

A Man Like None Other

Novel

Chapter 2416

Lu Buwei looked at the dancing fire phoenix, his face was full of shock!

You must know that David's fire phoenix is real, and his hell dog is just a condensed yin energy!

"David, I never expected that you would have a divine beast like a fire phoenix to help you?"

Lu Buwei couldn't understand how David's level of strength could be helped by a divine beast?

You must know that a divine beast like the fire phoenix can only exist in the world of heaven and man or the fairy world!

At this time, after helping David out of the crisis, the fire phoenix turned into a human form after circling in mid-air, and landed beside David!

Everyone was shocked to see Huofeng turned into a charming girl!

After all, whether it is a monster or a divine beast, if it can transform into a human form, its strength must not be low!

"Master, this vicious dog dares to bully the master, let me kill him..."

After Huofeng finished speaking, his palm flickered, and balls of scorching flames fell from the sky, hitting the huge hell dog like cannonballs!

The hellhound didn't even have time to howl, it was defeated in an instant, and dissipated into a cloud of black mist again!

"Lu Buwei, what skills do you have, just use it..."

David looked at the bewildered Lu Buwei and said!

At this moment, Lu Buwei's face was not to mention how ugly it was.

"David, you forced me..."

After Lu Buwei finished speaking, he suddenly spat out a mouthful of blood and spat it on the ground!

The blood seeped into the ground in an instant, and then the ground began to tremble, and a crack began to spread from Lu Buwei's feet!

Along with clouds of black mist emerging from the ground, five huge bodies also crawled out!

These are five monster beasts covered in pitch black, each monster beast's mouth continuously exudes a gloomy cold air!

"David, this time it's not a monster condensed by Yin Qi, it's a real monster from hell, even if you have the help of the fire phoenix, you can't escape their claws..."

Lu Buwei roared aggressively, the five-headed monster The beast surrounded David and Huofeng!

Seeing this, Han Fusheng wanted to help, but was stopped by David!

"Palace Master Han, just watch quietly, it's just a Fort of the Crescent Moon, you don't need to make a move."

David had a confident face, even in the face of five hell monsters, David was not afraid at all!

“David, you’ve already slept with my family, Qing’er, and you’re yelling at Palace Master Han one by one, see you, I’m waiting to hug my grandson.”

An Lingrong said to David.

“Mom, what are you talking about...” Han Qing’er blushed instantly.

Huofeng turned to look at David, but David was a little embarrassed.

“I also want to give birth to a little dragon son...” Huofeng followed David in a low voice!

David lowered his head at the moment, not knowing what to say!

Seeing that David was surrounded by so many monsters from hell, Lu Buwei was not nervous at all, and was furious immediately!

“David, you are still in the mood to flirt when you are about to die. Today I will let you go to hell to accompany my son...”

After speaking, Lu Buwei commanded five hell beasts to attack David and Huofeng!

Huofeng looked at Lu Buwei disdainfully and said, “How dare you disrespect the master with five monsters?”

After finishing speaking, Huofeng let out a cry, and suddenly the world was dark, and the void trembled violently!

I saw a dozen huge figures slowly flying out of the darkness!

Flying eagles, leopards, hunting tigers...

are all large monsters, and each of them carries an extremely powerful aura!

These monsters that appeared suddenly protected David and Huofeng in the middle!

Roar... The roar of

these monsters scared Lu Buwei's five hell monsters and they didn't dare to go forward!

Seeing this scene, Lu Buwei was dumbfounded!

"This...isn't this a monster in the Monster Beast Realm? How did it teleport here?"

Lu Buwei didn't understand, how did the monster in the Monster Beast Secret Realm leave the Monster Beast Secret Realm?

You must know that many of these monsters have opened their intelligence and can understand people's speech, but they can't pass through the teleportation array at all!

Now these monsters suddenly appeared in Leimen Secret Realm, making Lu Buwei very puzzled.

Chapter 2417

"These monsters are all my younger brothers. Follow my orders, isn't it better than your five-headed idiot?"

David looked at Lu Buwei with a sneer and said.

"How is it possible? These are monsters from the Mystery of Monster Beasts, how could they all listen to you?"

Lu Buwei couldn't believe it, so many monsters, how could they listen to David!

"If you don't believe me, then I'll give you a try!"

After David finished speaking, he said to more than a dozen large monsters, "Go and kill those five black-headed guys..."

With David's order, more than a dozen large monsters roared and attacked!

Those five hell monsters are no match, those who were bitten ran around, trying to escape from the crack!

But how could those monsters let them go? It only took a few minutes for the five hell monsters summoned by Lu Buwei to be left with only a pile of bones!

