Japan fought. The Ito family had the last laugh in the chaos But Yuhiko Ito lost his legs because of it, and since then, He has retired behind the scenes and let his daughter take charge of the overall situation."

As he said, Keagan continued: "I remember that time in Tokyo It was so confusing that the son and daughter of Zayne Banks were kidnapped in Japan. Fortunately, the two escaped."

"In order to retaliate, the Zayne Banks sent killers to wipe out the family that was the culprit."

"Interesting..." Maria said with a smile: "As long as Charlie has been to a place, something happens, If I guessed correctly, that Zara was in danger in Japan, She should have been rescued by Charlie, That's why Charlie helped her to the position."

"What Charlie wants may not be the compensation for the Zayne Banks's ceded land, But it may also be for the Zayne Banks to bow their heads and surrender."

Maria said again: "There is also the Ito family, maybe it was because of Charlie that they were lucky enough to be here."

"Survive to the end of that chaos, maybe Nanako is also Charlie's confidante, the whole Ito family is in her hands, if Charlie needs it, she can give it all at any time."

Keagan laughed and said: “Miss, isn't it a bit too much to think highly of this Charlie and I can't do anything, but as long as you have a little bit of contact with Charlie, It must be Charlie who is behind the scenes, right?”

Maria smiled slightly, and asked him: “Charlie obviously has such great ability.”

“But the vast majority of people don't know his existence, even his wife, His mother-in-law and other people who live with him every day don't know his true identity and strength, do you know why?”

Keagan asked in puzzlement: “Miss, how do you know that his wife and mother-in-law don't know his real identity?”

Maria smiled and asked him back, “His mother-in-law went to the temple to make a wish, do you know what wish it was?”

Keagan said blankly: “I...I don't know...”

Maria said: “His mother-in-law made a wish to the Buddha, hoping that she can make a lot of money by live broadcasting, and how much money can she make by live broadcasting?”

“One hundred million a year? Ten a year. Billion?”

“Charlie's assets are probably much more interesting in the bank than this. His mother-in-law is so short-sighted, do you think she will know who Charlie is?”

Keagan exclaimed: “This... this is also not realistic... they are people who live together all day, how could they not know Charlie's true identity?”

Maria said lightly: “Actually, they made a mistake just like you.”

Keagan hurriedly asked: “What's wrong? I hope the lady will make it clear...”

Chapter 5166

Maria said seriously: “You all instinctively don't want to think of Charlie as strong,”

“You always feel that he can't be that powerful, Dragon Hall can't be conquered by him and the Zayne Banks, it is impossible for him to control the life and death of the Ito family and those Japanese families and it is impossible for him to do those incredible things by himself.”

“If I hadn’t come to Eastcliff to find you, you wouldn’t know Charlie’s true identity, even if you get along with him day and night, I’m afraid you won’t see through his true identity.”

Speaking of this, Maria said again: “But I am different from you.”

“I have seen Charlie’s real strength, and I also know how much his strength is, so in my heart,”

“I am willing to push him to the end. Thinking about it from a strong point of view,”

“I just think that he can conquer the Dragon Hall,”

“And I just think that he can conquer those big families that look great,”

“So I instinctively want to believe what you said, it must be Charlie.

Keagan pondered for a moment, then nodded lightly and said: “What Miss said is very true...”

“I was influenced by my subjective cognition to make an objective judgment.”

“If I subjectively think that something is false, my objective logical thinking will also acquiesce.”

“If the subjective cognition is correct, I won’t correct it anymore.”

Maria nodded, and said seriously: “Charlie’s wife and mother-in-law live with him all day long,”

“So it’s impossible not to find out the clues, but once they do it subjectively,”

“They think that Charlie will not have such a great ability,”

“Or Charlie is just an orphan, and it is impossible to have any great background,”

“Then when they find out the clues, they will not dig deeper.”

“In that case, Charlie only needs to follow their subjective cognition and make up a random reason to deceive them,”

“And make them subconsciously realize that the so-called clue is really because of this.”

At this time, Larry on the side couldn’t help sighing, “Behind this Charlie is the Wade family, there is the Evans family, and his own strength is unmatched.”

“After the First battle in Wade Mountain, he subdued the Dragon Hall and Zayne Banks and his strength went further. In addition, there is the Ito family in Japan...”

“But even so, he can take the initiative to show weakness, develop in a low-key manner and not be surprised by favor or humiliation. It seems that this person is really not simple!”

“This is due to his personality, and on the other hand, it also means that at this moment,”

“In his eyes, he still has a big enemy. You and I think he is already very powerful now,”

“But he himself feels that he can’t show his edge, but also to suffer for it, and keep secrets.”

At this point, Maria’s expression was a little uncontrollably excited, and she clenched her fists and said, “It seems that he has already made preparations for a life-and-death meeting with the Warriors Den!”

“This is exactly the same as me! I want to meet with him today,”

“Confess everything to him, and then join hands with him to deal with the Warriors Den!”

Keagan hurriedly said: “Miss, if you have this intention,”

“I can contact Lord Wade and be honest with him. I think he should be able to ask Charlie to meet with you.”

Maria thought for a while, then waved her hand and said: “Forget it, the actual situation right now I’m not yet mature,”

“After all, I played a scene in front of him, and now I’m going to show up,”

“It will definitely arouse his vigilance, and it may even touch his back scales,”

“Making him regard me as an enemy, once he treats me as if on guard,”

“Even if he is willing to cooperate with me in the future, he will definitely be wary of me.”

“I don’t want a partner who is always wary of me. I want to work with him on the basis of 100% mutual trust to fight against the Warriors Den.”

Speaking of this, Maria suddenly sighed, and said with emotion, “I’m so looking forward to the start of school soon! In September, I will get to know Claudia first, in October I will meet Charlie again through Claudia and in November let him let go of the guard, and then I can confess my true identity,”

“And origin to him step by step, and give him a little more time to digest and accept,”

“And then we can join hands with him to discuss how to deal with the Warriors Den in December!”

Chapter 5167

At this moment, Aurous Hill university.

Although Larry’s family vehicles can enter and exit the university at will, Angela got off the car on the side of the road a few hundred meters earlier in order to keep a low profile.

When she came to the school gate, she wanted to take the initiative to explain her intentions to the security guards and ask them to allow her to enter, but unexpectedly, As soon as she arrived at the gate, a young woman greeted her and asked enthusiastically, “You are Angela Lombardo, Miss Lombardo. Right?”

Angela asked in surprise: “You are?”

The other party quickly introduced herself with her name and continued, “I am from the Human Resources Department of the university, I’m afraid you can’t find the place when you come, so I’m here in advance waiting for you.”

Angela hurriedly said: “Thank you so much, and you have worked so hard to make a special trip...”

The lady said with a smile: “No hard work, no hard work, You are the talent our director named to focus on.”

“They have mentioned you several times in front of me, and are very optimistic about your resume.”

Then, she looked at the time and said, “There is still half an hour, why don’t we go in, and I will show you around!”

Angela was a little flattered and said, “Thank you for your hard work!” Angela didn’t have to wait for the entire school to transfer, But just entered the school, and immediately fell in love with this place.

Perhaps it was because of Charlie’s filter, she felt that everything within sight of the university was so pleasing.

The huge campus looked very open, and the architecture was quite elegant.

Even the trees, flowers, and plants were beautiful. It looks extraordinarily lush.

In short, everything is good. And the university's attitude towards her, as Sister Xian said, is definitely a thirst for talent. In the past two years, the University has been paying great attention to the recruitment of Hong Kong and foreign lecturers and professors and even spent a lot of thought on this, but with little success.

Many high-achieving students who graduated from Hong Kong or overseas top universities, if they are interested in teaching, can generally apply directly at this school. smoother.

Moreover, the international ranking of Aurous Hill university is indeed much lower than that of Hong Kong University and other famous universities in the world.

For example, Hong Kong University, which Angela graduated from, is ranked 21st in the world by QS, while Aurous Hill university is ranked 133rd in the world.

The gap is not a little bit.

Therefore, for this university, doctoral students are easy to recruit, but it is not so easy to recruit doctoral students who graduated from the top 5 universities in Asia and the top 30 universities in the world.

What's more, Angela's grades at Hong Kong University are excellent.

From undergraduate to master's degrees, almost all of them stand out with the best grades.

In the eyes of several interviewers of Aurous Hill university, this is simply a treasure.

During the interview, the three interviewers were very satisfied with Angela's resume background and actual performance in the interview.

The director in charge of human resources had even begun to prepare a press release for Angela after joining the job.

The most eye-catching stroke in the introduction plan.

Moreover, Angela's appearance, figure, and temperament are all one in a million.

The gimmicks such as beautiful class tutors and beautiful lecturers are too easy to the hype on today's social media.

With countless fans, Angela, a natural and unadorned top-notch beauty, will definitely arouse more discussion and pursuit.

Because of everyone's extraordinary satisfaction with Angela,

The director of the human resources department of the university was afraid that there would be any changes in this matter,

So he wrote a line on a white paper during the interview, which read, "Too excellent Yes, there must be many schools vying for her, It is recommended to avoid the re-examination and confirm it as soon as possible!"

Chapter 5168

Although this lady is the person in charge of the human resources department the decision to hire or not is in the hands of one of the vice principals.

The vice-principal saw the words on the paper, and wrote two words on the bottom: "I Agree."

Afterward, he pushed the paper to another interviewer and the other interviewer followed "Agree too" and quickly wrote a "+1".

So, the three of them passed messages to each other by means of notes and made an unprecedented decision.

At the end of the interview, the woman who was about forty years old stood up and Smiled and said to Angela: "Miss Lombardo, since your resume and qualifications are very suitable for our positioning of young talents after the consensus of the three of us, I decided, I can give you a clear answer now, you are hired!"

Angela asked in surprise: "I don't need to take the re-examination or written examination?"

The woman said with a smile: "No, although our normal recruitment is one-sided, Two-sided and written tests in the process, but only one part is essential."

"The two-sided and written tests can be adjusted according to the actual situation."

"The three of us feel that your situation in all aspects is very good."

"It meets our needs, and you live in Hong Kong now, so we don't need to make you go back and forth again and again."

"If you are sure that you are willing to stay and teach in our school, Then please adjust your itinerary. Wait for a day, The three of us will finish the recruitment process today and prepare the signing materials and we can formally sign the contract tomorrow morning."

After that, she looked at Angela expectantly and asked, "How does Miss Lombardo feel about it? You can confirm it now, or should you go back and think about it?"

Actually, these three interviewers were more nervous than Angela.

Almost all the double first-class universities in the mainland are very interested in talents like her,

And almost all have similar young talent introduction plans.

With Angela's conditions, interviews for the position of ordinary lecturers, Any university on the mainland, as long as it is fair there is absolutely no difficulty in the competition.

They also don't know why Angela chose to come to Aurous Hill as a native of Hong Kong.

They are worried that Angela has no special feelings for Aurous Hill But just cast her resume to these schools, so if they don't confirm as soon as possible Maybe tomorrow she will sign to another school.

Angela didn't know what the three of them were thinking.

She originally thought that the interview would be a one-stop process But she didn't expect to get the offer from the other party in one step.

This was naturally the most ideal result for her, so she said without thinking, "I'm fine!"

The other three were also relieved, and the woman said, "Since everyone is fine, let's sign the contract here at nine o'clock tomorrow morning."

"I will prepare the contract in advance, Ms. Lombardo."

"At that time, you can just bring the relevant documents and you don't need to prepare copies, we can make copies everywhere."

"Okay!" Angela said with a smile, "Thank you for your approval, I will come here on time tomorrow morning."

The woman thought of something, and said to her: "By the way, Miss Lombardo, in view of your special situation, We can provide you with a teacher's apartment."

"I can show you around tomorrow, or you can choose a room first."

Angela wanted to say that she planned to buy a suite in Aurous Hill and does not want to take up the resources of the school.

But after thinking about it, housing prices in Aurous Hill are not cheap.

She has just graduated and if she buys a house before a formal job.

In the eyes of others, it may be too ostentatious.

Why not just accept the apartment arranged by the school, and then quietly buy a suite!

Thinking of this, she said, "Thank you so much!"

Chapter 5169

Angela, who was confirmed to be hired, walked away from Aurous Hill University by stepping and jogging all the way.

Everyone didn't expect that such a beautiful woman with an intellectual and cold face would be bouncing around on the side of the road like a child. The huge contrast was truly astonishing.

Angela left the University, walked a few hundred meters and turned a corner. Sister Michelle and the driver were still waiting in the parking space on the side of the road.

Seeing Angela, Sister Michelle got out of the car immediately, and said with a respectful smile, "Miss Lombardo is so happy, it seems that you must be very satisfied with the results of today's interview."

Angela was very happy, and said with a smile: "Sister Michelle, thank you, I have passed their interview and received the employment notice, I will change the itinerary and sign a formal contract with them tomorrow morning, so that I can wait to start the job with peace of mind."

"That's really great! "Sister Michelle was also very happy, and quickly said: "Miss Lombardo has won the flag today, and we have to celebrate. I will call master and tell him the good news."

