

A Man Like None Other

Novel Chapter 2452

Chapter 2452

After David and the others walked for a while, the little girl suddenly pointed to the nearby village and said, "Dashi Village is ahead, thank you, I'll go back by myself..." As the

girl said, she took the corpse of the monster from Hu Mazi's hand. Go there, and then head towards Dashi Village not far away!

Hu Mazi was stunned, and looked at the girl puzzled, "This little girl is too rude. We rescued her and sent her back, so why didn't you invite us to her house for a drink?"

David was also a little Surprised, this girl doesn't look like the kind of person who is not polite. How come they didn't invite them in when they arrived at the entrance of the village?

"In the world of heaven and man, there is a strong sense of security between people. Strangers are not allowed to enter such a small village."

Master Iron Hammer saw the doubts of David and Hu Mazi, so he explained road!

When David heard this, he felt a little surprised. He didn't understand why people in the human world had such high vigilance?

But since the girl didn't invite, David and the others couldn't forcefully follow her home to avoid unnecessary misunderstandings.

Now that the girl is not in danger, David plans to leave and go to Qingniu Peak!

But just as David and the others were about to leave, suddenly seven or eight strong men wearing animal skin clothes and holding weapons surrounded David and the others!

David glanced at these people, and found that the strength of these people was not very strong, similar to that of the girl just now!

But the hostility in these people's eyes made David very puzzled. He had no enemies in the world of heaven and man, so how could these people hate him so much!

"Who are you? Why are you sneaking into our Dashi Village?"

One of the young men with a big knife asked David and the others sharply!

"We escorted a girl back, and she is from your Dashi Village, that's why she came here."

David explained!

"Escort our people from Dashi Village back?" The young man frowned slightly!

"Brother Li, don't listen to his nonsense. I think they are spies from Daqing Village. They came to inquire about the situation in our Dashi Village. Let's arrest them first."

A strong man looked at the young man with an angry face. Said.

After the young man looked at the three of David for a few times, he waved his hand and said, "Arrest the three of them first..."

Seven or eight strong men were about to step forward to arrest David and the others, while Hu Mazi looked at these people and pointed his finger Pinch it, and it's ready to go.

These few people don't need others to do it, and Hu Mazi can easily solve it by himself!

But at this moment, the girl who had just left suddenly turned back and shouted loudly, "Brother Ali, don't do anything, they are escorting me back..." The

girl ran while shouting, and stopped in front of David and the others. Don't let those seven or eight strong men do anything!

"Sister Yun'er, what's going on?"

Ali asked the girl.

The girl hurriedly explained the situation in detail, and then let Ali and the others take a look at the monster that was killed!

When they saw the corpse of the monster, these people believed the girl's words!

However, Ali obviously did not dispel his suspicion and hostility towards David and the others!

"Guys, since you are the ones who saved Miss Yun'er, why not come to our Dashi Village and let us do our best as landlords to repay you..."

Ali said to David and the others!

"No need, we have other things to do, don't bother..."

After this incident, David didn't want to waste time going to Dashi Village, and it was obvious that the other party was still hostile to them!

"You saved the people in our Dashi Village, and our Dashi Village should repay you. This is the village rule of our Dashi Village. Please come with me..."

Ali's tone was very firm, there was no room for negotiation at all!

After Ah Li finished speaking, the other strong men blocked David's way!

It seems that David and the others will go if they go, or they will go if they don't...

Chapter 2453

When Hu Mazi saw this, he immediately became angry. Although this is the world of heaven and man, but looking at these low-strength guys in front of him, Hu Mazi can destroy them with one hand, how could he still be threatened!

Just when Hu Mazi wanted to do something, he was stopped by David. He didn't want Hu Mazi to hurt people at will in the world of heaven and man!

But Master Iron Hammer smiled lightly and didn't say a word. He seemed to be deliberately trying to make David feel the hostility between humans in the Heavenly Human Realm!

"Okay, we'll go with you..."

David nodded in agreement with Ali!

Then the group of people walked towards Dashi Village. Dashi Village is a small village with only a hundred households. There are formations around the village, which seem to be to defend against monsters!

There are two towers on the west side of the village, only a dozen meters high, and there are people guarding them, and there are people guarding with weapons in front of the gate.

David looked at such a small village in front of him, but it was still so tightly guarded. He couldn't figure out why!

