

A Man Like None Other Novel

Chapter 1951

"Zhu Hao, shut up..."

Seeing this, Hong Qianjiu quickly reprimanded Zhu Hao!

He knows that this time is not the time to vent his anger. If they fight now, other sect families will be happy!

Why are so many sect families gathered on this Penglai Island, but there is no conflict, they are all saving their strength and not fighting for unnecessary things!

When Jiang Wei was told this by Zhu Hao, his face instantly became angry, and his eyes were fierce: "Zhu Hao, you are telling me a f***ing sentence..."
After

that, Jiang Wei was about to punch at Zhu Hao. Smash it!

But he was stopped by Hong Qianjiu.

"Brother Jiang, don't be angry, Zhu Hao is just talking like this, you should be farting."

Hong Qianjiu said this, and Zhu Hao dared to get angry.

"Brother Jiang, forget it..." When David spoke, Jiang Wei gritted his teeth and took two steps back!

When Hong Qianjiu saw this, Jiang Wei really listened to David, so he looked at David and said, "Mr. Chen, I believe that you come to Penglai Island and know what will happen here, so I just proposed, I hope you can think about it, as long as we unite, who would dare not

follow the other sect families?" "When the spiritual energy recovers, we can return to the territory, which is better than being destroyed by other sect families?"

After listening to Hong Qianjiu David smiled faintly: "Thank you so much for your kindness, but I prefer to be alone, I'm sorry..."

David's meaning was obvious, he would not form an alliance with Hong Qianjiu and the others!

Upon hearing this, Hong Qianjiu frowned slightly. He did not expect David to reject it so quickly!

Just when Hong Qianjiu was about to say something, then Zhu Hao said again: "???? David, who do you think you are, don't think you are number one in the world, and don't look at this Penglai Island These people who come up, how many great Marquis, you will definitely die miserably."

"Will I die, it doesn't seem to have anything to do with you, right?"

David looked at Zhu Hao coldly, with a bit of chill in his eyes!

Seeing David's eyes, Zhu Hao was too frightened to speak!

Seeing this, Hong Qianjiu could only look at Jiang Wei and said, "Brother Jiang, what do you mean?"

Jiang Wei said without hesitation, "Of course I'm following Mr. Chen, so there's no need to ask!"

"Brother Jiang, I hope You're thinking about it, although David is now..."

"Okay, needless to say, we'll go now!" Before Hong Qianjiu could finish speaking, Jiang Wei interrupted him.

Hong Qianjiu's face turned cold, and then he said coldly: "Brother Jiang, in Penglai, it's not a friend, it's an enemy. When we meet again, I won't be merciful..."

"Me too..."

Jiang Wei said lightly.

"Brother Jiang, let's go..."

David called Jiang Wei and left.

And Hong Qianjiu looked at the backs of the two of them, his teeth rattling!

"Bah, what, then Jiang Wei is an idiot." Zhu Hao scolded, and then said to Hong Qianjiu: "Ninth brother, that Jiang Wei idiot, we don't care about him, even if the three of us cooperate, here The island is also invincible."

Hong Qianjiu didn't speak, but turned and left!

On the other side, David followed Jiang Wei to a tavern, ordered a few dishes, asked for a bottle of wine, and started drinking!

"Brother Jiang, do you know why I didn't form an alliance with them?"

David asked Jiang Wei while drinking.

Jiang Wei shook his head, and then said: "Mr. Chen's strength does not need to form an alliance. I am afraid that this island is invincible."

When David heard this, he immediately laughed: "Brother Jiang has also learned to flatter..."

"The reason why I don't want to form an alliance is because they are all looking forward to the recovery of spiritual energy, but I want to destroy it."

"If The real spiritual recovery begins, and the massacre will spread from Penglai Island to the whole world."

"When the time comes, all the families in the martial arts world will become slave-like existences."

"I believe Jiang brother should know, The strength of those sect families in the secret realm? Is it comparable to the martial arts world in the secular world?"

Chapter 1952

David's words made Jiang Wei stunned and lost in thought!

If the spiritual energy recovers and those sect families in the secret realm return to the mundane world, then there really is no such thing as a family in the martial arts world!

At that time, all of them can only be reduced to affiliated families, and they will work hard to live!

Moreover, in order to compete for resources, the major families will also fight without restraint. After all, there are no rules that can restrain these sect families!

