

A Man Like None Other Novel

Chapter 1781

"Tang Dali, I know you have kung fu, but no matter how good your kung fu is, it's useless..."

After that, Ivan actually took out his gun, and then all the motorcycle gangs took out their guns!

More than a dozen guns were aimed at Tang Dali and the others, and these people from the Daxia Gang were a little panicked!

Tang Dali's face also became ugly. If he only had a gun, he could easily escape.

But with so many guns aimed at them, Tang Dali would definitely not be able to escape.

Seeing Tang Dali and the others' faces changed, Ivan sneered: "Tang Dali, no matter how skilled you are, you are not qualified to fight with us, now you hand over the person obediently, and if you give me a sum of money, I will forgive you. You."

Ivan's gun has been pointed at Tang Dali's head!

Tang Dali's face changed again and again. Just now, he boasted about Haikou, saying that he would ask David to find him if he had something to do. Now if David is pushed out, then their Daxia Gang will be too unscrupulous, and they are also from Daxia. , they will not be able to mix in the future!

"Ivan, I don't know how to deal with people. If you have the ability, you can shoot. I promise to let you die here at the same time as you shoot..."

Tang Dali gritted his teeth and said fiercely.

Ivan sneered: "Since you are not afraid of death, let's make a break today..."

Then Ivan really wanted to pull the trigger.

However, Tang Dali was quick-witted, and at the same time that Ivan pulled the trigger, he suddenly raised it with a kick, and the speed reached the limit, instantly kicking Ivan's gun into the air.

Seeing this, Ivan shouted: "Shoot..."

Bang Bang Bang...

At one time, more than a dozen guns fired at the same time!

The faces of everyone in the Daxia Gang were full of despair, and even Tang Dali knew at this moment that death was coming!

He didn't dodge, he gave up resistance, so many guns, dodge or not, the ending is the same.

But just when Da Xia helped these people prepare to wait for death, a golden light suddenly appeared behind them!

The golden light illuminated the entire compound, and then these people saw that the bullets shot at them all stopped in front of their eyes at this moment, as if the bullets touched something and were stopped!

Pa-ta, pa-ta.....

Chapter 1782

The bullet fell to the ground just a few centimeters away in front of everyone's eyes!

All the breaths were condensed, and there was a dead silence for a while!

This was the closest they were to death, watching the bullets fall in front of their eyes!

But no one understands what happened!

And that Ivan and the people from the Motorcycle Party were even more shocked, and their eyes widened in disbelief.

They don't understand what the golden light that just exploded was, and why the bullet suddenly stopped by itself, and then fell to the ground?

At this moment, only Tang Dali opened his mouth wide, his face full of shock.

Because he felt a very huge and terrifying breath, and this breath came from behind him!

It was because of this breath that saved them all!

Those bullets hit the invisible barrier, so they stopped, and then fell to the ground!

Tang Dali turned his head and looked at David in horror, but the golden light on David's body had just receded!

David smiled slightly at the shocked Tang Dali, and then took a few steps forward: "You are looking for me, come to me if you have the ability..."

Seeing David stand up, Ivan just recovered from the shock just now. Wake up.

But he didn't know that everything just now was done by David.

He just thought that the gods were protecting Tang Dali and the others!

"Boy, since you have stood up, you will be punished..."

Saying that, Ivan grabbed a gun from a motorcycle party and aimed it at David, but this time he followed David away distance!

He knew that many people in Daxia were highly skilled in martial arts, so when they distanced themselves, David had no choice but to be obedient!

Chapter 1783

"How are you going to punish me?"

David faced Ivan's muzzle without the slightest fear on his face.

"Of course you lost a leg..."

Saying that, Ivan pulled the trigger without hesitation!

It can be seen that this Ivan is also a ruthless master!

Touch...

The gunshots sounded, but David was still standing intact, as if the bullet hadn't hit David in the leg!

This time, Ivan was stunned: "Damn, didn't you get hit so close?"