Then, she asked Angela: "What would Ms. Lombardo want to eat tonight? I will cook it myself tonight!"

Angela said with a smile, "Thank you, sister Michelle!"

After she finished speaking, she thought of something, and hurriedly said, "By the way, sister Michelle, can you take me to see a house? It is the real estate of Thompson first you mentioned before. If it is suitable, I will buy the house today, and try to finish all the things that need to be done this time."

Sister Michelle said without thinking: "No problem, then let's go there now, and I'll take you to the sales office."

The Thompson first real estate in Aurous Hill is indeed very popular when it was first opened, but more than a year has passed, and this real estate has not yet been sold. Complete liquidation, although the villas have been snapped up, there are still some properties on the flat floor for sale.

The reason is that the overall positioning and pricing of the real estate are relatively high, and it is a typical high-low distribution area.

This kind of high-low residential area mainly focuses on high-end villas. If possible, the developer is more willing to build it into a pure villa community, but in order to meet the requirements of the management department for the floor area ratio, they have to allocate part of the land for Build high-rise residential buildings.

The real rich basically bought those expensive villas ranging from tens of millions to more than one hundred million. The remaining flats of more than 10 million to 30 million, the positioning is a little embarrassing.

Those who can spend so much money to buy a house are not considered top rich, but at least they are middle class.

The arrogance of the middle class is actually very strong. In the minds of most of them, they are also the elite class of society, so naturally they would rather be chicken heads than phoenix tails.

When they buy a house, they are more willing to buy in those communities that are purely flat and not positioned so high-end, and then buy a large-area building in it.

The last thing they want to buy is this kind of high-low residential area. Obviously, they already have tens of millions of net worth. If they buy in this community, not only will they not get any sense of accomplishment, but they will be overwhelmed by villa owners every day.

If you live in a medium-sized community, driving a car worth more than one million yuan is basically considered top-notch, but in an ultra-high-end community like Thompson first, it is no exaggeration to say that even working in a villa The aunts who go out to buy vegetables may not be able to compare.

In the underground garage of the community, more than 3 million cars account for more than half, and the cars below 3 million are basically the kind that are produced in the eastern island country. A noble nanny car with a price increase of hundreds of thousands.

In this environment, driving a Mercedes-Benz S, or a BMW 7 Series, is really embarrassed to say hello to my neighbors.

When Noah's family came here to look at the house, Harold once said a very classic sentence. He felt that living in this community was to stand guard and block bullets for the rich people in the villa area inside.

Because of such awkward positioning, Thompson first 's villas were almost empty after opening, but these flats have been sold until now.

Fortunately, Angela didn't care about these things.

She just wanted to find a suitable house near the school to be her boudoir.

And her requirements for the house are that the transportation is convenient, the environment is good, the decoration is good, the real estate positioning is relatively high-end, and the cultural environment is not so noisy and low-quality, so that it is more worry-free to live as a girl.

When she was sitting in a Rolls Royce and arrived at the sales office of Thompson first in just ten minutes, she had already decided in her heart that she would buy this complex.

Because the transportation from this community to the school is really convenient, and Thompson first itself is already positioned as the best in the vicinity, so she knows without looking that she does not need to go anywhere else.

Although she has a lot of requirements for the house, the convenience of transportation is indeed a very, very important part.

When they arrived at the sales office, Sister Michelle naturally accompanied her all the way.

Compared with the hot scene when the market just opened, it has been much deserted at this time.

When the sales lady saw a Rolls Royce parked by the side of the road, she was already in high spirits.

When the two walked out of the Rolls Royce and came all the way to the sales office, the sales director went out in person, enthusiastically opened the door for the two of them, and said respectfully: "Welcome to Thompson first , do you want me to introduce the specific situation of our project to you?"

Angela nodded, and then glanced at the sales office. The huge and exquisite sand table in the center of the building pointed to the row of high-rise buildings near the river and asked, "Is there any room in this building?"

The sales director immediately said: "Yes! This building It is one of the kind of buildings in our flat, with a very good view, and with our super large floor-to-ceiling viewing windows, you can have a panoramic view of the first-line river view!"

Angela asked: "Can you introduce the apartment type?"

The sales director hurriedly said: "Miss, this apartment is the largest in our area, with a construction area of square meters, two and a half balconies for free, and a purely free equipment room. The total usable area of balconies exceeds eight Shipping, although the equipment room is called an equipment room, in fact, our large-scale equipment has a special equipment well."

"The usable area of equipment room is about 16 square meters, which is equivalent to giving away a bedroom for nothing, and we have already done it when we finished the decoration. The balcony is closed, and it can be used as an indoor space. The addition of these two items is equivalent to giving you more than 50 to 60 square meters of usable area, so the actual usable area is more than 250 square meters."

Angela said with some doubts: "Two hundred and forty plus sixty, how can it be more than two hundred and fifty?" The

sales director said in surprise: "Excluding the shared area, our shared share is almost 20%, which is already considered a high-level,"

"Shared share?" Angela was also very surprised, she lived in a villa since she was a child, and never bought a house or apartment by herself, plus she has been concentrating on her studies, so she really doesn't understand the concept of these real estate too well, and, although the common area is a great invention of Hong Kong, it has abolished this concept ten years ago.

Sister Michelle at the side pulled Angela aside and whispered for a while before she understood that this concept was actually in Hong Kong.

However, more than two hundred and fifty square meters is completely enough for a girl like her, even a little too big.

So she asked the salesperson: "Is this the only type of apartment? Is there a smaller one?"

The sales executive said truthfully: "The building has this type of apartment, one elevator for one household, and an elevator to enter the household. If you don't mind the view, you can take a look at the building behind, there are 180 square meters of units in that building."

Angela looked at the approximate location, shook her head and said: "Forget it, let's take a look at this building, do you still have the top floor?"

The salesperson nodded: "Yes, there is another one on the top floor that was just cleared a while ago. He paid a deposit of one million yuan, but the loan was not approved, so he cleared it out."

Angela said without hesitation: "Okay, that's the set."

The sales lady didn't even look at this kind of apartment when she saw it for the first time, so she decided to buy it.

What's more, this is also a apartment with a price of more than 30 million yuan. Anyone who buys such an expensive apartment must carefully read the details of the scene and compare and consider it before making a decision.

However, for Angela, she didn't have much energy to choose and compare apartment. Although she hadn't seen the apartment here, she was very satisfied with the location and transportation. In addition, the area was large enough and the size of the apartment was also good. There is nothing flawed, so going to see the actual site is to see the details of the decoration.

But Angela is also very clear that since this is already the best real estate in Aurous Hill, if she doesn't like this place, she will look down on other places even more. If this is the case, why bother to waste time and make comparisons?

The sales lady couldn't help but said: "Miss, why don't I take you to have a look... After all, it's worth more than 30 million..."

Sister Michelle on the side also said: "Yes, Miss Lombardo, come here! Here we go, let's take a look. If there is anything you want to adjust in terms of layout and details, you can give a general direction. If you need to find interior decoration, we can contact someone."

Angela said: "My favorite is the top floor, the sales said that there is only one set, so I am worried that someone would take the lead..."

Sister Michelle said with a smile: "Don't worry, Ms. Lombardo, the apartments here are not so tight..."

The sales lady herself said: "Yes Ah, miss, there are quite a few people looking at our apartment, but the unit price is indeed too high. To be honest, it's not that easy to sell. Let's take a look. It only takes ten or twenty minutes. You can be sure there is no problem after. And if you don't regret it, we can come back and sign the contract and pay the deposit."

Angela shook her head and said firmly: "Even if it is difficult to sell, this is the only way, even if there is only a 1% chance of being snatched away. That is also risky."

As she said, she asked the salesperson: "If I take the apartment now, how much will I need to pay, I can take the apartment first and then go to see it with you."

"This..." Seeing her insistence, the salesperson quickly said, "If you have the funds right now, then you can lock the apartment by simply paying the 1 million intention deposit, so that you are 100% sure that no one else will be able to buy it."

As she said, she continued: "However, if you lock the listing but don't buy it in the end, we will deduct 10% of the intent deposit, can you accept this?"

"No problem." Angela said without thinking: "Swipe the card now!"

The salesperson was overjoyed, and quickly pointed to the VIP room and said, "Miss, this way please!"

Angela followed the salesperson to the VIP room, and as soon as the door closed, a middle-aged man wearing a mask walked in. Another salesperson immediately stepped forward and said respectfully: "Hello, sir, do you want to see the house?"

I can move in immediately with the bags? The bigger the house, the better!"

Chapter 5170

The salesperson was surprised when he heard this and couldn't help thinking to himself, "Could it be that some kind of wind brought the god of Wealth here today? All the customers are not short of money at all?"

Thinking in her heart, she said very politely: "Hello, sir, the main products here are villas and flat-floor units, and all the units are interior designs by well-known Italian designers. And all the decoration materials are also imported from Italy, all the household appliances are also imported from Germany, and the furniture is imported from France and Italy. Check in."

The middle-aged man asked again: "Can Japanese people buy it? Do you have any purchase restriction policy?"

The middle-aged man who spoke was Ito Yuhiko's loyal servant, Tanaka Koichi.

He was ordered by Nanako to come to Aurous Hill ahead of schedule, just to buy a house for her first.

However, in the past few days, he has visited a lot of villa areas, and he has also seen a lot of villas for sale. The hardware of the villas is far from what Nanako wants.

For Nanako, she likes the deep houses of the ancient Japanese nobles. Although Japan has a small area and many people, the deep houses of the Japanese nobles are surprisingly large.

However, that kind of house is rare in modern China, and there are some protected palaces in Eastcliff, which are really hard to find in Aurous Hill.

Moreover, even if such a large house can be found, most of these houses are in disrepair, and some super-large villas are decorated in an exaggerated European style. This kind of resplendent decoration is simply neither fish nor fowl, all details were used to highlight one core, that is, we are rich!

Therefore, Hiroshi Tanaka looked around, but couldn't find a house that could satisfy Nanako.

However, today is already August 4th.

There is only one day left until Nanako arrives in Aurous Hill tomorrow. If she can't find a suitable house, after Nanako and Ito Yuhiko arrive, they will have to stay in a hotel.

If that is the case, Koichi Tanaka would have done nothing in the past few days when he came in advance.

Thompson first is his last hope. Although he knows that Charlie lives in this community, the lady doesn't want to live too close to him, but right now there is really no other good choice.

The salesperson replied at this time: "A foreigner needs a one-year residency certificate in China to purchase, but if the company purchases, there is no such restriction."

Hiroshi Tanaka nodded and said to the salesperson: "Then show me the villa. Let's go! Ask for the largest unit size!"

The salesperson said apologetically, "I'm sorry sir, all our villas are sold out now, and the only ones left are flat-level units."

"Sold out?!" Koichi Tanaka asked angrily: "Is there any extra set? Or do you have any owners who are reselling them now?"

The salesperson explained: "It's really gone, sir, now There are still a lot of customers who want to buy our villas, but none of our owners are interested in changing hands. If you are willing to wait, you can wait a little longer. If there is any news, I can inform you as soon as possible."

Tanaka Koichi thought for a while , opened the mouth and said: "Forget it, I can't wait so long, you should introduce to me your largest one-story apartment!"

The salesperson nodded, pointed to the building, and said to Koichi Tanaka: "Sir the suite are in the King building, with a beautiful view along the river, and the largest apartment size."

Koichi Tanaka knew that his lady likes to be quiet, so he asked without hesitation, "Is there any room on the top floor?"

After hearing this, the salesperson was taken aback, thinking to herself In fact, this house has been cleared out a long time ago. It has been empty for so long and no one cares about it. Why is it suddenly so popular now?

However, when she thought that some customers had already paid the intention money just now, she could only say regretfully: "I'm sorry sir, the last top floor has already had a customer pay the intention money just now."

Tanaka Koichi said without hesitation: "Just paid the intent deposit, so I can pay the full amount now, right?"

The salesperson said helplessly, "No sir, she has the right to buy first after paying the intent deposit. If you want to buy it, it depends on whether she wants to go back on the deal in the end... .."

Hearing this, Tanaka quickly asked: "Then if she still can't make up her mind for a while, how long do I have to wait for her?"

The sales lady explained: "Under normal circumstances, there is a priority within 24 hours after paying the intention money. The purchase right, after 24 hours, if the balance payment has not been paid, then it will be deemed as a waiver."

"24 hours?" Tanaka Koichi said a little depressed: "24 hours is too long, I have to buy it today "

"This..." The sales lady was also a little embarrassed for a while, so she said, "Sir, our apartment type is not the only one left. We still have eight apartment in that building that have not been sold. It's the same, but the floors and locations are different, but as long as you go up from the sixth floor, you can see the river view, so there's not much difference;"

"If you like high-rise buildings, we also have a sub-top floor The good apartment is just below the top floor, and to tell you the truth, the price of the second top floor is more expensive than the top floor, and it is also the most expensive in our entire floor. Naturally, the insulation of the top floor is not as good as that of other floors. Therefore, it will be hotter in summer and colder in winter, and there is a risk of water leakage on the top floor, so you might as well choose another floor."