At that time, the whole world will be in chaos, and ordinary people are afraid that they are not as good as ants.

"Mr. Chen, how are you going to stop the aura from recovering?"

Jiang Wei asked curiously.

David frowned slightly, then sighed and said: "I haven't figured it out yet, I can only take a step by step..."

Just as David was drinking and chatting with Jiang Wei, one of them was only in his twenties. , a man in casual clothes walked in, followed by four followers behind him!

At first glance, it is the son of the sect family, but the other party glanced at the tavern, then found a corner and sat down!

David frowned slightly, then carefully looked at the young man!

And Jiang Wei saw David's expression, so he asked: "Mr. Chen, do you know that person?"

David shook his head: "I don't know, but I feel that this person's breath is very strange, although he is deliberately suppressing his breath, However, I think his strength is

likely to be higher than that of the Great Marquis, at least the strength of the Great Marquis." When Jiang Wei heard this, he couldn't help but glance at the young man, and said curiously, "I think so. There's nothing special about it, there are quite a lot of young masters like this on Penglai Island, and it's impossible for this age to reach the peak of the Great Marquis, even the Martial Saint, right?"

"Mr. Chen is the most talented person I've ever met. You haven't reached the peak of Marquis of Great Martial yet, how could someone surpass you."

"He's not a warrior..." David said lightly.

“Not a warrior?” Jiang Wei was stunned: “Is it a cultivator? Did it come from the secret realm?”

David did not speak, because he was not sure whether the other party came from the secret realm, but in the secular world, David did not speak. Apart from the evil cultivators in the Martial Dao Alliance who were possessed by souls, the cultivators I met had never seen such high-strength cultivators!

After all, the law of heaven and earth is not a joke. Immortal cultivators will be suppressed by the law of heaven and earth in the mundane world, and it is impossible for their strength to grow to a particularly high level!

But if it is said to be from the secret realm, then it must bear the power of this law, willing to be suppressed and stagnant, or even regress!

Who would do that?

Because of this, those in the secret realm will not enter the secular world casually, otherwise the secular world will be in chaos.

Just when David looked at the young man carefully, the young man suddenly looked at David, and the two looked at each other, but moved their eyes away at the same time!

David can be sure that the guy in front of him is very strong, and the young man frowned slightly!

“Master Lu...”

At this moment, a follower beside him was about to say something, but he was glared at him fiercely!

This young man is Lu Chang. In order not to attract attention, Lu Chang did not bring many people with him, and he also deliberately concealed his breath!

But I didn't expect that as soon as I entered the door, I was stared at by David for a long time!

Lu Chang also felt the fluctuation of the spiritual power on David's body, which is unique to immortal cultivators, so he can be sure that David is an immortal cultivator!

And ??? David is now the strength of the Eight Realms of Transformation, that is, the Eighth-Rank Great Marquis!

Such strength is rare in the secular world. You must know that the laws of heaven and earth in the secular world are very suppressed. If you want to practice Dao transformation in the secular world, it is simply more difficult than ascending to the sky!

Chapter 1953

In this way, David and Lu Chang each had their own thoughts and secretly observed each other, but soon, the eyes of the two were attracted by the five men in black robes who suddenly came in!

When David and Jiang Wei saw the five men in black robes coming in, their expressions turned cold and they became nervous!

These five black-robed people are Ning Zhi with four black-gold robes!

After seeing David, Ning Zhi was also a little surprised!

"David, we are really close friends. I didn't expect to see each other here again."

Ning Zhi said to David with a grin.

“Ning Zhi, the eldest young master of the dignified Ning family in Jingjing, now he has been reduced to being a dog for others and a body willingly for others. I wonder what you think?”

David sneered.

“David, what I am doing now is all your fault, and I will definitely kill you.”

Ning Zhi was full of anger, then waved his hands, and four black gold robes surrounded David!

David felt the breath of the four black gold robes, his face was a little ugly, and then said: “Ning Zhi, we have a grudge, I hope you don’t bring others together and deal with me.”

After David finished speaking, he said to Jiang Wei: “ Brother Jiang, go back first, and then I’ll find you after I’ve dealt with the matter here.”

David knew that even if he and Jiang Weijia were together, they were no match for the four black gold robes!

After all, the other party is a Martial Saint level!

“Mr. Chen, I will not leave, I will fight with you to the end.”

Jiang Wei said without fear.