Lu Buwei looked at those bones at this time, and his expression became very complicated.

Finally, Lu Buwei let out a long sigh, and slowly said, "David, your strength is indeed beyond my imagination, but it is impossible for you to save Zixiao Mansion. Except for those from the Demon Heart Sect, there will not be any other sects."

"I have thousands of disciples now, even if the entire Leimen Secret Realm is destroyed, you will never leave here."

"The disciples of Wanyue Castle listen to the order... .."

Lu Buwei suddenly shouted loudly!

Thousands of Wanyue Castle disciples gathered in the dark, and then they responded loudly, "In..."

Thousands of people shouted in unison, the shocking power made the legs of the people in Zixiao Mansion tremble in fright!

Even Han Fusheng's face was pale. With so many people, no matter how powerful David was, with the help of Huofeng and these monsters, he had to deal with thousands of people, and he might be exhausted to death in the end.

With a sneer all over David's face, he glanced at the thousands of disciples in Wanyue Castle, his eyes were full of disdain!

David glanced at Huo Feng, Huo Feng nodded slightly, the two of them were connected!

Immediately afterwards, Huofeng made a low voice from his mouth!

A dozen or so monsters around screamed loudly, and with the roar of these monsters, the entire land of Leimen Secret Realm began to tremble violently!

Then everyone saw the city of billowing smoke from a distance, swarming like a sandstorm!

The extremely terrifying breath turned into gusts of wind, blowing people so that they couldn't stand!

"What is this? This breath is terrifying..."

Han Fusheng tightly protected Han Qing'er.

And Lu Buwei also had a solemn face, looking at the billowing smoke and dust from far to near!

Soon, the city of smoke dissipated, and everyone saw that there were countless monsters densely packed and boundless...

Seeing this scene, Lu Buwei immediately threw up his pen, he had never seen so many monsters before!

Did this attract all the monsters in the entire Monster Beast Secret Realm?

The thousands of disciples of the Wanyue Castle looked at the endless monsters in front of them, their legs were trembling, and they lost the arrogance they had just now!

Some of the more timid disciples of Wanyue Castle have already peed their pants!

“Lu Buwei, although I don’t have as many people as you, I, little monster beasts, can still accompany you well...”

David looked at Lu Buwei like that, and said proudly!

At this time, Lu Buwei’s face was as ugly as if he had eaten shit!

His body retreated involuntarily, facing so many monsters, he knew that he had no chance of winning, even if there were thousands of disciples, it was useless!

Seeing that Lu Buwei was about to escape, David glanced at Huofeng!

Huofeng nodded, waved his big hand and said, “Attack...”

Countless monsters roared and rushed towards the disciples of Wanyue Castle!

For a moment, the entire Thunder Gate Secret Realm was like a purgatory, with constant wailing!

The disciples of Wanyue Castle fled in all directions, and countless monsters chased after them!

Chapter 2418

When Lu Buwei saw this, his face turned pale with fright, and he turned and ran away!

"You can't run anymore..."

David jumped, and then stepped on Lu Buwei's back fiercely, causing Lu Buwei to fall down!

Boom...

Lu Buwei fell suddenly, making a deep hole in the ground, and a cloud of smoke rose into the sky!

Han Fusheng and the others looked at the scene in front of them, dumbfounded and didn't know what to do!

Thousands of people were chased and bitten by monsters, there were wailing everywhere, limbs and arms were everywhere, the bloody scene made Han Qinger close her eyes involuntarily!

Han Fusheng was not sure that David had the ability to block the Fortress of the Crescent Moon, but now he not only blocked it, but almost destroyed it!

Lu Buwei was also easily handled by David!

The strength David showed completely overturned Han Fusheng's imagination. He didn't know what David had experienced in the past few months, but his strength had improved so quickly!

Lu Buwei stood up from the deep pit covered in blood, his whole body was in a state of embarrassment!

"David, I am the purple-robed emissary of the Demon Heart Sect. If you dare to kill me, you may make your girlfriend in the secret realm die without a place to die..."

Lu Buwei began to threaten David with Sonya!

After all, Sonya was trapped in the secret realm of Daoist sect, and people from Moxin sect could attack them at any time!

“Lu Buwei, have you forgotten what you just said? They won’t be in danger before the spiritual energy recovery array is activated, and it’s impossible for the great power to ruin his life’s hard work for you!”

David knew that Sonya and the others Personnel with special physiques are the key to the spirit recovery formation, and the Demon Heart Sect will not kill them easily.

Lu Buwei saw that there was no way to deceive David, not to mention how ugly his face was!