Ivan was still doubting his marksmanship, so he shot David's leg again!

Touch...

Another shot, but David is still standing intact!

At this time, everyone in the motorcycle party looked at Ivan with incredible expressions in their eyes!

Missed both shots at such a close distance?

"Damn, I don't believe it anymore..."

Bang Bang Bang...

Ivan shot several times in succession, until the bullet in the gun was emptied, and then it stopped!

However, David was still standing in front of him with a sneering expression on his face, and he was not injured at all!

This time, Ivan was confused, and even those from the Daxia Gang looked at David in disbelief, wondering how David would be alright?

Only Tang Dali trembled slightly, if it wasn't for so many people, he would have knelt down to David long ago.

"This...what the hell is this gun?"

Seeing that so many guns failed to hit David, Ivan instantly grabbed his hand and fell to the ground, putting the blame on the problem with the gun.

"It's not about guns, it's about people..."

David said, opened his hand, and then the bullet fell from David's hand to the ground!

Looking at the scene in front of him, Ivan took a few steps back and looked at David in disbelief!

He didn't expect that there are still people who can catch bullets with empty hands?

Chapter 1784

This is outrageous!

"I don't believe it, you can take more than a dozen guns..."

Ivan asked everyone to point their guns at David, ready to shoot David to death!

But just as these people raised their guns, they felt a dark shadow pass by in front of them, and then their hands were empty, and the guns disappeared...

But David had been standing in front of them, motionless!

When they looked to the side, they realized that Fan Jiang already had more than a dozen guns in his hands.

"A pile of broken copper and rotten iron, how dare you show off your power..."

Fan Jiang said, his hands actually crumpled the dozen guns into a big iron ball!

This time, Ivan was dumbfounded and shivered all over!

The other motorcycle gangs also looked horrified.

They didn't understand what kind of two perverts they encountered...

"I'm in a good mood today and don't want to kill people, so you can get out now..."

David said to the terrified motorcycle gang.

As soon as Ivan heard this, he immediately turned around and ran, and there was no one who ran away in an instant.

As soon as those motorcycle gangs left, Tang Dali knelt down in front of David with a thud!

"Senior is on top, please accept me..."

"Just now, I was blind, and my words offended senior, I should be damned..."

Tang Dali's forehead was covered in cold sweat, and his whole body was shaking!

"Sect Master Tang, why are you doing this? You didn't offend me just now..."

David raised his palm lightly, and suddenly a force lifted Tang Dali up.

"Senior, I..."

Tang Dali wanted to say something, but David waved his hand: "Fang Master Tang, you are older than me, don't be a senior, I am very uncomfortable!"

Tang Dali heard, He quickly changed his words and said, "Mr. Chen, you...Are you the David who built the Dragon Gate in the Kyoto martial arts world?"

David smiled and nodded, showing his strength, and David has nothing to hide!

Seeing David's admission, Tang Dali's face became even more excited!

"Mr. Chen, you are my idol. I didn't expect to see you today. I'm so excited. Mr. Chen came to look for the ruins, and I believe I can find them..."

Tang Dali changed his words at this moment, not persuading David leave!

Chapter 1785

David smiled: "So many people can't find it, how can I find it? This Ice Bear Island is not big or small. If I find it a little bit, it will take a year and a half. ..."

"Mr. Chen, you don't have to search the entire Ice Bear Island to find the ruins. There is one place that is most suspicious, because people disappear from there almost every year, and you can't find them no matter how you look for them."

"So some people suspect that there are ruins there . , but I can't find the entrance..."

Tang Dali said to David.

"Where?"

David said brightly.

"Go get a map for Mr. Chen..."

After Tang Dali finished speaking, someone quickly brought the map, and Tang Dali drew a circle on the map: "It's here, it's close to the snow-capped mountains, and there are rumors that the ruins are there. Beneath the snow-capped mountain, but no one has seen it..."