“Hmph, it’s just the two of you, it’s a matter of minutes if you want to kill you.”

“David, even if you improve your strength and become stronger, can you fight the four black gold robes? They are all It is the strength of Martial Saint, if you obediently capture it, I can spare you death.”

Ning Zhi said with disdain.

David absorbed a lot of strength a few days ago, so Ning Zhi and the others have been training, and now they have basically recovered. I didn't expect to meet David again on Penglai Island!

Ning Zhi couldn't swallow this breath at all, so now that he met David, he wanted to take revenge.

"Ning Zhi, even if you have a soul in your body, if I want to kill you, I can't beat you in ten moves. Do you dare to fight with me?"

David began to challenge Ning Zhi!

After all, facing the four black gold robes, David and Jiang Wei are indeed difficult.

"Hmph, David, don't follow me with this trick, do you think I'll eat your trick? Since you don't want to be captured, I can only beat you until you bow your head..."

Ning Zhi said, Let the four black gold robes do it!

At this moment, Lu Chang in the corner had a very solemn expression on his face. He didn't know that in this mundane world, the magic cultivators had such a high level of strength that they even reached the Martial Saint level, which is the so-called out-of-body realm!

Lu Chang originally thought that he was under the power of the law of heaven and earth to come out of the secret realm, even if he was one of the best in the world, but if you want to destroy a family, you still need to reach out!

But now seeing that these magic cultivators are so powerful, Lu Chang has some fear in his heart.

He tried his best to hide his breath, for fear that Ning Zhi and the others would discover his whereabouts.

At this time, David's aura began to skyrocket, and the terrifying aura that rolled out caused many people around to flee in panic!

Lu Chang felt the terrifying aura on David's body, and there was a bit of surprise in his eyes!

"Could it be that there is already a place for the recovery of spiritual energy in the secular world? Why are these people not suppressed by the laws of heaven and earth?"

"Did he also come out of a secret realm?"

Lu Chang did not understand how David cultivated. He began to wonder if David, like himself, had just come out of the secret realm.

"Don't start a conflict now, have you forgotten what you're here for?"

At this time, the soul in Ning Zhi's body was full of anger and yelled at Ning Zhi.

Chapter 1954

After Ning Zhi heard this, he waved his hand to let the four black gold robes retreat!

Then he looked at David coldly and said, "David, you wait for me, and I will take care of you when the matter here is finished."

After that, Ning Zhi left with the black gold robe!

After Ning Zhi walked back, David breathed a long sigh of relief!

Facing the four black gold robes alone, he was still a little stressed!

Last time, if these people were not greedy, they insisted on absorbing the spiritual power in David's body, but they were backlashed. I am afraid that David would have already been caught by them!

"Mr. Chen, let's go too..."

Jiang Wei was also full of cold sweat at the moment!

David nodded and followed Jiang Wei away, while Lu Chang sat blankly with a complicated expression in his eyes.

"Young Master, I'm afraid none of the demon cultivators just now have the same strength as you. What should we do?"

an entourage asked Lu Chang.

Lu Chang didn't speak, just frowned!

Originally, he thought that his own strength, even if his strength was suppressed and imprisoned by the laws of heaven and earth, would definitely be a leader in the mundane world, and he could take it as he liked.

This kind of blow is not small for Lu Chang.

"These magic cultivators must have come out of the secret realm, how do you feel that his strength is not suppressed by the laws of heaven and earth at all?"

Another entourage was full of doubts!

"Haven't you found out that there is a soul living in the bodies of these demon cultivators? That is to say, the bodies of these people are only warriors in the mundane world, and the souls in their bodies are the real demon cultivators."

"The law of heaven and earth is not It will suppress the soul, and these magic cultivators took advantage of this loophole, so they can walk unscrupulously in the mundane world."

Lu Chang explained solemnly.

“But the young man just now doesn’t seem to be a magic cultivator, but his aura is not weak...” The

entourage continued.

“That person may also be a son from a secret realm.”

Lu Chang was very interested in David’s identity at this time, and wanted to know whether David came out of the secret realm.

“Sir, what shall we do next?” the attendant asked.

I thought I could handle it, but now it seems that there are really hidden dragons and crouching tigers here, and the masters are like clouds!

“Hide your strength and watch the changes. You must not do anything unless you have to.”

After Lu Chang finished speaking, he began to eat on his own.

.....

David followed Jiang Wei back to the palace!