Koichi Tanaka shook his head and said: "Our lady always likes to be quiet, what she wants is a villa , it's just that I haven't seen any suitable ones these days, and your place is already sold

out, so I'm more inclined to get the top floor, after all, it won't be disturbed by the noise from upstairs."

"That's it..." the sales lady After thinking for a while, she said, "How about this, sir, please wait for a while, the lady is going to see the apartment soon, if she is still not sure when she comes back, I will put pressure on the supervisor to make her shorten her deliberation time? If you can pay the full amount today, if the other party hesitates to make a decision, it is really not good. I will ask the supervisor if he can bear the cost of liquidated damages. Our liquidated damages are not high, just intention 10% of the gold, just 100,000 yuan."

Tanaka said without hesitation: "Then don't bother, sell it to me directly, I will pay the liquidated damages, and I will pay double, so that lady will be satisfied."

The sales lady was shocked, and she was even more puzzled: "These two are weird fairy customers, one will book the apartment without seeing the apartment, and the other will not see it at all. Been selling the apartment for so many years, I have never seen such a straightforward client. This time, two of them came here..."

Thinking of this, she said to Koichi Tanaka: "Mr. If the lady decides to buy the house immediately after seeing the house, we must not take the initiative to breach the contract... In that case, it will not be good for our reputation..."

"The only thing that this lady can't make a decision is at some point, we will let you take her place again, so it can be considered reasonable... If this matter gets out and people find out, most people will understand us..."

"But don't even want to give that lady ten minutes of time to look at the apartment, so I just want to kick her out. If it gets out, we will be scolded and probably punished by the competent authority, so please wait a moment, I have to wait until the lady has finished inspecting the apartment."

Tanaka saw that the other party's attitude was insistent and it was inconvenient to continue talking, so he nodded and said: "Then I will wait here."

Said this When talking, Tanaka Koichi also felt a little uncertain.

He was not sure whether the customer inside would immediately make a decision to buy after seeing the apartment?

If the other party hesitates, he still have a little chance, but if the other party wants to make up the balance without hesitation, wouldn't he be hopeless?

However, right now he has nothing to do, so he can only wait and see.

At this time, the sales lady said respectfully: "Sir, please move to the lounge and take a rest first."

As soon as she finished speaking, the door of the VIP room opened.

Angela, who paid the intent fee and simply signed the intent agreement, walked out with Sister Michelle and the sales executive.

When the sales director saw the salesperson receiving Koichi Tanaka, he said, "Please ask the concierge to prepare the vehicle. I'm going to take these two distinguished guests to Building No. 1 to see the apartment."

The salesperson nodded lightly. She nodded, looked at Koichi Tanaka, and wanted to talk to her supervisor, but when she thought that Angela was right in front of her, she swallowed the words back.

She was just about to call the concierge department when Tanaka saw Angela and greeted him, and said, "Hi, Miss, are you interested in buying that flat-floor apartment on the top floor?"

Angela was a little surprised and asked Looking at the other party vigilantly, she frowned and asked, "What's the matter?"

Tanaka quickly explained: "Lady the thing is, I also want to buy the apartment you fancy, and I will tell you I am quite urgent here, if you are willing to give me this apartment, I am willing to pay you one million transfer fee!"

After Tanaka Koichi's words, not only Angela, but also Sister Michelle and the other sales executives were stunned.

The three of them went in to hand in the letter of intent and signed it, and it took only a few minutes or even less than ten minutes in total.

Unexpectedly, another person appeared at this time and wanted to buy the same apartment.

The other party's purchase intention was so strong that they were willing to pay Angela 1 million transfer money directly!

While Sister Michelle was surprised, she was also secretly afraid.

She also made the same mistake as the sales executive just now, and felt that there would be basically no changes in this matter. Even if checked the apartment and made sure everything was ok before paying, there would be no risk.

This is called empiricism.

She feels that looking at such a mansion based on her own experience, if one or two people come to see the apartment every day, it is already a high incense, and even if there are dozens of people who have seen the apartment, there will not be more than two or three of them. Motivated to buy.

Among the people who are willing to buy, the people who can really spend the money to buy this house may not even have one-tenth, so the probability is so slim that there are generally few such apartments selling each month.

It happened that Angela appeared at this time. She was the only closing client who would appear in these months.

From the perspective of the probability model, since one has already been released, it will have to wait at least a few months for the next one to be released.

Therefore, in their opinion, it is impossible for this apartment to be sold suddenly within tens of minutes.

But she never expected that the slap in the face would come so quickly. After a few minutes, someone wanted to buy this house.

Fortunately, Angela has a cautious personality and is unwilling to take any risks, so she took the initiative to ask for the intent payment first.

If it wasn't like this, I'm afraid that when they came back from seeing the apartment and were about to buy it, they would find out that the apartment had already been sold. By that time, it would be too late to beat their chests.

At this moment, Angela looked at Koichi Tanaka with a frown, and said decisively: "I mean, I don't plan to sell this house, sir."

As soon as Tanaka heard this, his heart was already cold, but he was unwilling to continue asking: "Miss, have you already decided to buy this apartment? I mean, if you still have even 1% uncertainty, then you might as well give me this apartment first, and then I can hold the 1 million transfer fee, go and look at other real estate properties, maybe you can find something you like more."

Angela shook her head firmly: "Sorry, I've already confirmed it, and I'll come over to sign the contract later, you can take a look at other properties!"

Chapter 5171

At this time, the sales director of the sales office and several salespeople were completely dumbfounded.

It's not that they haven't seen gods fighting. When the villa was opened for sale, there were indeed some customers who started to compete for the houses on the spot.

However, scrambling often develops into frustration and violent fights.

Like Tanaka, they have never encountered such a thing that they have to give the other party 1 million more as soon as they open their mouths.

And at this time, they did not expect Angela could refuse so simply.

From their point of view, this is 1 million, and there is no cost.

If you earn 1 million in vain, whoever it is, probably has to weigh it.

Going out to look at a house, and then spending 10 minutes, paying the booking money and then earn 1 million, this kind of thing, in their opinion, is simply a pie in the sky.

But in Angela's eyes, let alone 1 million, even if two 0s are added at the end, she is unlikely to be interested.

Naturally, Angela is not short of money, so it is impossible for her to change her decision just for this million.

As the most trusted servant of the entire Ito family, Tanaka also has enough authority to offer such a premium for his master.

But seeing that Angela was unmoved, sales continued without thinking, "Miss, I didn't intend to show off my wealth to you, I just really want to buy this house, so I will give you another price, If you agree to transfer this house to me, I am willing to give you an additional 5 million yuan!"

As soon as these words came out, the salesperson on the scene was even more shocked.

They have seen those who make money, but they have never seen such money.

They have also seen real estate speculators, but they have never seen such speculators.

People speculate in real estate to make money, no matter what they have to invest in,

Buy the house, and then hold it in their hands for a few months or even a year or two.

However, the suite in front of them now,As long as it is fried in the pot for 10 minutes, it can earn 5 million, which is like a dream.

Just when they felt that Angela had no reason to reject this proposal,

Angela said with some displeasure: “Sir, you don’t need to waste any more words, Instead of doing this, you might as well hurry up and look at other apartments.”

After that, she said to the sales executive: “Please show us the apartments.”

Tanaka blurted out: “Ten million! Miss, I am willing to pay ten million transfer money!”

The salesperson almost fainted.

Sure enough, when gods fight, ordinary people fight with punches and kicks And gods fight with million, five million, and ten million tricks.

At this time, Angela was still unmoved, she turned to look at Tanaka, and said seriously, “Sir, the reason why I didn’t get angry with you is that I think you are sincere and a gentleman But if you continue pestering me like this, I may not be able to communicate with you in this friendly manner.”

At this moment, Tanaka understood.

The young woman in front of him must be a lady who is not short of money at all and doesn’t care about money at all.

It is estimated that her net worth and assets are not even much worse than his own young lady.

Facing such a woman, what’s the point of offering a premium of 10 million,Besides being able to have a good time? Even if it is 30 million or 50 million,

It is impossible for people to take it seriously, and in the end, it looks like a clown, holding onto it.

In desperation, he could only sigh, and said apologetically,“I’m sorry, miss, I was reckless, please don’t take it to heart.”

Chapter 5172

Angela didn’t speak, just nodded slightly and then reminded the supervisor: “Can we go to see the apartments?”

The supervisor quickly said: "Yes, yes, please come here."

Angela left, and Tanaka stood there helplessly.

He didn't know himself for a while.

Should he stay in this real estate and then look at other types of units Or simply leave and change to another real estate for research.

At this moment, the saleswoman receiving him suddenly remembered something and hurriedly said: "Sir, doesn't your lady like to be quiet? Although we don't have the top floor to choose from, You can choose the one just one floor downstairs!"

As she spoke, she couldn't wait to explain, "Look, that lady is so young and rich, and she brought the housekeeper to buy it and she didn't have a wedding ring in her hand."

"There is a very high probability that she is not married at all!"

"An unmarried rich second-generation woman comes out to buy a house by herself And there is a high probability that she will live in it by herself!"

"Think about it, the use of a house with an area of 60 square meters, Only she lives alone, and your eldest lady lives downstairs, So there is a high probability that she will not be disturbed!"

"Even if the lady just skipped rope in the room, As long as your eldest lady doesn't happen to be right Downstairs in her rope-skipping room, Basically there will be no interference!"

"I have been selling houses in this real estate for so long, And everyone who buys our ordinary apartment is basically a big family, Even young people come here. When buying a house, they have at least a family of three, and some have a family of four."

"I have never met an owner who only lives as a couple."

"And if you think about it, a family with children, no matter how careful they are and It is impossible not to make no noise at all, So I can assure you that none of the remaining apartments in the whole community can be quieter than the one downstairs."

"You have no hesitation. If you are not sure now, someone will come soon."

"A customer like you, then you can't even buy this house!"

Tanaka thought: "This woman is right! The lady just now, at first glance, She looks like a lady from a very wealthy family."

“She probably bought this house because she lives alone.”

“In that case, it is really unlikely to disturb downstairs, It’s hard to meet someone who buys such a big house to live alone.”

“I’m afraid there is no more suitable apartment than her downstairs... And... it’s already four or five o’clock in the afternoon.”

“If I don’t make a quick decision, I’m afraid,”

“I won’t have time to go to the next real estate to have a look again!”

Thinking of this, Tanaka made up his mind, gritted his teeth, and said, “Okay! Then I want this! Same as that lady, I will pay 1 million intention money,”

“And then you take me to see the house, I will take some videos and photos to show our lady, As long as she does not object, I will pay the money immediately when I come back.”

The sales did not expect her words to really move the other party And she was very excited. Such a set of more than 30 million flats,

Because it is not easy to sell, the sales commission is two percentage points.

If the transaction is completed, the sales can get a commission reward above 700,000!

Thinking of this, she hurriedly said excitedly: “Okay sir, then please come over with me and pay the intent money first and then I will take you to see the flat right away!”

Chapter 5173

After Tanaka paid a one million intention fee, he followed the saleswoman and drove to Building No. 1.

And Angela was already one step ahead of him at this time and came to the flat on the top floor with Sister Michelle.

Sister Michelle followed, still feeling ashamed of her overconfidence just now, She couldn’t help but said: “Miss Lombardo, thanks to your foresight, You didn’t listen to my suggestion just now, and paid the booking in advance. Otherwise, this house might have been bought by that person just now...”

Angela smiled slightly and said, "Sister Michelle, don't say that, I don't have any foresight, I'm just relatively cautious. Most of the time it is often useless, but in my opinion, Even if it is really useful once, it is worth it."

Sister Michelle nodded slightly, her expression seemed calm But she was extremely amazed in her heart.

Having been a housekeeper for a long time,
She is generally a cautious person, but she is not as cautious as Angela.

She feels that a prudent style should be cultivated slowly.

Angela is so young and has such a superior family background.

Such a top-rich second generation does not have the soil to cultivate a prudent style.

There is no pressure from people and things in their lives and can just do whatever they want.

This is also the reason why many rich second generations are very impulsive and they don't care about the consequences when they speak and do things and they don't even care about their brains.

Moreover, many rich second generations have the common problem of blind self-confidence and arrogance.

This is because they always live in an environment surrounded by stars and moons.

In the hallucination that is very strong and powerful in everything.

Some of them even think that they only need to build an Internet profile casually and they can have tens of millions or hundreds of millions of followers and they can incubate leading companies with a market value of tens of billions, Easily surpassing the lifetime efforts of their parents.

However, Angela never felt so confident about Sister Michelle.

Even if she just came to interview for a lecturer's post, She was still not sure that she would be able to get the offer letter on the way here.

As for the matter of buying a house, It can be seen that Angela's cautious attitude is beyond ordinary people and within the scope of her ability, she cannot tolerate the slightest risk in her life, So she is very puzzled, and the kind of environment the Lombardo family gave Angela, It let her develop a cautious style of acting But she doesn't know that the reason why Angela's acting style is so cautious is entirely because of her mother.

At that time, her mother and father were fascinated and she was always in a bad mood, and because she was pregnant with her younger sister and She neglected to pay attention to her body and finally, let cancer develop to the point where no amount of money could not make it right.