David looked at the place, thoughtful, and then asked, "Have you been here?"

"I have been there twice, but I haven't seen any ruins. It's all a white snow field."

Tang Dali said.

"Sect Master Tang, can you take us to this place tomorrow?"

David wanted Tang Dali to take them there. After all, Tang Dali was familiar with the route!

“No problem, it’s my honor to be able to do things for Mr. Chen...”

Tang Dali happily agreed!

After leaving the Daxia Gang, David and Fan Jiang did not go back to the hotel, but went shopping in a market!

Because of the cold weather here, there are almost no living things on the market!

And in such a small market, there are still some selling jade, swords and the like.

It may be because many warriors come here to explore the ruins every year, so there are people who sell this kind of thing. As the saying goes, there is a market when there is demand!

“It’s all rubbish, and I haven’t met a few masters. Could it be that the entrance to the ruins could not be found, and many people have left?”

Fan Jiang found that the items sold in the market were very poor, and he didn’t meet many masters. !

Logically speaking, there are ruins here, and a large number of masters will come here.

But now there are not many!

Chapter 1786

It may also be that they have been here several times and cannot find the entrance to the ruins, and they all retreated!

Just when David and the others turned around and were about to go back, there was a buzzing sound in David's mind, and the Dragon Sword seemed to sense something, and there was a slight vibration!

David stopped in a hurry, then looked not far away, and found a street vendor packing his things, probably preparing to go home!

At this moment, David was attracted by the street vendor who was about to put away a sword!

I saw that this sword exudes a vague aura, which instantly attracted David!

"Brother, can I see your shuriken?"

David walked over and asked.

"You said this sword, let me show it to you, if you like it, five million will be given to you..." The

trader gave the sword to David.

"What broken sword is worth five million? Isn't this a robbery?"

Fan Jiang looked surprised.

"What do you know, this sword cuts iron like mud, but asks Jianzong's sword." The

merchant said a word, and David was stunned in an instant.

He did not expect that a small trader would actually know about Asking Sword Sect.

"Brother, how do you know this is the sword of Wen Jianzong?"

David looked at the vendor strangely and asked.

"Isn't it written on the body of the sword?" the

trader said with the sword.

David looked at it carefully. The sword body was already rusted and it looked very old, but at the bottom of the sword body there were indeed three characters of Wen Jianzong. These three characters were obviously engraved when the sword was cast.

When David was holding the sword, the induction of the Dragon Slaying Sword in his body became even stronger!

David's face was very excited.

Chapter 1787

"Brother, can I ask, where did you get this sword from?"

David asked.

The merchant looked at the snowy mountains in the distance: "When I went to pick snow lotus, this sword was picked up for several years. At the beginning, it was very sharp, cutting iron like mud, but I can't maintain it. It's only rusted recently."

"If it wasn't for rust, I wouldn't sell it for five million yuan. Do you want it? If you don't want it, I'll close the stall and leave..."

"I want it!" David finished. , and directly transferred five million to the merchant!

When the merchant saw this, he was also very excited. It seemed that he did not expect this sword to sell for five million!

David couldn't put it down with the sword, at least he could be sure that the Swordsman Sect was here, and the ruins were very likely to be the Swordsman Sect.

"Five million to buy a broken sword, you haven't seen it for a year, but you have made a fortune..."

At this moment, a woman's voice came from behind David.

David was stunned when he heard the voice. He felt that the voice was familiar, but he couldn't remember it for a while.

Then David turned around, and the moment he saw the girl's face clearly, he instantly remembered!

"Princess Anna, why are you?"

David said excitedly.

"This is my country. It's normal for me to come here to play, but I was surprised to see you here. At first, I thought I was wrong!"

Anna also said excitedly.

Behind Anna, following the tall Andrew, David looked at Andrew and felt the breath of Andrew. Unexpectedly, in just one year, Andrew's strength has reached the level of Marquis Wu!