At this time, David’s face was not very good, and he was very worried. This time, the situation on Penglai Island exceeded his expectations!

He also did not expect that there would be so many people entering Penglai Island, and there would be so many masters. In addition to the black gold robe of the Martial Arts Alliance, other Martial Saints would appear!

In this way, it would be very difficult for David to stop the recovery of spiritual energy!

"Brother David..."

As soon as David returned to the palace, he saw Long Xingxu bring someone over!

"Xing Xu, why are you here?"

David asked in surprise.

"Not only me, but also the Ge family master. Du Nan sent someone to look for you in the capital. You were not there at the time, so I brought someone here."

"Ge family master also brought people from the Ge family.

"Fu Hai also walked out with a group of people!

Among them, Ge Jiayi and Ge Yuhan even came!

"Mr. Chen..."

Ge Fuhai said hello to David in front of the sea!

After seeing Ge Fuhai, Jiang Wei hurriedly shouted respectfully, "Hello, Uncle Ge!"

Ge Fuhai nodded slightly, saying hello!

"Patriarch Ge, why are you here too?"

David was very surprised, why did Ge Fuhai bring people, and with Ge Fuhai's ability, even if he came, he would be cannon fodder. After all, all the people gathered on the island at this time is a master.

Chapter 1955

"Mr. Chen, now all the major families in the secret realm have sent people to Penglai Island, and our Ge family is no exception."

"The clan elder said, let us do our best to help Mr. Chen, as long as the aura recovers, we can control it. Penglai Island, then our Ge family will be able to take the lead." Ge

Fuhai followed David unabashedly.

As soon as David heard it, he knew that Ge Cangsheng knew that Penglai Island was going to recover his spiritual energy, and he also wanted to occupy Penglai Island.

It is every clan that thinks like this, so a bloody battle is sure to take place!

All David has to do is stop this bloody battle!

"Patriarch Ge, to tell you the truth, I came to Penglai Island this time, not to occupy Penglai Island, but to find a way to prevent the recovery of spiritual energy."

David followed Ge Fuhai bluntly.

Ge Fuhai was very surprised when he heard it, but he knew that David's words were orders, and all he could do was obey.

"Our Ge family obeyed Mr. Chen's arrangement."

Ge Fuhai said directly and firmly without asking the reason.

time flies!

David and the others will soon come to Penglai Island for more than ten days!

In the past ten days, Penglai Island has been surprisingly quiet. Except for the beginning, there were people who landed on the island one after another, but very few people landed on the island in the end! In a hotel, Ning

Zhi stood outside the window, looking at the entire Penglai Island, and slowly said, "Senior, is it almost time?"

"

The soul of the soul!

Ning Zhi nodded, and quickly called for two black gold robes to go to the hill in the middle of Penglai Island!

Not long after, the entire Penglai Island began to tremble slightly, like an earthquake!

And the hills in the middle of Penglai Island began to flicker with bursts of light!

This sudden change instantly attracted everyone's attention!

David stood at the highest point of the palace, looking at the glowing hill in the middle, frowning!

"Mr. Chen, as soon as we came, we heard that there are ruins there, but no one found it. Is it necessary to recover the spiritual energy now, and the ruins have appeared?"

Jiang Wei asked excitedly, looking at the glowing hills in the distance.

David didn't speak, because he didn't know if the ruins were about to appear, but the hill in front of him suddenly glowed, not a vision, but a large-scale formation.

Even if they are so far apart, David can feel the terrifying aura from the activation of the formation!

Many people began to swarm towards the central hill, and everyone was afraid that they would fall behind!

"Brother Chen, there are ruins on Penglai Island. They all say that there is an altar in the ruins. It is because of this altar that the spiritual energy is revived.

" It can arouse the celestial phenomena, and you will live forever."

Long Xingxu found David out of breath and said hurriedly.

It seems that he has been inquiring about things outside!

At the beginning, Long Xingxu said that David is somewhat similar, because the recovery of spiritual energy will never choose the place of Penglai Island for no reason, and the Gorefiend, who is a generation of overlords, will not trap his body on Penglai Island and wait for it. resurrection!

This Penglai Island must have secrets that they don't know, but the immortality mentioned later is obviously nonsense.

"Mr. Chen, why don't we go and have a look?"

Although David didn't believe it, Jiang Wei on the side was very excited. This kind of thing must be seen!