Ali led David and the others to enter through the door, and many people greeted Ali after seeing him!

And when they saw David and the others, they all showed curious expressions. There were even several children who followed David and the others as if they were monsters, and looked carefully at David and the others!

The strange behavior of the villagers made David more and more curious about this big stone village, and how many villages like this are there in the world of heaven and earth!

Originally, David thought that the Heavenly Human Realm was filled with masters like clouds and monks walking everywhere, but now seeing the Dashi Village, it was completely different from the Celestial Human Realm he had imagined!

"Sister Yun'er, let Lao Zhang deal with the corpse of this monster. I will help you take the animal skin and animal pills to the town and sell them tomorrow, and then I will buy some medicine for your grandma!

" You are no longer allowed to sneak out of the village to hunt monsters, it is too dangerous, even if you are not eaten by monsters, it is still very dangerous to meet people from other villages."

After entering Dashi Village, Ali reprimanded the girl!

"I see..." The

girl lowered her head, as if a little aggrieved!

Seeing this, Ali stroked the girl's head distressedly, and then sent someone to help the girl carry away the corpse of the monster.

And Ali invited David and the others to walk towards a stone house. Before entering the stone house, David found that there was a formation around the stone house, but David did not break it, but followed. go in!

For David, this kind of formation is like a child's play house, and it can't trap them!

Walking into the stone house, Ali said to David, "You guys rest here first, I'll send someone to bring you some food..."

After speaking, Ali walked out!

When Ali just walked out of the stone house, a burst of dazzling white light flashed up, and beams of light rose up around the whole stone house, trapping David and the others inside like a cage!

When Hu Mazi saw this, he was taken aback for a moment, and then he yelled at Ali, "Damn it, you guys who are repaying their kindness and revenge, it's fine if you don't treat us well, but you still trap us?"

"Turning around, he gave Hu Mazi a cold look, and left without saying anything!"

"Damn, what are the people in the human world these days? It feels like their brains are sick..."

Hu Mazi said cursingly!

"Didn't I tell you a long time ago that the most terrifying thing in the world of celestial beings is the human heart. In the world of celestial beings, there are only suspicions and doubts among human beings."

Master Iron Hammer said with a faint smile.

"Human beings in the Celestial Realm seem to be experiencing a serious crisis of trust. This heaven in the eyes of the secular world doesn't seem to be a real paradise..."

David said with some emotion!

Chapter 2454

"The Celestial Realm is heaven in the eyes of monks in the secular world, but in the eyes of real human beings in the Celestial Realm, it is more like hell, because human beings in the Celestial Realm have a higher desire for strength!"

"The goal of everyone's struggle is to cross the catastrophe and become a fairy, so in the eyes of humans in the world of heaven and man, relatives and friendship will fade a lot. In order to improve their strength, some people can do anything."

"So in the world of heaven and man, the most terrifying is the human heart, because everyone is blinded by the desire of realm strength, if it is not because of the suppression of the law of heaven and earth, the secular world is the most ideal place for human beings to live!"

Master Hammer said with emotion!

David was not talking, the world is often like this, those inside the besieged city want to get out, while the people outside desperately want to enter the besieged city...

At this moment, in a low house in Dashi Village, Yun'er took the demon The corpse of the beast was handed over to Zhang to deal with, while she was wiping the hands of an old woman with her eyes wrapped in a white cloth on the bed!

"Grandma, today I hunted down a huge monster. Ali brother said, when I go to the town to sell the animal skin and animal pill tomorrow, I will get you the medicine. Your eyes will be fine."

Yun'er While wiping the old woman's hands, she said!

"You child, with your ability, how can you go hunting in the mountains by yourself? If something happens to you, how can I explain to your dead parents..."
The

old woman reprimanded Yun'er very distressed!

"Grandma, don't worry, I am very fateful. Today, some kind-hearted people rescued me and beat the monster to death for

me ." The beast will be killed directly..."

Yun'er followed the old woman to talk about her affairs on the mountain!

After hearing this, the old woman frowned slightly and said, "Yun'er, where are those people you mentioned from? Where are they now?"

"Grandma, I don't know where they are from, but they were all invited by Brother Ali Entered Dashi Village."

Yun'er said!