Although it is still a long way from David, this speed is fast enough!

A year ago, David participated in the international competition at the request of Zao Wou-Ki, and Andrew was only a Wuzong. It was also at that time that David killed Ichiro Watanabe and completely formed a grudge with the Watanabe family in the island country!

"Andrew, your strength is growing fast..."

David said to Andrew with a smile.

“Mr. Chen is not bad...”

Andrew smiled.

In fact, Andrew did not detect David’s strength, he just said it politely!

After all, in the international competition, Andrew has been convinced by David!

Otherwise, with the hot character of their Xiong Guo, it would be impossible to talk to David like this.

“David, are you here to travel?”

Anna asked.

“That’s it...” David didn’t know what to say!

“Since I am here, I will do my best as a landlord. I will show you around, and then I will take you to our house as a guest!”

“It only takes a few hours to get to our house by plane here. The...”

Anna stepped forward and took David’s hand, followed David happily.

David was a little overwhelmed by Anna’s enthusiasm.

Looking at David like that, Anna smiled: “Didn’t you bring your two girlfriends? Are you married and have children?”

Looking at Anna’s curious look, David didn’t know how to answer she.

Gu Linger is here, but Sonya is still locked in the dungeon.

"Shouldn't you break up with them? I guessed that men don't have good things, they are all sgumbags..."

Anna said to David with a smile.

David sighed and didn't refute, saying that he was a sgumbag, so he was a sgumbag.

Now that so many women are tempted by him, David doesn't want to let anyone down!

Especially looking at Ji Ruxue's pitiful appearance, David couldn't bear to refuse.

If you can, when you go into seclusion in the future, put all these women in your pocket!

David just doesn't know if this is a sgumbag...

Chapter 1788

Anna pulled David and wandered happily, while Andrew and Fan Jiang followed closely behind!

"David, besides traveling here, do you have anything else to do?"

Suddenly, Anna asked David.

David was stunned for a moment, then shook his head: "What can I do?"

"Didn't you come for the ruins?"

Anna looked at David with a little playfulness, as if to see all of David's heart.

When David heard this, he smiled awkwardly and did not speak, but looking at David's expression, Anna also understood.

"Actually, I also came for the ruins, otherwise I wouldn't travel to this small place,"

Anna said.

"You are also for the ruins? Is it just the two of you?"

David was a little surprised, after all, Anna has no strength, and Andrew is only the strength of Wuhou who has just arrived!

How can this kind of strength go to explore the ruins?

Isn't that looking for death?

Seeing David say this, the smile on Anna's face disappeared instantly, replaced by a touch of sadness!

David didn't know what he said wrong, and seemed a little overwhelmed!

"I heard that there is a King of Medicine in the ruins, so I found the King of Medicine to save my father..."

Anna bit her lip and whispered.

When David heard this, he quickly asked, "What's wrong with your father? Is he sick?"

Anna shook her head: "No, my father was poisoned. I heard that only the Medicine King in the ruins can save him..."

"Poisoned?" David looked surprised, knowing that Anna's father was a duke, who would dare to poison a duke of a country?

"Someone spied on my father's position as a duke, so he wanted to kill my father and get the position of the duke."

Anna saw David's doubts, so she said quickly.

"Who is so bold?"

David asked.

Anna looked at David and said with a serious face, "Do you think that after my father dies, who can get his Duke position?"

Anna's words instantly made David realize!

"Could it be your older brother or younger brother?"

David was full of surprise, because only his own son could inherit his father's duke!

But in order to get the position of the duke, he poisoned his father to death, which is too inhuman!

But when I think about that Long Jingguo, he poisoned his father just to get the position of the head of the Long family, not to mention the position of the duke of a country, this position is even more attractive!

Thinking of this, David felt a little emotional. He said that there are no fathers and sons in the deep palace. It seems that it is really like that.

"I just suspect my brother now, but there is no evidence. When I find the King of Medicine and rescue my father, I will know who poisoned him."