Whether it's true or not, you have to see it before you know it!

"Go!" David nodded.

When David arrived with people, he found that the hill was already surrounded by people, and an ancient stone gate was revealed not far away!

So everyone looked at the stone gate with golden light, as if there would be endless wealth after the stone gate!

Chapter 1956

Hong Qianjiu and the others took their subordinates and stood at the forefront!

In front of Hong Qianjiu and the others, there were more than a dozen people lying all over the place, and it seemed that all of them had lost their breath!

“What’s going on?”

Jiang Wei asked suspiciously, looking at the people who fell to the ground and died.

Hong Qianjiu’s face was very ugly, and he didn’t speak, but Zhu Hao couldn’t help scolding: “Paralyzed, there is actually a great formation here to protect the mountain, causing us to lose so many people.”

Jiang Wei heard it, and instantly understood, what was in front of him. All of them belong to Hong Qianjiu and his families!

They should have wanted to enter first, so they didn’t investigate, and they were killed by the formation!

It was because of Hong Qianjiu and the others that no one in the back dared to act rashly!

With such a powerful formation, no one is willing to joke with their own lives!

For a time, thousands of people were here, and they could only watch helplessly, and no one wanted to break the formation!

After all, breaking the formation requires a lot of strength, and if you lose your life, it will still be cheaper for others!

So these people watched helplessly, no one stepped forward to break the line, and it was embarrassing now!

One by one with big eyes and small eyes, no one spoke, no one moved, only the heavy breathing of everyone!

Around the hill in front of you, there will be flashes of light constantly. This is the mountain protection formation of this hill. Only after the formation is broken, can you enter!

Protected by such a huge formation, everyone believed that there must be a lot of good things in this ruins.

While no one moved and waited quietly, David glanced around. He wanted to find Ning Zhi and the others, as well as Lu Chang who he saw in the tavern.

Because in David's view, these people will pose a great threat to him!

It's a pity that David looked around and didn't find it. Maybe these people didn't come, or they were hiding in the corner!

"Senior, since we want all these people to enter this fake secret realm, why is there such a powerful formation outside, and now no one dares to enter."

Ning Zhi asked in a puzzled way.

He didn't understand why he wanted to trick these people into entering, but he had to set up obstacles!

The soul in Ning Zhi smiled faintly: "What do you know, the more powerful the formation outside is, the more they look forward to it inside, and they will swarm in at that time. Someone will definitely break this formation, just wait slowly. ."

Time passed by, no one moved, no one left, and no one broke the formation!

Finally, the old man from an unknown family, with a full beard, walked towards the hill in front of him with steady steps!

When everyone saw that someone was moving, they all turned their attention to the old man.

David saw that the old man's strength was in the late period of Dawuhou, and his strength was not bad, and he knew that he must be a kind of clan elder of a certain family.

"Mr. Chen, can this person break the formation?"

Jiang Wei looked at the old man who came out and asked in a low voice,

"I don't know either." David shook his head: "If the formation is broken in a while, then enter inside. , don't be impulsive, let alone do it, wait for my order."

David ordered to Long Xingxu, Ge Fuhai and Jiang Wei.

The three nodded, and now they all listen to David.

At this time, the old man was startled and walked in front of the formation, and just after a flash of light flashed, the old man suddenly shouted, and the sound was like rolling thunder.

A gust of wind was blowing, and then I saw a faint white fog emerging from the old man's hand, and the white fog began to spin on the old man's hand, forming a vortex!

No one knew what the old man was doing, so he could only watch it quietly!

"Broken..." The

old man swung out his palm, and the majestic momentum exploded instantly. Many people stepped back one after another, feeling the terrifying power. Everyone felt that this formation must be broken!

Chapter 1957

But when the old man slapped the formation with his palm, the whole person was instantly bounced out, and then fell heavily in front of everyone, his seven orifices were bleeding, his face was pale, and he was seriously injured!

This time, many people's eyes widened in shock. This kind of strength can't break the formation in front of them, so they have no hope of entering the ruins!

"This formation is too powerful, and the strength of the late Dawuhou has not been able to break through."

Jiang Wei was stunned for a while!

"The formation is about breaking the eye of the formation. To break the formation with brute force like this, you need a high enough strength."

David said lightly.

Obviously, from the very beginning, David knew the old man's unbreakable formation!

"Brother David, can you break it open?"

Long Xingxu asked.