They obviously had ten thousand family fortunes and had mastered the top resources in the world, but her mother still failed to survive.

This matter is a hurdle that Angela will never get over.

It was also from then on that she developed a character of being as cautious as possible in everything.

At this moment, Angela, looking at the rolling river not far away, Thought of her own mother as well.

She remembered that when her mother was young, She loved to overlook Hong Kong at night from the top of the hill and overlook Victoria Harbour, which is shimmering and full of cruise ships.

This made her a little impatient, and she couldn't wait to see the Yangtze River at night here.

Chapter 5174

Sister Michelle saw that she didn't look at the flat when she came in But just stood in front of the huge French window to look at the river view So she couldn't help reminding: "Miss Lombardo, do you want to take a look at the layout of the flat, If you are not satisfied, Or if you want to adjust anything, I can help you with it."

"Oh, okay..." Angela came back to her senses,

And together with Sister Michelle, they took a look at the whole house.

This flat is not too big, more than 200 square meters, with four bedrooms,

One of which has been renovated into a study room.

In addition, there is also a flower hall on the side of the Yangtze River.

The developer has added sports equipment, that can be regarded as a relatively petty fitness area And from the living room, one can see the river view from the sofa because of the floor-to-ceiling windows on the front wall.

For Angela, a rich second generation who is used to luxury houses and this house is nothing compared to the real top luxury flat.

The flat floor of the Lombardo family in the central area of Hong Kong has an actual usable area of more than 1,000 square meters,

And it is located on the top floor of the Lombardo family skyscraper.

It seems to be a commercial real estate where every inch of land is expensive But the Lombardo family uses the best floor for private use.

In that kind of location where a single workstation costs tens of thousands of Hong Kong dollars a month, A single living room is beyond the imagination of ordinary people.

The really rich don't even bother to buy residential real estate developed by real estate developers like Thompson first villa.

They prefer to play freely on their own properties without any restrictions.

Therefore, Angela can't say whether she likes or dislikes this house But the location, transportation, apartment type, and floor are more in line with her current needs.

After roughly reading it, Angela said to Sister Michelle, "Sister Michelle, the decoration and space arrangement of this house are quite reasonable, There is already a study room and a fitness area. I live alone, It seems that there is nothing that needs to be changed."

Sister Michelle nodded, and asked her again, "What about the furniture? Are you satisfied?"

"It is very good." Angela smiled slightly and said, "Basically, I can move in with my bags."

Then, Angela said to her again: "Sister Michelle, thank you for your hard work, You will take me shopping later to buy some household items and a change of clothes, I want to live here tonight."

Sister Michelle asked tentatively: "Miss Lombardo, Do you like to stay here tonight? Let's go to Zilian Villa, there are plenty of rooms..."

Angela shook her head slightly and said, "Grandpa Cole and Grandma Cole are getting old, so I'd better not bother them, I'll stay here for one night today and I'll go back to Hong Kong after signing the contract tomorrow."

Sister Michelle said, "Actually, they like you very much, And they must be very happy if you can go and accompany them."

Angela pondered for a moment, then said: "How about this? First pay the final payment, get the keys, and then buy some household items and bring them here. Go eat with Grandparents, and chat with them after dinner, and I'll come back after they rest."

Then, Angela turned to look at the river outside the window, and said, "I haven't lived by the river for a long time and I really want to see the night view here."

"Okay." Sister Michelle nodded understandingly, and said, "Then I will accompany you to buy some things first, and we will go back after we have finished shopping."

"Thank you, Sister Michelle ..." Angela replied happily.

At the same time, Tanaka took a mobile phone downstairs and took a video of the whole house, and sent it to Nanako Ito, who was packing her luggage in Kyoto, and then sent another voice message, saying with some shame, "I'm sorry miss, these few days I really haven't been able to find a villa that suits you."

"Are you satisfied with this flat?"

Ito Nanako looked around and said with a smile: "It looks good, just this one is fine. It seems like you have worked really hard these days."

Chapter 5175

At night.

After Angela settled the newly bought daily necessities, she and Sister Michelle returned to Zilian Villa.

Knowing that Angela had been hired, both Larry and his wife were also very happy and asked the servant to arrange an elegant celebration banquet at home to celebrate.

To Larry's surprise, Maria, who never liked the excitement, was very happy to join in.

At the dinner table, Larry said to Angela: "Angela, if you come to Aurous Hill to work in the future, if you have nothing to do, you can simply live in Zilian Villa!"

Angela said quickly: "Grandpa, Sister Michelle accompanied me to buy a house this afternoon, and the school will provide me with a one-person apartment in the future as well."

Larry said in surprise: "Have you already bought a house? Buying a house outside is safer than living here? And people available to take care of you, it's more convenient for you to live here."

The old lady Cole also agreed: "Yes, Angela, living here can save you a lot of trouble, you should be fine here."

Angela explained: "The security in the community I bought is quite good, and the law and order is much better. No one knows my identity, so I shouldn't be in any danger."

Larry knew that she had made up her mind, so he nodded and said, "From now on, you will live in Aurous Hill permanently, if you need any help, don't be polite to us. If we're not here, you can do the same with Sister Michelle."

He said, "I'll transfer some people in the next few days, so I can respond quickly if something happens."

Maria has no manpower at the moment, In the exposure in Northern Europe, there was only one loyal old servant left among her people, who hadn't arrived in China at this time, and the rest were like Keagan and Larry.

In order to ensure Maria's safety, Larry and Keagan have reached a consensus to secretly dispatch troops to Aurous Hill to ensure her safety.

For Larry, since Angela is his granddaughter, he must take care of her in the future.

Although Angela felt that she would not be in any danger, she still said to him very gratefully: "Thank you, Grandpa!"

At this time, Maria who was at the side asked curiously: "Sister Angela, where did you buy your house?"

Angela said: "I bought it at Thompson's in Aurous Hill. It's not too far from the school, and it's only a ten minute drive away. " With another identity, Maria already knew Charlie's address.

She didn't expect Angela also bought it in the same community. But she wasn't surprised when she thought about it, after all, Angela came here for Charlie, and it was normal to buy in the neighborhood where he lived.

Angela thought that Maria was curious about the newly bought house, so she said with a smile:

"If you are interested, I can show you around. Although it is flat so not very big, the advantage is that the river view is not bad."

Maria smiled and said: "Sister Angela, I'll go with you after school starts. I'm lazy and homey lately, and I don't want to go anywhere."

Maria didn't dare to go to Thompson. After all, it was too close to Charlie. Although she came to Aurous Hill just because of him, before school started, Charlie was the one she was most afraid of seeing. Seeing that Maria declined, Angela didn't think much of it, she just smiled and said,

"After school starts, if you don't want to come back here occasionally, I can reserve a room for you."

"Okay." Maria said with a smile: "That's it. It's a deal ." After dinner, Angela bid farewell to Larry, his wife, and Maria, and Sister Michelle dropped her at Thompson. When she came to the first house she bought in Aurous Hill, Angela suddenly felt settled down.

She opened the window of the viewing balcony, lying on the edge of the bed, watching the night view along the Yangtze River and the slowly moving ships on the river, blowing the evening wind refreshed her mind."

The top floor has an excellent view, and this flat is a side household on the top floor, so it is basically not disturbed by the noise of neighbors, which makes Angela feel that it is more than worth the money.

She even had the urge to stay in Aurous Hill for a few more days because of this.

However, after thinking about it, she felt that it would be better for her to leave Aurous Hill as soon as possible after signing a contract with the University. She also thought about telling Charlie that she had been hired by Aurous Hill University after she officially went to work.

...

At the same time.

In the villa area of Thompson , Elaine finally survived the 72-hour ban on the platform.

When she put on heavy makeup and picked up her mobile phone to start the live broadcast again, she encountered the same problem as three days ago in the broadcast room, and no one watched it.

This time, although there were some netizens who strayed into the live broadcast room and expressed some sarcasm, Elaine had the experience of being banned last time, and this time she dared not chase after them.

But being unable to fight back means that there is always a breath in her heart that she can't get out of.

Elaine broadcasted live for half an hour, but she didn't gain a single fan. Instead, she was p!ssed off by these rude netizens.

Elaine, who was extremely depressed, temporarily closed her live broadcast room, and then began to watch other people's live broadcasts, wanting to learn from others how to broadcast live and what content to broadcast in order to gain enough fans.

After looking around, she found that in the popular non-delivery live broadcast rooms, the live broadcast content was varied, but each live broadcast room had its own characteristics, such as live broadcasts of playing games, live broadcasts of outdoor activities, and live broadcasts of certain talents. There are even live lectures.

After looking at it, she felt that she was basically unable to do these things.

This is mainly because she has no extraordinary talent at all. She only knows how to sing and dance in piano, chess, calligraphy and painting, and her singing is not very good, far from being able to make people stop and listen.

After pondering over and over again, Elaine still couldn't find any breakthrough point, which made her retreat a little bit.

After swiping around the live broadcast room on her mobile phone, she couldn't help sighing: "It seems that these old bones are really not suitable for this..."

In addition to being depressed, she couldn't help but secretly sighed: "It doesn't matter if I can't eat this bowl of rice. The key is not to let her Hannah eat so happily! Seeing her like that, my heart feels worse than losing a million dollars!"

She was depressed, and she slid her finger into another live broadcast room.

There are more than 30,000 viewers in this live broadcast room. The anchor is an ordinary-looking middle-aged man, and this man is saying impassionedly at this time: "My family, I have been using my life to crack down on fakes. The family members in the live broadcast room should all know that the person I want to crack down on this time is the online celebrity beauty doctor."

"After my secret investigation, she is actually not a beauty student at all. The name she uses now it's not her real name either, and her real education is actually a technical secondary school in a small city in the south, and she was fired for fighting before she graduated! Now if the live broadcast has 50,000 viewers and 3 million likes, I will release the evidence immediately!"

Someone in the comment area immediately posted a message: "This beautiful doctor, I have long suspected that something is wrong with her, the last time I asked her to do a basic calculus problem in her live broadcast room, she directly blocked me! Support Brother Yong to expose her!"

Immediately, a lot of people posted various comments in the comment area, basically questioning the beautiful doctor that the male anchor talked about.

In addition, there are a large number of bullet screens sending gifts, which look dazzling and lively.

Seeing this, Elaine's eyes lit up instantly, and she thought to herself, "You can live-stream fans in the crackdown? Then I might as well crack down on Hannah!"

Elaine, who had a flash of inspiration, realized almost immediately that the idea that came up suddenly was very feasible.

Hannah is now a very popular Internet celebrity. The number of people online in the live broadcast room has always been tens of thousands, and sometimes it can even reach 20,000 to 30,000. If she can expose such a popular anchor, she will definitely attract a lot of attention from fans.

Moreover, for Elaine, even if she doesn't get fans, income, or benefits, she is willing to crack down on counterfeiting Hannah.

Not to mention not getting benefits, if someone told her to give them 100,000 yuan in exchange for Hongyan's ruin and poverty, she would definitely grit her teeth and take out the 100,000 yuan.

It was because of this that she felt that her idea was simply killing two birds with one stone, which was absolutely brilliant. As soon as she thought of this, Elaine immediately regained her spirits. She began to keep calculating in her heart, and kept muttering in her mouth: "How should I expose Hannah, that stinky b!tch?"

She said to herself: "The best way is to secretly film her actual state after the broadcast so that people will know that she is not only a big liar, but also very rich now, and then put these video materials on the Internet, and spread them ten times. The reputation of Hannah will be spread everywhere!"

Thinking of this, she slapped her thigh in an instant, annoyed, "Oh my god, I'm so stupid! Before, Hannah drove a Mercedes-Benz big G to find me. Took me out to spend a lot of money, and even showed me her contract for Rolls-Royce Cullinan, why the hell didn't I think about secretly recording and shooting videos?! If I took a video at that time, I'd use it now, and definitely bring her down!"

Realizing that she had missed a good opportunity to bring down Hannah, Elaine was extremely depressed all of a sudden, picked up her phone almost without thinking, and called Hannah, wanting to ask her out to spend time again, and seize the opportunity by the way, collecting evidence to expose her.

However, Hannah's phone could not be connected. Elaine called several times but failed to get through. Only then did she realize that Hannah might have started the live broadcast.

Thinking of this, she hurriedly opened the short video website and searched for Hannah's account on the search bar. Although she had been blocked by the administrator of Hannah's live broadcast room and could not watch her live broadcast, she searched for Hannah's account. When using a guest account, you can still see the prompt that Hannah's account is live.

Thought that she couldn't even see a ghost in her live broadcast room, but Hannah's live broadcast room had tens of thousands of members kept in the dark, who were constantly sending money, and she felt even more depressed and wanted to die.

The more depressed she felt, the more Elaine couldn't stay at home, so she went downstairs alone on crutches, went out to wander around the villa where Hannah lived, and kept looking at the villa as if looking for an opportunity to strike.

The law and order inside the villa are very good, so the balconies on the second and third floors of each house are not sealed, and there are no anti-theft measures. If she's not limping, she could still climb up the balcony quietly, and use her mobile phone to take pictures of Hannah's state at home after the broadcast... But now her legs are limping, and she can't climb up..."