Anna's eyes were full of determination!

"Are you so sure that you can find the King of Medicine?"

Although David admired Anna's courage, courage cannot represent strength.

This kind of relic is not something that can be explored by any strength.

"Even if I die, I'll give it a try..."

Anna seemed to have made up her mind.

In this way, David and Anna walked and chatted, and unknowingly walked out of the bustling street market and came to a sparsely populated place!

At a glance, in the vast expanse of white, you can still see some people pulling dog sleds, cheering and playing!

"His Royal Highness, we need to go back, it's not safe here..."

Andrew looked around, and then said to Anna with a vigilant look on his face.

Seeing Andrew's expression, Anna also seemed a little nervous: "Andrew, do you feel something?"

As a bear, Andrew has a perception level that is beyond normal human beings, and can perceive the existence of danger in advance!

Andrew nodded, then guarded in front of Anna.

"What? Someone is going to kill you?"

David frowned.

Chapter 1789

Anna nodded and said, "We met and hunted down several times along the way. I guess these people were also sent by my brother. He didn't want me to live..."

"I didn't expect that power struggles abroad are also very cruel. ."

At this time, Fan Jiang said.

"If that's the case, then let's go back..."

David took Anna and prepared to go back!

But just after turning around and taking two steps, four men in black appeared. These four men were all covered, with machetes in their hands, and each of them had murderous intent in their eyes!

Seeing the sudden appearance of the four men in black, Andrew guarded Anna tightly as if he were facing a formidable enemy!

David glanced at these four people, all of them were in the realm of Marquis, and they were considered masters!

If these four people deal with Andrew, then Andrew is definitely not an opponent.

"Andrew, you hand over Princess Anna, and I can spare you, otherwise I'll take your bear skin to make clothes..."

A man in black said to Andrew with a mocking expression on his face.

"Impossible, I am Princess Anna's guardian. I can die, but I will never let you hurt Princess Anna!"

Andrew said with a cold face.

"Okay, since you're obsessed, then we'll kill you, and then we're killing Princess Anna..."

After speaking, the four men in black all radiated a cold chill.

The breath of the four people instantly locked Andrew!

As for David and Fan Jiang next to them, they didn't seem to see it!

The four men in black directly ignored David and Fan Jiang, who were relatively thin.

"Roar..."

When Andrew saw this, he directly activated the transformation mode, raising his strength to the strongest!

I saw that Andrew was covered in hair, revealing sharp fangs!

It turned into a brown bear, roared loudly, and protected Anna tightly!

"Hmph, even if you transform, what can you do?"

A man in black snorted coldly, and then the four of them walked towards Andrew together.

Andrew roared and rushed up, fighting with the four men in black!

With the strength of Marquis Wu, the melee of several people instantly made the surrounding explosions continue, and the snow was thrown into the sky one after another, and then slowly fell!

Even if Andrew transformed and raised his strength to the strongest, he was still no match for the four men in black!

I saw that Andrew's huge body was severely hit by a man in black, and the whole person rose up into the air, smashed heavily on the ground, and smashed the hard ground into a deep pit!

When Anna saw this, her eyes were full of panic and anxiety.

"Roar..."

Andrew roared again, stood up suddenly, and then patted the four men in black with his wide bear paw!

At this time, the two men in black directly stopped Andrew.

The other two men in black were walking towards Anna!

When Anna saw this, her body continued to regret it, but soon the two men in black came to Anna.

"Princess Anna, did you cut it yourself, or do you need us to do it?"

a man in black asked Anna.

"Who the hell are you? Did my brother send them?"

Anna asked the man in black.

"You don't need to know this, we'll tell you when you die."

The man in black said with a sneer.

Anna bit her lip, facing such a powerful man in black, Anna knew that she was doomed this time!

"Mr. Chen, these guys seem to be ignoring us."

Fan Jiang looked at David and said.

"Well, it was ignored..."