"It's broken..." The old woman stood up suddenly, startling Yun'er, and then the old woman said, "Yun'er, take me to find those people right now, this Ali is really reckless, how could he bring them into the village?" What about it?"

Looking at the old lady like that, Yun'er wondered, "Grandma, you don't have to be so nervous, I don't think those people are bad people, they even escorted me back."

"You silly girl, you have a sinister heart, you You don't understand at all, take me there..." The

old woman urged Yun'er to take herself to see David and the others!

Yun'er had no choice but to help the old woman walk out of the house!

As soon as he walked out of the room, he ran into Ali head-on.

"Brother Ali, where did you put those people who rescued me just now?"

Yun'er asked Ali!

"Ali, why are you so reckless, bringing outsiders into the village? How did you become the village chief?" The

old woman reprimanded Ali very dissatisfied!

"Grandma, I locked those three people in the stone house in the village, surrounded by formations, they can't get out."

Ali said to the old woman!

"Brother Ali, they are my saviors, how can you lock them up?"

Yun'er said dissatisfied when she heard that Ali locked David and the others in the stone house!

"Sister Yun'er, these people..."

"Okay, stop talking, take me to see..." The old woman interrupted Ali, and asked him to lead her towards the stone house.

When the old lady arrived at the stone house, she didn't go in, but stood quietly outside the stone house, her body exuded a wave of aura, and moved towards the stone house!

Chapter 2455

This breath is different from the spiritual power emanating from other monks, and more like the power of the Dao pattern in David's body.

David, who was lying bored in the stone house, stood up instantly after feeling the breaths!

At the same time, Hu Mazi and Master Hammer also felt the aura enveloping them!

"I didn't expect there to be experts in this small mountain village..."

Hu Mazi said after feeling the aura!

But David was shocked, and he rushed out of the stone house in an instant. In front of David, those formations outside the stone house were just fake, and they couldn't stop David at all!

Seeing that David walked out of the stone house easily, and the magic circle around him did not hinder David in the slightest, this surprised Ali and Yun'er!

Hu Mazi and Master Hammer also came out of the stone house one after another, and Ali stood there awkwardly, not knowing what to say!

He thought that there were formations around the stone house, which could completely trap David and the others, but he didn't want these so-called formations to be useless in the eyes of David and the others!

The old lady also felt that David and the others came out of the stone house, her brows tightly frowned, and her face became extremely ugly!

The aura that just came out let her know that the three people in front of her were stronger than she had imagined.

The old woman subconsciously protected Yun'er behind her, and then said, "You three, you are already in the rank of half-immortal, why are you still interested in this small mountain village?"

David did not speak but exhaled breath, instantly shrouded the old woman, and then a divine sense directly pierced the old woman's body and entered her sea of consciousness!

The old lady tried desperately to resist, but it was of no use at all!

In just a moment, David's aura and consciousness were all taken back, and then he quietly looked at the blind old woman in front of him!

David can now conclude that the old woman in front of him is a demon cultivator, belonging to the demon race, not the human race!

But David didn't understand, this old woman was clearly a demon, why did she live with humans in this small mountain village?

Moreover, it seemed that the old lady was very protective of Yun'er. Just now, she subconsciously protected Yun'er behind her back, and David really saw it in her eyes!

"Grandma, we just accidentally saw Miss Yun'er being chased by a monster in the forest, so we rescued her and sent her back. We have no interest in this mountain village."

"If you don't welcome us, We can leave now, I hope you don't misunderstand..."

David did not reveal the identity of the old woman!

"If that's the case, then you should leave. We don't have what you want in this poor mountain village." The

old woman directly issued an order to evict the guests.

David didn't expect the old lady to be so straightforward, after a moment of surprise, he turned around and walked out of Dashi Village!

Since David is not welcome, there is no need for David to stay here, not to mention that he has no plans for this big stone village!

David followed Hu Mazi and Master Hammer out of Dashi Village. It was not until David and the others left that the old lady breathed a sigh of relief!

And Yun'er, taking advantage of the old woman's inattention, chased after David and the others!

"Wait a minute..."

Yun'er caught up with David and the others.

David turned around and saw Yun'er who was chasing up with a flushed face, so he asked, "Miss Yun'er, what else can I do?"

" , you saved me, I don't know your name yet."

"My name is David." David said with a slight smile.