Just as she was sighing, someone suddenly shouted angrily: "Elaine! What are you doing sneaking around here!"

Chapter 5176

Elaine was frightened by the rough voice. As soon as she shivered, she only felt that my whole body suddenly ached.

The reason why she was so afraid was that this voice had been Elaine's nightmare for a long time in the past.

When she was sent to prison for stealing Charlie's money, she was tortured by the owner of this voice every day to doubt her life.

And the owner of this voice is Gena who was in the same cell as Mrs. Willson and now lives under the same roof.

When Gena was released from prison, although she was heartbroken by Mrs. Willson's family, she didn't have a good impression of Elaine, so seeing Elaine wandering around the villa where she lived, she guessed that she had no good intentions, so she immediately shouted and reprimanded.

Elaine turned her head and looked at Gena. Beside Gena, there were her two good sisters, Tabia and Lexi.

At this time, Tabia also looked at Elaine angrily, and asked coldly: "Elaine! What are you thinking about here?!"

Lexi also echoed, "Yes! Say it quickly! Or I'll kill you!"

Elaine was so frightened that her first thought was to run away.

But when she thought that she was still limping, she couldn't outrun the three of them no matter what.

But if she yelled out to his son-in-law for help now, he might startle Hannah, who was broadcasting live upstairs first.

If Hannah knew that she was sneaking around the villa here, she might be able to guess her intentions. If she started to be wary of her, wouldn't she have no chance to bring her down?

At this time, Elaine's brain was running fast, and her eyeballs were also twitching non-stop.

Seeing her mischievous eyes, Gena didn't make a sound for a long time, and immediately stepped forward and grabbed her by the collar, raised her hand and gave her a big hit, angrily said: "I'm so annoyed when I see you, get out of here!"

Elaine After being slapped, she was angry and scared, but when she saw that the three of them were all wearing the same T-shirts, with the logo of the same cleaning company printed on their chests, and they all looked tired, so she had idea When she moved, she ignored the burning pain on her face, and said,

"Gena, Gena, listen to me, you were kind to her, but now Mrs. Willson's family has become rich overnight, and just a little help is enough for the three of you to live comfortably, but they even let the three of you go out to do cleaning, I, really can't see it, Gena!" Gena was stunned when he heard this.

Have to say that Elaine's words happened to hit her heart.

In the beginning, when the three of them were released from prison together, they were taken all the way to this top villa in Aurous Hill by the Wu family's luxury car. The three of them thought in their hearts that it was the old lady Willson who did it, and they were very grateful to her.

But who would have thought that when Mrs. Willson saw them, she would be extremely disgusted and even swear at them, and she would immediately kick the three of them out of the house.

At that moment, Gena felt very uncomfortable.

Then, when she learned that the house was not owned by the Willson family and that the three of them could also live there, she stopped being polite to the Willson family.

Living together for a long time, the Willson family has always been dominated by them. Not only are they not eating as well as they are living, but even seeing the three of them at home must be submissive, for fear of being beaten.

And although the three of them have no great skills, they are doing cleaning work professionally outside, and their quality of life is guaranteed.

On the other hand, the Willson family is not as lucky as they are. Christopher and Harold are two useless people who can't afford to eat in bed, not to mention taking medicine, and the old lady is often so hungry that her chest is pressed against her back.

Later, Wendy went out to be a hostess, and she was often deceived by others. The meager salary she earned was not enough for the family.

However, on a certain day, Wendy suddenly made more money, and the family's living standard also rose rapidly, leaving the three of them behind very quickly.

If this is the case, there is not much difference between Gena and the three of them. The key is that the Willson family has become richer and richer for some reason these days, especially that Hannah who bought a Mercedes-Benz worth two or three million. The car immediately made Gena and the others envious.

Now listening to Elaine's provocation, Gena felt even more unbalanced. She couldn't figure out why the Willson family could get up again even after they were so down and down, and so high!

Thinking of this, Gena became even more depressed, and her back molars were clenching.

Elaine accurately captured her changes, and immediately knew that what he said hit the pain in her heart.

So, she immediately lowered her voice and said very seriously: "Let me tell you, Gena, the reason why the Willson family can turn around is that the old lady Willson is shameless and so is Hannah who bore a child from outside!!

"Hannah?!"

Gena immediately frowned when she heard this, and asked sharply, "With her broken shoes, why can she turn around?! Could it be that she is relying on selling her appearance to sl33p with others?! Elaine sarcastically said: "She's the kind of woman who would sell her lust at most for two buns at most!"

After finishing speaking, Elaine looked around, then upstairs, and hurriedly said: "Gena, this is not a place to talk, let's talk over there, don't let the Willson family upstairs hear!"

Gena immediately winked at her two good sisters, Tabia understood, and immediately stepped forward, Together with her, she supported Elaine and quickly walked to the far wall.

Seeing that there is no need to worry about being heard by the Willson family here, Elaine stopped them and said, "Let's talk here!"

Hearing Elaine's words, Gena stopped first, and the other two also followed suit. Immediately stopped.

Then Gena asked Elaine: "Elaine, tell me, how did Hannah's broken shoe turn over?" "She conducts live streaming on the short video platform! Tens of thousands of unscrupulous viewers follow her to buy, buy, buy, buy, buy, buy whatever she pushes, and the money goes into her pocket. This way, she can earn tens of millions a year!"

"What?!" Gena immediately scolded furiously: "Just that unruly broken shoe can earn tens of millions a year?"

Elaine said, "Gena! To tell you the truth, our sister and son really want to go together! You said it was just Hannah, a fifty-year-old person who can still have a big belly with a wild man outside and infect her husband with a venereal disease. For a person like her. Why can she earn so much money? Do you think so?!"

Gena said without hesitation: "That's right! I hate two kinds of people the most in my life, one is the ba5tard who doesn't obey his parents, and the other is the stinky bltch who doesn't obey women's morals!"

As she said that, Gena asked her again: "You haven't said yet, how did Hannah get rich?"

Elaine asked her with a familiar face, "Gena, do you usually watch the live broadcast? That kind of online live broadcast that sells goods!"

Gena shook her head, and said self-deprecatingly: "We work at the owner's house all day long, and we rarely touch our mobile phones, so we don't have time to watch live broadcasts.."

Elaine said: "Gena, give me your mobile phone, and I'll find Hannah's live broadcast room for you, and I'm sure you'll be even angrier after watching it!"

Gena took out a few hundred yuan from her pocket, unlocked her Android phone, and handed it to Elaine.

Elaine immediately opened the short video software and searched for Hannah's live broadcast room.

At this time, Hannah was sitting on the head of the bed, and while feeding Christopher, she said with snot and tears: "My family, I will tell you that since my husband became paralyzed, he has been unable to eat anything. There are nutritious things, that person is starved and disfigured on the bed, and his skinny appearance makes people feel distressed..."

As she spoke, she handed the bowl in her hand to the camera and introduced: "Thanks to this nutritional rice cereal company who knew about my family's difficulties and sent us a batch of nutritional rice cereal. My husband has recovered a lot since he started to eat this rice cereal."

Christopher opened his mouth cooperatively at this time. He screamed and even raised his neck desperately trying to open her mouth to reach the rice spoon in her hand.

Hannah quickly fed a spoonful into his mouth and continued: "This nutritious rice cereal has five flavors, and it can be eaten with just a splash of boiling water, and it contains various nutrients needed by the human body. Having three sachets a day is enough nutrition for a day, and their raw materials are all green and organic, and they also especially add various vitamins, amino acids, and DHA needed by the human body."

"There are 12 sachets in a box, and they are usually sold in the market. 108. Now in the live broadcast room, the benefits that I have won for her family are two boxes for 99 yuan, a total of 24 packs, and a box of 6 packs for travel, that is, 99 yuan can buy 30 packs, which is a very good deal!"

As she spoke, Hannah continued: "Because the price is too cheap, the manufacturer is unwilling to give too much inventory, I have only 20,000 orders here, and there will be no more orders after buying, family members, so please Everyone needs to hurry up, come on, let's get in the cart now!"

Gena looked at the tattered Hannah in the video, as well as the tattered room and furniture, and said in surprise: "This... this **** It's too fake! Their room was luxurious before, how did it become like this?"

"It was on purpose!" Elaine said without thinking, "This b!tch, now she is saying to the outside world that she supports a family by live broadcasting alone. A husband paralyzed in bed, a son paralyzed in bed, and an 80-year-old mother-in-law, said they are in terrible condition, and then

the audience believed it, and desperately bought things in her live broadcast room, asking to help her tide over the difficulties, but they stupid hats don't know that people can earn tens of thousands of dollars a day by live broadcasting!"

Gena clenched her fists, gnashing her teeth, and said: "It's really shameless! She has hands and feet, and she has no money to earn. We are the same, earning money through hard work! But she actually engages in such deceitful activities on the Internet, this kind of person should be pulled out and shot!"

"Yes, yes!" Elaine seemed to have found a bosom friend, and echoed: "Shoot! It's even cheaper for her if I say she will have to be executed by a dog!"

Gena asked in amazement: "What is a dog's execution?"

Elaine said: "It's to let the dog kill her! Then let the dog eat her and turn her into a dog sh!t!"

Gena's expression turned cold, she didn't expect Elaine to be much more ruthless than herself.

Seeing that her emotions were set in place, Elaine hurriedly went up and said, "Gena, let me tell you, I have a good plan now, as long as this plan is implemented in place, it will definitely ruin Hannah's reputation, and bring their family back to their original form!"

As she said that, she looked at her lame leg and sighed, "Alas! It's a pity that the leg was broken by Mrs. Willson and that Wendy was in prison, and it became the root of the disease. It's not very easy, given my current situation, I'm afraid I won't be able to carry out this plan..."

Gena immediately blurted out: "What plan can you tell me? Aren't you bad in your legs and feet? The three of us will help you execute it! The four of us Join hands to deal with Hannah now!"

Elaine was waiting for this sentence, so she asked in surprise, "Gena, is what you said true?! Are you really willing to help me?!"

Gena said coldly: "I've seen the old lady Willson's family upset for a long time! An enemy's enemy is a friend, so we are also comrades-in-arms!"

Elaine immediately said excitedly: "That's great! With three of you, If we join together, we will join forces, and we will definitely be able to complete it smoothly, and we will guarantee that Hannah will return to the pre-liberation overnight!"

Gena said without hesitation: "No problem! Just say it!"

Chapter 5177

Although Elaine is not smart, she definitely has a lot of tricks to use on her.

She had long thought of a way to expose Hannah, but she suffered from her inconvenient legs and feet, and she was alone, so the risk was too great.

But after the three joined, the situation was completely different. The three of them lived under the same roof with Hannah's family every day, and these three are strong. Much more convenient.

So, she hurriedly called the three of them to the front and whispered her plan to three them in detail.

After listening to Elaine's plan, the three of them felt that it was very feasible,

Gena patted her chest and said, "Elaine, don't worry about this matter. Leave it to the three of us, and we will definitely follow your plan. We will do what you said."

After she finished speaking, she continued: "But you have to promise us that after we finish what you asked, you must follow what you said and bring down that Hannah!"

Elaine said without hesitation: "Gena, don't worry about this, no one in the whole world expects her to fall as soon as I do, and I will definitely do my best to bring her down!"

Gena nodded in satisfaction, and then she opened her mouth and said, "Then we'll go back and start making arrangements now."

"We'll let you know as soon as there's any progress. By the way, leave me your contact information and I'll make a note of your mobile phone number."

Elaine hurriedly expressed enthusiasm and said: "Oh Gena, let's just add WeChat. We are neighbors. We will see each other often. It is convenient to add WeChat!"

Gena frowned, and said vigilantly: "You don't have to add WeChat." Well, you have a phone number, and you can call anytime you need it."

Elaine said with a look of emotion: "Oh, Gena, I know you have always had a big prejudice against me, but have you ever thought about it?"

"What you instilled, although I don't know what she told you at the time,"

"But I guess it must be that the daughter-in-law is not filial to her mother-in-law,"

"That I moved the villa back then to prevent her from living in, and that I drove her out of the house, and called the police to arrest her and put her in prison, right?"

Gena subconsciously nodded.

Back in prison, Mrs. Willson did accuse Elaine of many crimes with snot and tears, but the core content was the three points that Elaine herself said.

Elaine gave a wry smile and sighed, "Hey! I know Gena, you are a filial daughter, and you hate others not being filial to parents and in-laws,"

"But have you ever thought about what kind of person she is? Think about it, you helped this old woman so much in prison back then, did this old woman really appreciate you from the bottom of her heart?"

"She just regarded you as a chess piece that could be used, and used your kindness to achieve the purpose of hitting me, but she didn't just look down on you, and I believe that you have lived in the same house with her for so long, you should be aware of it?"

Elaine's words hit Gena's heartache.

Elaine saw that her expression was not right, so she continued to strike while the iron was hot: "So now you look back and think about it, how can I honor this kind of old woman?"

"Occupy the magpie's nest, if I let her live in our house, she will drive me out in a short time!"