David smiled!

You must know that David is now in Daxia. He is a household name and will never be ignored.

But here, it was directly ignored!

"Since it's useless for these guys to have eyes, then I'll deduct them..."

Fan Jiang asked.

"I think so!"

David nodded.

This is what Fan Jiang wanted to do, and David agreed.

Chapter 1790

The conversation between David and Fan Jiang instantly annoyed the two men in black!

"You two people from Daxia, hurry up and get out of my way, or else you will all die here..."

A man in black looked at David and Fan Jiang with murderous intent.

At this time, Anna also looked at David and said, "David, don't worry about my affairs. You should take your friends with you. They are very powerful people."

"I really want to see how many of these people are. Awesome."

David smiled, then winked at Fan Jiang!

Fan Jiang nodded, then jumped up and walked towards the two men in black!

"David, you are not their opponents. They are all Marquis of Wu. You should leave quickly..."

Anna said to David quickly when she saw that Fan Jiang had actually started.

But just as Anna's voice fell, she heard two shrill screams!

I saw the two men in black, covering their eyes with their hands at the moment!

On the snow-white ground, the four eyeballs are very conspicuously embedded in the snow!

From the gaps between the fingers of the two men in black, blood kept coming out!

This time, Anna was dumbfounded!

"Things that don't have eyes, don't have to look at things now."

Fan Jiang snorted coldly.

And the other two men in black who were fighting with Andrew, all rushed over after hearing the screams!

Andrew couldn't hold it anymore, and there were scars all over his body. At this moment, when the two men in black left, he breathed a sigh of relief!

When the other two men in black arrived, they saw that their two companions had empty eye sockets, and their eyeballs were gone!

This time, the two of them were instantly shocked!

The four of them know each other's strength like the back of their hands, and those who can instantly dig out the eyeballs of their two companions must be much stronger than them!

Thinking of this, the remaining two men in black, supporting their companions, turned around and ran.

“Want to run?”

Seeing this, Fan Jiang jumped up and instantly stopped the four men in black!

Immediately afterwards, both claws came out again, and the remaining two men in black also screamed, and the eyeballs of the two men in black were also gouged out.

This time, the four men in black became blind!

One by one screaming, colliding with each other, unable to find the direction!

Fan Jiang’s skill made Anna and Andrew look at it for a while.

It wasn’t until Fan Jiang came back that Anna couldn’t help but ask David, “David, what kind of strength is your friend? How can you be so powerful?”

David smiled: “He is just a peak of Marquis, the Marquis of Great Marquis. I can’t even break through.”

Fan Jiang was immediately embarrassed when he heard this.

He has not been able to break through the Great Marquis for twenty years.

If someone had said that to him before, Fan Jiang would have been angry long ago!

But now that David said this to him, Fan Jiang has no temper at all.

After all, it took David just over a year to break through to the realm of Marquis of Great Wu!

This kind of talent and the disparity in strength made Fan Jiang admire David's five bodies.

Hearing that Fan Jiang was the pinnacle of Marquis, Anna and Andrew were full of admiration and wonder in their eyes!

Although Andrew is also a Marquis, he is only a new Marquis. If he wants to reach the peak of Marquis, he doesn't know when it will be.

But soon, Anna seemed to feel that something was wrong, so she asked David: "You just said that he is a peak Wuhou, that's all? You don't seem to look down on this peak Wuhou, so what is your strength?"

" Me? I'm a fifth-rank Marquis of Great Martialism now."

David said with a slight smile.

"Just brag, you can reach the fifth-rank Great Marquis at your age? You must know that you were just a great master a year ago."

Anna didn't believe David's words at all.

After all, David was only a great master a year ago, so how could he have reached the fifth-rank Great Marquis in one year?

This is simply not possible!

Andrew, relying on his identity as a bear man, cultivated fast. It took a year to go from Wuzong to Wuhou, and he still ate an unknown amount of cultivation resources!