David nodded: "I only need one sword to break through this formation..."

David is not bragging, but he has already seen the eye of this formation, and his strength is adding to the slashing. Dragon Sword can definitely be broken!

It's just that David didn't want to break open, because he was waiting.

He knew that Ning Zhi came with four black gold robes, and with the four black gold robes, it was simply too easy to break the formation together.

And seeing young people in the tavern should also have strength!

These people haven't moved or even seen it, so David didn't move, they were all competing for patience!

David could stand it, but some people couldn't stand it anymore and saw Hong Qianjiu stand out!

"Everyone, the Penglai Island we came to today cannot be stopped by a magic circle. Now our three brothers have formed an alliance, and we have weapons in our hands. If anyone is willing to form an alliance with us, you can stand over! "

"It would be better if we had a holy weapon in our hands. We could jointly destroy this formation. I believe that as long as we join forces, this formation is nothing to be afraid of.

" If you do your best, stand back for me, otherwise don't blame me for being rude."

Hong Qianjiu saw that the magic circle outside was so powerful, and the ruins would definitely be dangerous, so he wanted to let more families Form an alliance together and control the situation for the time being!

Only relying on the three of them, the strength is still a little weak!

"I am willing to form an alliance with Young Master Hong, and I also have a sacred weapon in my hand."

At this time, some families began to stand out, and now they all know that fighting alone, they are afraid that they will get nothing in the end!

"I'm also willing to..."

Another family sided with Hong Qianjiu!

Soon, more than ten families chose to form an alliance with Hong Qianjiu and the others. Hong Qianjiu and the others had reached hundreds of people at this time, and they were considered the most powerful!

Seeing this, Hong Qianjiu finally had a sneer on his face, looked at David provocatively, and then put his eyes on the formation!

"Everyone, let's work together to break the magic circle for him."

After Hong Qianjiu finished speaking, he took out the sacred weapon!

Others also showed their weapons one after another, and then exerted their strength together, and the energy gathered together, emitting a dazzling light!

These people are all the strength of the Great Marquis, plus the blessing of a few sacred weapons, that terrifying power is not comparable to one person.

Everyone watched intently, and as soon as the mountain guard was broken, they rushed in without hesitation!

It's just that Hong Qianjiu and the others have already surrounded them, blocking everyone out!

Although many people are dissatisfied, there is no way!

Boom...

A deafening sound, the power gathered together, bombarded towards the formation!

The entire Penglai Island was shaken by this blow, and huge waves were also set off on the sea!

It can be seen how powerful this joint strike is!

It's a pity that this ferocious blow only left a shallow trace on the mountain protection formation. Although these people were not shocked by the formation, they were not able to break the formation.

Chapter 1958

This time, everyone was shocked, and even Hong Qianjiu and others were stunned on the spot. None of them thought that so many people, and the blessing of the sacred weapon, could not break the formation.

After a while of consternation, Hong Qianjiu's face was extremely ugly, and his eyes were hideous and terrifying!

"Senior, so many people and weapons have not been able to break the formation. Is this formation too powerful? If they really can't break it, then we are wasting our efforts."

Ning Zhi In the corner, seeing that Hong Qianjiu and the others couldn't break the formation together, they couldn't help but worry.

"A bunch of rubbish, don't you know that breaking the magic circle is going to find the eye of the circle? With so many people, can't anyone see where the eye is?"

The magic envoy in Ning Zhi's body did not expect that so many people would actually No one understands the formation.

At this time, the aura on Hong Qianjiu's body continued to skyrocket, and so many people were unable to break the formation, fearing that they would be laughed out of their teeth.

"Come again..."

After speaking, Hong Qianjiu and the others joined forces to strike again, and this time they almost did their best!

The huge power made Penglai Island continue to tremble, and even the ocean in the distance set off huge waves!

But the result is still the same, the formation is not damaged in the slightest!

After these two attacks, most of the energy in Hong Qianjiu and the others was consumed, and everyone looked at each other this time!

If you can't even break the formation method, what is there to talk about entering the ruins!

But the more this is the case, the more people look forward to entering the ruins, because they know that there must be treasures in the ruins, and even the rumor of immortality may be true.

At this time, Ning Zhi watched this scene and was very anxious in his heart. If it was really impossible to break the formation, then their trap would be set in vain.

"Senior, no, let's do it ourselves and break the formation, right?"