After hearing this, Gena also felt that what Elaine said made sense.

After actually getting along with the old lady Willson, she also realized that this old woman is indeed not a fuel-efficient lamp,

Nor is she a good and faithful woman. If she were her daughter-in-law, she would not be able to respect her.

Thinking about it this way, Gena looked at Elaine in front of her again and suddenly found that her face was not so hideous anymore.

Thinking that she was completely deceived and used by that old woman in prison back then, she felt even more annoyed, so she naturally regarded Elaine as her ally.

So, she took out her mobile phone and said, "Come on Elaine, let's add a WeChat friend."

Elaine was naturally flattered, and quickly said: "Okay, okay, I'll sweep you!"

Gena said to the two sisters beside her: "You also add Elaine as a friend so that it will be easier to communicate about anything in the future."

Elaine didn't think twice as she said: "Then that's really great. I'll create a group immediately and bring all four of us into it. If there is any trouble in the future, we will all communicate with each other in the group."

Soon, a WeChat group "Eliminate Hannah and eliminate harm for the society" was born, and the four immediately started to split up.

Elaine returned home on crutches, while Gena and the others immediately walked to their villa.

Coming downstairs of the villa, Gena looked up at the room on the second floor, and said to the other two in a low voice: "As expected, they closed the windows and doors."

"I will climb up to their balcony on the second floor to see if I can take pictures from the outside, but the sound insulation of the windows is very good."

"Even if I can take pictures, I probably can't record them. You go to the door of their room, plug in the earphones of your mobile phones,"

"And put the microphone under the crack of the door. Go record their voices inside, and send them to Elaine later, she said that she will use her mobile phone to mix the picture and sound together."

"Okay, Gena!"

The two agreed in unison and then hurried to start the action.

At this time, in the bedroom on the second floor, Hannah was still broadcasting live.

She has prepared ten products tonight, and she has reached the last one now.

Since today is not the weekend, the traffic is not too big, so Hannah also plans to end the broadcast early and take a break. Don't look at her live broadcast for only two or three hours a day,

But these two or three hours are almost non-stop talking, needing nerves and attention.

The strength has to be tense all the time, don't make mistakes, don't show flaws, so after a live broadcast,

People are still very tired, so she also looks forward to finishing the speech and going to the broadcast to rest.

At this time, she didn't know that Gena, who had a strong body, had already climbed down from the balcony on the third floor and came to the balcony of the room on the second floor.

Although the curtains in the bedroom on the second floor were tightly drawn, there was an inverted V-shaped gap in the middle of the sliding door's sheer curtain.

For the mobile phone camera, as long as it is close enough, even if there is only a finger-thick hole, it is enough to capture the whole picture inside.

A few minutes later, Hannah finally finished broadcasting the last product. When the family members in the live broadcast room snatched up all the stocks, she said devoutly:

"Thank you to all the family members for your kindness to me tonight. Support, I can support my paralyzed husband and son, as well as my eighty-year-old mother-in-law, thanks for the help, thank you!"

Chapter 5178

Christopher, who was paralyzed in bed, also said vaguely: "Thank... thank you all..."

Harold choked up on the other bed and said, "Thank you for your help."

"When I recover, I will definitely bow and kowtow to everyone in the live broadcast room!"

The dilapidated old lady Willson also came to the camera tremblingly at this time, and she kept bowing her hands and said,

"The old lady here, thank you all... Thank you!"

After everyone finished thanking, Hannah Reluctantly bid farewell to the live people again, and then closed the live broadcast room.

The moment the live broadcast room was closed, she immediately reached out and pulled off the wig she was wearing on her head, revealing a very elegant chestnut curly hair, and complained dissatisfiedly: "Dmn, this broken headgear is too fcking hot!"

Harold Hastily said: "Mom, you said you're fine, why do you perm your hair? Forget it, if you still dye it, wouldn't it be troublesome if people see it?"

Hannah angrily scolded: "You know what! I'm worth tens of millions now. Am I not shameless when I go out? You can't let me drive a Mercedes-Benz big G and look like a beggar, right?"

"Besides, the live broadcast room is getting more and more popular now, and the audience is getting bigger and bigger."

“I must find a way to change my makeup when I go out, the bigger the difference between the real person and the live broadcast, the better, otherwise, what if the audience in the live broadcast room finds us out?”

Harold was so reprimanded by Hannah that he didn't dare to refute, so he could only nod resentfully and said: “Mom, you are right, I am too stupid...”

Hannah snorted coldly, and continued to reprimand: “There is more! I told you before today's live broadcast that you only have one task tonight. When the live broadcast is over and you thank the audience in the live broadcast room, you must shed some tears for me. , where are your tears?”

Harold said nervously: “Mom...I...I just can't cry when I think about how easily you can earn hundreds of thousands tonight...”

Hannah Cursed angrily: “Trash! You have to cry if you can't cry! You don't want to move those people in the live broadcast room, and don't let them think that they are very noble.”

“How can they willingly spend money on us? The selection of our live broadcast room The goods are all cheap and worthless goods, and the selling price is several times higher than the cost price. Why do people buy our things at a high price? Isn't it just for psychological satisfaction?”

“You and your dad are paralyzed in bed now, there is no way Kneel down for them, I will let you shed a few tears and you still can't do it?!”

Harold said submissively: “Mom...I...I really want to cry, but the tears are not up to me Ah, I want to cry, but I can't cry, what should I do if I can't cry...”

Hannah said coldly: “It's easy if the tears don't come out, tomorrow I will drip some wind oil on the other side of your pillow Essence or chili oil! If you can't cry, just quietly turn your head to the other side and rub chili oil, then I'm sure you can cry!”

Harold was startled, Hastily said: “Mom... That's too cruel, I'm afraid the eyes will be swollen...”

Hannah said without thinking: “It's better to have swollen eyes, red and swollen, plus tears, that's the real thing.” Truly perfect!”

Harold still wanted to beg for mercy, but Hannah didn't give him a chance to speak and shouted directly:

“I tell you, don't talk nonsense with me here, now I have the final say in this family, If you don't listen, I'll throw you outside the door, and you will die!”

Harold shrank his neck in fright and said quickly: "Don't, mom... I promise you, can't you..."

Hannah glared at him, then looked at the old lady Willson, and said coldly: "And you damn old woman! You know how to bow in front of the camera every day! The monkeys playing on the streets in the early years are just like you! Tomorrow you Give me another way, when the live broadcast is about to end, you will kneel down and kowtow to everyone!"

The old lady said nervously: "Hannah... I... I am so old, and my legs and feet are not very convenient. You make me kneel and kowtow, I'm afraid I won't be able to..."

Hannah said coldly: "If you can't come, you have to! Don't you spend the money I earn? Don't you eat the things I buy? You don't have to Really? If you can't, go back to the supermarket and tear plastic bags for others!"

When the old lady heard this, she hurriedly said: "Hannah, don't be angry, I'll knock it, can't I knock it..."

Hannah snorted and ignored her.

At this time, Christopher on the bed said flatteringly: "Good wife, do you think my performance tonight is still very good? When I ate rice cereal, those small details were designed very well, which fully reflected a patient who is paralyzed in bed likes this rice porridge very much, and desperately wants to eat this rice porridge!"

As he spoke, Christopher smacked his lips and sighed: "But this rice porridge is really fcking unpalatable, there is no fragrance in the mouth at all, and it is a little bit bitter? You said that this stupid manufacturer can't really add good ingredients?"

Hannah raised her hand and slapped him.

Just as Christopher wanted to ask why Hannah said impatiently: "Who the hell do you call your wife?"

"This is not when you beat me up, forced me to divorce, and told me to get out of this house. Is it?"

Christopher was startled, and immediately said quickly: "Oh my wife, all my mistakes are my own fault! I was blind. I didn't know how to cherish having such a good wife."

"If I talk to you again in the future If I mention a divorce, I will be struck by lightning and die without a place to bury!"

Hannah sneered and said, "Oh, Christopher, you have become so fcking fast! What did you say back then?"

“You said I brought you a cuckold, and I was pregnant with a wild man’s child, which infected you all over the body. You must drive me out of this house. Are you short on memory?”

Christopher said with a smile: “Oh my wife, look at what you said, this is not a question of whether I can make money,”

“But I really want to understand it. In fact, I can’t blame you for those things at the beginning, because it was also forced by the situation, forced to be helpless, and to be honest, the decision to cheat on Elaine was not your decision alone, but the idea of the two of us, so I am also responsible for this kind of thing... ..”

Speaking of this, Christopher sighed, tears flowed down immediately, and choked up: “Honey, I actually didn’t think of the crimes you suffered in the black coal mine. However, I hid behind your back and controlled everything, and let you execute the plan alone.”

“In the end, you were sent to the black coal mine...”

Hannah looked at Christopher’s tears streaming down his face, she was not moved in the slightest, but turned to look at Harold, slapped him on the top of the head, then pointed at Christopher and said, “You Learn from your dad! Look at your dad’s tears, and they flow when he needs it! The emotion is in place in an instant! Absolutely old-fashioned acting!”

“Look at you again, you are like that little fresh meat, eat whatever you want. It’s not enough, what can’t be done, what’s bad to sing, what’s not to act like, what a waste!”

“He’s a small fresh meat, but he still looks thin and tender, and can fool female fans into spending a lot of money. What can you do? You can’t even hold back a few tears!”

Harold was slapped on the forehead and was scolded by my mother pointing her nose, the whole person was so hopeless, he could only cry and say with a sad face: “Mom...you prepare a bottle of oil for me tomorrow, if I can’t cry, I will rub the oil on my eyes!”

Hannah nodded, pointed at the old lady, Willson, and said loudly: “You have heard what he said, go and buy him a bottle of chili oil tomorrow!”

The old lady Willson hurriedly said: “Hannah... Just transfer some money to me on WeChat, and I’ll place an order on the food delivery app...”

Hannah said disdainfully: “You old lady, you think beautifully! You have been riding on my neck for so many years. After I became pregnant, you humiliated me and tortured me even more. I haven’t kicked you out now, not because I am kind-hearted, but because you are still somewhat useful.”

“If you listen to me honestly, I can give you food, for you to drink, for you to wear, for you to use, even if you are sick, I can treat you, and if you die, I will give you a beautiful funeral.”

“But don’t worry, I can spend dozens of yuan on you. Ten thousand, one million, but I will never give you a penny! I want you to live without me, from now on with my conditions!”

Chapter 5179

Before finding a way to live broadcast and sell goods, Hannah was often rejected by the family in this house.

Especially after she had just returned from the black coal mine and was found to be pregnant,

And infected with sexually transmitted disease, the Old lady Willson and Christopher never gave her a second of good looks.

At that time, even her son Harold felt that this mother was a bit embarrassed,

And he never gave her a good look when he saw her every day.

When Hannah was in the most difficult time,

The only person in this family who could make her feel warm was her daughter Wendy.

Since encountering setbacks and being rescued by Charlie, Wendy’s personality has changed a lot.

Because of the ordeal, she has become much more stable, more down-to-earth, and more kind-hearted.

She knew what happened to her mother.

Although it was a bit embarrassing to say it, she knew she was forced to do so in that situation at the time.

Outsiders can laugh at and ridicule her mother, but even the people in this family did the same.

After all, when something happened to her back then,

Even though it was her own fault, it was all because of this family.

Thinking about what she had experienced with Gerald and Fredmen during this period of time, She could empathize with her mother even more.

Therefore, after Hannah became rich by relying on live streaming during this time, In addition to showing good looks to Wendy in this family, Other people were beaten and scolded by her every day in order to retaliate for the harm these people caused her.

Whether it is the Old lady Willson, Christopher, or Harold, they are all very clear about their current situation.

They have no chance of turning over. Less than the level of getting rich overnight.

Right now, in the entire family, only Hannah has this strength.

On average, Hannah earns two to three million yuan a week from live broadcasting.

If this is the case, it is not a problem to earn a small goal in a year.

Knowing that when this family was the strongest, their real assets were only tens of millions.

Currently, Hannah can surpass the peak of the entire Willson family within a year.

So even though these people were beaten, scolded, and humiliated by her, none of them dared to say a word.

Immediately, Hannah stood up, took out two bottles of high-grade juice from the cabinet opposite the bed,

Drank sip by sip glanced at the Old lady Willson who was swallowing her saliva, and said in a cold voice: "Don't give me little thought standing here, a bottle of this one costs more than a thousand, Which is quite rare, if you dare to steal one, I won't give you food for a whole day!"

The Old lady Willson quickly waved her hand and said: "No I can't... Hannah..."

"How could mom steal your stuff... besides, that is so expensive,"

"Even a poor old woman like me doesn't deserve it..."

Hannah snorted coldly and ignored her, but Looking at Christopher, she said, "I want to tell you something. I looked at the more detailed data of the live broadcast room."

"Our current normal number of viewers, as well as the highest number of online people in the live broadcast room,"

"The number of transactions and the turnover, compared with Yesterday,"

“It started to show a downward trend. Although the decline is not much,”

“Only two or three percentage points, it is still a very serious trend.”

“Once it starts to go downhill, it will be very difficult to go up again!”