Now that he was seriously injured again, he was no longer David’s opponent!

“It seems that I can only seek help...”

After Lu Buwei finished speaking, he took out an extremely dark token from his arms. The token was so dark that it was impossible to see what was written on it!

I saw Lu Buwei force a drop of blood from his forehead, and then it was absorbed by the token!

The token emitted bursts of hot flames, and then a figure slowly appeared from the flames...

This figure was wearing a black robe, and the whole person seemed to be in a void, and he couldn’t see his face clearly at all!

But when this figure appeared, an incomparably terrifying and terrifying aura instantly permeated the entire Leimen Secret Realm!

Those monsters that were originally fighting stopped at this moment, looking at this figure with horror in their eyes!

“Master, the aura of this person is too strong...”

Huofeng said to David with a solemn expression after seeing the figure that appeared!

David also felt this breath, and at this moment, the power of Dao pattern in David’s body began to surge!

David frowned slightly, not understanding why his Dao pattern power would react so violently after this figure appeared.

“My subordinates pay homage to Da Neng...”

Lu Buwei hurriedly bowed down when he saw the figure appearing!

When David heard this, the muscles on his face began to twitch instantly, and his fists were tightly clenched together!

This is the first time he has had such close contact with the supreme existence of the Demon Heart Sect!

Han Fusheng’s face was also ugly at this moment. He didn’t expect the power and strength of the Demon Heart Sect to be so terrifying. He might not find a single person in the Eight Great Secret Realms who could fight against it!

“Trash, you can’t do this well. The other secret realms have been completed, but you invited me here because of the needs of your mother-in-law...”

Da Neng reprimanded Lu Buwei in a low voice!

Lu Buwei knelt on the ground, trembling all over!

“Leave this to me, you can go...”

Da Neng waved his hand and let Lu Buwei leave.

Lu Buwei hurriedly got up, turned around and left!

Chapter 2419

"Want to leave? Did you ask me?"

Seeing that Lu Buwei was about to leave, David jumped to catch up!

Seeing this, Da Neng waved his palm lightly, and a huge force instantly overturned David!

"Boy, if you weren't needed by the spiritual energy recovery formation, do you think you would have survived to this day?"

Da Neng looked at David and said with disdain!

David stared at Da Neng in front of him tightly, clenched his right fist, and then the power of the dragon in his body exploded to the extreme!

"Holy Light Fist..."

David shouted loudly, the bright golden light exploded, and a huge golden dragon appeared instantly.

The dragon roared, and dragon breath gushed out one after another, heading straight for the mighty man!

"You still want to resist?"

Da Neng faced the golden dragon in front of him without any fear!

Da Neng waved his hand lightly again, the aura on his body rolled away, and he collided with the golden dragon!

Boom...

Just hearing an explosion, the golden dragon instantly turned into nothingness, and David's body was sent flying high by the huge shock force!

Even if David punched with all his strength, he was powerless in front of this mighty power!

However, when David's body was sent flying high into the air, a magic bow suddenly appeared in his hand!

The power of Dao pattern condensed between David's palms, and David suddenly pulled the bow of the god king!

Countless auras surged instantly between the heaven and the earth, forming a golden arrow feather between the bow of the god king.

When Han Fusheng and the others saw the God King Bow suddenly appearing in David's hand, they were all stunned, their faces full of disbelief!

Because the aura emanating from that God King Bow is enough to crush all of them!

The moment David took out the God King Bow, even that Almighty expression was slightly taken aback!

Whoosh...

Before everyone could react, David shot out with an arrow!

The golden arrow feathers, dragging the raging flames, flew out like a shooting star, the speed was extremely fast!

It's just that David's arrow was not aimed at Da Neng, but at Lu Buwei who had already run more than ten miles away!

At this time, Lu Buwei is still grateful for his escape!

But he knew that after using the last protection card, he might not be able to compare with the other purple-robed envoys in the Demon Heart Sect in the future!

Lu Buwei didn't expect that these purple-robed envoys could be found in every secret realm. Up to now, Lu Buwei still doesn't know the real identity of the other purple-robed envoys!

But at this moment, Lu Buwei suddenly felt a dangerous aura approaching, the suffocating pressure made Lu Buwei turn around suddenly!

The moment Lu Buwei turned his head, he saw a dazzling golden light coming towards him!

Before he could react, the golden light instantly penetrated Lu Buwei's body!

Lu Buwei opened his eyes wide, looking at his body in disbelief!

There is no physical injury, not even pain!

Lu Buwei was stunned, and before he understood what was going on, his body suddenly began to swell!