Ning Zhi suggested!

After all, they set it up, and they may have broken it themselves.

But who knows, the soul said: "We can't break it, this formation was set up by the great master himself, but I didn't expect such a powerful formation..."

This time, Ning Zhi was also stunned. If it is really unbreakable????, then they can only wait slowly!

"Breaking the formation, but using brute force without finding the eye of the formation, I really don't know how your strength has been cultivated to such a degree."

Just when Hong Qianjiu was frustrated and overwhelmed, David slowly left. came out and said with a sneer.

"David, what the hell are you talking about? If you have the ability, you can break it open, and what are you talking about?"

Zhu Hao was already full of anger.

And Hong Qianjiu narrowed his eyes slightly and looked at David coldly:
"David, what do you mean? Could it be that you know where those eyes are?"

"Of course I know..."

David smiled lightly.

"Don't blow it, you know, why don't you take action? Do you want the fisherman to benefit?"

Zhu Hao asked.

"Why should I take action? I can do whatever I like, and it's up to you?"

David directly left Zhu Hao speechless.

Hong Qianjiu looked at David quietly, and then said: "David, if you can really break this magic circle, I can let you enter this ruins with us first, how about it?"

Everyone knows, enter first The ruins must have the advantage!

But David shook his head: "I can break the formation, but I will not enter this ruin with you, you can advance..."

Hearing David say this, Zhu Hao smiled coldly: "David, are you afraid that there are hidden weapons in the ruins, so you are afraid?"

David just smiled lightly and ignored him!

This made that Zhu Hao even more angry!

Chapter 1959

When everyone saw that David was going to break the formation alone, they couldn't help but sneered, knowing that there were so many of them in Hong Qianjiu, and none of the sacred weapons broke.

How could David break the formation by himself? Even if he knew where the eyes of the formation were, such a powerful formation could not be broken by one person.

"Mr. Chen, you..."

Jiang Wei wanted to remind David in a low voice, after all, those who wanted to break the formation just now were directly shocked to death.

And the old man just now, the strength of the late Dawuhou, has also been seriously injured!

Hu Mazi, Long Xingxu, and Ge Fuhai also stepped forward, trying to stop David. After all, so many people can't break through together, and David himself is afraid of danger.

Ge Jiayi and Ge Yuhan also walked to David's side.

At this time, Ge Yuhan's face was solemn, and he said quietly: "Mr. Chen, this formation is not an ordinary formation, if I read it correctly, this should be the evil spirit formation of the demon clan, this formation is only of great demons. Only the first-level ones will perform, I don't know why they appear here."

Ge Yuhan is now a palace maid in Guanghan who has lived for thousands of years, and what she knows is something David and the others have never heard of.

"I've heard of this formation, and I seem to have some impressions, but why did the demon formation appear here? Could it be that the Gorefiend was set up before he died?"

Hu Mazi also said.

David was also a little surprised. If this relic was an introduction to the recovery of spiritual energy, how could the formation of the demons appear?

It is impossible that someone from the Demon Race left this relic and inspired the revival of spiritual energy.

"Could it be that the Gorefiend was set up temporarily?"

David couldn't figure it out, but the Gorefiend really lived on Penglai Island and turned his body into a sculpture.

But no matter who set it up, now David will always break the formation and go in to see what happens.

"Don't worry, this formation seems to be powerful, but the eye of the formation is already vulnerable."

David gave everyone a steady look, and then walked slowly to the formation.

"The sword is coming..."

David waved his right hand, and the Dragon Slaying Sword suddenly appeared in his hand. As soon as the Dragon Slaying Sword appeared, the green light surrounded by sword energy, and the sword body emitted a coquettish light.

At the moment when the Dragon Slaying Sword appeared, everyone felt a huge force spreading around!

The Dragon Slaying Sword in David's hand suddenly caught everyone's attention.

"Spirit Sword..."

Lu Chang in the corner, after seeing the Dragon Slaying Sword in David's hand, his eyes lit up!

"This guy must have come from a certain secret realm family, otherwise how could he have such a high-grade spirit sword in his hand!"

Lu Chang looked at the spirit sword in David's hand, his eyes full of greed!

David ignored the greedy eyes of everyone, holding the Dragon Slaying Sword, a trace of divine dragon power was injected into the sword, and soon the Dragon Slaying Sword made a humming sound, like a dragon roar.