Harold hurriedly asked: “Mom, fluctuations of two or three percentage points should be normal, right?”

“If we want to make more money, we must ensure that the data has been rising steadily.”

“Once the data starts to decline, it is definitely a very dangerous signal.”

“If it falls by two or three percentage points every day, it will not take long before we will be beaten.”

“Back to the original shape, so we have to think of a way to make our data rise again and continue to rise.”

Christopher asked: “My wife, do you have any good ideas?”

Hannah said coldly: “I have spent two days thinking about it, Those wronged people in the live broadcast room may be a little tired of watching you two paralyzed in bed.”

“I plan to change the script a little bit starting tomorrow.”

Christopher asked: “Honey, do you want to change the script?” What script?”

Hannah said calmly: “I checked the Internet, and it seems that pancreatic cancer has the highest mortality rate.”

“I checked some early symptoms of pancreatic cancer online, And the most prominent features are weight loss and skin jaundice.”

“I plan to start tomorrow. Control your diet well. You should try to lose at least 10 pounds in a short period of time.”

“At that time, I will find some foundation for you to draw a sallow and thinner face.”

“At that time, all you have to do is to behave more and more in front of the camera.”

“The weaker you are, the worse you will be in the live broadcast room,”

“And the culprits will definitely find out that something is wrong with you.”

“Since I asked you to check it out, I will stop the broadcast for a day or two,”

“And then forge a medical record of your diagnosis of pancreatic cancer. You can act even worse at that moment.”

Christopher trembled in fright, and blurted out: “My wife...you let me pretend to have pancreatic cancer, isn't it a bit unlucky...”

As he said that, Christopher submissively continued: “Look, my wife... I'm not superstitious.”

“The key is to go on a diet to lose weight. My body is already recovering.”

“If you don't let me eat enough, when will I recover...”

Hannah frowned in disgust and asked, “Do you think it's your turn to express your opinion on this matter? I'm just notifying you!”

Chapter 5180

After she finished speaking, she looked at Mrs. Willson and said coldly, “From tomorrow onwards, give him half his usual diet!”

“Ok, ok... Don't worry, Hannah, I will definitely do it!”

Mrs. Willson could only nod her head in agreement at this time.

Christopher's face turned pale immediately.

He knew very well that he was still in the recovery period,

And he couldn't eat on his own. He had to rely on his elderly mother to feed him mouthfuls by spoon.

If the old mother stuck him directly from the source there is nothing he can do about his appetite.

In desperation, he could only sigh, and said: “Okay, Hannah, I will listen to you!”

Hannah hummed, turned to look at Harold, and said:

“Now the trend is that the hemp rope is only picky and broken,”

“And bad luck only finds the poor. It is not enough for your father to pretend to have pancreatic cancer.”

“It is better that you also have some more serious disease.”

“I think young people have uremia nowadays.”

“There are quite a lot, you can start tomorrow and find out the feeling of uremia patients step by step.”

“Uremia...” Harold said with a blank face: “But I don’t know how uremia patients feel. ...”

Hannah said lightly: “Search on the short video website, there must be a lot of related videos,”

“We must imitate well, the more similar the imitation, the better!”

Harold quickly asked: “Then for uremia, I don’t have to control the diet too?”

Hannah said contemptuously: “You don’t have any common sense at all.”

“The typical symptom of uremia is edema, and the whole body will become swollen.”

“From tomorrow onwards, drink plenty of water every day, but be careful not to stop the son increases the speed of drinking water too fast,”

“It is best to drink it a little bit, and gradually show a posture of edema.”

“You and your father have to make a good time to cooperate.”

“First, he is getting thinner and discovers pancreatic cancer.”

“After the play is over, You start to show obvious edema, and then you are diagnosed with uremia.”

“In this way, the full-short video platform looks worse than ours,”

“And I’m afraid you won’t be able to find another one!”

“At that time, why worry about not making enough money?”

Harold heard this, he knew that he would suffer a lot.

He is now bedridden due to paralysis, and can only use a urine bag every day.

In order to avoid trouble and embarrassment,

He usually drinks less water subconsciously, but his mother makes him gradually increase his water intake.

It is going to be inconvenient and painful every day.

But he didn't dare to disobey his mother, so he could only nod his head and say,

"Okay mom, I understand... Don't worry, I will do what you say!"

Hannah hummed, and then said to Mrs. Willson: "Old woman, you also have a new script."

The Old lady Willson hurriedly asked respectfully: "Hannah, just tell me how you want your mother to act!"

Hannah said coldly: "When the script about Harold's diagnosis of uremia is finished,"

"You will have to cry in front of the camera every day. After crying for ten or twenty days, you can play the role of a blind woman."

"Play the blind woman..." The corner of Old Mrs. Willson's mouth twitched,

But she still said helplessly: "Okay, Mom will listen to you..."

Hannah stood up satisfied, and said condescendingly: "You all give me some heart,"

"Wait for this script is finished and the sales go up to a higher level,"

"I'll go to the suburbs to buy a bigger villa and take you all over there."

"By then, your injuries will probably heal, and you'll be able to live broadcast at night,"

"During the day, I can enjoy happiness without being disturbed by other outsiders,"

"So I can save myself the trouble of living with Gena and those vulgar shrews every day."

When Christopher, Harold, and the Old lady Willson heard this, they immediately became excited.

Christopher subconsciously blurted out: "Buy a new house?! That would be great!"

Harold was also very excited: "Mom, we must buy a villa with a huge yard!"

Mrs. Willson couldn't help it either. Excitedly said: "I have long wanted to get rid of Gina's piles of stinky sh!t!"

They have been bored in this room for a long time, and since Gena and the three of them came, The Willson family has also lost their lives in this villa.

Without the right to speak, the three of them will make things difficult for them everywhere, So they can only swallow their anger in the room every day.

If they can move to a new villa that belongs to their own family, then life will be very comfortable.

Seeing the excitement of the three of them, Hannah sneered even more in her heart.

She knew that although she had the absolute right to speak in this family right now, she couldn't really leave the help of these three people.

So it doesn't matter whether she beat them, scolds them or humiliates them,

The important thing is to remember to give them a little bit of sweetness.

Many unscrupulous bosses originally had good opportunities to become bigger and stronger,

But because they didn't know how to give benefits to their subordinates, they ended up deserted and left with nothing.

Hannah has fully learned the lessons of these people.

She knows that no matter how much she humiliates this family, the sweetness that should be given to this family must be given in place.

Every time they feel humiliated to the extreme, give them a little bit of hope,

Let them be grateful to themselves, only with continuous PUA in this way, they will honestly obey her mercy.

So, Hannah tossed her newly permed hair, and said disdainfully: "Okay, you guys go to bed early, I'm going to the hotel."

For the past few days, she has been opening a luxury suite in a five-star hotel. When she is too lazy to meet this family, she will live in the hotel alone and can enjoy the top service in the hotel by the way.

The two who were secretly recording outside the door heard that Hannah was leaving, and hurried upstairs with their mobile phones.

When Hannah went out, she didn't notice anything unusual. Seeing Hannah gone,

Gina, who is strong and sturdy, stopped recording and climbed back to the third floor along the balcony without making a sound...

Chapter 5181

After Gena Returned to the room and met the two sisters, she saw the righteous indignation and jealousy on their faces.

She hurriedly asked: "Have you finished recording all the recordings? Don't let me lose the chain at this time!"

Tabia said angrily: "Sister Gena this family is too fcuking worthless,"

"You may not be able to hear what they said outside the balcony, Hannah and that dead old woman called us stinky sh!t!"

"Yes!" Lexi also said very angrily: "The key one Hannah is not a thing, Let alone scolding the three of us, Even those who paid them money in the live broadcast room were scolded by her."

"How bad do you think this stinky b!tch is?"

Tabia also echoed: "This stinking shameless person, Hannah is now thinking about other deceptions,"

"She asked her husband and her son to pretend that one has advanced pancreatic cancer,"

"The other pretended to have uremia, and even she also arranged a script for that dead old woman, Let her cry slowly and blind her eyes, this is simply a beast!"

Gena Said angrily after hearing this: "Play the sound you recorded for me!"

Tabia immediately handed her her mobile phone, Gena pressed the play button and listened to the conversation of Hannah's family in the room just now from beginning to end.

Since it was Elaine's idea to let them stuff the earphones and microphones into the crack of the door,

The effect of their recording is very clear.

Gena listened to the entire conversation verbatim, and her veins were so swollen that she wished she could rush downstairs,

Kick the door open, and drag the Willson family out one by one. Beat up.

However, she quickly realized that the most important thing now is not to beat up these people, but to quickly send all these materials to Elaine, and let Elaine find a way to get Hannah's family online. Give exposure.

So, she quickly sent the video she took, as well as the audio recorded by Tabia, to the group.

At this time, Elaine was lying on the bed, tossing and turning, waiting.

She changed to a new short video account and has been watching the live broadcast in Hannah's room.

Seeing that the live broadcast was over, she began to look forward to Gena and the others reveal the real faces of Hannah's family behind the scenes, and then quickly sent the evidence.

Just when she was burning with anxiety, both video and audio files were sent to the group.

Elaine sat up from the bed with a jerk and immediately turned on the audio to listen to the conversation.

It didn't matter what she heard, Elaine was both angry and happy when she heard it.

What makes her angry is that Hannah is really capable.

She understands the principles of live broadcasting, selling goods, selling misery,

And setting up people. She can even analyze data. She really has two brushes.

The good news is, with these conversation recordings, how can Hannah's family not fail?

Thinking of this, she immediately downloaded both the video and audio to her mobile phone,

And then opened the video editing software.

If we go back five or six years, how could an old lady like Elaine learn the technique of video editing?

However, thanks to the rapid development and growth of the short video platform in recent years,

The threshold for short video entry has been reduced to the extreme and many entrepreneurs have developed a lot of fool-like operating software for the short video platform,

Allowing the professional technology of video editing to become so simple, Even the elderly and children can play it with ease.

Elaine used to edit small selfie videos, so she is very familiar with the operation of this software.

She skillfully opened the software, added the video, then canceled the original sound of the video, and pulled in the audio again.

Next, there is only one slightly laborious process left,

Which is to match the audio and video time tracks so that the audio and video can be synchronized.

Fortunately, the video file and the audio file are whole, so Elaine only needs to find one of the clips that are easier to recognize the mouth shape and then echo the corresponding audio of this clip, then the entire video and audio will be completely matched.

Soon, Elaine found a very convenient lip-sync clip, and synchronized the audio and video 100% completely.

Then she previewed the entire video, and after confirming that there were no problems, she exported the video.

After the video was exported, Elaine grinned happily while reviewing it again.

She couldn't help sighing: "Oh, Hannah, Hannah, I really underestimated you. I didn't expect you to earn hundreds of thousands a day."

"If I do this, I still can't earn such a small goal in a year?"

"Unexpectedly, you stinky b!tch really has two brushes, and this live broadcast can make you a millionaire!"

As she spoke, she giggled, shook her head, and said, "It's a pity, you can't even imagine in your dreams, your trick can fall into my hands?"

"With this video, you still want to be a billionaire? As long as I release this video, I don't think you can eat hot sh!t!"

After all, immediately opened her own short video software.

Later, she changed her nickname to Elaine, a counterfeit fighter!

The personal profile was changed to: “A righteous person who is active in society,”

“Who can’t rub the sand in his eyes, vows to expose all liars!”

After the modification, she immediately uploaded the video. The title of the video is:

Internet celebrity Hannah made up stories and sold them, earning hundreds of thousands a day with live broadcasts!

After the video was sent out, Elaine couldn’t help muttering: “Shouldn’t the video be sent out, and no one will watch it like the previous live broadcast?”

Although this revelation is very powerful, wouldn’t it be over if no one read it?”

Thinking of this, Elaine couldn’t help gritting her teeth: “No way! I have to give some promotional money! And I have to vote a little more, another two thousand!”

After making up her mind, she immediately clicked the promotion button and created a promotion plan for this video.

The total amount of the promotion plan was 2,000 yuan, all of which were used to increase the number of clicks.

After the creation, she immediately clicked to pay, and found that the actual payment amount is 1995 yuan, just wondering, she saw a coupon deduction information at the bottom, and then realized that the customer service gave her a five yuan coupon last time.

Elaine couldn’t help but scolded the customer service again in her heart before completing the payment.

Immediately afterward, she found that her promotion plan was running very fast, and the advertising fee of 2,000 yuan was consumed by 300 yuan in the blink of an eye!

And the number of views of this video is also growing rapidly.

Chapter 5182

In less than two minutes, Elaine’s 2,000 yuan advertisements had all gone. She was stunned and couldn’t help cursing inwardly, “This is fcking money, right? 2,000 yuan is gone in the blink of an eye. Already?!”

But what she didn’t know was that the faster the promotion expenses were spent, the higher her ad exposure would be.

Moreover, the push and volume logic of the short video platform is based on algorithms. If a video has a high click-through rate and a high completion rate, the algorithm will list this video as high-quality content,

And high-quality content is possible to continuously obtain more traffic.

As long as the conversion performance of this video does not decrease, the system will continuously divert it.