Boom...

There was an explosion that resounded through the sky, and Lu Buwei's body was instantly blown into powder. This time, even his soul could not be left behind, and he would never have the chance to reshape his body again!

David looked at the smoke from the explosion in the distance, a smile appeared on the corner of his mouth, and his body slowly fell down!

Just now David made a move against Da Neng, but he didn't expect to defeat that Da Neng. If he was right, he would let the opponent relax his vigilance, and then shot Lu Buwei unexpectedly!

And that Da Neng heard the explosion sound in the distance and instantly understood what was going on, but at this moment Da Neng didn't have the slightest anger!

"God King Bow, I didn't expect you to get the God King Bow..."

"It seems that those old guys have treated you well, and the power of the Dao pattern has been passed on to you!"

Da Neng's tone was a bit surprised!

"Stop talking nonsense, let's do it..."

David pulled the Shenwang bow, and another arrow feather appeared!

Chapter 2420

"Hahaha, I said I won't kill you, so why bother to do it..."

Da Neng laughed, "When the spiritual energy recovery array starts, I will let you know that you are just a clown. "

After finishing speaking, Da Neng's body slowly disappeared...

After Da Neng's body disappeared, David sat down on the ground, and the punch he just followed Da Neng caused David to receive internal injuries!

"Master..."

"David..."

Huo Feng, Han Qing'er, and Han Fusheng hurried over!

"Don't be nervous, I'm fine..."

David smiled slightly, and waved to everyone, telling them not to worry!

"This Almighty is too powerful. In front of him, I feel like I don't even have the ability to move!"

Han Fusheng said with lingering fear.

"This is just a clone of him, the mighty main body is probably even stronger..."

David said slowly!

Hearing this, everyone was silent. This mighty power is so powerful, how could David be his opponent!

After David had seen this powerful strength today, he also knew that even if he had the God King Bow and the power of the Dao pattern, he probably wouldn't be that powerful opponent!

In his opinion, this Da Neng's strength is not inferior to those demon heads, and it seems that Da Neng also knows those demon heads, otherwise he wouldn't have said what he just said!

"Who is this powerful man of the Demon Heart Sect?"

David fell into deep thought!

At this time, Long Ruotong and Ji Ruxue also came, because they heard the commotion here and were afraid that David would be in danger, so they all ran here!

"David, are you okay?"

Long Ruotong saw that David's expression was not very good, so he hurriedly asked with concern.

"Mom, I'm fine..."

David said with a smile when he saw Long Ruotong coming!

Seeing that David was really fine, everyone was relieved!

Originally, Han Fusheng wanted David to rest in Zixiao Mansion for a few days before leaving, but David was anxious to return to the capital and did not stay in Leimen Secret Realm!

David asked Huofeng to bring those monsters back to the Monster Beast Secret Realm. He knew that he would use Huofeng again in the future. After all, David only solved one of the eight secret realms!

"Qing'er, you are David's woman now, remember to take good care of him and don't be petty..."

An Lingrong told Han Qing'er.

"Mom, I see!" Han Qing'er nodded!

After saying goodbye to Han Fusheng and his wife, David and the others teleported back to Kyoto!

When Long Ruotong returned to the Long family, it looked like the Long family had already changed its appearance, and the entire Longmen had become the largest sect in the entire Kyoto!

Seeing David's current achievements, Long Ruotong was extremely happy!

Ji Ruxue knew that David and her mother had just met and must have a lot to say, so she left with a group of girls, leaving some space for David and Long Ruotong!

The mother and son talked for a long time almost all night, as if they had endless things to say!

"Mom, who is my father? I'm curious now. Many of them call me the son of the dragon. What's going on? And the dragon steward said that my father abandoned you and left us alone. Is it true? Really?"

David asked Long Ruotong.

He wanted to know who his father really was.

Why did they abandon their mother and son at that time, causing their mother to be imprisoned in Long's house for more than 20 years!

After hearing this, Long Ruotong fell into deep thought and didn't speak for a long time!

Seeing this, David hurriedly said, "Mom, if you don't want to talk about it, don't talk about it. Now that our mother and son are reunited, I am very content."

David knew that he might have brought up his mother's sadness. For one thing, his grandfather might not die either.

"There's nothing you can't say..."

Long Ruotong looked out the window and said slowly, "Your father is a great hero, a hero of the world, don't hate him, there must be a reason why he abandoned us both, the Heavenly Dragon Ring in your hand, and the exercises you practiced belong to your father."

"His identity is definitely not simple, but I have never asked who he is. No matter what he did, he always It's your father."