An azure sword energy shot straight into the sky from the Dragon Slaying Sword in an instant, and the sharp and sharp sword energy began to flicker!

"Broken..."

David roared, and with a wave of the Dragon Slaying Sword in his hand, he instantly slashed above the formation!

Boom...

This sword directly shook the entire Penglai Island. Everyone just felt like an earthquake, and they kept shaking their bodies!

And that formation also radiated a burst of dazzling light, and then, like an eggshell, it became shattered and disappeared!

The formation is broken!

Hong Qianjiu and the others joined forces, and even with the blessing of the sacred weapon, they were not able to break open, but they broke under David's sword!

Everyone looked at David in shock, with incredible in their eyes!

Especially Hong Qianjiu and the others, the expressions on their faces are very complicated!

What's more complicated is Ning Zhi hiding in the corner. Seeing that David broke the formation with one sword, Ning Zhi felt very uncomfortable!

Chapter 1960

He was even more determined at this time, and he must trap David in it. If he keeps David like this, he is afraid that he will never want to take revenge for killing his father.

Just after a brief stupor, many people began to react, desperately trying to rush towards the ruins!

After all, whoever enters the ruins first will have the initiative!

But just as these people rushed towards the ruins, Hong Qianjiu suddenly slashed out with a sword, and the terrifying sword energy instantly cut off the few people in front of them lazily!

"Who dares to rush in, die..."

Hong Qianjiu shouted angrily!

Afterwards, the people on Hong Qianjiu's side guarded the entrance to the ruins, not allowing anyone to enter. It seemed that they wanted to take it all alone!

Now Hong Qianjiu and the others have formed an alliance, so they dare to be so domineering!

But when the other people from the sect family saw this, they all shouted and cursed!

"Let's back..."

David saw this and knew that the two sides were about to fight, so he called Jiang Wei and Ge Fuhai, and walked back with his own people!

Just as David and the others stepped back, the war began.

No one was willing to give up, so some people started to charge forward, while Hong Qianjiu and the others started to block!

Swords, lights, swords and shadows, mourning constantly... It's

just that Hong Qianjiu made a plan from the beginning and united a lot of families in advance, so at this time, they completely occupied the top!

In just ten minutes, the scene was already full of corpses and blood flowed into rivers, which can be described as appalling!

David looked at everything in front of him, and there was no expression on his face!

But at this time, he is more determined to prevent the recovery of spiritual energy!

In this situation, many families have already started fighting. If the spiritual energy really recovers, the families in the secret realm will return to the mundane world.

Then the whole world will be like this scene!

Soon, the battle stopped, Hong Qianjiu and the others were still guarding the entrance, and the other families did not break through. At this time, they had no ability to do anything except look at Hong Qianjiu and the others angrily!

After all, the other party has the advantage, and in just ten minutes, they have already suffered heavy losses, so these families dare not rush!

At this time, a middle-aged man stood up with a wound on his arm, apparently from the battle just now.

The middleman walked in front of Hong Qianjiu and said with a cup of hands, "Young Master Hong, you and I belong to the Martial Dao family, and we have no grievances or enmity. Do things absolutely."

"We can agree that you enter the ruins first, but you can't overbearingly block the entrance and prevent us from entering, right?"

"If we continue to fight, even if you can win, it will be a tragic victory. How many people will you have left in the end?"

"Don't forget that there are still people sitting on the mountain to watch the tiger fight, and then you don't want to swallow the ruins alone."

Since they couldn't beat him, the other party wanted to reason with Hong Qianjiu.

Hong Qianjiu glanced at David. At this time, only Jiang Wei, Ge Fuhai, and Long Xingxu who were brought by David did not do anything!

Although there are a lot of people, the strength of the people brought by Ge Fuhai and the people brought by Long Xingxu are generally relatively low, only the people brought by Jiang Wei, there are many Great Marquis!

In this way, although David has a large number of people, his strength is not that strong, so Hong Qianjiu dared to do this.

How could he possibly not understand the truth of sitting on a mountain and watching tigers fight, and how could it be possible for David to come to a snipe and clam to fight for the fisherman's profit!

Hong Qianjiu also kept his backhand. The Eighteen Arhats he brought with him didn't do anything, just to guard against David.

"Stop talking nonsense. If you don't want to die, just get out of here. If you guys dare to attack the ruins, then go ahead..."

Zhu Hao stepped forward and scolded the middle-aged man!