Sometimes an Internet celebrity with tens of millions of fans sends out a video, and there are only tens of thousands of likes, but there are often some videos that only have tens of thousands of fans, but the number of likes can exceed one million,

Becoming the most popular video in the world. It is an Internet hit, because the quality of this video itself is extremely high, and the data performance is excellent. The platform even actively pushed this video to tens of millions or even hundreds of millions of other new users.

As for Elaine's video, the click-through rate and completion rate are outrageously high!

Therefore, the number of viewers of this video quickly reached hundreds of thousands, followed by waves of likes, favorites, and comments!

Soon, Elaine was stunned by the countless comments. She found that the number of likes and thousands of comments on her video just now quickly exceeded 10,000!

Although she has been on the short video platform for a long time, almost none of the boring casual photos she posted could get 10 likes.

So when she saw so many likes and comments, she felt that all this was not so real, as if the slot machine in the casino suddenly hit three 7s, and the number in the amount column kept rolling up, It gave her the illusion of being in a dream.

However, all this is true.

The content of this video itself is very explosive, and its nature is extremely bad so all ordinary people will feel righteous indignation when they see it.

It is precisely because of this that the data in this video is outrageous!

Soon, the number of views quickly exceeded one million, and it took less than 5 minutes to go from 1 million to 2 million.

According to the background algorithm of the short video platform, this video is the best-performing one on the entire platform at present, not one of them.

It was a work published by a big internet celebrity with tens of millions of fans, and it was not as popular as this work at all!

As a result, on this night, the traffic of the entire platform was tilting crazily towards this video.

At this moment, countless netizens gritted their teeth and scolded Hannah in front of the mobile phone.

Among them, there are many people who have watched Hannah's live broadcast, and there are even many fans of her.

People buy things from Hannah's live broadcast room because they feel that this woman is really pitiful, and she is indeed very tough, with the traditional virtues of being virtuous and hard-working.

Moreover, these fans usually don't know much about live streaming, and they don't know how much money Hannah can earn when they spend 100 yuan to buy things in Hannah's live broadcast room.

They all thought that if they bought something worth 100 yuan, Hannah would only earn one or two yuan at most.

They thought that she had worked so hard to sell the goods, just to earn some medical expenses for her husband and son, and some living expenses for her mother-in-law. That's all.

But who would have thought that this woman could earn hundreds of thousands from the viewers of these live broadcast rooms just for an ordinary live broadcast on weekdays!

What's even more exasperating is that all of this was directed and acted by this woman herself!

The real Hannah shown in this video is completely opposite to her appearance in the live broadcast room.

She beat and scolded her husband and son who were paralyzed in bed, without any respect at all.

She was also harsh and rude to her mother-in-law who was over 80 years old.

In her body, where she can see a little bit of traditional virtue, what she can see is almost all despicable and dirty!

What's more, she speaks brazenly, cursing her fans.

This is simply too much!

As a result, many people ran to comment on Hannah's latest short video, scolding her, and many even began to complain and report to some official accounts.

Soon, netizens exploded.

They didn't expect that there was such a brazen woman in the city they lived in, so they spread this video on various channels, especially in WeChat Moments and WeChat groups.

At this moment, Hannah had just arrived at the luxury suite of a five-star hotel.

On the way here, she had already called the hotel housekeeper and asked her to prepare bath water for her, as well as imported bath salts and many fresh rose petals.

So, as soon as she arrived at the hotel, she quickly took off her clothes and soaked in the comfortable jacuzzi.

After she took a bath, she made an appointment for an essential oil massage at the hotel. She lay on the bed, closed her eyes, and enjoyed the massage until she fell asleep and then fell asleep with a full body of essential oil.

For Hannah, it has become the best way to relieve fatigue.

As a big customer of the hotel, she doesn't care what happens when the quilt and bed sheets get dirty. Because no matter how messy she makes the room, if she returns tomorrow after leaving, the place will be tidy and spotless.

This is also an important reason why Hannah especially likes staying in hotels recently.

At this time, Hannah was lying in the bathtub with her eyes closed, and her mobile phone was placed on the stone platform next to the bathtub.

Because she is already quite an internet celebrity, countless users of the short video platform send her private messages, comments, and likes every day, so she has already turned off the push function of the short video platform.

So even though there were already tens of thousands of people attacking and insulting her in various ways, she was still kept in the dark.

At this moment, Christopher and Harold, who were paralyzed in bed, had no chance to surf the Internet because they couldn't hold the mobile phone with both hands and the old lady Willson went to bed early because she was really tired from serving the two of them.

Wendy was still working overtime at the company for meetings, so no one told Hannah about the Internet.

And Elaine's video is still fermenting.

At this time, Elaine couldn't close her mouth in excitement seeing the countless views and the number of likes and comments.

But the only regret is that although her video playback volume has reached several million, her fans have not increased much, only a few thousand people.

After another ten minutes, the incident became more fermented. Elaine's video had exceeded 10 million views, and many news software also began to urgently issue news feeds in response to this incident.

All of a sudden, multiple articles were pushed out one after another.

"Internet celebrities sell miserable live broadcasts, earn hundreds of thousands a day"

"Use other people's sympathy to earn hundreds of thousands a day, don't let the public feel cold! "

"Live broadcasts with goods are frequently chaotic, and another internet celebrity overturns!"

Hannah opened her eyes when she heard the mobile phone's notification popping up continuously, and took the mobile phone over.

She glanced at the screen full of notifications and knew that another Internet celebrity had overturned.

However, she didn't realize that the person who overturned was herself.

Instead, she gloated and said to herself: "I don't know which unlucky guy has been exposed again. If they were as cautious as I am,"

"Within three to five years it is definitely impossible to be exposed, even if it is exposed in three to five years, so what?"

"Anyway, I have made enough money, and when the time comes, I will directly fly to a country where no one knows me with my passport, and enjoy a good life."

As she said that, she couldn't help sneering, and muttered in her heart: "When my live broadcast is stable for another two months,"

"I will seize the time to open an Internet celebrity brokerage company, and cultivate more anchors like me,"

"And use my account to divert them and let them grow up to make money for me."

"In this way, my ability to absorb money will be much stronger than it is now."

"If I can earn one billion, I will immigrate to Europe or the United States immediately."

"I don't take any of these people with me! One billion yuan is definitely enough for me to live my life in style and debauchery!"

At this point, Hannah had already begun to fantasize about holding billions of dollars of wealth in her hands.

Living a life of spending money like water and enjoying money abroad.

At this time, she clicked on one of the tweets, wanting to see who was so unlucky to be exposed on the internet on such a large scale.

And the push she clicked on, after opening it, first played the video uploaded by Elaine.

Before she could recognize what the sneak shot was, her own voice came from the loudspeaker: "Dmn, this hood is too fcuking hot!"

Chapter 5183

Suddenly hearing her own voice in the headlines of an internet celebrity's parking spot,

The impact on Hannah is no different from that of a netizen, Downloading a video from an unhealthy website and seeing her own face trembling after opening it.

Her inner defenses were breached almost instantly And she slid directly into the bathtub because of excessive nervousness, Taking a sip of the milk-salt-smelling bath water.

Immediately, she sat up in a panic and looked at the phone again in shock.

This time, her eyes were as wide as a pair of copper bells and her heartbeat seemed to suddenly double as fast!

The self in the picture is bossing around and teaching the Willson family a lesson.

Isn't this what happened less than an hour ago?!

Looking at this angle, it was a sneak shot from a small gap in the balcony curtain. Who did it?!

What's more, what she couldn't understand was that the doors and windows,

The villa was all laminated and had hollow system doors and windows.

It is said that in order to ensure sound and heat insulation,

The glass interlayer should be filled with inert gas.

With the doors and windows closed, even if the fireworks are set off outside,

She can barely hear the sound of the explosion.

This video was clearly shot from outside, so why is the sound recorded so clearly?

It's as if people are talking right in front of her eyes.

Hannah is indeed smarter than Elaine in general But in this kind of cleverness, she is not as good as Elaine.

Elaine lives in the same villa type as her and she already knew that candid shots from outside can only capture video, Not sound, so she used Gina and others and gave them a reasonable division of labor and one person took a video outside.

And one tried to secretly record the sound inside.

Although the sound insulation of the doors and windows of the villa has been achieved to the extreme, It is only for the outside and the interior doors are not particularly strengthened, so Elaine caught the loophole.

At this time, Hannah knew very well that since these videos were exposed Her road to getting rich with live broadcasts and goods had come to an end!

Thinking that after this video was exposed,

It would affect her potential income of hundreds of millions or even billions!

Taking people's money is like killing their parents.

This old saying is an eternal truth at any time.

At this moment, Hannah's heart was full of hatred, Wishing to find the person who exposed her right away, and then tear her into pieces!

Immediately afterward, she swiped down on her phone, Skipped the video, and started reading the text of the report.

In the content of the text, the script of her live broadcast was fully revealed, As well as her approximate data and income since the live broadcast.

And when she saw one of the lines, she was even angrier and jumped out of the bathtub!

This line reads: "According to a short video platform user named 'Elaine, a counterfeit fighter'..."

Chapter 5184

Hannah was mad with hatred at this time, and immediately cursed, "Elaine! You cut my fortune, I'll fcking kill you!"

After she finished speaking, she rushed out of the bathroom like a madman, Didn't care to dry off the water droplets on her body, Put on her clothes and ran out of the room like crazy And then drove the car desperately all the way to Thompson first villa!

Along the way, she ran through countless red lights!

At this time, she didn't have any traffic rules in her mind.

She only wanted one thing in her mind,

And that was to find Elaine and beat the sh!t out of her until she was alive.

And just as Hannah was rushing towards Thompson's first villa, Claire also saw the push like a tide.

When she understood what was going on, she immediately handed the phone to Charlie and said to him: "Husband...Look quickly! It seems that mom exposed aunt..."

Charlie took a look at the video with his mobile phone, and said in amazement, "This video looks like it was shot on the terrace outside Hannah's second floor."

"Mom's legs and feet are not good. How can there be the ability to climb up and down the window?"

Claire found Elaine's short video account, pointed to the account name, And said to him: "Look at this exposed account, it's called Elaine, a counterfeit fighter, isn't this her..."

Charlie was stunned and then smiled: "It seems that Mom has found an ally..."

"This video must have been recorded in collaboration..."

"Maybe it's just a person shooting the video outside and a person secretly recording it inside,"

"Otherwise the sound is impossible to be so clear."

As he spoke, he suddenly remembered something, and said, "Could it be the three people who live with Hannah?"

Claire suddenly said in a panic: "Mom gave aunt such an exposure, aunt must hate her to death..."

"We said she did something wrong, why would you have to make enemies everywhere..." "

This..." Charlie laughed twice, and said: "Mom It's not like you don't know Hannah's character, Hannah is so terrified in front of her, she's probably going to die of anger, Maybe she's been looking for opportunities to take revenge all this time." "Hey..."

Claire sighed, and said helplessly: "Auntie really has no bottom line in doing this, but to be honest, I don't want mom to offend people everywhere..."

Charlie comforted: "Honey, it's useless to say these things now,"

"After all, the video has already been posted by mom, if she goes out in such a situation it is going to be troublesome. But Hannah won't dare to come here and cause trouble."

Charlie just finished speaking, a roaring engine sound, and a harsh brake sound, instantly broke the darkness of the neighborhood calm.

Hannah stopped the Mercedes-Benz Big G in front of Charlie's house, and then jumped out of the car, beating the door hysterically with both hands to make a loud bang,

And at the same time scolding: "Elaine! You bltch, get out of here and see if I don't kill you!"

Elaine opened a gap along the curtains, and couldn't help laughing when she saw Hannah slapping on the door frantically like a mental patient.

At this time, Elaine was not afraid at all. She turned on the video recording function on her mobile phone and pushed the door to the terrace coming out on crutches.

Coming to the terrace, Elaine looked down at Hannah, and asked with a smile,

“Oh, Hannah, what’s wrong with you? Instead of enjoying yourself in your hotel at night, you ran to my door and yelled.” What are you doing?”

Seeing Elaine’s embarrassed look, Hannah was so angry that she almost vomited blood, and shouted hysterically,

“Elaine, are you still a fcuking human? You fcuking secretly took videos of me, and you fcuking exposed it on the internet!”

Elaine curled her lips and said disdainfully: “Oh, look at what you said, I am now a fighter against counterfeiting!”

“Any personal grievances, if you live broadcast with goods to fool the public,”

“I, as a fighter against counterfeiting, of course, have the unshirkable responsibility to expose you!”

Hannah was so angry that she jumped to her feet and scolded: “Go to hell with your fight against counterfeiting!”

“What are you, others may don’t know, how can I not know?! You are the most disrespectful person in the whole world!”

“You are jealous and uncomfortable when you see me making money! So you try every means to bring me down! See if I don’t kill you, you bltch!”

Elaine lay on the railing, secretly filming a video, and said solemnly:

“Hannah, I have lived a life of integrity. I can’t rub the sand in my eyes!”

“Even if you put a knife on my neck, I will still be obliged to expose you without hesitation!”
